**Legislation Number:** 0937-2010

**Drafting Date:** 06/16/2010

**Version:** 1

**Current Status:** Passed

**Matter Type:** Ordinance

**Explanation**

**1. BACKGROUND:**

A. **Need.** This legislation authorizes the Director of Public Utilities to execute a contract modification to the Division of Power and Water (DOPW) and the Division of Sewerage and Drainage's Construction Administration and Construction Inspection Services Agreement with DLZ Ohio, Inc. This contract was originally procured to provide construction administration and construction inspection services for the sanitary and water system projects during the fiscal years of 2008-2010.

The DLZ Ohio, Inc. modification amount requested under this ordinance is $150,955.07. The contract total including this modification is $2,682,257.48.

The proposed contract modification provides funding for resident project inspection services for the Fairwood Facilities Improvements, for the Division of Sewerage and Drainage and the Division of Power and Water, and for the SMOC Materials Storage Addition for the Division of Sewerage and Drainage. It is not deemed either feasible or reasonable to suspend work with the entity currently under contract and undertake continuation of these services with another provider. The cost of the modification...
is a continuation of the vendor's current pricing structure, as verified by City staff. The Division has determined that these services cannot be performed by City personnel at this time, and has planned for the procurement of these services on a routine basis.

1.1. Amount of additional funds to be expended: $150,955.07
Original Contract Amount: $ 925,000.00
Modification 1                  $ 257,019.84
Modification 2                  $ 405,000.00
Modification 3                  $ 26,869.35
Modification 4                  $ 701,497.05
Modification 5                  $ 215,916.17
Proposed Modification 6         $ 150,955.07
CURRENT PROPOSED TOTAL          $2,682,257.48

1.2. Reasons additional goods/services could not be foreseen:
The Department of Public Utilities anticipated requesting additional appropriations to this contract during the remainder of the three year contract term, through contract modifications duly authorized by City Council. This is a continuation of the anticipated services.

1.3. Reason other procurement processes are not used:
The original contract selected three firms to provide construction administration services for projects in 2008, 2009, and 2010.

1.4. How cost of modification was determined:
A cost proposal was provided by DLZ Ohio, Inc. and reviewed by the Division of Sewerage and Drainage and was deemed acceptable.

B. Contract Compliance No.: 31-1268980 | (MBR) | (Expires 3/10/11)

C. Emergency Designation: Emergency designation is not requested.

2. MULTI-YEAR CONTRACT:
This ordinance will authorize the expenditure of $150,955.07 for the resident project inspection services for the Fairwood Facilities Improvements project and SMOC Materials Storage Addition project. The Department anticipates requesting additional appropriations to this contract for 2010 fiscal year, through planned contract modifications duly authorized by City Council. Under the terms of this contract, the City has the right to contract for additional services to fulfill emergency capital improvements related needs subject to the approval of a contract modification by City Council. The rates schedules established within this contract will remain in force throughout the life of the contract.

3. FISCAL IMPACT:
This project is jointly funded by the Division of Sewerage and Drainage and the Division of Power and Water. Explanation

Rezoning Application # Z10-008

APPLICANT: WXZ Retail Group/South High, LLC; c/o Laura MacGregor Comek, Atty.; Crabbe, Brown & James, LLP; 500 South Front Street, Suite 1200; Columbus, Ohio 43215.

PROPOSED USE: Commercial development.

DEVELOPMENT COMMISSION RECOMMENDATION: Approval (5-0) on June 10, 2010.

FAR SOUTH COLUMBUS AREA COMMISSION RECOMMENDATION: Approval.

CITY DEPARTMENTS' RECOMMENDATION: Approval. The 11.6± acre site is developed with an automotive parts store and a cell tower in the R-2, Residential District. The cell tower was permitted by Ord. # 1583-91 (CV91-0026), and when the automotive parts store was approved for construction in 2007, the developer had indicated that the site was zoned in the C-4, Commercial District. A lot split application was filed for the property this year, and a map error was discovered and has been corrected to reflect that the entire site is actually zoned in the R-2, Residential District. The applicant requests the CPD, Commercial Planned Development District to secure proper zoning for the site which will ultimately allow the lot split on the property. The requested CPD, Commercial Planned Development District would allow a range of commercial uses while conforming the automotive parts store. The site is located within the planning area of the Scioto Southland Plan (2007), which recommends commercial development for this location in accordance with the Regional Commercial Overlay. The CPD text includes setback, landscaping, screening and exterior building materials provisions. Variances for the cell tower's existing conditions for setback and lack of screening are included in the request. The request is compatible and consistent with development in the area.

Title
To rezone 3201 SOUTH HIGH STREET (43207), being 11.6± acres located on the west side of South High Street, 1,550± feet north of Williams Road, From: R-2, Residential District, To: CPD, Commercial Planned Development District (Rezoning # Z10-008).

Body

WHEREAS, application #Z10-008 is on file with the Department of Building and Zoning Services requesting rezoning of 11.6± acres from R-2, Residential District to CPD, Commercial Planned Development District; and

WHEREAS, the Development Commission recommends approval of said zoning change; and

WHEREAS, the Far South Columbus Area Commission recommends approval of said zoning change; and
WHEREAS, the City Departments recommend approval of said zoning change because the requested CPD, Commercial Planned Development District would allow a range of commercial uses while conforming the current automotive parts store. The request is consistent with the land use recommendations of the Scioto Southland Plan (2007), and with the development pattern in the area, now, therefore:

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:

The existing uses/zoning of the surrounding properties are as follows:
West: Scioto River along the rear of this and adjacent properties, with EQ, Quarrying land to the west of that;
North: Self-Storage Business zoned L-M-2; vacant land zoned R-2;
East: Across High Street are several commercial businesses zoned C-4, including a carry-out and a small multi-tenant retail structure;
South: American Legion Hall, zoned C-4.

5. View and Visibility.
Significant consideration has been given to visibility and safety issues.

6. Proposed Development.
Existing commercial development, with additional permitted uses as noted in Section 2 above.

7. Behavior Patterns.
This area has existing traffic flows, including South High Street as the major thoroughfare, and the major roadways in and around the area.

8. Emissions.
Due to the nature of the use, there will be no relevant increase of or addition to emissions.

I. Variances Requested.
The following variances are requested to permit the existing cellular tower to remain once the property is rezoned to CPD. The variances in place for the cellular tower were previously approved to vary the standards of the R-2, Residential District.

1. Variance from C.C.C. §3353.05(D)(2), which requires cellular towers in commercially-zoned districts to be screened with a 5-foot high, 75% opaque screening of either landscaping or fencing. The tower was approved in 1991 with no such screening, and applicant requests this variance to allow the tower to remain as previously approved.

2. Variance from C.C.C. §3353.05(D)(4), which requires cellular towers to be set back 200 percent of their height from residentially-zoned properties. The cellular tower at issue is 150 feet high. Here again, the cellular tower was previously approved as-is and this variance is requested to legitimize the existing conditions. While there is some remaining vacant land zoned R-2 to the north, there are no residentially developed properties within this commercial corridor along South High Street, which corridor is included in the City's Regional Commercial Overlay.

APPLICATION: Danfer Vera; 1212 South Front Street; Columbus, OH 43206.

PROPOSED USE: A dwelling unit in the M, Manufacturing District.

COLUMBUS SOUTHSIDE AREA COMMISSION RECOMMENDATION: Approval.

CITY DEPARTMENTS’ RECOMMENDATION: Approval. The site is developed with a warehouse/apartment building zoned in the M, Manufacturing District. The apartment received Zoning Clearance in 1986 as a resident security person's quarters on the first floor of the building. The applicant is currently living in the apartment which has expanded onto the second floor, and plans to convert warehouse space to offices. Since the building historically was mixed-use and contained a residential component, and other industrial and commercial buildings in the neighborhood also include residential components, Staff is supportive of the request which will not introduce an incompatible use to the area. No recommendation is being made regarding the hardship aspect of this request.

**Title**
To grant a Variance from the provisions of Section 3363.01, M-manufacturing district of the Columbus City Codes, for the property located at **1212 SOUTH FRONT STREET (43206)**, to permit a one dwelling unit within an existing commercial structure in the M, Manufacturing District (Council Variance # CV10-015).

unreasonably increase the congestion of public streets, or unreasonably diminish or impair established property values
within the surrounding area, or otherwise impair the public health, safety, comfort, morals, or welfare of the inhabitants of

The health center was moved into a leased space at 3781 South High St. The new health center will be located on or adjacent to the site of the former facility on the west side of Parsons Avenue between Innis and Barthman Avenues.

Legislation Number: 1083-2010
Drafting Date: 07/02/2010
Version: 1
Current Status: Passed
Matter Type: Ordinance

Explanation
BACKGROUND: This legislation authorizes the transfer of $700,000 within the General Government Grant Fund, Neighborhood Stabilization Program 1 (NSP1), authorizes the appropriation of $1,000,000 of NSP1 Program Income within the General Government Grant Fund and authorizes the expenditure of $4,680,528 from the General Government Grant Fund, NSP 1 grant. Funds are needed to obligate and expend for eligible projects and activities associated with the NSP1 Grant.

This second modification to the City's NSP1 budget results in a greater than 20% increase in one activity's original budget (Neighborhood Stabilization Fund). Therefore, since the City considers an increase greater than 20% a substantial change it is submitting to the U.S Department of Housing and Urban Development (HUD) a substantial amendment to the NSP1 plan. A public comment period was conducted per NSP1 guidelines for 15 calendar days.

This ordinance is submitted as an emergency so as to allow the financial transaction to be posted in the City's accounting system as soon as possible. These funding obligations must be made prior to the end of the grant's required obligation period of September 4, 2010 as mandated by the City's NSP1 Grant Agreement with the U.S. Department of Housing and Urban Development.

FISCAL IMPACT: This ordinance authorizes the transfer of $700,000 within the General Government Grant Fund, NSP1 Grant and the expenditure of $4,680,528. The City of Columbus receives program income from prior investments of NSP1 funds in various homeownership housing development projects. The $1,000,000 of program income must be expended in NSP1 eligible projects. In addition, Ordinance 0913-2010 authorized the transfer of $2,980,528. This legislation also authorizes the expenditure of those funds.

Explanation
Council Variance Application: CV10-019

APPLICANT: Anegela M. Driskell; c/o Rhonda Clark, Agent; P.O. Box 135; New Albany OH, 43054.

PROPOSED USE: Single-unit dwelling.

CITY DEPARTMENTS' RECOMMENDATION: Approval. The requested Council Variance will allow a single-unit dwelling in the L-M-2, Limited Manufacturing District. A Variance is necessary because the L-M-2, Limited Manufacturing District, does not permit residential uses except for a resident security person. The site was zoned RRR, Restricted Rural Residential District prior to 1991, and residential use is prevalent in the neighborhood. Rezoning this single parcel to a residential district is not logical if the parcels to the east and west are to remain zoned in the L-M-2 District, and keeping the underlying L-M-2 District is less restrictive to the surrounding industrially-zoned properties. The single-unit dwelling will be developed in accordance with the RRR, Restricted Rural Residential District requirements. A variance to eliminate the commitment in the limitation text for required mounding along Petzinger Road is included in the request because Staff believes it is not necessary for a residential development. Approval of this request will not introduce an incompatible use to the area. No recommendation is being made regarding the hardship aspect of this request.

Title
To grant a Variance from the provisions of Sections 3367.01, M-2, Manufacturing district; 3370.06, Standards; and 3370.07, Conditions and limitations, of the Columbus City Codes, for the property located at 3276 PETZINGER ROAD (43232), to permit a single-unit dwelling without the required mounding along the Petzinger Road frontage in the L-M-2, Limited Manufacturing District (Council Variance CV10-019).

Body
WHEREAS, by application No. CV10-019, the owner of the property at 3276 PETZINGER ROAD (43232), is requesting a Council Variance to permit a single-unit dwelling without the required mounding along the Petzinger Road frontage in the L-M-2, Limited Manufacturing District; and

WHEREAS, Section 3367.01, M-2, Manufacturing district, does not permit residential uses except for a resident security person, while the applicant proposes to construct a single-unit dwelling; and

WHEREAS, Section 3370.06, Standards, requires any use to meet or exceed each minimum development standard of the underlying zoning classification unless more limited standards are specifically identified in the limited overlay development plan in which event such more limited standards shall apply, while the applicant requests deviation from one of the limitations contained in the limitation text of Z90-129; and

WHEREAS, Section 3370.07, Conditions and limitations, requires any use to conform to each condition or limitation specifically identified and imposed in the development plan, while the applicant requests relief from the zoning text...
requirement in Z90-129 that requires a three-foot high earthen mound along the Petzinger Road frontage with shrubs planted across the top and set back a minimum of fifteen (15) feet; and

WHEREAS, City Departments recommend approval because the site was zoned RRR, Restricted Rural Residential District prior to 1991, and residential use is prevalent in the neighborhood. Rezoning this single parcel to a residential district is not logical if the parcels to the east and west are to remain zoned in the L-M-2 District, and keeping the underlying L-M-2 District is less restrictive to the surrounding industrially-zoned properties. The single-unit dwelling will be developed in accordance with the RRR, Restricted Rural Residential District requirements, and approval of this request will not introduce an incompatible use to the area; and

WHEREAS, said ordinance requires separate submission for all applicable permits and Certificate of Occupancy for the proposed use; and

WHEREAS, said variance will not adversely affect the surrounding property or surrounding neighborhood; and

WHEREAS, the granting of said variance will not impair an adequate supply of light and air to adjacent properties or unreasonably increase the congestion of public streets, or unreasonably diminish or impair established property values within the surrounding area, or otherwise impair the public health, safety, comfort, morals, or welfare of the inhabitants of the City of Columbus; and

WHEREAS, the granting of said variance will alleviate the difficulties encountered by the owners of the property located at 3276 PETZINGER ROAD (43232), in using said property as desired; now, therefore:

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:

SECTION 1. That a variance is granted from the provisions of Sections 3367.01, M-2, Manufacturing district; 3370.06, Standards; and 3370.07, Conditions and limitations, of the Columbus City Codes, for the property located at 3276 PETZINGER ROAD (43232), insofar as said sections prohibit a single-unit dwelling with no compliance to the limitation text mounding requirements in Z90-129 in the L-M-2, Limited Manufacturing District; said property being more particularly described as follows:

3276 PETZINGER ROAD (43232), being 1.0± acres located on the north side of Petzinger Road, northwest of the intersection of Petzinger Road and Glenbrook Drive, and being more particularly described as follows:

Situated in the State of Ohio, County of Franklin, and City of Columbus:

Situated in Section 29, Half-section 52, Township 12, Range 21, Refugee Lands, and being part of the 6.55 acre tract conveyed to Teena Poppenhaeger by deed of record in Deed Book 899, Page 71 of record in the Franklin County Recorder's Office, Franklin County, Ohio, and being more particularly described as follows:

Beginning at a point in the south line of said 6.55 acre tract, said point being also in the center line of Courtright Road, and North 76 degrees 50' 00" West and 461.70 feet distant from the southeast corner of said 6.55 acre tract; thence North 76 degrees 50' 00" West with said centerline 153.60 feet to a point.; thence North 13 degrees 10' 00" East across said tract 270.90 feet to an iron pin set in the North line of said tract, passing an iron pin found at 30.00 feet; thence South 86 degrees 22' 00" East with said North line 155.76 feet to an iron pin; thence South 13 degrees 10' 00" West 296.69 feet to place of beginning, passing an iron pin at 266.69 feet and containing 1.00 acre, more or less.

SECTION 2. That this ordinance is conditioned on and shall remain in effect only for so long as said property is used for a single-unit dwelling, or those uses permitted in the L-M-2, Limited Manufacturing District established by application No. Z90-129, Ordinance No. 34-91.
SECTION 3. That this ordinance is further conditioned on the applicant obtaining all applicable permits and a Certificate of Occupancy for the proposed use.

SECTION 4. That this ordinance is further conditioned on the development of the single-unit dwelling complying with the requirements of the RRR, Restricted Rural Residential District.

Council Variance Application: CV10-014

APPLICANT: The Pagura Company; c/o Donald Plank, Plank Law Firm; 145 East Rich Street, 3rd Floor; Columbus, OH 43215.

PROPOSED USE: Office/service/warehouse building and outside storage of materials.

CITY DEPARTMENTS' RECOMMENDATION: Approval. The 2.7 ± acre site has been used as a gas regulator station since 1956. In 1956, the facility, called a "town border station" consisted of gas regulators, measurement and testing devices and structures to house the regulators and testing equipment. The property was annexed to the City of Columbus in 1964 and zoned R-1, Residential District. In 1972, Columbia Gas obtained a Special Permit (SP72-089) from the Board of Zoning Adjustment (BZA) to construct a customer service crew building on the property. The property was rezoned to the I, Institutional District in 1981 (Z81-039), and BZA application 01311-00005 was approved July 24, 2001 which granted variances to driveway width, surface requirements, and a Special Permit (SP) for a portable building. Outside storage of materials and vehicles including but not limited to motor vehicles, dump trucks, construction equipment, excavation equipment, and associated trailers, are all activities and site functions that have occurred for many years on the property. Large areas of the site have had and will continue to have a gravel surface. Columbia Gas proposes to build a 5,000 square foot single story building, located as depicted on the submitted site plan. The proposed building will be used as a service facility for training of field employees, to maintain construction equipment/vehicles, and administrative support functions of this Columbia Gas facility. A Council Variance is necessary because, although the I District allows the gas regulator station use, it does not allow the proposed accessory uses including storage, equipment and vehicle maintenance, and general office/training/support. Approval of this request will not introduce an incompatible use to the area, and is consistent with the historical use of the property, previous variances, and the intent of the I, Institutional District. A Hardship exists because the site, existing uses, and the proposed building are an integral part of Columbia Gas providing services on the east side of Columbus.

Title
To grant a Variance from the provisions of Sections 3349.03, Permitted uses; and 3349.04(b), Height, area and yard regulations, of the Columbus City Codes, for the property located at 1446 MCNAUGHTEN ROAD (43232), to permit employee offices, employee training, administrative support functions, dispatching, storage and parking of motor vehicles and equipment, and outside storage of materials and equipment in conjunction with a gas regulator station with an increase in the maximum lot coverage in the I, Institutional District (Council Variance #CV10-014).

Body
WHEREAS, by application #CV10-014, the owner of property at 1446 MCNAUGHTEN ROAD (43232), is requesting a Variance to permit employee offices, employee training, administrative support functions, employee dispatching, storage and parking of motor vehicles and equipment, and outside storage of materials and equipment in conjunction with a gas
regulator station with an increase in the maximum lot coverage in the I, Institutional District; and

WHEREAS, Section 3349.03, Permitted uses, does not permit office, training, administrative support, dispatching, vehicle/equipment maintenance, or storage uses to be located within said District, while the applicant proposes a 5,000 square foot single story building for employee offices, employee training, administrative support functions, dispatching, vehicle/equipment maintenance and storage, and continuation of existing uses including parking of motor vehicles and equipment, and outside storage of materials and equipment in conjunction with a gas regulator station; and

WHEREAS, Section 3349.04 (b), Height, area and yard regulations, requires that the maximum lot coverage shall be no greater than sixty (60) percent of the lot area, while the applicant proposes a ninety (90) percent lot coverage by the proposed building, existing buildings, pavement and gravel areas; and

WHEREAS, City Departments recommend approval because approval of this request will not introduce an incompatible use to the area, and is consistent with the historical use of the property, previous variances, and the intent of the I, Institutional District. Although the I District allows the gas regulator station use, it does not allow the proposed accessory uses including storage, equipment and vehicle maintenance, and general office/training/support. A Hardship exists because the site, existing uses, and the proposed building are an integral part of Columbia Gas providing services on the east side of Columbus; and

WHEREAS, said ordinance requires separate submission for all applicable permits for the proposed use; and

WHEREAS, said variance will not adversely affect the surrounding property or surrounding neighborhood; and

WHEREAS, the granting of said variance will not impair an adequate supply of light and air to adjacent properties or unreasonably increase the congestion of public roads, or unreasonably diminish or impair established property values within the surrounding area, or otherwise impair the public health, safety, comfort, morals, or welfare of the inhabitants of the City of Columbus; and

WHEREAS, the granting of said variance will alleviate the difficulties encountered by the owners of the property located at 1446 MCNAUGHTEN ROAD (43232). in using said property as desired and; now, therefore:

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:

(b) For employees scheduled to work more than twenty (20) hours per week will receive forty (40) hours of paid time off per vacation year;

For example, if an employee is scheduled to work twenty (20) hours per week, the number of hours of PTO will be twenty (20).

Section 4. To amend Section 14(B) and Section 14(E) of Ordinance No. 1150-2007, as amended, as follows:

(B) Eligible Uses of Sick Leave with Pay; Procedures.

(1) Sick leave with pay will be at an employee's regular straight-time hourly rate and shall be allowed to full-time employees in one-tenth (1/10th) of an hour increments for the following purposes:

(a) Illness of, or injury to, the employee, whether at work or non-work related.
(b) Physical, dental, or mental consultation or treatment of the employee by professional medical or dental personnel, whether work or non-work related.
(c) Sickness of a spouse, child, stepchild, and upon prior approval of the Appointing Authority, a family member who is dependent upon the employee for his/her health and well being.

(d) Quarantine because of contagious disease. The Appointing Authority or designee shall require a certificate of the attending physician before allowing any paid sick leave under this subsection.

(e) Death in the employee’s immediate family, as that term is defined in Section 3, Definitions, of this Ordinance.

(f) Maternity, paternity and adoption leave.

(2) Any leave which is granted under this Paragraph for reasons permissible under an FMLA leave as provided in Section 11(C) of this Ordinance shall be charged as an FMLA leave and shall be subject to the twelve (12) -week per year limitation for the length of an FMLA leave.

(3) To the extent that it is possible to do so, employees shall submit sick leave requests in advance for medical appointments and scheduled treatments. Employees calling off sick shall complete and submit sick leave requests to their supervisors promptly upon their return to work.

(4) In cases of extended illness (defined as three (3) or more consecutive work days or frequent intermittent use of sick leave) or suspected abuse, as determined by the Appointing Authority or designee, the Appointing Authority or designee may require evidence as to the adequacy of the reason(s) for an employee's absence during the time for which sick leave is requested.

(5) Such evidence documenting the reasons for an employee's absence (both for illness of the employee, or his/her immediate family) is defined as a certificate acceptable to the Appointing Authority or designee stating date(s) of treatment and the diagnosis, prognosis and expected return to work date from a licensed physician or other appropriate medical professional; provided, however, that falsification of either a written signed statement of the employee or a physician's certificate shall be grounds for disciplinary action, including dismissal, as well as grounds for denial of sick leave.

(6) Any sick leave that is determined after investigation as improperly used by the employee shall be repaid to the City.

(7) If the Appointing Authority or designee has reason to question the ability of an employee to return to work, the Appointing Authority or designee may also require a certification that the employee is able to return to duty at the conclusion of a sick leave. If that certification from the employee’s treating physician is not forthcoming or satisfactory, the Appointing Authority or designee may require the employee to be examined by a licensed physician or other appropriate medical professional identified by the Appointing Authority or designee. Failure to submit to the examination shall constitute grounds for disciplinary action as well as grounds for denial of sick leave.

(E) Disposition of Sick Leave Balances upon Separation from City Employment.

(1) Annual Sick Leave Entitlement. When an employee separates from City service through resignation, retirement or layoff on or before the last day of the last
payperiod of the year, the employee shall receive payment for his/her annual sick
leave entitlement as defined in Paragraph A as follows:

(a) The annual sick leave entitlement which that employee has to his/her
credit at the time of separation shall be reduced by six (6.0) hours for
each calendar month remaining in the calendar year following the month
of separation.

(b) If, after such calculation, the employee has any unused sick leave for
that year, the employee shall be paid, at the time of separation, for such
unused sick leave hours, at his/her regular straight-time hourly rate in
effect at that time, less applicable withholding and any amounts owed by
the employee to the City.

(c) If, after such calculation, the employee has used more sick leave hours
than that to which he/she was entitled, an amount shall be deducted from
his/her final paycheck for such hours, at his/her regular straight-time
hourly rate in effect at that time.

(2) Sick Leave Bank. All sick leave in the employee’s sick leave bank may be paid
to the employee who is separating from City service as follows: The number of
accumulated unused hours shall be divided by two (2) and multiplied by the
employee's hourly rate of pay at time of separation. All such lump sum payments
are subject to applicable withholding and deduction for any sums owed by the
employee to the City.

(3) Transferring Sick Leave to Other Political Subdivisions. Employees who are
leaving City service to accept employment with another political subdivision of
the State of Ohio may elect to transfer sick leave to that political subdivision, if it
will accept such a transfer. Employees must elect to be paid or transfer sick
leave balances to another political subdivision in writing prior to termination and
at a time specified by the Auditor's Office for processing terminal leave pay.

(4) Separation Pay for Sick Leave Transferred from Other Political Subdivisions.
Any sick leave transferred to the City prior to March 31, 1987 shall be paid upon
separation at the straight-time hourly rate in effect on March 31, 1987 using the
payment formula of the transferring agency. Any sick leave transferred to the
City after before March 31, 1987 will be paid based on the payment formula
from the other political subdivision.

Section 5. That existing Sections 10(F), 10(I), 14(B) and 14(E) of Ordinance No.
1150-2007, as amended, are hereby repealed.

Section 6. For reasons stated in the preamble hereto, which is hereby made a
part hereof, this ordinance is hereby declared to be an emergency measure and
shall take effect and be in force from and after its passage and approval by the
Mayor or ten (10) days after passage if the Mayor neither approves nor vetoes
the same.

Explanation

1. BACKGROUND
The I-70/71 split running through downtown Columbus is a major route for approximately 146,000 motorists on a daily basis. Numerous studies, including public involvement, have taken place to determine how to reconstruct this roadway in order to better provide for the capacity that has significantly exceeded that of the current roadway design. This is consent legislation with the Ohio Department of Transportation (ODOT) for the first project to begin the reconstruction of this interchange.

This project reconstructs the 670/71 interchange and involves 21 mainline, ramp, and overhead bridges and construction of three cap structures at the Spring and Long Street bridge crossings.
