

PREVENT MEASLES

There is a measles outbreak in central Ohio.

YOU COULD HAVE MEASLES IF:

You had contact
with someone
with measles.

You visited an area
where someone with
measles had been.

You have a fever, rash,
cough, runny nose or
itchy, red, watery eyes.

DO NOT ENTER IF YOU HAVE MEASLES SYMPTOMS.

Contact your health care provider if you think you have
measles.

Call Columbus Public Health at 614-645-1519 for more
information on measles.

Make sure you are up to date with your measles, mumps
and rubella (MMR) vaccine.
