Ordinances and Resolutions
Title
To honor and recognize Reid Wasserstrom for his sixteen years of service to the city as a Brewery District commissioner.

Body
WHEREAS, the Brewery District Commission, established in 1993, preserves, protects, and enhances the unique architectural and historical features of the Brewery District; and

WHEREAS, in their service to the community, the commissioners consider applications and issue certificates of appropriateness for exterior alterations at properties within the Brewery District boundaries, pursuant to Columbus City Code and the Brewery District Guidelines; and

WHEREAS, Commissioner Reid Wasserstrom, a founding member and chair of the Brewery District Commission, stepped down from the commission in 2009 after sixteen consecutive years of exemplary service to the city and the public; and

WHEREAS, Commissioner Wasserstrom’s legacy of distinguished service will inspire current and future commissioners to fulfill their duties diligently and proudly; and

WHEREAS, a graduate of Bexley High School and Franklin University, Mr. Wasserstrom is a successful entrepreneur and businessman whose passions include the arts, outdoor recreation, and - as evidenced by his tenure on the Brewery District Commission - service to the community; now, therefore

BE IT RESOLVED BY THE COUNCIL OF THE CITY OF COLUMBUS:

That this Council hereby honors and recognizes Reid Wasserstrom for his sixteen years of service to the city as a Brewery District commissioner.
WHEREAS, there has been a dramatic increase during the past 20 years in the rates for overweight and obesity in the United States, and

WHEREAS, over two-thirds of U.S. adults are now considered overweight or obese, with 33.5% of Franklin County residents considered overweight, and an additional 20.1% considered obese, and

WHEREAS, over 12% of U.S. children ages 2-5, and 17% of U.S. children ages 6-11 are now overweight, and 31% are at risk for becoming overweight or obese, and

WHEREAS, in Columbus, during the most recent school year, 43% of kindergartners, 40% of third graders and 46% of fifth graders were overweight, and

WHEREAS, six out of every 10 adults in our city are overweight and three out of every 10 are obese; and

WHEREAS, more than 75,000 of our Columbus adults have been diagnosed with diabetes and the rate is almost twice as high among blacks compared to whites; and

WHEREAS, in Franklin County 38% of third graders are overweight or at risk of becoming overweight, and nearly 50% of Columbus' central city third graders are overweight or at risk of becoming overweight, and

WHEREAS, overweight and obesity rates for non-whites, including African Americans, Hispanics and American Indians, are significantly higher than rates for whites, and

WHEREAS, the prevalence of overweight and obesity can be reduced through prevention efforts addressing personal, environmental, social and socioeconomic factors, including improving access to affordable nutritious foods, limiting the availability of less healthy foods and increasing opportunities for physical activity, and

WHEREAS, The Columbus Public Health Department works to establish partnerships, build systems and create initiatives to reduce the prevalence of overweight and obesity in Columbus and Franklin County, through programs such as the Institute for Active Living, Creating Healthy Communities, Healthy Places, The City of Columbus Early Childhood Obesity Prevention Coalition and Healthy Children, Healthy Weights, and

WHEREAS, the success of these efforts depends in part on the public's awareness of this alarming health trend and its willingness to assist in its prevention; now, therefore

BE IT RESOLVED BY THE COUNCIL OF THE CITY OF COLUMBUS:

That this Council does hereby acknowledge the month of September as "National Childhood Obesity Awareness Month" and recognizes the importance of providing critical health messages on the prevention of obesity and key information to promote healthy behaviors that contribute to a healthy weight in young children and minority populations and all Columbus residents.
WHEREAS, Patty Harris has served on the staff of Columbus Recreation and Parks since May 1987, when she was hired as an organizational and employment development specialist after working in human resources with the Ohio Department of Administrative Services and the Columbus Civil Service Commission; and

WHEREAS, Ms. Harris's exceptional performance allowed her to advance in the department, succeeding in several roles before assuming her duties as assistant director in the fall of 2000; and

WHEREAS, in her role as assistant director, Patty has overseen the city's community recreation centers, as well as the department's outdoor education efforts, arts and sports programming and activities, and countless special events; and

WHEREAS, Ms. Harris has overseen or contributed to numerous large-scale projects and events including the annual Ohio Parks and Recreation Conferences, local and statewide youth track meets, and the Gus Macker Three-on-Three Basketball Tournament, as well as serving as a board member of the Columbus Marathon and co-chair of the Recreation and Parks 100th Anniversary Committee, and also working with Columbus Public Health on healthy lifestyles programming; and

WHEREAS, Patty has been a participant in many Recreation and Parks programs, enrolling in numerous classes at the Cultural Arts Center and frequently showing off her clogging skills at the recreation centers and her driving skills at the Senior Malibu Challenge; and

WHEREAS, members of Columbus City Council and their staff are grateful to have benefitted from Patty's considerable knowledge and expertise, and know from experience that she is a dedicated and capable public servant; now, therefore

BE IT RESOLVED BY THE COUNCIL OF THE CITY OF COLUMBUS

That this Council hereby honors and recognizes Ms. Patty Harris on the occasion of her retirement from Columbus Recreation and Parks, and thanks her for her thirty-one years of exemplary public service.

Legislation Number: 1022-2010

Drafting Date: 06/25/2010

Version: 1

Current Status: Passed

Matter Type: Ordinance

Explanation

BACKGROUND: The Division of Fire was awarded a grant from the Department of Homeland Security to purchase a 24 Foot Hazardous Material Decontamination Trailer and a Hazardous Material All Terrain Vehicle (ATV). The Division of Fire Hazardous Material Team will use the trailer and ATV as quick response and decontamination stations at hazardous material incidents. The trailer will be designed to carry the ATV and Fire's remotely operated vehicle (Robot) to large fire or hazardous incidents. The total amount of the grant is $95,000.00. However, the total cost of purchasing the Trailer and the ATV is $223,816.91. The difference of $128,816.91 will be funded from The Department of Public Safety's voted Bond Funds. The payment of $95,000.00 will be issued by Franklin County, on behalf of the Department of Homeland Security and Ohio Emergency Management Agency. The City of Columbus and Franklin County entered into an Intergovernmental Agreement via Ordinance 1917-2005 to enable this type of purchase. This legislation will authorize and direct the Director of Finance and Management to execute those documents necessary for the purchases.

This legislation also authorizes the amendment of the 2010 Capital Improvement budget (CIB) and authorizes the City Auditor to transfer funds between projects within the Safety Voted Bond Fund.

Bid Information: Competitive bids were solicited by the Purchasing Office via solicitation SA003514 with three (3) vendors submitting bids for the Decontamination Trailer and five (5) vendors submitting bids for the Hazardous Material ATV as follows:

**24 Feet Decontamination Trailer**

NOMAD Global Communication $201,290.29
After review of the bids by the Division of Fire's office of research and development, it is recommended that the 24 Foot Trailer contract be awarded to NOMAD Global Communications for submitting the lowest and best bid. However, due to the company's exception to the 180 day bid quote validity in the Terms and Conditions, the Purchasing office recommends a waiver of the competitive bid requirements. The price quote is valid until October 1, 2010, which is just shy of the 180 days listed in the specifications. The Division of Fire also recommends the Hazmat ATV contract be awarded to Taylor and Sons who had the lowest and best bid. All equipment that is funded through US Homeland Security grants must be approved by the United States Homeland Security Office of Domestic Preparedness to be eligible for funding.

These companies are not debarred according to the Excluded Parties Listing of the Federal Government and are not listed in the Auditor of State database for Findings for Recovery.

**Contract Compliance:** NOMAD Global Communications-352182794 expires 09/17/2011; Taylor and Sons Equipment Company-310798962 expires 6/10/2012.

**Emergency Designation:** This legislation is to be declared an emergency measure so that grant deadlines can be met.

**FISCAL IMPACT:** This ordinance authorizes the Director of Finance and Management to enter into contract with NOMAD Global Communication and Taylor and Sons Equipment Company for the purchase of a 24 Foot Hazmat Decontamination Trailer and a Hazmat ATV. Funds from a Homeland Security Grant will pay for $95,000.00 of the expenses and Public Safety's Voted Bond funds will be used for the remaining $128,816.91. The total cost of the project is $223,816.91

**Title** To authorize and direct the Director of Finance and Management to enter into contracts with NOMAD Global Communications for the purchase of a 24 Foot Hazmat Decontamination Trailer and with Taylor and Sons Equipment Company for the purchase of a Hazardous Material All Terrain Vehicle; to amend the 2010 CIB and transfer funds between projects within the Safety Voted Bond Fund; to authorize the expenditure of $128,816.91 from Safety Voted Bond Funds; to waive the competitive bidding provisions of the Columbus City Codes with respect to the contract with NOMAD Global Communications; and to declare an emergency. ($128,816.91)

**Body** WHEREAS, the Division of Fire has been awarded a grant from the Department of Homeland Security for the purchase of a 24 Foot Hazmat Decontamination Trailer and a Hazmat ATV to be used at fire and hazardous material incidents; and

WHEREAS, formal competitive bids were solicited for both equipment and the competitive bids waived with respect to the 24 Foot Hazmat Trailer due to terms and conditions exceptions by NOMAD Global Communications, and
WHEREAS, it is necessary to amend the 2010 CIB and authorize the City Auditor to transfer funds between projects within the Public Safety Voted Bond Fund; and

WHEREAS, an emergency exists in the usual daily operations of the Division of Fire, Department of Public Safety, in that it is immediately necessary to authorize and direct the Director of Finance and Management to execute those documents necessary for the acquisition of said equipment prior to the expiration of the grant period, for the preservation of the public health, peace, property, safety and welfare; Now, therefore;

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:

SECTION 1. That the Director of Finance and Management be and is hereby authorized and directed to execute those documents necessary to enter into contracts with NOMAD Global Communications for the purchase of a 24 Foot Hazmat Decontamination Trailer and with Taylor and Sons for the purchase of a Hazmat ATV.

SECTION 4. That the Finance and Management Director is hereby directed to enter into contract with NOMAD Global Communications as partial payment for the 24 Foot Hazardous Material Decontamination Trailer for the Division of Fire. The total cost of the trailer is $201,290.29, however, a check for $72,473.38 will be issued by Franklin County directly to the company.

SECTION 5. That the expenditure of $128,816.91 or so much as may be necessary, be and is hereby authorized from the Safety Bond Fund: 701|Dept/Div: 30-04|Project Number 340101-100000|Project Name - Fire Apparatus Replacement|OCA Code 644559|OL3 Code 6652 to pay the cost thereof to NOMAD Global Communications.

SECTION 6. That the City Auditor is authorized to make any accounting changes to revise the funding source for all contracts and contract modifications associated with this ordinance.

SECTION 7. That grant funds from the Department of Homeland Security are being administered via Franklin County in the amount of $72,473.38 to NOMAD Global Communications and $22,526.62 to Taylor and Sons for a total grant award of $95,000.00.
SECTION 8. That in accordance with section 329.27 of the Columbus City Code, this Council finds it in the best interest of the City of Columbus to waive and does hereby waive section 329.27 (Formal Competitive bidding) of the City of Columbus Code in order to establish a contract with NOMAD Global Communications for the purchase of a 24 Feet Hazardous Material Decontamination Trailer.

SECTION 9. That for reasons stated in the preamble hereeto, which is hereby made a part hereof, this ordinance is hereby declared an emergency measure and shall take effect and be in force from and after its passage and approval by the Mayor or ten days after passage if the Mayor neither approves nor vetoes the same.

Legislation Number: 1168-2010
Drafting Date: 07/21/2010
Current Status: Passed
Version: 1
Matter Type: Ordinance

Explanation
A. Background: This legislation authorizes the Director of Public Utilities to enter into a professional engineering service agreement with Korda / Nemeth Engineering, Inc. for the Richards / Granden / Torrence Relief Sanitary Sewer Project which in connection with the System Evaluation and Capacity Assurance Plan (SECAP) for the City. This is a SECAP-required project which will address sanitary sewer overflow (SSO) reduction requirements of the SSO Consent Order. It will remove designed sanitary relief (DSR) 337 and reduce water in basements (WIB) occurrences in the area. The existing 8-inch storm sewer was prone to clogging and needed continuous maintenance. Additionally, the project will address stormwater collection/conveyance issues along Richards Rd., and will also include Richards Rd. pavement rehabilitation funded by the DPS. The Notice to Proceed is expected in October of 2010 with contract duration of 15 months.

B. Procurement Information: The Division advertised Request for Proposals (RFP's) for the subject services in the City Bulletin in accordance with the provisions of Section 329.14 of the Columbus City Code. The Division of Sewerage and Drainage received twelve (12) technical proposals on February 5, 2010 from the following companies:

Current Status: Passed
Version: 1
Matter Type: Ordinance

Explanation

Background: With the adoption of the substantially revised Stormwater Drainage Manual by the Department of Public Utilities in 2006, the floodplain regulations contained in the Columbus Zoning Code and administered by the Department of Building and Zoning Services became only one small part of a larger regulatory framework. A subsequent review of the Department of Building and Zoning Service's operation recommended that the review for floodplain compliance be consolidated into the Department of Public Utilities to ensure the best level of customer service considering the many stormwater related submittals already being required and reviewed by that department.

This code change would move the floodplain regulations from the Columbus Zoning Code, Title 33, into the Public Utilities Code, Title 11 with all other codes administered by the Department of Public Utilities. These changes will not increase or alter in any way the regulatory requirements or create any new regulations, but rather allow for the review of all stormwater related development concerns by one department, thereby eliminating the segmented submittal requirements for this area of regulation.
Title
To create Chapter 1150, "Floodplain Management," inside Title 11 of the Columbus City Codes which is administered by the Department of Public Utilities and to delete Chapter 3385, "Floodplain Management," from the Columbus Zoning Code so that floodplain review responsibilities would be consolidated into the Department of Public Utilities.

Body
WHEREAS, the Stormwater Drainage Manual's most recent updates, completed in 2006, is a Rule and Regulation adopted and administered by the Department of Public Utilities that further enhance floodplain regulations currently contained in the Columbus Zoning Code; and

WHEREAS, after a review of the Department of Building and Zoning Service's operation, it was recommended that the floodplain management responsibilities be handled by the Stormwater Section of the Department of Public Utilities as they already handle submittals for other aspects of stormwater regulatory compliance; and

WHEREAS, the Stormwater Management Section of the Department of Public Utilities has the technical expertise to evaluate and review proposed developments and related activity in the regulatory floodplain; and

WHEREAS, this code change will consolidate floodplain regulations into one functional review area, administered by the Department of Public Utilities, and will not change or alter the regulatory requirements contained therein; now, therefore,

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS

SECTION 1. That the Columbus City Codes, 1959, are hereby supplemented by the enactment of a new Chapter 1150, "Floodplain Management" consisting of twenty-four (24) sections oddly numbered 1150.01 through 1150.47 and reading as follows:

(See Attachment 1)

SECTION 2. That the Columbus City Codes, 1959, Chapter 4123, are hereby supplemented by the enactment of six (6) new sections oddly numbered 4123.51 through 4123.61, and reading as follows:

(See Attachment 2)

SECTION 3. That Chapter 3385 of the Columbus City Codes, 1959, is hereby repealed.

SECTION 4. That Chapter 4175 of the Columbus City Codes, 1959, is hereby repealed.

SECTION 5. That this ordinance shall take effect and be in force from and after the earliest period provided by law.

Legislation Number: 1198-2010
Drafting Date: 08/16/2010
Current Status: Passed
Version: 1
Matter Type: Ordinance

Explanation
BACKGROUND:
This legislation authorizes the Director of the Department of Technology to renew an annual agreement with Business Software, Inc (BSI) for software maintenance and support (software/seat licenses), as it relates to the BSI Tax Factory application utilized with the Lawson software application formerly known as CHRIS (Columbus Human Resource
Information System). The Department of Technology requires software maintenance and support from Business Software, Inc. (BSI) to support ongoing operations of the BSI Tax Factory application. This software maintenance and support renewal contract is for a 12 month term with a coverage period of December 8, 2010 through December 7, 2011.

The BSI Tax Factory application performs calculations of US Federal, State, Possession and Local payroll taxes for the employer and employee. The burden of tracking regulatory rules is eliminated for tax calculations, wage, and benefit plan taxability, wage attachments and deferred income.

This legislation requests approval to waive the competitive bidding provisions of the Columbus City Code Section 329 due to the fact that the maintenance and support for the BSI Tax Factory application is only available through the reseller from which the system was licensed. Under the original contract with Lawson Software Ord.1799-2007, passed by Columbus City Council on November 26, 2007, it was identified that the named reseller for the Tax Factory application, which is utilized with the Lawson software for the CHRIS project, would be Business Software, Inc. The initial software maintenance and support contract with Business Software, Inc. (BSI), ED040348, was established in 2009. The bid waiver will allow the City to continue the maintenance and support necessary for the operation of the BSI Tax Factory application.

**FISCAL IMPACT:** For year 2009, the department expended $8,610.00 with Business Software, Inc. (BSI) for maintenance and support services. The cost associated with this contract renewal and ordinance for the software maintenance support for a one year term period (December 8, 2010 through December 7, 2011) is $9,040.50. Funds were budgeted and are available within the 2010 Department of Technology Information Services Fund. The total aggregate cost for maintenance and support services for the Business Software, Inc. (BSI) Tax Factory is $17,650.50.

**CONTRACT COMPLIANCE:**
Business Software, Inc 59-1935198 Expires: 8/20/2011

**Title**
To authorize the Director of the Department of Technology to renew a contract with Business Software, Inc (BSI) for software maintenance and support associated with the CHRIS project; to authorize the expenditure of $9,040.50 from the Department of Technology's Information Services Fund; and to waive the competitive bidding provisions of the Columbus City Codes. ($9,040.50)

**Body**
WHEREAS, the Department of Technology has a need to renew an annual maintenance and support agreement for the term period coverage of December 8, 2010 through December 7, 2011 at a cost of $9,040.50 with Business Software, Inc (BSI) Tax Factory Application associated with the CHRIS project related to the installation and utilization of their product, and

WHEREAS, the maintenance and support is only available through the reseller from which the system was licensed. Under the original contract with Lawson Software Ord.1799-2007, passed by Columbus City Council on November 26, 2007, it was identified that the named reseller for the Tax Factory application, which is utilized with the Lawson software for the CHRIS project, would be Business Software, Inc., and

WHEREAS, the initial software maintenance and support contract with Business Software, Inc. (BSI), ED040348, was established in 2009, and

WHEREAS, this ordinance requests waiving of the competitive bidding requirement of the Columbus City Codes Section 329 (see attachment ORD1198-2010BIDWAIVER to allow the Department of Technology to continue the maintenance and support service necessary for the operation of the BSI Tax Factory application, and

WHEREAS, the Director of the Technology Department on behalf of the City of Columbus needs to modify and renew a contract with Business Software Inc. for an additional one year term period, to provide maintenance and support services for the BSI Tax Factory application, thereby preserving the public health, peace, safety, and welfare; now, therefore;
BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:

SECTION 1: That the Director of the Department of Technology is hereby authorized to renew a contract with Business Software, Inc (BSI) for software maintenance and support on the BSI Tax Factory application utilized with the CHRIS project, in the amount of $9,040.50 for a coverage term period from December 8, 2010 through December 7, 2011.

SECTION 2: That the expenditure of $9,040.50 or so much thereof as may be necessary is hereby authorized to be expended from:

- Div.: 47-02
- Fund: 514
- OCA Code: 470202
- Subfund: 001
- Obj. Level 1: 03
- Obj. Level 3: 3369
- Amount: $9,040.50

SECTION 3: That the City Auditor is authorized to make any changes to revise the funding source for any contract or contract modifications associated with this ordinance.

SECTION 4: That in accordance with Section 329.27 of the Columbus City Codes, City Council finds it to be in the best interest of the City of Columbus that the competitive bidding requirements be and are hereby waived (see attachment ORD1198-2010BIDWAIVER).

SECTION 5: That this ordinance shall take effect and be in force from and after the earliest period allowed by law.

Legislation Number: 1207-2010
Drafting Date: 08/18/2010
Current Status: Passed
Version: 1
Matter Type: Ordinance

Explanation
This legislation is to authorize the purchase of a Compressed Natural Gas (CNG) Street Sweeper for the Public Service Department, Division of Planning and Operations as part of the Clean Cities Petroleum Reduction grant. This sweeper will replace an older unit that is beyond its useful service life. The Public Service Department is responsible for sweeping streets in the City's roadway system.

CNG vehicles produce significantly lower amounts of harmful emissions such as nitrogen oxides, particulate matter and toxic and carcinogenic pollutants. Natural gas is a domestically available, inherently clean-burning fuel. Using compressed natural gas as vehicle fuel increases energy security by reducing our dependence on foreign oil and improves public health and the environment. Currently, CNG is also significantly lower in cost than either gasoline or diesel. The City of Columbus has paid an average of $2.77 per gallon year to date in 2010 for diesel fuel. CNG is currently retailing in Columbus for $1.50 per gge (gasoline gallon equivalent), a $1.27 per gallon or 46% savings in fuel cost.

This legislation authorizes the purchase of one Elgin CNG Street Sweeper from Jack Doheny Supplies Ohio Inc. The purchase of this equipment will be in accordance with the current State of Ohio State Term Schedule Contract (STS), Contract Number STS 7723500206 which expires on March 31, 2011. The City of Columbus does not have this equipment available on any Universal Term Contract and does not foresee receiving better pricing through a bid process.

Ordinance No. 582-87 authorizes the City of Columbus to participate in cooperative purchasing contracts and as a member of the Central Ohio Organization of Public Purchasers (CO-OPP), the City of Columbus is authorized to purchase from
this contract. A copy of the State of Ohio contract and pricing structure is attached to this legislation.

**FISCAL IMPACT:** Funding for the base truck and 25% of the CNG upgrade will be funded through the 2010 Capital Improvements Budget in the Streets & Highways Bond Fund. Of this, $212,894.00 is for the base cost of the street sweeper. An additional amount of $96,369.00 is necessary for the upgrade to CNG. Of this, 25% will be transferred from the Streets & Highways Fund to the Clean Cities Petroleum Reduction Grant Fund. The remaining $72,276.75, representing 75% of the cost of the CNG upgrade, will be funded by the Clean Cities grant, from funds from the U. S. Department of Energy.

**SUPPLIER:** Jack Doheny Supplies Ohio Inc Contract Compliance Number 38-3148955, expires 08-17-2012.

**Emergency action** is necessary so that the purchase order for these vehicles can be issued as soon as possible, thereby ensuring that deadlines of the Clean Cities Petroleum Reduction grant are met.

The company is not debarred according to the Excluded Party Listing System of the Federal Government or prohibited from being awarded a contract according to the Auditor of State Unresolved Findings for Recovery Certified Search.

**Title**

To authorize the Director of Finance and Management to establish a purchase order for the Fleet Management Division on behalf of the Public Service Department for the purchase of one Elgin CNG Eagle F Dual Street Sweeper in accordance with a State of Ohio Term Schedule contract with Jack Doheny Supplies Ohio Inc, to authorize and direct the City Auditor to transfer $24,092.00 from the Streets and Highway bond fund to the Clean Cities Petroleum Reduction grant fund; to authorize the City Auditor to appropriate $212,894.00 within the Streets and Highway Bond Fund and $96,369.00 to the Clean Cities Petroleum Reduction grant fund; and to authorize the expenditure of $212,894.00 from the Streets and Highway Bond Fund and $96,369.00 from the Clean Cities Petroleum Reduction grant fund; and to declare an emergency. ($309,263.00)

**Body**

WHEREAS, the Division of Fleet Management, on behalf of the Public Service Department, desires to purchase one Elgin CNG Model Eagle F Dual Street Sweeper in accordance with the State of Ohio Term Schedule contract, STS 7723500206 which expires on March 31, 2011; and

WHEREAS, Jack Doheny Supplies Ohio Inc is the contract holder for the referenced State of Ohio contract, a copy of the contract and pricing is attached; and

WHEREAS, the City of Columbus does not include this type of equipment an any Universal Term contract and does not foresee receiving better pricing through the bid process; and

WHEREAS, an emergency exists in the usual daily operation of the Division of Planning and Operations, Department of Public Service, in that it is immediately necessary to issue a purchase order for an Elgin CNG street sweeper so that Clean Cities Petroleum Reduction grant deadlines are not missed, thereby preserving the public health, peace, property, safety, welfare; now, therefore:

**BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:**

**SECTION 1.** That the Director of Finance and Management is hereby authorized to establish a purchase order with Jack Doheny Supplies Ohio Inc for the purchase of one Elgin CNG Model Eagle F Dual street sweeper for the Fleet Management Division on behalf of the Department of Public Service, Planning and Operations Division in accordance with the State of Ohio Term Schedule Contracts STS 7723500206 which expires March 31, 2011.

**SECTION 2.** That the transfer of cash and appropriation be and is hereby authorized within the Streets and Highways Bond Fund for the Planning and Operations Division as follows:

**Transfer From:**
SECTION 3. That the City Auditor be authorized to transfer monies between the following funds as follows:

Transfer From:

SECTION 6. That the expenditure of $96,369.00 or so much thereof as may be needed, is hereby authorized from the Dept/Division: 45-05, Clean Cities Petroleum Reduction grant 451035, Fund 220, OCA 451035, Object Level 01:06, Object Level 03: 6652.

SECTION 7. That the City Auditor is authorized to establish proper accounting project numbers and to make any accounting changes to revise the funding source for any contract or contract modification associated with the expenditure of funds transferred in Section 2 above.

SECTION 8. All funds necessary to carry out the purpose of this ordinance are hereby deemed appropriated.

SECTION 9. That the City Auditor is authorized to make any accounting changes to revise the funding source for all the contract or contract modifications associated with this ordinance.

SECTION 10. That for reasons stated in the preamble hereto, which is made a part hereof, this ordinance is hereby declared to be an emergency measure and shall take effect and be in force from and after its passage and approval by the Mayor or 10 days after its passage if the Mayor neither approves nor vetoes the same.
Explaination

1. BACKGROUND

A. Need: This legislation is needed for the City to pay the loan agreement application fee on total project costs of $285,609,697.00, for the OSIS Augmentation and Relief Sewer (OARS) Project (CIP No. 650704.100001). This Division of Sewerage and Drainage project has been approved for financing through the Ohio EPA's Water Pollution Control Loan Fund (WPCLF) program. This loan program is jointly administered by the Ohio EPA's Division of Environmental and Financial Assistance, and the Ohio Water Development Authority (OWDA). OWDA approved the loan agreement at the June 24, 2010 OWDA board meeting. The WPCLF provides below-market interest rate loans for municipal wastewater treatment improvements. The interest rate for this loan agreement is 3.25%.

B. FISCAL IMPACT

Budgeted Amount: There is sufficient budget authority in the 2010 Sewer System Operating Fund for application fee expenditures.

Title

To authorize the Director of Public Utilities to pay the Water Pollution Control Loan Fund application fee to the Ohio Water Development Authority for the Division of Sewerage and Drainage OSIS Augmentation and Relief Sewer (OARS) project; and to authorize the expenditure of $437,500.00 from the Sewer System Operating Fund. ($437,500.00)

Body

WHEREAS, a Division of Sewerage and Drainage OARS project, CIP No. 650704.100001, OWDA Loan Account No. 5671 has been approved for financing by OWDA on June 24, 2010, through an Ohio Water Pollution Control Loan Fund agreement which financial assistance will help to reduce the total project costs to the City's sewerage customers; and

WHEREAS, it is necessary to authorize the Director of Public Utilities to pay the requisite loan application fee of $437,500.00 to the Ohio Water Development Authority payable upon the delivery of the executed loan agreement; and

WHEREAS, the application fee is based on 0.35% for OWDA overhead expenses including legal and financial services fee on total project cost of $285,606,697.00; now therefore

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:

Section 1. That the Director of Public Utilities be, and hereby is, authorized to pay the Water Pollution Control Loan Fund application fee to the Ohio Water Development Authority, for the Sewerage and Drainage Division project entitled OSIS Augmentation and Relief Sewer (OARS), WPCLF No. CS390274-0132, OWDA Loan Account No. 5671.

Section 2. That the expenditure of $437,500.00 or as much thereof as may be needed, be and the same hereby is authorized from the Sewer System Operating Fund, Fund 650, Division 60-05, OCA Code 651001, Object Level One 03, Object Level Three 3390, to pay the cost of the Water Pollution Control Loan Fund application fee to the Ohio Water Development Authority.

Section 3. That this ordinance shall take effect and be in force from and after the earliest period allowed by law.
Explanation

BACKGROUND: This ordinance authorizes the Finance and Management Director to renew a custodial services contract with K&M Kleening Service, Inc. at the Health Department building, 240 Parsons Avenue, in the amount of $320,372.00. The original contract was authorized by Ordinance No. 1359-2006, passed August 2, 2006. The term of this renewal is October 21, 2010 through October 19, 2011. This is the fourth of four one-year renewal options.

Fiscal Impact: In 2008, the cost of custodial services for this building was $336,663.00. In 2009, the Facilities Management Division budgeted $340,271.00 for custodial services for this building. The cost of this contract is $320,372.00.

K&M Kleening Service Contract Compliance No.02-0553299, expiration date April 9, 2011.

Title

To authorize the Finance and Management Director to renew a contract for the Facilities Management Division with K&M Kleening Service, Inc. for custodial services at the Columbus Health Department, 240 Parsons Avenue; and to authorize the expenditure of $320,372.00 from the General Fund. ($320,372.00)

Body

WHEREAS, it is necessary to renew a contract for custodial services at the Columbus Health Department; and

WHEREAS, K&M Kleening Service, Inc. was selected through a formal bidding process and approved by City Council on August 2, 2006; and

WHEREAS, the contract with K&M Kleening Service, Inc. contains an option to renew the existing agreement for four one-year periods, and the fourth renewal is necessary; and now, therefore:

BE IT ORDAINED BY THE COUNCIL OF CITY OF COLUMBUS:

SECTION 1. That the Finance and Management Director is hereby authorized to renew a contract with K&M Kleening Service, Inc. for custodial services at the Columbus Health Department from October 21, 2010 through October 20, 2011.

Examination

BACKGROUND: The Board of Health has been awarded a grant from the Columbus State Community College to fund the Family and Community Violence Prevention grant program for the period September 1, 2010 through August 31, 2011. The grant funds awarded provide for a drug, alcohol, and violence prevention and wellness education service contract for an amount not to exceed $37,945.00. The contract compliance number for Community For New Direction is 31-1430278. Community For New Direction is a non-profit organization.
The terms and conditions of the Family and Community Violence Prevention grant stipulate that the Columbus Health Department enter into a contract with Community For New Direction; therefore, this contract was awarded in compliance with Section 329.02 of the Columbus City Code.

Emergency action is requested in order to avoid any delays in providing program services.

**FISCAL IMPACT:** The Family and Community Violence Prevention Program is entirely funded by the Columbus State Community College. This program does not generate any revenue or require a City match.

**Title**
To authorize and direct the Board of Health to enter into a contract with Community For New Direction for drug, alcohol, and violence prevention and wellness education services; to authorize the expenditure of $37,945.00 from the Health Department Grants Fund; and to declare an emergency. ($37,945.00)

**Body**
WHEREAS, The Columbus Health Department Family and Community Violence Prevention Program is in need of drug, alcohol, and violence prevention and wellness education services; and,

WHEREAS, this ordinance is being submitted as an emergency measure so that timely procurement of needed services will allow the services to proceed without delay; and,

WHEREAS, an emergency exists in the usual daily operation of the Health Department in that it is immediately necessary to enter into this contract for the immediate preservation of the public health, peace, property, safety and welfare; Now, therefore,

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:

SECTION 1. That the Board of Health is hereby authorized and directed to enter into a contract with Community For New Direction for drug, alcohol, and violence prevention and wellness education services for the period of September 1, 2010 through August 31, 2011, in an amount not to exceed $37,945.00.

SECTION 2. That for the contract stated above, the sum of $37,945.00 is hereby authorized to be expended from the Health Department Grants Fund, Fund No. 251, Grant No. 501058, Division No. 50-01, OCA Code 501058, Object Level One 03, Object Level Three 3337.

SECTION 3. That this contract is in compliance with Section 329.02 of the Columbus City Code.

SECTION 4. That the City Auditor is authorized to make any accounting changes necessary to ensure that this contract is properly accounted for and recorded accurately on the City's financial records.

SECTION 5. That for reasons stated in the preamble hereto, which is hereby made a part hereof, this ordinance is hereby declared to be an emergency measure and shall take effect and be in force from and after its passage and approval by the Mayor, or ten days after passage if the Mayor neither approves nor vetoes the same.
Explaination

BACKGROUND: The Department of Public Safety, Division of Police, upgraded its existing Automated Fingerprint Identification System (AFIS) in 2005. The Division of Police uses this technology for fingerprint identification. This ordinance is requesting funding for maintenance for approximately four months beginning March 2010 in the total amount of $143,047.60. Approximately $132,530.60 of this maintenance amount will be funded from the General Fund. The remaining $10,517.00 will be funded with Law Enforcement Seizure Funds. The total amount of $143,047.60 will enable the Division to process payment for four months of the contract. Another ordinance will be required later this year to complete the funding of the entire contract for AFIS.

There is also a need to transfer funds within the Division of Police's 2010 General Fund budget.

Bid Information: The proprietary nature of AFIS technology and the prohibitive cost of conversion to a different system mandate the maintenance contract be purchased from the sole source provider, Morpho Trak, Inc.

This company is not debarred according to the Federal excluded parties listing or prohibited from being awarded a contract according to the Auditor of State unresolved findings for recovery certified search.

Contract Compliance No.: 33-0154789, expires 10/06/2011

Emergency Designation: Emergency legislation is necessary so that Police may continue to check fingerprints utilizing the existing technology and contractor.

FISCAL IMPACT: This ordinance authorizes an expenditure of $143,047.60 for a contract with Morpho Trak for maintenance of the Automated Fingerprint Identification System (AFIS). Approximately $60,000 was budgeted in the 2010 Police General Fund budget for this purpose. The balance of funds will be transferred from within the Police's General Fund, and in addition to monies from the Law Enforcement Seizure Funds. In 2009, $516,615.17 was encumbered and spent using General ans Safety Grant for a 15 month maintenance contract from December 2008 through February, 2010.

Title
To authorize and direct the Director of Public Safety to enter into a maintenance contract with Morpho Trak, Inc. for the Division of Police's Automated Fingerprint Identification System (AFIS) in accordance with sole source procurement provisions of the Columbus City Codes, to transfer funds within the Police's General Fund Budget, to authorize the expenditure of $143,047.60 from the General Fund and the Law Enforcement Seizure Funds; and to declare an emergency. ($143,047.60)

Body
WHEREAS, the Division of Police needs a maintenance agreement for the current Automated Fingerprint Identification System (AFIS); and

WHEREAS, monies from the General Fund and the Law Enforcement Seizure fund will enable the Division to fund the contract for approximately four months, and
WHEREAS, the AFIS system is an invaluable tool for law enforcement in the identification of fingerprints; and

WHEREAS, it is in the best interest of the City to enter into this contract in accordance with provisions of Section 329.07(e) (Sole Source) of the Columbus City Codes, 1959; and

WHEREAS, an emergency exists in the usual daily operation of the Division of Police, Department of Public Safety, in that it is immediately necessary to enter into a contract for maintenance of the AFIS system for the immediate preservation of the public peace, property, health, safety and welfare, now, therefore

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:

SECTION 1. That the Director of Public Safety be and is hereby authorized and directed to enter into contract with Morpho Trak, Inc. for the purchase of a maintenance agreement for the Automated Fingerprint Identification System (AFIS) for the Division of Police, Department of Public Safety.

SECTION 2. That said contract shall be awarded in accordance with the provisions of Section 329.07(e) (Sole Source) of the Columbus City Code, 1959.

SECTION 3. That funds need to be transferred in the General Fund as follows:

SECTION 5. That for reasons stated in the preamble hereto, which is hereby made a part thereof, this ordinance is hereby declared to be an emergency measure and shall take effect and be in force from and after its passage and approval by the Mayor, or ten days after passage if the Mayor neither approves nor vetoes the same.
was leased from the then building owner, Scott Family Legacy, LLC as one of the WIC clinic sites. The building was sold to Masjid-As-Salaamah Inc. in August 2010.

This legislation authorizes the assignment of all present and future business relating to the lease agreement with Scott Family Legacy, LLC, to Masjid-As-Salaamah Inc. (Contract Compliance # 271806090). This ordinance also authorizes the City Auditor to assign the fund balance of Certificate AC 030490 ________________, which was approved by City Council on December 9, 2009 by Ordinance No. 1645-2009, to Masjid-As-Salaamah Inc.

In order to coincide with WIC’s annual grant period, each one-year renewal term shall commence on October 1st and terminate on September 30th of the following year. The WIC budget provides $184,439.50 for the lease of real property to be used as clinic space for the WIC Program.

Emergency action is requested in order to allow the WIC clinic to continue offering program services to the community as quickly as possible.

Fiscal Impact The lease payment cited above is entirely funded by the WIC grant. This grant does not generate revenue or require a City match.

Title To authorize the City Auditor to assign the remaining Certificate balance; and to authorize the Board of Health to assign all present and future City of Columbus business with Scott Family Legacy pursuant to the lease of property at 5253 Cleveland Avenue to Masjid-As-Salaamah Inc., for the lease of clinic space for the WIC program, for the period of September 1, 2010 through September 30, 2010; to authorize the expenditure of $3,431.67 from the Health Department Grants Fund; and to declare an emergency ($3,431.67)

Body WHEREAS, the Ohio Department of Health has designated the Columbus Health Department as primary grantee agency and fund administrator for all WIC programs in Franklin County; and,

WHEREAS, Ordinance 1645-2009 authorized and directed the Director of the Department of Finance and Management, on behalf of the Columbus Health Department, to renew a lease contract with Scott Family Legacy, LLC for the lease of clinic space at 5253 Cleveland Ave, for the WIC program, for the period of September 1, 2010 through September 30, 2010; and,

WHEREAS, in August 2010, Scott Family Legacy, LLC sold the space at 5253 Cleveland Ave, Columbus, Ohio to Masjid-As-Salaamah Inc.; and,

WHEREAS, the City desires, for the benefit of the Columbus Health Department, to authorize the assignment of the lease agreement from Scott Family Legacy, LLC to the new building owner Masjid-As-Salaamah Inc. for the rental of real property containing 2,900 square feet of space at 5253 Cleveland Ave, Columbus, OH; and,

WHEREAS, an emergency exists in the usual daily operation of the Department of Health in that it is immediately necessary to assign the lease as described herein, with automatic options to renew the lease if so desired, in order to allow the WIC clinic to continue offering program services to the community as quickly as possible for the immediate preservation of the public health, peace, property, safety and welfare; Now, therefore,
BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:

SECTION 1. That the assignment of the lease from Scott Family Legacy, LLC to Masjid-As-Salaamah Inc. is hereby authorized, and all present and future City business relating to the lease agreement for 5253 Cleveland Avenue shall be directed to the new owner.

SECTION 2. That to pay the costs of said lease, the expenditure of $3,431.67 is hereby authorized from the Health Department Grants Fund, Fund No. 251, Division No. 50-01, as follows:

SECTION 3. That the City Auditor is authorized to make any accounting changes necessary to ensure that this contract is properly accounted for and recorded accurately on the City's financial records. That the City Auditor is authorized to make any changes to revise the funding source for any contract or contract modifications associated with this ordinance.

SECTION 4. That for reasons stated in the preamble hereto, which is hereby made a part hereof, this ordinance is hereby declared to be an emergency measure and shall take effect and be in force from and after its passage and approval by the Mayor, or ten days after passage if the Mayor neither approves nor vetoes the same.

Explanation

BACKGROUND: The Board of Health has applied for a grant from the Ohio Department of Health to fund the Women, Infants and Children (WIC) Program for the period October 1, 2010 through September 30, 2011. The WIC budget provides $197,761.54 for the lease of real property to be used as clinic space for the WIC Program. This Ordinance will allow the WIC Program to continue to lease space at 1288 Georgesville Road on a month to month basis for the period October 1, 2010 through December 31, 2010.

Explanation: 1. BACKGROUND:
The City of Columbus Division of Planning and Operations utilizes salt for its operations in order to maintain a safe roadway system by preventing ice and snow from accumulating on roadways. In order to ensure there is a sufficient supply of salt for this operation the City maintains a supply, in normal circumstances, sufficient to last throughout the winter season. In the past, when other agencies did not have a sufficient supply or storage capacity to meet their needs for the winter, they would request to purchase salt from the City. One of the primary agencies that this ordinance is intended for is the Columbus Public Schools. The Department feels that it is necessary to assist them during snow and ice events in order to enhance the safety to our communities' school children.

The purpose of this ordinance is to authorize the City to sell a portion of their salt supply to other agencies in need. In providing salt to other agencies, though, the following limitations must be followed:

The provisions of this legislation will be in effect for the time period of December 1, 2010 through April 15, 2011. Any needs in the future will be addressed by additional legislation.

The cut-off total (cumulative of all agencies) allowable to be sold to other agencies by the Director of Public Service is 500 tons.

No one agency can purchase more than 200 tons per season.

The price per ton for sale will be equal to the price per ton paid by the City.

The Director of Public Service reserves the right to sell or not sell based on the needs of the Department of Public Service. The Director of Public Service will not authorize the sale of salt if it could cause the City of Columbus to be short on salt for its own needs.

2. FISCAL IMPACT
The sale of salt to other agencies will offset the cost of City of Columbus Salt purchases.

Title: To authorize the Director of Public Service to enter into contracts with other agencies to sell salt previously purchased by the City of Columbus. ($0.00)

Body: WHEREAS, the City of Columbus maintains a stockpile of salt for treatment of roadways within the City to prevent snow and ice accumulation and prevent hazardous roadways; and

WHEREAS, other agencies frequently request permission to purchase a portion of that supply due to insufficient supplies; and
WHEREAS, it is necessary to provide authorization for the Director of Public Service to enter into contract with other agencies to sell a portion of the City's supply under limitations provided in this ordinance; now, therefore

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:

Section 1. That the Director of Public Service is authorized to enter into contract with other agencies to sell a portion of the City's salt supply when a need arises for this purchase.

Section 2. The following limitations are to be followed when entering into contract with other agencies for the purpose of selling the City's salt:

The provisions of this legislation will be in effect for the time period of December 1, 2010 through April 15, 2011. Any needs in the future will be addressed by additional legislation.

The cut-off total (cumulative of all agencies) allowable to be sold to other agencies by the Director of Public Service is 500 tons.

No one agency can purchase more than 200 tons per season.

The price per ton for sale will be equal to the price per ton paid by the City.

The Director of Public Service reserves the right to sell or not sell based on the needs of the Department of Public Service. The Director of Public Service will not authorize the sale of salt if it could cause the City of Columbus to be short on salt for its own needs.

Section 3. That this ordinance shall take effect and be in force from and after the earliest period allowed by law.

Legislation Number: 1275-2010
Drafting Date: 09/02/2010
Current Status: Passed
Version: 1
Matter Type: Ordinance

Explanation
Background: As part of the Certified Local Government (CLG) agreement between the City and the State, the City Historic Preservation Officer is charged with reviewing and recommending approval of applications submitted to the Ohio Historic Preservation Office (OHPO) for funding of preservation projects located in the City of Columbus.

An application was submitted to OHPO by the grant coordinator of Ohio Dominican University to conduct a survey of history and architecture of the Teakwood Heights neighborhood in the city of Columbus. The application was prepared in cooperation with the Teakwood Heights Civic Association through a Good Neighbor Agreement. OHPO recommended approval of this $10,897.00 CLG grant application, for funding year 2010.

Based on the historic and architectural information provided in the CLG grant application, the project is recommended for approval by the City Historic Preservation Officer, identified as the CLG Grant Project Coordinator. The City will not receive the grant dollars, nor have any direct responsibility in their administration. The funding will go directly from the state to Ohio Dominican and no funds are required from the City. This ordinance is necessary to complete the grant approval process because of the CLG agreement, which identifies the City Historic Preservation Officer as the CLG Grant Project Coordinator.
**Fiscal Impact:** The City will not receive the grant dollars, nor have any direct responsibility in their administration. The funding will go directly from the state to Ohio Dominican University, which serves as a third party administrator. No funds are required from the City.

**Title**
To approve the Certified Local Government grant for the historic and architectural survey of the Teakwood Heights Neighborhood for funding year 2010 with the City Historic Preservation Officer acting as the community's CLG Program Contact.

**Body**
WHEREAS, the Historic Preservation Officer is charged, in part, with identifying structures of historic and architectural significance, maintaining a list of these structures and other historic resources, and providing assistance with appropriate repair methods; and

WHEREAS, the Historic Preservation Officer is identified as the Grant Project Coordinator for projects which are selected for Certified Local Government (CLG) Funding within the City of Columbus; and

WHEREAS, an application was submitted to the Ohio Historic Preservation Office (OHPO) by Ohio Dominican University, in coordination with the Teakwood Heights Civic Association, to conduct a survey of history and architecture in that community; and

WHEREAS, the Ohio Historic Preservation Office (OHPO) has recommended approval of the proposal, pending support by the City as outlined in the CLG agreement; and

WHEREAS, Ohio Dominican will serve as the grant administrator, receiving funds directly from OHPO and being responsible for their administration; and

WHEREAS, the Columbus Historic Preservation Officer recommends approval of the CLG Grant to Columbus City Council; now, therefore,

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:

Section 1. That Council approves the Certified Local Government Grant for the survey of history and architecture in the Teakwood Heights neighborhood as outlined in the application submitted to the Ohio Historic Preservation Office.

Section 2. That the Historic Preservation Officer shall act as the Grant Project Coordinator.

Section 3. That this ordinance shall take effect and be in force from and after the earliest period allowed by law.

Legislation Number: 1280-2010
Drafting Date: 09/03/2010
Current Status: Passed
Version: 1
Matter Type: Ordinance

ExplanationBackground:
This legislation provides for the appropriation of $27,712.60 from the Recreation and Parks Tree Replacement Fund to purchase trees and other plant materials for the Department's comprehensive citywide street tree planting program. The Tree Replacement Fund is comprised of fees and assessments levied customers for street tree purchases and for damages to trees that are in city right-of-way. The biggest share of this fund is used to purchase a variety of tree species and plant
materials. Some trees are large and can be planted immediately while plant materials such as seeds and/or seedlings and
bare root tree stock items are sent to the Recreation and Parks Nursery where they will grow and mature until they are
ready for transplanting.

**Fiscal Impact:** The fiscal impact of this ordinance will be to reduce the Tree Replacement Fund's unappropriated balance
by $27,712.60.

This ordinance is being submitted as an emergency in order to have funding available in October for necessary
expenditures.

**Title**

To authorize an appropriation of $27,712.60 from the unappropriated balance of the Recreation and Parks Tree
Replacement Fund to the Recreation and Parks Department for the purchase of trees and plant materials; and to declare an
emergency. ($27,712.60)

**Body**

WHEREAS, the Recreation and Parks Department has a comprehensive citywide street tree planting program; and
WHEREAS, the Tree Replacement Fund consists of fees and assessments levied customers for street tree purchases and
for damages to trees that are in the city right-of-way; and
WHEREAS, an emergency exists in the usual daily operation of the Recreation and Parks Department in that it is
immediately necessary to appropriate said funds so that funding is available in October, 2010 for necessary expenditures;
now, therefore

**BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:**

SECTION 1. That from the unappropriated monies in the Recreation and Parks Tree Replacement Fund No. 234, and
from all monies estimated to come into said fund from any and all sources and unappropriated for any other purpose during
the fiscal year ending December 31, 2010, the sum of $27,712.60 is appropriated to the Recreation and Parks Department,
Department No. 51-01 as follows:

SECTION 2. That the monies in the foregoing Section 1 shall be paid upon order of the Director of Recreation and Parks,
and that no order shall be drawn or money paid except by voucher, the form of which shall be approved by the City
Auditor.

SECTION 3. That for the reasons stated in the preamble hereto, which is hereby made a part hereof, this ordinance is
hereby declared to be an emergency measure and shall take effect and be in force from and after its passage and approval
by the Mayor, or ten days after passage if the Mayor neither approves nor vetoes the same.

**Explanation**

**BACKGROUND:** The need exists to enter into a Job Creation Tax Credit Agreement with Resource Interactive. Section
718.15 of the Ohio Revised Code requires the City to enter a Council-approved agreement between the City and a
participating company.

The Department of Development proposes to enter into a Job Creation Tax Credit Agreement with Resource Interactive for
60% for a period of 5 years in consideration of the company's investment of approximately $2,000,000.00 in machinery
and equipment, retention of 247 full-time positions and the creation of approximately 50 full-time permanent positions
with an annual payroll of $4,250,000.00 million.

Resource Interactive is a privately held digital marketing agency in Columbus Ohio, working with Fortune 500 companies
to develop digital strategy, website creative and interactive technology solutions. Resource Interactive is recognized for its
aptitude in consumer insights and strategy, interactive design and technological innovation. Nancy Kramer founded the
company in 1981 with its first marketing relationship with Apple. Resource Interactive has since expanded its partnerships
with clients to include Procter & Gamble, Hewlett Packard, Walmart, Coca-Cola, Victoria's Secret, Sherwin-Williams and
L.L.Bean, among others.
With offices in Columbus, Cincinnati, and Palo Alto, California, Resource Interactive is the largest independent, women-owned agency in the nation. The company's increased growth is due to securing a number of new clients and the need for service to the new clients. Resource Interactive is currently opening new offices in San Francisco and considering additional satellite offices in Seattle, London and New York.

Resource Interactive received a Downtown Office Incentive of 50% in 2006 from the City of Columbus. This incentive will expire in 2011. To date, the company has exceeded their job creation goal. The company is expanding business operations and creating an additional 50 jobs. The Job Creation Tax Credit will not begin until 2012 after the Downtown Office Incentive has expired.

**FISCAL IMPACT:** No funding is required for this legislation.

**Title**
To authorize the Director of the Department of Development to enter into a 5-year, 60% Job Creation Tax Credit agreement with Resource Interactive.

**Body**
WHEREAS, pursuant to Section 122.17 of the Ohio Revised Code, the State of Ohio is authorized to establish the Tax Credit Authority and to execute agreement with taxpayers of the State for the purpose of granting taxpayers a job creation tax credit (the "State Credit") to be applied against their corporation franchise tax and commercial activity tax liability, which tax credits are provided to create new jobs in the State; and

WHEREAS, pursuant to Section 718.15 of the Ohio Revised Code (the "City Act"), the City is authorized to grant local income tax credits (the "Local Credit") to taxpayers who have received State Credits; and

WHEREAS, contingent on the City granting a Job Creation Tax Credit, Resource Interactive plans to invest approximately $2,000,000 in machinery and equipment in the City (the "Project"), which will allow Resource Interactive to retain 247 full-time positions, create approximately 50 new permanent full-time jobs with an annual payroll of $4,250,000 million and increase job opportunities and strengthen the economy of the City; and

WHEREAS, on January 22, 2007, the Ohio Tax Credit Authority approved a 55%/7 year State Credit for the Project, the credit was extended February 22, 2010 to 60% for 8 years; and

WHEREAS, the City Act requires the City to enter into a formal and binding agreement in order to provide a Local Credit to Resource Interactive; and

WHEREAS, receiving the State Credit and the Local Credit is a critical factor in Resource Interactive' decision to go forward with the Project in the City; and

WHEREAS, Resource Interactive received a Downtown Office Incentive of 50% in 2006 from the City of Columbus. This incentive will expire in 2011. To date, the company has exceeded their job creation. The company is expanding business operations and creating an additional 50 jobs. The Job Creation Tax Credit will not begin until 2012 after the Downtown Office Incentive has expired. **NOW THEREFORE,**

**BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:**

**Section 1.** That the City hereby finds and determines that (1) the Project will create jobs in the State and City; (2) the Project is economically sound and will benefit the people of the State and City by increasing opportunities for employment and strengthening the economy of the State and City; and (3) receiving the aforementioned tax credits is a critical factor in Resource Interactive' decision to go forward with the Project.
Section 2. That the City Council hereby finds and determines that the Project meets all the requirements of the City Act.

Section 3. That the Director of the Department of Development is hereby authorized and directed to enter into and execute a 5-year, 60%, City Job Creation Tax Credit Agreement with Resource Interactive.

Section 4. That the City Job Creation Tax Credit Agreement must be signed by Resource Interactive within 90 days of receiving the Agreement for signature, or this Ordinance and the Local Credit provided herein shall be null and void.

Section 5. That this Ordinance shall take effect at the earliest time allowed by law.

Explanation
APPLICANT: 1000 S. Front Street LLC; c/o David Hodge, Atty.; Smith & Hale, LLC; 37 West Broad Street, Suite 725; Columbus, OH 43215.

PROPOSED USE: Up to six dwelling units and up to 4500 square feet of office uses in an existing building.

BREWERY DISTRICT COMMISSION RECOMMENDATION: Approval.

CITY DEPARTMENTS' RECOMMENDATION: Approval. The applicant requests this Council variance concurrent with rezoning application Z10-019 to redevelop a vacant structure with six dwelling units and up to 4500 square feet of office space with variances to standards. During consideration of this Council variance, Building and Zoning Services Staff asked the applicant to rezone to a more appropriate zoning district that would accurately reflect the way the site is to be used. The site is located within the boundaries of The Brewery District Plan (1993). This concurrent Council variance is necessary to both grant variances to standards and to conform the existing building with the AR-O, Apartment Office Zoning District concurrently under consideration with Z10-019. Staff supports the proposal because it is consistent with The Brewery District Plan (1993) and finds the requested variances to be minor deviations necessary because of the small size of the site. These variances will cause no negative impacts on the surrounding properties. Furthermore many of the variances are to address existing conditions.

Title
To grant a Variance from the provisions of Sections 3312.21(B) (1), Landscaping and screening; 3321.05A1, Vision clearance; 3333.09, Area Requirement; 3333.23, Maximum side yard permitted; 3333.24, Rear yard; and 3372.604, Setback requirements, of the Columbus City Codes for property located at 1000 SOUTH FRONT STREET (43215), to permit six (6) dwelling units and up to 4500 square feet of offices in an existing building with reduced development standards in the AR-O, Apartment Office District and to declare an emergency.

Body
WHEREAS, by application No. CV10-027, the owner of property at 1000 SOUTH FRONT STREET (43215), is requesting a Council variance to permit up to six (6) dwelling units and up to 4500 square feet of office space with reduced development standards in conjunction with rezoning application Z10-019 to rezone this site from the M, Manufacturing District to the AR-O, Apartment Office District; and
WHEREAS, Section 3312.21(B) (1), Landscaping and screening, requires landscaping between the parking setback line and right-of-way with plant material, while the applicant proposes to provide plantings only along the Wall Street adjacent to the easternmost parking space just north of the subject structure is located; and

WHEREAS, Section 3321.05A1, Vision clearance, requires a ten foot clear vision triangle at intersection of a driveway and the right-of-way, while the applicant proposes to maintain a sliding gate in the clear vision triangle along the ten feet of the clear vision triangle along Wall Street; and

WHEREAS, Section 3333.09, Area Requirement, requires a minimum lot width of fifty (50) feet, while the applicant proposes to conform the existing twenty-eight (28) foot lot width; and

WHEREAS, Section 3333.23, Maximum side yard permitted, requires a side yard of no less than five (5) feet, while the applicant proposes to conform the existing zero (0) foot side yard; and

WHEREAS, Section 3333.24, Rear yard, requires a rear yard comprising no less than twenty-five percent (25%) of the total lot area, while the applicant proposes to conform the existing a rear yard of zero percent (0%); and

WHEREAS, 3372.604, Setback requirements, requires a parking setback of no less than five (5) feet and parking to be located behind the principle building, while the applicant proposes to a zero (0) foot setback and parking to the side of the principle building; and

WHEREAS, said ordinance requires separate submission for all applicable permits and Certificate of Occupancy for the proposed use; and

WHEREAS, the Brewery District Commission recommends approval; and

WHEREAS, the City Departments recommend approval because the proposal is consistent with The Brewery District Plan (1993) and finds the requested variances to be minor deviations necessary because of the small size of the site. These variances will cause no negative impacts on the surrounding properties. Furthermore many of the variances are to address existing conditions; and

WHEREAS, the granting of said variance will not impair an adequate supply of light and air to adjacent property, unreasonably increase the congestion of public streets, increase the danger of fires, endanger the public safety, unreasonably diminish or impair established property values within the surrounding area, or in any other respect impair the public health, safety, comfort, morals, or welfare of the inhabitants of the city; and

WHEREAS, the granting of said variance will alleviate the difficulties encountered by the owner of the property located at 1000 SOUTH FRONT STREET (43215), in using said property as desired; and

WHEREAS, an emergency exists in the usual daily operation in the City of Columbus in that it is immediately necessary to pass this ordinance to begin construction as soon as possible for the immediate preservation of the public peace, property, health and safety; now, therefore:

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:

Section 1. That a variance from the provisions of Sections 3312.21(B) (1), Landscaping and screening; 3321.05A1, Vision clearance; 3333.09, Area Requirement; 3333.23, Maximum side yard permitted; 3333.24, Rear yard; and 3372.604, Setback requirements, of the Columbus City Codes for property located at 1000 SOUTH FRONT STREET (43215), insofar as said sections prohibit up to six (6) dwelling units and up to 4500 square feet of office space in an existing building without interior, perimeter and parking setback screening, with no vision clearance, with parking setbacks reduced to zero (0) feet and with parking being located to the side of the principle building, with a lot width reduced from 50 feet to 28 feet; with side yard setbacks reduced to zero (0) feet and with a rear yard reduced from 25% to 0%; said property being more particularly described as follows:

Section 2. That this ordinance is conditioned on and shall remain in effect only for so long as said property is used for no more than 6 dwelling units with up to 4500 square feet of office use or those uses permitted in the AR-O Apartment Office District.

Section 3. That this ordinance is further conditioned on the Subject Site being developed in general conformance with the site plan titled, "1000 SOUTH FRONT STREET COLUMBUS OHIO 43206 THE COLUMBUS JACK," dated August 20, 2010, and signed by David Hodge, attorney for the applicant. The Site Plan may be slightly adjusted to reflect engineering, topographical, or other site data developed at the time of the development and when engineering and architectural drawings are completed. Any slight adjustments to the Zoning Site Plan shall be subject to review and may be approved by the Director of the Department of Building and Zoning Services, or designee, upon submission of the appropriate data regarding the proposed adjustment.

Section 4. That this ordinance is conditioned on at least one bicycle rack being provided on site with parking for at least six (6) bicycles.
Section 5. That this ordinance is further conditioned on the applicant obtaining all applicable permits and a Certificate of Occupancy for the proposed use.

Section 6. That this ordinance shall take effect and be in force from and after the earliest period allowed by law. That for the reasons stated in the preamble hereto, which is hereby made a part hereof, this ordinance is hereby declared to be an emergency measure and shall take effect and be in force from and after its passage and approval by the Mayor or 10 days after its passage if the Mayor neither approves nor vetoes the same.

Explanation

1. BACKGROUND
Under the American Recovery and Reinvestment Act (ARRA) of 2009, the city of Columbus was awarded $7,403,500 from the U.S. Department of Energy as a formula allocation of the Energy Efficiency and Conservation Block Grant (EECBG). The Department of Public Service received $1,571,650 of this award for Pedestrian Signal Upgrade to LED technology. The new pedestrian signals will comply with the latest standards promulgated by the Institute of Transportation Engineers specifying appearance criteria, energy-saving performance and expected service life.

These countdown displays will provide a clearer understanding of the meaning of pedestrian clearance intervals, increased customer acceptance of the proper operation of pedestrian signals and ultimately safer pedestrian environment. The project will replace a total of 3,698 pedestrian signals with an expected annual savings of 1,946,000 kilowatt hours upon project completion in the fall of 2012.

Appropriation of these grant funds was authorized in Ordinance 1511-2009. Ordinance 0769-2010 amended the ordinance 1511-2009 with regard to appropriation between object level one codes and authorized the expenditure from the General Government Grant Fund (Fund 220) for the Division of Planning and Operations within the Department of Public Service. This ordinance identifies that the expenditure of $1,109,400.00 of the grant funds which were authorized in ordinance 0769-2010 will be expended for this signal equipment per the terms and conditions of the following Universal Term Contracts awarded from SA003200:

Explanation

1. BACKGROUND:
The Department of Public Service, Division of Design and Construction, in cooperation with the Development Department, Economic Development Division, uses Urban Infrastructure Recovery Fund (UIRF) money to design and construct projects that enhance economic growth within the City. Past UIRF projects have included streetscape enhancements and roadway improvements.

Occasionally these UIRF projects require that the Division of Design and Construction acquire additional permanent and temporary right-of-way for installation of streetlights, street trees, sidewalks and Americans with Disabilities Act (ADA) compliant curb ramps. In 2005, the Development Department and the Department of Public Service cooperated to establish and legislate a $100,000.00 right-of-way contingency fund that was used to expedite these small acquisitions by the City Attorney's Office, Real Estate Division. This fund has a current balance of approximately $13,000.00. The Development Department has requested this money be used to begin acquisition of the rights-of-way needed for the Hamilton Avenue & St. Clair Avenue Improvements (East Long Street to Old Leonard Avenue) Project.

At this time, the Development Department and the Department of Public Service desire to establish an additional $50,000.00 UIRF right-of-way acquisition contingency fund. A portion of this $50,000.00 will be used by the City Attorney's Office to complete acquisition of the rights-of-way needed for the Hamilton Avenue & St. Clair Avenue project. The remainder of this money will be used in the same manner as the original contingency fund by the City Attorney's Office, Real Estate Division, to acquire small parcels of additional right-of-way for miscellaneous UIRF projects when requested to do so by the Department of Public Service, Division of Design and Construction.

2. Fiscal Impact:
The following legislation establishes a $50,000.00 UIRF right-of-way acquisition contingency fund and authorizes the City Attorney to expend said funds to acquire small parcels of additional right-of-way for miscellaneous UIRF projects when requested to do so by the Department of Public Service. Monies to pay for these costs are available in the 2010 CIB within the Governmental Build America Bonds Fund, No. 746.

3. Emergency Justification:
A portion of this money will be used to complete acquisition of the rights-of-way needed for the Hamilton Avenue & St. Clair Avenue Improvements (East Long Street to Old Leonard Avenue) Project. To keep this project on schedule it is essential the City Attorney's Office, Real Estate Division be authorized to hire professional services, acquire the rights-of-way and expend the funds necessary to complete acquisitions as soon as possible.

Title

To authorize the establishment of a $50,000.00 Urban Infrastructure Recovery Fund right-of-way acquisition contingency fund to be used to acquire small parcels of additional right-of-way for miscellaneous UIRF projects as requested by the Department of Public Service, Division of Design and Construction; to amend the 2010 Capital Improvement Budget; to transfer cash between projects in the same fund; to authorize the City Attorney's Office, Real Estate Division, to expend $50,000.00 from the Governmental Build America Bonds Fund 746 for these miscellaneous acquisitions and to declare an emergency. ($50,000.00)

Body

WHEREAS, the Department of Public Service, Division of Design and Construction, in cooperation with the Development Department, Economic Development Division, uses Urban Infrastructure Recovery Funds (UIRF) to design and construct projects that enhance economic growth within the City; and

WHEREAS, past UIRF projects have included streetscape enhancements and roadway improvements; and

WHEREAS, occasionally these projects require the acquisition of small parcels of additional right-of-way; and

WHEREAS, in 2005, the Development Department and the Department of Public Service cooperated to establish and legislate a $100,000.00 right-of-way contingency fund that was used to expedite these small acquisitions by the City Attorney's Office, Real Estate Division; and

WHEREAS, this fund has a current balance of approximately $13,000.00; and
WHEREAS, the Development Department has requested this money be used to begin acquisition of the rights-of-way needed for the Hamilton Avenue & St. Clair Avenue Improvements (East Long Street to Old Leonard Avenue) Project; and

WHEREAS, at this time, the Development Department and the Department of Public Service desire to establish an additional $50,000.00 UIRF right-of-way acquisition contingency fund; and

WHEREAS, a portion of this $50,000.00 will be used by the City Attorney's Office to complete acquisition of the rights-of-way needed for the Hamilton Avenue & St. Clair Avenue project; and

WHEREAS, the remainder of this money will be used in the same manner as the original contingency fund by the City Attorney's Office, Real Estate Division, to acquire small parcels of additional right-of-way for miscellaneous UIRF projects when requested to do so by the Department of Public Service, Division of Design and Construction; and

WHEREAS, cash must be transferred between projects and the 2010 Capital Improvement Budget amended accordingly so that funds are available under Project 440005-100018 in the Governmental Build America Bonds Fund 746 to establish a UIRF right-of-way acquisition contingency fund to be used by the City Attorney's Office, Real Estate Division, to acquire small parcels of additional right-of-way for miscellaneous UIRF projects when requested to do so by the Public Service Department, Transportation Division; and

WHEREAS, in order to maintain the schedule of the Hamilton Avenue & St. Clair Avenue Improvements (East Long Street to Old Leonard Avenue) Project; now therefore

WHEREAS, an emergency exists in the usual daily operation of the Division of Design and Construction in that it is immediately necessary to maintain the schedule of the Hamilton Avenue & St. Clair Avenue Improvements (East Long Street to Old Leonard Avenue) Project and provide funding for right of way for other projects as needed, thereby preserving the public health, peace, property, safety and welfare, now, therefore

Explanation
Background: Ordinance 1080-2010, passed by City Council July 12, 2010, authorized the Director of the Department of Finance and Management to enter into an Underground Limestone Mining Lease with Columbus Limestone, Inc. (CLI), a subsidiary of Shelly Materials, Inc., for subsurface (underground) mining of limestone and other minerals under that City owned property, containing approximately 52 acres, located at 2500 Jackson Pike, Columbus Ohio.

Section 2 of the Ordinance outlined the basic terms of the Underground Limestone Mining Lease and required a provision in the Lease that "CLI shall make an Advance Option Payment of Two Hundred Fifty Thousand Dollars ($250,000.00) payable upon execution of the mining lease agreement for the future right to negotiate a lease, acceptable to the City, for development of an underground storage facility upon the cessation of mining activities." Prior to execution of the Lease, CLI/Shelly Materials requested that the City remove the Advance Option Fee and CLI's option for the future right to negotiate a lease for development of the underground storage facility.

Fiscal Impact: Per the original terms, the City will receive a payment of a royalty equal to six percent (6%) of sales on all materials produced by mining activities, including limestone aggregate and all other industrial mineral materials and within ninety (90) days of the execution of the agreement, the City will receive an advance royalty payment of $1,500,000.00.

Emergency Justification: Emergency action is requested to allow for the immediate execution of a mineral lease agreement by the City, in order that the City may receive the prepaid royalty income at the earliest date allowed under the terms of the agreement.

Title
To amend Section 2 of Ordinance No. 1080-2010 that authorized the Director of Finance and Management to execute an Underground Limestone Mining Lease with Columbus Limestone, Inc.; and to declare an emergency.

Body
WHEREAS, Ordinance No. 1080-2010, passed by City Council July 12, 2010, authorized the Director of the Department...
of Finance and Management to enter into an Underground Limestone Mining Lease with Columbus Limestone, Inc. with
certain terms and conditions; and

WHEREAS, it is now necessary to amend Section 2 of Ordinance 1080-2010 to delete the requirement that the Lease
contain a provision that "CLI shall make an Advance Option Payment of Two Hundred Fifty Thousand Dollars
($250,000.00) payable upon execution of the mining lease agreement for the future right to negotiate a lease, acceptable to
the City, for development of an underground storage facility upon the cessation of mining activities."; and

WHEREAS, an emergency exists in the usual daily operation of the City of Columbus, in that it is immediately necessary
to amend Ordinance No.1080-2010 to allow the Director of the Department of Finance and Management to proceed with
the execution of those documents necessary to enter into a mineral lease agreement with the modified terms for the
immediate preservation of the public health, peace, property, safety and welfare; now, therefore:

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:

SECTION 1. That Ordinance 1080-2010 be amended to delete the requirement in Section 2 that reads:

"CLI shall make an Advance Option Payment of Two Hundred Fifty Thousand Dollars ($250,000.00) payable upon
execution of the mining lease agreement for the future right to negotiate a lease, acceptable to the City, for development of
an underground storage facility upon the cessation of mining activities."

SECTION 2. That for the reasons stated in the preamble hereto, which is hereby made a part hereof, this ordinance is
hereby declared to be an emergency measure and shall take effect and be in force from and after its passage and approval
by the Mayor or ten days after passage if the Mayor neither approves nor vetoes the same.

Matter Type: Ordinance

Explanation
Background: The City of Columbus, Ohio, holds title to a storm water drainage easement by virtue of recorded deed of easement, Vol. 6494, Pg. D14, Franklin County Recorder's Office, Ohio. Gammit, LLC, an Ohio limited liability company, has requested that said easement be partially released in order to alleviate a building which encroaches upon the City's easement. After investigation, the Division of Sewerage and Drainage has determined that the partial release of said easement will not adversely affect the City of Columbus and should be granted at no charge. The following legislation authorizes the Director of the Department of Public Utilities to execute those instruments necessary to release the requested aforementioned sewer easement.

Fiscal Impact: N/A

Emergency Justification: Emergency Justification: This request has been investigated by the Division of Sewers and Drains and emergency action is requested as to immediately alleviate the encroachment on the City's easement.

Title
To authorize the Director of the Department of Public Utilities to execute those instruments necessary to release a certain portion of a storm sewer easement located in the vicinity of Scherer's Court and Alta View Boulevard, at the request of Gammit, LLC, an Ohio limited liability company in order to alleviate an encroachment upon the City's existing easement, and to declare an emergency.

Body
WHEREAS, the City of Columbus, Ohio, holds title to a storm water drainage easement by virtue of recorded deed of easement, Vol. 6494, Pg. D14, Franklin County Recorder's Office, Ohio; and

Section 2. That for the reasons stated in the preamble hereof, which is hereby made a part hereof, this ordinance is hereby declared to be an emergency measure and shall take effect and be in force from and after its passage, and approval by the Mayor, or ten days after its passage if the Mayor neither approves nor vetoes the same.
BACKGROUND: This ordinance authorizes the Finance and Management Director to modify a contract on behalf of the Facilities Management Division with Bomar Construction for the renovation of the ground floor in City Hall, 90 West Broad Street, commonly known as the Hall of Fame. In addition, this ordinance authorizes the Finance and Management Director to establish a purchase order with The John A. Becker Company from a previously established universal term contract to purchase the necessary lighting for this same area.

The Hall of Fame has not been renovated in more than thirty years and is antiquated. The current flooring contains asbestos and related hazardous materials, necessitating replacement. The Hall of Fame is not fully ADA accessible nor is it conducive to the safety of users. The renovation will include, but is not limited to, removal of the existing carpet and tile, installation of three new ADA ramps, flooring, and installation of new doors, trim and molding, electrical work, painting, installation of ceiling tile, energy-efficient lighting, and renovation of the existing marble work.

The original contract with Bomar Construction Company was formally bid (SA002546). The original contract term ran from August 1, 2007 through August 14, 2008. The contract was subsequently renewed by EL010217 for a term of March 8, 2010 to March 7, 2011. The necessary lighting will be purchased from The John A. Becker Company from a pre-established universal term contract (UTC), FL00783, expiration date November 20, 2010.

Emergency action is requested so that the work may begin as quickly as possible, allowing the Hall of Fame area to be reopened for better security in City Hall.

Fiscal Impact: This ordinance authorizes a total expenditure of $98,604.00. The total cost of the Bomar contract, including the original and all other renewals and modifications, is thereby increased to $213,689.00. This project was not funded in the 2010 Capital Improvement Budget, so to accommodate this expenditure, the 2010 Capital Improvements Budget is also amended to transfer funding from another lower priority project.

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:
SECTION 1. That the 2010 Capital Improvement Budget is hereby amended as follows:

Section 3. That for the reasons stated in the preamble hereto, which is hereby made a part hereof, this ordinance is hereby declared to be an emergency measure and shall take effect and be in force from and after its passage and approval by the Mayor or ten days after passage if the Mayor neither approves nor vetoes the same.

Explanation
The Columbus Area Labor-Management Committee (CALMC) is a not-for-profit organization that promotes the development of high-performance organizations through joint participation of labor and management. Since its founding in 1986, CALMC has worked with many private and public sector companies and organization and their unions to help them achieve their goals through the active involvement of its members and through effective training, communications, and leadership to benefit the citizens of Central Ohio. City Council has supported CALMC in the past to make strategic investments in projects that will ultimately create and retain jobs within the City. Council deems this project an appropriate use of $15,000.00 General Fund monies.

Title
To authorize and direct the Director of the Department of Human Resources to enter into contract with the Columbus Area Labor Management Committee; to authorize the expenditure of $15,000.00 from the General Fund; and to declare an emergency. ($15,000.00)

Body
WHEREAS, the Columbus Area Labor-Management Committee (CALMC) is a not-for-profit organization that promotes the development of high-performance organizations through joint participation of labor and management; and
WHEREAS, since its founding in 1986, CALMC has worked with many private and public sector companies and organization and their unions to help them achieve their goals through the active involvement of its members and effective training, communications, and leadership to benefit the citizens of Central Ohio; and
WHEREAS, City Council amended the 2010 budget to further emphasize that the importance of making strategic investments in projects that will ultimately create and retain jobs within the City, and Council deems this project an appropriate use of $15,000.00; and
WHEREAS, an emergency exists in that it is immediately necessary to appropriate and expend funds to support the efforts of the Columbus Area Labor Management Committee, and for the preservation of the public health, peace, property, safety and welfare; now therefore,

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:

Section 1. For the purpose of paying the costs thereof, the sum of $15,000.00 is hereby authorized to be expended from City Council Department No. 20-01, the General Fund, 010-100, Object Level One 03, Object Level Three 3337, OCA Code 200105.

Section 2. That the Director of Human Resources is hereby authorized and directed to expend said funds with the Columbus Area Labor-Management Committee (CALMC) to support its efforts to promote the development of
high-performance organizations through joint participation of labor and management.

Explanation
The Harmony Project is a non-profit organization committed to diversity, philanthropy, community service, the environment, and the celebration of the human spirit through the performing arts. In 2008 and 2009, the organization was selected by the President's Committee on the Arts and the Humanities as one of the best arts-based non-profits in the nation.

The Harmony Project shares its name and purpose with its 135-plus member choir which blends diversity, philanthropy and music. The choir is open to anyone, and has attracted diverse participants from throughout central Ohio. Through two performance seasons, The Harmony Project has been successful in meeting its mission and has made exceptional contributions to the Columbus community through hands-on volunteerism, and through charitable fundraising. Among these contributions, The Harmony Project, through performances and fundraising efforts, raised $47,000.00 - including $17,000.00 to cover staff and supplies for an academic enrichment and fitness program at Champion Middle School, and painted and landscaped Blackburn Recreation Center. The Harmony Project also raised $15,000.00 to purchase a grand piano for the Lincoln Theatre, $10,000.00 to buy trees for the City of Columbus Department of Recreation & Parks, $40,000.00 for the Mid-Ohio Foodbank, and collected thousands of toys for the Salvation Army’s Toys for Tots program. The Harmony Project has launched a new initiative - Project Hope - designed to build bridges between underserved children in Columbus who lack music resources in their schools and communities with children who are the beneficiaries of schools and community-funded arts programs for the purposes of interaction, education, and personal growth. Targeted areas for Project Hope are Southside Settlement House, Central Neighborhood House and Gladden Community House. The program will promote positive child development through weekly music lessons, conversation, and art and service projects, culminating in a live concert performance.

To this point, The Harmony Project has been funded through the financial support of generous corporate sponsors, including Limited Brands, Wal-Mart, and The Dispatch Printing Company. Additionally, ticket sales for performances, and the individual fundraising efforts of choir members, comprise a significant portion of the total dollars raised by the organization. The Harmony Project is seeking financial support from the City of Columbus to assist in leveraging additional financial contributions from the private sector. The total operating budget sought is $75,000.00 which would fund staff and programming costs. The Harmony Project has requested $25,000.00 from the City of Columbus to match commitments being sought from private sources. Expenditures will be detailed in an audited, annual report.

Title
To authorize the City Clerk and the Recreation and Parks Director to enter into contract with The Harmony Project for the purpose of targeting at-risk youth by providing positive youth development through year-round music lessons and to authorize the Department of Recreation and Parks to monitor the contract; and to authorize the expenditure of $25,000.00 from the General Fund; and to declare an emergency. ($25,000.00)
WHEREAS, The Harmony Project is a non-profit organization committed to diversity, philanthropy, community service, the environment, and the celebration of the human spirit through the performing arts. In 2008 and 2009, the organization was selected by the President's Committee on the Arts and the Humanities as one of the best arts-based non-profits in the nation; and

WHEREAS, The Harmony Project shares its name and purpose with its 135-plus member choir which blends diversity, philanthropy and music. The choir is open to anyone, and has attracted diverse participants from throughout central Ohio. Through two performance seasons, The Harmony Project has been successful in meeting its mission and has made exceptional contributions to the Columbus community through hands-on volunteerism, and through charitable fundraising; and

WHEREAS, The Harmony Project will enter into contract with the City Clerk in the amount of $25,000.00; and

WHEREAS, City Council amended the 2010 budget to further emphasize the importance of targeting at-risk youth for the purpose of promoting the healthy growth and development of children through the study, practice and performance of music, to build healthier communities by investing in the positive development of children through music, and to develop children as musical ambassadors of peace, hope and understanding amongst people of diverse cultures, backgrounds and beliefs; and

WHEREAS, an emergency exists in that it is immediately necessary to enter into said contract so funding is in place for said expenditures and programming can continue uninterrupted; now, therefore

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:

SECTION 1. That the City Clerk is hereby authorized to contract with The Harmony Project to target at-risk youth by promoting positive youth development through on-going year-round music lessons and youth orchestra participation.

SECTION 2. For the purpose of paying the costs thereof, the sum of $25,000.00 is hereby authorized to be expended from City Council Department No. 20-01, the General Fund, 010-100, Object Level One 03, Object Level Three 3337, OCA Code 200105.

SECTION 3. That this contract is awarded pursuant to Section 329.15 of the Columbus City Codes, 1959 as amended.

SECTION 4. That for the reason stated in the preamble here to, which is hereby made a part hereof, this ordinance is hereby declared to be an emergency measure and shall take effect and be in force from and after its passage and approval by the Mayor, or ten days after passage if the Mayor neither approves nor vetoes the same.

During its regular meeting held on Monday, September 27, 2010, the Civil Service Commission passed a motion to revise the specification for the classification Cashier I, assign a probationary period of 365 days, and amend Rule XI accordingly (Job Code 1295).

During its regular meeting held on Monday, September 27, 2010, the Civil Service Commission passed a motion to revise Rule X(G)(1)(a) to read as follows:

RULE X

APPOINTMENTS

G. Effect of Reallocation

When because of a change in duties or responsibilities, a position is reallocated to a different classification, the employee currently serving in the affected position may receive an original or noncompetitive appointment to the new classification if the employee has completed the probationary period in his current classification, he meets the minimum qualifications of the new classification, and one of the following applies:

a. the reallocation is a result of a Commission audit and the duties and responsibilities of the new classification have been determined to be related to the former and the reallocation does not result in an increase in the employee's current pay range or is otherwise deemed lateral by Commission action; or
b. the reallocation is a result of a Commission audit and the employee has passed the test for the new class and has been included on the preferred eligible list pursuant to Rule VIII(A)(1)(b), or
c. the reallocation is a result of an impending reorganization and the employee has passed the test for the new class.
and has been included on the preferred eligible list pursuant to Rule VIII(A)(1)(b).

Employees appointed in accordance with section (a), (b), or (c) above will obtain permanent status in the new classification upon completion of the applicable probationary period associated with the new classification.

In the event the incumbent does not pass the exam as required in sections (b) and (c) above, the reallocation may be delayed until such time as the incumbent is eligible and has had opportunity for retesting. If the incumbent chooses not to retest or does not pass the second administration of the exam, the new position must be filled as a vacancy in accordance with these Rules.

2. **Merger of Classes.** In the event the Civil Service Commission combines two existing classes, and a position is reallocated as a result, a corresponding change in class of a permanent employee in the position may be approved by the Commission without process of examination.

3. In all other cases, employees who change classes as a result of a position reallocation may acquire permanent status in the new class only in the manner provided in Section A or B above.

Title 11 - WATER, SEWER AND ELECTRICITY CODE
Chapter 1150
Floodplain Management

1150.01 Purpose.
The purpose of this chapter is to promote the public health, safety and general welfare of the city of Columbus by lessening flood damage to persons and property and by reducing public expenditures for flood relief and flood control projects. To secure this degree of safety from flooding and damages of flooding, the objectives of this chapter are to assure the retention of sufficient natural floodway area to convey flood flows; to designate a minimum flood protection elevation; to reduce the height and violence of floods insofar as such are increased by any floodway obstruction; to assure the proper floodproofing of buildings, structures, or uses subject to flooding; to assist in identifying special flood hazard for potential occupiers and to assure that future occupiers of the floodplain assume responsibility for so locating.

1150.03 Definitions.
For the purpose of flood plain development only, the following terms, phrases, words and their derivations have the meaning given herein. Other terms used in this chapter may be defined elsewhere in this code. For the purpose of flood plain development only, where a conflict occurs, the most restrictive definition takes precedence.
Where not inconsistent with the context, words used in the present tense include the future, words in the plural number include the singular number, and words in the singular include the plural number.
"Area of shallow flooding" means a designated AO or AH zone on a community's Flood Insurance Rate Map (FIRM) with a one percent or greater annual chance of flooding to an average depth of one to three feet where a clearly defined channel does not exist, where the path of flooding is unpredictable and where velocity flow may be evident. Such flooding is characterized by ponding or sheet flow.
"Area of Special Flood Hazard" [See: "Special Flood Hazard Area"].
"Base flood" means the flood having a one (1) percent chance of being equaled or exceeded in any given year. The base flood may also be referred to as the one hundred (100) year flood.
"Base flood elevation" means the projected water surface level, measured from mean sea level, at any given point in a base flood.
"Basement" means any area of the building having its floor sub grade (below ground level).
"Director" means the Directors of the Department of Public Utilities or his or her designee.
"Development" means any man-made change to improved or unimproved real estate, including but not limited to buildings or structures, mining, dredging, filling, grading, paving, excavating or drilling operations or storage of equipment or materials.
"Federal Emergency Management Agency" or "FEMA" means the agency with the overall responsibility for administering the National Flood Insurance Program.
"Fill" means a deposit of earth material placed by artificial means.
"Flood" or "flooding" means a general and temporary condition of partial or complete inundation of normally dry areas from the overflow of a watercourse, or the unusual and rapid accumulation or runoff of surface waters from any source.
"Flood plain" or "100-year flood plain" [See: "Special Flood Hazard Area".]
"Flood profile" means any one or all of the cross-sectional profiles of the water surface elevations for the base flood (base flood elevations) along watercourses, as delineated on the Flood Insurance Rate Map and the Flood Insurance Study.
"Flood Insurance Rate Map" or "FIRM" means an official map on which the Federal Emergency Management Agency or the U. S. Department of Housing and Urban Development has delineated the Special Flood Hazard Areas.
"Flood Insurance Study" or "FIS" means the official report in which the Federal Emergency Management Agency or the U. S. Department of Housing and Urban Development has provided flood profiles, floodway boundaries, and the water surface elevations of the base flood.
"Floodproof" means any structural feature, addition, change or adjustment to a building, structure or property primarily for the reduction or elimination of flood damage to properties, water and sanitary facilities, buildings, structures and contents of buildings.
"Flood protection elevation" means that elevation not less than one and a half (1½) feet above the base flood elevation to which uses regulated by the flood plain development regulations are required to be elevated or floodproofed.

"Floodway" means that portion of the "Special Flood Hazard Area," excluding the "floodway fringe," which is the channel of a river or other watercourse and the adjacent land areas that shall be reserved in order to discharge the "base flood" without cumulatively increasing the water surface elevation by more than one-half (1/2) foot.

[Note: Floodways are delineated on the Flood Boundary and Floodway Map, or on the Flood Insurance Rate Map or profiled in the Flood Insurance Study. Floodways may also be delineated in other sources of flood information.]

"Floodway fringe" means that portion of the "Special Flood Hazard Area," excluding the "floodway," which is subject to inundation by the "base flood" in which development may occur.

"Floodway obstruction" means any object in, along, across, or projecting into any portion of the floodway which may impede, retard, or change the direction of the flow of water, either in and of itself or by catching or collecting waterborne debris, or that is placed where the flow of water would carry the same downstream to the damage or detriment of life or property.

"Historic Structure" means any structure that is:
A. Listed individually in the National Register of Historic Places (a listing maintained by the U. S. Department of Interior) or preliminarily determined by the Secretary of the Interior as meeting the requirements for individual listings on the National Register;
B. Certified or preliminarily determined by the Secretary of the Interior as contributing to the historical significance of a registered historic district or a district preliminarily determined by the Secretary to qualify as a registered historic district;
C. Individually listed on the State of Ohio's inventory of historic places maintained by the Ohio Historic Preservation Office; or
D. Individually listed on the inventory of historic places maintained by the Columbus Register of Historic Properties whose historic preservation program has been certified by the Ohio Historic Preservation Office.

"Lowest floor" means the lowest level of the lowest enclosed area, including basement or crawlspace, of a building or structure. An unfinished or flood resistant enclosure, usable solely for parking of vehicles, building access or storage, in an area other than a basement area, is not considered a building's lowest floor, provided that such enclosure is built in accordance with the applicable design requirements specified in the Columbus City Codes for enclosures below the lowest floor.

"Manufactured home" means a structure, transportable in one or more sections, which is built on a permanent chassis and is designed for use with or without a permanent foundation when connected to the required utilities. The term "manufactured home" does not include a "recreational vehicle." For the purposes of these regulations, a manufactured home includes manufactured homes and mobile homes as defined in Chapter 3733 of the Ohio Revised Code.

"Manufactured home park" means, as specified in the Ohio Administrative Code 3701-27-01, a manufactured home park means any tract of land upon which three or more manufactured homes, used for habitation, are parked, either free of charge or for revenue purposes, and includes any roadway, building, structure, vehicle, or enclosure used or intended for use as part of the facilities of the park. A tract of land that is subdivided and the individual lots are not for rent or rented, but are for sale or sold for the purpose of installation of manufactured homes on the lots, is not a manufactured home park, even though three or more manufactured homes are parked thereon, if the roadways are dedicated to the local government authority.

"New construction" means a structure for which the "start of construction" commenced on or after the initial effective date of the city of Columbus, Ohio, Flood Insurance Rate Map, and includes any subsequent improvements to such structures.

"Recreational vehicle" means a vehicle which is (1) built on a single chassis, (2) 400 square feet or less when measured at the largest horizontal projection, (3) designed to be self-propelled or permanently towable by a light duty truck, and (4) designed primarily not for use as a permanent dwelling but as temporary living quarters for recreational, camping, travel, or seasonal use.

"Recurrence interval" means the average interval of time, based upon a statistical analysis of actual or representative stream flow records, which can be expected to elapse between floods equal to or greater than a specified flood.
"Special Flood Hazard Area" means a river or other watercourse and its adjacent area subject to inundation by the "base flood." A "Special Flood Hazard Area" is also known as a "flood plain" or "100-year flood plain" and is composed of the "floodway" and the "floodway fringe." Special Flood Hazard Areas are designated by the Federal Emergency Management Agency as either Zone A, AE, AH, AO, A1-30, or A99.

"Start of construction" means the date the building permit was issued, provided the actual start of construction, repair, reconstruction, rehabilitation, addition, placement, or other improvement was within one hundred eighty (180) days of the permit date.

The actual start means either the first placement of permanent construction of a structure on a site, such as the pouring of slab or footings, the installation of piles, the construction of columns, or any work beyond the stage of excavation; or the placement of a manufactured home on a foundation.

Permanent construction does not include land preparation, such as clearing, grading and filling; nor does it include the installation of streets and/or walkways; nor does it include excavation for a basement, footings, piers, or foundations or the erection of temporary forms; nor does it include the installation on the property of accessory buildings, such as garages or sheds not occupied as dwelling units or not part of the main structure.

For a substantial improvement, the actual start of construction means the first alteration of any wall, ceiling, floor, or other structural part of a building, whether or not that alteration affects the external dimensions of a building.

"Structure" means:
A. A building or any structure having a roof supported by columns or walls, or any series of structures separated only by "fire separations" but contained under a common roof or within common walls, and requiring a building permit in accordance with Title Forty-One of the Building Code that is used for shelter, occupancy, enclosure, or support of persons, animals, or property; or
B. A combination of materials, other than a building, to form a construction that is safe and stable including, but not limited to, stadiums, gospel or circus tents, reviewing stands, platforms, staging, observation towers, sheds, coal bins, above grade gas or liquid storage tanks, or fences in excess of six (6) feet in height.

"Substantial damage" means damage of any origin sustained by a structure whereby the cost of restoring the structure to its before damaged condition would equal or exceed fifty (50) percent of the fair market value of the structure before the damage occurred. Substantial damage also means flood related damage sustained by a structure on two separate occasions during a ten (10) year period for which the cost of repairs at the time of each such flood event, on the average, equals or exceeds twenty-five (25) percent of the fair market value of the structure before the damage occurred.

"Substantial improvement" means any reconstruction, rehabilitation, addition or other improvement of a structure, the cost of which equals or exceeds fifty (50) of the fair market value of the structure before the "start of construction" of the improvement. This term includes structures that have incurred "substantial damage," regardless of the actual repair work performed. The term "substantial improvement" does not include:
A. Any project for improvement of a structure to correct existing violations of state or local health, sanitary, safety and building code specifications which have been identified by the applicable code enforcement official, prior to the application for a development permit and which are the minimum necessary to assure safe living conditions;
B. Any alteration of an "historic structure" provided that the alteration shall not preclude the structure's continued designation as an "historic structure;" or
C. Any improvement to a structure that is considered "new construction."

"Variance" means a grant of relief from the standards of these regulations consistent with the variance conditions herein.

"Violation" means the failure of a structure or other development to be fully compliant with these regulations.

1150.05 Methods of reducing flood losses.
A. Restricting or prohibiting uses which are dangerous to health, safety, and property due to flooding, or which result in damaging increases in erosion, in flood heights or in flood water velocity;
B. Requiring that uses vulnerable to floods, including facilities which serve such uses, be protected against flood damage;
C. Controlling the alteration of flood plains, watercourse channels, and natural protective barriers, which help accommodate or channel flood waters;
D. Controlling the filling, grading, dredging, and other development which may increase flood damage; and
E. Preventing or regulating the construction of flood barriers which shall unnaturally divert flood waters or which may increase flood hazards in other areas.

1150.07 Applicability of flood plain development regulation.
A. The Floodplain Development Regulations apply to all Special Flood Hazard Areas within the jurisdiction of the city of Columbus, Ohio, as identified by the Federal Emergency Management Agency or the U.S. Department of Housing and Urban Development including any additional special flood hazard areas annexed by the city of Columbus, Ohio.
B. No structure or land shall be altered, constructed, converted, enlarged, extended, located, reconstructed, or repaired except in full compliance with the terms of the floodplain regulations of the Columbus City Codes and all other applicable regulations which apply to uses within the jurisdiction of this chapter, unless specifically exempted from filing for a flood development permit as stated in this chapter.
C. The provisions of this chapter are not intended to abrogate, impair, or repeal any existing covenants, deed restrictions, or easements. However, where the provisions of this chapter conflict with any other regulation or legal requirement, whichever imposes the more stringent restrictions shall prevail.
D. In the interpretation and application of this chapter all provisions are:
   1. Considered as minimum requirements;
   2. Liberally construed in favor of the governing body; and
   3. Deemed neither to limit nor repeal any other powers granted under local code or state statutes.

1150.09 Data use and map interpretation
The following guidelines shall apply to the use and interpretation of maps and other data showing areas of special flood hazard:
A. In areas where FEMA has not identified special flood hazard areas, or in FEMA identified special flood hazard areas where base flood elevation and floodway data have not been identified, the Director shall review and reasonably utilize any other flood hazard data available from a federal, state or other source.
B. Base flood elevations and floodway boundaries produced on FEMA flood maps and studies shall take precedence over base flood elevations and floodway boundaries by any other source that reflect a reduced floodway width and/or lower base flood elevations. Other sources of data, showing increased base flood elevations and/or larger floodway areas than are shown on FEMA flood maps and studies, shall be reasonably used by the Director.
C. When Preliminary Flood Insurance Rate Maps and/or Flood Insurance Study have been provided by FEMA:
   1. Upon the issuance of a letter of final determination by the FEMA, the preliminary flood hazard data shall be used and replace all previously existing flood hazard data provided from FEMA for the purposes of administering these regulations.
   2. Prior to the issuance of a letter of final determination by FEMA, the use of preliminary flood hazard data shall only be required where no base flood elevations and/or floodway areas exist or where the preliminary base flood elevations or floodway area exceed the base flood elevations and/or floodway widths in existing flood hazard data provided from FEMA. Such preliminary data may be subject to change and/or appeal to FEMA.
D. The Director shall make interpretations, where needed, as to the exact location of the flood boundaries and areas of special flood hazard.
E. Where a map boundary showing an area of special flood hazard and field elevations disagree, the base flood elevations or flood protection elevations (as found on an elevation profile, floodway data table, established high water marks, etc.) shall prevail.

1150.11 Basis for establishing the Special Flood Hazard Areas.
The special flood hazard areas have been identified by the Federal Emergency Management Agency in scientific and engineering reports entitled "Flood Insurance Study, Franklin County, Ohio and Incorporated Areas", dated June 17, 2008, "Flood Insurance Study", Delaware County, Ohio, and Incorporated Areas" dated April 16, 2009, and the "Flood Insurance Study, Fairfield County, Ohio and Unincorporated Areas" dated September 19, 2007. These studies, or successor studies, with accompanying Flood Boundary and
Floodway Maps and/or Flood Insurance Rate Maps (FIRM), and any revisions thereto are hereby adopted by reference and declared to be part of the Columbus City Codes. These flood insurance studies are on file with the Department and are available for public inspection.

1150.13 Alteration of boundaries.
The Director shall notify FEMA in writing as to changes in the boundaries of the city of Columbus that have been modified by annexation or where the city has assumed authority over an area or no longer has authority to adopt and enforce floodplain management regulations for a particular area.

1150.15 Use of other base flood elevation and floodway data.
Special flood hazard areas where base flood elevation data have not been provided by the Federal Emergency Management Agency are designated as Zone A on the Flood Insurance Rate Map. Within these areas, the Director shall obtain, review, and reasonably utilize any base flood elevation and floodway data available from a federal, state, or other source, including data obtained under other provisions of this chapter; and where floodway data are available, administer all of the provisions of the Columbus City Codes.

All activities, development, and/or uses proposed in special flood hazard areas where the flood insurance study provides base flood elevation data as set forth in this chapter, but no floodways have been designated, shall be reviewed and approved before a Special Flood Hazard Area Development and Use Permit is issued. The certificate shall only be issued after it is demonstrated that the cumulative effect of any proposal, combined with all other existing and anticipated activities, development, and/or uses shall not increase the water surface elevation of the base flood more than one-half (1/2) foot at any point.

1150.17 Duties of the Director pertaining to floodplain development regulations.
The Director shall grant or deny approval in accordance with all provisions of the Columbus City Codes. The duties and responsibilities include:
A. Review applications to determine that requirements of this Columbus City Code have been satisfied;
B. Reviewing applications to assure that they contain the necessary permits from authorized federal, state or local governmental reviewing agencies. It is the applicant's responsibility for obtaining the necessary permits.
C. Reviewing applications to determine if the proposed development is located within a designated floodway and assure that encroachment provisions of this chapter are met for development proposed in the floodway.
D. Causing the inspection by an applicant of development projects before, during, and after construction to ensure compliance with all provisions of the Columbus City Codes.
E. Causing the notification, by an applicant, of adjacent communities, the U.S. Army Corps of Engineers, and the Ohio Department of Natural Resources, Division of Water, prior to any alteration or relocation of a watercourse, and submitting evidence of such notification to the Federal Emergency Management Agency. A watercourse is considered altered if any change occurs within its banks.
F. Maintaining submitted engineering documentation that the flood carrying capacity of the altered or relocated portion of said watercourse shall not be diminished.
G. Requiring the maintenance necessary to assure the flood carrying capacity of altered or relocated portions of watercourses is not diminished.
H. Using elevations delineated in the flood elevation profile from the Flood Insurance Study, interpret special flood hazard area boundary locations in instances of conflict between mapped boundaries and actual field conditions.

1150.19 Activities, development and uses in the floodway.
Only one or more of the following activities may be allowed in the floodway fringe, provided it complies with all standards of the Columbus City Codes:
A. Reforestation, wetland restoration or banking, and conservation projects;
B. Recreation trails, passive recreational use, and access thereto;
C. Bridges when constructed above the flood protection elevation or as approved by FEMA, storm water outfall, underground utility crossings, streets and railroads not requiring fill, and stream crossings;
D. Temporary construction activity only for the maintenance and/or repair of permitted activities, development, and/or uses; and
Within the floodway, no building, structure or premises shall be used, and no building or structure shall be erected which is designed to be used for human habitation.

1150.21 Standards and requirements for activities, development and uses in the floodway.
A. Any activity, development, and/or uses specified in C.C. Section 1150.19 shall comply with all applicable flood hazard reduction provisions of the Columbus City Codes, and also shall be designed to:
1. Have low flood damage potential;
2. Be located as far to the outside of the floodway as possible;
3. Be aligned so as to minimize its potential as a floodway obstruction;
4. Minimize the barrier effect of items such as fences and walls; and
5. Minimize disturbance to the terrain.
B. A person seeking to do any activity, development, or initiate a use specified in C.C. Section 1150.19 that would not result in an increase in base flood elevations during the occurrence of the base flood discharge shall first submit the following minimum documentation for review and approval before a Special Flood Hazard Area Development and Use Permit is issued:
1. A plan detailing the activity, development, and/or use, which shall receive approval by the respective city department staff reviewer; and
2. A hydrologic and hydraulic analysis performed by a certified or registered professional engineer in accordance with standard engineering practices demonstrating that an increase in base flood elevations during the occurrence of the base flood discharge would not result.
C. A person seeking to do any activity, development, and/or use specified in C.C. Section 1150.19 that would result in an increase in base flood elevations during the occurrence of the base flood discharge shall first submit the following minimum documentation for review and approval before a Special Flood Hazard Area Development and Use Permit is issued:
1. Documentation that the activity, development, and/or use, has been approved by the Federal Emergency Management Agency. Such requests and associated documentation shall also be submitted to the Director. All requests shall be submitted in the manner prescribed by the Federal Emergency Management Agency and shall meet requirements of the National Flood Insurance Program;
2. A hydrologic and hydraulic analysis performed by a certified or registered professional engineer in accordance with standard engineering practices demonstrating what increase in base flood elevations during the occurrence of the base flood discharge would result;
3. An evaluation of alternatives which would not result in increased base flood elevations and an explanation why these alternatives are not feasible and a certification that no structures are located in areas which would be impacted by the increased base flood elevation.

1150.23 Standards and requirements for activities, development and uses in the floodway fringe.
Only one or more of the following activities may be allowed in the floodway fringe, provided it complies with all standards of the Columbus City Codes. In floodway fringe areas where base flood elevation data are not available from any source, identified as Zone AO on the Flood Insurance Rate Map, the lowest floor of any new construction or substantial improvement of any building or structure shall be elevated at least 2 feet above the highest adjacent natural grade.
A. An existing or new building, structure or development that is entirely within or partially within the floodway fringe shall be used as specified by the underlying zoning district and in accordance with the following specifications:
1. Residential new construction, or substantial improvement of an existing residential building shall be elevated such that the lowest floor is equal to or above the flood protection elevation for the site. A residential building shall have a means of ingress and egress to land outside the flood plain that is equal to or above the base flood elevation and substantial enough for pedestrian access during a base flood within the subject site.
2. Commercial, manufacturing, and other new construction, or substantial improvement of any building, structure, or appurtenant work shall:
a. Be elevated such that the lowest floor or level is equal to or above the flood protection elevation for the site; or
b. Together with attendant utility and sanitary facilities, shall be certified as floodproofed as provided in the Columbus Building Code to a point equal to or above the flood protection elevation.
Accessory land uses such as yards and parking lots may be at lower elevations.
3. New public streets shall be at a point equal to or above the flood protection elevation, or in developed areas shall meet the maximum elevation already established. Resurfacing and replacement of pavement sections is permitted to maintain the existing elevations.

4. Pipes, railroads, transmission lines, pipes, well fields and related facilities must be elevated to a point equal to or above the flood protection elevation where failure or interruption of these public facilities would result in danger to the public health or safety or where such facilities are essential to the orderly functioning of the area.

5. Storage of material that, in time of flooding, is buoyant, flammable, explosive, or could be injurious to human, animal or plant life shall be stored at or above the flood protection elevation, floodproofed, or protected by structural measures consistent with the standards set forth in the Columbus Building Code.

6. Utilities water supply system or sanitary sewage system shall be designed to minimize or eliminate infiltration of flood waters into the system. Any new or replacement sanitary sewage system shall also be designed to minimize discharge from the system into flood waters. An on-site waste disposal system shall be located so as to avoid impairment to it or contamination from it during flooding.

B. An accessory structure, including but not limited to arage, storage building, or deck may be constructed in the foodway fringe below the flood protection elevation and without dry flood proofing provided the accessory structure:
   1. Is in compliance with the provisions of the underlying zoning district;
   2. Is constructed of flood resistant materials;
   3. Is constructed with approved openings and located to minimize resistance to floodwater flow;
   4. Is firmly anchored to prevent flotation;
   5. Is designed in accordance with the Columbus Building Code;
   6. Is not used for human habitation;
   7. Does not contain more than 720 square feet of gross floor area; and
   8. Has all service facilities including electrical, heating and mechanical equipment elevated or floodproofed to or above the base flood elevation.

1150.25 Fill and Grading in the floodway fringe.
Filling may be allowed in the floodway fringe only after receiving approval of a grade and fill plan associated with a Special Flood Hazard Area Development and Use Permit. The grade and fill plan shall be fully detailed and submitted as part of an application for a Special Flood Hazard Area Development and Use Permit. Fill shall not be placed until after the Special Flood Hazard Area Development and Use Permit has been issued for grading and filling.
Regardless of any determination issued by FEMA to remove an area filled as permitted and approved from the designated Special Flood Hazard Area (SFHA), development within that area of fill shall be constructed with the lowest floor level, excluding a basement or crawl space, at or above the flood protection elevation. The lowest grade adjacent to a building or structure to be constructed within the designated fill area shall be at or above the flood protection elevation, with that grade elevation to extend at least twenty (20) feet from the building towards the floodway or flooding source.
In addition, a residential dwelling within the designated fill area must have a means of ingress and egress at or above the base flood elevation that extends continuously from the dwelling to a location outside the special flood hazard area within the subject site.

1150.27 Special Flood Hazard Area Development and Use Permit required for development in special flood hazard areas.
A Special Flood Hazard Area Development and Use Permit shall be required prior to the commencement of any activity, development and/or use in special flood hazard areas.

1150.29 Application for a certificate a Special Flood Hazard Area Development and Use Permit.
An application shall be submitted to the Department. The application shall contain at least the following documentation, certified by a professional engineer or architect registered in the state of Ohio, in addition to that required by this code:
   A. A current survey of the property with a maximum contour interval of two (2) feet, which shall be submitted on a base map plotted at the same scale as the site plan. A smaller contour interval may be required to accurately delineate the floodway and floodway fringe boundaries and base flood elevation data with direction to flooding source;
B. In addition to the information provided for a building permit, the following information shall be provided where base flood elevation data are utilized within special flood hazard areas designated on the Flood Insurance Rate Maps as a flood hazard district, regardless of the data source:
1. The area, depth, location and quantity of all proposed fill and/or excavation,
2. The actual elevation in relation to mean sea level of the lowest floor of all proposed buildings and structures located in special flood hazard areas,
3. Specifications for building construction and materials and floodproofing procedures as required by the Columbus City Codes,
4. The location and description of existing or proposed storage of materials,
5. The location and description of existing and proposed drainage facilities,
6. For each new construction or substantial improvement of a building or structure, verify and record the actual elevation (in relation to mean sea level) to which the building or structure is to be floodproofed and maintain the floodproofing certification required,
7. Certification by a registered professional engineer or architect that the proposed flood proofing methods for any building or structure meets the floodproofing criteria of the Columbus City Codes through the use of the floodproofing certificate,
8. Description of the extent to which any watercourse shall be altered or relocated as a result of the proposed development and certification by a registered professional engineer that the flood carrying capacity of the watercourse shall not be diminished,
9. Any additional information deemed necessary for the project review.
C. For development proposed within the floodway, the following additional information may be requested by the Director for review by an approved technical institute or other governmental agency as set forth in C.C. 1150.31 for development proposed within the floodway:
1. A representative cross-section of the flood plain perpendicular to the direction of flow, showing the usual channel of the watercourse and the elevation of land areas adjoining each side of the channel of the watercourse within the designated flood plain;
2. Photographs of the site topography, looking both upstream and downstream from the development site, which show the usual channel and adjacent areas within the flood plain;
3. Locations and descriptions of any existing or proposed floodway obstruction in the vicinity of the site
4. Any additional information deemed necessary for the project review.

1150.31 Information to be obtained and maintained by the department.
Where base flood elevation data are utilized within special flood hazard areas on the city of Columbus' Flood Insurance Rate Map, regardless of the data source, the Director shall maintain records submitted by the applicant as follows:
A. For all new or substantially improved residential structures, obtain and record the actual elevations in relation to mean sea level of the lowest floor, including basement and record whether or not such structures contain an enclosure below the lowest floor;
B. For all new or substantially improved nonresidential structures:
1. Verify and record the actual elevation (in relation to mean sea level) to which the structure was floodproofed; and
2. Maintain the floodproofing certificates required by City Code; and
C. For all structures, maintain all records pertaining to the provisions of this chapter, including Flood Insurance Rate Maps and Flood Boundary and Floodway Maps, Conditional Letters of Map Revision, Letters of Map Revision, Letters of Map Amendment, as-built elevations, base flood elevation data, exemptions and variance documentation.

1150.33 Exemptions in the floodway fringe.
An exemption may be issued by the Director for the reconstruction, rehabilitation or restoration to improve an existing building or structure in the floodway fringe if:
A. The project cost is less than fifty (50) percent of the market value of the structures as documented by submission of a licensed contractor's or occupying home owner's written estimate for the project's cost and either a certified appraisal by a licensed appraiser of the market value of the structure or the appropriate county auditor's office market figure.
B. The project is being undertaken to correct existing violations of state or local health, sanitary, safety, and building codes as identified by the Department, prior to the development permit application and which are the minimum necessary to assure safe living conditions. This requires submission of:
1. The documentation required in part A. of this section; and
2. A copy of the applicable code order.
C. The project involves reconstruction, rehabilitation, or restoration of a designated historic structure. This requires the submission of:
1. The documentation required in part A. of this section; and
2. A statement from the city of Columbus Historic Preservation Office that the structure is listed on the Columbus Register of Historic Properties or a statement from the Ohio Historic Preservation Office that the structure is listed on the National Register of Historic Places, State Registry of Archaeological Landmarks, State Registry of Architectural Landmarks, or State Inventory of Historic Places.

Written notice shall be given to an applicant to whom an exemption is granted stating that the project shall be permitted but the cost of flood insurance shall be commensurate with the increased risk resulting from the reduced floor elevation.

1150.35 Variances to the required flood protection elevation.
The Columbus Building Commission, as established under the Columbus Building Code, Title 41, is hereby empowered to hear and decide requests for variances to the provisions of this code for a site located within a Special Flood Hazard Area and may grant a variance for construction below the flood protection elevation only upon determination that:
A. For variance requests in the floodway fringe:
1. The variance is the minimum necessary to afford relief;
2. There is good and sufficient cause for the variance;
3. The failure to grant a variance would result in an exceptional hardship to the applicant;
4. The variance shall not result in increased base flood levels;
5. The variance shall not result in any additional threat to public safety, extraordinary public expense, creation of a nuisance, create fraud on or victimize the public, or conflict with existing city codes or ordinances;
6. The activity, development, and/or use is protected by methods to minimize flood damage; and
7. All conditions listed in subsection C. of this section are addressed.
B. For variance requests in the floodway:
1. All conditions listed in subsections A. and C. of this section are addressed; and
2. Prior approval by FEMA is included if the activity, development, and/or use would result in an increase in base flood levels.
C. All required technical evaluations, relevant factors, and standards specified in this code are submitted in a report form to address:
1. The danger that materials may be swept onto other lands;
2. The danger to life and property due to flooding or erosion damage;
3. The susceptibility of the proposed facility and its contents to flood damage and the effect of such damage on the individual owner;
4. The safety of vehicular access to the property in times of flood for ordinary and emergency vehicles;
5. The costs of providing governmental services during and after floods including maintenance and repair of public utilities and facilities such as electrical, gas, sewer, and water systems; streets and bridges;
6. The availability of alternative locations for the proposed use, which are not subject to flooding or erosion damage;
7. The compatibility of the proposed use with existing and anticipated development;
8. The relationship of the proposed use to the city sanctioned plans and flood plain management programs for that area;
9. The importance of the services provided by the proposed facility to the city;
10. The necessity to the facility of a waterfront location, where applicable; and
11. The expected heights, velocity, duration, rate of rise, and sediment transport of floodwaters and the effect of wave action, if applicable, expected at the site.
The Director may request other data and documentation as a condition to the granting of a variance to flood plain development regulations, as he deems necessary to further the purpose of this chapter and to assure compliance with other city codes.
Written notice shall be given to an applicant to whom a variance is granted stating that construction shall be permitted with a lowest floor elevation below the flood protection elevation but the cost of flood insurance shall be commensurate with the increased risk resulting from the reduced floor elevation.

1150.37 Manufactured homes and recreational vehicles.
The following standards apply to all new and substantially improved manufactured homes not subject to the manufactured home park requirements of the Ohio Revised Code and all recreational vehicles that are either located on sites for one hundred eighty (180) days or more, or are not fully licensed and ready for highway use, that are located in a special flood hazard area:
A. Shall be permitted and anchored in accordance with the provisions of the Columbus Building Code.
B. Shall be elevated on a permanent foundation such that the lowest floor is at or above the flood protection elevation.
C. Shall meet all other requirements for residential structures.

1150.39 Warning and disclaimer of liability.
The degree of flood protection required by the Columbus City Codes is considered reasonable for regulatory purposes and is based on scientific and engineering considerations. Larger floods can occur on rare occasions. Flood height may be increased by man-made or natural causes. This chapter does not imply that land outside the special flood hazard areas or activities, development and/or uses permitted within such areas shall be free from flooding or flood damage. This chapter does not create liability on the part of the City, any officer or employee thereof or the Federal Insurance Administration, for any flood damage that results from reliance on this chapter or any lawfully made administrative decision or variance granted by the Columbus Building Commission.

1150.41 Enforcement.
The Director shall investigate all complaints, issue notices of violation and orders for relief, and enforce the provisions of this chapter.
The Director may, at any time, during or after action on application for a Special Flood Hazard Area Development and Use Permit, physically examine the site and any building, structure or development in the flood plain for compliance with this chapter.

1150.43 Legal action.
Whenever the director finds that any person has violated the provisions or intent of this chapter, the director may seek from a court of competent jurisdiction, injunctive relief against said person. The director may seek other civil action to collect any administrative fines, and to seek civil penalties and damages provided for by this chapter. The director may refer any violation of this chapter to the city prosecutor for criminal prosecution.

1150.45 Civil penalty.
Any person who negligently violates, or continues to negligently violate any provision of this chapter shall pay a civil penalty of not more than twenty-five thousand dollars ($25,000.00) for each violation. Each day or portion thereof during which such a violation occurs shall be considered a separate violation.

1150.47 Criminal penalty.
Any person who recklessly violates, or continues to recklessly violate any provision of this chapter shall be deemed guilty of a misdemeanor of the first degree and fined an amount not to exceed five thousand dollars ($5,000.00) or imprisonment for not more than six (6) months or by both. Each day, or portion thereof, when a violation occurs, shall be considered a separate offense. Upon the second or subsequent conviction for any violation of this chapter, the offender shall be fined an amount of not less than one thousand dollars ($1,000.00), and not to exceed five thousand dollars ($5,000.00) in addition to any imprisonment provided under this section.
Title 41 - PART I BUILDING CODE
Chapter 4123
Floodplain Construction Standards

4123.51 Construction documents, permits and definitions.
Construction documents (plans and specifications) and permits for structures to be located in the special flood hazard area shall comply with C.C. 1150 in addition to the provisions of Section 4123.50 through 4123.61, inclusive.
For the purpose of Flood Plain Development only, the terms, phrases, words and their derivations as defined in C.C. Chapters 1150 shall apply. For the purpose of flood plain development only, where a conflict occurs, the most restrictive definition takes precedence.

4123.53 Floodplain construction materials and methods.
All new construction and substantial improvements located in a designated special flood hazard area shall be compliant with C.C. 1150 and shall be, where applicable:
(A) Constructed with materials resistant to flood damage.
(B) Constructed using methods and practices that minimize flood damage.
(C) Constructed with electrical, heating, ventilation, plumbing and air conditioning equipment and other service facilities designed and/or elevated to prevent water from entering or accumulating within the components during conditions of flooding. Where a structure, including its foundation members, is elevated on FEMA approved, compacted fill to or above the flood protection elevation, the requirements of this Section are satisfied.

4123.55 Anchoring.
All new construction and substantial improvements shall be anchored to prevent flotation, collapse, or lateral movement of the structure resulting from hydrodynamic and hydrostatic loads, including the effects of buoyancy.
All manufactured homes, not otherwise regulated by the Ohio Revised Code pertaining to manufactured home parks, shall be anchored to prevent flotation, collapse or lateral movement of the structure resulting from hydrodynamic and hydrostatic loads, including the effects of buoyancy. Methods of anchoring may include, but are not limited to, use of over-the-top or frame ties to ground anchors. Where a structure, including its foundation members, is elevated on FEMA approved, compacted fill to or above the flood protection level, the requirements of this section are satisfied.

4123.57 Residential buildings and structures.
New construction and substantial improvement of any residential structure shall comply with the following provisions:
(A) The elevation of the lowest floor, including basement, shall be elevated to or above the flood protection elevation. In Zone AO areas with no elevations specified, the structure shall have the lowest floor, including basement, elevated at least two (2) feet above the highest adjacent natural grade. Adequate drainage paths shall be provided around structures on slopes, to guide flood waters around and away from proposed structures.
(B) Ingress and egress. All structures shall provide a means of ingress to and egress from land that is at or above the flood protection elevation.

4123.59 Nonresidential construction.
New construction and substantial improvement of any commercial, industrial or other nonresidential structure located in special flood hazard areas shall either have the lowest floor, including basement, elevated to or above the level of the flood protection elevation; or together with attendant utility and sanitary facilities shall:
(A) Be floodproofed so the structure is watertight with walls substantially impermeable to the passage of water to the level of the flood protection elevation; and
(B) Have structural components capable of resisting hydrostatic and hydrodynamic loads and effects of buoyancy; and
(C) Be certified by a registered professional engineer or architect that the design and methods of construction are in accordance with accepted standards of practice for meeting the standards of this
subsection through the use of the floodproofing certificate. Such certification shall be provided to the Director.

In Zone AO areas with no elevations specified, the structure shall have the lowest floor, including basement, elevated at least two (2) feet above the highest adjacent natural grade. Adequate drainage paths shall be provided around structures on slopes, to guide flood waters around and away from proposed structures. Adequate drainage paths shall be provided around structures on slopes, to guide floodwaters around and away from proposed structures.

4123.61 Enclosure below the lowest floor.
The following standards apply to all new and substantially improved residential and nonresidential, non-basement structure which are elevated to the flood protection elevation using pilings, columns, posts or solid foundation perimeter walls with openings sufficient to allow unimpeded movement of floodwaters. Fully enclosed areas below the lowest floor that are useable solely for parking of vehicles, building access or storage in an area other than a basement and which are subject to flooding shall be designed to automatically equalize hydrostatic flood forces on exterior walls by allowing for the entry and exit of floodwaters. Designs for meeting this requirement shall:

(A) Be certified by a registered professional engineer or architect; or
(B) Meet or exceed the following criteria:
(1) A minimum of two (2) openings are provided having a total net area of not less than one (1) square inch for every square foot of enclosed area that would be subject to flooding; and
(2) The bottom of all openings is no higher than one (1) foot above grade; and
(3) Openings equipped with screens, louvers, valves, or other coverings or devices must permit the automatic entry and exit of flood waters.
Whereas, an emergency exists in the usual daily operation of the Department of Public Service, Transportation Division, in that certain traffic control devices must be authorized immediately in order to preserve the public health, peace, property, and safety; now, therefore,

Under the power vested in me by Chapters 2105 and 2155 of the Traffic Code of Columbus, Ohio, I hereby determine that based on studies conducted by and recommendations made by the Transportation Division, that the following traffic regulations are necessary and I hereby authorize on the effective date of this order, or as soon thereafter as practical, the installation and/or removal of appropriate traffic control devices as follows:

SECTION 2105.08 STOP AND YIELD INTERSECTIONS

Stop signs shall be installed at intersections as follows:

- ANDERLEY RD shall stop for BROWN RD
- BARRON BLVD shall stop for GANTZ RD
- MERSTON DR shall stop for ROWLES DR

SECTION 2105.095 TURNS AGAINST A RED SIGNAL

Turns against a red signal shall be prohibited as follows:

- JAMES RD at MAIN ST
  - The northbound right turn on red shall be prohibited.
  - Prohibition applies: All Times - All Days
  - The curb lane is prohibited

- JAMES RD at MAIN ST
  - The westbound right turn on red shall be prohibited.
  - Prohibition applies: All Times - All Days
  - The curb lane is prohibited

- JAMES RD at MAIN ST
  - The eastbound right turn on red shall be prohibited.
  - Prohibition applies: All Times - All Days
  - The curb lane is prohibited

Prohibitions against turns on a red signal shall be removed as follows:

- JAMES RD at MAIN ST
  - The northbound right turn on red shall no longer be prohibited.

- JAMES RD at MAIN ST
  - The westbound right turn on red shall no longer be prohibited.

BY ORDER OF:  MARK KELSEY, PUBLIC SERVICE DIRECTOR
PLACEMENT OF TRAFFIC CONTROL DEVICES AS RECOMMENDED BY THE
TRANSPORTATION DIVISION
EFFECTIVE DATE: SEPTEMBER 22, 2010

Whereas, an emergency exists in the usual daily operation of the Department of Public Service,
Transportation Division, in that certain traffic control devices must be authorized immediately in order to
preserve the public health, peace, property, and safety; now, therefore,

Under the power vested in me by Chapters 2105 and 2155 of the Traffic Code of Columbus, Ohio, I hereby
determine that based on studies conducted by and recommendations made by the Transportation Division, that
the following traffic regulations are necessary and I hereby authorize on the effective date of this order, or as
soon thereafter as practical, the installation and/or removal of appropriate traffic control devices as follows:

SECTION 2105.08 STOP AND YIELD INTERSECTIONS

Stop signs shall be installed at intersections as follows:
   ANDERLEY CT shall stop for ANDERLEY RD
   GENESSEE AVE shall stop for HOWEY RD
   SANDY LANE RD shall stop for WETMORE RD

Yield signs shall be installed at intersections as follows:
   CREEK VIEW PLACE shall yield to WILLOW RUN RD

Stop signs shall be removed from intersections as follows:

BY ORDER OF: MARK KELSEY, PUBLIC SERVICE DIRECTOR
PLACEMENT OF TRAFFIC CONTROL DEVICES AS RECOMMENDED BY THE
TRANSPORTATION DIVISION
EFFECTIVE DATE: SEPTEMBER 29, 2010

Whereas, an emergency exists in the usual daily operation of the Department of Public Service,
Transportation Division, in that certain traffic control devices must be authorized immediately in order to
preserve the public health, peace, property, and safety; now, therefore,

Under the power vested in me by Chapters 2105 and 2155 of the Traffic Code of Columbus, Ohio, I
hereby determine that based on studies conducted by and recommendations made by the Transportation
Division, that the following traffic regulations are necessary and I hereby authorize on the effective date
of this order, or as soon thereafter as practical, the installation and/or removal of appropriate traffic
control devices as follows:
