March 25, 2014

To the Citizens of the City of Columbus, Ohio:

The Comprehensive Annual Financial Report (CAFR) of the City of Columbus, Ohio (the City) for the fiscal year ended December 31, 2013, is hereby presented to its citizens by their City Auditor, statutorily described as the City's chief accounting officer.

The City's Charter states, "The auditor shall be an elector of the City, and be elected for a term of four years. . ." The Charter also sets forth the auditor's powers and duties and states, in part:

The auditor shall be the city's chief accounting officer. He shall keep, in accurate, systemized detail a record of the receipts, disbursements, assets, and liabilities of the city, and the recorded facts shall be presented periodically to officials and to the public in such summaries and analytical schedules as shall be necessary to show the full effect of such transactions for each fiscal year upon the finances of the city and in relation to each department of the city government, including distinct summaries and schedules for each public utility owned or operated.

This report fulfills these duties and is available universally on the City's website. The Internet address is <http://www.columbus.gov>. Hard copies are available upon request.

The City's management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Plante Moran, PLLC has issued an unmodified ("clean") opinion on the City's financial statements for the year ended December 31, 2013. The independent auditor's report is located at the front of the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview and analysis of the basic financial statements. MD&A complement this letter of transmittal and should be read in conjunction with it.

Profile of the Government

The state legislature established Columbus as a city in 1812. The City is a home-rule municipal corporation operating under the laws of Ohio. The City's Charter, its constitution, can only be amended by a majority of the City's voters. It has been amended many times since its original adoption in 1914, most recently on November 2, 2010. The laws of the State of Ohio prevail when conflicts exist between the Charter and the state constitution and in matters where the Charter is silent.

Columbus, Ohio's capital city, is located in the central part of the state, approximately 150 miles south of Cleveland and 110 miles northeast of Cincinnati. The City's elevation is approximately 777 feet above sea level. Inter and intra state highways I-70, I-71, I-270, and I-670 serve as some of the City's major transportation arteries. The Ohio State University, with 57,466 students on its Columbus campus, is located near the center of the City. Columbus was ranked as the nation's 15th largest city as a result of the 2010 census.

Some comparative data for Ohio's six largest cities follow. Population estimates for 1990, 2000, and 2010 are from the U.S. Bureau of Census. The respective cities' management provided area data as of December 31, 2013.

City	Area 2013	Population		
		2010	2000	1990
Columbus	228.0 sq. mi.	787,033	711,470	632,910
Cleveland	77.9 sq. mi.	396,815	478,403	505,616
Cincinnati	78.8 sq. mi.	296,943	331,285	364,040
Toledo	84.4 sq. mi.	287,208	313,619	332,943
Akron	62.4 sq. mi.	199,110	217,074	223,019
Dayton	56.4 sq. mi.	141,527	166,179	182,044

The Mid-Ohio Regional Planning Commission estimates the City's population at 802,912 at December 31, 2013.

The City's management consists of a Mayor, seven-member Council, City Auditor, and City Attorney. These officials are elected for four-year terms on an at-large basis. The Mayor and four Council members are elected in an odd numbered year. Three Council members, the City Auditor, and the City Attorney are elected in the following odd numbered year. The City's Charter also provides for appointments and elections of successors to these officials if they should, for any reason, vacate their office. All are chosen through a non-partisan election process.

In addition to the elected officials, certain others are major participants in the City's management. The Director of the Department of Recreation and Parks, the Health Commissioner, the Civil Service Executive Secretary, and the Secretary of the Sinking Fund are appointed by, and report to, independent Commissions. All of these Commission members are appointed by the Mayor and are subject to confirmation by the Council. The financial activities of these Commissions (budgets, expenditures, etc.) are subject to approval by the Council and are, therefore, included in this report. The City's Treasurer and Clerk to the Council are appointed by, and serve at the pleasure of the Council.

The Mayor's cabinet, appointed by him and serving at his pleasure, is not subject to confirmation by the Council. In 2013 the cabinet consisted of the directors of the departments of Finance and Management, Public Safety, Public Service, Public Utilities, Development, Building and Zoning Services, Community Relations, Technology, and Equal Business Opportunity.

The accompanying financial statements comply with the provisions of Governmental Accounting Standards Board (GASB) Statement No. 14, *The Financial Reporting Entity*, as amended by Statement No. 61, *The Financial Reporting Entity: Omnibus*, and Statement No. 39, *Determining Whether Certain Organizations are Component Units*. On this basis, the reporting entity of the City includes the following services to its citizens as authorized by its charter: public service (refuse collection, street engineering and construction, traffic engineering and parking, etc.); public safety (fire, police, etc.); development; health; recreation and parks; and public utilities. In addition, the City owns and operates five enterprise activities: a water system, a sanitary sewer system, a storm sewer and drainage system, an electricity distribution system, and City-owned parking garages; financial activities for which are contained in this report. Water and sanitary sewer services are metropolitan in nature and reach far beyond the City's corporate boundaries. The City does not operate schools or hospitals, nor is it responsible for public assistance programs.

Other entities included in this report and further explained in Notes A and Q are:

Joint Ventures:

- The Franklin Park Conservatory Joint Recreation District
- The Affordable Housing Trust for Columbus and Franklin County
- The Columbus-Franklin County Finance Authority

Blended Component Units:

- The RiverSouth Authority
- Columbus Next Generation Corporation

Information regarding reporting standards and bases of accounting used in the preparation of the City's financial statements can be found in Note A – *Summary of Significant Accounting Policies* in Notes to the Financial Statements.

The annual budget of the City of Columbus serves as the foundation for the City's financial planning and control. On or before the fifteenth day of November, the Mayor submits to City Council an estimate of the expenditures necessary to conduct the affairs of the City for the fiscal year commencing the following January 1. Budget estimates are distributed throughout the City (including newspapers and libraries) and public hearings are held to obtain taxpayers' comments. Subsequent to January 1, and after publication of the proposed budget ordinances, the budget is legally enacted through adoption of the ordinances. The budget specifies expenditure amounts by Object Level One (i.e. personal services, materials & supplies, contractual services, debt principal payments, other, capital outlay, interest on debt, and transfers) for each division within each fund. Transfers of appropriations of \$100,000 or less can be made between budget Object Level One within a division and fund without additional City Council action, but with responsible management approval. Transfers in excess of this amount require the approval of both City Council and the Mayor.

Local economy

Employment in the Greater Columbus Area continues to be service oriented. Four of the nine (9) largest employers in the Columbus area are government or government-oriented [The Ohio State University, the State of Ohio, Columbus Public Schools, and City of Columbus]. The twenty-five largest employers in the Greater Columbus area are shown in the Statistical Section of this report. These major employers, representing government, education, insurance, public utilities, manufacturing, retail, banking, research, medical, and services, provide a broad and diverse employment base. The Franklin County average annual unemployment rate (6.2%) for 2013 continued to be below the State of Ohio (7.2%) rate and the United States (7.4%) rate. A ten-year history of unemployment rates for Franklin County (by month) from the Ohio Department of Job and Family Services and the Annual Average Rates for Franklin County, the State of Ohio, and the United States is provided in the Statistical Section of this CAFR – see Table 23.

The City's employee relations are established largely in association with the following labor organizations:

- American Federation of State, County, and Municipal Employees (AFSCME), Locals 1632 and 2191. (www.afscme.org)

AFSCME has approximately 2,004 members among the City's 5,143 civilian employees. AFSCME has, however, bargaining rights for approximately 2,477 of these employees. The current labor agreement between the City and AFSCME was effective April 1, 2011 and continues through March 31, 2014.

- Fraternal Order of Police (FOP) (www.fop9.org)

FOP has bargaining rights for all of the City's police officers except for the chief and her six deputy chiefs. Of the City's 1,904 police officers, 1,854 are members of the FOP. The current FOP contract was effective December 9, 2011 and continues through December 8, 2014.

- International Association of Firefighters (IAFF) (www.iaff.org)

IAFF has bargaining rights for all the City's firefighters except for the chief and one of his five assistant chiefs. Membership in the IAFF includes 1,527 of a total 1,549 firefighters. The current contract was effective November 1, 2011 and continues through October 31, 2014.

- Columbus Municipal Association of Government Employees; Communication Workers of America, Local 4502 (CMAGE/CWA). (www.cmage.org)

CMAGE/CWA has approximately 887 members and has bargaining rights for approximately 1,257 of the 5,143 civilian employees. The current contract was effective August 24, 2011 and continues through April 23, 2014.

Under Ohio's Collective Bargaining Act, if members of the police or fire division cannot reach agreement with the City they ". . . shall submit the matter to a final offer settlement procedure." This requirement of Ohio law is referred to as a "no-strike" or "binding arbitration" provision. Other employees are permitted to strike under Ohio law after giving proper notification.

Long-term financial planning

The City manages its long term financing of its capital needs through the annual updating of its Capital Improvement Plan (CIP). The CIP schedules capital improvements through the current and succeeding five years. The CIP does not include appropriations or authorizations to expend monies. The current year portion of the CIP, known as the Capital Improvements Budget (CIB), is formalized by ordinance of the City Council after holding public hearings and presented to the citizens as a formal plan. Appropriations for capital projects are authorized at the time bonds are sold or other funding sources are determined. Both the CIP and the CIB are subject to change by the Council.

The CIP contains not only a detailed listing of planned projects but also, in most instances, their funding source or sources. Most capital projects are funded through the use of long-term debt, bonds or monies borrowed via the Ohio Water Development Authority (see Note G). The City uses a ten year forecast of revenues available for debt service and a ten year forecast of current and anticipated debt service amounts in order to determine its debt capacity for nonenterprise type debt. Enterprise type debt capacity is guided by ten year projections of the respective enterprise revenues and costs. The major source of funding for nonenterprise debt service is a dedicated portion of City income tax collections. The City, by local statute, dedicates one fourth of its income tax collections primarily to the payment of such debt service. This financial activity is accounted for in the General Bond Retirement and Special Income Tax Debt Services Funds, both major funds. This one fourth "set aside" for debt service local statute has been in place since 1983, with similar policies in place since 1956. Since the City maintains this income tax "set aside," the City has not levied a property tax rate increase in over 50 years.

Also as a policy, the City seeks voter approval for much of its general obligation planned debt; both nonenterprise and enterprise type debt. Since 1956, most recently in 2013, the City has sought voter approval 92 times to issue debt for various purposes, both nonenterprise and enterprise type debt. The voters have given their approval 86 times. Of the City's general obligation debt, its voters have given their direct approval for 78% of that outstanding at December 31, 2013 (see Note G). General Obligation bonds of the City are rated AAA, Aaa, and AAA by Standard and Poor's Corporation, Moody's Investors Services, and Fitch Ratings, respectively.

The City's Department of Finance forecasts its General Fund revenues and expenditures, also for a period of ten years, with a more focused emphasis on the initial three years.

Relevant financial policies

Columbus' past financial stability is largely due to implementing and managing through a series of policy decisions beginning over 50 years ago. The policy which promoted stable growth of the City and economy through controlled delivery of services with manageable annexation remains substantially in place to this day.

Recognizing the deterioration of the national and state economies and the unprecedented decline in available City resources, the Mayor, with unanimous support of the City Council, on April 27, 2009 announced the City's intention to seek approval from its voters of an increase in the City's local income tax. The requested rate increase, from 2.0% to 2.5% was approved by the voters on August 4, 2009.

By action of the City Council, one-fourth of revenues obtained from the 2.5% municipal income tax is allocated to the Special Income Tax Debt Service Fund (SIT) and is used primarily to pay debt service for non-enterprise capital improvements. This policy has been consistently in place since 1983. A similar policy with other allocations has been in place since 1956. This policy has greatly assisted the City in addressing its infrastructure needs and has

allowed Columbus to make critical investments in growth corridors as well as older core neighborhoods. The use of the SIT for long-term capital investment has also allowed the City to protect its "Triple A" credit rating.

The City, like the federal and state governments, operates under a system of separation of powers. The legislative branch is manifest in its City Council. The judicial branch exists through municipal court judges with county wide jurisdiction. The executive branch is further divided into the Mayor, the chief executive; the City Attorney, the City's legal advisor and the chief prosecutor; and the City Auditor, the City's chief accountant. Each of these three members of the executive branch is separately elected.

The City Auditor determines and publishes the estimated amount of revenues that the City will receive during a given year. The Council may not appropriate and therefore the Mayor and the total City may not expend a greater amount. The City Auditor, however, can not dictate the services for which the funds may be appropriated. In its simplest form this check and balance is sometimes described as "the Auditor says how much; the Mayor and Council say what for." This process calls for three separately elected bodies: the Mayor, the Council, and the Auditor, to participate in the financial management and expenditure controls of the City.

Major initiatives

AS REPORTED BY THE DEPARTMENT OF FINANCE AND MANAGEMENT

City Hall Campus Redevelopment

In 2013, the Old Police Headquarters building was renovated to house six City departments/agencies – Public Safety Director, Purchasing, City Attorney, Civil Service, Human Resources, and Income Tax. Designed at the LEED (Leadership in Energy and Environmental Design) Silver Level, it incorporates a blend of the building's old architectural elements with modern technology. Also in 2014, the building currently located at 109 North Front Street will be demolished due to its energy inefficiency and functional obsolescence. In its place a new building will be erected. The new building will house City departments, with an emphasis on business and neighborhood activities as well as civic and advisory functions. This new building will also be a LEED design, and as such will make use of natural and energy efficient lighting, reduced flow water components, high performance heating and air conditioning, recycled products, reflective roof coatings and low VOC (volatile organic compound) paints and sealants. The overarching goal of these projects is to develop and enhance the cohesiveness, functionality, flexibility, sustainability, durability, and accessibility of the City Hall Campus.

Improved Safety Facilities

For years Columbus firefighters have served the downtown area, the City's busiest, from the tight quarters of Fire Station 2/3, located at 150 East Fulton Street. This will be alleviated in 2014 with the completion of a new station located near the site of the former Fire Training Academy on Greenlawn Avenue. This new Fire Station (to be known as #3), was designed for maximum efficiency, utilizing natural light, occupancy sensors, HVAC condensing units, and special plumbing and roofing materials. The design was chosen to achieve a LEED Silver designation.

While construction of the aforementioned facility is underway, the design and replacement of the current station at 150 East Fulton Street will begin. As with the Greenlawn facility, the new Fulton Street Fire Station (to be known as #2) will be designed to be energy efficient and environmentally friendly. Both stations are intended to serve the southern portions of downtown and the adjacent neighboring areas.

An upgraded police crime lab will also enhance public safety. In August of 2013, construction on a new, relocated crime lab began. The new Crime Lab will be within the same Woodrow Avenue facility the City purchased several years ago to relocate the recently completed Police Property Recovery Center (property room). The current Police Crime Laboratory has outgrown its current leased space on the campus of The Ohio State University and its relocation will be approximately thirty percent of the building space in Woodrow Avenue building.

Combining both Police functions together in the same facility will save time and space and create efficiencies with evidence handling. The renovation is based on a ten year growth plan and will incorporate functions such as a DNA lab, a dark room, an alcohol toxicology lab, Evidence Control, Firearms/Toolmarks testing, Latent Prints, Controlled Substances, Forensic Biology and Digital Forensic laboratories, and a drug analysis lab. It will also increase capabilities for firearms identification, increase evidence preservation, and allow for the hiring of additional forensic scientists to test evidence.

Compressed Natural Gas (CNG)

In 2012 the City opened its first CNG station to begin fueling City owned CNG vehicles that we had begun purchasing in 2009. By switching just a small portion of the City fleet to CNG, it is estimated that, to date, in excess of \$400,000 in fuel costs has been saved. In mid-2013, ground was broken on a second CNG station. This station, located on the City's far-north side, will be completed in 2014 and will be geared towards servicing the City's refuse collection and road maintenance vehicles. This station will be open to the public.

Awards and acknowledgements

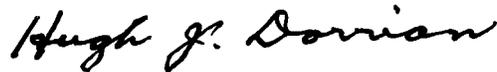

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Columbus, Ohio for its Comprehensive Annual Financial Report for the fiscal year ended December 31, 2012. This was the thirty-fourth consecutive year that the City has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current comprehensive annual financial report continues to meet the Certificate of Achievement program requirements and we are submitting it to GFOA to determine its eligibility for another certificate.

This report represents the thirty-fifth (1979-2013) Comprehensive Annual Financial Report of the City of Columbus containing financial statements audited by a firm of certified public accountants. This report is available on the City's website. The Internet address is <http://www.columbus.gov>. Hard copies are available to anyone upon request. This extensive effort of preparation and distribution of this report fulfills the City Auditor's goal of full disclosure of the City's finances.

This report is issued by Hugh J. Dorrian, CPA, City Auditor. Special thanks and recognition go to Ms. Darlene Wildes and Ms. Vikki Amicon for their exemplary efforts in the preparation of this report. All members of the City Auditor's staff and many of the City's other employees also contributed to this effort. They all have my thanks and respect for their work.

Respectfully submitted,

Hugh J. Dorrian, CPA
Auditor

FINANCIAL SECTION

Independent Auditor's Report

To the Honorable Hugh J. Dorrian,
City Auditor
City of Columbus, Ohio

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Columbus, Franklin County, Ohio, as of and for the year ended December 31, 2013, and the related notes to the financial statements, which collectively comprise the City of Columbus, Ohio's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Columbus, Ohio as of December 31, 2013 and the respective changes in its financial position and, where applicable, cash flows, for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

To the Honorable Hugh J. Dorrian,
City Auditor
City of Columbus, Ohio

Other Matters

Required Supplemental Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the General Fund budgetary comparison schedule, as identified in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, which considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplemental information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Columbus, Ohio's basic financial statements. The combining statements, agency fund schedule of changes in assets and liabilities, budgetary comparison schedules, and the schedule of receipts and expenditures of federal, state, and county awards (Exhibits A-1 through E-1) are presented for the purpose of additional analysis and are not a required part of the basic financial statements.

The combining statements, agency fund schedule of changes in assets and liabilities (Exhibits B-1, B-2, and C-1 through D-1), "actual" columns of the supplementary information budgetary comparison schedules (Exhibits A-1 through A-3 and B-3 through B-78), and the schedule of receipts and expenditures of federal, state, and county awards (Exhibit E-1) are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining statements, agency fund schedule of changes in assets and liabilities, other budgetary comparison schedules, as identified in the table of contents as other supplementary information, and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory section, "budget" columns of the supplementary information budgetary comparison schedules (Exhibits A-1 through A-3 and Exhibits B-3 through B-78) and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 25, 2014 on our consideration of the City of Columbus' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Columbus, Ohio's internal control over financial reporting and compliance.

Plante & Moran, PLLC

March 25, 2014

CITY OF COLUMBUS, OHIO

Management's Discussion and Analysis

As management of the City of Columbus (the City), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended December 31, 2013. We encourage readers to consider the information presented here in conjunction with our letter of transmittal at the front of this report and the City's financial statements, which follow this section.

Financial Highlights

- The assets of the City exceeded its liabilities at the close of 2013 by approximately \$2.941 billion. Of this amount, \$669.0 million is considered unrestricted. The unrestricted net position of the City's business-type activities are \$395.1 million and may be used to meet the on-going obligations of business-type activities, including the water, sanitary sewer, storm sewer, electricity, and garage enterprises; the unrestricted net position of the governmental activities are \$273.8 million.
- The City's total net position increased \$174.6 million in 2013. Net position of the governmental activities increased \$82.4 million, which represents a 5.7 percent increase from 2012. Net position of the business-type activities increased \$92.2 million or 7.0 percent from 2012.
- The total cost of the City's programs increased \$86.0 million or 5.5 percent. The cost of governmental activities increased \$85.7 million or 7.9 percent, while the cost of business-type activities increased \$255 thousand or 0.06 percent.
- As of the close of the current fiscal year, the City's governmental funds reported a combined ending fund balance of \$729.9 million. The combined governmental funds fund balance increased approximately \$71.2 million from the prior year's ending fund balance. Approximately \$384.1 million of the \$729.9 million fund balance is considered restricted at December 31, 2013.
- The general fund reported a total and unrestricted fund balance of \$139.6 million at the end of the current fiscal year. The fund balance for the general fund was 18.6 percent of total general fund expenditures. There was a \$19.1 million increase in the total general fund balance for the year ended December 31, 2013.
- The City's total debt, long-term liabilities (bonds and notes), increased by \$158.7 million (4.05 percent) during the current fiscal year to \$4.082 billion. The significant transactions contributing to the increase in outstanding debt at December 31, 2013 included:
 - On June 13, 2013, the City sold \$359.715 million of general obligation refunding bonds:
 - \$106.670 million to contribute to the current refunding governmental activity bonds; and
 - \$253.045 million to contribute to the current refunding business-type activity bonds.
 - On September 4, 2013, the City sold \$346.855 million of general obligation bonds and notes:
 - \$238.480 million for governmental activity capital projects;
 - \$88.575 million for business-type activity capital projects;
 - \$19.800 million of general obligation notes to refund business-type activity notes.
 - The City's business-type activities issued \$67.786 million in Ohio Water Development Authority revenue obligations for various projects.
 - Governmental and business-type activities paid \$242.194 million on debt maturities in 2013.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the City's finances in a manner similar to private-sector business.

The *statement of net position* presents information on all of the City's assets, liabilities, and deferred outflows and deferred inflows of resources, with the difference between them reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The *statement of activities* presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the cash flows. Thus, revenue and expenses reported in this statement for some items will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees or charges (business-type activities). The governmental activities of the City include general government, public service, public safety, development, health, and recreation and parks. The business-type activities of the City include five enterprise activities: a water system, a sanitary sewer system, a storm sewer system, an electricity distribution system, and parking garages.

The government-wide financial statements can be found on pages 41 – 43 of this report.

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on the *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The City maintains 146 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, the general bond retirement debt service fund, and the special income tax debt service fund, all of which are considered to be major funds. Data for the other 143 governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements* elsewhere in this report.

The basic governmental fund financial statements can be found on pages 44 – 47 of this report.

Proprietary funds. The City maintains two different types of proprietary funds. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The City uses enterprise funds to account for its water, sanitary sewer, storm sewer, electricity distribution, and parking garage operations. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the City's various functions, including employee benefits self-insurance, worker's compensation, fleet management, information services, mail/print services, land acquisition, and construction inspection. The services provided by these funds predominantly benefit the governmental rather than the business-type functions. They have been included within *governmental activities* in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the water, sanitary sewer, storm sewer, electricity distribution, and parking garage operations. The water, sanitary sewer, storm sewer, and electricity enterprise funds are considered to be major funds of the City, while the garage fund is considered a nonmajor fund. All internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of *combining statements* elsewhere in this report.

The basic proprietary fund financial statements can be found on pages 48-51 of this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statement because the resources of those funds are *not* available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statement can be found on page 52 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 53-105 of this report.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the City's general fund budget. The City adopts an annual appropriation budget for its general fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget. Required supplementary information can be found on pages 107 – 111 of this report.

The combining statements referred to earlier in connection with nonmajor governmental funds, internal service funds, and fiduciary funds are presented immediately following the required supplementary information. Combining and individual fund statements and schedules can be found on pages 113 – 256 of this report.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. The City's assets exceeded liabilities by approximately \$2.941 billion at the close of the most recent fiscal year.

The largest portion of the City's net position (74.1 percent) reflects its investment in capital assets (e.g. land, buildings, improvements other than buildings, machinery and equipment, and infrastructure); less any related outstanding debt used to acquire those assets. The City uses these capital assets to provide services to citizens; therefore, these assets are not available for future spending. Although the City's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay debt must be provided from other sources, since capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the City's net position (3.1 percent) represents resources that are subject to restrictions as to how they may be used. The remaining balance of unrestricted net position (\$669.0 million) may be used to meet the government's on-going obligations to citizens and creditors. It is important to note that although the total unrestricted net position is \$669.0 million; the unrestricted net position of the City's business-type activities (\$395.1 million) may not be used to fund governmental activities.

At the end of the current fiscal year, the City had unrestricted net position related to governmental activities of \$273.8 million.

Overall net position of the City increased \$174.6 million in 2013. Net position for governmental activities increased \$82.4 million, while net position for business-type activities increased \$92.2 million. The City continued efforts to contain costs and pursue new revenue sources. The increase in net position for business-type activities was the result of the aggregate business-type activities holding expenses to 83.7 percent of total revenue for the year. Rates in the water and sanitary sewer enterprise funds were 4.0 percent and 1.0 percent, respectively. Total business-type charges for services decreased 0.8 percent when

compared to 2012. The slight decrease is due to higher than normal rain conditions in 2013 resulting in lower water demands offset by small rates increase. All other revenue in business-type activity decreased \$6.9 million or 26.5 percent as compared to 2012, primarily due to special assessment revenue recognized in 2012. Business-type activities expenses for 2013 increased \$255 thousand or 0.06 percent over the comparable expenses in 2012.

There was an increase of \$82.8 million in the business-type activities net investment in capital assets in 2013 due to principal payments on debt exceeding the annual depreciation on capital assets.

Governmental activities. Governmental activities increased the City's net position by \$82.4 million. Key elements of the changes in net position are as follows:

- Income tax revenue, which represents 60.0 percent of the City's governmental revenue, increased by \$59.7 million or 8.6 percent on a full accrual basis. This increase is attributed to improved employment in the City in 2013.
- Operating grants and contributions increased \$3.2 million or 2.2 percent. The increase is due to an increase in grant funding in 2013 in the areas of aging, development and health.
- Capital grants and contributions increased \$8.1 million or 14.3 percent. The increase is due to an increase in capital grant funding available in 2013.
- Governmental activities expenses increased \$85.7 million or 7.9 percent in 2013 due to the City restoring service levels with the economic recovery.

Business-type activities. Business-type activity net position increased \$92.2 million as compared to a \$102.8 million increase in 2012. Key elements of changes in net position are as follows.

- Charges for services decreased \$4.2 million or 0.8 percent. Due to increased rainfall in 2013, resulting in a decrease in the demand for services.
- Capital grants and contributions decreased from \$12.4 million in 2012 to \$5.2 million in 2013. This decrease was due to a one-time special assessment on the City's Garages of approximately \$9.7 million.

Charges for services, which comprise 96.5 percent of the business-type activities revenues, decreased 0.8 percent in 2013 as a result of increased rainfall in 2013, resulting in a decrease in the demand for services. The decrease in demand was offset by rate increases of 4 percent and 1 percent in the water and sewer funds, respectively. The business-type activities continued the pattern of cost containment relative to the level of revenues for enterprise activities in 2013. The percent of annual expense to annual revenue was 83.7 percent in 2013.

Financial Analysis of the Government's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related requirements.

Governmental Funds

The focus of the City's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of December 31, 2013, the City's governmental funds reported combined ending fund balances of \$729.9 million, an increase of \$71.2 million in comparison with the prior year. Approximately \$345.8 million of this amount constitutes *unrestricted fund balance* or the total of committed, assigned, and unassigned fund balance. The remainder of fund balance is *restricted* to indicate that it is not available for new spending because it has already been restricted by parties outside the City or pursuant to enabling legislation.

A schedule of governmental funds revenues and expenditures for the last ten fiscal years has been provided in the Statistical Section of this CAFR – see Table 4.

General fund. The general fund is the chief operating fund of the City. At December 31, 2013, total fund balance of the general fund was \$139.6 million. As a measure of the general fund's liquidity, it may be

useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 13.6 percent of total general fund expenditures, while total fund balance represents 18.6 percent of total general fund expenditures.

A schedule of general fund revenues and expenditures for the last ten fiscal years has been provided in the Statistical Section of this CAFR – see Table 5.

The fund balance of the City's general fund increased \$19.1 million during 2013. Key factors of the 2013 results are as follows:

- Total revenues (including transfers in) increased \$37.7 million or 5.1 percent.
- Income tax revenue, which represents 72.6 percent of general fund revenues (including transfers in), increased \$41.0 million or 7.9 percent.
- Expenditures increased by \$23.5 million or 3.2 percent. The increase was primarily a result of the City restoring some of the services that were reduced prior to the income tax rate increase.

Revenue narrative:

Brief descriptions of the City's General Fund major revenue components follow.

Income taxes

The City's income tax continues to be its primary source of revenue. The tax applies to all wages, salaries, commissions, and other compensation paid by employers and/or the net proceeds from the operation of a business, profession, or other enterprise activity. The initial tax rate of .5 percent, collected in 1948, was increased to 1.0 percent in 1956, 1.5 percent in 1971, and to 2.0 percent in 1983. In a special election on August 4, 2009, the City's voters approved an increase in the rate to 2.5%. The new rate was effective October 1, 2009. Income tax rates of cities and villages within the State of Ohio are limited to a maximum of 1.0 percent, unless specifically approved by a majority of the resident voters of the respective city or village. There are 653 political subdivisions, other than school districts in the State of Ohio that now levy a local income tax. Rates range from .50 percent to 3.0 percent.

Local school districts in the State of Ohio are also permitted to levy an income tax, but only with the approval of a majority of voters within the district. Ohio has 614 school districts; 188 have an income tax. Rates range from 0.25 percent to 2.0 percent.

Approximately 81.6 percent of the City's income tax collected in 2013 was via employers withholding the tax from employees' earnings and remitting the tax to the City on a statutorily prescribed schedule. Approximately 12.9 percent of collections originated from business accounts and 5.5 percent from independently employed individual taxpayers. Depending on the amount withheld, employers must remit to the City on a semi-monthly, monthly, or quarterly frequency, with the largest amounts being remitted semi-monthly.

One quarter of the revenue from this tax is accounted for in a Debt Service Fund and is primarily used for servicing debt pertaining to non-enterprise type capital improvements. Tipping fees for disposal of garbage collected by the City are also paid from this fund on the City's budget basis of accounting. On the modified accrual basis of accounting, such tipping fee amounts are transferred to the General Fund and expended as public service expenditures. Three-quarters of income tax revenues are used for General Fund purposes. General Fund income tax revenues on the budget basis represent 2013 collections of \$575.6 million less refunds of \$15.2 million for a net amount of \$560.4 million. Income tax revenues on the modified accrual basis of accounting, net of refunds, were \$560.7 million.

A ten-year history of the income tax revenue and cash collections, net of refunds, appears in the Statistical Section of this report. The City acts as collection agent for other political subdivisions in the central Ohio area. Collections made for others are accounted for by the City in an Agency Fund. Fees collected by the City for these services totaled \$480,202 in 2013, and are accounted for in the General Fund as charges for services.

Property taxes

Property taxes in Ohio are levied and collected by its 88 counties. The City lies partially within three of these counties: Franklin, Fairfield, and Delaware. After collection, the counties distribute portions of these taxes to the political subdivisions (school districts, cities, villages, townships, etc.) located within their geographic borders. Property taxes for the City represent a tax rate of approximately 3.14 mills (\$3.14 per \$1,000 of taxable valuation) applied to the assessed value of property located in the City. Assessed values represent approximately 35 percent of appraised values. This rate, 3.14 mills, has remained unchanged since 1956.

Increases in this rate can only occur with approval of the City's voters. Revenues from property taxes are used for General Fund operations, including a partial provision, 0.60 mills, for current police and fire pension costs.

Real property assessed values steadily increased over the period 2000 to 2009, with larger increases evident every three years. These three-year increases result from comprehensive reappraisals of property that take place every six years, and less formal triennial updates that occur the third year in between the six year reappraisals. Six-year reappraisals took place in Franklin County in 2005, with the resulting increases in property tax collections occurring in 2006. No residential revaluations were performed in 2008 (a year which was scheduled to be a triennial update year); therefore, residential valuations remained the same for 2009, 2010 and 2011. A revaluation was performed in Franklin County in 2011. Property taxes levied in 2013 but not collectible until 2014 are accounted for in the General Fund as accounts receivable and deferred inflows at an estimated amount of \$45.878 million.

The decrease (7.3 percent) in total assessed values for tax year 2011 for Franklin County, shown in detail in Table 10 in the Statistical Section of this report, is primarily due to the 7.5 percent reduction in real property assessed value resulting from the 2011 revaluation. The total assessed values continued to decrease (1.1 percent) for tax year 2012 and increased slightly (.35 percent) for tax year 2013 for Franklin County. These changes resulted from Board of Revision decisions and changes in tax exempt statuses. As a result of State House Bill 66, beginning in 2009, Ohio no longer has a general tax on tangible personal property.

Overall, property tax revenue decreased from \$44.812 million in 2012 to \$44.621 million in 2013.

Additional data on property values and taxes appear in the Statistical Section of this report.

Investment earnings

The City's investment policies are discussed in Note C. This source of revenue is not conducive to year-to-year comparisons. Investment earnings are only deposited to the General Fund after all statutorily directed earnings are deposited to the appropriate funds: enterprise funds, grant funds, etc. Interest earnings in the General Fund decreased from \$3.439 million in 2012 to \$2.659 million in 2013. The decrease is due to slightly lower interest rates on investments in 2013.

Licenses and permits

Licenses and permits are issued by the City to regulate activities related to building, health, and other business enterprises. The revenue from license and permits remained fairly consistent in 2013 as compared to 2012. License and permits fees were \$10.909 million in 2013 and \$10.900 million in 2012.

Shared revenues

Shared revenues in the General Fund include the taxes listed below which are levied and collected by the state or counties and partially redistributed to the City and other political subdivisions. Provided below is a five-year history of the City's share of these revenues as reported in the governmental fund financial statements on a modified accrual basis of accounting.

	(in thousands)				
	2013	2012	2011	2010	2009
Shared revenues					
Local government fund	\$ 21,705	25,708	38,967	41,320	39,596
Estate tax	8,776	12,635	12,191	7,101	8,149
Casino Tax	5,617	-	-	-	-
State liquor fees	1,230	1,191	1,166	1,156	1,109
Cigarette tax and other	34	52	34	42	23
Total	<u>\$ 37,362</u>	<u>39,586</u>	<u>52,358</u>	<u>49,619</u>	<u>48,877</u>

The decrease in shared revenue in 2013 as compared to 2012 is due to Ohio Legislature changes in the formula for determining the amount of local government funds shared with local governments. In addition, Ohio's estate tax was eliminated in 2013. These were offset by an increase in Casino tax due to the opening of Hollywood Casino late in 2012.

Charges for services

The City performs certain services for its citizens and other municipalities for which it charges various amounts. These services include impounding, storing, and selling abandoned autos; fire and police protection provided to certain suburbs; parking meter fees; and various other services. Additionally the City's General Fund allocates certain citywide costs initially borne by the General Fund to certain other funds. These costs (pro rata charges) are allocated by charging certain other funds a statutorily approved rate of 4.5 percent, as determined by the City's most recent cost allocation plan, of their gross revenue.

These revenues in the General Fund over the past five years have produced:

	(in thousands)				
	2013	2012	2011	2010	2009
Charges for services					
Parking meters and fees	\$ 3,471	3,427	3,350	3,461	3,463
City Attorney charges	1,095	994	1,147	1,010	1,058
Police services	6,722	6,314	6,410	5,822	6,539
Fire services	17,825	18,513	17,522	16,887	16,755
Pro rata charges	27,900	28,046	26,674	25,674	24,354
All other	2,536	2,445	2,482	2,547	2,331
Total	<u>\$ 59,549</u>	<u>59,739</u>	<u>57,585</u>	<u>55,401</u>	<u>54,500</u>

Fire services representing charges for emergency medical transportation services were \$14.316 million and \$15.342 million in 2013 and 2012, respectively.

Fines and forfeits

This revenue source consists of fines and forfeits imposed by the Franklin County Municipal Court, and parking tickets issued by the City's parking violations bureau.

	(in thousands)				
	2013	2012	2011	2010	2009
<i>Fines and forfeits</i>					
Fines and forfeits	\$ 12,842	13,903	12,450	13,332	15,572
Parking ticket revenue	<u>6,652</u>	<u>7,394</u>	<u>6,456</u>	<u>6,044</u>	<u>6,523</u>
Total	<u>\$ 19,494</u>	<u>21,297</u>	<u>18,906</u>	<u>19,376</u>	<u>22,095</u>

Miscellaneous

Miscellaneous revenues in the General Fund on the modified accrual basis of accounting consist of the following:

	(in thousands)				
	2013	2012	2011	2010	2009
<i>Miscellaneous revenue</i>					
Solid Waste Authority of Central Ohio rent	\$ -	-	1,888	2,262	2,284
Electricity kilowatt tax	1,689	1,685	1,583	3,284	3,234
Hotel/motel taxes	1,239	4,021	3,631	3,378	3,119
Refunds and reimbursements	7,113	1,498	3,199	2,183	1,488
Other	<u>736</u>	<u>691</u>	<u>143</u>	<u>76</u>	<u>1,157</u>
Total	<u>\$ 10,777</u>	<u>7,895</u>	<u>10,444</u>	<u>11,183</u>	<u>11,282</u>

Expenditure narrative:

Public safety, primarily police and fire service, continues to be the dominant function of the General Fund. Public safety expenses were 68.3 percent and 68.7 percent of total expenses for 2013 and 2012, respectively. Total general fund expenditures increased \$23.5 million or 3.2 percent in 2013; revenues (including transfers in) exceeded expenditures (including transfers out) for the year by \$19.1 million.

General Fund revenue and expenditure trend information over the last ten years is included in the Statistical Section of this report – see Table 5 and Table 6.

General bond retirement debt service fund. The general bond retirement debt service fund has a total fund balance of \$49 thousand. The net decrease in fund balance during 2013 in this fund was approximately \$56 thousand. The general bond retirement fund is funded primarily with income tax revenue at the level necessary to meet debt service requirements.

Special income tax debt service fund. The special income tax debt service fund has a total fund balance of \$169.8 million. The net increase in fund balance during 2013 in this fund was approximately \$10.0 million. One quarter of the City's income tax revenue is set aside to meet debt service requirements for governmental activity type debt. Those income tax revenues not required in the general bond retirement fund, as noted above, are recorded in the special income tax fund. Premiums on governmental activities bonds issued and Build America Bonds' interest expense reimbursements are reported in the special income tax fund.

Proprietary Funds

The City's proprietary funds financial statements provide the same information found in the government-wide financial statements, but in more detail.

The City operates five enterprise activities: a water system, a sanitary sewer system, a storm sewer system, an electricity distribution system, and City-owned parking garages. These activities are accounted for in separate enterprise funds. Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises—where the City intends that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The City accounts for its enterprise funds on the full accrual basis of accounting.

The annual charges and rate increases for the average Columbus resident/user of water and sewers over the last ten years are included in Table 14 of the Statistical Section. An average Columbus resident/user is defined as a customer using 12,000 cubic feet of water annually. Water and sanitary sewer charges are designed to provide resources for both capital and operating costs. Storm sewer and electricity charges are designed to provide resources for operating costs (maintenance) and certain, but not all, capital costs.

The City's enterprises are not subject to rate review or determination by the Public Utilities Commission of Ohio or any similar regulatory body. The City's Council has the necessary authority to establish appropriate user rates when needed. The rates are reviewed and established by the Council annually. The frequency and amounts of rate setting authority lies solely with the City's Council.

Unrestricted net position at the end of the year amounted to \$105.7 million, \$229.7 million, \$23.6 million, \$17.8 million, and \$9.9 million for the water, sanitary sewer, storm sewer, electricity, and garage enterprises, respectively. Net position in the water, sanitary sewer, storm sewer, electricity, and garage enterprise funds increased \$41.7 million, \$34.4 million, \$7.1 million, \$6.6 million, and \$678 thousand, respectively. Other factors concerning the finances of these funds have already been addressed in the discussion of the City's business-type activities.

Water. The City's water enterprise serves the residents of the City and the majority of suburban communities in the Columbus vicinity. The population of the service area is estimated in excess of one million persons. The water enterprise serves 281,391 customer accounts, owns and maintains 2,522 miles of water mains primarily within the City and maintains an additional 997 miles of mains beyond the City's borders.

The City obtains its raw water supply from rivers, reservoirs, and wells. The enterprise conducted a regional water resource project which is used as a guide to develop additional water supply, treatment facilities, and distribution components as dictated by increasing demand. Future supply requirements will be addressed through a combination of demand management efforts and construction of upground reservoirs along the Scioto River north of the City. All necessary land for the upground reservoirs has been purchased.

The enterprise operates one of the most sophisticated water laboratories in the nation. The lab has maintained its EPA certification since the certification process began in 1976 pursuant to the Safe Drinking Water Act of 1974. On a semiannual basis, the lab must conduct various water study sample tests. The certification covers both equipment and personnel and represents a measure of quality performance. The staff is fully supported with state of the art equipment. Their primary responsibility is to assure that the water enterprise is, and will remain, in compliance with all federal, state, and local requirements.

All bonds of the water enterprise are paid from water enterprise revenues.

A ten-year comparison of certain water enterprise data is shown in Table 7 of the Statistical Section.

Sanitary Sewer. The City's sanitary sewer enterprise also serves the metropolitan area with approximately 271,341 customer accounts, both residential and commercial. Included in the total sewer system are 3,923 miles of sanitary sewers, 3,054 miles of storm sewers, and 166 miles of combined sanitary/storm sewers. The costs and related financial activities of sanitary and combined sewers are accounted for in the Sanitary Sewer Enterprise Fund.

When the Jackson Pike plant, one of the City's two treatment plants, reaches capacity the excess automatically flows through connectors to the Southerly plant. The Southerly plant has a design capacity that allows gallons treated to exceed, by approximately 20 percent, the maximum longer term sustainable maximum capacity for shorter periods of time.

All bonds and notes of the sanitary sewer enterprise are paid from sanitary sewer enterprise revenues.

A ten-year comparison of certain sanitary sewer enterprise data is shown in Table 7 of the Statistical Section.

Storm Sewer. Prior to 2002 the City's storm sewer financial activity was accounted for in a governmental type special revenue fund. Beginning with 2002, storm sewer assets, liabilities, revenues, and expenses have been accounted for in a business-type activity enterprise fund. The City intends that all costs of the storm sewer enterprise be supported by user charges except for debt service, principal and interest, on bonds authorized by the voters in 2005 and prior. This net debt service amount in 2013 was \$1.312 million and is included in the enterprise financial statements as a transfer in from the Special Income Tax Debt Service Fund. Final maturity on these bonds, all general obligation type bonds, is 2018.

The City's storm sewer enterprise owns and maintains 3,054 miles of such sewers and has 197,483 customer accounts, all within the City's borders.

A ten-year comparison of certain storm sewer enterprise data is shown in Table 7 of the Statistical Section.

Electricity. The City owns and operates an electricity distribution system and accounts for it in the Electricity Enterprise Fund. The system had its origin in the 1890's and generated electricity from burning coal. The initial sole purpose for its existence was to light the streets of the City. In response to environmental concerns, the City ceased generating electricity. The City continued distributing electric power by purchasing all of its needed power from privately owned and other publicly owned utilities. The City intends that all costs of the electric enterprise be supported by user charges except for certain debt service, principal and interest, on bonds authorized by the voters. This net debt service amount in 2013 was \$673 thousand and is included in the enterprise financial statements as a transfer in from the Special Income Tax Debt Service Fund.

Rates charged to customers are determined solely by the City's Council after recommendation by the electricity enterprise management. Council's determination is final and is not subject to review or approval by any other regulatory body. Rates are, however, subject to market driven competition provided by the private electric utility in the area.

A ten-year comparison of certain electricity enterprise data is shown in Table 7 of the Statistical Section.

General Fund Budgetary Highlights

The final amended general fund budget had total appropriations of approximately \$20.1 million less than the original budget. The total original appropriations, including those for transfers out, were \$774.7 million, while the final appropriations were \$754.6 million. A ten-year history of fund balances in the various components of the General Fund follows:

Budget Basis (in thousands)										
Year Ended	Undesignated subfund	Economic stabilization subfund	Anticipated expenditures subfund	Safety			Public Safety Initiative	2013 Basic City Services	Neighbor-hood Initiative	Total General Fund
				staffing contingency subfund	Job Growth subfund	Public Safety Initiative				
2004	\$ 21,678	\$ 53,568	\$ 12,802	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -	\$ 88,048
2005	20,197	41,738	13,552	1,000	1,150	-	-	-	-	77,637
2006	26,360	41,812	15,402	1,000	611	774	-	-	-	85,959
2007	17,278	44,481	17,252	-	600	272	-	-	-	79,883

Capital Asset and Debt Administration

Capital assets. The City's investment in capital assets for governmental and business-type activities as of December 31, 2013, amounts to \$5.4 billion (net of accumulated depreciation). This investment in capital assets includes land, buildings, systems, improvements, machinery and equipment, park facilities, roads, curbs and gutters, streets and sidewalks, and drainage systems. The total increase in the City's investment in capital assets for 2013 was 5.5 percent (a 6.6 percent increase for governmental activities and a 4.8 percent increase for business-type activities).

Capital Assets, net of depreciation (amounts expressed in thousands)

	Governmental activities		Business-type activities		Total	
	2013	2012	2013	2012	2013	2012
Land	\$ 273,963	\$ 271,118	\$ 70,038	\$ 69,344	\$ 344,001	\$ 340,462
Buildings	441,479	402,961	59,404	63,464	500,883	466,425
Improvements other than buildings	201,040	172,192	2,522,489	2,466,648	2,723,529	2,638,840
Machinery and equipment	100,798	91,986	13,945	12,022	114,743	104,008
Infrastructure	1,168,466	1,112,250	152,948	149,721	1,321,414	1,261,971
Construction in progress	-	-	409,689	318,773	409,689	318,773
Total	\$ 2,185,746	\$ 2,050,507	\$ 3,228,513	\$ 3,079,972	\$ 5,414,259	\$ 5,130,479

Major capital asset events during 2013 included the following:

- Total capital assets, net of accumulated depreciation, increased \$283.8 million.
- Business-type activity capital assets increased by \$148.5 million or \$237.1 million, net of \$88.6 million in current year depreciation expense. The increase was due to: 62.7 million in water plant and water line improvements; \$5.5 million in sanitary sewer plant improvements; \$105.1 million in sanitary sewer line improvements; and \$63.8 million in other improvements.
- Governmental activity capital assets increased by \$135.2 million or \$217.7 million, net of \$82.5 million in current year depreciation expense. This increase was due to: \$4.4 million in donated streets; \$107.9 million in traffic signals and other street improvements; \$3.3 million in land and other improvements related to new and future park sites; \$13.1 million in recreation center rehabilitation; \$22.0 million in park improvements; \$2.1 million in new communication data systems; \$9.2 million in police and fire vehicles; \$33.7 million in general government facility improvements; \$8.9 million in police and fire facility improvements and \$13.1 million in other improvements.

Additional information on the City's capital assets can be found in Note F in the Notes to the Financial Statements.

Long-term debt. At December 31, 2013, the City, the primary government, had \$4.082 billion of long-term bonds and loans outstanding with net unamortized premiums and discounts of \$288.412 million. All assessment bonds and notes issued by the City are general obligation bonds and notes. There were \$1.515 million in assessment bonds, all related to business-type activities, outstanding at December 31, 2013. The revenue bonds of the City represent bonds secured solely by specified revenue sources.

City of Columbus
General Obligation and Revenue Bonds Outstanding
(amounts expressed in thousands)

	Governmental activities		Business-type activities		Total	
	2013	2012	2013	2012	2013	2012
General obligation bonds and notes	\$ 1,366,805	\$ 1,230,122	\$ 1,287,558	\$ 1,331,574	\$ 2,654,363	\$ 2,561,696
Revenue bonds and notes	73,911	78,107	1,353,877	1,283,622	1,427,788	1,361,729
Total	\$ 1,440,716	\$ 1,308,229	\$ 2,641,435	\$ 2,615,196	\$ 4,082,151	\$ 3,923,425

Total long-term bonds and loans outstanding at December 31, 2013 increased \$158.7 million or 4.05 percent as compared to the amount outstanding at December 31, 2012. Key events contributing to the change in long-term debt balances are as follow:

- On June 13, 2013, the City sold \$359.715 million of general obligation refunding bonds:
 - \$106.670 million to contribute to the current refunding governmental activity bonds; and
 - \$253.045 million to contribute to the current refunding business-type activity bonds.
- On September 4, 2013, the City sold \$346.855 million of general obligation bonds and notes:
 - \$238.480 million for governmental activity capital projects;
 - \$88.575 million for business-type activity capital projects;
 - \$19.800 million of general obligation notes to refund business-type activity notes.
- The City's business-type activities issued \$67.786 million in Ohio Water Development Authority revenue obligations for various projects.
- Governmental and business-type activities paid \$242.194 million on debt maturities in 2013.

The City's general obligation bond ratings by Standard & Poor's Corporation, Moody's Investor Services, Inc. and Fitch Ratings are "AAA", "Aaa", and "AAA", respectively. The City's bond ratings were confirmed with the respective rating agencies as shown in the table below.

On March 20, 2014, Fitch Ratings, Inc. ("Fitch") announced that it had downgraded its credit rating for the following outstanding City revenue bonds:

- \$390,000,000 Sewerage System Fixed Rate Revenue Bonds, Series 2008A, to "AA" from "AA+"
- \$51,855,000 Sewerage System Adjustable Rate Revenue Bonds, Series 2008B, to "AA"/"F1+" from "AA+"/"F1+"

The rating outlook is stable.

A full copy of the press release issued by Fitch regarding the above rating actions may be obtained from Fitch on its website at www.fitchratings.com. Investors should contact Fitch for additional explanation of the significance of the change in rating. There can be no assurance that any such rating will continue for a period of time or that any rating will not be lowered or withdrawn.

Type	Moody's	Standard & Poor's	Fitch Ratings
General Obligation Bonds – Fixed Rate	Aaa	AAA	AAA
2006 Sanitary Sewer System Adjustable Rate General Obligation Bonds	Aaa/VMIG1	AAA/A-1+	AAA/F1+
2008 Sanitary Sewer System Fixed Rate Revenue Bonds (Series 2008A)	Aa1	AA+	AA
2008 Sanitary Sewer System Adjustable Rate Revenue Bonds (Series 2008B)	Aa1/VMIG1	AA+/A-1+	AA/F1+

The City is within all of its legal debt limitations. The Ohio Revised Code provides that the net debt (as defined in the Ohio Revised Code) of a municipal corporation, whether or not approved by the electors, shall not exceed 10.5 percent of the total value of all property in the municipal corporation as listed and assessed for taxation. In addition, the unvoted net debt of municipal corporations cannot exceed 5.5 percent of the total taxation value of property. The statutory limitations on debt are measured by the ratio of net debt to tax valuation and expressed in terms of a percentage. At December 31, 2013, the City's total net debt amounted to 7.26 percent of the total assessed value of all property within the City. Unvoted net debt amounted to 1.92 percent of the total assessed value of all property within the City. The City had a legal debt margin for total debt of \$473.096 million and a legal debt margin for unvoted debt of \$523.142 million. The aggregate amount of the City's unvoted debt is also subject to overlapping debt restrictions with other political subdivisions. The actual aggregate amount of the City's unvoted debt, when added to that of other political subdivisions within the respective counties in which Columbus lies, is limited to ten mills.

Additional information regarding the City's long-term debt can be found in Note G in the Notes to the Financial Statements.

Economic Factors and the 2014 General Fund Budget

Structural balance in the general fund was achieved in 2013, with current revenues exceeding current year expenditures. The 2014 budget of \$796.7 million is, with a few exceptions, a continuation level budget. The 2014 budget funds police and fire recruit classes that maintain 2013 uniformed strength levels by replacing projected retirements and other terminations on a one-to-one basis. Other important City services are funded at continuation levels in 2014. The 2014 budget includes a number of restorations that were previously cut from the general fund (and may have been funded from other sources). Restorations include: the bulk pickup program, six recreation centers returning to full-time hours, and vehicle purchases. Also, the City is allocating funds toward educational priorities consistent with the recommendations of the Columbus Education Commission.

The City continues to replenish the Economic Stabilization Fund (Rainy Day Fund). Deposits of \$10 million in 2011, \$6.725 million in 2012, \$16.15 million in 2013 and a projected deposit of \$7.6 million in 2014 will bring the balance in that fund to \$64 million by the end of 2014. This puts the City well on its way to achieving the new goal of a \$75 million balance in the fund by the end of 2018. With the 2013 payment, the City met its commitment to rebuilding the fund to a \$50 million balance a year earlier than originally promised.

The City of Columbus Accountability Committee

The Accountability Committee was formed in 2009 following voter passage of the City income tax increase from 2.0 percent to 2.5 percent. The mission of the Committee is to provide review and guidance to City leaders so that they can successfully implement the City's 10-Year Reform and Efficiency Plan. The plan was developed and finalized following recommendations by an Economic Advisory Committee, citywide

review and the adoption of a resolution by City Council. Comprised of eleven action items and four study items, the goal was to save \$100-150 million in the General Fund over the period from 2010-2019. Reforms enacted since 2009 will save the city at least \$224 million through 2019.

Progress on Major Action Items:

- Phase out for existing employees and discontinue for new employees the practice of paying the employee share of retirement costs. *This recommendation was first implemented in 2010. Efforts continue with each successive collective bargaining contract negotiation.*
- Require higher employee contribution toward the cost of health care benefits. *Employee contributions were increased in 2010, 2011, 2012, and 2013. Efforts continue with each collective bargaining contract negotiation.*
- Conduct an audit of salary and benefits provided to employees and use the resulting information as a guide when negotiating labor contracts. *Such audit was completed in 2009.*
- Establish new policies that discourage excessive overtime. *Additional overtime monitoring was put into place in 2009; however, overtime continues to be a major concern in the Divisions of Police and Fire. It is anticipated that recent recruit classes will help alleviate overtime in 2014.*
- Civilianize certain sections of the divisions of police and fire. *Implemented in 2011 and is ongoing.*
- Increase efficiencies in the operations of Fleet Management, Facilities Management and increase energy efficiencies. *All have made significant progress and are ongoing.*

Request for Information

This financial report is designed to provide our citizens, taxpayers, customers, investors, and creditors with a general overview of the City's finances and to show accountability for the money it receives. This report is also available on the City's website at www.columbus.gov. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the City Auditor's Office, 90 West Broad Street, Columbus, Ohio, 43215.

The notes to the financial statements are an integral part of this statement.

City of Columbus, Ohio

Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Position December 31, 2013 (amounts expressed in thousands)

Total fund balance, governmental funds (Exhibit 3)	\$	729,853
--	----	---------

Amounts reported for governmental activities in the Statement of Net Position are different because:

Capital assets used in governmental activities (excluding internal service fund capital assets of \$46,991) are not financial resources and therefore are not reported in the funds. Those assets consist of:

Land	273,140	
Buildings, net of \$192,235 accumulated depreciation	410,440	
Improvements other than buildings, net of \$94,786 accumulated depreciation	195,613	
Machinery and equipment, net of \$151,730 accumulated depreciation	91,096	
Infrastructure, net of \$505,857 accumulated depreciation	1,168,466	
Total capital assets (See Note F)		2,138,755

Internal services funds (see Exhibit 5) are used by the City to account for the financing of goods or services provided by one department or agency to other City departments or agencies, generally on a cost reimbursement basis. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position.	17,445
--	--------

City income tax revenue related to 2013 (and prior tax years) will be collected beyond the 60 day period used to record revenue in the fund statements. Revenue and a corresponding receivable for this amount are included in the government-wide statements.	67,000
--	--------

Charges for services related to 2013 (and prior years) will be collected beyond the 60 day period used to record revenue in the fund statements. Revenue and a corresponding receivable for this amount are included in the government-wide statements.	4,413
---	-------

Grant revenue related to 2013 will be collected beyond the 60 day period used to record revenue in the fund statements. Revenue and a corresponding receivable for this amount are included in the government-wide statements.	338
--	-----

State shared revenue appropriated during the State of Ohio's fiscal year ended June 30, 2014 will be collected beyond the 60 day period used to record revenue in the fund statements. Revenue and a corresponding receivable for this amount are included in the government-wide statements.	20,603
---	--------

Long-term liabilities applicable to the City's governmental activities are not due and payable in the current period and accordingly are not reported as fund liabilities. Interest on long-term debt is not accrued in governmental funds, but rather is recognized as an expenditure when due. All liabilities - both current and long-term - are reported in the statement of net position. Also, during the year the City issued new debt. The deferred amount on refunding and premium received on the refunding were reported in the governmental fund when the debt was issued, whereas these amounts are deferred and amortized, over the remaining life of the new debt, as an adjustment to interest expense in the statement of activities.

Balances at December 31, 2013 are:

Accrued interest on bonds		(18,411)
Accrued vacation and sick leave		(75,489)
Bonds and notes payable	(1,235,037)	
Unamortized deferred amount on refunding	27,099	
Unamortized premiums	(140,275)	
Total long-term liabilities (see Note G)		(1,348,213)

Net Position of Governmental Activities in the Statement of Net Position (Exhibit 1)	\$	1,536,294

City of Columbus, Ohio

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the
Statement of Activities
For the Year Ended December 31, 2013
(amounts expressed in thousands)

Net change in fund balances - total governmental funds (Exhibit 4)	\$	71,162
<p>Amounts reported for Governmental Activities in the Statement of Activities are different because:</p>		
<p>Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets, which meet capitalization requirements, is allocated over their estimated useful lives and reported as depreciation expense. This amount includes the adjustment for capital outlay expenditures capitalized (\$196,194 of total capital outlay of \$245,521 met the capitalization requirements) offset by depreciation expense (\$80,092) and loss on disposal of assets (\$7,598) in the current period. The City had donated capital assets of \$6,100 in 2013 which is not reported in the governmental funds.</p>		130,726
<p>Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. The amount is the net effect of the reversal of prior year items against current year accruals.</p>		12,515
<p>The long-term liability for compensated absences is not recorded in the funds, but is reported in the statement of activities. This amount is the current year change in the liability, reported as an expense in the statement of activities.</p>		(3,120)
<p>Bond proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of bond principal is an expenditure in the governmental funds, but repayment reduces long-term liabilities in the statement of net position. This amount is the amount by which bond proceeds for new bond issues (\$221,352) and refunding bond issues (\$102,405) exceeds the repayment of bond principal (\$108,207) and refunded bonds (\$121,375) not reported as notes payable in the governmental funds.</p>		(94,175)
<p>Bond premiums are included as revenue in the funds, but capitalized and amortized over the life of the bonds in the government-wide financial statements.</p>		(27,843)
<p>Deferred amounts on refunding are included as expenditures in the funds, but are deferred and amortized over the life of the bonds in the government-wide financial statements. This amount represents the deferred amount on the 2013 refundings offset by amortization of deferred amounts on all refundings.</p>		(3,924)
<p>Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.</p>		(3,928)
<p>Change in net position of internal service funds reported with governmental activities</p>		946
<p>Change in net position of governmental activities (Exhibit 2)</p>	\$	82,359

NOTES TO THE FINANCIAL STATEMENTS

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements
December 31, 2013

NOTE A—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The state legislature established Columbus as a city in 1812. The City is a home-rule municipal corporation operating under the laws of Ohio. The City's Charter, its constitution, can only be amended by a majority of the City's voters. The City operates under the Council–Mayor form of government.

The accompanying financial statements comply with the provisions of Governmental Accounting Standards Board (GASB) Statement No. 14, *The Financial Reporting Entity*, Statement No. 39, *Determining Whether Certain Organizations Are Component Units*, and Statement No. 61, *The Financial Reporting Entity: Omnibus*, in that the financial statements include all the organizations, activities, functions, and component units for which the City (the reporting entity) is financially accountable. Financial accountability is defined as the appointment of a voting majority of the component unit's board, and either (1) the City's ability to impose its will over the component unit, or (2) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the City. On this basis, the reporting entity of the City includes the following services as authorized by its charter: public service, public safety, development, health, and recreation and parks. In addition, the City owns and operates five enterprise activities: a water system, a sanitary sewer system, a storm sewer system, an electricity distribution system, and City owned parking garages. The reporting entity also includes three joint ventures and two component units.

Joint Ventures:

- The Franklin Park Conservatory Joint Recreation District (the Conservatory District) was created by the City (Resolution 109X-90) and Franklin County (Resolution 79-90) in 1990 pursuant to authority contained in Section 755.14(B) of the Ohio Revised Code (ORC). The agreement between the City and the County that created the Conservatory District in 1990 was amended by the City (Ordinance 1794-96) and the County (Resolution 800-96) in August 1996. The amendment increased the number of members of the Board of the Conservatory District from 10 to 17. Eight members of the Board are appointed by the Mayor of the City subject to confirmation by the City's Council and six members are appointed by the County. In addition, the Governor, the Speaker of the House of Representatives and the President of the Senate of the State of Ohio each appoint one member to the Board pursuant to the authority contained in Section 755.14(B)(2) of the ORC. State appointed members are nonvoting members if they also serve as members of the Ohio General Assembly; no member presently serves in both roles. The Mayor of the City, therefore, does not appoint a voting majority of the Board.

The City contributed certain capital assets to the Conservatory District at the time of its inception and has agreed to an annual operating subsidy, but subject to annual appropriation by the City's Council. Revenues, the operating subsidy, received by the Conservatory District in 2013 from the City were \$500,000. In addition, the City provided support of \$890,000 in 2013 for the Conservatory District's capital needs. In the event of the Conservatory District's liquidation, its assets will be transferred to the City.

Because the City's Mayor does not appoint a voting majority of the Conservatory District's Board and multiple governments participate in the board appointment process, the City accounts for and reports the financial activity of the Conservatory District as a joint venture pursuant to GASB Statements No. 14, 39, and 61. The Conservatory District's financial statements may be obtained from The Franklin Park Conservatory Joint Recreation District at 1777 East Broad Street, Columbus, Ohio 43203. Other information about the Conservatory District can be obtained on their website at www.fpconservatory.org.

- The Affordable Housing Trust for Columbus and Franklin County (AHT) was initially created as the Columbus Housing Trust Corporation, with Articles of Incorporation (Articles) filed with the Ohio Secretary of State on August 31, 2000. Amended Articles were then filed for AHT in May 2001. No single

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

government or government official appoints a majority of the Board members. All are jointly appointed. In 2013 the City provided cash assistance to AHT of \$1,401,907 applicable to fiscal year 2013 hotel-motel tax. The City is committed through its legislation to provide a portion of its hotel-motel tax collections to AHT each year into the future. This commitment approximates \$1.3 million per year.

Since the Mayor does not singularly appoint a voting majority of AHT's board of trustees and multiple governments participate in both the board appointment process and the financial support of AHT, the City accounts for and reports the financial activity of AHT as a joint venture pursuant to GASB Statements No. 14, 39 and 61. AHT's financial statements may be obtained from The Affordable Housing Trust for Columbus and Franklin County, 110 North 17th Street, Columbus, OH 43203. Other information about AHT can be located on their website at www.hztrust.org.

- The Columbus-Franklin County Finance Authority (the Finance Authority) was created by the City (Ordinance 0540-2006) and Franklin County (Resolution 200-06) in March 2006 pursuant to authority contained in Section 4582.21 through 4582.59 of the Ohio Revised Code (ORC). The Finance Authority is governed by a nine-member Board of Directors, each of whom shall serve for a term of four years, of which four (4) shall be appointed by the Mayor of the City, with the advice and consent of City Council, four (4) shall be appointed by the Board of County Commissioners of the County of Franklin, Ohio, and one (1) shall be a joint appointment. The Finance Authority is considered a joint venture of the City and the County. In 2013, the City provided \$150,000 cash assistance to the Finance Authority for operations. The Finance Authority's financial statements may be obtained from The Columbus-Franklin County Finance Authority, 350 East First Avenue, Suite 120, Columbus, Ohio 43201. Other information about the Finance Authority can be located on their website at www.columbusfinance.org.

Component units:

- The RiverSouth Authority (RiverSouth) came into existence in 2004 as a result of the following statutes. The Columbus City Council, via ordinance no. 2446-03, approved on November 19, 2003, authorized the City Clerk to initiate the process to create The RiverSouth Authority, a new community authority as provided for under Ohio Revised Code (ORC) Chapter 349. The City Council continued the process by establishing the time and place for a public hearing on the matter via Ordinance No. 451-04 approved on March 17, 2004. The public hearing was held at 5:00 p.m. on Monday, April 19, 2004 in City Council Chambers. The Council, via Ordinance No. 1007-04, approved June 23, 2004, created "The RiverSouth Authority" as a body politic and corporate.

The Board of Trustees of the Authority, pursuant to the creating Ordinance 1007-04, consists of nine members. The City appoints five members including one local government representative. The Developer, The Columbus Downtown Development Corporation, a private entity, appoints the remaining four members. RiverSouth encompasses several square blocks in the core of Columbus's downtown, and, as indicated in the background of the ordinance, all to be developed and redeveloped for the conduct of commercial, residential, cultural, educational, and recreational activities.

Certain inter-dependent transactions occurred in 2004 pursuant to the following. Ordinance No. 1009-2004, approved by Council on June 23, 2004, authorized the City's Director of Development to execute a lease agreement and first supplemental lease agreement with RiverSouth whereby the City leased certain land, approximately 1.621 acres, from RiverSouth and recognized certain projects and costs to be undertaken by RiverSouth. On June 29, 2004 RiverSouth then proceeded to issue \$37,870,000 of RiverSouth Area Redevelopment Bonds, 2004 Series A (the Bonds). Rental payments from the City to RiverSouth due as a result of the lease and first supplemental lease agreements are to equate to the debt service requirements on the Bonds beginning December 1, 2007 in the total amount of \$58.905 million. These rental payments are subject to annual appropriations of City Council. Payments began in 2007.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

The Official Statement, dated June 24, 2004, issued in conjunction with the Bonds states in part "...the Authority and City entered into the Master Lease Agreement dated June 1, 2004 (the "Lease") under which the Authority has agreed to issue obligations to finance redevelopment activities as authorized by the Columbus City Council, and to lease to the City certain land consisting of approximately 1.621 acres (the "Project Land") located in the RiverSouth area in downtown Columbus. The City's lease interest in the Project Land will include the underlying land interest in the Project Land but does not include improvements made on the Project Land whether or not such improvements are financed by Bonds issued by the Authority. Upon the expiration of the lease term, all right, title and interest in the Project Land will be transferred to the City. In connection with each series of Bonds issued by the Authority, the City and the Authority will enter into a supplemental lease agreement. The supplemental lease agreement will identify the capital facilities to be financed with the related series of Bonds and will provide for the applicable rentals. The Authority and City have also entered into the First Supplemental Lease dated June 1, 2004 (the "First Supplemental Lease") in connection with the issuance of the 2004 Series A Bonds. . ."

Ordinance No. 1312-2005, approved by Council on July 25, 2005 authorized the City to enter into a Second Supplemental Lease Agreement with the RiverSouth Authority. This Second Agreement resulted in RiverSouth, on October 11, 2005, issuing an additional \$42,850,000 of bonds; the RiverSouth Area Redevelopment Bonds, 2005 Series A. Rental payments from the City to RiverSouth due as a result of the Second Supplemental Lease Agreement are to equate to the debt service requirements on the 2005 bonds beginning December 1, 2008 in the total amount of \$66.518 million. Rental payments under the Second Supplemental Lease Agreement are also subject to annual appropriations of City Council with payments beginning in 2008 and apply to the same 1.621 acres of land as the Master Lease Agreement and the First Supplemental Lease Agreements.

A portion of the 2004 RiverSouth bonds outstanding were refunded during 2012 and the City's rental payments were adjusted accordingly.

Because the City appoints a majority of the Board of Trustee members of RiverSouth and because of RiverSouth's financial dependency on the City, a component unit relationship is deemed to exist. Because RiverSouth's total debt outstanding is expected to be repaid with City resources, it is reported as if it were part of the City (blended). See Note Q – Component Units – for additional disclosures regarding RiverSouth.

- The Columbus Next Generation Corporation (CNGC) came into existence in 2012 as a result of Columbus City Council ordinance no. 1968-2012, approved on October 1, 2012, which authorized the establishment of a non-profit development corporation. CNGC was formed for the purpose of advancing, encouraging and promoting the industrial, economic, commercial development including the elimination of blight and creation of job opportunities pursuant to O.R.C. 1702.01-99. With the City of Columbus as sole member, CNGC filed as a corporation for non-profit with the Ohio Secretary of State on October 10, 2012.

City Council authorized a \$500,000 contract with CNGC in ordinance no. 0664-2013. Under that contract, CNGC will perform a variety of services to advance economic development, including but not limited to: create economic development plans for specific areas of the City; develop and promote incentives, including the use of the City's telecommunications, fiber, and broadband network; acquire and develop real estate; and manage various related projects. In 2013 the City provided cash assistance to CNGC of \$370,000 toward this contract.

The accounting policies and financial reporting practices of the City conform to accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental units.

In June 2012, the GASB issued GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*. Statement No. 68 requires governments providing defined benefit pensions to recognize their unfunded pension benefit obligation as a liability for the first time, and to more comprehensively and comparably measure the annual costs of pension benefits. This net pension liability that will be recorded on the government-wide and

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

proprietary fund statements will be computed differently than the current unfunded actuarial accrued liability, using specific parameters set forth by the GASB. The State Systems will need to also allocate this liability across the governmental units that participate in the pension Systems. Statement No. 68 also enhances accountability and transparency through revised note disclosures and required supplementary information (RSI). The City is currently evaluating the impact this standard will have on the financial statements when adopted. The City will be dependent on the State Systems to provide the information necessary in implementing this standard. The provisions of this Statement are effective for financial statements for the year ended December 31, 2015.

The following is a summary of the City's significant accounting policies:

(a) Government-wide and fund financial statements

Financial information of the City is presented in this report as follows.

- Management's discussion and analysis introduces the basic financial statements and provides an analytical overview of the City's financial activities.
- Basic financial statements:
 - Government-wide financial statements consist of a statement of net position and a statement of activities.

These statements report all of the assets, liabilities, revenues, expenses, and gains and losses of the City. Governmental activities are reported separately from business-type activities. Governmental activities are normally supported by taxes and intergovernmental revenues whereas business-type activities are normally supported by fees and charges for services and are usually intended by management to be financially self-sustaining. Fiduciary funds of the City are not included in these government-wide financial statements; however, separate financial statements are presented for the fiduciary funds.

Interfund receivables and payables between governmental and business-type activities have been eliminated in the Government-wide Statement of Net Position. These eliminations minimize the duplicating effect on assets and liabilities within the governmental and business-type activities total column.

Internal service fund balances, whether positive or negative, have been eliminated against the expenses and program revenues shown in the governmental activities Statement of Activities.

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the City and for each function of the City's governmental activities.

Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

- Fund financial statements consist of a series of statements focusing on information about the City's major governmental and enterprise funds. Separate financial statements are presented for the governmental, proprietary, and fiduciary funds.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

The City's major governmental funds are the General fund, the General Bond Retirement debt service fund, and the Special Income Tax debt service fund. Of the City's business-type activities, its Water, Sanitary Sewer, Storm Sewer, and Electricity enterprise funds are considered major funds.

The General Fund is the accounting entity in which all governmental activity, except that which is required to be accounted for in other funds, is accounted for. Its revenues consist primarily of taxes, investment income, licenses and permits, intergovernmental shared revenue, charges for services, fines, and other.

General Fund expenditures represent costs of general government; public service, including garbage collection; public safety, including fire, police, and communications; certain development costs, and other. Resources of the General Fund are also transferred annually to support services such as public recreation and public health, which are accounted for in separate special revenue funds.

The General Bond Retirement and the Special Income Tax debt service funds are accounting entities in which the City accounts for the accumulation of resources for and the payment of general obligation debt; principal, interest, and related expenditures. Revenues consist primarily of a portion of the City's income tax.

The Water enterprise fund, a major fund, is the accounting entity in which the City accounts for all financial activity related thereto. The City collects, purifies, and sells water to City residents and certain suburban areas. Water is collected from surface areas (rivers) and wells. The City has three water treatment plants. Revenues consist primarily of user charges.

The Sanitary Sewer enterprise fund, a major fund, is the accounting entity in which the City accounts for all financial activity related thereto. The City collects and treats effluent of City residents and residents of certain suburban areas. The City has two sewerage treatment plants. Revenues consist primarily of user charges.

The Storm Sewer enterprise fund, a major fund, is the accounting entity in which the City accounts for all financial activity related thereto. Revenues consist primarily of user charges.

The Electricity enterprise fund, a major fund, is the accounting entity in which the City accounts for all the financial activity related thereto. The City purchases, but does not generate, and sells electricity to its residential and commercial customers. Revenues consist primarily of user charges.

The Garages enterprise fund, a nonmajor fund, is the accounting entity in which the City accounts for all the financial activity related to both City-owned parking garages. One of the City garages opened late in 2009, while the second opened in 2010. Revenues in this fund will consist primarily of parking fees.

The City maintains various nonmajor internal service funds which are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the government, generally on a cost reimbursement basis. The largest of these funds account for fleet management services and electronic information services.

Also maintained by the City are fiduciary funds such as agency funds used to account for assets held by the government as an agent for individuals, private organizations, other governments, and/or other funds.

- Notes to the financial statements providing information that is essential to a user's understanding of the basic financial statements.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

- Required supplementary information such as budgetary comparison schedules is required by GASB. The City maintains budgetary controls by not permitting expenditures to exceed appropriations at the Object Level One level for each division within each fund.

(b) Financial reporting presentation

The accounts of the City are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures (expenses). Fund types are as follows:

GOVERNMENTAL FUNDS

General Fund—The General Fund is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Funds—Special Revenue Funds are used to account for proceeds of resources that are restricted or committed for purposes other than debt service or capital projects. The uses and limitations of each special revenue fund are specified by City ordinances or federal and state statutes.

Debt Service Funds—Debt Service Funds are used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs.

Capital Projects Funds—Capital Projects Funds are used to account for financial resources used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds).

Permanent Funds—Permanent funds are for the purpose of accounting for resources that are legally restricted to the extent that earnings, and not principal, may be used for purposes that support the reporting government's programs. The City, however, does not utilize Permanent funds.

PROPRIETARY FUNDS

Enterprise Funds—Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises—where the intent of the governing body is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The City has separate enterprise funds for its water, sanitary sewer, storm sewer, electricity services, and parking garages.

Internal Service Funds—Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the City, generally on a cost-reimbursement basis.

FIDUCIARY FUNDS

Agency Funds—Agency Funds are used to account for assets held by the City as an agent for individuals, private organizations, other governments, and/or other funds. Assets held for other funds or governments include payroll taxes and other employee withholdings (which are combined into one agency fund for ease of payment), and income taxes and utility charges collected by the City on behalf of other governments. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

Other Fiduciary funds; which, however, the City does not utilize are **Pension trust funds** used to account for resources that are required to be held in trust for the respective members or beneficiaries; **Investment trust funds** used to report the external portion of investment pools reported by the

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

sponsoring government as required by GASB No. 31 and **Private-purpose trust funds** used to account for other trust arrangements which benefit individuals, private organizations, or other governments.

(c) Measurement focus and bases of accounting

Except for budgetary purposes, the bases of accounting used by the City conform to accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental units. The accounting and financial reporting treatment applied to a fund is determined by its measurement focus.

The government-wide and the proprietary fund financial statements are reported using the economic resources measurement focus. The government-wide, proprietary, and fiduciary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the City gives (or receives) value without directly receiving (or giving) equal value in exchange, include income taxes, property taxes, grants, shared revenue (unrestricted, intergovernmental revenue) and donations. On an accrual basis, revenue from income taxes is recognized in the period in which the taxpayer's liability occurs and revenue from property taxes is recognized in the fiscal year for which the taxes are levied. On an accrual basis, revenue in the form of shared revenue is recognized when the provider government recognizes its liability to the City. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The City considers all revenues reported in the governmental funds to be available if the revenues are collected within sixty days after year-end. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt are reported as other financing sources.

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

(d) Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed in all funds. On the GAAP basis of accounting, encumbrances do not constitute expenditures or liabilities. There were outstanding encumbrances in two of the major governmental funds at December 31, 2013: \$30 million in the General Fund and \$16 million in the Special Income Tax Fund. In addition, encumbrances in the Other Governmental funds at December 31, 2013 totaled \$324 million. Funds may be encumbered when they are collected or in process of being collected.

(e) Cash Equivalents

For purposes of the statement of cash flows, the Proprietary Funds consider all highly liquid investments held by trustees, with an original maturity of three months or less when purchased, to be cash equivalents. In addition, all cash and investments with treasurer are also considered to be cash equivalents because they are available to the Proprietary Funds on demand.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

(f) Investments

In accordance with GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*, the City records all of its investments at fair value as defined in the statement. The City does not engage in any form of derivatives or reverse repurchase agreements in the management of its investment portfolio. Only eligible investments with final maturities not greater than three years from time of purchase are permitted. The City's cash and investments are further explained in Note C.

(g) Inventory

Inventory is valued at cost utilizing the first-in, first-out method for enterprise funds and the average cost method for internal service funds. Items considered as inventory in the enterprise funds and internal service funds are accounted for as expenditures when acquired by governmental funds.

(h) Capital Assets

Capital assets, which include property, plant and equipment, and infrastructure (e.g. roads, curbs and gutters, streets and sidewalks, and drainage systems) are reported in the applicable governmental or business-type activity columns in the government-wide financial statements. The City defines capital assets as assets with an estimated useful life of five years or more from the time of acquisition by the City and a cost of \$5,000 or more. Such assets are recorded at historical cost or estimated historical cost (for certain assets acquired prior to 1960). Pursuant to the implementation of GASB Statement No. 34, the historical cost of infrastructure assets (retroactive to January 1, 1979) is included as part of the governmental capital assets reported in the government-wide statements. Donated assets are recorded at estimated fair market value at the date of donation.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Property, plant and equipment, and infrastructure are depreciated using the straight line method over the following estimated useful lives:

Description	Estimated Lives (years)
Information processing equipment	5-7
Trucks	8
Equipment, furniture, and fixtures	10
Heavy rescue equipment	25
Buildings, infrastructure, water lines, and fire hydrants	40
Sewer mains and certain water assets	75-100

(i) Pensions

Pursuant to the modified accrual basis of accounting, governmental funds record the provision for pension cost when contributions are required. Pension cost for proprietary fund types is recorded when incurred (see Note K).

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

(j) Insurance

The City assumes the liability for most property damage and personal injury risks. Judgments and claims, including those incurred but not reported as of year-end, are recorded when it is probable that an asset has been impaired or a liability has been incurred and the amount of loss can be reasonably estimated. The City insures certain of its major buildings and stored vehicles. The policy has a \$250,000 deductible for losses not associated with flooding. The City carries \$2,000,000 in liability insurance associated with the operation of its compressed natural gas (CNG) fueling station located on its Fleet Management Operations site at 4211 Groves Road. No losses occurred in 2011, 2012, or 2013 that exceeded insurance coverage.

The City's Division of Police currently operates a fleet of five jet-powered helicopters. A sixth helicopter is owned but listed as "Ground Not in Motion (GNIM)" status. Liability insurance for bodily injury and property damage is carried on all helicopters at \$15,000,000 per loss occurrence and \$1,000,000 per passenger seat. There is no deductible for the liability coverage. In addition, all five operating aircraft are insured against casualty loss (physical damage) with a deductible of 1 percent of the hull value for losses sustained while the unit is in motion. One helicopter in the fleet is valued at \$1,000,000, three are valued at \$1,700,000 each, one is valued at \$2,100,000. Hull insurance is carried on all units at the unit's full value. In addition, the FLIR cameras used in the units during flight operations are also insured at full value.

Additionally, the City provides medical, dental, vision, and short-term disability coverage for its employees on a self-insurance basis. Expenses for claims are recorded on a current basis based on an actuarially determined charge per employee. The City accounts for such activity in an internal service fund.

A summary of changes in self-insurance medical claims liability follows:

	(in thousands)				
	2013	2012	2011	2010	2009
Claims liability at January 1	\$ 8,800	\$ 8,725	\$ 8,645	\$ 8,555	\$ 8,000
Incurred claims, net of favorable settlements	140,768	129,806	121,477	112,146	104,741
Claims paid	<u>(139,143)</u>	<u>(129,731)</u>	<u>(121,397)</u>	<u>(112,056)</u>	<u>(104,186)</u>
Claims liability at December 31	<u>\$ 10,425</u>	<u>\$ 8,800</u>	<u>\$ 8,725</u>	<u>\$ 8,645</u>	<u>\$ 8,555</u>

Claims are accrued based upon estimates of the claims liabilities made by management and the third-party administrator of the City. These estimates are based on past experience and current claims outstanding. Actual claims experience may differ from the estimate. An actuary was used in the determination of the current liability. This claims liability is recorded in the Internal Service Fund as accrued wages and benefits.

Beginning in 2006 the City began to partially self-insure its workers' compensation costs in conjunction with the Ohio Bureau of Workers' Compensation. Expenses for claims are recorded on the current basis based on an actuarially determined charge per employee. The City accounts for the activities of this program in an internal service fund.

A summary of changes in self-insurance worker's compensation claims liability follows:

	(in thousands)				
	2013	2012	2011	2010	2009
Claims liability at January 1	\$ 51,593	\$ 52,429	\$ 43,884	\$ 34,528	\$ 39,040
Incurred claims, net of favorable settlements	18,430	8,609	17,432	16,511	1,882
Claims paid	<u>(10,333)</u>	<u>(9,445)</u>	<u>(8,887)</u>	<u>(7,155)</u>	<u>(6,394)</u>
Claims liability at December 31	<u>\$ 59,690</u>	<u>\$ 51,593</u>	<u>\$ 52,429</u>	<u>\$ 43,884</u>	<u>\$ 34,528</u>

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

(k) Vacation and Sick Leave

City employees are granted vacation and sick leave in varying amounts. In the event of termination, an employee is reimbursed for accumulated vacation and sick leave at various rates.

Vacation accumulated is reported as an expense when earned in the proprietary fund and government-wide financial statements. Sick leave accumulated is reported as an expense when earned and expected to be paid at termination in the proprietary fund and government-wide financial statements. Vacation and sick leave accumulated by governmental fund type employees is not reported as an expenditure in the governmental fund financial statements, as current financial resources are not used.

Payment of vacation and sick leave is dependent upon many factors; therefore, timing of future payments is not readily determinable. However, management believes that sufficient resources will be made available for the payment of vacation and sick leave when such payments become due.

(l) Debt Issuance Costs, Premiums, Discounts, and Deferred Amounts on Refundings

Bond premiums and discounts, as well as deferred amounts on refundings, are capitalized and amortized over the life of the bonds. Debt issuance costs are expensed when incurred.

(m) Interfund Transactions

The City has the following types of transactions among funds:

- 1) Reciprocal interfund loans: Amounts provided by one fund to another with a requirement for repayment.
- 2) Reciprocal interfund services provided and used: Purchases and sales of goods and services between funds for a price approximating their external exchange value.
- 3) Nonreciprocal interfund transfers: Flows of assets between funds without equivalent flows of assets in return and without a requirement for repayment. This includes payments in lieu of taxes that are not payments for, and are not reasonably equivalent in value to, services provided.
- 4) Nonreciprocal interfund reimbursements: Repayments from the funds responsible for particular expenditures or expenses to the funds that initially paid for them.

(n) Budgetary Information

Annual budgets are adopted for all governmental funds other than blended component units and capital projects funds on a basis other than GAAP in that revenues are recorded when received in cash and expenditures are recorded when encumbered or paid in cash. Capital projects funds adopt project-length budgets at the time bonds are sold or other funding sources are determined. The City maintains budgetary controls by not permitting expenditures to exceed appropriations at the Object Level One level for each division within each fund.

(o) Net Position

Sometimes the City will fund outlays for a particular purpose from both restricted and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. Since the City does not have a formal policy for flow of net position, it considers restricted – net position to have been depleted before unrestricted – net position.

At December 31, 2013, \$34.661 million of the City's \$89.447 million in governmental activities restricted net position on the Statement of Net Position were restricted by enabling legislation, as defined by GASB Statement No. 46, *Net Assets Restricted by Enabling Legislation*. The governmental activities amount

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

restricted for "Other purposes" of \$42.580 million included the following: \$28.202 million for mobility options; \$7.955 million for building, housing and economic incentives; \$4.371 million for municipal court/justice; \$1.418 million for protection and enforcement; and \$634 thousand for miscellaneous other purposes.

(p) Other Significant Accounting Policies

Pursuant to local statute and determined by an internal cost allocation plan, certain costs initially borne by the General Fund are then billed as direct charges to other funds of the City. Revenues from these charges are accounted for in the government-wide Statement of Activities as general government and in the governmental funds Statement of Revenue, Expenditures, and Changes in Fund Balances General Fund as charges for services. The corresponding expenses appear as function/program costs in the Statement of Activities.

The City, in its proprietary funds, accounts for all recurring type revenues, including all revenues which the City controls through statutory pricing or regulatory authority, as operating revenues and all recurring type expenses as operating expenses. Non-recurring revenues such as gains on sales of assets and revenues over which the City has minimal or no control, primarily interest earnings, are accounted for as nonoperating revenues. Interest expense and other non-recurring expenses, over which the City has minimal or no control, are reported as non-operating expense.

The City complies with all restrictions governing the use of restricted assets. Such restrictions do not offer discretion regarding use of these resources in an unrestricted manner. Where capital funds, usually bond proceeds, are available capital assets are acquired from such resources. Capital assets can be, however, and to a lesser amount are, acquired from unrestricted resources.

NOTE B—COMMITMENTS AND CONTINGENCIES

(a) Litigation

The City is a defendant in a number of lawsuits pertaining to matters that are incidental to performing routine governmental and other functions. Based on the current status of all these legal proceedings, it is the opinion of management that ultimate resolution of such will not have a material effect on the City's financial statements.

(b) Federal Grants

Under the terms of federal grants, periodic audits are required and certain costs may be questioned as not being appropriate expenditures under the terms of the grants. Such audits could lead to reimbursements to the grantor agencies. While questioned costs may occur, ultimate repayments required of the City have been infrequent in prior years.

(c) Franklin County Convention Facilities Authority (CFA) – Convention Facility

The CFA is a separate and distinct entity created under the laws of Ohio. In June 1990, the CFA issued lease revenue bonds for the purpose of constructing a convention facility in downtown Columbus. Also in June 1990, the City and the County of Franklin, Ohio (the County) entered into a lease/sublease arrangement with the CFA pursuant to which the City and the County leased the convention facility as tenants in common from the CFA. The City and the County subleased the facility back to the CFA. The lease requires that the City and the County each pay rent to the CFA in an amount equal to one half of the debt service on the revenue bonds. Under the sublease, the CFA is required to pay rent to the County and the City in an amount equal to such debt service. Such sub rental payments are expected to be derived from the hotel/motel excise tax levied by the CFA, and if such tax is insufficient, from earnings on, and the principal amount of, certain reserve funds created in connection with the issuance of the revenue bonds. If the foregoing amounts are insufficient, the City agreed in the lease to apply that portion of the hotel/motel tax levied by the City and currently paid by the City to a convention and visitors bureau to the payment of rentals under the lease. If,

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

after the application of the foregoing amounts, additional amounts are required to meet the City's and the County's obligations under the lease, such amounts will be paid by the City and the County, in equal shares, from their general resources, provided that their respective legislative bodies have appropriated funds for such purpose. No such payments were necessary prior to or during 2013. The lease will terminate as to the City and the County if their respective legislative bodies fail to appropriate amounts required for rentals thereunder. The total amount of these revenue bonds outstanding at December 31, 2013 was \$138.3 million net of premiums and discounts of \$672 thousand, or a gross amount of \$139.0 million.

(d) Franklin County Convention Facilities Authority (CFA) - Nationwide Arena

In February 2012, the CFA issued lease revenue bonds for the purpose of acquiring the Nationwide Arena, which is located in the Arena District. In connection with such acquisition, and to provide funds for a portion of the acquisition price, the City and Franklin County have entered into a lease-sublease arrangement (the "Arena Lease") with the CFA pursuant to which the City and the County has each agree to pay a portion of its respective "casino tax receipts" (defined below) to the CFA, which will, in turn, pledge such payments to the payment of debt service on indebtedness incurred by the CFA to acquire the Nationwide Arena. Pursuant to Section 6, Article 15 of the Ohio Constitution, the State is required to collect a tax on each of the casinos authorized by that section and distribute such moneys (the "casino tax receipts") to each of the host county and City in which a casino is located. The Columbus casino opened October 2012. Under the Arena Lease, 25 percent of the City's annual casino tax receipts will be paid to the CFA through 2015, and that the percentage of annual casino tax receipts payable under the Arena Lease will increase by one percent each year to a maximum of 32 percent beginning in 2022. The City paid \$2.6 million to CFA in 2013 under the Arena Lease.

The Arena Lease is anticipated to be effective for 27 years, subject to extension or earlier termination upon certain circumstances. No general funds of the City will be pledged or encumbered to the payment of any of the City's obligations under the Arena Lease and any of the City's payment obligations under the Arena Lease will be subject to annual appropriation being made by City Council and will be payable solely from, and only to the extent of, any casino tax receipts.

(e) Franklin County Convention Facilities Authority (CFA) - Hotel

Under a Cooperative Agreement among the CFA, the County of Franklin, Ohio and the City, dated January 1, 2010, the City has committed to provide funding from two revenue sources to assist the Authority in paying the debt service on bonds issued by the Authority to finance the construction of a new hotel. The City's payment obligation consists of making annual payments to the Authority of all City Hotel-Motel Excise Tax collections levied on the new hotel and to maintain a fund of \$1.4 million from the incremental parking meter receipts resulting from increases in the City's parking meter charges after 2009 which funds would be available for debt service, if needed. The City paid \$931 thousand to CFA in 2013 under the Cooperative Agreement.

(f) Electricity Purchase Power Agreement

The City's Electricity Enterprise celebrated its 114th year of operation in 2013. The Enterprise presently serves 440 industrial customers, 2,657 commercial customers and 9,146 residential customers for a total of 12,243 in 2013. The Enterprise received approximately \$23.5 million (27 percent) of its operating revenue from other funds of the City for electric power. The enterprise purchases and resells power. It does not generate power.

The City's Electricity Enterprise continued to receive the bulk of its power supply from American Electric Power Service Corporation (AEPSC) in 2013. This agreement with AEPSC is set to conclude on May 31, 2014. Following this, a supply agreement is in place with American Municipal Power, Inc., (AMP) for power supply through December 31, 2016. AMP is a Columbus-based municipal electric supply organization. Beyond 2016, the Enterprise has a power supply agreement in place with AEP Energy Partners, Inc., a

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

Company Act of 1940. Investments in STAROhio are valued at STAROhio's share price that is the price the investment could be sold for on December 31, 2013.

Management of STAROhio states that its policy also prohibits investing in derivatives and/or engaging in the use of reverse repurchase agreements. Average days to maturity of the STAROhio portfolio at December 31, 2013 was 53 days (55 days at December 31, 2012). The City is prohibited from using reverse repurchase agreements and does not leverage its investment portfolio in any manner. The City purchases investments only through member banks of the Federal Reserve System or broker dealers registered with the National Association of Security Dealers. The City requires broker dealers to formally apply for and be evaluated for eligibility to conduct business with the City.

The City's investment code limits its investments to those governmental type investments noted below. Only eligible investments with the remaining terms not greater than three years until final maturity are purchased by the Treasurer. Investments with a remaining term of greater than two years may be purchased only with the specific approval of City Council. Average days to maturity of the City's investments with the Treasurer at December 31, 2013 was 530.0 days (447.6 days at December 31, 2012).

Investments as permitted by Chapter 325 of the Columbus City Code are:

- A. Bonds, notes, or other obligations of the United States government or its Agencies for which the faith of the United States is pledged for the payment of principal and interest thereon. They are:

Obligations of the United States government:

- United States Treasury Bills
- United States Treasury Notes
- United States Treasury Bonds
- United States Treasury Strips

Obligations guaranteed by the United States government:

Federal government agencies:

- Department of Housing and Urban Development
- Farmers Home Administration
- General Service Administration
- Government National Mortgage Association
- Maritime Administration
- Washington Metropolitan Area Transit Authority

- B. Bonds, notes, debentures, or other obligations issued by any of the federal government-sponsored enterprises listed below. They are:

- Federal Farm Credit System
- Federal Home Loan Banks
- Federal Home Loan Mortgage Corporation
- Federal National Mortgage Association

- C. The Ohio State Treasurer's Asset Reserve Funds (STAROhio) pursuant to Ohio Revised Code 135.45;

- D. Bonds or other obligations of the City of Columbus, Ohio;

- E. Obligations of the State of Ohio or any municipal corporation, village, county, township, or other political subdivision of the State of Ohio, as to which there is no default of principal or interest and which have been approved as to their validity by nationally recognized bond counsel.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

- F. Certificates of deposits (collateralized as described below) in eligible institutions applying for moneys as provided in Chapter 321 of Columbus City Codes; and
- G. Repurchase agreements that are collateralized with legally authorized securities as defined in Chapter 321.08 of Columbus City Code and held in third-party safekeeping designated by the City Treasurer and in the name of the City of Columbus.

Safeguarding activities call for the City's investments with the Treasurer, except for investments with STAROhio, investments held by revenue bond trustees, fiscal and escrow agents, and certain debt service and agency funds, to be held in book entry form at federal reserve banks in the accounts of certain member banks-agents of the City who hold the investments in the City's name.

The revenue bond agreement of the sanitary sewer enterprise requires certain cash and investments to be maintained and managed by trustees. The trustee, bank trust departments, invests these monies at the direction of the City Auditor pursuant to the revenue bond agreements.

All of the City's deposits and investments comply with State statutes, City ordinances, and applicable bond indentures.

Deposits: Custodial credit risk is the risk that, in the event of a bank failure, the City's deposits may not be returned. The City's policy is to place deposits with major local banks (as defined by Chapter 321 of the City Code) approved by the Depository Commission. All deposits, except for deposits held by fiscal and escrow agents or trustees, are collateralized with eligible securities in amounts equal to at least 105 percent of the carrying value of the deposits. Such collateral, as permitted by Chapter 135 of the ORC and Chapter 321 of the Columbus City Code, is held in single financial institution collateral pools at Federal Reserve Banks, or at member banks of the federal reserve system in the name of the respective depository bank, and pledged as a pool of collateral against all of the public deposits it holds or as specific collateral held at a Federal Reserve Bank in the name of the City.

At December 31, 2013, the carrying amount of all City deposits, exclusive of money market funds in the amount of \$2,564,448 held by bond trustees, was \$215,264,243. Based on the criteria described in GASB Statement No. 40, *Deposits and Investment Risk Disclosures*, as of December 31, 2013, \$2,313,077 of the City's bank balance of \$214,692,837 was exposed to custodial risk as follows:

	(in thousands)
Uninsured and collateral held by the pledging financial institution's agents not in the City's name	\$ 1,648
Uncollateralized and uninsured	<u>665</u>
Total balances per banks	<u>\$ 2,313</u>

The money market funds, amounting to \$2,564,448, while held by bond trustees as the City's agents and in the City's name, are also considered uncollateralized and uninsured. However, their disposition and availability are governed by bond ordinances and indentures.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

Investments: As of December 31, 2013, the City had the following investments and maturities (amounts in thousands):

	Fair Value	Investment Maturities				
		6 months or less	7 to 12 months	13 to 18 months	19 to 24 months	Greater than 24 months
STAROhio	\$ 20,426	20,426	-	-	-	-
US Treasuries	1,450	1,450	-	-	-	-
FFCB Notes	321,113	-	30,018	111,995	24,975	154,125
FHLB Notes	354,852	88,037	21,864	20,735	-	224,216
FHLMC Notes	411,953	110,031	150,677	-	28,014	123,231
FNMA Notes	363,093	-	90,979	64,085	89,871	118,158
City of Columbus Assessment Bonds	136	-	136	-	-	-
Total	\$ 1,473,023	219,944	293,674	196,815	142,860	619,730

Interest Rate Risk. As a means of limiting its exposure to fair value losses arising from rising interest rates, the City's investment policy generally limits investment portfolio maturities to three years or less.

Credit Risk. The City's investments in FFCB, FHLB, FHLMC, and FNMA Coupon Notes were rated AA+ and Aaa by Standard & Poor's and Moody's Investor Services, respectively. The City's investments in various City of Columbus bonds and notes totaling \$136,448 were not specifically rated; however, the City of Columbus Assessment Bonds are general obligations of the City. The City's general obligation bond ratings by Standard & Poor's, Moody's Investor Services, and Fitch Ratings are AAA, Aaa, and AAA, respectively. Standard and Poor's has assigned STAROhio an AAAM money market rating. The City's policy regarding credit risk is manifest in the types of investments the City is permitted to purchase as prescribed by the City Code, as described above.

Concentration of Credit Risk. The Treasury Investment Board guidelines do not place a limit on the amount which may be invested in any one issuer. Of the City's total investments, 24.1 percent are FHLB Notes, 24.6 percent are FNMA Notes, 28.0 percent are FHLMC Notes, and 21.8 percent are FFCB Notes. All other investments not explicitly guaranteed by the U.S. government are 1.4 percent of the City's total investments. Investments explicitly guaranteed by the U.S. Government are 0.1 percent of the City's total investments.

Custodial Credit Risk. Safeguarding activities per the City Code call for the City's investments with the Treasurer, except for investments with STAROhio, investments held by revenue bond trustees, fiscal and escrow agents, and certain debt service and agency funds, to be held in book entry form at federal reserve banks in the accounts of certain member banks-agents of the City who hold the investments in the City's name. The City's investments in US Treasuries, FFCB Notes, FHLB Notes, FHLMC Notes and FNMA Notes are held by Fifth-Third Trust at the Federal Reserve in Fifth-Third Trust's name.

Housing and Urban Development (HUD) loans include Community Development Act (CDA) loans of \$23.6 million, Home Investment Partnerships (HOME) Program loans of \$56.3 million, and various other loans totaling \$28.0 million. Funds received under these programs that are loaned to eligible recipients are recorded as loans receivable. The City has recorded a \$101.7 million allowance for uncollectible HUD loans. Loans provided for certain homeownership programs are forgiven if the homeowner remains in the home for the period of affordability specified in the program rules. Although some loans are repaid because the homeowners have elected to relocate elsewhere, the repayment is limited to net proceeds after payment of the first mortgage and seller closing costs and; therefore, most repayments are minimal.

Enterprise customer and other accounts receivable include unbilled charges for services at December 31, 2013 as follows:

	(in thousands)
Water enterprise	\$ 18,308
Sanitary sewer enterprise	26,438
Storm sewer enterprise	3,509
Electricity enterprise	<u>2,908</u>
Total unbilled charges for services	<u>\$ 51,163</u>

NOTE F—CAPITAL ASSETS

Capital assets; those assets with an estimated useful life of five years or more from the time of acquisition by the City and a cost of \$5,000 or more, are primarily funded through the issuance of long term bonds and loans. Land and construction in progress are not subject to depreciation.

A summary of capital assets and changes occurring in 2013 follows.

New Issue and Refundings

Current Refunding

On June 13, 2013, the City sold \$359.715 million of various purpose general obligation refunding bonds to currently refund \$427.400 million in outstanding bonds. The proceeds from the current refunding (\$359.715 million) were used to refund a portion of the City's outstanding Series 2009CD Build America Bonds, Series 2010CD Build America Bonds, Series 2010-2C Build America Bonds and Recovery Zone Economic Development Bonds, and the Series 2010-3AB Recovery Zone Economic Development Bonds, all of which were currently callable.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

The principal retirement in the Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances is comprised of the following.

	(in thousands)
OPWC notes	\$ 543
General obligation bonds	102,125
General obligation notes	1,343
Revenue bonds and notes (TIFs)	101
Blended component unit - Lease revenue bonds	4,095
Total	\$ 108,207

Proceeds from bonds and long-term notes in the Governmental Funds Statement of Revenue, Expenditures, and Changes in Fund Balance consist of the following.

	(in thousands)
General obligation bonds - New Issues	\$ 220,790
OPWC Notes	562
Total	\$ 221,352

In addition, the City issued \$300 thousand in bond anticipation notes that are reported as notes payable on the Governmental Funds Balance Sheet.

Short-Term Notes

Series 2013-1 Various Purpose Limited Tax Notes (General Obligation): Notes in the amount of \$19.800 million were issued in September 2013 to refund the City's Series 2012-1 Parking Garage Notes and Preserve TIF District Notes.

The City had borrowed a total of \$29.500 million through the issuance of bond anticipation notes, of which \$19.500 million remains currently outstanding, to acquire and construct an approximately 773-space parking garage located at the corner of Rich and Front Streets and an approximately 682-space parking garage located at the corner of Fourth and Elm Streets. Construction of the two garages is now complete.

The remaining notes, in the amount of \$300 thousand, were initially issued to provide funds for transportation-related improvements in the Preserve TIF District project area.

The City expects to refund the notes with the proceeds of bonds, or refunding bond anticipation notes, to be issued prior to the September 2, 2014 maturity date of the notes. The City intends to pay debt service on these bonds from (i) special assessments levied in order to pay a portion of the cost of the Fourth and Elm Garage; (ii) TIF revenues generated in the downtown area to pay a portion of the cost of the garages; (iii) parking revenues received from the operation of the garages; and (iv) TIF revenues collected by the City to pay for the Preserve TIF District project.

Long-Term Notes

Except for the TIF notes, all other notes payable are backed by the full faith and credit, i.e. general obligations, of the City. Notes may be issued in anticipation of long-term bond financing and are refinanced until such bonds are issued. There are, however, long-term notes for which the debt service will be paid from current resources. Those notes are as follows.

State Infrastructure Bank (SIB): The City currently has one SIB loan, totaling \$7.287 million, which is administered and funded by the Ohio Department of Transportation. The loan, for the Main St. Bridge project, provides funds for the replacement and construction of the new bridge and accompanying infrastructure. The amount disbursed to date is \$10.758 million, of which \$7.287 million remains outstanding.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

Ohio Public Works Commission (OPWC): OPWC extends both grants and loans to the City. In certain OPWC commitments, the agreements with OPWC provide for cash received by the City to be first considered as grant receipts. Monies received by the City after the grant commitment has been fulfilled by OPWC are then considered loans. Only the loan portion need be repaid by the City. The first two commitments from OPWC included loan monies only.

Notes in the amount of \$5.936 million accounted for as Governmental activities represent the amounts due on twenty-six loans from the Ohio Public Works Commission (OPWC) for infrastructure improvements. These notes are non-interest-bearing and have serial maturities, with final maturities July 1, 2034. Initial repayments of the loans began in July 1994. OPWC has committed to additional non-interest-bearing loans as shown in the following table. Cash is provided to the City by OPWC only to the extent of project completion. Only that portion of the loan commitment actually paid to the City is recognized as a liability by the City. Repayments of these loans are made from the Debt Service Fund. OPWC loans are considered general obligations of the City and Governmental activities obligations.

Grant and loan commitments and loans outstanding at December 31, 2013 were as follows (in thousands):

Project	Project Number	Total grant commitment	Total loan commitment	Repaid by City			Outstanding Loans at 12/31/2013

Future debt service requirements on the OPWC loans and loan commitments are shown as Future Debt Service for Governmental Activities Non-Proprietary – Notes contained in this Note G.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

Notes (TIF): This amount represents a developer's participation in debt service on certain limited general obligation bonds. The agreement between the City and the developer requires the developer to pay to the City 65 percent of debt service on the applicable portion of the bonds less the revenues received by the City from two TIFs. When the applicable TIF revenues exceed 65 percent of the debt service on the applicable portion of the bonds, the City must begin repaying the developer. The amounts received by the City from the developer were as follows:

<u>Date received from developer</u>	<u>(in thousands)</u>
April 27, 2002	\$ 1,221
March 5, 2003	1,837
February 19, 2004	1,542
February 10, 2005	1,255
January 24, 2006	818
January 17, 2007	741
January 31, 2008	443
January 29, 2009	91
January 20, 2010	53
	<u>\$ 8,001</u>

The interest rate on the notes shall not exceed the City's rate of borrowing on general obligation bonds. The interest rate on the notes is estimated to be 4.45 percent. The repayment obligation is limited solely to revenues of the two applicable TIFs and does not constitute a general obligation of the City.

Also included is \$2.050 million representing TIF revenues pledged to the Columbus Franklin County Finance Authority for proceeds of bonds issued by the Authority but given to the City for park land acquisition. The recording of the \$2.050 million is pursuant to GASB Statement No. 48, "Sales and Pledges of Receivables and Future Revenues and Intra-Entity Transfer of Assets and Future Revenues".

Arbitrage Regulations

The City has calculated and recorded all liabilities related to federal arbitrage regulation.

(1) Interest is calculated at the rate of 0.00 percent from the date monies are first disbursed to the City until, and including, the last day of the twelfth month. From the first day of the thirteenth month and thereafter, interest will be calculated at the rate of 3.00 percent.

(2) Intended to be converted to long-term debt.

(3) The interest rates identified on the City's General Obligation debt above are calculated using the actual coupon rates on each series of bonds or notes. The rates are not representative of the true interest costs to the City. As a result of low interest rates, the market for the sale of the City's bonds and notes has frequently produced bids at a stated coupon rate with a premium payable upon the sale of the securities, which creates a true interest cost (TIC) substantially less than the coupon rate.

CITY OF COLUMBUS, OHIO

Variable interest rate bonds

The variable interest rate bonds were issued, pursuant to ordinances adopted by Council, in the Sanitary Sewer Enterprise in 2006 and 2008. The 2008 Sanitary Sewer (weekly interest rate mode) bonds are revenue bonds. The 2006 Sanitary Sewer Enterprise bonds are variable rate, weekly interest rate mode, general obligation bonds. The proceeds of the bonds were used to provide funds for certain capital improvements, retire certain bonds previously issued by the City, and pay costs incurred to issue the bonds.

Variable Rate Issues by Purpose	Outstanding at	
	12/31/2013	Source of Liquidity
Sanitary Sewer: Series 2006 G.O. and 2008 Rev. Bonds	\$103,855,000	Self-Liquidity

Interest on the variable interest rate bonds is paid at various times as specified in the trust agreements relating to such bonds, at rates determined by the remarketing agent and the City after reviewing the rates of similar municipal issues. The bonds may be put at the discretion of the holders at a price equal to principal plus accrued interest on any interest payment date or such other dates as specified in the trust agreements. The remarketing agent is authorized to use its best efforts to sell the put bonds at a price equal to 100 percent of the principal amount.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

The Sanitary Sewer variable rate revenue bonds (\$51.855 million) and variable rate general obligation bonds (\$52.000 million) carry no letter of credit or liquidity enhancement. If a put bond proves to be unremarkable by the remarketing agent, the City is required by statute to buy the bonds into its own portfolio.

While the City is required to buy the bonds into its own portfolio, the bonds are not considered redeemed or retired.

Section 325 of the Columbus City Code states the following:

If obligations of the City which provide for put arrangements are outstanding and if the remarketing agent for such obligations is otherwise unable to remarket such obligations upon the tender for purchase thereof in accordance with their terms, then to the extent that there are moneys in the treasury of the City available for investment pursuant to C.C. 325.010, the City treasurer shall purchase such obligations for the treasury investment account at a price not in excess of the principal amount thereof plus accrued interest, if any, and retain such obligations in the treasury investment account, until the earlier of their maturity or such time as they are remarketed by the remarketing agent.

If uninvested moneys in the treasury of the City are insufficient to provide for purchase of obligations of the City under the circumstances described in the immediately preceding paragraph of this section, the City treasurer shall convert such other investments made pursuant to C.C. 325.010 to cash to the extent necessary, and at such time as is necessary, to provide sufficient moneys for such purchase.

Obligations purchased by the City treasurer pursuant to this section shall remain outstanding in accordance with their terms and shall not be considered redeemed or retired as a result of the purchase thereof pursuant to this section. [Emphasis added]

It is the City's intention for the bonds to remain outstanding until their maturity and are therefore considered long-term debt by the City. Because this financing arrangement pursuant to the City Code is not an arm's length agreement with an unrelated third party, GASB Interpretation 1 requires the bonds to be reported as a current liability. As such, the variable interest rate self-liquidity bonds have been classified as current demand bonds on the Statement of Net Position; however, the bonds are included in the future debt services schedules per their respective redemption schedules.

For both the 2006 Sanitary Sewer variable rate general obligation bonds and the 2008 Sanitary Sewer variable rate revenue bonds, the City's self-liquidity provision is rated A-1+ by Standard and Poor's, VMIG1 by Moody's Investors Service, and F1+ by Fitch Ratings.

On March 20, 2014, Fitch Ratings, Inc. ("Fitch") announced that it had downgraded its credit rating for the following outstanding City revenue bonds:

- \$390,000,000 Sewerage System Fixed Rate Revenue Bonds, Series 2008A, to "AA" from "AA+"
- \$51,855,000 Sewerage System Adjustable Rate Revenue Bonds, Series 2008B, to "AA"/"F1+" from "AA+"/"F1+"

The Rating Outlook is Stable.

A specific interest rate is not required of the Sanitary Sewer variable rate bonds if purchased into the City's investment portfolio.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

The following table reflects the additional interest the City would have to pay if the variable rate bonds were purchased into the City's own portfolio. The assumed incremental interest rate in the table is 3.25 percent.

(in thousands)

Year ending December 31:	Sanitary Sewer General Obligation and Revenue Bonds
2014	\$ 3,373
2015	3,243
2016	3,117
2017	2,983
2018	2,853
2019-2023	12,318
2024-2028	9,201
2029-2032	5,000
	\$ 42,088

The City may, at its option, convert the variable rate bonds to a fixed rate. Furthermore, the bonds may be called at the discretion of the City under specified procedures on any interest payment date. These variable rate bonds are not auction rate securities.

Future Debt Service

The following tables summarize the City's future debt service requirements on its outstanding bonds, long-term notes, \$19.500 million of business-type short-term notes (Parking Garages), and OWDA/EPA loans and loan commitments as of December 31, 2013. Future interest assumes rates on variable rate debt at the respective issues' average rates since inception.

Although the City's self-liquidity supported variable rate bonds may be payable upon demand (see the Variable Interest Rate Bonds section), the bonds are included in the below table per their respective redemption schedules (in thousands).

Year ending December 31:	Governmental Activities Non-Proprietary*			Governmental Type Internal Service	
	Bond	Note		Bond	
	Principal	Principal	Interest	Principal	Interest

	<u>\$ 18,736</u>	<u>4,327</u>	<u>115,239</u>	<u>37,832</u>	<u>19,500</u>	<u>388</u>

All refunds from the U.S. Treasury that result from the issuance of the Build America Bonds' Recovery Zone Economic Development Bond program shall be deposited into the City fund responsible for making the debt service payment on the related bonds. Such amounts have not been reflected in the future debt service schedules.

Restricted Assets

In conjunction with the issuance of the Sanitary Sewer revenue bonds, the City entered into various trust agreements with commercial banks. These trust agreements require that the City establish funds for the cost of construction and repayment of debt. The restricted asset balances in the Enterprise Funds segregate funds held by the City from funds held by trustee in accordance with the trust agreement. In addition, cash related to proceeds of bonds issued for capital projects is restricted by bond ordinances. Enterprise restricted assets consisted of the following at December 31, 2013 (in thousands):

	Water	Sanitary Sewer	Storm Sewer	Electricity	Total Enterprise
Held by the City:					
Construction funds	\$ 264,232	128,922	25,115	6,331	\$ 424,600
For Others as deposits	71	505	-	942	1,518
Held by trustees:					
Debt service funds	-	1,534	-	-	1,534
State of Ohio construction fund	1,030	-	-	-	1,030
Total restricted assets	<u>\$ 265,333</u>	<u>130,961</u>	<u>25,115</u>	<u>7,273</u>	<u>\$ 428,682</u>

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

Restricted assets consist of cash, cash equivalents, and investments. In addition, these trust agreements require the City to pledge net revenues (defined in the trust agreement as revenues less operating and maintenance expenses) of the Sanitary Sewer Enterprise Fund to the payment of the principal and interest on the respective bonds when due.

In the opinion of management, the City has complied with all bond covenants.

Matured Bonds and Interest

Matured bonds and interest payable include \$774 thousand and \$241 thousand, respectively, at December 31, 2013 and 2012.

OWDA/EPA

Loans payable to the Ohio Water Development Authority (OWDA/EPA), in the amount of \$902.841 million, are funded by the Ohio Environmental Protection Agency. \$858.659 million are revenue obligations incurred to help finance sanitary sewerage treatment facilities and are to be repaid from charges for sanitary sewerage services. \$44.182 million are revenue obligations incurred to help finance an elevated water storage tank and are to be repaid from charges for water services.

Voted Debt Authority

Various amounts of debt for various purposes were authorized by the City's voters (voted-unlimited) in November 2008 and November 2013. The remaining unissued amounts and purposes of these authorizations are shown in the following table. There is no time limit regarding utilization of the authorization.

		(in thousands)			
	Date	Total	Issued in	Issued in	Unissued as of
	Authorized	Authorized	2004-2012	2013	12/31/2013
Safety and health	2008	\$ 86,170	78,100	8,070	\$ -
Streets and highways	2008	345,630	192,200	89,025	64,405
Water system	2008	524,700	444,790	32,305	47,605
Refuse collection	2008	32,205	31,045	1,160	-
Sanitary sewer system	2008	551,970	190,805	48,560	312,605
Recreation and parks	2008	124,215	84,515	35,215	4,485
Safety and health	2013	52,500	-	-	52,500
Recreation and parks	2013	123,910	-	-	123,910
Public service	2013	220,300	-	-	220,300
Public utilities	2013	445,295	-	-	445,295
		<u>\$ 2,506,895</u>	<u>1,021,455</u>	<u>214,335</u>	<u>\$ 1,271,105</u>

Bonds identified above as Sanitary sewer system, Electricity, Water system, and Storm sewer system are accounted for in the respective business-type enterprise funds. Other bonds are accounted for as Governmental Activities bonds.

Legal Debt Margins

The Ohio Revised Code provides that the total net debt (as defined in the ORC) of a municipal corporation, whether or not approved by the electors, shall not exceed 10.5 percent of the total value of all property in the municipal corporation as listed and assessed for taxation. In addition, the unvoted net debt of municipal corporations cannot exceed 5.5 percent of the total taxation value of property. The statutory limitations on debt are measured by the ratio of net debt to tax valuation and expressed in terms of a percentage. At December 31, 2013 the City's total net debt amounted to 7.26 percent of total assessed value of all property within the City and unvoted net debt amounted to 1.92 percent of the total assessed value of all property within the City. The City had a legal debt margin for total debt of \$473.096 million and a legal debt margin for unvoted debt of \$523.142

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

million. The aggregate amount of the City's unvoted debt is also subject to overlapping debt restrictions with other political subdivisions.

Tax Increment Financing Districts (TIFs)

The City, pursuant to the Ohio Revised Code and City ordinances, has established 61 TIFs. A TIF represents a geographic area wherein property values created after the commencement date of the TIF are exempt, in whole or in part, from property taxes. Owners of such property, however, must pay amounts equal to the property taxes, known as "service fees", as though the TIF had not been established. These "service fees" are then dedicated to the payments for various public improvements within or adjacent to the TIF area. However, payments from two of the TIFs will assist the City in paying for certain public improvements in an area remote from the TIF area. Property values existing before the commencement date of a TIF continue to be subjected to property taxes.

Gross "service fee" revenue was \$26.803 million less \$403 thousand in county auditor deductions for a net total of \$26.400 million in 2013 and is accounted for as miscellaneous revenue in certain Debt Service and Capital Projects Funds since these monies are intended to be used to construct public improvements through payment of principal and interest on bonds issued for that purpose and payments to developers on reimbursements agreements. Corresponding capital assets are accounted for in the City's infrastructure accounts.

With the exception of one 20 year TIF, the City's TIFs have a longevity of the shorter period of 30 years or until the public improvements are paid for. The property tax exemption then ceases; service fees cease, and property taxes then apply to the increased property values.

Subsequent Event

On January 30, 2014, the City sold \$97.560 million of general obligation refunding bonds to advance refund \$96.935 million of certain outstanding bonds issued in 2005 through 2007. Of the total \$97.560 million of general obligation bonds issued, \$55.695 million are tax exempt bonds and \$41.865 million are taxable bonds. Internal service fund debt is included in governmental type debt.

Further information regarding this bond issue follows (in thousands):

Notes to the Financial Statements, continued

NOTE H—DEFERRED INFLOWS / DEFERRED OUTFLOWS OF RESOURCES

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/expenditure) until then. The City only has one item that qualifies for reporting in this category. It is the deferred charge on refunding reported in the government-wide and proprietary fund statements of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. The City has nonexchange revenue transactions where a receivable has been recorded because property taxes were levied, but the resources cannot be used until a future period. This item has been reported as deferred inflow on the government-wide statement of net position.

On the modified accrual basis of accounting, the City has recorded certain receivables where the related revenue is unavailable. Unavailable revenues have been reported as deferred inflows of resources on the governmental fund balance sheet for the following (in thousands):

	Governmental Type Funds			Totals
	Other		Totals	
	General	Special Income Tax		
Income tax (Note L)	\$ 50,250	16,750	-	\$ 67,000

Total deferred inflows of resources	\$ 103,809	17,030	46,811	\$ 167,650

NOTE I—PROPERTY LEASED TO OTHERS

- The City leased to others in 1985, an office building known as the old, old post office. The City has no net investment in this lease because the City's purchase price of \$3 million for the building was entirely recovered by a lease payment received at the lease's inception. The initial lease term was for 20 years with a 20-year renewal term at \$100 per year. The lessee renewed the lease in December 2005 for an additional 20 years. The lessee may then purchase the property at its then fair market value or continue to lease it for up to 55 additional years.
- The City leases certain real property, together with buildings and improvements located thereon, to the Columbus Zoological Park Association (the Zoo). The lease, with annual rental payments of \$10 per year, which was paid in a lump sum of \$200 before the first anniversary date of the amended lease, is an extension of earlier leases that began in 1970. This current lease which commenced in 2003 expires December 31, 2023. The Zoo uses and occupies the premises solely for zoological, conservation, educational, research, and recreational purposes. Animals at the Zoo are not owned by the City.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

- The City completed construction of the Griggs Boathouse in 2011 on the City property located at 3033 Thoburn Rd. The construction was funded from monies provided by The Ohio State University (OSU). The property and associated building remains a City of Columbus asset. The construction agreement provided for the completed facility to be used by OSU, the Greater Columbus Rowing Association (GCRA), and the City. The subsequent lease agreement between the three parties determines their responsibilities based on the percentage of area used by each as 50 percent, 33.5 percent, and 16.5 percent, respectively. There are two leases associated with the Griggs Boathouse. The first lease is with OSU and is a term of 40 years with an annual review and renewal of the terms of the rental amount. The second agreement is with GCRA and is a five (5) year lease with an option for automatic renewal for an additional five (5) years. The rental factors include annual and regular operations and maintenance (utilities, custodial, annual preventative maintenance, building insurance, and telecommunications) as well as longer term costs for interior repairs and replacement and exterior hardscape, softscape & building repair and replacement. Rent collections are accounted for in a special revenue fund.
- In 2011 the City completed construction on the Scioto Mile properties. Included was the construction of a restaurant facility located at 229 Civic Center Drive within the Bicentennial Park. In 2011 the City entered into a three year lease agreement with KA Restaurant Concepts LLC for the operations of the restaurant facility. The agreement establishes the rent at 3 percent of the first two million dollars in gross sales, and 5 percent of gross sales exceeding two million dollars. Rent collections are held in a special revenue fund for the purpose of paying utilities consumed by the tenant at the restaurant, for the exterior and structural repair and replacement needs of the restaurant facility itself as well as any other repair and replacement needs of the park and facilities at Bicentennial Park.
- The City leases to Specialty Restaurant Corporations 5.147 acres of real property located at the confluence of the Olentangy and Scioto Rivers under a long term ground lease.
- The City also leases part of a City-owned building at 1111 East Broad Street to various other government related agencies. In 2013, the City received \$1,248,303 in rental payments that were accounted for in a special revenue fund.
- On April 22, 2004, pursuant to Ordinance No, 0624-03, the City purchased the Lincoln Theater property for \$1,000,000. On July 27, 2007, pursuant to Ordinance No. 2253-2006, the City leased the property to the Lincoln Theater Association, an Ohio nonprofit corporation, under a 99 year lease. Under the terms of the lease the Lincoln Theater Association was required to undertake major renovations to the building and to use the building primarily for the presentation of theatrical, musical, comedy and other performing arts. The City, Franklin County, and private organizations contributed toward rehabilitation and restoration efforts of the theater in addition to the major renovations required under the lease agreement.
- The City leases three City-owned buildings to the Columbus Neighborhood Health Center, Inc. to run community health centers. These buildings are located at 2300 West Broad Street, 1905 Parsons Avenue, and 1180 East Main Street. In 2013, the City received \$409,390 in rental payments.

In addition to the major leases itemized here, the City has numerous other properties leased out in varying terms and amounts.

NOTE J—LEASE COMMITMENTS AND LEASED ASSETS

- The City leases a significant amount of property and equipment under short term operating leases. Total payments on such leases for the year ended December 31, 2013 were approximately \$2.9 million (\$4.6 million in 2012).
- The City also leases a building under a capitalized lease. The cost of the building, \$19.8 million, is included in the City's capital assets used in governmental activities. The final capital lease payment on the building was paid by the City in 2005. In December 2008, the City agreed to terms for the lease of this building which

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

include: an initial term of one year commencing on April 1, 2009 and continuing for successive one-year terms unless the City provides 60 day written notice of its intention not to terminate and subject to annual appropriation of funds for payment of rent; annual rent will be the sum of the actual operating cost to provide janitorial services to the space occupied by the City and a pro-rated insurance cost; upon the City's expenditure of an accumulated cost of \$30 million in capital improvements by no later than December 31, 2030, the City shall have an option to take fee title to the building with payment of the leased option purchase price as defined in the lease.

- On April 1, 1993, the City leased to the Solid Waste Authority of Central Ohio (SWACO) an electricity-generating, solid waste recovery plant and related transfer stations (the Plant). The annual lease payments to the City were to be in the amount of the related debt service requirements. The lease was accounted for as a capital lease and was originally accounted for in the Electricity Enterprise Fund.

Due to a series of federal court decisions and U.S. E.P.A. decisions, the Plant ceased operations in 1994. Because the asset underlying the lease was no longer a functioning asset, the lease was transferred from the Electricity Enterprise Fund to the Special Income Tax debt service fund in 1994 and to the City's General Fund in 2004.

Through various amendments to the lease, the City agreed to reduce the amount due from SWACO to the City to an amount equal to 65 percent of debt service and associated bond costs required for the City's bonds from January 1, 1995 to the bonds' final maturity in 2010. SWACO agreed to impose a new fee on garbage originating throughout the SWACO boundaries, primarily Franklin County, Ohio. The City, rather than pay cash to SWACO for residential type garbage picked up by City garbage trucks, grants a credit to SWACO against the amount due by SWACO to the City. The final credit from SWACO was received in the first quarter of 2012 and the City has begun paying the fee to SWACO. This fee applies to all garbage originating within SWACO boundaries regardless of whether the garbage is disposed of (tipped) at SWACO's landfill or not. This fee, authorized by SWACO in December 1998, became effective at various dates in 1999. As a result of additional modifications to the SWACO lease agreement, the term of the lease has been extended to March 31, 2054.

SWACO operates a landfill and agrees to continue to operate the landfill in a manner that ensures that disposal capacity in the Franklin County Landfill will be available to the City and its residents through, at a minimum, the year 2025. The City continues to agree to dispose of all garbage collected by the City at the SWACO landfill. In 2013, the City paid SWACO a total of \$16.6 million from all funds for landfill tipping fees (\$17.2 million in 2012).

- During 2004, the City entered into an agreement with its component unit, RiverSouth, for the lease of approximately 1.621 acres of land, as described in Note A. The lease of the land, valued at \$2 million, is considered a capital lease. Since RiverSouth is a blended component unit, the \$2 million capital lease and corresponding \$2 million "investment in capital lease with the primary government" have been eliminated from the government-wide financial statements.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

NOTE K—PENSION PLANS

Police and fire-sworn personnel participate in the statewide Ohio Police and Fire Pension Fund (OP&F). Substantially all other City employees participate in the statewide Ohio Public Employees Retirement System (OPERS). Both OP&F and OPERS are cost sharing multiple-employer public employee retirement systems administered by their respective Retirement Boards. The OP&F Board consists of 6 members elected by representative groups and 3 statutory members. The OPERS Board consists of 7 members elected by representative groups, 1 statutory member, and 3 appointed members. The total payroll for the City's employees for the year ended December 31, 2013 was \$559.2 million. Of this amount, \$282.2 million was covered by OP&F, \$267.6 million was covered by OPERS, and \$9.4 million was not subject to pension benefit calculations.

Employer and employee required contributions to OP&F and OPERS are established by the Ohio Revised Code (ORC) and are based on percentages of covered employees' gross salaries, as defined. In addition to paying the employer's share as required by the ORC, the City pays a portion of the employee's share.

Required contributions to OP&F and OPERS are used to fund pension obligations and health care programs. Rates required attributable to 2013 payroll costs are summarized as follows:

	Percentage of covered payroll—January 1, 2013 to December 31, 2013				
	Employee share				
	Paid by City	Paid by employee	Total	Employer Share	Total
OP&F:

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

Police and Fire (OP&F)

OP&F has provided the following information to the City in order to assist the City in complying with GASB Statement No. 27.

- A. OP&F is a cost-sharing multiple-employer defined benefit pension plan.
- B. OP&F provides retirement and disability benefits, annual cost of living adjustments, and death benefits to plan members and beneficiaries.
- C. Authority to establish and amend benefits is provided by state statute per Chapter 742 of the ORC.
- D. OP&F issues a stand-alone financial report. Interested parties may obtain a copy at www.op-f.org, by making a written request to OP&F at: 140 East Town Street, Columbus, Ohio 43215-5164, or by calling (614) 228-2975.
- E. The ORC provides statutory authority for employee and employer contributions. The required contributions are:

	Employees	Employer
Police		
January 1, 2013 thru July 1, 2013	10.00%	19.50%
July 2, 2013 thru December 31, 2013	10.75%	19.50%
Fire		
January 1, 2013 thru July 1, 2013	10.00%	24.00%
July 2, 2013 thru December 31, 2013	10.75%	24.00%

- F. The City's employer share contributions to OP&F for the years ended December 31, 2013, 2012, and 2011 were (in thousands) \$60,726, \$58,801, and \$57,937, respectively, or 53 percent of required contributions for 2012, 57 percent of the required contributions for 2011 and 62 percent of required contributions for 2010. During 2013, the City paid a 100 percent of the statutorily required contributions.

City data indicates the statutorily required amounts for the past five years have been:

Year	Employee share paid by employee	Employee share paid by City	Employer share paid by City	Total paid by City
(in thousands)				
Police:				
2013	\$ 9,280	\$ 6,825	30,389	\$ 37,214
2012	6,907	8,216	29,489	37,705
2011	6,639	8,120	28,781	36,901
2010	5,129	9,259	28,055	37,314
2009	3,464	9,995	26,251	36,246
Fire:				
2013	\$ 9,767	\$ 3,300	30,337	\$ 33,637
2012	6,622	5,591	29,312	34,903
2011	4,195	7,953	29,156	37,109
2010	2,942	8,849	28,300	37,149
2009	2,970	7,991	26,305	34,296

OP&F has provided the following information pertaining to other postemployment benefits for health care costs in order to assist the City in complying with GASB Statement No. 45.

- A. Plan Description
OP&F provides access to postretirement health care coverage to any person who receives or is eligible to receive a monthly service, disability, or statutory survivor benefit or is a spouse or an eligible dependent

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

child of such person. The health care coverage provided by OP&F is considered an Other Post Employment Benefits (OPEB) as described in GASB Statement No. 45.

The Ohio Revised Code allows, but does not mandate OP&F to provide OPEB benefits. Authority for the OP&F Board of Trustees (Board) to provide health care coverage to eligible participants and to establish and amend benefits is codified in Chapter 742 of the ORC.

B. Funding Policy

The ORC provides for contribution requirements of the participating employers and of plan members to the OP&F (defined benefit pension plan). Participating employers are required to contribute to the pension plan at rates expressed as percentages of the payroll of active pension plan members, currently, 19.5 percent and 24 percent of covered payroll for police and fire employers, respectively. The ORC states that the employer contributions may not exceed 19.5 percent of covered payroll for police employer units and 24 percent of covered payroll for fire employer units. Active members do not make contributions to the OPEB Plan.

OP&F maintains funds for health care in two separate accounts. One for health care benefits under an IRS Code Section 115 trust and one for Medicare Part B reimbursements administrated as an Internal Revenue Code 401(h) account, both of which are within the defined benefit pension plan, under the authority granted by the Ohio Revised Code to the OP&F Board.

The Board is authorized to allocate a portion of the total employer contributions made into the pension plan to the Section 115 trust and the Section 401(h) account as the employer contributions for retiree health care benefits. For the year ended December 31, 2013, the employer contributions allocated to the health care plan was 4.69 percent of covered payroll from January 1, 2013 thru May 31, 2013 and 2.85 percent of covered payroll from June 1, 2013 thru December 31, 2013. The amount of employer contributions allocated to the health care plan each year is subject to the Board's primary responsibility to ensure that pension benefits are adequately funded and also is limited by the provisions of Sections 115 and 401(h).

The OP&F Board also is authorized to establish requirements for contributions to the health care plan by retirees and their eligible dependents, or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected.

The City's contributions allocated to health care for police employer contributions and firefighter employer contribution for the years ended December 31, 2013, 2012, and 2011 were \$5.6 million (police) and \$4.6 million (fire), \$10.2 million (police) and \$8.2 million (fire), and \$10.0 million (police) and \$8.2 million (fire), respectively.

OPERS

OPERS has provided the following information to the City in order to assist the City in complying with GASB Statement No. 27, *Accounting for Pensions by State and Local Governmental Employers* (Statement No. 27).

A. OPERS administers three separate pension plans as described below:

1. The Traditional Pension Plan – a cost-sharing multiple-employer defined benefit pension plan.
2. The Member-Directed Plan – a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20 percent per year). Under the Member-Directed Plan, members accumulate retirement assets equal to the value of member and (vested) employer contributions plus any investment earnings.
3. The Combined Plan – a cost-sharing multiple-employer defined benefit pension plan. Under the Combined Plan, employer contributions are invested by the retirement system to provide a formula retirement benefit similar in nature to, but less than, the Traditional Pension Plan benefit. Member contributions, the investment of which is self-directed by the members, accumulate retirement assets in a manner similar to the Member-Directed Plan.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

- B. OPERS provides retirement, disability, survivor and death benefits, and annual cost of living adjustments to members of the Traditional Plan and Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits.
- C. Authority to establish and amend benefits is provided by state statute per Chapter 145 of the ORC.
- D. OPERS issues a stand-alone financial report. Interested parties may obtain a copy at www.opers.org, by making a written request to OPERS at: 277 East Town Street, Columbus, Ohio 43215-4642, or by calling (614) 222-5601 or 1-800-222-PERS (7377).
- E. The ORC provides statutory authority for employee and employer contributions. For 2013, member and employer contributions were consistent across all three plans. While members in the state and local divisions may participate in all three plans, law enforcement and public safety division exist only within the Traditional Pension Plan.

The City's employee contribution rate in 2013 was 10.0 percent.

The City's contribution rate, as an employer, was 14.0 percent of covered payroll in 2013.

- F. The City's employer share contributions to OPERS for the three years ended December 31, 2013, 2012, and 2011 were (in thousands) \$37,457, \$36,103, and \$35,242, respectively. The employer contributions for all three years were equal to 100 percent of the required employer contributions.

City data indicates the required amounts for the past five years have been:

Year	Employee share paid by employee	Employee share paid by City	Employer share paid by City	Total paid by City
		(in thousands)		
2013	\$ 11,120	\$ 15,633	37,457	\$ 53,090
2012	7,442	18,295	36,103	54,398
2011	3,976	21,195	35,242	56,437
2010	1,321	23,109	34,201	57,310
2009	371	23,391	33,266	56,657

OPERS has provided the following information pertaining to other postemployment benefits for health care costs in order to assist the City in complying with GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pension Benefits* (Statement No. 45).

A. Plan Description

Ohio Public Employees Retirement System (OPERS) administers three separate pension plans: The Traditional Pension Plan – a cost sharing multiple-employer defined benefit pension plan; the Member-Directed Plan – a defined contribution plan; and the Combined Plan – a cost-sharing multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

OPERS maintains a cost-sharing multiple employer defined benefit post-employment healthcare plan, which includes a medical plan, prescription drug program and Medicare Part B premium reimbursement, to qualifying members of both the Traditional Pension and the Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits, including post-employment health care coverage.

In order to qualify for post-employment health care coverage, age and service retirees under the Traditional Pension and Combined Plans must have 10 or more years of qualifying Ohio service credit. Health care coverage for disability recipients and primary survivor recipients is available. The health care coverage provided by the OPERS is considered an Other Postemployment Benefit (OPEB) as described in GASB Statement No. 45.

The ORC permits, but does not mandate, OPERS to provide OPEB benefits to its eligible members and beneficiaries. Authority to establish and amend benefits is provided in Chapter 145 of the ORC.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

B. Funding Policy

The Ohio Revised Code provides the statutory authority requiring public employers to fund postretirement health care through their contributions to OPERS. A portion of each employer's contribution to OPERS is set aside for the funding of post-retirement health care benefits.

Employer contribution rates are expressed as a percentage of covered payrolls of active member. In 2013, the City contributed 14.0 percent of covered payroll. The ORC currently limits the employer contributions to 14.0 percent of covered payroll. Active members do not make contributions to the OPEB Plan.

OPERS's Post Employment Health Care plan was established under, and is administrated in accordance with, Internal Revenue Code 401(h). Each year, the OPERS Board of Trustees determines the portion of the employer contribution rate that will be set aside for funding of post-employment health care benefits. The portion of employer contributions allocated to health care for members in the Traditional Plan was 1.0 percent during calendar year 2013. The portion of employer contributions allocated to health care for members in the Combined Plan was 1.0 percent during calendar year 2013. Effective January 1, 2014, the portion of employer contributions allocated to healthcare was raised to 2 percent for both plans, as recommended by the OPERS Actuary. The OPERS Board of Trustees is also authorized to establish rules for the retiree or their surviving beneficiaries to pay a portion of the health care benefits provided. Payment amounts vary depending on the number of covered dependents and the coverage selected.

C. City Contributions

The portion of the City's contribution used to fund OPEB for 2013, 2012, and 2011 was \$2.7 million, \$10.3 million, and \$10.1 million, respectively.

D. OPERS Board of Trustees Adopt Changes to the Health Care Plan:

Changes to the health care plan were adopted by the OPERS Board of Trustees on September 19, 2012, with a transition plan commencing January 1, 2014. With the recent passage of pension legislation under SB 343 and the approved health care changes, OPERS expects to be able to consistently allocate 4.0 percent of the employer contributions toward the health care fund after the end of the transition period.

There are no postemployment benefits provided by the City other than those provided through OPERS and OP&F.

The liability for past service costs at the time OPERS was established was assumed by the State of Ohio; therefore, it is not a liability of the City. The liability for past service costs at the time OP&F was established was paid by the City to OP&F in January 1994. The City is current on all of its required pension fund contributions.

NOTE L—INCOME TAXES

Based on the results of a special election in August 2009, the City's income tax rate was increased from 2 percent to 2.5 percent. This rate was effective as of October 1, 2009. The City levies tax on substantially all income earned within the City. In addition, residents of the City are required to pay City income tax on income they earn outside the City. However, a credit is allowed for income taxes paid to other municipalities.

Employers within the City are required to withhold income tax on employees' compensation and remit this tax to the City semimonthly, monthly, or quarterly, depending upon the amounts withheld. Corporations and other individual taxpayers are required to pay their estimated tax quarterly and file a declaration annually.

For the governmental fund financial statements, the City recognizes as revenue income tax received within 60 days after year end applicable to taxpayer liabilities for periods prior to the year-end net of an allowance for income tax refunds. These taxes are considered both measurable and available whereas all other income taxes are recognized as revenue when received. The City has consistently followed this practice for many years.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

Receivables and unearned revenues have been recorded in the General and Special Income Tax funds in the amount of \$50.250 million and \$16.750 million, respectively, for the estimated income tax due to the City for 2013 and prior tax years, but not collected within the available period.

NOTE M—PROPERTY TAXES

Property taxes include amounts levied against all real and public utility property located in the City.

Real property taxes and public utility taxes collected during 2013 were assessed against the value listed as of January 1, 2012, the lien date. One half of these taxes were due January 21, 2013 with the remaining balance due on June 20, 2013.

Assessed values on real property are established by state law at 35 percent of appraised market value. A revaluation of all property is required to be completed every sixth year. The last revaluation in Franklin County was completed in 2011. The assessed value upon which the 2013 levy was based was approximately \$14.573 billion (\$14.224 billion, \$129 million, and \$220 million for Franklin County, Fairfield County, and Delaware County, respectively). The assessed value for 2013 including real and public utilities, upon which the 2014 levy will be based, is approximately \$14.622 billion (\$14.275 billion, \$124 million, and \$223 million for Franklin County, Fairfield County, and Delaware County, respectively).

Ohio law prohibits taxation of property from all taxing authorities within a county in excess of 1 percent of assessed value without a vote of the people. Under current procedures, the City's share is .314 percent (3.14 mills) of assessed value. Increases in the property tax rate are restricted only by voter willingness to approve such increases.

The County Treasurers collect property taxes on behalf of all taxing districts in the counties, including the City of Columbus. The County Auditors periodically remit to the City its portion of the taxes collected. Property taxes may be paid on either an annual or semiannual basis. Current tax collections for the year ended December 31, 2013 were 88.5 percent (88.0 percent in 2012) of the tax levy in Franklin County.

Property taxes levied in 2013 but not due for collection until 2014 are recorded in the General Fund as taxes receivable and deferred inflows of resources at December 31, 2013 in the amount of \$45.878 million.

NOTE N—FUND BALANCE

Fund balance for governmental funds is reported in classifications that comprise a hierarchy based primarily on the extent to which the City is "bound to honor constraints on the specific purposes for which amounts in the fund can be spent" in accordance with GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*.

The components for reporting the City's fund balance are restricted, committed, assigned and unassigned. At December 31 2013, the City had no significant fund balance which is considered nonspendable, as defined by GASB Statement No. 54. Restricted fund balance includes those amounts that are restricted by parties outside of the City and pursuant to enabling legislation. Committed fund balance describes the portion of fund balance that has been limited by use by approval of City Council. City Council is the City's highest level of decision making. Fund balance commitments are established, modified, or rescinded by City Council action through passage of an ordinance. Assigned fund balance includes amounts that have an intended use by City Council. City Council demonstrates its intent for use of assigned amounts through passage of appropriation legislation, resolution, or ordinance. The unassigned fund balance represents the residual net resources.

On April 11, 1988, City Council passed ordinance 0860-1988 which established an Economic Stabilization subfund within the General Fund. Per the ordinance, funds in the Economic Stabilization subfund can only be expended upon authorization of City Council. Such expenditures "shall be solely for the purpose of continuing basic City services during times of economic recession or unexpected revenue loss by the City". City Council authorizes

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

transfers into the Economic Stabilization subfund as funds are deemed available. The balance in the Economic Stabilization subfund at December 31, 2013 was \$56.1 million and is included in the unassigned fund balance of the General Fund.

The City considers restricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. The City does not have a formal policy for its use of unrestricted fund balance amounts; therefore, it considers committed amounts used first, followed by assigned amounts, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

A summary of fund balance as of December 31, 2013 by category with specific purpose information follows (in thousands):

	General Fund	General Bond Retirement	Special Income Tax	Other Governmental Funds	Total
Fund balances:					
Restricted for:					
Debt service reserve	\$ -	49	-	-	\$ 49

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

The following deficit fund balances existed at December 31, 2013 (in thousands):

	Deficit Fund Balance
Governmental Activities	
Other Governmental Funds:	
Golf Course Operations	\$ 186
Crewville TIF	76
Internal Service Funds:	
Information services	529

These deficits will be eliminated by future charges for services or future bonds sales, where appropriate.

Fund balance deficits may be budgeted for and exist on the City's budgetary basis of accounting for certain funds. These fund balance deficits exist because encumbrances are recorded against certain accounts receivable that are not recognized as revenue on the budget basis of accounting.

NOTE O—MISCELLANEOUS REVENUES

For the year ended December 31, 2013, miscellaneous revenues in the fund financial statements consisted of the following (in thousands):

Transfers are used to move revenues from the fund with collection authorization to the General Bond Retirement fund as debt service principal and interest payments become due and to move unrestricted revenues to finance various programs that the City must account for in other funds in accordance with budgetary authorization, including amounts provided as subsidies and/or matching funds for various grant programs. Transfers from business-type activities represent legally authorized transfers to fund the business-type activity portion of certain governmental activities' capital projects.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

NOTE Q—COMPONENT UNITS

As described in Note A, the City has two blended component units. The significant accounting disclosures for the component unit follow.

THE RIVERSOUTH AUTHORITY (RiverSouth)

RiverSouth is a community authority created by the City of Columbus pursuant to Chapter 349 of the Ohio Revised Code as a body corporate and politic. RiverSouth was created to govern the redevelopment and revitalization of a new community referred to as the RiverSouth District. The Downtown Development Corporation, a not-for-profit corporation, has been appointed developer of the new community.

Significant Accounting Policies and Disclosures for RiverSouth

The financial statements of the RiverSouth Authority have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Cash – At December 31, 2013, the carrying amount of the Authority's cash was \$125,037. These funds are on deposit with a trustee and will be used for the Authority's expenses. Also, the amount is deposited with a U.S. Government Money Market Fund, and has been rated Aaa by Standard and Poor's and is considered a cash equivalent.

While the funds are uncollateralized and uninsured, their disposition and availability are governed by bond resolution and the Master Trust Agreement, the First Supplemental Trust agreement, and the Second Supplemental Trust agreement between the Authority and U.S. Bank.

Bonds Payable – The RiverSouth Area Redevelopment Bonds, 2005 Series A and 2004 Series A were issued in the amounts of \$42,850,000 and \$37,870,000 respectively, to provide funds to pay the costs of acquiring and developing land and acquiring and constructing community facilities. These bonds are payable from the revenues, receipts, and other moneys assigned under a Master Trust Agreement dated June 1, 2004 between the Authority and U.S. Bank National Association as Trustee (the Trustee), as supplemented by the First Supplemental Trust Agreement dated June 1, 2004 and the Second Supplemental Trust Agreement dated October 1, 2005 (together, the "Trust Agreement").

A portion of the 2004 bonds were refunded in May 2012.

The revenues and receipts assigned by the Trust Agreement are primarily composed of certain rental payments to be paid to RiverSouth under the Lease with the City. The rental payments paid by the City to RiverSouth are from monies specifically appropriated for such purpose and are to be the primary source of money to pay debt service. The obligation of the City to make rental payments is expressly made subject to the availability of annual appropriations for such purpose. Notwithstanding the requirement for annual appropriations of rental payments for the payment of debt service, the City has agreed that all such rental payments required to pay debt service will be included in the estimated budgets of the City. RiverSouth and the City contemplate that the supplemental agreements will make provision for rental payments to be paid to RiverSouth in amounts at least adequate to meet the debt service on the 2004 Series A and 2005 Series A bonds. Neither the project land nor the capital facilities to be financed with the bond proceeds are pledged to secure payment on the bonds. The first rental payments from the City were paid December 1, 2007.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

Principal and interest requirements to retire the RiverSouth's outstanding debt at December 31, 2013 are:

<u>Year ending December 31,</u>	(in thousands)	
	Principal	Interest

See Notes A and J for further disclosures related to RiverSouth and its relationship and transactions with the City. Complete financial statements of RiverSouth may be obtained from The RiverSouth Authority at 4483 Reymond Ct., Columbus, Ohio, 43220.

THE COLUMBUS NEXT GENERATION CORPORATION (CNGC)

The Columbus Next Generation Corporation (CNGC), a non-profit development corporation, was established in October 2012. City Council authorized a \$500,000 contract with CNGC. Under that contract, CNGC will perform a variety of services to advance economic development, including but not limited to: create economic development plans for specific areas of the City; develop and promote incentives, including the use of the City's telecommunications, fiber, and broadband network; acquire and develop real estate; and manage various related projects. In 2013, the City provided cash assistance to CNGC of \$370,000 toward this contract.

At December 31, 2013 the carrying amount of CNGC cash was \$174,457. The City's cash assistance was CNGC's only revenue source in 2013 and it was used for general operating expenses of the new corporation.

Accrued as liabilities at December 31, 2013	(41,232)
Change in unrealized loss on investments	(502)
Net change in fund balance per the Statement of Revenues, Expenditures, and Changes in Fund Balance (Exhibit 4)	<u>\$ 19,147</u>

See notes to required supplementary information.

CITY OF COLUMBUS, OHIO

Notes to the Required Supplementary Information

December 31, 2013

NOTE A—BUDGETARY DATA

City Council follows the procedures outlined below in establishing expenditure budget data.

- (1) Prior to November 15, the Mayor submits to City Council an estimate of the expenditures necessary to conduct the affairs of the City for the fiscal year commencing the following January 1.
- (2) Budget estimates are distributed throughout the City (including newspapers and libraries) and public hearings are held to obtain taxpayers' comments.
- (3) Subsequent to January 1, and after publication of the proposed budget ordinances, the budget is legally enacted through passage of the ordinances. The budget specifies expenditure amounts by Object Level One for each division within each fund. The objects are (1) personal services, (2) materials and supplies, (3) contractual services, (4) debt principal payments, (5) other, (6) capital outlay, (7) interest on debt, and (10) transfers.
- (4) Transfers of appropriations of less than \$100,000 can be made between budget Object Level One within a division and fund without additional City Council action, but with responsible management approval. Transfers in excess of this amount require the approval of both City Council and the Mayor. Supplemental appropriations must be approved by City Council. During 2013, all appropriations were approved as required. Appropriations for general fund expenditures and transfers out, were as follows:

	Original budget	(in thousands)	
		Revisions	Final budget
General	\$ 774,680	(20,074)	754,606

- (5) The City maintains budgetary controls by not permitting expenditures to exceed appropriations at the Object Level One level for each division within each fund.
- (6) Unencumbered appropriations lapse at year-end.

All General fund expenditures, except for expenditures paid through the county auditor, have annual expenditures budgeted by City Council. Revenues and expenditures paid through the county auditor are estimated by the City Auditor in conjunction with the annual budgeting process. However, this estimate is not included or required in the budget ordinance.

Revenues for the General fund are estimated by the City Auditor in conjunction with the annual budgeting process. However, this estimate is not included or required in the budget ordinance.

Notes to the Required Supplementary Information (continued)

The City's budgetary process is based upon accounting for certain transactions on a basis other than GAAP. The major differences are:

- (1) Revenues are recorded when received in cash (budget), as opposed to when susceptible to accrual (modified accrual).
- (2) Expenditures are recorded when encumbered or paid in cash (budget), as opposed to when the liability is incurred (modified accrual).
- (3) Encumbrances are recorded as the equivalent of expenditures (budget), as opposed to fund balances (modified accrual).

City of Columbus, Ohio

Major Governmental Funds

General Fund – the general operating fund of the City and is used to account for all financial resources except those required to be accounted for in another fund.

General Bond Retirement Fund – required by State statutes and accounts for all general obligation debt, except proprietary funds' general obligation debt, of the City.

Special Income Tax Fund – used to account for 25% of income tax collections set aside for debt service and related expenditures.

Internal Service Funds

Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the government, generally on a cost-reimbursement basis. The title of the funds indicates the type of service provided. The Internal Service Funds are:

- **Employee Benefits**
- **Worker's Compensation**
- **Fleet Management**
- **Information Services**
- **Mail, Print, Term Contracts**
- **Construction Inspection**
- **Land Acquisition**

Fiduciary Funds - Agency Funds

Agency funds - used to account for assets held by the government as an agent for individuals, private organizations, other governments, and/or other funds. Assets held for other funds or governments include payroll taxes and other employee withholdings and income taxes and utility charges collected by the City on behalf of other governments. Their titles are descriptive of their nature. They are:

- Payroll Deposit
- Garnishments
- Unclaimed money
- Taxes to remit
- Short North SID
- Capital Crossroads SID
- Morse Road SID
- Discovery District SID
- Health Deposit
- Construction Insp. Deposit
- City Auditor's Deposit
- City Attorney's Deposit
- Safety Agency Deposit
- Police Property Room Deposit
- BCI Background Checks
- Suburb Utility Surcharges
- Prairie – Obetz JEDZ
- JEDD – Prairie Township
- JEDD – N. Pickaway County
- Suburb Income Tax
- City Treasurer's Deposit
- Recreation Deposit
- Development Deposit
- Convention Facility Tax
- Service Department Deposit

STATISTICAL SECTION

City of Columbus, Ohio

Statistical Section

This part of the City's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health. These tables are presented in accordance with Governmental Accounting Standards Board (GASB) Statement No. 44, *Economic Condition Reporting: The Statistical Section*.

Contents

Tables

Financial Trends

1 – 7

These schedules contain trend information to help understand how the City's financial performance and well-being have changed over time.

Revenue Capacity

8 – 14

These schedules contain information to help assess the City's most significant local revenue sources.

Debt Capacity

15 – 19 and 39

These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.

Demographic and Economic Information

20 – 34

These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.

Operating Information

35 – 38

These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

Debt service as a percentage of noncapital expenditures¹	13.45%	13.59%	13.85%	13.95%	12.56%	13.35%	12.28%	11.14%	12.59%	11.77%

¹ Debt service included in the calculation of debt service as a percentage of noncapital expenditures includes principal retirement and interest and fiscal charges. Principal retirement on current refunding has been excluded as it represents a one time expenditure. Noncapital expenditures is total expenditures less the capital outlay expenditure capitalized for the related fiscal year.

(1) Franklin, Fairfield, and Delaware County do not identify delinquent tax collections by tax year levied. Amounts represent all delinquent tax collections and related penalties and interest within the fiscal year. Delinquent tax amounts collected exclusive of penalties and interest by tax year levied are not available.

(2) The City of Columbus entered Fairfield County in 1975 and Delaware County in 1991. Because the vast majority of property within the City lies within Franklin County, the above table demonstrates a ten year history of that property within Franklin County, but only current year data for Fairfield and Delaware counties.

2007 for 2008	50.07	66.58	91.48	2.54	0.30	0.30	3.14	18.49	67.65	2.20	-	
2008 for 2009	59.43	73.40	98.86	2.54	0.30	0.30	3.14	18.02	75.50	2.20	-	
2009 for 2010	60.97	74.49	98.91	2.54	0.30	0.30	3.14	18.07	75.50	2.20	-	
2010 for 2011	63.25	76.67	99.51	2.54	0.30	0.30	3.14	18.07	75.50	2.80	-	
2011 for 2012	66.48	78.52	99.86	2.54	0.30	0.30	3.14	18.07	75.85	2.80	-	
2012 for 2013	67.94	79.71	100.56	2.54	0.30	0.30	3.14	18.47	76.15	2.80	-	
2013 for 2014	67.96	80.03	100.41	2.54	0.30	0.30	3.14	18.47	76.00	2.80	-	
2013 for 2014	61.26	58.52	99.30	2.30	0.30	0.30	2.90	8.55	84.70	0.75	2.40	
2013 for 2014	66.73	66.27	92.43	1.50	0.30	0.30	2.10	7.51	78.62	1.00	3.20	

(1) The effective rate is determined by multiplying the total rate by a composite reduction factor which is determined annually by the State Tax Commissioner to adjust for changes in the valuation of the property tax base.

(2) The City of Columbus entered Fairfield County in 1975 and Delaware County in 1991. Because the vast majority of property within the City lies within Franklin County, the above table demonstrates a ten year history of that property within Franklin County, but only current year data for Fairfield and Delaware counties.

City of Columbus, Ohio

Table 39

Compliance Information Securities and Exchange Commission Rule 15c2-12(b)(5)(i)(C) and (D)

In the spirit of full disclosure and in compliance with the above Rule, the City is pleased to disclose the following regarding its outstanding obligations.

Description of Material Events:

1. There were no delinquencies of principal and/or interest payments.
2. There were no non-payment related defaults.
3. There were no unscheduled draws on debt service reserves reflecting financial difficulties.
4. There were no unscheduled draws on credit enhancements reflecting financial difficulties.
5. There were no substitutions of credit or liquidity providers.
6. There have been no adverse tax opinions affecting the tax-exempt status of any of the City's outstanding obligations.
7. There have been no modifications to rights of the holders of the City's obligations.
8. On June 13, 2013, the City sold \$359.715 million of various purpose general obligation refunding bonds to currently refund \$427.400 million in outstanding bonds. The proceeds from the current refunding (\$359.715 million) were used to refund a portion of the City's outstanding Series 2009CD Build America Bonds, Series 2010CD Build America Bonds, Series 2010-2C Build America Bonds and Recovery Zone Economic Development Bonds, and the Series 2010-3AB Recovery Zone Economic Development Bonds, all of which were currently callable. \$360.820 million of these bonds were redeemed on June 17, 2013. The remaining \$66.580 million of these bonds were redeemed on July 1, 2013. See Note G of this report for more information.

9. There were no defeasances in 2013.
10. The City did not release, substitute, or sell any property (the City has not secured any of its obligations with any of its property) securing repayment of obligations.

City of Columbus, Ohio

Table 39 (continued)

**Compliance Information
Securities and Exchange Commission Rule
15c2-12(b)(5)(i)(C) and (D)**

11. Ratings of the City's bonds and any changes occurring since the City's 2012 CAFR are as follows.

Bond Description	Moody's Investor Services		Standard and Poor's		Fitch Ratings	
	Prior Rating	Current Rating	Prior Rating	Current Rating	Prior Rating	Current Rating
General Obligation Bonds – Fixed Rate	Aaa	Aaa	AAA	AAA	AAA	AAA
2006 Sanitary Sewer System Adjustable Rate General Obligation Bonds	Aaa/VMIG1	Aaa/VMIG1	AAA/A-1+	AAA/A-1+	AAA/F1+	AAA/F1+
2008 Sanitary Sewer System Fixed Rate Revenue Bonds (Series 2008A)	Aa1	Aa1	AA+	AA+	AA+	AA
2008 Sanitary Sewer System Adjustable Rate Revenue Bonds (Series 2008B)	Aa1/VMIG1	Aa1/VMIG1	AA+/A-1+	AA+/A-1+	AA+/F1+	AA/F1+

On March 20, 2014, Fitch Ratings, Inc. ("Fitch") announced that it had downgraded its credit rating for the following outstanding City revenue bonds:

- \$390,000,000 Sewerage System Fixed Rate Revenue Bonds, Series 2008A, to "AA" from "AA+"
- \$51,855,000 Sewerage System Adjustable Rate Revenue Bonds, Series 2008B, to "AA"/"F1+" from "AA+"/"F1+"

The rating outlook is stable.

A full copy of the press release issued by Fitch regarding the above rating actions may be obtained from Fitch on its website at www.fitchratings.com. Investors should contact Fitch for additional explanation of the significance of the change in rating. There can be no assurance that any such rating will continue for a period of time or that any rating will not be lowered or withdrawn.

12. The City did not enter into bankruptcy, insolvency, receivership, or any other similar event.
13. There was no consummation of a merger, consolidation, or acquisition involving the City or the sale of all or substantially all of the assets of the City, other than in the ordinary course of business.
14. There was no appointment of a successor or additional trustee or the change in the name of a trustee.
15. The City will continue to provide all the necessary information, contained below under "Continuing Disclosure Undertaking", on an annual basis as is required by the Rule.

Continuing Disclosure Undertaking:

The following provides the Annual Information and/or indicates where in this report the Annual Information may be obtained.

- (1.) **Debt Summary – Outstanding Bonds and Notes** – see Note G contained in this report.
- (2.) **Debt Summary – Overlapping Debt** – see Table 18 contained in this report.

(19.) **Debt Summary – Projected Additional Debt**

To be eligible for capital improvements funding (i.e., from issuance of debt), an asset must have a useful life of at least five years and be considered non-operational. Some examples of capital improvements projects include the purchase of major equipment items, street lighting, street improvements, land acquisition for recreational needs, building construction, and facility rehabilitation. The City's proposed capital improvements program (CIP), for the period 2014 through 2019, provides for approximately \$2.6 billion in funding (funding to be determined) for various capital improvements. A copy of the current CIP may be obtained by contacting the Department of Finance and Management, City Hall, 90 West Broad Street, Columbus, Ohio 43215.

This Comprehensive Annual Financial Report of the City of Columbus, Ohio will be distributed to citizens in the community; city, state and federal officials, schools, libraries, newspapers, investment banking firms, banks, rating agencies, and to any person or organization requesting it. The report will also be distributed via the Municipal Securities Rulemaking Board's Electronic Municipal Market Access (EMMA) system and to the Ohio Municipal Advisory Council. This report is also available on the City's website. The Internet address is: <http://www.columbus.gov>.

SINGLE AUDIT SECTION

Report on Internal Control Over Financial Reporting and on Compliance
and Other Matters Based on an Audit of Financial Statements
Performed in Accordance with *Government Auditing Standards*

Independent Auditor's Report

To the Honorable Hugh J. Dorrian, City Auditor
City of Columbus, Ohio

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Columbus, Ohio (the "City") as of and for the year ended December 31, 2013 and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated March 25, 2014.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Columbus, Ohio's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

To the Honorable Hugh J. Dorrian, City Auditor
City of Columbus, Ohio

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Columbus, Ohio's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report on Compliance for Each Major Federal Program;
Report on Internal Control Over Compliance

Independent Auditor's Report

To the Honorable Hugh J. Dorrian, City Auditor
City of Columbus, Ohio

Report on Compliance for Each Major Federal Program

We have audited the City of Columbus, Ohio's compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2013. The City of Columbus, Ohio's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the City of Columbus, Ohio's major federal programs based on our audit of the types of compliance requirements referred to above.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City of Columbus, Ohio's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the City of Columbus, Ohio's compliance.

To the Honorable Hugh J. Dorrian, City Auditor
City of Columbus, Ohio

Opinion on Each Major Federal Program

In our opinion, the City of Columbus, Ohio complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2013.

Other Matters

The results of our auditing procedures disclosed an instance of noncompliance which is required to be reported in accordance with OMB Circular A-133 and which is described in the accompanying schedule of findings and questioned costs as Finding 2013-001. Our opinion on each major federal program is not modified with respect to these matters.

The City of Columbus, Ohio's response to the noncompliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs and/or corrective action plan. The City of Columbus, Ohio's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on it.

Report on Internal Control Over Compliance

Management of the City of Columbus, Ohio is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City of Columbus, Ohio's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected and corrected on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

To the Honorable Hugh J. Dorrian, City Auditor
City of Columbus, Ohio

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we identified a certain deficiency in internal control over compliance, as described in the accompanying schedule of findings and questioned costs as Finding 2013-001, that we consider to be a significant deficiency.

The City of Columbus, Ohio's response to the internal control over compliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs and/or corrective action plan. The City of Columbus, Ohio's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on it.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

CITY OF COLUMBUS, OHIO

Notes to Schedule of Receipts and Expenditures of Federal, State, and County Awards December 31, 2013

Note A-General

The accompanying Schedule of Receipts and Expenditures of Federal, State, and County Awards (the Schedule) presents the activity of all federal, state, and county award programs of the City of Columbus, Ohio (the City). The City's reporting entity is defined in Note A to the City's basic financial statements. All federal awards received directly from federal agencies as well as federal awards passed through other government agencies are included on the Schedule.

The basis for determining when federal awards are expended is presented in accordance with the requirements of OMB Circular A-133, Audits of State, Local Governments, and Non-Profit Organizations. In addition, expenditures reported on the Schedule are recognized following the cost principles contained in OMB Circular A-87, wherein certain types of expenditures are not allowable or are limited as to re-imbursement. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

Federal expenditures are not separately identified due to the commingling of assistance from different levels of government.

Note B-Basis of Accounting

The accompanying Schedule is presented using the cash basis of accounting in which revenues are recognized when received and expenditures are recognized when paid.

Note C-Relationship to Basic Financial Statements

Grant revenues are reported in the City's special revenue and capital projects funds. See the Schedule for the reconciliation between the fund financial statements prepared in accordance with generally accepted accounting principles (GAAP) and the Schedule prepared on the cash basis of accounting.

Note D-Schedule References

1. City Grant No. represents the City's Performance Accounting System classification structure and is used for internal purposes only.
2. Grant No. for pass-through grants is the State of Ohio's grant number.
3. The P.A.S.S.P.O.R.T. program is funded by both federal and state Medicaid. The amount presented is the federal portion only.

Note E-Medicaid Administrative Claiming Adjustments

During the calendar year, the City received a deferred payment from the Ohio Department of Health (ODH) for the Medicaid program (CFDA # 93.778) in the amount of \$1,002,431. The deferred payment was for Medicaid Administrative Claiming (MAC) expenses the City incurred in prior reporting periods due to federal funding received by ODH to reimburse these expenses and also due to changes in the City's Medicaid Eligibility Rate (MER) for certain activity codes within MAC. This revenue is not listed on the City's Schedule of Federal Awards since the underlying expenses are on a cost-reimbursement basis and occurred in prior reporting periods.

Note F-Loans Outstanding

The City administers loan programs with funding received from the Department of Housing and Urban Development. Following are the loan balances outstanding that have continuing compliance requirements for these programs as of December 31, 2013:

<u>Program Title</u>	<u>Federal CFDA Number</u>	<u>Amount Outstanding</u>
HOME Investment Partnership	14.239	\$56,282,389

Section III - Federal Program Audit Findings

Reference Number	Finding
2013-001	<p>Program Name - U.S. Department of Housing and Urban Development, Community Development Block Grant Cluster - CFDA No. 14.218</p> <p>Pass-through Entity - Not applicable</p> <p>Finding Type - Significant Deficiency and Material Noncompliance with Laws and Regulations</p> <p>Criteria - Pass-through entities are required to ensure that subrecipients expending \$500,000 or more in federal awards during the subrecipients' fiscal year end have met the audit requirements of OMB Circular A-133. These requirements include holding subrecipients accountable for obtaining audits within nine months of year end, issuing management's decision on subrecipient audit findings, and ensuring the subrecipient takes timely corrective action on all audit findings.</p> <p>Condition - Subrecipient single audit reports were not obtained.</p> <p>Questioned Costs - None</p> <p>Context - The City's Department of Development performs active monitoring of the subrecipients by reviewing expenditures and drawdown requests, and performing periodic site visits. However, the department did not have an internal control in place during the year to ensure all subrecipient single audit reports were obtained and reviewed for proper federal expenditure amounts and findings.</p> <p>Cause and Effect - Subrecipients may not undergo required audits or take appropriate actions on findings if the pass-through agency (the City) does not enforce such requirements.</p> <p>Recommendation - Subrecipient single audit reports should be obtained (by the various City of Columbus Departmental Divisions that make subawards) and reviewed to ensure accurate amounts are reflected on the subrecipients' schedule of expenditure of federal awards (SEFA). Any audit findings should be evaluated and proper corrective action should be required. Internal controls, such as a checklist or calendar, should be developed to track the accumulation and status of subrecipient audit reports.</p>

Schedule of Findings and Questioned Costs (Continued) Year Ended December 31, 2013

Section III - Federal Program Audit Findings (Continued)

Reference Number	Finding
2013-001 (Cont'd)	Views of Responsible Officials and Planned Corrective Actions - For the CDBG grant cluster, the city of Columbus will initiate a consistent and formalized process of collecting necessary financial information prior to the execution of each subrecipient contract. This financial information will enable the city to: determine whether the agency is required to complete an A-133 audit; determine if there are any findings; and ensure that any corrective actions are satisfied. Based on the agency's fiscal cycle, the city will be able to track the dates that subsequent annual A-133 audits will be due to ensure that timely A-133 audit oversight occurs. The specific process, formats and policies for collecting the above described information will be developed within the next 30 days. All subrecipient contracts which are currently underway will undergo this same level of review within the first 30 days after policy development.

City of Columbus, Ohio

Summary Schedule of Prior Year Audit Findings Year Ended December 31, 2013

Finding 2012-01 - U.S. Department of Transportation, Highway Planning and Construction, CFDA No. 20.205 - passed through the Ohio Department of Transportation

Criteria - In accordance with OMB Circular A-87, *Cost Principles for State, Local, and Indian Tribal Governments*, reimbursements claimed for costs under grant programs are required to be allowable, supported, and in accordance with applicable laws, regulations, guidelines, and terms and conditions of the grant.

Context - The results of our audit procedures identified one invoice that was improperly charged to the Highway Planning and Construction Grant - CMAQ Improvement Program.

Cause and Effect - An ineligible invoice was improperly allocated to the grant program and submitted for reimbursement, resulting in a questioned cost.

Status - Corrected

Finding 2012-02 - U.S. Department of Housing and Urban Development, ARRA - Homeless Prevention and Rapid Re-Housing Program (HPRP), CFDA No. 14.257

Criteria - The City is required to submit quarterly Section 1512 reports in accordance with the American Recovery and Reinvestment Act for the HPRP grant. Among other items, the reports are required to include accurate information on the total subaward funds disbursed.

Context - The quarterly Section 1512 reports for the HPRP grant were submitted; however, the amount reported for subaward disbursements was inaccurately reported for three quarters of the fiscal year.

Cause and Effect - The failure to update the amount of subawards disbursed for the HPRP grant resulted in noncompliance with Section 1512 reporting requirements.

Status - Corrected
