This project continues the schematic design prepared by MSI in January 2009 into design development and construction documents for Phase One of the Livingston Park Master Plan. Columbus Recreation and Parks will apply for $1,000,000.00 funding from the Ohio Cultural Facilities Commission (OCFC) for historic and cultural improvements to Livingston Park in May 2010. MSI will do presentation drawings, and present a budget and cost estimate to the OCFC. We anticipate legislation in June 2010 to accept the grant. Construction costs provided by the grant to be bid in Fall 2010. Previous legislation to apply for grant was ORD 0601-2009.

The existing shelter will be enhanced and upgraded as a neighborhood and visitor gathering space highlighting the unique park and neighborhood history and culture. Additional park improvements will be the addition of a plaza with the shelter, trellis, improved walks, landscaping and site furnishings. Graphics denoting history and culture will be prevalent in the park improvements.

This project will create an improved gathering space and the sharing of the historical significance of Livingston Park and the surrounding area. The master plan preserves and protects the park from future development without community input.

This is legislation for design development is required by the State to qualify for the grant. Future legislation will be to accept the grant, hire an architect and proceed with construction. The grant will reimburse construction documentation and supervision as a reimbursable.

Livingston Park is the oldest park in the City of Columbus, originally purchased in 1839 as the East Graveyard. It has a
fascinating history that will be commemorated.

Explanation
BACKGROUND: The City of Columbus received funds for the Sexually Transmitted Disease (STD) Control grant program from the Ohio Department of Health. The STD Control program enables the Columbus Health Department to
identify and prevent sexually transmitted diseases through gonorrhea culture screening, syphilis elimination, gonococcal isolate surveillance, and partner services. Additionally, the Columbus Health Department assures the quality of medical and laboratory services, surveillance, partner services, and data management. All activities are conducted with special emphasis on populations at high risk such as correction facilities, organizations focusing on adolescents, and managed care settings. The Board of Health will contract with The Tobias Project, Inc. to provide community education and training for syphilis elimination. This contractor is not-for-profit and is therefore exempt from contract compliance certification.

This contract was advertised on Vendor Services in December, 2009, in accordance with the City's competitive bidding requirements (SA003457). The Tobias Project, Inc. was awarded a contract.

Emergency Action is required to ensure the continued operation of the STD Control grant program.

The Serenity Housing Foundation requests a Council variance to allow the construction of a shared living facility for fourteen residents on a vacant lot zoned in the R-2F, Residential District. Variances for minimum lot width, lot size, location requirements and a parking variance for one (1) required space are included in the request. The R-2F, Residential District only allows residential care facilities which are for five residents or less. Shared living facilities, which are for six or more residents, must be located within the AR-3, AR-4 or AR-O, Apartment Residential Districts. The Serenity Housing Foundation is the housing arm of The Serenity Street Foundation, an Ohio not-for-profit corporation. The Serenity Street Foundation offers a residential and employment program for men in recovery from alcohol and drug addiction through a faith-based recovery program that provides a home, a job, and a network of support that promotes recovery, health, and responsible living. The organization was originally founded in 1996 and is currently operating a residential care facility at 31 E. Woodrow Avenue, which is across the street from the subject property. The request will allow the applicant to serve additional clients while maintaining
current staffing and volunteer levels. Furthermore, retaining the underlying zoning classification, which was established by a City-sponsored down-zoning of Merion and Hungarian Villages (Ordinance No. 2110-2004), will ensure that the residential character of the neighborhood will be maintained.

Legislation Number: 0171-2010
Drafting Date: 01/21/2010
Version: 2
Current Status: Passed
Matter Type: Ordinance

Explanation
Background

This legislation will authorize the Director of Public Utilities to execute a contribution agreement to provide matching funds related to the award of a grant under the federal Hazard Mitigation Grant Program (HMGP). The grant funds will be used to eliminate future risk of damage to properties located in the area of Whims Ditch.

Whims Ditch is a petitioned county ditch that was constructed to provide drainage to the surrounding area. However, due to changes in land use and the general development of the surrounding area in conjunction with the area's generally flat topography, residents in the area of Whims Ditch have experienced repeated flooding of their homes. The U.S. Army Corps of Engineers performed a study of the area and determined that, while it would be possible to make some improvements to the ditch, the improvements would be costly and would not entirely alleviate the recurring flooding. This flooding has resulted in litigation by the affected homeowners against the City, Franklin County, and several private landowners C.O.C. Landfill and Inland Products. Although there has been no determination of liability, and the lawsuit has been dismissed, the City and other parties, C.O.C. Landfill and Inland Products, have supported Franklin County's application for grant funds to remediate the effects of flooding in the area of Whims Ditch.

Franklin County has applied to the Ohio Emergency Management Agency for the award of federal HMGP funds for the purpose of alleviating the existing threat of flooding in the Whims Ditch area. The grant application requested funding in the amount of $3,081,600. If awarded, the grant funds will be used for the acquisition and demolition of the existing homes, assistance in the relocation of the affected residents, and maintenance of the area by Franklin County in perpetuity. This grant requires a minimum twenty-five percent contribution of local matching funds. The City, Franklin County, and private landowners C.O.C. Landfill and Inland Products have agreed to contribute a total of $775,000 in matching funds. Of this amount, the City's contribution will be $150,000. The grant is anticipated to be awarded in the near future. Prior to finalization of the grant project, an agreement establishing each party's contribution toward the matching fund amount must be executed.

This ordinance will also authorize the appropriation and expenditure of matching funds required by the grant award.

Emergency action is requested to allow for the finalization of the grant award within the specified timeframe in order to ensure the receipt of grant funds.

Fiscal Impact:
This legislation includes a transfer of cash within the Storm B.A.B.s Fund and an amendment to the 2009 Capital Improvements Budget to allow sufficient cash and authority in the proper account to fund the City's portion of the required matching funds of $150,000.00 for this project.

**Explanation**

Rezoning Application Z89-160A

Ordinance #640-90, passed March 12, 1990, rezoned 107.97± acres from the RR, Rural Residential, R-2F, Residential, AR-12, and ARLD, Apartment Residential, C-2, C-4, and C-5 Commercial Districts to the L-AR-12, Limited Apartment Residential C-2, Commercial, and CPD, Commercial Planned Development Districts. That legislation permits the development of multi-family residential and limited commercial uses within four sub-areas, each having specific use restrictions and development standards in accordance with a registered sub-area plan and development text. Sub-Area C is comprised of 16.07± acres zoned CPD, Commercial Planned Development District, and contains provisions for 25-foot building and 10-foot parking side and rear setback requirements for each lot. The Sub-Area is currently developed with three restaurants, a bank, and a discount department store. An undeveloped 0.52± acre residual tract remains, but would be difficult to develop because of the side and rear setback requirements. This legislation will amend Ordinance #640-90 by
modifying the CPD text in Sub-Area C to remove the 25-foot building and 10-foot parking side and rear setback requirements thereby allowing a new lot to be created for future development. This amendment does not alter any other requirements established by Ordinance #640-90.

BACKGROUND
The City of Columbus is engaged in a project identified as the North High Street - Flint Road to County Line Improvement Project. The purpose of this project is to widen High Street by one lane in each direction, add ADA compliant sidewalks and curb ramps, improve drainage and update the traffic signals from Flint Road north to the Delaware County line.

The Department of Public Service has an existing contract with Barr and Prevost for the design of this project. This legislation authorizes the Director of Public Service to modify and increase this contract. The design of the project has been finished to meet City of Columbus requirements. The city has applied for Transportation Review Advisory Council (TRAC) funds for construction. To qualify for this funding, this project must meet federal requirements which includes a National Environmental Policy Act (NEPA) document and each signal must be warranted. As part of this modification the consultant will prepare a NEPA document (which includes: ecological study, phase 1 cultural study, environmental site assessment screening, air quality analysis, preliminary noise analysis, archeology survey), and perform a warrant analysis at each signalized intersection. Design is estimated to be completed by February 2011. This consultant has all of the drawing files, survey data, and intimate knowledge of the design of this project. The cost for this modification was determined by negotiations with the design consultant.

0.95 miles of 5 foot wide sidewalk will be added or reconstructed in this project on the West side of the road.
0.95 miles of shared-use path on the east side. 38 ADA ramps will be added or reconstructed in this project.
This project complies with the recommendation of the Pedestrian Thoroughfare Plan because it provides a 5 foot sidewalk for the length of the project. Pedestrian generators and destinations impacting the proposed project include restaurants, a church, and condominiums. Environmental "Green" materials or processes associated with this project include Stormwater Best Management Practices.

The original contract amount for this project was $209,840.00 authorized by ordinance 3088-96, the first modification for this project in the amount of $50,000.00 was authorized by ordinance 1141-2004 to expand the scope of services to cover the cost of plan revisions and updates. The second modification for this project in the amount of $44,817.00 was authorized by ordinance 1689-2005 to design a right turn lane from southbound High Street to westbound Lazelle Road and to add sidewalk and curb ramps along the west side of High Street. The third modification for this project in the amount of $23,084.00 was authorized by ordinance 1846-2007 to revise the plans to meet new EPA regulations and to change the sidewalk on the east side of High Street to a multi-use trail.

In 2003 an encumbrance cancellation was inadvertently processed for the amount of $95,909.77.

This ordinance authorizes modification #4 in the amount of $132,319.23 and replaces a previously canceled encumbrance in the amount of $95,909.77. The total contract amount including all modifications is $460,060.23.

Searches in the Excluded Party List System (Federal) and the Findings for Recovery list (State) produced no findings against Barr and Prevost.

2. CONTRACT COMPLIANCE
Barr and Prevost's contract compliance number is 311347309 and expires 5/5/11.

3. Fiscal Impact
Monies in the amount of $228,229.00 to pay for these costs are available within the Streets and Highways G.O. Bonds Fund for the Division of Design and Construction, due to cancellation of encumbrances from completed projects.

4. Emergency Justification
Emergency action is requested for this legislation in order to maintain the project schedule and meet scheduling requirements of the TRAC program.

**Explanation**
**Background:**
This ordinance provides for the appropriation of funds from the unappropriated balance of the Recreation and Parks Private Leisure Assistance for Youth (P.L.A.Y.) Fund for scholarships utilized by the Community Recreation Section.
The P.L.A.Y. fund was established to provide scholarships for economically disadvantaged youth to participate in programs at the recreation centers that have a fee associated with them.

A previous ordinance for appropriation was done in the fall of 2009, Ordinance #0090-2009.

Legislation of this sort occasionally comes before City Council to appropriate funds for this program that widely benefits the youth of the community.

Fiscal Impact will be to reduce the Recreation and Parks Private Leisure Assistance for Youth (P.L.A.Y.) program unappropriated balance by $13,500.00.

This ordinance is submitted as an emergency to allow the financial transaction to be posted in the City's accounting system as soon as possible. Up-to-date financial posting promotes accurate accounting and financial management. Emergency legislation is required to have funding available in 2010 for necessary expenditures.

1. BACKGROUND

The Department of Public Service, Division of Refuse Collection, provides Columbus residents with weekly collection of yard waste through a contract for such. This separate collection is necessary to segregate yard waste that can be composted and recycled from the regular waste stream; this serves to extend the life of the landfill operated by the Solid Waste Authority of Central Ohio (SWACO) and increases weekly refuse container capacity for residents. Landfill diversion requirements are established by Ohio Revised Code.

This is normally an expense that is budgeted within the Division of Refuse Collection General Fund budget, but due to budget constraints in 2009 the contract was provided on a subscription basis for citizens who chose to subscribe and receive the service. This year the City will resume the provision of these services with no subscription fee and enter into contract for said services. This will be the first year of a 3-year contract with an estimated time frame of April 20, 2010 to March 31, 2013 and 2-1 year renewal periods thereafter. Street-side yard-waste collection service will be provided to approximately 227,000 households. This ordinance authorizes the Director of Public Service to enter into a yard waste collection contract for a 3 year term, with 2-1 year renewal options, and to authorize the expenditure of $3,677,400.00 for the first year of service.

The Notice to Proceed date is estimated to be March 12, 2010, with a service start date of April 20, 2010. The contract length is 3 years with the option of 2 - 1 year renewals. 3 bids were received on January 14, 2010 (2 majority, 1 minority) and tabulated on January 15, 2010 as follows:

Current Status: Passed
Matter Type: Ordinance

Explanation
BACKGROUND: For the option to purchase On-Line Surplus Auction Services from AssetNation, Inc. the State Contract Vendor and authorized fiscal agent by the Columbus Depository Commission. The term of the proposed option contract would be through March 31, 2011 with an option to extend for two (2) one year periods contingent on the extension of the Ohio Department of Administrative Services (DAS) Cooperative Contract (GDC042Z).

Columbus City Code Section 329.30 provides for the sale of city-owned personal property and authorizes the Finance and Management Director to sell surplus property. The Purchasing Office conducted research regarding on-line auctions and has determined that the use of the services offered by AssetNation, Inc. is in the best interests of the City. This replaces a similar contract authorized and extended by Ordinance #1704-2008 and #0155-2009 and will expire on March 31, 2010. Revenue from surplus sales exceeded $1.1 mil in 2009.

The Purchasing Office recommends a contract be established with AssetNation, Inc. based on the State's cooperative contract. This contract is in effect until March 31, 2011 and may be extended at the discretion of DAS. City Ordinance #582-87 authorizes the use of DAS cooperative contracts by the City.

AssetNation, Inc. CC# 943345105 Expires January 27, 2011

Estimated Annual Expenditure: There is no annual expenditure to use this service.

These companies are not debarred according to the Federal Excluded Parties Listing or the State Auditor's Findings For Recovery Database.

This ordinance is being submitted as an emergency because, without emergency action, no less than 37 days will be added to this procurement cycle and the efficient delivery of valuable public services will be slowed. The disposition of city assets via this mechanism has been significantly enhanced by on-line sale. Keeping the continuity of this mechanism in place will allow the city to continue this program.

FISCAL IMPACT: Funding to establish this option contract is budgeted in the Mail, Print Services and UTC Fund.

**Title**
To authorize and direct the Finance & Management Director to enter into a contract for an option to purchase On-Line Auction Services with AssetNation, Inc., to authorize the expenditure of one dollar to establish the contract from the Mail, Print Services and UTC Fund; and to declare an emergency. ($1.00)

Explanation

BACKGROUND: It is necessary to appropriate $125,000.00 from the unappropriated balance of the special revenue fund, entitled the Police Continuing Professional Training Fund. This appropriation will be used by the Division of Police for officers to attend training seminars, purchase training equipment, and supplies.

In 2007, Ohio Senate Bill 281 was signed into law, thereby enacting a mandatory continuing professional training program for Ohio peace officers. These training requirements can be found in the Ohio Revised Code 109.802. Ordinance No. 0087-2008, passed on February 4, 2008, authorized the Public Safety Director to participate in the state-funded continuing professional training reimbursement program. For calendar year 2007, the State mandated all peace officers and troopers to attend or receive 8 hours of in-service training. The Division of Police complied with this mandate and on February 13, 2008, the Division received reimbursement in the amount of $279,260.00. Reimbursement for 2008 mandated hours amounted to a deposit of $216,480 in 2009. State law mandates that these funds be kept in a separate account and will be used only to pay the costs of Continuing Professional Training programs.

**SECTION 2.** That the monies appropriated in the foregoing Section 1 shall be paid upon order of the Public Safety Director and that no order shall be drawn or money paid except by voucher, the form of which shall be approved by the City Auditor.

**SECTION 3.** That all funds necessary to carry out the purpose of this fund in 2010 are hereby deemed appropriated in an amount not to exceed the available cash balance in the fund.

**SECTION 4.** That for the reasons stated in the preamble hereto, which is hereby made a part hereof, this ordinance is hereby declared to be an emergency measure and shall take effect and be in force from and after its passage and approval by the Mayor or ten days after passage if the Mayor neither approves nor vetoes the same.

**Explanation**

**1. BACKGROUND**

The Division of Planning and Operations is responsible for snow and ice control and removal on the City’s roadway system. Rock salt is used extensively in this operation. It is necessary to authorize the expenditure of $400,000 to ensure that the City has the ability to purchase additional quantities of salt for the remainder of the winter season. Division of Planning and Operation's leadership have requested this additional purchase capacity as a precaution, in case we encounter an above average number of snow and ice events for this 2009-2010 season. It is possible that this purchase order will not be used if weather patterns moderate.
This ordinance authorizes the expenditure of $400,000.00 and authorizes the Director of Finance and Management to establish a purchase order for the purchase of rock salt for the Division of Planning and Operations consistent with the terms and conditions of the existing citywide term contract (FL004418) with American Rock Salt in the amount of $400,000.00.

Searches in the Excluded Party List System (Federal) and the Findings for Recovery list (State) produced no findings against American Rock Salt Co. LLC.

2. CONTRACT COMPLIANCE
American Rock Salt's contract compliance number is 161516458 and expires 8/25/11.

3. FISCAL IMPACT
This expense is budgeted and available within the Division of Planning and Operations fund 266, Motor Vehicle License Tax Fund.

4. EMERGENCY ACTION:
Emergency action is requested to assure an uninterrupted supply of this critical commodity.

WHEREAS, the Division of Planning and Operations is responsible for snow and ice control and removal on the City's roadway system; and

WHEREAS, rock salt is used in this operation; and

WHEREAS, the Purchasing Office has established a citywide universal term contract with American Rock Salt Co. LLC, for the purchase of rock salt as a result of the formal competitive bidding process; and

WHEREAS, it is necessary to authorize the expenditure of $400,000.00 to ensure that the City has the capacity to purchase additional quantities of salt for the remainder of the winter season; and

WHEREAS, an emergency exists in the usual daily operation of the Department of Public Service, Division of Planning and Operations, in that it is immediately necessary to authorize the Director of Finance and Management to establish a purchase order for the purchase of rock salt consistent with the terms and conditions of this pending citywide contract in order to assure an uninterrupted supply of this critical commodity, thereby preserving the public health, peace, property, safety, and welfare; now, therefore:

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:

Section 1. That the Director of Finance and Management is hereby authorized to establish a purchase order with American Rock Salt Co. LLC, PO Box 190, Mt. Morris, NY 14510 for $400,000.00 for the purchase of rock salt for the Division of Planning and Operations consistent with the terms and conditions of an existing citywide term contract (FL004418) for this purpose.

Section 2. That the expenditure of $400,000.00, or so much thereof as may be needed, be and hereby is authorized from Fund 266, the Motor Vehicle License Tax Fund, Dept.-Div No. 59-11, Division of Planning and Operations for the purchase of rock salt as follows:

Section 3. That for the reasons stated in the preamble hereto, which is hereby made a part hereof, this ordinance is hereby declared to be an emergency measure and shall take effect and be in force from and after its passage and approval by the

**Legislation Number:** 0211-2010

**Drafting Date:** 01/27/2010  
**Current Status:** Passed  
**Version:** 1  
**Matter Type:** Ordinance

**Explanation**

**Background:** On August 22, 2006 the Recreation and Parks Department received and opened one (1) bid for food services at Turnberry Golf Course. The recommendation was made to award the revenue generating contract, CT01132R, to En-Course Catering, Inc. for a term of three (3) years with the option to renew annually for an additional two (2) years.

The original contract would have generated $202,000 in revenue over five (5) years. This legislation will authorize a modification between the City and the Concessionaire resulting in a $7,500 decrease in total annual revenue payments for 2010 and a decrease of $9,500 for year two (2011). The total revenue generated at the end of the contract period will amount to $178,000.

The City and Concessionaire agree to modify their existing contract as follows:

1. The required rent (Section 4) shall be decreased by $7,500 for year one (2010) of the two additional renewable option years and decreased by $9,500 for year two (2011) of the two additional renewable option years; for a total annual payment of $32,500 for 2010 and $32,500 for 2011.

2. All other terms and conditions remain the same for Turnberry Food Concessions by En-Course Catering, Inc.

These negotiated changes are in the best interests of our golfing customers. Weather and economic times have had an impact and through this, En-Course Catering, Inc. has continued to serve our golfers without delay or complaint.

The Contract Compliance Number for En-Course Catering, Inc. is #203326047. The expiration date is March 9, 2011.

**Fiscal Impact:**

Revenue is decreased for 2010 and 2011; revenue funds will be paid to Golf Course Operations Fund 284; Department 51-03; revenue OCA code 025866-Turnberry Golf Course.

2010 decreased by $7,500; for a total payment of $32,500
2011 decreased by $9,500; for a total payment of $32,500

Emergency legislation is required as this affects the timing of the revenue generating contract and the payment to the city. It also affects En-Course Catering, Inc. and their ability to conduct business and entertain new opportunities as a result of this modification.

**Title**

To authorize and direct the Recreation & Parks Director to modify the food concession contract (revenue) at Turnberry Golf Course with the food concessionaire En-Course Catering, Inc.; and to declare an emergency.

**Body**

**WHEREAS,** one (1) bid was received by the Department of Recreation and Parks and evaluated for a food service contract at Turnberry Golf Course; and

**WHEREAS,** the recommendation was made to award the contract to En-Course Catering, Inc. for a period of three (3) years with an option to renew annually for an additional two (2) years; and

**WHEREAS,** it is in the best interest of the Department of Recreation and Parks to modify the contract with En-Course...
Catering, Inc. as specified in the background above; and

WHEREAS, an emergency exists in the usual daily operation of the Recreation and Parks Department and that it is immediately necessary to modify said contract as this affects the timing of the revenue generating contract and the payment to the city. SECTION 3. That for the reasons stated in the preamble hereto, which is hereby made a part hereof, this ordinance is declared to be an emergency measure and shall take effect and be in force from and after its passage and approval by the Mayor, or ten (10) days after passage if the Mayor neither approves nor vetoes the same.

To authorize the Board of Health to enter into a revenue contract with Franklin County Children Services for the provision of public health nursing services, in an amount not to exceed $197,615.00, to authorize the appropriation of $197,615.00 from the unappropriated balance of the Health Department Grants Fund; and to declare an emergency. Explanation
Council Variance Application: CV09-020

APPLICANT: 3D Group, Inc.; c/o Antonio Colosimo, Architect; 266 North Fourth Street; Columbus, Ohio 43215.

PROPOSED USE: A carry-out and restaurant with four second-story apartments.

UNIVERSITY AREA COMMISSION RECOMMENDATION: Approval.

CITY DEPARTMENTS' RECOMMENDATION: Approval. The site is developed with a 4,800 square-foot vacant commercial building with four apartments on the second floor in the AR-4, Apartment Residential District. The requested Council variance will allow a carry-out and restaurant on the first floor while maintaining the apartments on the second floor. A variance is necessary because the AR-4, Apartment Residential District prohibits restaurant and retail uses. Additional variances are included for the building's existing conditions for reduced setbacks, side and rear yards, parking lot screening, vision clearance, parking setback, and a reduction of 27 required parking spaces. The site is located within the planning area of the University Neighborhoods Revitalization Plan (1996), which recommends moderate intensity residential development for this location. Since the building had previously been used commercially and is located in an urban neighborhood, Staff is supportive of the proposed uses and variances. In addition, the project was approved by the University Area Review Board.

Matter Type:  Ordinance

Explanation
In light of the extraordinary challenges facing the City of Columbus' 2009 general fund budget, City Council passed legislation Ordinance No. 1622-2008 on October 27, 2008. This legislation authorized the Human Resources Department to enter into contract with Educators Preferred Corporation (EPC) to design and implement a one-time voluntary employee
severance plan.

Sixty-five (65) city employees elected to participate in the plan resulting in a cost savings to the City of approximately $3.3 million in 2009. Plan participants received either a one-time lump sum payment or incremental payments for a period of up to 5 years (depending on age).

As a component of the plan implementation process EPC utilized Metropolitan Life Insurance Company (MetLife) to secure monthly payments to participants and establish a severance plan "Funding Account" from which payments and appropriate withholdings are made for plan participants. On March 9, 2009 City Council passed Ordinance No. 0294-2009 which, among other things, authorized the Human Resources Department to establish the city's funding account into which these payments and appropriate withholdings are made for the severance plan participants. As a result, in 2009, the Human Resources Department made the first of three payments to EPC, totaling $1,657,875.89.

This ordinance authorizes the expenditure of $515,000.00, or so much thereof as may be necessary, from the Human Resources Department General Fund in order that payments may be made through the second year of the plan.

This ordinance is submitted as an emergency so as to allow the financial transaction to be posted in the City's accounting system as soon as possible. Up to date financial posting promotes accurate accounting and financial management.

This Company is not debarred according to the Excluded Parties listing of the Federal Government and is not listed in the Auditor of State database for Findings for Recovery.

Emergency Designation: This legislation is to be declared an emergency measure so that legislative approval can occur prior to expiration of the grant period (March 2010).

Background: In 2006, the Solid Waste Authority of Central Ohio (SWACO) and the City of Columbus (hereafter referred to as the city) modified their joint transfer agreement such that the city received $580,000.00 to continue and expand its recycling and environmental stewardship efforts. These funds were awarded in two installments. The first installment totaled $210,909.00 and was appropriated via ordinance 2197-2006. The second totaled $369,091.00 and was appropriated by ordinance and 2102-2007.

In early 2009, the aforementioned transfer agreement was again modified, resulting in an additional $78,303.00 for the program. Ordinance 0264-2009 authorized the appropriation of the increased funding as well as the extension of the program from August 2009 through the end of the year.

In late 2009, the transfer agreement was modified yet again, providing an additional $210,912.00 for the program and extending it through December 31, 2010. This ordinance authorizes the appropriation of said funds through December 31, 2010.

exceed available revenues. As such, there are no negative fiscal impacts associated with passage of this ordinance.

This ordinance is presented as an emergency to ensure that the program continues without interruption.

Explanation

BACKGROUND: Issuance of Recovery Zone Bonds was authorized by the American Recovery and Reinvestment Act of 2009 (ARRA). The City received an allocation of $24,500,000.00 in Recovery Zone Facility Bonds that must be issued by December 31, 2010. Recovery Zone Facility Bonds are a new category of tax-exempt private activity bonds. Facility Bonds allows projects to be financed tax-exempt which prior to the ARRA were not eligible for tax-exempt financing. Tax-exempt financing provides a lower cost of money for the borrower. Almost any type of capital investment project in a designated Recovery Zone is eligible. Examples include commercial projects, office complexes, hotels and warehouses. Ineligible projects include residential rental properties, golf courses, massage parlors, and stores that sell alcoholic beverages to be consumed off-site as its primary product. The entire City has been designated a Recovery Zone by Resolution 0159X-2009.

The City is currently working in partnership with the Columbus-Franklin County Finance Authority to identify eligible private commercial development which is eligible to issue Recovery Zone Facility Bonds. Both entities are confident that the entire bond allocation will be expended within the given timeframe.

This legislation will designate the Columbus-Franklin County Finance Authority as the issuer of the Recovery Zone Bonds.
for the City of Columbus. The Finance Authority is also acting as the bond issuer for the Franklin County Recovery Zone Bond allocation.

Emergency action is requested to allow the transfer of the Recovery Zone Bond allocation to the Columbus-Franklin County Finance Authority in a timely manner to allow projects to be financed within the given timeframe.

**FISCAL IMPACT:** No funding is required for this legislation. The Columbus-Franklin County Finance Authority will provide conduit financing and issue the Recovery Zone Facility Bonds in order for the project to be eligible and benefit from the interest rate reduction. The private entity that will receive the proceeds from the bond sale will be responsible for the repayment. In case of default neither the City nor the Finance Authority will be impacted. The Recovery Zone Facility Bond allocation is not actual dollars; it is a mechanism for the private entity to get a lower interest rate.

**Title**

To authorize the allocation and transfer of $24,500,000.00 of the Federal Recovery Zone Facility Bond Volume cap allocation of the City of Columbus, Ohio, to the Columbus-Franklin County Finance Authority, Franklin County, Ohio; and to declare an emergency. ($24,500,000.00)

**Explanation**

**Need:** The Columbus Public Health (CPH) Department has a need to contract for security officer services for their facility at 240 Parsons Avenue. The purpose of this legislation is to enter into contract with United Security, LLC, for security services for the period February 12, 2010 through November 11, 2010.

A Request for Proposal (RFP), # SA002575 "Security Officer Services at 240 Parsons Avenue," was publicly posted to the City of Columbus Vendor Services website from August 7 until September 7, 2007. All companies registered with the City of Columbus under commodity code 99046 (Guard and Security Services) were notified of the RFP. A total of eighteen companies requested the RFP. A total of nine companies submitted responses to the RFP. The CPH evaluation committee unanimously recommended awarding the contract to United Security Management Services, Inc., as the lowest, responsive, responsible and best bidder under the provisions of City Code, Chapter 329. Ordinance No. 1661-2007 authorized the Board of Health to enter into the first year of a three-year contract for a total amount of $293,968. Ordinance No. 0983-2008 authorized the Board of Health to enter into the second year of a three-year contract for a total amount of $291,500. Ordinance No. 1235-2009 authorized a contract for the first three months of the third year of the three-year contract. This ordinance will authorize a contract for the remaining nine months of the final contract year.

Ordinance No. 1503-2009 authorized the Board of Health to accept a name and Federal Identification number change for United Security Management Services, Inc., and the assignment of all their present and future contracts with the City of Columbus to United Security, LLC. These actions were a result of United Security Management Services, Inc., being acquired by A & R Security, a Chicago-based firm last year. United Security, LLC, will continue to provide the required services in accordance with the existing contract terms and provisions. The contract compliance number for United Security, LLC, is 26-3179987 and expires on 10/21/11.

Emergency action is requested because the existing contract expires on February 11, 2010.

**Explanation**

The Division of Income Tax has previously contracted with the JP Morgan Chase Bank, N.A. for the purpose of providing certain lockbox services related to the processing of income tax remittances.

The lockbox contract provides for the direct deposit of known income tax receipts. The City benefits from greater investment earnings as less processing time is required prior to deposit of receipts. This contract relieves the Division of Income Tax of the time consuming task of opening and sorting a large volume of mail during peak tax filing and payment periods, as well as reducing the workload of the City Treasurer's staff during those times.
Item No. 14 of the original contract EL006394 as modified provides for the option to renew for six (6) one (1) year periods. At this time, the Division is exercising its option to renew for the fourth of the six renewal periods of the contract. JP Morgan Chase Bank, N.A contract compliance number is 134994650-004 expires 09-10-2010.

Explanation
BACKGROUND: In response to the housing mortgage crisis, the city of Columbus was awarded $22,845,495.00 of
Neighborhood Stabilization Program (NSP1) grant funds from the U.S. Department of Housing and Urban Development (HUD). The funds provide for the purchase of foreclosed or abandoned properties, as well as the rehabilitation, redevelopment or demolition of these properties in order to stabilize neighborhoods and stem the decline of house values of neighboring homes.

Ordinance 1860-2008 adopted the city's Neighborhood Stabilization Program, authorized the filing of the Neighborhood Stabilization Program application with HUD, and made a substantial amendment to the Consolidated Plan's 2008 Action Plan. Ordinance 0007-2009 implemented the NSP1 program by appropriating $19,983,997.00 within the General Government Grants fund to various departments and offices of the government of the City of Columbus. This ordinance will appropriate the balance of the award.

**FISCAL IMPACT:** This legislation totals $2,861,498.00 for the balance of NSP1 programs. Costs will be reimbursed to the city by HUD as expended.

This legislation is presented as an emergency for the effective continuation of NSP1 programs to address the current mortgage crisis in our city.

**Title**

It is the recommendation of the Facilities Management Division to award this contract to the most responsive and responsible bidder, Mid-American Cleaning Contractors. AA Janitorial and D & D Cleaning were both deemed non-responsive due to incomplete bid packages.

This ordinance also waives the competitive bidding process of the Columbus City Codes. During the evaluation process it was discovered that the responsible wage health insurance language in the bid was confusing because the language within the bid specifications was inconsistent with City Code and several sections within the bid document were inconsistent with each other. During the evaluation process each bidder was asked to clarify their bid with respect to health insurance. No bidder received an advantage because of this need, and no bidder required a price adjustment to their bid. In light of the confusing health care language and the necessity of a clarifying communication with bidders after the bids were received it was suggested by the City Attorney's Office that the competitive bidding provisions of City Code should be waived.

Emergency action is requested to ensure custodial services continue uninterrupted. This ordinance was delayed by the necessity to receive clarification from the bidders and, therefore, took longer than expected.

Fiscal Impact: The Facilities Management Division budgeted $176,956.00 in the 2010 budget for this contract. The cost of this contract is $179,956.00, which includes a contingency of $3,000.00 for equipment replacement.

WHEREAS, it is necessary to contract for custodial services at the Police Academy, 1000 North Hague Avenue; and

WHEREAS, the Facilities Management Division formally bid for custodial services; and

WHEREAS, it is in the best interest of the City of Columbus to waive the competitive bidding requirements for the custodial services at the Police Academy, 100 North Hague; and

WHEREAS, an emergency exists in the usual daily operation of the Finance and Management Department, Facilities Management Division, in that it is immediately necessary to authorize the Finance and Management Director to contract
with Mid-American Cleaning Contractors for custodial services at the Police Academy, to ensure the cleanliness of the building without interruption, thereby preserving the public health, peace, property, safety, and welfare: now, therefore:

SECTION 3. That for the reasons stated, the Columbus City Council finds it is in the best interest to waive all provisions in the Columbus City Codes relative to competitive bidding.

**Explanation**

This ordinance authorizes the appropriation of an additional $14,000.00 for fiscal year 2010 within the Franklin County Municipal Court's fund for dispute resolution. The Franklin County Municipal Court instituted its pre-filing mediation program for small claims cases in 1984; the program provides mediation services for individuals and business who wish to resolve their disputes and avoid filing a small claims case. Currently, this program schedules 2,500 mediations annually. Another type of service, which is for businesses and government agencies attempting to collect on accounts payable, is the accounts mediation program that helps businesses resolve hundreds of cases each year.

To support this effort, the Franklin County Municipal Court instituted a special project cost, as authorized by the Ohio Revised Code, § 1901.26 (B)(1). The project cost is a $15.00 per case charge that covers up to five checks per debtor. It is expected that the program will generate $75,000.00 in revenue annually.

Funds are to be used to assist in the support of dispute resolution program efforts within the Small Claims Division, not to supplant existing funds. The intent of these funds is to provide for the purchase of services and other similar small claims-related expenses not currently available to the Court's small claims services department.

**EMERGENCY**: Emergency action is requested to allow uninterrupted payments to vendors.
