BACKGROUND: In 1999 the Capitol South Community Urban Redevelopment Corporation, the Greater Columbus Chamber of Commerce and the Columbus Department of Trade and Development initiated an effort to work with downtown property owners to create a Special Improvement District (SID) in the core area of downtown. Property owners were surveyed and overwhelmingly were in support of creating a SID. The SID was created for a five year period and was very successful. The first five-year SID period concluded in the summer of 2006 and the property owners reauthorized the SID, with slightly different boundaries, but still called the Capital Crossroads Special Improvement District. The second five-year SID will conclude in the summer of 2011 and now the property owners wish to reauthorize the SID, with slightly different boundaries, but again still called the Capital Crossroads Special Improvement District. The property owners initiated a petition process in which at least 60% of the property owners within the District signed that they are interested in forming a SID and approving the Articles of Incorporation. This petition was accepted and approved by Columbus City Council by Ordinance No. 0338-2011, passed March 14, 2011. Another action required by the Ohio Revised Code is the approval of the Plan of Improvements and Services and the inclusion of City owned property in said plan. This legislation was approved by Columbus City Council by Resolution No. 0025X-2011, passed March 14, 2011.

This resolution is to declare the necessity to implement the Plan of Improvements and Services adopted by the Capital Crossroads Special Improvement District of Columbus, Inc. and the necessity to levy a special assessment for the services set forth in the plan pursuant to the Ohio Revised Code Chapter 1710.02 and 1719.06.

Emergency action is requested on this resolution to allow the special assessment process to proceed in a timely manner.

FISCAL IMPACT: No funding is required for this legislation.

Explanation
BACKGROUND: This ordinance authorizes the Finance and Management Director to modify a professional services contract with Mull & Weithman Architects, Inc. for architectural and engineering services for the new Police Division Property Room project located at 724 Woodrow Avenue.

The original contract was authorized by Ordinance No. 2059-2007, passed December 10, 2007. The initial design work focused on protecting the asset by replacing the roof, securing the building envelope, and designing and replacing the building HVAC system. Ordinance No. 0846-2010, passed July 21, 2010 authorized a modification for the remaining design work. This modification is to provide funding for additional architectural and engineering services for mechanical, electrical, plumbing, and fire protection. The overall project design will be designed with green building principles.

Mull & Weithman Architects, Inc. has institutional knowledge of the project and produced the original design plans. It is practical and cost effective for the coordination and continuity of the project to use Mull & Weithman Architects, Inc. on the design modifications. Selecting another architect at this point would lead to duplicated work and possibly mistakes. Therefore, it would not be in the best interests of the City to request qualifications for these professional services.

Fiscal Impact: The amount of the original contract was $400,000.00. The first modification was in the amount of $679,515.00. This modification is in the amount of $19,434.18. The total cost of this contract is $1,098,949.18. Funding is available in the Safety Voted Bond Fund.

Mull & Weithman Contract Compliance No. 31-1635306, expiration date January 4, 2012.

BACKGROUND:

This ordinance will authorize the Director of the Department of Technology to renew a contract with Oracle America, Inc. for annual software maintenance support and upgrades associated with software that supports business management applications utilized citywide; such as 311, WASIMS, Performance Series, Income Tax, GIS and various other applications. The software is server based and has given the City the capability to web enable applications for citizens' use and ensure compliance with licensing agreements.

The company (Oracle USA Inc.), associated with the original contract changed their name and Federal Identification number May 2010. This legislation authorizes the Department of Technology to renew a contract with Oracle America, Inc., formerly known as Oracle USA Inc.

5/19/2012. In May 2010 Oracle USA, Inc. updated their W-9 to reflect the company name as Oracle America, Inc. with a new federal ID number but the same business address.

This ordinance requests approval to continue services provided by Oracle America, Inc. in accordance with sole source procurement provisions, of Section 329 of the Columbus City Code; as it has been determined that Oracle software can be purchased from third party vendors, however, only Oracle America, Inc. can supply network license, maintenance and support. 1.2. Reasons additional goods/services could not be foreseen:
This Contract Modification No. 3 is a continuation of the services included within the existing contract’s scope of service and was anticipated as construction progressed. In a construction project for renovation of existing facilities, changes to contract work are expected and sometimes require a protracted level of services to reconcile a myriad of complex schedule, technical and interface issues. The additional effort required construction-phase engineering, on site, and time critical efforts and commissioning assistance beyond the level of effort originally estimated.

1.3. Reason other procurement processes are not used:
The funding provided by this contract modification is for completion of the existing engineering services during construction for Contract S77. Due to the highly complex and technical nature of this wastewater treatment plant infrastructure, it is not reasonable or cost efficient to undertake a new procurement effort to acquire these services. The lengthy process for initiating a new procurement, and for a new entity to gain understanding of the project, would likely cause an unacceptable project delay and additional cost.

1.4. How cost of modification was determined:
A cost proposal was provided by Stantec Consulting Services, Inc. and reviewed by the Division of Sewerage and Drainage and was deemed acceptable. The cost of this contract modification is consistent with the direct labor, overhead, and profit rates established within the original proposal.

Explanation
BACKGROUND:

To authorize the Director of the Department of Technology, on behalf of the City of Columbus, to enter into a contract with Columbus FiberNet (CFN) to acquire one (1) 1.25” conduit, from the intersection of Dempsey Rd. & St. Rt. 3, to Dempsey Rd. & Sunbury Rd. (9,600 linear ft); and authorizes the expenditure of $76,800.00 from the Department of Technology Capital Improvement Fund - Fiber Project.

This ordinance authorizes the Director of the Department of Technology, on behalf of the City of Columbus, to acquire the Dempsey Rd. conduit outright, for the installation of information management infrastructure, for the Public Utilities Department, for the purpose of enhancing security of the water supply. This conduit is located along Dempsey Rd. and is a critical piece that will join the Hoover Reservoir Watershed Management facility to the city's Metronet network via the recently purchased (2010) CFN network; and will allow high bandwidth connectivity to the facility.

Columbus City Council continues to work with the Department of Technology in conjunction with the Department of Public Utilities, to utilize the conduit as a Metronet network asset at the Hoover Reservoir. The conduit will be used as a fiber-optic cabling path to provide a "telecommunications pathway" into the city's existing network infrastructure.

The Department of Technology will also utilize the conduit to further build out the City of Columbus’ existing fiber-optic network, while making the network more robust and redundant. Acquisition of this conduit will enhance service ability to the city's Hoover Reservoir Watershed Management location by providing the Department of Technology with an alternative pathway, increasing the bandwidth capacity at the Hoover Reservoir from a low bandwidth 1.5 mbps (leased service), to a high speed 1 Gbps (city owned) connection to the city's Metronet network. This conduit can provide access points for fiber-optic back-haul to future wireless networks, or fiber-to-the-premise networks.

This ordinance also authorizes the transfer of cash from other projects within the Information Services Bond Fund, to accommodate for the additional expenditure authorized by this ordinance.

Columbus FiberNet is the sole owner of the conduit at Dempsey Rd. As such, this ordinance is being established in accordance with the sole source provisions of the Columbus City Code, Section 329.07.

EMERGENCY ACTION: Emergency legislation is requested in order to expedite processing of the necessary contract and purchase, to avoid interruption or delays in the performance of service, and because this item is weather dependent.

Fiscal Impact: Funding needed for this ordinance and project from the Department of Technology, Information Services Division, Capital Improvement Bond Fund will come from transferring cash in the amount of $25,361.86 from the ESP-Security Project (470047-100002), $49,994.14 from Unallocated Balance (514999-100000), and $1,444.00 from
Fiber Project (470046-100001) which equals the total amount needed for this purchase, $76,800.00.

In 2009 and 2010 the Department of Technology expended a total of $4,276,556.00 from the Capital Improvement Fund to acquire a portion of fiber and underground conduit from Columbus FiberNet. This purchase is to acquire the (1) 1.25" conduit, from the intersection of Dempsey Rd. & St. Rt. 3 to Dempsey Rd. & Sunbury Rd. (9,600 linear ft) in the amount of $76,800.00.

This unit will replace an older unit which is beyond its useful life. This ordinance authorizes the Finance and Management Director to issue a purchase order with Center City International Truck for a Hybrid Bucket Truck. installation or acquisition of infrastructure necessary to directly support an alternative fueled vehicle or advanced technology vehicle. The grant funds 75% of the incremental cost of converting the vehicle to an alternative fueled vehicle.

Emergency action is requested so that a purchase order can be issued as soon as possible, thereby ensuring that deadlines of the vendor are met.

Version: 1
Current Status: Passed
Matter Type: Ordinance

Explanation
Background: This ordinance authorizes the Finance and Management Director to issue blanket purchase orders for various automotive equipment, parts, supplies, and services for the Fleet Management Division. The vendors included in this ordinance are sole source for various vehicle parts and services.

The vehicles needing these parts and services are specific to particular duties. For emergency services, refuse collection, snow removal and related services, repair work must be done to meet the division's needs to keep this equipment operational within a minimal amount of time (sometimes less than 24 hours).

The sole source vendors listed herein are 1) local makers and distributors of vehicle equipment and parts, 2) the local authorized dealers for manufacturer's parts, or 3) the only authorized facility to perform manufacturer or warranty repairs within a geographic area (City of Columbus, Franklin County).

Attempts have been made to formally bid many of these parts and services. However, these vendors generally do not bid, recognizing that they are the only authorized dealer in the immediate geographic area to perform services or supply parts.

Fee/pricing structure is determined by the vendor at the time of repair or acquisition of the part due to the exclusive nature of being the sole authorized dealer.

This ordinance also establishes purchase orders with several vendors for services already provided. These services were authorized without a proper encumbrance in place.

Fiscal Impact: The Fleet Management Division 2011 operating budget contains $5.5 million for the purchase of automotive parts, supplies, and services. This ordinance authorizes an expenditure of $222,976.21 for sole source automotive parts, supplies, and services.
Emergency action is requested to ensure an uninterrupted supply of parts, supplies, and services to maintain the City's fleet, including for Safety and Refuse vehicles.

Title To authorize the Finance and Management Director to issue blanket purchase orders for various automotive equipment parts, supplies and services with various vendors in accordance with the sole source provisions of the Columbus City Codes, to authorize the expenditure of $222,976.21 from the Fleet Management Services Fund; and to declare an emergency. ($222,976.21)

Body WHEREAS, the purchase of various automotive parts, supplies and services cannot be reasonably anticipated for all vehicles and motorized equipment maintained by the Fleet Management Division; and

WHEREAS, at times providers of various automotive equipment parts, supplies, and services do not submit bids because they are the sole authorized parts vendor or repair facility within the geographic area known as Columbus of Columbus, Franklin County; and

WHEREAS, two vendors have outstanding invoices from 2010 for parts and services which were provided without a proper encumbrance in place; and

WHEREAS, the Fleet Management Division has a need to procure automotive equipment parts, supplies, and services from local authorized parts vendors and repair facilities in order to repair a variety of city vehicles on short notice, especially emergency service and refuse collection vehicles; and

WHEREAS, an emergency exist in the usual daily operations of the Fleet Management Division, Finance and Management Department, and in that it is immediately necessary to arrange for the purchase of various sole source automotive equipment parts, supplies and services to maintain the City's fleet, thereby preserving the public health, peace, property, safety and welfare, now, therefore:

Section 1. That the Finance and Management Director be and hereby is authorized and directed to establish blanket purchase orders for sole source automotive equipment parts, supplies, and services according to Section 329.07(e), Sole Source Procurement, provided the Fleet Management Division Administrator first authorizes the purchase via the issuance of Fleet Management purchase orders and that the blanket purchase orders are certified from the Auditor's Certificate established by this ordinance.

1. **BACKGROUND**

The Division of Refuse Collection utilizes 300 gallon containers in its mechanized collection system. Columbus collects the refuse from over 45,000 single family residences with 300-gallon containers that are placed in our alleys at a ratio of one container for every two to three residences.

The Division also requires replacement parts for containers that are not covered by warranties. This legislation authorizes the Director of Finance and Management to establish a purchase order for the purchase of 300-gallon refuse containers and container parts for the Division of Refuse Collection per the terms and conditions of an existing citywide contract as follows:

Rotonics Manufacturing, Inc. - contract #FL004625 expiring March 31, 2013 (SA003535)

The total expenditure authorized within this ordinance is $56,603.22 for the purchase of 300-gallon containers and miscellaneous parts, including lids, for these containers.

Searches in the Excluded Party List System (Federal) and the Findings for Recovery list (State) produced no findings against Rotonics Manufacturing, Inc.

2. **CONTRACT COMPLIANCE**

SECTION 4. That the City Auditor is authorized to make any accounting changes to revise the funding source for all contracts or contract modifications associated with this ordinance.

SECTION 5. That this ordinance shall take effect and be in force from and after the earliest period allowed by law.
Ordinance 1426-2010 authorized the expenditure of $142,296.00, and purchase order FL004767 for three units was issued. The Division would like to modify the contract to include the purchase of three additional units. The McLean Company has agreed to maintain its pricing for these three units at the price that was originally bid.

At the time the contract was first bid funding was not available to purchase all 6 units. Funding has since become available and the need exists to replace equipment beyond its serviceable life, the Division would like to increase the number of units being purchased from three to six in total.

During the initial bidding process only one bid was received. After examining the possibility of receiving additional bids from different vendors, or a reduced price from the only bidding vendor, it was determined that it would be in the City's best interest to modify the contract rather than bid the unit a second time.

2. CONTRACT COMPLIANCE INFORMATION
The McLean Company's contract compliance number is 340762688 and expires 7/19/12.

3. FISCAL IMPACT
Funds are available for this expenditure from the Streets and Highways G.O. Bonds Fund, no. 704. The cost of this additional purchase is $142,296.00. The total cost for all six units is $284,592.00.

4. EMERGENCY DESIGNATION

Bonds Fund, no. 704; and to declare an emergency. ($142,296.00)

Explanation

BACKGROUND:
The Department of Technology has a need to renew a contract with Emerson Network Power, Liebert Services, Inc., formerly known as Liebert Global Services, established by Ordinance No. 1160-2006, for annual maintenance and related services associated with the Uninterrupted Power Supply (UPS) systems, utilized by the Department of Technology. This contract covers services for computer and data centers at three separate locations, and allows for continuous operations when power fluctuations and failures occur. The original contract provided language that allows for modifications and renewals for additional coverage periods at the end of each year's coverage period, contingent upon the express written approval of all parties and the City's appropriation and authorization of funds. Approval of this ordinance will make provisions for a annual maintenance service agreement, with a total cost of $51,162.00. This amount is for all three locations with a coverage period of 4/19/2011 through 4/18/2012.

Liebert Services, the service division of Emerson Network Power, is the only factory authorized service provider for the UPS equipment used at the City's data centers. As such, approval of this ordinance will allow the agreement with Emerson Network Power to be established in accordance with the sole source provisions of the Columbus City Code, Section 329.07.

FISCAL IMPACT:
For fiscal years 2009 and 2010, the amounts of $58,221.89 and $56,923.00, respectively were expended for maintenance support and related services with Emerson Network Power, Liebert Services, Inc., formerly known as Liebert Global Services, for the batteries UPS system. The funding for this renewal is available within the Department of Technology's

EMERGENCY:
Emergency legislation is requested in order to facilitate immediate payment and no interruption of service from the supplier.

APPLICANT: GOLDENROOT, LLC
DATE OF TEXT: February 3, 2011
APPLICATION NUMBER: Z10-027

1. INTRODUCTION: This parcel is located on the south side of Chambers Road and on the north side of Chesapeake Avenue and was originally developed in Franklin County under the Industrial District. There is a mixture of residential and commercial uses in the area. The parcel is currently zoned in the R-Rural District because it was annexed into the City of Columbus on or about October 25, 2010. The proposed text is to allow the continued use of the existing property and develop standards for the future development.

2. Those uses listed in Sections 3363.09 thru 3363.175 shall be prohibited.

3. DEVELOPMENT STANDARDS: Except as otherwise noted in this text the applicable development standards of Chapter 3363 (M-Manufacturing) of the Columbus City Code shall apply.

SECTION 4. That this ordinance shall take effect and be in force from and after the earliest period allowed by law.
The Department of Public Service personnel researched the parking meter market and technology performance. Essentially, there are four single-spaced parking meters providers servicing North America. Research included benchmarking those communities that both encounter extreme weather conditions similar to those in central Ohio, and which have been utilizing advanced-technology meters. In 2008, the City undertook a 9-month field test of single-spaced meters with credit card capability on Gay Street, over a period including both winter and summer weather conditions.

As a result of this successful trial, and as further recommended in the 2010 Parking Meter Advisory Team final report, it was determined, that the city should initiate a parking meter program using advanced technology meters that would provide both additional, customer-friendly, payment options and increased operational cost efficiencies. Primary among the desired features that were incorporated into this recent procurement activity include: multiple forms of payment; solar-recharging batteries; mechanisms that do not require replacing the entire parking meter unit; internet-based meter management; and a larger display on the meters for more robust messaging to customers.

The original amount of this contract authorized in ordinance 1041-2010 was $749,965.00 (EL010977) The amount of this 1st modification is $521,000.00
The Total amount of the contract, including this modification is $1,270,965.00

This ordinance seeks authority to expend $521,000.00 in available capital funds for the Division of Mobility Options, in the Department of Public Service. This expenditure will allow for the purchase of approximately 1,000 meter mechanisms, with associated extended warranty costs, and related components and services.

The majority of these new meters will be placed in the Short North, Italian Village, Arena District, North Market area, OSU area, and Downtown.

Searches in the Excluded Party List System (Federal) and the Findings for Recovery list (State) produced no findings against IPS Group, Inc.

2. PROCUREMENT EFFORT
Division of Mobility Options personnel, in consultation with the Purchasing Office staff, performed a thorough review of the performance specifications for this Parking Meter procurement. The Purchasing Office undertook a competitive solicitation through a formal Invitation to Bid (ITB), in accordance with the competitive procurement provisions of Chapter 329 of the Columbus City Code. Of those solicited, one bid was received by IPS Group, Inc., on May 27, 2010. Following a review of the IPS bid by the Purchasing Office and the Department of Public Service, the IPS Group's bid was ultimately recommended to City Council for approval, waiving the provisions of Chapter 329 due to the bidder failing to completely respond to the specific requirements of the ITB. While the bidder demonstrated full compliance with the City's performance specifications, the bidder's documents failed to meet the rigid standards of the ITB process. City Council concurred with the Department's recommendation and authorized the contract in ordinance 1041-2010.

3. CONTRACT COMPLIANCE
IPS Group, Inc. contract compliance number is 233028164 and it expires 5/27/2012.

4. EMERGENCY DESIGNATION
Emergency action is requested to allow the order of these commodities so they may be installed at the earliest possible time.

5. FISCAL IMPACT:
Funding for this expense is available within the Streets and Highways G.O. Bonds Fund and the Build America Bonds Fund.

Title
Authorize the Director of Public Service to modify an existing contract with IPS Group, Inc. by increasing the authorized expenditure amount, to purchase meter mechanisms, with associated extended warranty costs, and related components and services for the City's Parking Meter Program, to amend the 2011 C.I.B; to authorize the transfer of funds within the Streets and Highways G.O. Bonds Fund; to authorize the expenditure of $521,000.00 from said Fund for the Division of Mobility Options; and to declare an emergency. ($521,000.00)

Body
WHEREAS, the Purchasing Office advertised and solicited formal bids on May 27, 2010, and received one bid
WHEREAS, due to the fact that IPS Group, Inc. provided additional information, beyond what was required in the rigidly structured Invitation to Bid, for this procurement, the Purchasing Office, with the concurrence of the Department of Public Service, was required to reject its bid; and

WHEREAS, after a joint review of this procurement by both agencies, it was the consensus that the City did undertake a competitive bid process in good faith, and that it was extremely unlikely that an additional procurement would provide any better results for the City; and that the best course of action was for the Department of Public Service to request Columbus City Council to waive the competitive procurement provisions of the Columbus City Code, and to authorize the Director to enter into contract with the apparent low bidder, IPS Group, Inc., in order to facilitate the establishment of a multi-year contract for the purchase of a replacement inventory of parking meters for the City as soon as possible; and

WHEREAS, ordinance 1041-2010 authorized the Director of Public Service to enter into contract, City Auditor number EL010977, with IPS Group, Inc., and authorized the expenditure of $749,965.00 for the purchase of single space parking meters, and ancillary equipment and training services; and

WHEREAS, this ordinance authorizes the Director of Public Service to execute a planned modification to increase the contract amount by $521,000.00; and

WHEREAS, this expenditure will purchase approximately 1,000 meter mechanisms, with associated extended warranty costs, and related components and services; and

WHEREAS, the majority of these meters will be placed in the Short North, Italian Village, Arena District, North Market area, OSU area, and Downtown; and

WHEREAS, an emergency exists in the usual daily operation of the Department of Public Service in that it is immediately necessary to pass this ordinance as an emergency measure because of the need to replace existing meters so the City can operate an effective, efficient parking meter program; now therefore

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:

SECTION 1. That the Director of Public Service be and is hereby authorized to execute a planned contract modification to increase the authorized expenditure amount for the purchase of meter mechanisms, with associated extended warranty costs, and related components and services with IPS Group, Inc, 6195 Cornerstone Ct. East, Suite 114, San Diego, CA, 92121.

SECTION 2. This ordinance also authorizes the Director of Public Service to enter into an escrow agreement pursuant to this modification.

SECTION 3. That the 2011 CIB authorized within ordinance 0266-2011 be amended to provide sufficient authority for this modification as follows:

Legislation Number: 0404-2011
Drafting Date: 03/03/2011
Current Status: Passed
Version: 1
Matter Type: Ordinance

Explanation
BACKGROUND:
This legislation authorizes the Director of the Department of Technology to extend a contract established through purchase orders DL000046 (established in the year of 2000) and EL900834 (established in the year of 1999) with the Xerox Corporation, for printer maintenance support services, effective April 1, 2011 through September 30, 2011, in the amount of $44,854.64. The original contract provides language that allows for contract renewals and modifications each year on the contract anniversary date. This contract was most recently modified and renewed by authority of ordinance 0527-2010, passed July 14, 2010 (purchase order EL010994). The Department of Technology also request that the passage of this ordinance will provide for an extension of existing purchase order (EL010994) and funds through September 20,2011. Also, this ordinance requests approval of $5,000 for contingency funding within the $44,854.64 for the period April 1, 2011 through September 30, 2011, to be utilized in the event of excess prints, overruns and/or any unforeseen circumstances. These contingency funds will not be utilized if not needed.

When this contract was last modified, the intent was to utilize a competitive procurement process to award a new contract for this service. However, unforeseen delays require the extension for another six months to ensure continued service with the current vendor. Specifications for a formal bid are being prepared for this service, and it is anticipated that a new contract will be awarded by October 1, 2011 as a result of a forthcoming competitive procurement process. This ordinance requests approval to continue services provided by the Xerox Corporation and to waive the competitive bidding provisions of the Columbus City Codes (Section 329) to continue services with the existing company and existing contract. The cost of this modification was determined through negotiations with the vendor upon receipt of a price quote and researched cost analysis. The quoted monthly prices for the next six months are unchanged.

The Department of Technology established the above-mentioned contracts in January 2000 and October 1999, respectively, for sixty-month lease/purchase agreements with the Xerox Corporation for two Xerox high-speed 4635MX laser-printing systems operated by the City. Upon the lease expiration for these systems, the Department of Technology exercised the right to purchase both systems. At that time, the two original purchase orders were modified into one...
contract agreement for the renewal of future maintenance. These systems provide high volume printing support services critical to many city applications such as payroll, wage and tax statements, Auditor's warrants, jury summons, income tax forms and water bills.

**EMERGENCY DESIGNATION:**
Emergency designation is being requested to immediately facilitate prompt payment; to continue with services that are necessary to support daily operations; to ensure no service interruptions.

**FISCAL IMPACT:**
During fiscal years 2009 and 2010, $77,966.88 and $88,000.00 was legislated respectively with the Xerox Corporation for annual maintenance support services associated with both printers. The total cost of this ordinance for 2011 is $44,854.64, with (1) $39,854.64 for the period April 1, 2010 through September 30, 2011, and (2) $5,000.00 contingency funds to be utilized in the event of excess prints, overruns and/or any unforeseen circumstances, representing the maintenance cost for both printer systems, and (3) that the existing purchase order EL010994 be extended. Funding is budgeted within the Information Services Division, internal services fund budget. The aggregate contract total, including this modification, through the Department of Technology is $1,456,606.18.

**CONTRACT COMPLIANCE NUMBER:**
Vendor Name: Xerox Corporation                      CC #: 16 - 0468020                     Expiration Date: 03/03/2013

**Title**
To authorize the Director of the Department of Technology to modify, increase and renew a contract with Xerox Corporation to extend term period for six months for annual printer maintenance support services and additional contingency funds needed to satisfy any unforeseen circumstances; to waive the competitive bidding provisions of the Columbus City Codes; to authorize the expenditure of $44,854.64 from the Department of Technology, Information Services Fund; and to declare an emergency. Explanation

The purpose of this legislation is to authorize the Director of Public Utilities to enter into an agreement with Woolpert Inc. to provide the Division of Sewerage and Drainage, GIS Section with Digital Ortho-imagery services in accordance with a contract with the State of Ohio, CSP#0A1078. This contract was formally bid through and awarded by the State of Ohio, Department of Information Technology. This contract was bid specifically to be a cooperative contract for use by other government agencies in accordance with Chapter 1545 of the Ohio Revised Code (ORC). A copy of the State of Ohio contract is attached.

Ordinance 582-87 authorizes the City of Columbus to participate in cooperative purchasing contracts. Given the proposed timeframe and complexity of the project, it is in the City's best interest to take advantage of the State of Ohio contract to secure these services.

The intent of this project is to acquire new service area-wide color ortho-imagery and new service area-wide Light Detection and Ranging (LiDAR) data to update the GIS database. This project will leverage the existing contract with the Ohio Geographically Referenced Information Program, State of Ohio for Statewide Imagery Program (OSIP) with Woolpert Inc. Because the current color ortho-imagery and LiDAR data is out of date, the demand for current data is high. This project supports stormwater and watershed management and provides higher accuracy in calculating impervious area for the stormwater utility billing system. Additionally, the imagery supports the efficient use of technology to support ongoing operational needs within the entire Department of Public Utilities.

Columbus City Bulletin (Publish Date 04/09/11)
The Ohio Geographically Referenced Information Program (OGRIP) continues to sponsor programs to better support the users of geospatial data within Ohio, and the Ohio Statewide Imagery Program (OSIP) is one program that accomplishes this goal. As a governmental subdivision of the State of Ohio, the City of Columbus can be party to this contract.

FISCAL IMPACT: $376,803.00 is budgeted and needed for this project.

Spent in 2010 - $61,540.00
Spent in 2009 - $300,460.00

Emergency legislation is being requested so that images can be taken in mid-April of 2011 during "leaf off" conditions. This enables higher accuracy of the images and GIS information.

Explanation
Background: The accounts receivable collection program within the City Attorney's Claims Section has been ongoing since 1996. At that time, the City Attorney interviewed firms with experience in government accounts receivable and choose Scoliere and Associates (now known as Linebarger, Goggin, Blair & Sampson LLP), and later, Capital Recovery Systems, Inc. to provide these services. These firms have done excellent work for the City over the ensuing years.

In 2009 a new program was implemented via ordinance 0130-2009 passed February 23, 2009 which adjusted the fee structure of the program. Effective April 1, 2009 on all new and existing accounts without payment plans in place a 30%
fee is added to the total debt collected instead of being paid from the total amount collected. This will allow the City to recover 100% of the debts collected and the debtor will pay the additional 30% collection fee.

Continuing our relationship with our current collection firms will be valuable in keeping the program running smoothly and efficiently. This ordinance authorizes the City Attorney to renew contracts with the above referenced collection firms for one year.

Contract Compliance Numbers:
Capital Recovery Systems Inc. 311570459-001 expires 01/12/12
Linebarger, Goggan, Blair & Sampson, LLP 742864602-001 expires 06/02/12

Fiscal Impact: This contract is self-funding and will result in additional revenues to the general fund. Fees are paid out of monies collected by the firms. 100% of monies collected are remitted to the City and invoices from the collection agencies are paid monthly from funds collected.

Title
To authorize the City Attorney to renew contracts with Linebarger, Goggan, Blair & Sampson LLP and Capital Recovery Systems, Inc.; to authorize the City Attorney to expend up to Five Hundred Thousand and 00/100 Dollars from the Collection Fees Fund for services rendered pursuant thereto; to waive the competitive procurement provisions of the Columbus City Codes; and to declare an emergency. ($499,000.00)

Body
WHEREAS, Ordinance No. 3135-96 originally authorized the City Attorney to contract with Scoliere and Associates, now known as Linebarger, Goggin, Blair & Sampson LLP, and Ordinance No. 1833-98 originally authorized the City Attorney to contract with Capital Recovery Systems, Inc. for the collection of certain of the City's accounts receivables; and

WHEREAS, the City Attorney has been pleased with the performance of these firms and has annually renewed these contracts for collection services; and

WHEREAS, it is in the City's best interest to continue to contract with Linebarger, Goggan, Blair & Sampson LLP and Capital Recovery System, Inc., especially in light of Ordinance No. 0130-2009, authorizing the imposition of collection fees on current accounts in the possession of these collection firms as of April 1, 2009; and

LEGISLATION NUMBER: 0424-2011

Current Status: Passed

Drafting Date: 03/08/2011

Version: 1

Matter Type: Ordinance

Explanatory

BACKGROUND: This ordinance authorizes the option to purchase Limestone and Gravel Aggregates for the Department of Public Service, Division of Planning and Operation, the largest user, and other city agencies. The term of the proposed option contracts would be through April 30, 2013 with the option to extend one additional year, subject to mutual agreement by both parties, in accordance with formal bid SA003836. The Purchasing Office opened formal bids on February 17, 2011. These materials are primarily used for street maintenance.

The Purchasing Office advertised and solicited competitive bids in accordance with Section 329.06 (Solicitation No. SA003836). Thirty three bids were solicited (MAJ: 25, MIA: 8); Two (MAJ: 2) bids were received.

These companies are not debarred according to the Excluded Parties listing of the Federal Government and are not listed in the Auditor of States database for Findings for Recovery.

In addition to recommending each company be awarded the items for which they are the low bidder, Item 16 is recommended for award to both companies. Their plants are located in different areas of the city and by awarding to both plant locations, city personnel can go to the plant location closest to the jobsite where they are working which would result in overall lowest cost for the material. The bid allows for multiple awards for overall cost benefit.

The recommendation is to award items 19 and 20 to both companies as these items are for delivery and this would allow delivery of all items.

The Purchasing Office is recommending award of two contracts to the lowest, responsive, responsible and best bidders:

Shelly Materials, Inc., MAJ, CC# 31574851, exp. 1/29/2012
The Olen Corporation, MAJ, CC#314442564, exp. 2/24/2013
Total Estimated Annual Expenditure: $400,000.00

This ordinance is being submitted as an emergency because without emergency action these materials will not be available for street repairs for the upcoming construction season and the efficient delivery of valuable public services would otherwise be slowed.

FISCAL IMPACT: Funding to establish these option contracts is budgeted in the Mail, Print Services, and UTC Fund. City agencies will be required to obtain approval to expend from their own appropriations.

Title
To authorize the Finance and Management Director to enter into two contracts for the option to purchase Limestone and Gravel Aggregates with Shelly Materials, Inc. and Olen Corporation; to authorize the expenditure of two dollars to establish the contracts from the Mail, Print Services and UTC Fund; and to declare an emergency. **Explanation1.** BACKGROUND:
This legislation authorizes the Director of Public Service to execute a professional services contract modification with ms consultants, Inc. for the Division of Planning and Operations for the James Road/Stelzer Road project. This modification is necessary to modify the limits of the project.
The limits of the project are currently Stelzer Road between Allegheny Avenue/James Road to Ole Country Lane. This modification will extend the study area to the Stelzer Road at Broad Street intersection.

The purpose of this project is the preparation of an Engineering Source Document to propose and evaluate alternatives reflecting the complete streets concept for a streetscape project within these project limits. The source document will utilize the streetscape concepts present in the Port Columbus International Airport Streetscape and Landscape Concepts for International Gateway and Stelzer Road as a guide. The project is estimated to be completed in October, 2011. There are 9 bus stops and 3 transit routes within the limits of this project. This project will be planned using the principles stated in the Pedestrian Thoroughfare Plan (PTP).

Explanation
BACKGROUND:
The Municipal Court Judges have been provided funding since 1985 to pay court-appointed counsel when the public defender has a conflict of interest.

This legislation authorizes the Franklin County Municipal Court Judges to enter into contract with the Franklin County Commissioners and authorizes the expenditure for the purpose of providing court-appointed counsel. This legislation is necessary since it is the Court's responsibility under the laws of the State of Ohio and of The United States of America to provide legal counsel to indigent persons charged with serious offenses and loss of liberty offenses, when the public defender has a conflict of interest.

This legislation is submitted as an emergency measure as the Court's contract with the Franklin County Commissioners has an effective date of January 1, 2011.

EMERGENCY ACTION is requested in order to have a contract in place with the Franklin County Commissioners as soon as possible.

FISCAL IMPACT: The amount for the expenditure is budgeted and available within the Court's 2011 general fund budget.

Title
To authorize the Franklin County Municipal Court Judges, through the Administrative and Presiding Judge, to contract with the Franklin County Commissioners to provide legal counsel to indigent defendants in the Franklin County Municipal Court when the public defender has a conflict of interest; to authorize the expenditure of up to an amount not to exceed $130,000 from the Court's general fund; and to declare an emergency. ($130,000.00)

Body
WHEREAS, the Court has a responsibility to provide legal representation to indigent persons through an appointed counsel system when the public defender has a conflict of interest; and

WHEREAS, funds in an amount up to an amount not to exceed $130,000 is budgeted for the Franklin County Municipal Court Judges for this contractual agreement; and

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS

SECTION 1. That the Administrative and Presiding Judge of the Franklin County Municipal Court be and hereby is authorized and directed to contract with the Franklin County Commissioners to provide legal counsel to indigent persons in the Franklin County Municipal Court when the public defender has a conflict of interest, in accordance with the following:

A. That the period of said contract shall be twelve months commencing January 1, 2011 and terminating December 31, 2011.

B. That the contract specifies that the Franklin County Commissioners agree to promptly pay the City of Columbus any reimbursement for the amount expended by this contract that the county receives pursuant to Section 120.33 (D) of the Ohio Revised Code.

C. That the contract specifies that the Municipal Court Judges may elect to have the City of Columbus tender up to three installment payments to the Franklin County Commissioners. This measure will potentially alleviate the situation, when it exists, of having large sums of money remaining in the contract at its ultimate conclusion.

D. That the contract specifies that, if and when a sufficient surplus amount exists in the contract at the normal fiscal closing date in December of 2010, that upon the Franklin County Auditor's Office re-opening of their records in January of 2011, payment of legal fees to legal counsel continue until exhaustion of these funds or until receipt of the 2011 contract amount.

**Explanation**

**Background:**
The extension of the current three year agreement would eliminate the costly process of re-programming the existing burglar and fire alarm systems to be successfully monitored remotely. At this time, if another vendor were to be awarded the re-bid contract, each site would need to be visited by the new vendor to program the installed dialer device to their monitoring central station. Current monitoring cost per burglar and fire alarm systems is $8.50 per month for approximately 70 alarm systems. The hourly labor rate for repairs is $42.00 per hour with no trip charge. Current prices quoted in 2008 as agreed to by Elite Fire Services are to remain in effect during the extension of the agreement to May 31, 2014.

The cost of the remainder of 2011 contract extension will be $10,000.00. Total funding for these services during 2011 will not exceed $16,000.00. Funding for subsequent years would be created each year as needed on an annual basis.

The Recreation and Parks Department is requesting that the informal bidding provisions of the Columbus City Code Chapter 329.06 be waived in order to extend the existing bid contract with Elite Fire Services. It is more cost effective and in the best interest of the City to extend contract with Elite Fire Services at bid prices from 2008. Elite Fire Services, since the beginning of their relationship with the City of Columbus, has successfully provided the Recreation and Parks Department an opportunity to rehabilitate many older alarm systems in which parts are no longer available and modernize the technology at many of the department's existing security system locations.

**Emergency Justification:**
Emergency action is requested to maintain the security of City-owned property and facilities with no disruption in service.

Explanation

This is a United States Department of Agriculture (USDA) sponsored program offered to Columbus Recreation and Parks Department (CRPD) through the Ohio Department of Education (ODE). As a sponsoring agency, the Recreation and Parks Department Summer Food Coordinator solicits other agencies, focusing on areas of need in and around the city, to act as sites for providing food services and determines their eligibility in the program. Each site can provide two of three meals (breakfast and lunch, breakfast and a snack, or lunch and a snack) to children ages 1 - 18 or of school aged eligibility. The 2011 Summer Food Program will operate from June 6 through August 19 serving approximately 150,000 breakfast meals, 340,000 lunch meals, and 25,000 snacks at 230 sites.

Benefits to Public:

Free breakfast, lunch and snacks are available to all those meeting income eligibility which is the same as the free school lunch program. Sites may also offer additional programming to Columbus youth in which they may participate.

Community Input/Issues:

Columbus Recreation and Parks has an ongoing partnership with Children's Hunger Alliance (CHA) to assist in targeting areas of need and potential sites. CHA also assists in advertising the available sites to the public via media releases, PSA's on local radio stations, interviews on the government access channel (CH 3), and articles in The Columbus Dispatch and area local newspapers.

Emergency Justification:
Emergency legislation is being requested so the contract for food services can be bid and in place in time for the operation of the 2011 program. A grant application was approved by the State of Ohio on January 19, 2011.

Fiscal Impact:
$2,119,192.00 in grant funding will be used exclusively for the operation of the 2011 Summer Food Service Program. The fiscal impact of this ordinance will be to reduce the Recreation and Parks Grant Fund's unappropriated balance by $2,119,192.00.

Title
To authorize the Director of Recreation and Parks to accept a grant from the Ohio Department of Education for the 2011 Summer Food Service Program; to appropriate $2,119,192.00 to the Recreation and Parks Grant Fund 286; and to declare an emergency. ($2,119,192.00)

Body
WHEREAS, the Ohio Department of Education has awarded the City of Columbus, Recreation and Parks Department, a grant in the amount of $2,119,192.00 for the operation of the 2011 Summer Food Service Program; and

WHEREAS, it is necessary to appropriate said funds to the Recreation and Parks Department for expenditures in conjunction with the 2011 Summer Food Service Program; and

WHEREAS, an emergency exists in the usual daily operation of the Recreation and Parks Department in that it is immediately necessary to accept said grant funds and appropriate said funds as the program begins June 6, 2011; NOW, THEREFORE

That from the unappropriated monies in the Recreation and Parks Grant Fund No. 286, and from all monies estimated to come into said fund from any and all sources and unappropriated for any other purpose during the fiscal year ending December 31, 2011, the sum of $2,119,192.00 is appropriated to the Recreation and Parks Department, Department No. 51-01, Fund No. 286, as follows:

Explaination Background:
This ordinance will authorize the transfer of $500,000.00 within the voted Recreation and Parks Build America Bond Fund No. 746 and to amend the 2011 Capital Improvements Budget to allow for funding to remove Emerald Ash Borer (EAB) infested and damaged trees.

This ordinance will establish an auditor's certificate and authorize the expenditures for EAB management and park improvements. An estimated $450,000 of this expenditure will provide services to remove 1000 infested and hazardous trees and stump grindings for previously removed infested trees. The balance of $50,000 will provide funding for additional removals as needed, additional stump grindings, and contract supervision.

All bids will be obtained and contracts awarded using City Code 329, however this legislation will set up all the required funding to enter into contracts with the vendors on an as-needed basis. The first phase of this project, 500 trees, is to be advertised and proposals requested by April 1, 2011.

In order to commence the removal of the infested and hazardous trees immediately, we are requesting the authorization of $500,000.00 in Voted Bond Funds and the authorization for the Director of Recreation and Parks to enter into various contracts relating to the EAB management process.

Emergency legislation is required to proceed with the removal of hazardous and infested trees immediately.

Matter Type: Ordinance

Explanation
Ordinance #1664-2010, passed November 23, 2010, authorized the City Clerk to contract with Columbus Cultural Leadership Consortium for the purpose of fostering and sustaining arts and cultural services that enrich the Columbus community and authorized the expenditure of $300,000.00 from the General Fund. The Columbus Cultural Leadership Consortium is a 16-member group created in 2006 to bring organization and voice to the city's major cultural and artistic "anchor" institutions, with a focus on policy and strategy in both the short term and extended time frame. Among its desired outcomes is the promotion of culture and arts to form a significant differentiator for Columbus to contribute to the city's overall economic development.

The CCLC established the "Thrive in Five" initiative to raise and leverage private and public funds for CCLC member organizations while a long-term cultural plan is developed. This amendment will provide a match to funding provided by Franklin County and will help to provide year-long support to CCLC members while work on the cultural plan continues. Funding for this contract is included in the 2010 budget pursuant to a City Council amendment. This ordinance will repeal Section 4 in its entirety and will replace it with a new Section 4 thereby modifying the matching fund contingency.

Title
To amend Ordinance #1664-2010, passed November 23, 2010, by repealing Section 4 in its entirety and replacing it with a new Section 4 in order to modify the matching fund contingency in the contract between the City Clerk and Columbus Cultural Leadership Consortium; and to declare an emergency.

Body
Whereas, Ordinance #1664-2010, passed November 23, 2010, established a contract between the City Clerk and the Columbus Cultural Leadership Consortium that included a contingency that the Columbus Cultural Leadership Consortium secure matching fund dollars; and

Whereas, it is necessary to amend Ordinance #1664-2010, passed November 23, 2010, to modify the matching fund contingency to allow for the disbursal of funding based upon the amount secured from the private sector and Franklin County; and

Whereas, an emergency exists in the usual daily operation of the City, in that it is immediately necessary to modify the matching fund contingency requirements in order to nurture arts and cultural services that enrich the Columbus community, for the immediate preservation of the public health, peace, property, safety and welfare; now, therefore:
BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:

Section 1. That existing Section 4 of Ordinance #1664-2010, passed November 23, 2010, is hereby repealed in its entirety and replaced with a new Section 4 reading as follows:

SECTION 4. That the expenditure authorized by this ordinance shall be expressly contingent upon CCLC’s first securing $161,000.00 in matching funds from Franklin County as well as $161,000.00 in private funds. The remaining $139,000.00 of the authorized expenditure shall be expressly contingent upon CCLC’s first securing the additional matching funds from Franklin County as well as the private sector.

Explanation

BACKGROUND: Community Housing Network (CHN) is a Columbus based Ohio non-profit organization that provides affordable housing opportunities for individuals with persistent mental illness and those who are homeless or in danger of becoming homeless. In 1993, CHN obtained $20,000.00 in funding from the City of Columbus for the acquisition and rehabilitation of 1204-1208 N. High Street in Columbus which has been providing affordable housing for eligible CHN residents since that time. CHN has fulfilled all the federally mandated affordability requirements associated with this loan. In addition, in 1997, CHN obtained $329,000.00 from the City of Columbus for the rehabilitation of 81 Hawkes Avenue, 1715 Weber Road, 940 Weber Road, 1234 Weber Road East, 2942 Sullivant Avenue and 1449 Columbus Avenue. All the federally mandated affordability requirements have been met on these sites as well. CHN has been awarded or will be awarded low income housing tax credits along with additional City HOME funds and State funds to recapitalize and modernize 1204-1208 N. High Street, 81 Hawkes Avenue, 1715 Weber Road, 940 Weber Road, 1234 Weber Road East and 2942 Sullivant Avenue.

In order to obtain the necessary financing to accomplish this much needed rehabilitation work, CHN is asking the City to forgive the outstanding debt on those sites. 1449 Columbus Avenue is intended to be sold. The City's proportionate share of outstanding debt on that site will remain in place until sale and if there are sufficient proceeds after payment of cost of sale and debts with higher priority, the City will recoup its investment. With the new City debt being placed on the properties, the same oversight for affordable rents and low and moderate income occupancy will be in place.

Emergency action is requested so that CHN can finance its rehabilitation activities for these sites and meet the timelines mandated by OHFA and the low income housing tax credit program to complete the rehabilitation work and place the sites into service.

FISCAL IMPACT: No funding is required for this ordinance. There will be a loss of $279,493.00 in HOME receivables.

BACKGROUND: This ordinance is being submitted to set forth the municipal services and zoning conditions the city of Columbus will provide upon annexation of a territory located in Sharon Township. This ordinance is required by the Ohio Revised Code (ORC) as enacted by the General Assembly of the State of Ohio. An annexation petition has been filed with Franklin County for this property. A service ordinance must be passed before the annexation meeting takes place before the Board of County Commissioners of Franklin County. Information regarding municipal services that would be available, should the subject site be annexed, has been compiled and is reflected in this ordinance. Should the petition be
approved by the County Commissioners, a second City ordinance accepting the annexation will be required to complete the
annexation process. The time frames specified in the ORC require that this legislation be filed as emergency.

**FISCAL IMPACT:** The statement of municipal services and zoning conditions for a proposed annexation area has no
fiscal impact. While provision of the stated services does represent cost to the city, annexation of land also has the
potential to create revenue to the city.

**Title**
To set forth a statement of municipal services and zoning conditions to be provided to the area contained in a proposed
annexation (AN11-002) of ±.93 acres in Sharon Township to the City of Columbus as required by the Ohio Revised Code;

and Rebecca J. Campbell on March 22, 2011; and

WHEREAS, a hearing on said petition is scheduled before the Board of County Commissioners of Franklin County on
April 26, 2011; and

WHEREAS, the Ohio Revised Code requires that before said hearing the Municipal Legislative Authority shall adopt a
statement indicating what services, if any, the municipal corporation will provide to the territory proposed for annexation
upon annexation; and

WHEREAS, the Ohio Revised Code requires that before said meeting the Municipal Legislative Authority adopt an
ordinance stating zoning buffering conditions; and

WHEREAS, the parcel is located within the boundaries of the adopted Northwest Plan.

WHEREAS, upon annexation, properties will have limited access to City services as they become available; and

WHEREAS, an emergency exists in the usual daily operation of the Department of Development in that it is immediately
necessary to present this ordinance to the Franklin County Board of Commissioners in accordance with the Ohio Revised
Code all for the preservation of the public peace, property, health safety and welfare; now, therefore,

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS

**Section 1.** That the city of Columbus will provide the following municipal services for ±.93 acres in Sharon
Township upon the annexation of said area to the city of Columbus:

**Public Safety:** The City of Columbus, Department of Public Safety will be able to provide the appropriate level of
safety related services to the proposed annexation area. Such services will include police and fire protection as well as
emergency medical service to the subject property.

While the petitioner for annexation may have proposed future development plans for the property in question, the
Department of Public Safety requests that the City exercise its discretion in the coming development planning and review
process to ensure any future development will be properly served by the Department of Public Safety. Discussions between
the City and the present property owner or any future developers regarding post annexation changes in zoning or other
changes to the property should include the Department of Public Safety and the Department of Development to ensure any
proposed development of the annexation property may be adequately accommodated. Specific details for safety services
are dependent upon the parameters of future development that is ultimately approved by the City.

**Sanitation:** Residential refuse collection services will **NOT** be available for residential uses upon annexation of the
property. The subject site is located on a dead-end street that was constructed without vehicle a turn-around. There is no
place on Briarbank for a refuse truck to turn around without entering private residential property.

**Transportation:** Maintenance will be available for any additional right-of-way that may be included in this annexation request. If this annexation contains existing signalized intersections, those intersections and signals are subject to Transportation Division Policy, which appeared in the December 6, 2003 Columbus City Bulletin, and any subsequent updates thereto.

**Water:** The site will be served by an existing twelve-inch water main on the west side of Linworth Road.

**Sanitary Sewer:** Department of Utility records indicate this property can be served by an existing 8-inch sewer located along the northern and eastern property lines.

**Storm Sewer:** All storm sewers necessary for development/reevaluation of the area shall be designed in accordance with design policy and zoning codes in effect at the time of development. All sanitary and storm sewers required shall be constructed privately by the owners/developers at their own cost and expense with no cost to the city.

### Section 2.
If this .93 ± acre site is annexed, and if the City of Columbus permits uses in the annexed territory that the City of Columbus determines are clearly incompatible with the uses permitted under current county or township zoning regulations in the adjacent land remaining within Sharon Township, the Columbus City Council will require, in the zoning ordinance permitting the incompatible uses, the owner of the annexed territory to provide a buffer separating the use of the annexed territory and the adjacent land remaining within Sharon Township. For the purpose of this section, "buffer" includes open space, landscaping, fences, walls, and other structured elements: streets and street right-of-way; and bicycle and pedestrian paths and sidewalks.

### Section 3.
That for the reasons stated in the preamble hereto, which is hereby made a part hereof, this ordinance is hereby declared to be an emergency measure and shall take effect and be in force from and after its passage and approval by the Mayor or ten days after passage if the Mayor neither approves nor vetoes the same.

A service ordinance must be passed before the annexation meeting takes place before the Board of County Commissioners of Franklin County. Information regarding municipal services that would be available, should the subject site be annexed, has been compiled and is reflected in this ordinance. Should the petition be approved by the County Commissioners, a second City ordinance accepting the annexation will be required to complete the process. The time frames specified in the ORC require that this legislation be filed as emergency.

**FISCAL IMPACT:** The statement of municipal services and zoning conditions for a proposed annexation area has no fiscal impact. While provision of the stated services does represent cost to the city, annexation of land also has the potential to create revenue to the city.

**Title**  
To set forth a statement of municipal services and zoning conditions to be provided to the area contained in a proposed annexation (AN11-003) of .717 ± acres in Prairie Township to the City of Columbus as required by the Ohio Revised Code; and to declare an emergency.
WHEREAS, a petition for the annexation of certain territory in Prairie Township was duly filed by David R. & Diana L. Clarey on March 23, 2011; and

WHEREAS, a hearing on said petition is scheduled before the Board of County Commissioners of Franklin County on April 26, 2011; and

WHEREAS, the Ohio Revised Code requires that before said hearing the Municipal Legislative Authority shall adopt a statement indicating what services, if any, the municipal corporation will provide to the territory proposed for annexation upon annexation; and

WHEREAS, the Ohio Revised Code requires that before said meeting the Municipal Legislative Authority adopt an ordinance stating zoning buffering conditions; and

WHEREAS, the parcel is located within the boundaries of the 2006 Big Darby Accord Watershed Master Plan and the April 2009 Big Darby Accord Revenue Program; and

WHEREAS, upon review by the City's Sustainability and Regional Development Coordinator, it was determined that because this is an existing single-family for which annexation is being requested due to septic failure, the provisions of the Revenue Program will not be applied at this time; the switch from a failing septic system to centralized utilities will benefit the environment and is in the spirit of the Big Darby Accord; and

WHEREAS, upon annexation, properties will have uniform access to City services as they become available; and

WHEREAS, an emergency exists in the usual daily operation of the Department of Development in that it is immediately necessary to present this ordinance to the Franklin County Board of Commissioners in accordance with the Ohio Revised Code, all for the preservation of the public peace, property, health safety and welfare; now, therefore,

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:

Section 1. That the City of Columbus will provide the following municipal services for .717 ± acres in Prairie Township upon the annexation of said area to the city of Columbus:

Public Safety: The City of Columbus, Department of Public Safety will be able to provide the appropriate level of safety related services to the proposed annexation area. Such services will include police and fire protection as well as emergency medical service to the subject property.

While the petitioner for annexation may have proposed future development plans for the property in question, the Department of Public Safety requests that the City exercise its discretion in the coming development planning and review process to ensure any future development will be properly served by the Department of Public Safety. Discussions between the City and the present property owner or any future developers regarding post annexation changes in zoning or other changes to the property should include the Department of Public Safety and the Department of Development to ensure any proposed development of the annexation property may be adequately accommodated. Specific details for safety services are dependent upon the parameters of future development that is ultimately approved by the City.

Sanitation: Residential refuse collection services will be available for residential uses upon annexation of the property. Commercial/business uses are required to provide their own refuse collection.

Transportation: Maintenance will be available for any additional right-of-way that may be included in this annexation request. If this annexation contains existing signalized intersections, those intersections and signals are subject to Transportation Division Policy, which appeared in the December 6, 2003 Columbus City Bulletin, and any subsequent
updates thereto.

**Water:** The site will be served by an existing twelve-inch (12”) water main located in Feder Road.

**Sanitary Sewer:** Department of Utility records indicate this property can be served by an existing eight-inch (8”) sanitary sewer situated along the north property line. The sewer is situated within an easement and can be tapped under a sewer permit for installation/inspection.

**Storm Sewer:** All storm sewers necessary for development/redevelopment of the area shall be designed in accordance with design policy and zoning codes in effect at the time of development. All sanitary and storm sewers required shall be constructed privately by the owners/developers at their own cost and expense with no cost to the city.

**Section 2.** If this .717 ± acre site is annexed, and if the City of Columbus permits uses in the annexed territory that the City of Columbus determines are clearly incompatible with the uses permitted under current county or township zoning regulations in the adjacent land remaining within Prairie Township, the Columbus City Council will require, in the zoning ordinance permitting the incompatible uses, the owner of the annexed territory to provide a buffer separating the use of the annexed territory and the adjacent land remaining within Prairie Township. For the purpose of this section, "buffer" includes open space, landscaping, fences, walls, and other structured elements: streets and street right-of-way; and bicycle and pedestrian paths and sidewalks.

**Section 3.** That for the reasons stated in the preamble hereto, which is hereby made a part hereof, this ordinance is hereby declared to be an emergency measure and shall take effect and be in force from and after its passage and approval by the Mayor or ten days after passage if the Mayor neither approves nor vetoes the same.

**Explanation**
The purpose of this ordinance is to amend the current authorized strength, as set forth in ordinance 0150-2011, by amending the part-time, other fund sanctioned authorized strength of the Division of Design and Construction in the Public Service Department. An increase in ten (10) part-time positions is being added to this division's strength to accommodate an increased workload due to the amount and volume of projects being sold. Typically, while an increase in the volume of projects requires a commensurate increase in staffing, there are also generally increased revenues. As such, any added cost associated with these positions will be covered via increased revenues.

**FISCAL IMPACT:**
There is no net fiscal impact with passage of this ordinance. Any additional positions that may be added to the Division of Design and Construction as a result of the increased authorized strength being requested herein will in turn generate additional revenues for the division's construction inspection fund. The increased revenues will then be used to offset costs associated with the increase in strength.

**Title**
To establish a new authorized strength ordinance for the Public Service Department, to increase the part-time other-fund sanctioned strength for the Division of Design and Construction, to repeal ordinance 0150-2011; and to declare an emergency.

**Body**
WHEREAS, the Division of Design and Construction in the Public Service Department has recently experienced an increase in the number and volume of projects; and

WHEREAS, they desire to increase their part-time staffing levels to address this increase in projects; and

WHEREAS, since this increase in projects generates revenue to the construction inspection fund within the Division of Design and Construction; and

WHEREAS, the increased revenue can be used to pay for the increase in part-time personnel; and
WHEREAS, an increase in the part-time, other-fund sanctioned authorized strength is needed in the Public Service Department's Division of Design and Construction before an increase in staffing levels can be made; and

WHEREAS, an emergency exists in the usual daily operation of the Department of Public Service in that it is immediately necessary to establish a new authorized strength ordinance to provide for the efficient operation of the city, and for the immediate preservation of the public health, peace, property, safety and welfare; Now, Therefore

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS

SECTION 1. That pursuant to Section 14, of the City Charter, the maximum number of officers and employees authorized to be employed within the various Departments, Boards and Offices of the City and hereby fixed and established as follows:

SECTION 3. Temporary appointments are not subject to the authorized strength ordinance. Additionally, limited appointments made to cover full-time and part-time employees on authorized leave (injury, disability or military leave) are not subject to the authorized strength ordinance.

SECTION 4. That Ordinance No. 0150-2011 and all other ordinances relative to the authorization of employees for any department, division, board or commission and all other ordinances in conflict herewith be and the same are hereby repealed.

SECTION 5.
