Proceedings of City Council

Saturday March 21, 2009

SIGNING OF LEGISLATION

(Note: There was no City Council meeting on Monday, March 16, 2009. Subsequently, there is no passed or defeated legislation included in this edition.)

The City Bulletin Official Publication of the City of Columbus

Published weekly under authority of the City Charter and direction of the City Clerk. The Office of Publication is the City Clerk's Office, 90 W. Broad Street, Columbus, Ohio 43215, 614-645-7380. The City Bulletin contains the official report of the proceedings of Council. The Bulletin also contains all ordinances and resolutions acted upon by council, civil service notices and announcements of examinations, advertisements for bids and requests for professional services, public notices; and details pertaining to official actions of all city departments. If noted within ordinance text, supplemental and support documents are available upon request to the City Clerk's Office.

THE CITY BULLETIN
BIDS WANTED - PURCHASING OFFICE AND OTHER DIVISIONS

CITY OF COLUMBUS FORMAL BID OPPORTUNITIES ARE UPDATED INSTANTLY AT:
<http://finance.columbus.gov/AboutUs/Purchasing/VSFB.asp>

Each proposal shall contain the full name and address of every person, firm or corporation interested in the same, and if corporation, the name and address of the President and Secretary.

EQUAL OPPORTUNITY CLAUSE: Each responsive bidder shall submit, with its bid, a contract compliance certification number or a completed application for certification. Compliance with the provisions of Article I, Title 39, is a condition of the contract. Failure to comply with this Article may result in cancellation of the contract.

WITHHOLDING OF INCOME TAX: All bidders are advised that in order for a contract to bind the City, each contract must contain the provisions found in Section 361.34 C.C.C. with regard to income taxes due or payable to the City of Columbus for wages, salaries and commissions paid to the contractor's employees as well as requiring those contractors to ensure that subcontractors withhold in a like manner.

DELINQUENT PERSONAL PROPERTY TAX: All bidders are charged with notice of Section 5719.042 of the Ohio Revised Code and agree that if this contract is awarded to them, the successful bidder, prior to the time the contract is entered into, will submit to the City Auditor the affidavit required by said section of the Ohio Revised Code. Said affidavit, when filed with City Auditor, is thereby incorporated into and made a part of this contract and no payment shall be made with respect to this contract unless such statement has been so incorporated as a part thereof.

LOCAL CREDIT: For all contracts EXCEPT PROFESSIONAL SERVICE CONTRACTS: In determining the lowest bid for purpose of awarding a contract not exceeding \$20,000.00, a local bidder shall receive a credit equal to five percent (5%) of the lowest bid submitted by a non-local bidder. In determining the lowest bid for purposes of awarding a contract in excess of \$20,000.00, a local bidder shall receive a credit equal to one percent (1%) or \$10,000.00, whichever is less, of the lowest bid submitted by a non-local bidder. A local bidder is a person, corporation or business which (a) has listed its principal place of business as being located within the corporation limits of the City of Columbus or the County of Franklin in official documents filed with Secretary of State, State of Ohio, or a valid vendor's license which indicates its place of business is located within the corporation limits of the City of Columbus or County of Franklin.

SA003167 - CIP #650350.2 Corrosion Prevention & Pro

SCOPE: The City of Columbus, Ohio is soliciting Request for Proposal (RFP) pursuant to Columbus City Code 329.14 from experienced professional consulting firms to assist the Department of Public Utilities with Corrosion Prevention and Protective Coating Systems (CIP No. 650350.2).

The final date for submission is 4:00 p.m. (EST) on March 25, 2009. Proposals shall be submitted in a sealed envelope (or envelopes) to Herbert M. Johanson, P.E. Assistant Administrator, Division of Sewerage and Drainage 1250 Fairwood Avenue Room 1022, Columbus OH 43206.

Information disc will be available beginning January 14, 2009. There is no charge for these discs and they may be obtained at Division of Sewerage and Drainage, Treatment Engineering Section, 1250 Fairwood Avenue Room 0004, Columbus OH 43206.

The City of Columbus operates the Southerly Wastewater Treatment Plant at 6977 South High Street, Lockbourne, Ohio 43137. It has been determined that the Protective Coatings on many structures, buildings and process items therein are in need of rehabilitation. This RFP is intended to implement a study of the various areas of the Southerly Wastewater Treatment Plant to determine the specific areas, structures and process items in need of attention, to determine the procedures necessary to rehabilitate the same and to determine the steps necessary to inhibit the deterioration in the future

CLASSIFICATION: A Pre-Proposal meeting is scheduled for February 11, 2009 at 10:00 AM at the Division of Sewerage and Drainage, Treatment Engineering Section, 1250 Fairwood Avenue Room 0004, Columbus OH 43206. There are no bond requirements for this RFP.

QUESTIONS: All questions regarding the details and specifications of the RFP shall be in writing Mr. Robert Smith, P.E. at RMSmith2@columbus.gov

For additional information concerning this request, including procedures for obtaining a copy of the of the RFP, you must go to the City of Columbus Vendor Services web page (<http://vendorservices.columbus.gov>) and view this bid number in the open solicitations listing.

BID OPENING DATE - March 26, 2009 11:00 am

THE CITY BULLETIN
BIDS WANTED - PURCHASING OFFICE AND OTHER DIVISIONS

SA003204 - Flygt Pump Parts & Services UTC

1.1 Scope: It is the intent of the City of Columbus, Division of Sewerage and Drainage to solicit bids to establish an option contract(s) for the purchase of OEM Flygt Pump and Mixer Parts and Service. The parts will be used for maintenance and repair of Flygt systems within the City's two (2) wastewater treatment plants. Bidders are asked to bid firm or fixed prices for those items listed as a quantity of one (1) each. The City estimates it will spend approximately \$200,000.00 annually under the term of any resulting contract. The proposed contract will be for a two (2) year period from the date of execution by the City to and including August 31, 2011.

1.2 Classification: The Division of Sewerage and Drainage uses ITT Flygt equipment that requires replacement parts and services. The contract resulting from this proposal will enable the Division of Sewerage and Drainage to purchase replacement parts and services on as needed basis for the term of the contract. The City will provide all installation requirements, however, bidders are asked to bid hourly service pricing. Bidders must be an authorized provider of ITT Flygt parts and services. The City of Columbus reserves the right to verify through ITT Flygt that companies are authorized providers.

For additional information concerning this bid, including procedures for obtaining a copy of the bid document(s) and how to submit a proposal, you must go to the City of Columbus Vendor Services web page (<http://vendorservices.columbus.gov>) and view this bid number in the open solicitations listing.

ORIGINAL PUBLISHING DATE: February 25, 2009

SA003206 - LONGITUDINAL CHANNELIZER UTC

1.0. SCOPE AND CLASSIFICATION

1.1. SCOPE. It is the intent of this bid proposal to provide for all agencies of the City of Columbus a "firm offer for sale" blanket type contract(s) for the purchase of longitudinal channelizer and equipment needed for installation. The term of this contract will be for through December 31, 2010.

1.2. CLASSIFICATION. The specifications describe materials and items of equipment that will be used to install raised delineation with reboundable posts and retro reflecting elements upon City streets and roadways.

For additional information concerning this bid, including procedures for obtaining a copy of the bid document(s) and how to submit a proposal, you must go to the City of Columbus Vendor Services web page (<http://vendorservices.columbus.gov>) and view this bid number in the open solicitations listing.

SA003213 - Sewers-Precast Concrete Pipe UTC

1.1 Scope: It is the intent of the City of Columbus, Division of Sewerage and Drainage, Sewer Maintenance Operations Center, 1250 Fairwood Avenue, to enter into a Universal Term contract for Pre-Cast Concrete Pipe to be used for various sewer repair and replacement projects. Bidders are asked to bid firm or fixed prices on the items listed on the Proposal Pages as a quantity of one (1) each. It is estimated that the Division of Sewerage and Drainage will spend approximately \$30,000.00 annually from this contract. The proposed contract will be in effect for a period of two (2) years from the date of execution by the City to and including May 31, 2011.

1.2 Classification: Product standards will be in accordance with the latest edition A.S.T.M. specifications and with the latest edition of the City of Columbus Construction and Material Specifications. Only bids utilizing manufacturers approved by the City of Columbus, Division of Transportation, Testing Section will be considered.

For additional information concerning this bid, including procedures for obtaining a copy of the bid document(s) and how to submit a proposal, you must go to the City of Columbus Vendor Services web page (<http://vendorservices.columbus.gov>) and view this bid number in the open solicitations listing.

ORIGINAL PUBLISHING DATE: February 25, 2009

SA003217 - POLICE/ROAD FLARES (FUSEES) UTC

1.0 SCOPE AND CLASSIFICATION

1.1 Scope: The City of Columbus, Division of Police is obtaining bids to establish a Universal Term Contract for the purchase of spikeless road flares (fusees) used as a traffic/highway emergency signal to warn approaching traffic of danger. The flares will be purchased on an as-needed basis and will be delivered to 1250 Fairwood Avenue, Columbus, Ohio 43206, or any City agency if needed. It is anticipated that the estimated annual expenditure will be \$30,000.00 annually.

1.2 Classification: Spikeless fusees/flares shall consist of a paper tube containing a chemical mixture which burns with a red light for a specified period of time. Flares will be purchased by the case. Historically, the Division of Police has ordered one-half of the estimated annual quantity twice during the year, once in late winter and once in early fall, although it is not guaranteed the flares will be purchased in this exact manner.

For additional information concerning this bid, including procedures for obtaining a copy of the bid document(s) and how to submit a proposal, you must go to the City of Columbus Vendor Services web page (<http://vendorservices.columbus.gov>) and view this bid number in the open solicitations listing.

SA003215 - MINNESOTA AVENUE IMPROVEMENTS

THE CITY BULLETIN
BIDS WANTED - PURCHASING OFFICE AND OTHER DIVISIONS

1.1 Scope: The City of Columbus, Department of Public Service, is receiving proposals until 3:00 P.M., March 19, 2009, for Minnesota Avenue Improvements, 1938 Drawer E. Proposals are being received at Department of Public Service, Office of Support Services, 90 W. Broad St., Room 301, Columbus, OH, 43215. The scope of the project shall consist of full depth pavement replacement, curb and gutter, sidewalks, curb ramps, water line replacement, street lighting, drainage improvements and other work as necessary. The contract duration is 120 days. The City will issue a Notice to Proceed on or about May 18, 2009.

1.2 Classification: Prevailing wage rates apply. The bidder is required to submit a proposal bond in the form provided in the Bid Submittal documents. The amount of the guaranty shall be expressed in dollars and cents or as a percentage of the bid amount, and shall not be less than ten (10) percent of the bid, including all alternates submitted which increases the bid. Each offeror shall submit with its proposal an active City of Columbus Contract Compliance Certification Number, or a completed application for certification. Plans can be purchased at 109 N. Front St, Room 301 for \$25.00 for half size plans and \$50.00 for full size plans]. A pre-bid meeting will be held at 8:00am on March 10, 2009 at 1800 E. 17th Ave. All questions concerning the project are to be sent to capitalprojects@columbus.gov. The last day to submit questions is March 11, 2009. Responses will be posted on the Vendor Services web site as an addendum and an e-mail will be sent to each firm who purchased plans. Phone calls will not be accepted.

For additional information concerning this bid go to the City of Columbus Vendor Services web page (<http://vendorservices.columbus.gov/e-proc/>) and view this solicitation number in the "open solicitations" listing.

Additional information:

It is highly recommended that proposals are hand delivered and not mailed as US Mail is not delivered directly to this building.

1.1 Scope: The City of Columbus, Division of Fire, is obtaining formal bids to establish an option contract(s) with a "Catalog" firm offer for sale of various miscellaneous medical supplies through June 30, 2012. The bidder shall submit its standard published catalog(s) and/or discounts to the listed prices. The city may purchase item(s) or group of like item(s) in the catalog and/or price list from the successful bidder after a purchase order for the listed items is issued. Awards could potentially be made to multiple suppliers for multiple years. The contract may be utilized by various City agencies and deliveries will be made to the respective agency's location on an as needed basis.

1.2 Classification: The contract(s) resulting from this bid proposal will provide for the option to purchase and/or delivery of miscellaneous medical supplies categorized as airway, bandages, IV supplies, infection control, head immobilizations and other miscellaneous items. The inability of the City to verify pricing on the Proposal Page Worksheet(s) or the inability of the bidder to provide its standard published catalog(s) and/or discounts to the listed prices will result in rejection of the bid. The inability of the bidder to provide verifiable bids for less than seventy-five percent (75%) of the listed items in a particular group or the inability of the bidder to propose

For additional information concerning this bid, including procedures for obtaining a copy of the bid document(s) and how to submit a proposal, you must go to the City of Columbus Vendor Services web page (<http://vendorservices.columbus.gov>) and view this bid number in the open solicitations listing.

RULES AND REGULATION NO. 09-01

BY THE ORDER OF THE

DIRECTOR OF PUBLIC UTILITIES

Collection of Delinquent Debt

Pursuant to the Authority granted under Columbus City Codes Chapters 1101, 1145 and 1149, the Director of the Department of Public Utilities hereby adopts, establishes and publishes this rule and regulation to be effective at the earliest date allowed by law.

“In accordance with Ordinance No. 0130-2009, any Department Director, elected Official, or their designee, who is charged with the responsibility of collecting monies owed the City of Columbus, may refer that debt to an outside collection agency and impose the cost of said collection agency services to the delinquent debtor. As the Director of Public Utilities charged with the responsibility of collecting delinquent debt, I intend to impose said fees on delinquent debtors. This rule will become effective as of April 1, 2009”.

Body

RULE AND REGULATION NO. 09-01 February 2009

Division of Power and Water

Department of Public Utilities

SUBJECT: Abandoned Water Service Taps -

Pursuant to the authority granted under Columbus City Codes Chapter 1101, the Director of the Department of Public Utilities hereby adopts, establishes, and publishes this rule and regulation to be effective at the earliest date allowed by law. This rule and regulations supersedes Division of Power and Water rule and regulation entitled: "Abandoned Water Service Tap Credit", published February 18, 2006 as Rule and Regulation 06-01. This rule and regulation is in addition to any established requirements that have not been superseded or rescinded by this or any previous act.

APPLICATION:

Any water service taps located within the City of Columbus corporation limits that are to be abandoned as part of a residential, commercial or industrial redevelopment of a property.

GENERAL REGULATION:

Section I: Credits

To aid in the redevelopment of a property within the City of Columbus, the Division of Power and Water will absorb a portion of the cost incurred by the property owner or developer for the removal of existing water service taps that are designated to be abandoned per the Division of Power and Water Administrator or designee. Compensation will be a fixed amount of two-thousand, two hundred fifty dollars (\$2,250.00) per abandoned tap paid to the property owner or developer. Payment will be made after inspections are completed and approved.

Section II: Specifications

Tap abandonment shall be performed per Construction and Material Specifications, City of Columbus (CMSC) or as described by Director of Public Utilities.

If an existing property requires a new, larger water service tap and service to be installed, the property owner shall submit, as a part of the water service plan, a detailed description of the following events: how the property's current water service will be maintained during installation of the new water tap and service; how the new water meters and backflow prevention devices will be installed; and arrangements to handle the abandonment of the current water service tap. Replaced meters shall be returned to the Division of Power and Water. This work shall be completed within a fourteen (14) calendar-day period, commencing when the water service permit fees are paid. Failure to complete any portion of this plan will result in termination of water service to the property. Abandonment and installation of water service taps require approval by the Division of Power and Water Administrator or designee.

RULE AND REGULATION NO. 09-03 February 2009

Division of Power and Water

Department of Public Utilities

SUBJECT: Water System Capacity Charge Credits (CCC Reference: 1105.17)

Pursuant to the authority granted under Columbus City Codes Chapter 1101, the Director of the Department of Public Utilities hereby adopts, establishes, and publishes this rule and regulation to be effective at the earliest

date allowed by law. This rule and regulation is in addition to any established requirements that have not been superseded or rescinded by this or any previous act.

APPLICATION:

Any existing tap that is replaced with a new one, in conjunction with the redevelopment of commercial, industrial or residential properties involving two or more tax parcels within the City of Columbus distribution system, including retail contract areas. This rule and regulation does not pertain to wholesale contract areas.

GENERAL REGULATION:

Whenever commercial, industrial or residential properties are redeveloped and the redevelopment involves two or more tax parcels, the tax parcels shall be combined into one tax parcel in order to receive credit for the system capacity charges from the tap(s) being abandoned.

NOTICE OF REGULAR MEETINGS

COLUMBUS RECREATION AND PARKS COMMISSION

The Recreation and Parks Commission, appointed and organized under the Charter of the City of Columbus, Section 112-1 is empowered to equip, operate, direct and maintain all the existing recreational and park facilities. In addition, said Commission exercises certain powers and duties as specified in Sections 112-1 and 112-2 of the Columbus City Charter.

Please take notice that meetings of the Recreation and Parks Commission will be held at 8:30 a.m. on the following dates and locations (unless otherwise posted):

Wednesday, January 14, 2009 -1111 East Broad Street, 43205

Wednesday, February 11, 2009 -1111 East Broad Street, 43205

Wednesday, March 11, 2009 -- 1111 East Broad Street, 43205

Wednesday, April 8, 2009 -- 1111 East Broad Street, 43205

Wednesday, May 13, 2009 - 1111 East Broad Street, 43205

Wednesday, June 10, 2009 - Gillie Recreation Center, 4625 Morse Centre Drive, 43229

Wednesday, July 8, 2009 - Westgate Shelterhouse, 3271 Wicklow Road, 43204

August Recess - No meeting

Wednesday, September 9, 2009 - Schiller Recreation Center, 1069 Jaeger Street, 43206

Wednesday, October 14, 2009 - Mentel Golf Course, 6005 Alkire Road, Galloway, 43119

Wednesday, November 11, 2009 - 1111 East Broad Street, 43205

Wednesday, December 9, 2009 - 1111 East Broad Street, 43205

RULE AND REGULATION 09-02
Division of Power and Water
Department of Public Utilities

February 2009

SUBJECT: CROSS-CONNECTION CONTROL

Pursuant to the authority granted under Columbus city Codes Section 113.01, the Director of the Department of Public Utilities hereby adopts, establishes, and publishes this rule and regulation to be effective at the earliest date allowed by law. This rule and regulation supersedes Division of Water Rule and Regulation 2000-1, published August 19, 2000, in the *City Bulletin* of Columbus, Ohio. This rule and regulation is in addition to any established requirements that have not been superseded or rescinded by this or any previous act.

Cross-connection control is intended to prevent the contamination or pollution of the public and consumer's potable water system. The rule and regulation addresses the elimination of control of existing cross-connections, actual or potential, between the systems, plumbing fixtures and sources or systems containing substances of unknown or questionable safety. Cross-connection control devices allow for the protection of public water supply system by isolating within the consumer's water system any contaminants or pollution which could backflow through the service connection.

APPLICATION

This Rule and Regulation shall apply to all properties served by the public potable water supply system of the City of Columbus.

I. WATER SYSTEMS

- A. For the purposes of this Rule and Regulation, the water system shall be considered as consisting of two parts; the public water supply system and the consumer's water system.
- B. The public water supply shall consist of the source facilities and distribution system, and shall include all the facilities of the potable water system under the control of the Administrator of the Division of Power and Water up to the point where the consumer's water system begins.
- C. The source shall include all components of the facilities utilized in the production, treatment, storage, and delivery of water to the public water distribution system.

Utilities Complex	910 Dublin Road	Columbus, Ohio 43215
Director's Office	614/645-6141	FAX: 614/645-8019 TDD: 614/645-6454
Power and Water Division	614/645-7020	FAX: 614/645-8177 TDD: 614/645-7188

Fairwood Complex	1250 Fairwood Avenue	Columbus, Ohio 43206
Sewerage and Drainage Division	614/645-7175	FAX: 614/645-3801 TDD: 614/645-6338

Rule and Regulation 09-02, Continued....

- D. The public water supply distribution system shall include the network of piping used to deliver water from the source to the consumer's water system.
- E. The consumer's water system shall include all parts of the facilities beyond the curb stop used to convey water from the public water supply distribution system to points of use.

II. PLUMBING SYSTEMS

It shall be the responsibility of the consumer to have their water plumbing system compliant with the latest revision of the Ohio Plumbing Codes and the Columbus City Codes. The consumer shall retain records of installation, maintenance, testing, and repairs as required by this rule and regulation and the Columbus City Code Section 1113.01 for a period of five (5) years.

III. CROSS-CONNECTION PROHIBITED

- A. No water service connection shall be installed or maintained at any property where actual or potential cross-connections to the public potable or consumer's water system may exist unless such actual or potential cross-connections are abated or controlled to the satisfaction of the Administrator of the Division of Power and Water.
- B. No connection shall be installed or maintained whereby water from an auxiliary water system may enter the public potable or consumer's water system, unless such auxiliary water system and the method of connection and use of such system have been approved by the Administrator of the Division of Power and Water.
- C. There shall be no arrangement or connection by which an unsafe substance may enter the public supply.

IV. WATER USE SURVEYS AND INSPECTIONS

- A. The owner/consumer's property shall be accessible at all reasonable times to the City of Columbus, Division of Power and Water or an authorized representative to perform a water use survey or to inspect or test backflow prevention assemblies within the property.
- B. On request by the Administrator of the Division of Power and Water, or his/her authorized representative; the consumer shall furnish information regarding the piping system or water use within the consumer's property.
- C. It shall be the owner/consumer's responsibility to arrange periodic surveys of the water use practices at their property to determine whether there are

actual or potential cross-connections to the water system through which contaminants or pollutants could backflow into the potable water supply system. All cross-connection control, water use surveys or other plumbing inspections must be conducted by the City of Columbus, Division of Power and Water or an authorized representative.

V. WHERE PROTECTION IS REQUIRED

A. An approved backflow prevention assembly or method shall be installed on each service line to a consumer's water system serving properties where any of the following conditions exist:

1. Properties which have or have access to a second source of water.
2. Properties where any substance is handled which can create an actual or potential hazard to the public potable water supply system. This shall include properties having sources or systems containing process fluids or water originating from the public potable water supply system that are no longer under the quality control of the Administrator of the Division of Power and Water.
3. Properties having internal cross-connections that in the judgment of the Administrator of the Division of Power and Water are not correctable or where intricate or complex plumbing arrangements make it impractical to determine whether or not cross-connections exist.
4. Properties where, because of security requirements or other prohibitions or restrictions, it is impossible or impractical to make a complete cross-connection survey.
5. Properties supplied by more than one service.
6. Properties having a repeated history of cross-connections being established or re-established.

B. If the complete interruption of water through a given service is critical to the customer's operations, an installation of a backflow prevention assembly in parallel is required.

VI. TYPE OF PROTECTION REQUIRED

A. The type of protection required shall depend on the degree of hazard. The degree of hazard and appropriate backflow protection shall be determined by the Administrator of the Division of Power and Water.

Rule and Regulation 09-02, Continued....

1. A "severe health hazard" classification shall mean an actual or potential threat of contamination of the water system that could be lethal. An approved fixed air gap separation shall be installed and maintained in accordance with this Rule and Regulation.
 2. A "health hazard" classification shall mean an actual or potential threat of contamination of a physical or toxic nature that would be a danger to health. An approved fixed air gap (AG) separation, an approved reduced pressure principle backflow prevention assembly (RP), or an approved pressure vacuum breaker backflow prevention assembly (PVB) shall be installed and maintained in accordance with this Rule and Regulation.
 3. A "non-health hazard" classification shall mean an actual or potential threat to the physical properties or the potability of the water system, but which would not constitute a health hazard as defined. An approved fixed air gap separation (AG), an approved reduced pressure principle backflow prevention assembly (RP) or an approved double check backflow assembly (DC) shall be installed and maintained in accordance with this Rule and Regulation.
- B. Below is a list of types of properties and the backflow requirements. This list was established as a guideline and is not to be used as a legal requirement without the approval of the Administrator of the Division of Power and Water. Updates to these requirements can be obtained by contacting the Backflow Prevention Program Office of the Division of Power and Water.

TYPE OF PROPERTY

REQUIREMENTS

INDUSTRIAL (as defined by the Division of Power and Water)

RP

COMMERCIAL

Backflow protection at this service shall match the highest level of water-use hazard on site. However, if there is only one water-use hazard on site and in the opinion of the Administrator of the Division of Power and Water the make up piping to this hazard can be permanently isolated, an isolated backflow assembly approved for the hazard can be used in lieu of one at the water service.

RESIDENTIAL

With lawn irrigation or direct plumbing pool RP**

**Air gap or Pressure Vacuum Breaker (where no potential for back pressure exists) can be used as isolation in lieu of an RP at the service, with approval from the Administrator of the Division of Power and Water.

With water uses other than domestic RP

With second source water or access to RP
Second source water

**THE FOLLOWING ARE TO BE PROTECTED AS LISTED,
REGARDLESS OF THE TYPES OF ON SITE WATER-USE HAZARDS**

Hospitals	RP
Mortuaries	RP
Medical clinic, office, etc.	RP
Nursing & convalescent homes	RP
Laboratories	RP
Sewage treatment plants & plumbing stations	RP
Storm water pumping stations	RP
Car washes	RP
Lawn irrigation	RP
Automotive repair & body repair shops	RP
Commercial lease accounts	RP
Full service restaurants	RP

Backflow Prevention Assembly Requirements Key

RP-Reduced Pressure Backflow Prevention Assembly
DC-Double Check Backflow Prevention Assembly
PVB-Pressure Vacuum Breaker Backflow Prevention Assembly

- C. The type of protection required under Section V A 1, 3, 4, 5 & 6 of this Rule and Regulation shall be an approved fixed air gap separation or an approved reduced pressure principle backflow prevention assembly.
- D. The type of protection required for the bypass line under Section V B of this Rule and Regulation shall be equal to the containment assembly required.
- E. Fire protection systems or water storage tanks with chemicals added or the ability to be added shall install an approved reduced pressure principle backflow prevention assembly.

Rule and Regulation 09-02, Continued....

- F. Fire protection systems or water storage tanks that cannot be subject to chemicals shall have an approved double check backflow prevention assembly installed.
- G. A reduced pressure detector assembly (ASSE 1047) and double check detector assembly (ASSE 1048) can be installed in lieu of a reduced pressure or double check backflow assemblies respectively. Note that all meter requirements are to comply with the City of Columbus, Division of Power and Water meter installation rules.
- H. This rule shall not supersede the City of Columbus, Division of Power and Water Rule that prohibits direct or indirect connections between the Columbus public potable water system and second source water systems that include, but are not limited to, wells, ponds or gray water.

VII. BACKFLOW PREVENTION ASSEMBLIES

- A. All backflow prevention assemblies as required by this Rule and Regulation shall be endorsed by the American Society of Sanitary Engineering.
- B. Installation of approved assemblies shall be made in accordance with Standard Detail Drawing and Rule Number 19002A/B and to the satisfaction of the Division of Power and Water Administrator.
- C. Maintenance shall be performed as recommended by the manufacturer of the assembly and this Rule and Regulation.
- D. A fixed proper air gap separation is defined as a physical separation between the free flowing discharge end of a potable water supply pipeline and an open or non-pressure receiving vessel. The separation shall be at least double the diameter of the supply pipe measured vertically above the overflow rim of the vessel and in no case less than one (1) inch.

VIII. TESTING AND MAINTENANCE

- A. It shall be the duty of the owner/consumer at any property on which backflow assemblies required by this Rule and Regulation are installed to have inspections, tests, maintenance and repair made in accordance with the following schedule.
 - 1. Fixed air gap separation backflow assemblies shall be inspected and tested at the time of installation and every twelve (12) months, or more frequently if required by the Division of Power and Water Administrator.

2. Reduced air pressure principle backflow assemblies shall be inspected and tested at the time of installation and at least every twelve (12) months, or more frequently if required by the Division of Power and Water Administrator, and rebuilt as needed.
 3. Double check valve backflow assemblies shall be inspected and tested at the time of installation and at least every twelve (12) months, or more frequently if required by the Division of Power and Water Administrator, and rebuilt as needed.
 4. Pressure vacuum breakers backflow assemblies shall be inspected and tested at the time of installation and at least every twelve (12) months, or more frequently if required by the Division of Power and Water Administrator, and rebuilt as needed. The owner/consumer shall visually inspect the installed assembly every three (3) months for conditions which would prevent the normal functioning of the assembly.
- B. Testing shall be performed by a contractor who is registered with the City of Columbus Building Regulations Department. The actual tester must possess an active Ohio Department of Health Backflow Prevention Assembly Tester's Certificate and be approved by the Division of Power and Water Administrator.
- C. Each backflow prevention assembly (including AG) shall have a tag attached listing the date of the most recent test, the name of the tester, the tester's certificate number, the company with which the tester is employed, the type and date of any repairs and the test results.
- D. The owner/consumer shall forward test and repair results to the City of Columbus, Division of Power and Water Cross-Connection Control and Backflow Prevention Office.
- E. The owner/consumer shall maintain a maintenance and test log and store it in a manner so that it will always be readily available to the Division of Power and Water or an authorized representative. The log shall include
1. Date of each test
 2. Name and certificate number of the tester
 3. Name of the company with which the tester is employed
 4. Test results

Rule and Regulation 09-02, Continued....

- 5 Repairs or servicing required
 - 6 Repairs made and date completed
 - 7 Servicing performed and date completed
- F. Whenever backflow prevention assemblies required by this Rule and Regulation are found to be defective, they shall be repaired or replaced by the owner/consumer, at their expense, without delay.
- G. Backflow prevention assemblies shall not be bypassed, made inoperative, removed, or otherwise made ineffective without specific authorization by the Division of Power and Water Administrator.
- H. Test equipment used for initial, annual or emergency backflow prevention assembly testing required by this Rule and Regulation shall be calibrated at least every twelve (12) months by an independent calibration company.

IX. INSTALLATION

Backflow prevention assemblies required by these Rules and Regulations shall be installed at a location and in a manner approved by the Administrator of the Division of Power and Water and at the expense of the water consumer. For detailed instruction refer to Standard Detail Drawing 1-9002A/B.

X. ABANDONMENT

It shall be the responsibility of the owner/consumer at any property on which backflow assemblies are required by this Rule and Regulation to use one of the following methods when choosing to abandon a previously backflow protected system:

- A. Interior backflow protected system (i.e. boiler):
 1. Cut and cap the supply line AND remove backflow preventor.
- B. Exterior backflow protected system (i.e. irrigation system):
 1. Cut and cap the supply line inside the facility AND remove backflow preventor and the visible pipe outside the facility. This means pipe cut below ground level.

2. Remove backflow preventor and the visible pipe outside the facility, cut pipe below ground level and install a hose bibb with vacuum breaker on the water line protruding from the facility.
3. Option two (2) above would allow the customer to keep their deduction meter, and deduct water used through the new hose bibb, provided they have a deduction account set up.

PENALTY FOR VIOLATION

- A. The Administrator of the Division of Power and Water shall deny or discontinue, after notice to the occupants thereof, the water service to any properties wherein any backflow prevention assembly required by this Rule and Regulation is not installed, or properly tested or if it is found that the backflow prevention assembly has been removed or bypassed, or if an unprotected cross-connection exists on the properties, required by this Rule and Regulation is not installed and maintained in working order.
- B. The Administrator of the Division of Power and Water shall immediately discontinue water service to any properties wherein a backflow condition exists or suspects to exist.
- C. Water service to such properties shall not be restored until the consumer has corrected or eliminated such conditions or defects in conformance with this Rule and Regulation and to the satisfaction of the Administrator of the Division of Power and Water.

APPROVED:

RICHARD C. WESTERFIELD, Ph.D., P.E.
Administrator
Division of Power & Water

PLACEMENT OF TRAFFIC CONTROL DEVICES AS RECOMMENDED BY THE
TRANSPORTATION DIVISION
EFFECTIVE DATE: MARCH 5, 2009

Whereas, an emergency exists in the usual daily operation of the Department of Public Service, Transportation Division, in that certain traffic control devices must be authorized immediately in order to preserve the public health, peace, property, and safety; now, therefore,

Under the power vested in me by Chapters 2105 and 2155 of the Traffic Code of Columbus, Ohio, I hereby determine that based on studies conducted by and recommendations made by the Transportation Division, that the following traffic regulations are necessary and I hereby authorize on the effective date of this order, or as soon thereafter as practical, the installation and/or removal of appropriate traffic control devices as follows:

SECTION 2105.08 STOP AND YIELD INTERSECTIONS

Stop signs shall be installed at intersections as follows:

BELDEN RD shall stop for ILO DR

SECTION 2105.09 TURNS AT INTERSECTIONS

Turn prohibitions shall be established as follows:

eastbound left turns
at BROAD ST and DOHERTY RD
Prohibition applies: All Times - All Days

SECTION 2105.12 CROSSWALKS

Midblock crosswalks shall be installed across:

PHALE D HALE DR, 106 feet east of BURT ST
