To express support for the Office of the Ohio Consumers' Counsel and urge the Ohio General Assembly to preserve the mission of the OCC by restoring funding to their budget.

Body

WHEREAS, in 1976, The Ohio Consumers' Counsel was created by the Ohio General Assembly to represent the interests of Ohio's residential utility customers in matters relating to regulated public utility services; electric, natural gas, water and telephone and the activities of the Public Utilities Commission of Ohio (PUCO); and

WHEREAS, funded independently by mandatory assessments on utilities and not by taxes, the Ohio Consumers' Counsel's budget does not affect the State's General Revenue Fund; and

WHEREAS, the Ohio Consumer's Counsel's current operating budget is approximately \$8.5 million per year; however, under the proposed biennial budget, their budget would be reduced to \$4.1 million per year; and

WHEREAS, the Ohio Consumers' Counsel staff, which includes attorneys, accountants, economists, engineers, investigators and other highly skilled professionals participate in legal proceedings, analyze utility issues, educate customers, resolve informal complaints relating to utility services through the highly effective Consumer Call Center and advocates on behalf of Ohio's residential households; and

WHEREAS, in the current biennium, the Ohio Consumers' Counsel has saved customers \$54.8 million directly through its advocacy, and an additional \$1.9 billion in shared savings with other partners and furthermore, during the past 35 years, the Ohio Consumers' Counsel has saved utility customers \$10 billion in avoided utility costs, thus the savings have far exceeded the costs; and

WHEREAS, any budget reduction to the Ohio Consumers' Counsel would not go back to the taxpayers, but would go to the utility companies, and the proposed budget cuts would have a detrimental impact on the residential utility customers of the State of Ohio and the ability of the Office of the Ohio Consumers' Counsel to effectively advocate on their behalf; and

WHEREAS, three budget amendments are proposed that would further inhibit the Ohio Consumers' Counsel's ability to represent the best interest of utility customers. These proposed amendments would prohibit the OCC from operating a call center, remove OCC contact information from bills and notices, and prohibit it from advocating a position that conflicts with the development of competitive markets in the utility industry; now, therefore

BE IT RESOLVED BY THE COUNCIL OF THE CITY OF COLUMBUS:

That Columbus City Council does hereby support the Office of the Ohio Consumers' Counsel and urges the Ohio General Assembly to preserve the mission of the OCC and restore funding to their budget.

Matter Type: Ordinance

Explanation Background: This Ordinance authorizes the Public Utilities Director to enter into an agreement with and to authorize payment to the Ohio Department of Transportation (ODOT) for the installation of three street lighting poles near the Bridge Rehabilitation - US 23 (4th Street) over Convention Center Connector and Railroad project (ODOT FRA-23-12.11 PID 77565), in ODOT District 6.

This ordinance also authorizes the Director of Public Service to enter into agreement with the Ohio Department of Transportation necessary for the rehabilitation of this bridge and provide for payment for pavement markings for the project.

This project will rehabilitate the US 23 (4th Street) bridge over Convention Center Connector and Railroad by redecking and repainting structural steel and include limited resurfacing, sidewalk improvements, and installation of three of the City's lighting poles near the bridge that are in need of repair due to age and deteriorating pole foundation structure and circuitry.

The Department of Public Service, Division of Design and Construction has also requested that the State include an alternate bid item in the project for pavement markings on the bridge that are typically utilized by the City and differ from those utilized by the State in their increased durability. The expenditure of \$7,000.00 for these pavement marking is also authorized within this ordinance.

ODOT plans on bidding this project in May 2011 and requires pre-payment for the estimated construction cost of lighting.

This agreement consists of the City committing to pay an estimated amount as prepared by the Ohio Department of Transportation, Office of Estimating; that the total cost and expenses of the lighting portion of the project are only an estimate and may be adjusted by the State; that the City agrees that change orders and extra work contracts related to the lighting portion may be required to fulfill the construction contract and shall be processed as needed; and that the State shall not approve a change order or extra contract work related to the lighting portion of the project until it gives notice, in writing, to the City.

Emergency action is requested in order to return necessary paperwork to meet ODOT's schedule to bid this project by May 2011.

Fiscal Impact: A transfer of \$15,790 within the Electricity Voted Bonds Fund and an amendment to the 2011 Capital Improvements Budget is needed to provide sufficient cash and authority in the proper project for the aforementioned expenditure.

The Department of Public Service has requested the City include an alternate bid item for pavement markings. This will require an amendment to the 2011 Capital Improvements Budget to establish authority in the correct project for this expense. This expense can be accommodated by appropriating and transferring funds needed in the amount of \$7,000.00 from the Special Income Tax Fund. Bonds have yet to be sold for the whole project, necessitating a certification of \$7,000.00 against the Special Income Tax Fund. Upon sale of bonds, this will be reimbursed.

TitleTo authorize the Public Utilities Director to enter into agreement with the Director of the Ohio Department of Transportation for reimbursement for the installation of street lighting poles near an ODOT Bridge Project; to authorize the Director of Public Service to enter into agreements necessary for the rehabilitation of the US 23 (4th Street) over Convention Center Connector and Railroad structure; to authorize the transfer and expenditure of \$15,790.00 within the Electricity Bonds Fund; to authorize amendments to the 2011 Capital Improvements Budget; to authorize and direct the City Auditor to appropriate and transfer \$7,000.00 from the Special Income Tax Fund to the Streets and Highways G.O. Bonds Fund; to authorize the City Auditor to appropriate \$7,000.00 within the Streets and Highways G.O. Bonds Fund; to authorize the expenditure of \$7,000.00 from the Streets and Highways G.O. Bonds Fund and to declare an emergency. (\$22,790.00)

WHEREAS, the Department of Public Service has requested that the State include an alternate bid item for pavement markings; and

WHEREAS, the Department of Public Service agrees to assume and bear one hundred percent of the cost of the difference between the base pavement marking and the alternate pavement markings, if accepted, as shown in the construction plans as 100% alternate bid and the related construction engineering cost, and further, to assume and bear one hundred percent (100%) of the construction cost of any other items requested by the City of Columbus, Department of Public Service which is determined not to be eligible for Federal and State participation; and

WHEREAS, the City agrees to assume and bear one hundred percent (100%) of the entire cost of construction for the City's portion of the street lighting improvements for this project, and

WHEREAS, the Director of the Ohio Department of Transportation has approved said legislation proposing cooperation and has caused to be made plans and specifications and an estimate of cost and expense for improving the above described highway and has transmitted copies of same to this legislative authority; and

FISCAL IMPACT: The City will incur no expenditures with the passage of this ordinance. This legislation provides a mechanism for recovery of costs associated with the Nuisance Abatement Program.

Explanation

The purpose of this legislation is to authorize the Director of Finance and Management to establish a blanket purchase order for the Division of Sewerage and Drainage to obtain Sodium Hypochlorite in accordance with an established Universal Term Contract that expires March 31, 2014.

Sodium Hypochlorite is an approved chlorine solution used at the Southerly and Jackson Pike Wastewater Treatment Plants to disinfect effluent prior to its discharge to the Scioto River. The Ohio EPA requires that plant effluent be disinfected from May 1 through October 31 of each year. The chemical is being purchased in accordance with the existing Universal Term Contract, FL004866, which expires 3-31-14.

SUPPLIER: Bonded Chemicals (61-1162384); Expires 9-3-12

The company is not debarred according to the Excluded Party Listing System of the Federal Government or prohibited from being awarded a contract according to the Auditor of State Unresolved Findings for Recovery Certified Search.

This legislation is being submitted as an emergency so that there is not an interruption in the delivery of this chemical. Due to the extremely rainy season that we have experienced, the plants are required to use more of this chemical at a faster rate than what would be available for funding from the Universal Term Contract without legislation. Sodium Hypochlorite is used to treat the City's wastewater and a delay in its availability would negatively affect the efficient delivery of valuable public services.

FISCAL IMPACT: \$297,000.00 is required and budgeted for this expenditure. The Division of Sewerage and Drainage has established two (2) purchase orders in the amount of \$100,000.00. The total of \$100,000.00 is the threshold per Columbus City Code for funding Universal Term Contracts without legislation.

\$270,720.92 was spent in 2010

\$311,529.97 was spent in 2009

\$305,091.26 was spent in 2008

Title

To authorize the Director of Finance and Management to establish a Blanket Purchase Order with Bonded Chemicals from a Universal Term Contract for the purchase of Wastewater Treatment Chemicals for the Division of Sewerage and Drainage, to authorize the expenditure of \$297,000.00 from the Sewerage System Operating Fund, and to declare an emergency. Matter Type: Ordinance

Explanation

BACKGROUND: This legislation authorizes the Finance and Management Director to modify a contract on behalf of the Office of Construction Management with Lithko Restoration Technologies, LLC for the renovation of the 98-102 North Front Street parking garage.

Ordinance No. 1602-2010, passed October 23, 2010, authorized the renovation of the 98-102 North Front Street parking garage for \$1,959,060.00. Approximately 275 existing parking spaces located around City Hall, 109 North Front Street, and Ludlow Alley will be permanently lost when the renovation of the former Central Safety Building begins. This renovation will allow the City to provide convenient, safe, and secure replacement parking to support its core operations. When complete the garage will provide approximately 400 parking spaces.

A modification of this contract is necessary due to unforeseen structural deterioration of the parking garage. Due to the fact Lithko Restoration Technologies, LLC was awarded the original contract, a modification is the most logical and expeditious option to bring this phase of the project to completion. Involving another contractor at this point would delay the project and would not allow for its occupancy as planned. Unit prices already established in the contract were used to determine the cost of this modification. Additionally, monies are included to install proper cabling and connections to the Facilities Management Security Office.

Emergency action is requested as it is immediately necessary to continue renovation work of the garage, thereby allowing for full occupancy of the garage in compliance with the City's timeline for consolidation.

Lithko Restoration Technologies, LLC Contract Compliance No. 01-0817704, expiration date January 20, 2012.

Fiscal Impact: The cost of this contract is \$160,593.00. The current unencumbered cash balance in the Construction Management Capital Improvement Fund, Gov'l B.A.B.'s - Building Evaluations is \$71,169.00. Funding is also available in the Construction Management Capital Improvement Fund, Gov'l B.A.B.'s - Facility Renovations -Various, following an encumbrance cancellation, in the amount of \$2,000.00. An additional \$87,424.00 will be transferred between projects within the Construction Management Capital Improvement Fund, Gov'l B.A.B.'s (Build America Bonds) Fund.

Explanation

BACKGROUND:

This ordinance authorizes the Administrating and Presiding Judge of the Franklin County Municipal Court to enter into contract with Alcohol Monitoring Systems, Inc. (AMS) for monitoring services associated with the use of secure

continuous remote alcohol monitor (SCRAM) devices. The SCRAM unit is a non-invasive, tamper-resistant, transdermal monitoring device that measures blood alcohol concentration automatically, 24 hours a day, regardless of the individual's location. AMS holds many patents on the continuous alcohol monitoring device.

The Franklin County Municipal Court Judges purchased 40 SCRAM devices with monies from its indigent driver alcohol treatment fund for the purpose of monitoring offenders with alcohol dependency issues that are sentenced to use a SCRAM unit as a condition of probation. The continued use of the SCRAM devices necessitates monitoring services, which is provided by AMS. As a consequence, the Court asks that the competitive bidding provisions of the Columbus City Code be waived so that the Court can enter into contract with AMS for continuation of alcohol monitoring services.

Alcohol Monitoring System's contract compliance is 300137963 and expires 12/17/11.

FISCAL IMPACT: Funds are available within the 2011 indigent driver alcohol treatment fund and the electronic alcohol monitoring fund for this purpose.

Pursuant to the requirements of Chapter 121 of Columbus City Codes, 1959, this notice is submitted as a certified copy of the rules and regulations published December 13, 1997, to **amend Section B (9) May, 2011.**

A. Pushcart Standards

1. Generators on pushcarts powered by gasoline are prohibited. Only generators powered by propane are acceptable. Generators shall not be placed on the ground, or placed so as to extend the allowable dimensions of the cart.
2. The braking mechanism on a pushcart shall be affixed in such a manner that it is not readily removable. The use of ropes and chocks as the sole braking mechanism is prohibited.
3. Unsecured weather guards on pushcarts are prohibited. Weather guards shall be included as part of the allowable measurements of the cart.
4. With the exception of merchandise or food items to be sold, pushcarts presented for inspection shall be exactly as they will appear when operating on a public right-of-way, including any food rack.
5. No modification, even if such modification does not violate measurement requirements, shall be made to a pushcart that violates any health or safety regulation or law.
6. Umbrellas, canopies, or other covers used on pushcarts shall be clean and well maintained, with no holes or tears. Pushcart owners shall have ninety (90) days to comply with this requirement where it is necessary to replace the umbrella or canopy. Pushcart owners shall have a period of five (5) days to comply with this requirement where it is necessary only to repair or clean an umbrella or canopy. These time frames shall not apply where holes, tears, and cleanliness are found to be a violation of the Health Code. In these cases, pushcart owners shall comply as ordered by the Health Department.
7. Pushcarts shall be maintained in such a manner that prevents the spilling or splattering of grease, water, food, or trash on any public right-of-way where the cart is placed.

8. Unsecured menu boards are prohibited on pushcarts. The measurements of the menu board shall be included as part of the allowable size of the pushcart.
9. A three foot by five foot (3' x 5'), National Sanitation Foundation (NSF) approved mat shall be used with pushcarts from which foodstuff is sold. The mat shall be placed flush with the pushcart, beneath the food preparation area in such a manner to prevent any foodstuff or grease spillage.
10. Pushcarts shall have a clean appearance at all time.

B. Pushcart Operations

1. No pushcart shall be left unattended on a public right-of-way for longer than thirty (30) minutes.
2. Pushcart owners shall be responsible for the cleaning and repair of any public right-of-way soiled, stained, or damaged by the placement and operation of their pushcarts. Such cleaning or repair shall be done in such a manner so as to return the area to its original state, and shall be at the expense of the pushcart owner. The License Section may conduct an inspection of any such area to determine if the repair or cleaning is satisfactory.
3. Pushcarts are prohibited from operating on any public right-of-way where public safety is jeopardized, as determined by the Director of Public Safety or the Divisions of Police or Fire.
4. Any pushcart found to cause consistent, justified complaints from the general public in the area where operating, shall be prohibited from operating in that area. This shall include, but not be limited to failing to maintain a clean working area, damaging sidewalks or buildings with foodstuff and wrappers, spilling of grease on the sidewalk, or failing to respect the rights of building occupants. Any finding against a pushcart owner shall be made through the process of investigations and a hearing before the License Section Manager.
5. Pushcarts with propane tanks are prohibited from operating under any skywalk or roof extended over a sidewalk from a building.
6. Propane tanks on pushcarts shall not be changed while resting on any public right-of-way.
7. No pushcart shall carry more than a forty (40) pound supply of propane on a public right-of-way. This maximum supply of propane must be manifolded to appliances where such supply is contained in more than one tank.
