Ordinances and Resolutions
Explanation

1. BACKGROUND:

A. Need. This legislation authorizes the Director of Public Utilities to modify the construction contract with Crace Construction Company, Inc. for the Southerly Wastewater Treatment Plant Digester Rehabilitation Project. The Crace Construction Company, Inc. modification amount requested under this ordinance is $472,884.00. The contract total including this modification is $37,255,145.00. These additional monies will fund the Final Payment of this contract, which includes all RFPs and other associated costs to the contract work that have become necessary to complete the Digester Rehabilitation construction, the total of which would exceed the contract contingency amount. Additional funds are required due to an error in closing out the project loan funds too early; the funds requested are not cumulative to the total project cost since they were procured under Modification 2.

The proposed contract modification provides authorization for needed monies for any anomalies in the current and future work that may become evident as the work progresses for the S66 contract. It is not deemed either feasible or reasonable to suspend work with the entity currently under contract and undertake continuation of these services with another procurement. The Division has determined that these services cannot be performed by City personnel at this time, and has planned for the procurement of these services on a routine basis.

The original contract with Crace Construction Company, Inc. was for the Southerly Waste Water Treatment Plant facilities for the rehabilitation of the six existing sludge digester tanks; construction of three new sludge digester tanks; installation of new process equipment including piping, valves, pumps, grinders, mixing systems, and boilers; rehabilitation of the existing Sludge Control Building; and demolition of process facilities that are to be replaced or are no longer needed.

1.1. Amount of additional funds to be expended: $472,884.00

| Original Contract | $32,940,400.00 |
| Modification No. 1 | $ 2,000,577.00 |
| Modification No. 2 | $ 2,499,619.00 |
| Modification No. 2 Reduction | $ 658,335.00 |
| Modification No. 3 | $ 472,884.00 |
| CURRENT PROPOSED TOTAL | $37,255,145.00 |

1.2. Reasons additional goods/services could not be foreseen:
This Contract Modification No. 3 was planned was planned that this contract could be modified to provide needed monies, if necessary, for any anomalies in the work which may become evident as the work progresses. It is a planned continuation of the services originally included within the existing contract’s scope of service.

1.3. Reason other procurement processes are not used:
The funding provided by this contract modification is for continuation of the existing work of the contract. It is not reasonable or cost effective to undertake a new procurement to acquire these services.

1.4. How cost of modification was determined:
The cost of this contract modification updates the direct labor, overhead, and profit rates from the original proposal. This is the proposed final payment, which includes all RFP’s and other associated costs to the
contract work that have become necessary to complete the Digester Rehabilitation construction project.

The term of the proposed option contracts would be two (2) years expiring March 31, 2013, with the option to renew for one (1) additional year subject to mutual agreement by both parties. The Purchasing Office opened formal bids on January 13, 2011.

The Purchasing Office advertised and solicited competitive bids in accordance with Section 329.06, Solicitation SA003788. Six (6) bids were solicited (F1-0; MIA-1). The solicitation consists of several types/configurations of portable toilets with maintenance and cleaning services. Language was included in the solicitation to allow for both primary and secondary awards. Six (6) bids were received. One (1) Vendor (FeeCorp Corporation) withdrew their bid on January 25, 2011. The Purchasing Office is recommending award(s) to the lowest, responsive, responsible and best bidders, as follows:

**Pro Kleen Industrial Services (dba: Porta Kleen),** primary award on Items 3A, 3B, 3C, 3D, 4A, 4B, 4C, 4D, 6A, 6B, 7A, 7B, and 7C; secondary award on Items 1A, 1B, 1C, 1D, 2A, 2B, 2C, 2D, 5A, 5B, and 5C. CC#31-1428980 (Expires 01/03/2013); $1.00

The companies are not debarred according to the Federal Excluded Parties Listing or the State Auditor's Findings For Recover Database.

This ordinance is being submitted as an emergency because, without emergency action, the availability of these Portable Toilets would be slowed, causing the Recreation and Parks Department not to have this necessary equipment in March. FISCAL IMPACT: Funding to establish these option contracts is budgeted from the Mail, Print Services and UTC Fund. The Division of Recreation and Parks Maintenance and all other City Agencies will be required to obtain approval to expend from their own appropriations for the estimated annual expenditures.

Last year's (2010) maintenance was renewed by ordinance 0513-2010, passed by Council May 6, 2010 for a twelve month renewal. The Next Gen system enables Columbus Public Health to operate five (5) major clinical operations, which provide an extensive array of services, such as patient registration, appointment scheduling, monitoring and tracking of patient test results, processing of medical records and generation of reports to help manage clinic operations.

This year's (2011) annual renewal amount of $141,478.80 was modified and increased by $699.00 per month (@ 12 months/$8,388.00) to add an additional license in order to accommodate for an increase in staff; making the grand total to be $149,866.80. This need for additional goods/services could not be foreseen because they were not needed at the time the contract was established. This product would be manifestly impractical to bid because changing providers would require a major long-term effort, disrupting a revenue-producing process and doubling the annual cost. The Columbus Public Health Department negotiated the services needed, along with the monthly and annual costs with Mount Carmel Health Systems.

Mount Carmel Health Systems, an authorized NextGen re-seller, was awarded a contract by authority of ordinance 2587-2003, following repeal of ordinance 1843-2003, which was submitted pursuant to competitive bidding for procurement of the NextGen clinical management solution. Mount Carmel, who did not bid in response to the solicitation, was awarded the contract because it could offer the NextGen solution at $190,000.00 less than the lowest bidder. Since that time, the city has continued to utilize Mount Carmel to provide upgrades and support, as well as customizing the Next Gen application to meet unique needs of the Public Health Department. Migrating the data and customizations from Mount Carmel to another vendor would be a long-term costly effort that would not be in the best interests of the city at this time. As such, this ordinance also requests approval to waive the competitive bidding provisions in accordance with Chapter 329 of the Columbus City Code.

EMERGENCY: Emergency legislation is requested in order to avoid interruption of services for the Next Gen software, which supports Columbus Public Health.

FISCAL IMPACT:
During fiscal year 2009 and 2010, $127,000.00 and $144,864.00 was legislated respectively for software license support and related services for the Next Gen system from Mount Carmel Health Systems. Funding for the 2011 contract renewal and modification in the amount of $149,866.80 is budgeted and available within the Department of Technology, internal services fund; bringing the aggregate contract total, including this request, to $859,219.65.

The cost associated with this contract is $12,396.03, with a term period of April 1, 2011 through March 31, 2012. This purchase is necessary to meet the requirements of the Franklin County ADAMH Board and the Ohio Department of Alcohol and Drug Addiction Services. Ordinance 1636-2009 authorized a contract with Netsmart New York, which was a subsidiary of Netsmart Technologies, Inc. Effective January 1, 2010, all subsidiaries of Netsmart Technologies were consolidated into a single legal entity with a new federal ID number under the name Netsmart Technologies, Inc. Explanation

BACKGROUND: To authorize the Director of the Recreation and Parks Department to enter into contract with two instructors who will provide visual arts studio instruction between February 1, 2011 and February 28, 2012 at the Cultural Arts Center. The Cultural Arts Center has been a leader in visual arts studio instruction for 30 years and the public has come to rely on the center. These two instructors, Bonnie Weir and Kathy Grace, have unique skills, abilities and teaching experience. Therefore, the department is requesting that the bidding requirements of Columbus City Code Chapter 329 be waived pursuant to Section 329.27.

In 2010, the department spent $18,578.00 for Ms. Weir's contracts. In 2011, the department anticipates the need to encumber an amount not to exceed $27,000.00. Expenditures for this contract will be entirely reimbursed by student registration fees. Individual purchase orders will be set up each session or a group of sessions with an amount not to exceed $27,000.00 payable to Ms Weir. Ms. Weir will receive $40 for each student that registers for one of her three-hour classes each held for eight weeks. We offer six, eight-week sessions per year.

Many of these individuals have a history of multiple arrests, criminal behavior, drug addiction, poverty and being victimized as a result of soliciting. The CATCH Program requires limited court involvement in treatment planning and compliance, which should result in more effective utilization of other court and county resources.

The Addiction Program Specialty Docket(APS D) provides a mechanism to promote effective treatment as an alternative to incarceration for a person whose arrests, summons and charges are associated with alcohol and/or chemical dependence (AOD), which negatively impact the person's quality of life and community safety. Many of these individuals have a history of multiple arrests, typically OMVI, criminal behavior, drug addiction, poverty and transient housing. Legislation Number: 0175-2011
Drafting Date: 01/26/2011
Current Status: Passed
Version: 1
Matter Type: Ordinance

Explanation
In December 2006, the City purchased the building at 1111 East Broad Street (now the Jerry Hammond Center, "JHC"), as authorized by Ordinance No. 1005-2006, and passed by City Council on June 8, 2006. Pursuant to the terms of the purchase agreement, the City assumed a Facility Management Agreement ("FMA") for the professional management of the building and grounds that had five years remaining on its term. Paradigm Properties of Ohio, LLC (Paradigm), per Ordinance 0479-2008, is the company currently providing building management services under the FMA. This legislation authorizes funding for the fourth year of the four year FMA contract.

The FMA sets the annual building management fee and details the duties of the management company in the oversight of the daily building operations and maintenance of the JHC, the direct payment of all operating expenses except utilities (paid directly by City), and establishes standards for procuring services, preparing RFP's and soliciting bids for outside maintenance and repair services, and requires certain accounting and reporting procedures for all expenditures of building operating funds. The terms of the FMA require the management company to establish and maintain a separate JHC building operating account from which all building services are paid. Per the terms of the FMA, each August the management company prepares and submits to the City an annual building operating budget projecting building operating expenses for the next contract year.

The 2011 funding for building operations, for the term May 1, 2011 through April 30, 2012, is $930,000.00. The funding includes $246,786.00 for payment of Paradigm Properties of Ohio, LLC for building management, $633,010.00 for payment of building operating expenses, and a contingency of $50,204.00 for any unforeseen and unbudgeted building expenses. Any expenditure from the contingency amount will require prior City approval.
Paradigm's Contract Compliance Number is 311609350; expiration date 03/25/2012.

**Council Variance Application:** CV10-040

**APPLICANT:** Groove U Ltd.; c/o Dwight D. Heckelman; 485 Ross Road Southeast; Lancaster, OH 43130.
PROPOSED USE: Technical school.

UNIVERSITY AREA COMMISSION RECOMMENDATION: Approval.

CITY DEPARTMENTS' RECOMMENDATION: Approval. The site is developed with a former elementary school zoned in the R-4, Residential District. The requested Council variance will allow a technical school within the existing building. The R-4, Residential district permits public or parochial colleges or universities, but prohibits trade or technical schools. Variances to maintain no rear yard and zero on-site parking spaces are included in the request; however the existing parking lot to the south of the building will be utilized by the technical school. The site is within the planning area of the University Neighborhoods Revitalization Plan (1996), which recommends low intensity residential development for this location, but also encourages the educational emphasis of the area; therefore Staff supports continued use of this school facility for educational purposes and believes that the requested variance will not add an incompatible use to the area.

Title
To grant a Variance from the provisions of Sections 3332.039, R-4, Residential district; 3312.49, Minimum numbers of parking spaces required; and 3332.27, Rear yard, of the Columbus City Codes; for the property located at 1300 FORSYTHE AVENUE (43201), to allow a technical school with reduced development standards in the R-4, Residential District and to declare an emergency (Council Variance # CV10-040).

Body

**Explanation**

**BACKGROUND:**
The Trabue-Roberts Area Plan updates and replaces the 1991 West Columbus Interim Development Concept. The Trabue-Roberts area is bounded generally by Alton & Darby Creek Road on the west; the city of Hilliard on the north; US 33 and the CSX railroad on the east; and I-70 and the Norfolk Southern railroad on the south. The Plan was initiated by the Department of Development in an effort to provide all portions of the city with land use and development policy guidance. The planning process followed a standard model of data gathering and analysis, community stakeholder outreach, and plan preparation. Because no area commission serves the Trabue-Roberts area, community participation was coordinated through direct communication with civic and neighborhood group stakeholders. The plan defers to the Big Darby Accord Watershed Master Plan for those portions of the area that lies within the Darby Watershed. An open house to review a draft of the plan was held October 27, 2010 to allow for broader public input. The Development Commission reviewed the plan on January 27, 2011 and unanimously voted to recommend adoption by City Council.

**DEVELOPMENT COMMISSION RECOMMENDATION:** Approval.

**CITY DEPARTMENTS RECOMMENDATION:** Approval.

**FISCAL IMPACT:** No funding is required for this legislation.

**Title**
To adopt the Trabue-Roberts Area Plan as a guide for development, redevelopment, and planning of future public improvements.

**Body**

WHEREAS, the Trabue-Roberts Area Plan supersedes and replaces the West Columbus Interim Development Concept; and

WHEREAS, individual civic and neighborhood group stakeholders were consulted and aided the development of the Trabue-Roberts Area Plan's recommendations; and

WHEREAS, a public open house workshop to review a draft of the plan was held October 27, 2010 to allow for broader public input; and

WHEREAS, after public notice, a public hearing was held on January 27, 2011 at which the Development Commission approved the Trabue-Roberts Area Plan and recommended its adoption to City Council; now, therefore,

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:

Matter Type: Ordinance

Explanation

APPLICANT: Monty V. Baus; 930 South Front Street; Columbus, OH 43206.

PROPOSED USE: To reconvert a former single-unit dwelling to an expanded single-unit dwelling and to build a second building for use as an office or dwelling with reduced development standards.

BREWERY DISTRICT COMMISSION RECOMMENDATION: Approval.

CITY DEPARTMENTS' RECOMMENDATION: Approval. The applicant is applying for a Council variance to convert a former single-unit dwelling that is currently used as an office back into a single-unit dwelling while adding on to the original structure. In addition, the applicant proposes to build a new structure in the rear yard to house an office use which could be used as a single-unit dwelling in the future. The proposal is consistent with The Brewery District Plan (1993) which calls for preserving the residential character of the area. The M, Manufacturing District does not reflect the development pattern of the area. Furthermore, there is no zoning district which would allow this particular development configuration. Staff finds that the proposed development fits in with the residential character of the area and that the one space parking variance will not negatively impact the neighborhood.

Title
To grant a Variance from the provisions of Sections 3363.01, M-Manufacturing district; 3312.27, Parking setback lines; and 3312.49, Minimum number parking spaces required; of the Columbus City Codes for property located at 930 SOUTH FRONT STREET (43215), to allow two single-unit dwellings with reduced development standards in the M, Manufacturing District (Council Variance #CV10-042).

Body

WHEREAS, by application No. CV10-042, the owner of property at 930 SOUTH FRONT STREET (43215), is requesting a Council variance to permit two single-unit dwellings in the M, Manufacturing District; and

WHEREAS, Section 3363.01, M-Manufacturing districts, prohibits residential development, while the applicant proposes to convert a former single-unit dwelling from an office back into a single-unit dwelling while adding on to the original structure and to build a new structure in the rear yard which could be used as a single-unit dwelling in the future; and

WHEREAS, Section 3312.27, Parking setback lines, requires parking to be set back at least ten (10) feet, while the applicant proposes to allow parking within 10 feet of the right-of-way; and

WHEREAS, Section 3312.49, Minimum number parking spaces required, requires four parking spaces for the two single-unit dwellings, while the applicant proposes three parking spaces; and

WHEREAS, said ordinance requires separate submission for all applicable permits and Certificate of Occupancy for the
proposed use; and

WHEREAS, the Brewery District Commission recommends approval; and

WHEREAS, the City Departments recommend approval because the proposal is consistent with The Brewery District Plan (1993) which calls for preserving the residential character of the area. The M, Manufacturing District does not reflect the development pattern of the area. Furthermore, there is no zoning district which would allow this particular development configuration. Staff finds that the proposed development fits in with the residential and mixed use character of the area and that the one space parking variance will not negatively impact the neighborhood; and

WHEREAS, the granting of said variance will not impair an adequate supply of light and air to adjacent property, unreasonably increase the congestion of public streets, increase the danger of fires, endanger the public safety, unreasonably diminish or impair established property values within the surrounding area, or in any other respect impair the public health, safety, comfort, morals, or welfare of the inhabitants of the city; and

WHEREAS, the granting of said variance will alleviate the difficulties encountered by the owners of the property located at 930 SOUTH FRONT STREET (43215), in using said property as desired; now, therefore:

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:

Section 1. That a variance from the provisions of Sections 3363.01, M-Manufacturing districts, 3312.27, Parking setback lines and 3312.49, Minimum number parking spaces required of the Columbus City Codes for property located at 930 SOUTH FRONT STREET (43215), insofar as said section prohibit single-unit dwellings with parking within ten (10) feet of the right-of-way and with three (3) parking spaces where four (4) would be required; said property being more particularly described as follows:

Explanation
The Columbus Zoological Park Association ("Zoo"), leases land from the City and Franklin County ("County") to operate the Columbus Zoo. The Zoo subleases a portion of that land to Zoombezi Bay LLC ("Zoombezi") for a water park. In 2008, the City entered into an "Agreement Regarding Lease" by and among itself the Franklin County Board of Commissioners ("County"), Huntington National Bank ("Huntington"), and the Zoo, to secure the bank's loan of $20,000,000.00 to Zoombezi to construct a water park. As part of its operation, the Zoombezi is preparing for the construction of a new water slide. The Huntington has agreed to loan Zoombezi $2,500,000.00 to fund construction of the slide, contingent upon the City's and County's agreement to secure the bank's loan by entering into an entirely separate, independent second priority leasehold mortgage lien on the sublease agreement. The following legislation authorizes the Director of the Recreation and Parks Department to execute those documents, on behalf of the City, necessary to enter into an "Agreement Regarding Lease" by and among the City, County, Huntington and Zoo to allow for the construction of a new water slide.

Explanation
BACKGROUND: An appropriation is needed from the Indigent Drivers Alcohol Treatment Fund to provide funds for accident investigation training courses and the DWI Enforcement Conference for officers in the Traffic Bureau. This advanced training will result in officers that are better equipped for their work with fatal, near fatal, and hit-skip accidents where drivers are under the influence of alcohol when the accidents occur. Funds are also needed to purchase sodium fluoride collection kits and to purchase two Lidar Speed Measuring Units with Video Capture. Fines are received each time an officer arrests a person and they are convicted for DUI. The funds are then deposited in the Indigent Drivers Alcohol Treatment Fund pursuant to Ohio Revised Code 4511.99.

Emergency Designation: Emergency legislation is needed to make funds available for upcoming training courses.

FISCAL IMPACT: This ordinance authorizes an appropriation of $22,300.00 in the Indigent Drivers Alcohol Treatment Fund for the Division of Police to pay for training, supplies, and services. Approximately $12,500.00 was expended from this fund in 2009 for supplies and training. Since the funds that are to be appropriated are from the Indigent Drivers Alcohol Treatment Fund, there will be no effect on the financial status of the General Fund.

The contract will provide a total of $902,734.00 to support the Rebuilding Lives program. The Rebuilding Lives Plan is a two-pronged approach to ending homelessness and literally "rebuilding lives." Explanation
BACKGROUND: It is necessary to appropriate $150,000.00 from the unappropriated balance of the special revenue fund, entitled the Police Continuing Professional Training Fund. This appropriation will be used by the Division of Police for officers to attend training seminars, purchase training equipment, and supplies.

In 2007, Ohio Senate Bill 281 was signed into law, thereby enacting a mandatory continuing professional training program
for Ohio peace officers. These training requirements can be found in the Ohio Revised Code 109.802. Ordinance No. 0087-2008, passed on February 4, 2008, authorized the Public Safety Director to participate in the state-funded continuing professional training reimbursement program. For calendar year 2007, the State mandated all peace officers and troopers to attend or receive 8 hours of in-service training. The Division of Police complied with this mandate and on February 13, 2008, the Division received reimbursement in the amount of $279,260.00. Reimbursement for 2008 mandated hours amounted to a deposit of $216,480 in 2009. Reimbursement for 2009 mandated hours amounted to a deposit of $37,700.00 in 2010. State law mandates that these funds be kept in a separate account and will be used only to pay the costs of Continuing Professional Training programs.

BACKGROUND: The City established the Stelzer-Stygler Community Reinvestment Area (CRA) in 1986 to stimulate private investment and job creation. In 1994, changes in the CRA law placed additional obligations on municipalities to compensate school districts for lost revenues arising from tax abatements. In May 2002 the City entered into a Compensation Agreement with the Gahanna-Jefferson School District to compensate the District for revenues from real property taxes forgone due to abatements on parcels in the Stelzer-Stygler CRA.

The present legislation authorizes the payment of $663,298.30 to the Gahanna-Jefferson School District as the compensation due in 2011 for previous tax years. This sum is calculated using the definitions in the Compensation Agreement and is based on four parcels (520-250980, 520-250982, 520-250983, 520-250985) in the Gahanna-Jefferson School District area of the Stelzer-Stygler CRA with building improvements and CRA tax abatements.

The abatement for parcel 520-250982 commenced with tax year 1997 and terminated in tax year 2006; compensation was paid by the City commencing for tax year 2001, but compensation for the first four years - 1997 through 2000 - was deferred and was to be payable 2008 through 2011 (following tax years 2007 through 2010). The portion of this payment attributable to this parcel being made in 2011 will be compensation for tax year 2000.

The abatement for parcels 520-250980 and 520-250985 commenced with tax year 1999 and terminated in tax year 2008; compensation was paid by the City commencing for tax year 2001, but compensation for the first two years - 1999 and 2000 - was deferred and was to be payable 2010 and 2011 (following tax years 2009 and 2010). The portion of this payment attributable to these parcels being made in 2011 will be compensation for tax year 2000.

The abatement for parcel 520-250983 commenced with tax year 2009 and will terminate in tax year 2018. The portion of this payment attributable to this parcel being made in 2011 will be compensation for tax year 2010.

The total private investment subject to exemption in the new buildings constructed on the four parcels was approximately $91,575,500 in 2010 and the total estimated number of new jobs created was over 3,300.

Emergency action is requested in order for the City to make the $663,298.30 payment to the Gahanna-Jefferson School District according to the schedule established in the Compensation Agreement.

FISCAL IMPACT: The 2011 General Fund budget (citywide account) includes funding for this payment to the Gahanna-Jefferson School District. A transfer equal to 25 percent (25%) of the payment will be transferred from the Special Income Tax Fund.

Explanation
The Division of Income Tax has previously contracted with the JP Morgan Chase Bank, N.A. for the purpose of providing certain lockbox services related to the processing of income tax remittances.

The lockbox contract provides for the direct deposit of known income tax receipts. The City benefits from greater investment earnings as less processing time is required prior to deposit of receipts. This contract relaxes the Division of Income Tax of the time consuming task of opening and sorting a large volume of mail during peak tax filing and payment periods, as well as reducing the workload of the City Treasurer's staff during those times.
Item No. 14 of the original contract EL006394 as modified provides for the option to renew for six (6) one (1) year periods. At this time, the Division is exercising its option to renew for the fifth of the six renewal periods of the contract. JP Morgan Chase Bank, N.A contract compliance number is 134994650-001 expires 09-09-2012.

FISCAL IMPACT

The funds for this modification are included in the Division of Income Tax budget for 2011 in the amount of $130,000.00.

Explanation

Background
This ordinance is submitted to settle the lawsuits known as Howard M. Chrysler v. City of Columbus, Department of Public Utilities, pending before the United States District Court, Case No. 2:10 CV 400; and Howard M. Chrysler v. City of Columbus, et al., pending before the Court of Common Pleas, Case No. 10 CV 016932, in the amount of seventy-two thousand and No/100 Dollars ($72,000.00). WHEREAS, Mr. Chrysler filed a complaint in the United States Direct Court alleging the City interfered with his rights under the Family and Medical Leave Act when it denied him leave, and terminated him for taking leave despite having timely turned in the required medical certification substantiating his need for leave under the Family and Medical Leave Act; and Mr. Chrysler filed an appeal of his unemployment compensation claim in the Court of Common Pleas; and

WHEREAS, following the evaluation of Mr. Chrysler's claims in the course of litigation, the parties reached an agreement to settle this matter. Due to dispute of this claim and the risks and uncertainties associated with continued litigation and trial, the settlement amount was deemed acceptable by the City of Columbus, along with dismissal of the lawsuits with prejudice and a release of the City of Columbus and its employees from further liability. It is in the best interests of the City to settle this case for a total of $72,000.00; and

Version: 1
Matter Type: Ordinance

Explanation

BACKGROUND: This legislation authorizes the Finance and Management Director to extend a contract on behalf of the Facilities Management Division with CBRE Technical Services, LLC for general building maintenance at the Municipal Court Building, 375 South High Street. The current contract expires March 31, 2011.

CBRE Technical Services, LLC is responsible for general building maintenance for the Municipal Court Building. Services provided under this contract are for building maintenance and repair services. Custodial services are not included as a part of this contract, as these are the provided by the Franklin Commissioners under the terms of the building lease to the City. The original contract was authorized by Ordinance No. 0611-2005, passed April 20, 2005, and has been modified five times under the renewal provisions as established by the contract.

There are two reasons why it is in the best interest of the City to extend the existing contract. The first is that the Department of Finance and Management intends to take a comprehensive approach in bidding similar type contracts. A comprehensive approach should provide greater efficiencies, economies and coordination of similar functions and services, though it is possible though that one or several contracts may be established once this bidding process is complete. In order to accomplish this goal, it is necessary to align the contract ending date of this contract with others. Therefore, we are
requesting that City Council waive the competitive bidding provisions of the Columbus City Code Section 329 to allow the current building maintenance contract at 375 South High Street to be extended by thirteen months for the period covering April 1, 2011 through April 30, 2012. CBRE Technical Services has performed within the expectations of the contract and has agreed to continue servicing the building under the same terms and conditions. Bidding for a single year is not likely to create any additional savings for the City and is likely to disrupt ongoing services. Secondly, the City is in the middle of a Master Space Plan Study, which will be followed by a renovation sequencing and construction budgeting process, the results of which may have an impact on how the City plans to address general building maintenance for the Municipal Court Building. By extending the current contract, it will allow time to complete the planning process and determine the impact on general building maintenance services to be provided under a new contract.

Emergency action is requested to ensure maintenance will continue uninterrupted at the Municipal Court building.

Fiscal Impact: The Facilities Management Division budgeted $230,000.00 in the 2011 General Fund Budget for this contract. The Division expended $230,000.00 in the 2010 General Fund. The cost of this contract is $249,166.67. The thirteenth month will be funded by reducing monies budgeted for unexpected emergencies.

Explanations:

Background: There is a need to transfer and appropriate funds to provide 2011 funding for the Area Commissions. Historically the City has provided funds to the Area Commissions, who through their daily operational functions incur eligible expenses that require cash expenditures during the program year. These funds allow each Area Commission the flexibility and individuality in decision making as they fulfill their functions and responsibilities as outlined in their bylaws and Columbus City Codes. Each Area Commission will receive $1,000.00 in 2011.

Fiscal Impact: This legislation transfers $21,000.00 from the General Fund to the Area Commission Fund to provide monies in the proper projects for the 2011 funding of area commissions. This legislation also appropriates $21,000.00 for operating expenses of the Area Commissions.

Emergency action is requested so that payments to the Area Commissions can be made immediately, thereby avoiding interruptions in services.

Explanation

BACKGROUND: This legislation authorizes the release of the recorded mortgage interest of the City of Columbus in the
property at 1833 Franklin Park South that secures an outstanding deferred loan balance of $16,750.00. This loan was
made by the City's Department of Human Services, now known as the Department of Development, to borrower Sarah
Valerie Bland on March 12, 1990 for certain property improvements made as part of the AmeriFlora beautification project.
This property has been Ms. Bland's primary residence for 50+ years. Ms. Bland now needs to sell the property in order to
pay for her long-term care so she has requested forgiveness of the deferred loan. The purpose for the release of the City's
interests is to enable the transfer of the property in order to avoid the possibility of the home becoming vacant or
abandoned.

Emergency action is requested as it is immediately necessary to release the recorded mortgage interest of the City of
Columbus in 1833 Franklin Park South.

FISCAL IMPACT: No funding is required for this legislation. There will be a $16,750.00 loss in accounts receivable for
the Community Development Block Grant Fund.
