Instructional Swimming

Schedule is subject to change

Registration for Learn-To-Swim classes will be accepted in person at the pool where you would like to take lessons. **Registration over the phone will be accepted after Sunday (registration day) for each session as space allows.** Registration will be limited to **3 participants for each person registering**, unless the classes do not fill. **Each class meeting will be approximately 30 minutes.** All classes are offered **FREE OF CHARGE** and are **American Red Cross Learn-to-Swim Classes.** We ask that if your child is participating in a class, please wait until the FINAL day of that class to register for the following session. This allows us to provide free swimming lessons to as many children as possible.

General Weather Policy & Swimming Lessons

In the event of thunder or lightning, the pool will be cleared for a minimum of 20 minutes. If this interferes with swimming lessons, **NO MAKEUPS will be scheduled.** Late afternoon or early evening thunderstorms may cause 6:30/6:45pm swimming lessons to be cancelled. Again, no makeup classes will be available. Any thunder or lightning that occurs after 6pm (6:30pm @ Tuttle & Dodge) will result in the pool being immediately closed for the day **AND lessons being cancelled.** If the air temperature falls below 68 degrees, pools may be closed. During inclement weather, please call the pool for questions about closure & cancellation. Morning swimming lessons will not be cancelled. In the event of morning storms, safety topics and dry land activities will be conducted at the pool in lieu of class.

Simple steps save lives. We encourage the use of U.S. Coast Guard approved, properly fitting flotation devices for ALL non-swimmers. We have puddle-jumpers and lifejackets readily available for use. Please ask the office or the lifeguard at the first-aid station. All non-swimmers and children under the age of 8 (especially small children) need close supervision in all aquatic environments WITH flotation devices. "To improve pool and spa safety, the U.S. Consumer Product Safety Commission launched *Pool Safety: Simple Steps to Save Lives*, a national public education campaign to reduce childhood drownings, submersion injuries and entrapments. To pool safely means adopting critical water safety steps to assure that a great afternoon at the pool doesn't turn into a tragic one. Whether at a residential or public pool or spa, everyone can always take additional steps to be safe while having fun!" <http://www.poolsafely.gov/>
