**Explanation**

**BACKGROUND:**
The city of Columbus has adopted the Residential Code of Ohio (RCO) and the Ohio Building Code (OBC) as the state required model building codes governing the construction of all one, two, and three-dwelling units buildings and all other types of buildings, respectively.

The sections that are being deleted contain code that may be in conflict with the state mandated model codes and as such, would be preempted in place of the standard requirements that are contained in the RCO and the OBC. No new requirements are being added to the code nor are any requirements being increased.

These code changes were reviewed by the Columbus Building Commission at their January 19, 2010, meeting and the Columbus Building Commission recommended the changes for approval.

**FISCAL IMPACT:**
No funding is required for this legislation.

Section 5. That this ordinance shall take effect and be in force from and after the earliest period provided by law.

Explanation 1. BACKGROUND
Need: The Ohio EPA requires this legislation which authorizes the Director of Public Utilities to apply for and execute nine Ohio Water Pollution Control Loan Fund (WPCLF) loan agreements, for construction of nine projects, as described in Section 1 of this Ordinance, under the direction of the Division of Sewerage and Drainage. It is estimated that up to $285 million of construction costs for these projects will be financed through the Ohio Water Pollution Control Loan Fund program in 2010, with the engineering services costs of the projects being paid for through City bond money. The OSIS Augmentation and Relief Sewer (OARS) is the largest of these projects with an estimated construction cost of $264.5 million. This loan program is jointly administered by the Ohio EPA's Division of Environmental and Financial Assistance, and the Ohio Water Development Authority (OWDA). The WPCLF provides below-market interest rate loans for municipal wastewater treatment improvements. The current rate for WPCLF loans is 3.25 percent.

2. FISCAL IMPACT

Budgeted Amount: There is sufficient budget authority in the 2010 Water & Sewer Systems Operating Funds for application fee expenditures. This loan will be paid off over a 20-year period from water and sewerage system fees (dedicated source of repayment). Water and Sewerage fee increases have been projected and planned in anticipation of this project and loan.

Title
To authorize the Director of Public Utilities to apply for, accept, and enter into nine Ohio Water Pollution Control Loan Fund Agreements with the Ohio Water Development Authority and the Ohio Environmental Protection Agency to assist in the project financing, for the Division of Sewerage and Drainage; and to designate a dedicated repayment source for the loans.

Body
WHEREAS, in 2010 the Department of Public Utilities is scheduled to submit nine loan applications to the Ohio EPA under the Ohio Water Pollution Control Loan Fund (WPCLF) program to finance, through below-market interest rate loans, the construction costs of nine projects for the Division of Sewerage and Drainage, which financial assistance will be of help in reducing total project costs to the City's sewerage customers; and

WHEREAS, prior to WPLCF loan agreement approval by the OWDA, the WPCLF loan application and loan agreement documents require the City to submit to the Ohio EPA a certified copy of the approved City Council legislation which authorizes the Director of the Public Utilities Department to apply for and subsequently execute the WPCLF loan agreement, and authorizes a dedicated source of loan repayment for the WPCLF agreement; and

WHEREAS, the WPCLF loan agreements authorized by this legislation will finance an estimated $285 million in construction costs, and will be paid for by equal semi-annual payments to the Ohio Water Development Authority according to the terms of these 20-year loan agreements; Now Therefore:

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:

Section 1. **BACKGROUND:**

This legislation authorizes the Director of the Department of Technology (DoT), to renew an annual software license, maintenance and support agreement, for the BL/LIB Tape Library Management System, with B & L Associates Inc. The City of Columbus, Department of Technology (DoT) operates two Unisys Mainframe Libra Systems that directly support mission critical applications. The Libra PR system supports the production Payroll system used by all city agencies and the Police and Leads systems, which is used by the Police Department. The Unisys Libra DV system is used as a development system for the production applications running on the Libra PR system, as well as a failover system. In order to meet City and State Record Retention policies and to avoid the interruption of services provided to city agencies and to ensure the continued operations of both Libra Systems, daily, weekly and monthly backups need to be performed and maintained. In order to accomplish successful backups that are generated on different types of tape media, a Tape Library Management System is needed. Without the software licenses, maintenance and support services provided by B & L Associates Inc., the City will not be able to utilize these applications. Also, renewing this agreement will allow the City of Columbus to continue receiving software license upgrades, support and related services for the BL/LIB Tape Library Management System. This ordinance will provide for payment of the annual software maintenance and support agreement renewal, with the coverage period from April 1, 2010 through March 31, 2011.

B & L Associates Inc. is the sole source supplier for software licenses, maintenance and support for the BL/LIB Software Product licensed to the City of Columbus. B & L Associates is a sole source provider of the Tape Library Management System application that is specific to Unisys Mainframe Systems. Please note that this is a single source purchase because the application is a platform specific to Unisys Mainframe Systems. For this reason, this ordinance is being submitted in accordance with the provisions of Sole Source procurement of the City of Columbus Section 329.07.

**FISCAL IMPACT:**

Last year, the Department of Technology expended $14,185.00 with B & L Associates Inc. for the software license, maintenance and support services for the BL/LIB Tape Library Management System and related software applications. The 2010 cost for the annual software license, maintenance and support renewal agreement is $14,185.00 and covers the term period from April 1, 2010 through March 31, 2011. This expenditure is budgeted and available in the Department of Technology, Information Services Fund.

Explanation

BACKGROUND: In 1996, the City of Columbus, Division of Police purchased a new intelligence system from Intellinetics, (formerly Avatar) to catalog criminal intelligence information. That database contains criminal intelligence data that is crucial to Division investigative personnel. As intelligence-led policing becomes the standard model for increasingly resource-limited policing agencies, it is crucial to effectively organize current and future Division intelligence data, and be able to share it with local and state-wide law enforcement agencies and mobile units that have need for our support.

The Division of Police received a grant award through the FY2009 Community Oriented Policing Services (COPS) Technology Program (pursuant to Ordinance # 1629-2009, passed 12/09/2009) from the Bureau of Justice Assistance, Office of Justice Programs via the Franklin County Office of Homeland Security and Justice Programs. The JAG program provides funding to allow states and local governments to support a broad range of activities to prevent and control crime, and improve the criminal justice system. The total amount awarded to the Division of Police for the purchase of intelligence-based computer software was $155,744.00. This Intelligence/Case Management System will be web-based, encrypted, interface with Division NetRMS, CAD, I.D. and Mugshot Imaging Systems, be remotely accessible by Division personnel, and includes three years of software upgrades and maintenance. The goal in this project is to also expand data sharing to allow access to 30 or more outside agencies within the Greater Columbus, Ohio region.

The IRS is now issuing questionnaires to those cities that issued Build America Bonds. The questions focus on whether the City has written policies addressing the bonds AFTER the bonds have been issued, therefore "Post Issuance." These policies extend beyond the City's traditional bond ordinances that comply with all state and City statutes.

This ordinance authorizes the City Auditor to establish such policies. This Ordinance is a result of collaboration between the City Auditor, City Attorney, and the Department of Finance and Management. It is quite possible that the IRS will issue additional guidance as to how to implement such a policy. The Ordinance, therefore, allows for amendments to the policy.

I ask for and recommend adoption of the Ordinance and I thank you.

Columbus City Bulletin (Publish Date 05/22/10) 83 of 144
BACKGROUND: This legislation authorizes the expenditure of $140,589.00 from the FY 2000 HOME Fund for Community Housing Development Organizations (CHDOs). The funds will assist non-profit CHDOs with grants and no or low interest loans for projects designed to increase and preserve the local supply of decent, safe, sanitary, and affordable housing for low income families.

The funds are made available through a canceled encumbrance. The encumbrance was established for a housing project at 71 Morrill Ave in 2009 for YouthBuild. Due to an arson fire the project has been delayed jeopardizing the timely expenditure of these HOME funds. Therefore, the encumbrance has been canceled in order to make the funds available for another pending project.

Emergency action is requested because these are time-sensitive funds and are able to be invested in another pending project. These canceled funds from FY 2000 must be expended by September 2010 or they will be recaptured by HUD.

FISCAL IMPACT: The monies represent CHDO set aside funds from the FY 2000 HOME fund allocation and are made available through a canceled encumbrance (DL015608).

Title

To authorize the Director of the Department of Development to expend $140,589.00 of FY 2000 HOME Funds for Community Housing Development Organizations for eligible housing projects; and to declare an emergency. ($140,589.00)

WHEREAS, the monies represent CHDO set aside funds from the FY 2000 HOME fund allocation and are made available through a canceled encumbrance; and

WHEREAS, an emergency exists in the usual daily operation of the Department of Development in that it is immediately necessary to authorize this expenditure so time-sensitive funds can be invested in a pending project, all for the preservation of the public peace, property, health safety and welfare; now, therefore,

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:

Legislation Number: 0693-2010
Drafting Date: 04/30/2010  Current Status: Passed
Version: 1  Matter Type: Ordinance

Explanation

1. BACKGROUND

Ordinance 0135-2010 authorized The Director of Public Service to enter into agreements with the Ohio Department of Transportation (ODOT) for 3 roadway improvement projects.

The DEL-750(Polaris Parkway) Urban Paving Project was one of these projects.

This ordinance authorized the expenditure of $345,788.00 for this Urban Paving Project. This amount was the share of the project estimated by City Staff. In order to expedite the project this amount was legislated prior to receiving the estimated City share from the Ohio Department of Transportation (ODOT). Once ODOT completed their estimate they informed the City that the estimated City share required prior to the letting of the project was $394,828.00. Therefore, it is necessary to authorize the expenditure of an additional $49,040.00.

This project proposes to resurface DEL-750 (Polaris Parkway) from South Old State Road to Lyra Drive. The scope of work is to perform partial depth pavement reconstruction; plane and resurface pavement with asphalt concrete; and replace pavement markings and loop detectors. (DEL-750-7.26 PID 81909)

43 ADA curb ramps will be added or reconstructed in these project limits as a separate project.
This is an Ohio Department of Transportation resurfacing project and there are no new sidewalks or bike paths associated with the City of Columbus portion of this project to be constructed. All existing bus stops will be preserved and/or maintained and maintenance of traffic plans take into account active bus stops for the project throughout construction.

2. EMERGENCY DESIGNATION

Emergency action is requested in order to meet ODOT's schedule for this project. In order to do this paperwork needs to be returned to ODOT in June, 2010.

3. FISCAL IMPACT

The estimated City share for these projects is $394,828.00. $345,788.00 was previously authorized in ordinance 0135-2010. The remainder is now required by ODOT. Funding in the amount of $49,040 is available in the Build America Bonds Fund.

WHEREAS, on the 6th day of April, 2009, the LPA enacted legislation (Ordinance 0298-2009) proposing cooperation with the Director of the Ohio Department of Transportation (Director of Transportation) for the described project:

This project proposes to perform pavement reconstruction and resurface pavement on DEL-750 (Polaris Parkway) from South Old State Road to Lyra Drive; and

WHEREAS, ordinance 0135-2010 authorized the expenditure of $345,788.00 for this project; and

WHEREAS, the Ohio Department of Transportation estimate for the City share of this project is $394,828.00; and
WHEREAS, it is necessary to authorize an additional expenditure of $49,040.00 to ODOT for this project prior to the letting; and

WHEREAS, an emergency exists in the usual daily operation of the Department of Public Service, Division of Design and Construction, in that it is the sense of this Council that the Director of the Ohio Department of Transportation must proceed with the aforesaid highway improvement, thereby preserving the public health, peace, property, and safety; now, therefore

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:

Section 1. That the Director of Public Service is authorized to make payment to the Ohio Department of Transportation the amount of $49,040.00 for this project. $345,788.00 was previously authorized in ordinance 0135-2010. Total authorized for this project is $394,828.00

Section 2. That the sum of $49,040.00, or so much thereof as may be needed be and is hereby authorized to be expended from the Gov'l Build America Bonds Fund, Fund 746, Division of Design and Construction, Dept-Div. 59-12 as follows:

Version: 1
Current Status: Passed
Matter Type: Ordinance

Explanation
BACKGROUND:
Ordinance No. 2780-99 authorized the Director of Development to execute a Tax Increment Financing (TIF) and Economic Development Agreement with Crewville LTD. This agreement requires that Crewville LTD make semi-annual service payments in lieu of taxes to the County Treasurer who in turn, remits the service payments to the City. Once the service payments are received by the City, the City deposits the funds into the Crewville Urban Redevelopment Tax Increment Equivalent Fund.

The Crewville TIF district includes the 22-acre former site of Columbus Auto Parts (off I-71 & Hudson). The TIF agreement provides that Crewville, LTD would build a street improvement, namely, the extension of Silver Drive. This improvement would then be purchased by the City, which would make semi-annual payments to Crewville, LTD as TIF revenues accrued. The Silver Drive extension provides access to a new retail shopping center, to the Crew Stadium and to the Ohio Historical Center. Crewville, LTD is being reimbursed from the TIF as service payments in lieu of taxes accrue.

Emergency action is requested in order for the City to make the payment to Nationwide Realty Investors, Ltd. dba Crewville LTD according to the schedule established in the agreement.

Legislation Number: 0727-2010
Drafting Date: 05/06/2010
Current Status: Passed
Version: 1
Matter Type: Ordinance

Explanation
As part of the city's cost saving efforts, the Franklin County Metro Parks has agreed to take over the maintenance of the greenway trails within the city of Columbus. As the trail system has grown, it has become a regional system and the maintenance of that system fits within the mission of Metro Parks.
Thus, this legislation allows the city to enter into both a Memorandum of Understanding (MOU) and a lease agreement with Metro Parks. The MOU describes the maintenance of the trails and sections of the trails to be maintained. Maintenance will consist of mowing, trash removal, clearing of debris and underbrush, snow removal and routing repairs. However, the Columbus Recreation and Parks Department (CRPD) will still continue to maintain portions of the trails within specific city parks. The lease agreement, in accordance with state law, allows Metro Parks to patrol the trails utilizing their park rangers. The greenway trails within the MOU and lease agreement include the Olentangy Trail, Scioto Trail, Alum Creek Trail, Blacklick Trail, portions of the I-670 Trail, and the Big Walnut Trail. CRPD and Metro Parks will continue to partner on the development of the trail system and construction of new trails. This legislation is supported by the Mayor’s office, The CRPD Commission and the Metro Parks Board of Trustees.

Emergency Justification: Legislation should be emergency.

Fiscal Impact: N/A.

WHEREAS, the City of Columbus Recreation and Parks Department (the "CRPD") and the Columbus and Franklin County Metropolitan Park District (the "Metro Parks") have been instrumental in the development of the trail system within each agency’s jurisdiction; and

WHEREAS, it is in the best interest of the citizens of Central Ohio to assign operational responsibilities to a single agency in terms of maintenance and administration of the trail system but at the same time it is further recognized that the success of the greenway trail program is dependent on the continued cooperation between the CRPD and Metro Parks; and

WHEREAS, an emergency exists in the usual daily operation of the Department of Recreation and Parks, in that it is immediately necessary so that the Metro Park can begin maintaining the trail as soon as possible for the immediate preservation of the public health, peace, prosperity and safety; now, therefore

Section 10. Special Events. Special event permits shall be issued for proposed activities that interfere with either normal usage of the greenway trails or city parks or Metro Parks through which the trails pass. Event sponsors shall only need to obtain one permit as follows: 1) a determination will be made by whichever agency receives a request for a special event regarding whether proposed events will have the greatest impact on the applicable park or trail; 2) if a proposed event will have a greater impact on the park involved and the park is a Metro Park, Metro Parks will take the lead on processing the permit request and will obtain input from CRPD prior to making a decision on whether to issue a permit or not; 3) if a proposed event will have a greater impact on the park involved and it is a city park, CRPD will take the lead on processing the permit request and will obtain input from Metro Parks prior to making a decision on whether to issue a permit or not; 4) if the event will primarily impact the trail with only minor impact on a city park that the trail runs through, Metro Parks will take the lead on processing the permit but will coordinate a decision with CRPD; 5) permit fees and other practices will be consistent with the practices of the agency taking the lead on the permit request; and 6) if the event is a major community event that involves multiple agencies beyond CRPD and Metro Parks, applicants may need to obtain permits from both CRPD and Metro Parks.

Section 11. Construction, Building, and Other Permits. In construction and major renovation projects undertaken on the Regional Greenway Trail System, Metro Parks shall obtain applicable City permits on sections of the trails within City limits or on sections of the trail owned by CRPD. In addition, the City shall create a "permit team" of representatives from affected City departments to expedite these permits and the City will further recognize Metro Parks as a political subdivision of the State of Ohio and not as a "private developer" thus escrow accounts, performance bonds, and similar instruments shall not be required of Metro Parks during construction of trail improvements. Permits shall not be unduly delayed nor shall unnecessary burdens be placed on Metro Parks. Metro Parks commits to working cooperatively with the City departments on issues of mutual concern. Permits shall be issued within 30 days of submission unless major issues develop during the plan review process.

Section 12. Recognition of Partnership. As appropriate, signage will be displayed throughout the trail system recognizing the partnership between CRPD and Metro Parks on the Greenway Trail System. Signage shall be consistent with the Central Ohio Greenways Standards developed by MORPC on newly constructed portions of the Greenway Trail.
System and signage on existing trails will be converted to meet the Central Ohio Greenways Standards as funds and other priorities allow. Metro Parks and/or CRPD may install additional signage as necessary for user orientation and displaying rules and regulations.

**Section 13. Cooperation.** In addition to the other areas outlined in this agreement, the CRPD and Metro Parks shall cooperate on obtaining grants for expansion and maintenance of the Greenway Trail System. The CRPD and Metro Parks shall cooperate in the event of lawsuits and other complaints from the public.

**Section 14. Termination.** This MOU may be terminated by either party with 60 days written notice to the other. If termination occurs, management responsibility for sections of the trail will revert to the current trail managing agency prior to the enactment of this MOU.

**Section 15.** That for reasons stated in the preamble hereto, which is hereby made a part hereof, this ordinance is hereby declared to be an emergency measure and shall take effect and be in force from and after its passage and approval by the Mayor, or ten days after passage if the Mayor neither approves nor vetoes the same.

Legislation Number: 1748-2008

Drafting Date: 10/28/2008

Current Status: Passed

Version: 1

Matter Type: Ordinance

Explanation

BACKGROUND:
This legislation repeals Columbus Building Code Chapter 4117, of the Columbus City Codes, 1959, covering conditions, status and issuance of Certificates of Occupancy. As state mandated and adopted model codes already cover the code-based requirements for Certificates of Occupancy, Columbus Building Code Chapter 4117 is now redundant or conflicting with these state model code requirements. By deleting the conflicting chapter from local adoption, the state mandated requirements prevail without conflicting with the Columbus Building Code.

These code changes were reviewed by the Columbus Building Commission at their October 21, 2008, meeting and the Columbus Building Commission recommended the changes for approval.

FISCAL IMPACT:
No funding is required for this legislation.

Title
To repeal Columbus Building Code Chapter 4117, Certificates of Occupancy, of the Columbus City Codes, 1959, in order to remove requirements that are either redundant or conflicting with state mandated code already covering all aspects of Certificates of Occupancy.

Body
WHEREAS, that Columbus Building Code Chapter 4117 of the Columbus City Codes, 1959, covers the conditions, status and issuance of Certificates of Occupancy; and

WHEREAS, state mandated and adopted model codes already cover the code based requirements for Certificates of Occupancy; and

WHEREAS, this renders local adoption of procedures and regulations redundant and, in some cases, conflicting with these state based requirements; and

WHEREAS, by deleting the conflicting chapter from local adoption, the state mandated requirements prevail without conflicting with the Columbus Building Code; and

WHEREAS, these code changes were reviewed by the Columbus Building Commission at their October 21, 2008, meeting and the Columbus Building Commission recommended the changes for approval; now, therefore,

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS
Section 1

That Columbus Building Code Chapter 4117, Certificates of Occupancy, of the Columbus City Codes, 1959, is hereby repealed.

4117.01 Certificate of occupancy required.
(A) No building or structure as defined in C.C. Chapter 4101, or the Ohio Building Code (OBC), Chapter 4101:1-2-02-"Section 202 Definitions," that has been newly constructed or that has been enlarged, extended or altered, and/or where the existing use or occupancy classification of any such building or structure or portion thereof has been changed shall be used or occupied, in whole or in part, until the chief building official has issued either of the following:
(1) A temporary certificate of occupancy; or
(2) A certificate of occupancy.
(B) Whenever it is discovered that any building or structure has been occupied without either a properly issued temporary certificate of occupancy or a certificate of occupancy, the chief building official, or designee, shall be authorized to make a records check and issue a notice in writing to be served on any person doing or causing such occupancy. This notice shall require immediate vacation of the building or structure and declare that all necessary steps must be taken to secure either of the following:
(1) A temporary certificate of occupancy; or
(2) A certificate of occupancy.

4117.03 Change in use or occupancy.
Changes in the character, use or occupancy of a building or structure shall only be made in compliance with the applicable codes specified in C.C. Section 4103.03 and the approval of the chief building official.

4117.05 Certificate of occupancy issuance.
The issuance of a certificate of occupancy shall require the pre-approval of all trade(s) or craft(s) that require permits and inspections before the certificate’s issuance unless waived by the chief building official. It shall also require the building or structure to comply with all Building Code provisions applicable to the building or structure and the terms and conditions of the building permit. Upon verification of these facts, the chief building official may issue a certificate of occupancy.
(A) For any building or structure governed by the Ohio Building Code (OBC), that is newly constructed or which has been enlarged, extended or altered, in whole or in part, the issuance of a certificate of occupancy by the chief building official shall comply with OBC Section 4101:1-1-10—"Section 110 Certificate of Occupancy."
(B) For any building or structure not governed by the Ohio Building Code (OBC), that is newly constructed or which has been enlarged, extended or altered, in whole or in part, the chief building official, or designee, may issue a certificate of occupancy. The certificate of occupancy shall contain a statement that indicates the building or structure complies with the provisions of this Building Code for such building or structure.

4117.07 Temporary certificate of occupancy issuance.
(A) Requests for a temporary certificate of occupancy shall be considered on a case-by-case basis. All health and safety-related items must be completed and approved including, but not limited to, any site improvements deemed necessary for adequate safety and welfare and, therefore, are prerequisites for consideration for the issuance of a temporary certificate of occupancy.
(B) Upon the request of the owner or the owner's representative, for any building or structure governed by the Ohio Building Code (OBC), that is newly constructed or which has been enlarged, extended or altered, in whole or in part, the chief building official may issue a temporary certificate of occupancy. Such temporary certificate of occupancy shall be in strict compliance with OBC Section 4101:1-1-10—"Section 110 Certificate of Occupancy," and further provided that such occupancy may be made safely without endangering life or public welfare.
(C) Upon the request of the owner or the owner's representative for any building or structure not governed by the Ohio Building Code (OBC), that is newly constructed or which has been enlarged, extended or altered, in whole or in part, the chief building official, or designee, may issue a temporary certificate of occupancy. Such temporary certificate of occupancy may only be issued provided such occupancy can be made safely without endangering life or public welfare.
(D) The temporary certificate of occupancy shall require the pre-approval of all trade(s) or craft(s) that require permits and inspections before the certificate's issuance unless waived by the chief building official. It shall also require the building or structure to be free from any unsafe building condition(s) and/or serious hazardous condition(s) as determined by the chief building official and that it will significantly comply with the provisions of the Building Code as applicable, including the terms and conditions of the building permit. Upon verification of these facts, including a complete listing of the items...
needing completion and/or specific conditions required for such occupancy provided by the chief building official, or designee, the chief building official may issue a temporary certificate of occupancy.

4117.09 Temporary certificate of occupancy validity.
The temporary certificate of occupancy shall only be issued and used in conformity with the following:
(A) A temporary certificate of occupancy issued for a building or structure, or portion thereof, in accordance with 4117.07 shall expire ninety (90) calendar days from the date of its issuance, or concurrently with the issuance of the certificate of occupancy, which ever occurs first.
(B) Upon the request of the owner or the owner's representative and the payment of the required fee, the chief building official may extend the temporary certificate of occupancy by the issuance of a subsequent ninety (90) day temporary certificate of occupancy. However, no more than two (2) such extensions shall be issued. Temporary certificates of occupancy can be issued only on a consecutive calendar day basis.
(C) If upon the expiration of the third and final temporary certificate of occupancy period and if the work covered by the building permit, including any mechanical and electrical work, is not completed, all such permits shall immediately become invalid. A new building permit(s) and new permits for the unfinished mechanical and electrical work shall be obtained before the issuance of any further certificates of occupancy. All fees for these new permits, as prescribed by the fee schedule, shall apply.

4117.11 Posting of a temporary certificate of occupancy permit required.
(A) A current and valid temporary certificate of occupancy, issued in accordance with this chapter, for all structures and use groups except R-3, shall be posted in a conspicuous place within that portion of the structure for which the certificate is issued.

(E) The fee for an occupancy load sign determination shall be as prescribed in the fee schedule.

4117.13 Fee.
