Legislation Number: 0062-2010
Drafting Date: 01/04/2010
Version: 1
Current Status: Passed
Matter Type: Ordinance

EXPLANATION
BACKGROUND:
This legislation authorizes the Director of the Department of Technology to modify and extend existing contracts in accordance with the terms and conditions established in the original master agreements with COMSYS, Delphia Consulting Inc. LLC and The Ohio State University (CETI). These contract modifications are needed to continue with the original project schedule and the provisions for services between the City of Columbus and COMSYS, Delphia Consulting Inc. LLC and The Ohio State University (CETI), for the purpose of enhancing and updating the city's current web environment and "E-gov" services. While performing tasks associated with the "E-gov" initiative project (data migration, enterprise architecture, portal architecture services and usability services), there were circumstances that directly impacted deliverables and milestones associated with the progress of the "E-gov" initiative project, it has become necessary to continue work that was begun in 2007 that includes but is not limited to bringing the city's web servers in-house and the migration of the existing content into a redesigned and more usable web site, utilizing a new Ektron Content Management System (CMS). The primary categories of activities involve defining, designing, developing and debriefing.

This legislation requests approval to modify and extend existing contracts EL007265, EL008584 and EL009350 (which replaces EL007539), in accordance with the terms and conditions established in the original master agreements, with the original vendors COMSYS, Delphia Consulting Inc. LLC and The Ohio State University (CETI), to extend the coverage periods from April 30, 2010 through April 30, 2011; originally legislated and approved through Ordinances #0683-2007, #0698-2007 and #1226-2007, passed by City Council on July 9, 2007, May 21, 2007 and July 23, 2007; to allow time to continue with enhancing and updating the city's current web environment and related "E-gov" services.

The original contracts with COMSYS, Delphia Consulting Inc. LLC and The Ohio State University (CETI), provided language that allows the Department of Technology to annually renew the contract for three years, with each year being contingent upon approval of funding on the yearly anniversary date. This legislation authorizes the third year of the three year renewals with the original vendors COMSYS, Delphia Consulting Inc. LLC and The Ohio State University (CETI) for the coverage periods from April 30, 2010 through April 30, 2011. The contracts allow, but are not limited to: data migration, enterprise architecture, portal architecture services and usability services. The contracts are no cost modifications that will extend the coverage periods, as mutually agreed by the City of Columbus, COMSYS, Delphia Consulting Inc. LLC and The Ohio State University (CETI).

The project proposes to perform minor rehabilitation on I-270 from 0.20 mile north of Noe-Bixby Road to 0.3 miles south of the Obetz Corporation limit and north of Alum Creek Drive. This project will include pavement repairs, resurfacing, replacing curb median with concrete barrier at the US-33 interchange, upgrade drainage, bridge repair, replacement of signs and sign trusses. (FRA-270-43.45, PID 16669)

This legislation also authorizes the Director of Public Service to enter into the necessary agreements to complete this project.

2. FISCAL IMPACT

The estimated total cost of this project is $4,900,000, which will be funded by ODOT. There is no cost to the City for this project.

The exchange will equally benefit both the City and Royal Tallow Holdings, Ltd., therefore no money will be involved. This legislation authorizes the Director of the Recreation and Parks Department to execute those documents necessary to the exchange desired real properties.

1. Background:
The City of Columbus, Department of Public Service, received a request from Franklinton Senior, LLC asking that the City sell a portion of the right-of-way identified as the east-west alley, known as Walnut Street, north of Rich Street, between Davis Avenue and Green Street. Transfer of this right-of-way will allow for the construction of multi-family housing for the elderly. Per current practice, comments were solicited from interested parties, including City agencies, private utilities and the applicable area commission, before it was determined that, subject to the retention of a general utility easement for those utilities currently located within this right-of-way, the City will not be adversely affected by the transfer of this right-of-way. The Department of Public Service submitted a request to the Department of Law, Real Estate Division, asking that they establish a value for this right-of-way. A value of $24,781.00 was established. After review of the request, the Land Review Commission voted to recommend the above referenced right-of-way be transferred to Franklinton Senior, LLC for $24,781.00.

2. FISCAL IMPACT:
The City will receive a total of $24,781.00 that will be deposited in Fund 748, Project 537650, as consideration for the transfer of the requested right-of-way.

3. EMERGENCY JUSTIFICATION:
Emergency action is requested to allow this transfer to occur as soon as possible, thereby allowing Franklinton Senior, LLC to complete their transfer and allow Franklinton Senior, LLC to proceed with construction plans without further delay in order to avoid incurring additional costs that would place strain on the project budget.

Title
To authorize the Director of the Department of Public Service to execute those documents required to transfer a portion of the Walnut Street right-of-way; and to declare an emergency.

Body
WHEREAS, the City of Columbus, Department of Public Service, received a request from Franklinton Senior, LLC, asking that the City transfer the east/west alley known as Walnut Street, north of Rich Street, between Davis Avenue and Green Street, to them; and

WHEREAS, acquisition of the right-of-way will allow Franklinton Senior, LLC to construct multi-family housing for the elderly on property that is currently owned by Franklinton Senior, LLC; and

WHEREAS, per current practice, comments were solicited from interested parties, including City agencies, private utilities and applicable area commissions, before it was determined that, subject to the retention of a general utility easement for those utilities currently located within this right-of-way, the City will not be adversely affected by the transfer of this right-of-way to Franklinton Senior, LLC; and

WHEREAS, the Department of Public Service submitted a request to the Department of Law, Real Estate Division, asking that they establish a value for this right-of-way; and

WHEREAS, the Land Review Commission voted to recommend that the above referenced right-of-way be transferred to Franklinton Senior, LLC for the amount of $24,781.00; and now therefore

WHEREAS, an emergency exists in the usual daily operation of the Department of Public Service in that it is immediately necessary to authorize the Director to execute those documents which will provide for immediate transfer of a portion of the Walnut Street right-of-way to Franklinton Senior, LLC, thereby allowing proposed construction to proceed without delay and preserving the public health, peace, property, safety and welfare now, therefore

Explanation
The City of Columbus, in partnership with the Columbus and Franklin County Metropolitan Park District (Metro Parks), is working to redevelop the Whittier Peninsula, an industrial brownfield site. A Covenant Not To Sue (CNS) was secured from the Ohio EPA through its Voluntary Action Program (VAP) for the Southern Tier of the Whittier Peninsula in June 2008. The Southern Tier has been redeveloped into parkland and a nature center. Metro Parks and the City are currently participating in Ohio EPA’s VAP to secure a CNS for the Northern Tier of the Whittier Peninsula. The Northern Tier encompasses property owned by the City of Columbus as well as property owned by Metro Parks and is being redeveloped as public, open-space parkland.

At this time, Metro Parks, through its consultant Burgess and Niple, is participating in the VAP to secure a CNS for the former Lazarus Distribution Center, which is now a city-owned property that is adjacent to the Northern and Southern Tier sites. As part of the VAP process to obtain a CNS, Metro Parks is completing a No Further Action (NFA) letter for approval by the Ohio EPA. In order to secure a CNS, the City is required to execute an Environmental Covenant, which will limit the use of the property to recreational, commercial, or industrial land use pursuant to Ohio Revised Code §§ 5301.80 to 5301.92.

This legislation seeks authorization to execute instruments and documents as may be necessary to secure a CNS for the former Lazarus Distribution Center on the Whittier Peninsula including an Environmental Covenant and any other additional documents and instruments that are necessary and incident thereto.

Emergency action is necessary in order to maintain progress on this project.

Explaination
Rezoning Application Z05-056B

Ordinance #0479-2006, passed May 22, 2006, for property located at 4815 Leppert Road, rezoned 30.4± acres from the R, Rural District to the TC, Town Center, and PUD-4, Planned Unit Development District. The original PUD-4 district consists of 28.1± acres and permitted the development of 26 four-unit dwellings for a total of 104 units and a density of 3.7 units per acre. Ordinance #1069-2008 amended Ordinance #0479-2006, and allowed the applicant to construct up to twenty (20) detached single-family dwelling units or ten (10) two-family dwelling units, or a combination of both single and two-family dwelling types for a maximum of 20 dwelling units. That configuration was substituted in place of the twenty- four (24) dwelling units in six (6) four-family buildings in the same area. The applicant constructed the previously mentioned 20 dwelling units and now via this Ordinance wishes to amend Ordinance #1069-2008 to construct either a maximum of nineteen (19) more single-family dwellings or a maximum of ten (10) more two-family dwelling units; or a maximum of five (5) four-family dwelling units or a combination of either single-family, two-family or four-family dwelling units in an expanded area. No matter what combination of dwelling units is ultimately built, the total number of dwelling units for entire site shall not exceed 104 dwelling units as was originally agreed to. This amendment does not increase density, reduce open space, or otherwise alter any other requirements established by Ordinance #0479-2006.

DEVELOPMENT COMMISSION RECOMMENDATION: Approval (4-1) on March 12, 2009.

CITY DEPARTMENTS' RECOMMENDATION: Approval. The site is developed with a 240-unit apartment complex zoned in the L-AR-12, Limited Apartment Residential District (Z95-007). The applicant requests the L-AR-12, Limited Apartment Residential District to construct two new apartment buildings allowing for an increase of 16 multi-family units. The proposed limitation text commits to a landscaping plan for the construction site and includes commitments from the current L-AR-12 District. The site is located within the boundaries of Subarea 28 the Northland Plan: Volume I (2001), which discourages additional multi-family development. The Plan also recommends that infill development be compatible with surrounding development and that new developments adhere to the Northland Development Standards (1992). The location of the proposed apartment buildings is adjacent to and shares access with existing single-family dwellings. Since additional commitments are included in the limitation text for landscaping, parking and building setbacks that adequately address compatibility issues, Staff believes the increase in density is negligible. The requested L-AR-12, Limited Apartment Residential District contains limitations to address the Northland Development Standards (1992), and is compatible with the zoning and development patterns of the area.

Title
To rezone 3100 COOPER ROAD (43081), being 21.18± acres located east of the intersection of Forest Hills Boulevard and Cooper Road, From: L-AR-12, Limited Apartment Residential District, To: L-AR-12, Limited Apartment Residential District (Rezoning # Z08-066).

Body
WHEREAS, application #Z08-066 is on file with the Building Services Division of the Department of Development requesting rezoning of 21.18± acres L-AR-12, Limited Apartment Residential District, to L-AR-12, Limited Apartment Residential District; and

WHEREAS, the Columbus Public Health Healthy Places program reviews applications for active living features and recognizes this development has included bike racks for employees or visitors that ride their bike because of choice or because of limited options; connection to the on site sidewalk system into the existing neighborhood sidewalk system for a continuous pedestrian environment; and provided room for a city constructed bike path in the future; and

WHEREAS, the Development Commission recommends approval of said zoning change; and

WHEREAS, the City Departments recommend approval of said zoning change because the requested L-AR-12, Limited Apartment Residential District contains limitations to address the Northland Development Standards (1992), and is compatible with the zoning and development patterns of the area, now, therefore:

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:

INTRODUCTION:

The subject property is 21.18+/- acres located on the east side of Cooper Road at the intersection of Cooper Road and Forest Hills Boulevard. This site was originally developed in 1997-1998 as a 240 unit apartment complex, in accordance with the Northland Plan as part of a 100 acre tract which comprises Area 13 wherein multi-family development may be supported. Applicant proposes to develop the balance of the site with two (2) additional eight (8) unit buildings for a maximum of sixteen (16) 3-Bedroom additional apartment homes for rent. The proposal shall be consistent with recommendations of the Northland Plan Volume I.

This application is being brought before the Development Commission and City Council to satisfy a growing need in our community to provide affordable 3-bedroom rental housing. For the past 4 years we have had an increasing number of requests from both prospective residents and active residents alike to provide affordable 3-bedroom rental housing. We are fortunate to have an area on site that can accommodate such a request. We have reviewed the financial feasibility of such an addition to the property and its impact on the operational costs and have determined that we are willing to proceed with this venture providing that we can get the satisfactory approvals from the various governing bodies.

City Hall, Council Chambers
For the properties that are within the proposed overlays, a zoning overlay does not change a property's underlying zoning. An overlay works in conjunction with the underlying zoning district to provide additional standards for such things as building setbacks, screening, lighting and graphics.
