Columbus Public Health has applied for a grant from the Ohio Department of Health to fund the Women, Infants and Children (WIC) Program for the period October 1, 2011 through September 30, 2012. The WIC budget provides $192,947.20 for the lease of real property to be used as clinic space for the WIC program. Because of the anticipated delays in getting the new WIC Grant Project established, this Ordinance will allow the WIC Program to continue to lease clinic space from the following landlords with no delay in lease payments.

Of the leases listed above, the PLM of Cols. lease will be a new lease to replace an existing lease that has no remaining renewal options; the Setterlin, LGPG,LP, and Holt Road leases will be automatically renewed per previous authorizing legislation; and the Dr. Beard lease had previously been approved per Ordinance 0933-2011, and this Ordinance authorizes the funding for this lease from the Health Special Revenue Fund.

Emergency action is requested in order to avoid any delays in providing program services.

**FISCAL IMPACT:** Because the new WIC Project cannot be created until Columbus Public Health receives the Notice of Award letter from ODH, it is necessary to establish these contracts within the Health Special Revenue Fund. The Health Special Revenue Fund will be reimbursed for the expenses upon receipt of a Notice of Award from ODH. This grant does not generate revenue or require a City match.

To authorize and direct the Director of Finance and Management to enter into a new lease contract with PLM of Col., and to authorize funding for four other leases for the period October 1, 2011 through September 30, 2012, to authorize a total expenditure of $192,947.20 from the Health Special Revenue Fund, and to declare an emergency.($192,947.20)

**WHEREAS,** the City, for the benefit of Columbus Public Health, currently leases real property located at 3933 Livingston Avenue, Columbus, Ohio in order to provide services for the Women, Infants and Children program. That lease has no remaining renewal options thus requiring a new lease contract with PLM of Cols. to continue to provide services at this location; and,

**WHEREAS,** an emergency exists in the usual daily operation of Columbus Public Health in that it is immediately necessary to enter into this lease for the immediate preservation of the public health, peace, property, safety and welfare; Now, therefore,

**BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:**
SECTION 1. That the Director of the Finance and Management Department is hereby authorized and directed to enter into a lease contract with PLM of Cols., for the provision of rental space for a WIC clinic for the period of October 1, 2011 through September 30, 2012.

SECTION 2. That the terms and conditions of the new lease are as stated in the Lease Agreement approved by the Real Estate Division, Department of Law, and includes the following:

a). The lease agreement shall be for a one year term commencing on October 1, 2011 and terminating September 30, 2012.

b). The lease shall include three one-year automatic renewal options, each effective for a one year period, commencing on October 1 and terminating September 30, subject to the appropriation of funds by City Council and certification of funds availability and as provided by the terms of in the lease agreement.

Modification #3: $400,000.00 (Joyce/Hudson St. Imp's)
Modification #4 (current): $125,771.30 (Linden Ave.)

Grand Total: $1,353,584.68 (total contract amount for Group 10)

2. Reasons additional goods/services could not be foreseen:
A previously unknown flooding problem was recently brought to the City's attention by a resident; a decision was made to add this new work to the plans. The original scope did not include record plan preparation, as this was not a standard practice at the time of the original contract. Also, changes in federal and state regulatory standards and rules necessitate a much more extensive permit preparation work.

3. Reason other procurement processes are not used:
The work to be funded by this modification is to revise existing plans prepared within the original contract, and, as such, must be performed by the original engineer of record.

4. How cost of modification was determined:
Price quotes for the additional design services under this modification were requested by the Division of Sewerage and Drainage, prepared by the design engineer, and were subsequently reviewed by Division
personnel and deemed to be appropriate.

This legislation authorizes the Finance and Management Director to establish a purchase order for the Division of Sewerage and Drainage, Stormwater Management for four (4) Compact Pickup Trucks from White Allen Chevrolet. The purchase of this equipment will be in accordance with the current State of Ohio GDC Contract, Contract Number RS900411 which expires on September 30, 2011. The City of Columbus does not include this equipment on any Universal Term Contract and does not foresee receiving better pricing through a bid process. The equipment will be utilized in Stormwater Management for daily operations throughout the City.

There are no current green options for these particular vehicles. However in purchasing these vehicles, the Department of Public Utilities will be acquiring smaller vehicles than originally considered.

Ordinance 582-87 authorizes the City of Columbus to participate in cooperative purchasing contracts and as a member of the Central Ohio Organization of Public Purchasers (CO-OPP), the City of Columbus is authorized to purchase from this contract.

A copy of the State of Ohio contract and pricing structure is attached to this legislation. The equipment has been approved by Fleet Management. The funding requested on this legislation is based on a quote dated September 7, 2011 and is the State of Ohio contract pricing. The quotation is on file with the Purchasing Office and attached to this legislation.

This ordinance is being submitted as an emergency measure in order to take advantage of an opportunity to purchase 2012 model trucks at 2011 contract pricing. The Light Duty Truck State Contract expires on September 30, 2011.

The company is not debarred according to the Excluded Party Listing System of the Federal Government or prohibited from being awarded a contract according to the Auditor of State Unresolved Findings for Recovery Certified Search.

1. BACKGROUND
The Division of Planning and Operations is responsible for sweeping along the City's roadway system. To accomplish this mission the Division requires eight 4-Wheel Sweepers. These sweepers will replace older units which are beyond their useful service life and will provide for a more reliable fleet to carry out services provided by the Division.

In order to effectively sweep older neighborhoods, the City's downtown and areas that are on the outer reaches of the city, the Division requires a sweeper that is highly versatile. The Challenger sweeper is unique for its combination of four attributes: 1) it has a very tight turning radius, 2) the ability to travel at high speeds, 3) it is capable of dumping directly into a dump truck bed, and 4) it has a dual engine configuration. This last item is most important in that sweepers are high maintenance pieces of equipment.

The sole sweeper on the market capable of meeting all four attributes is the 4-wheel Challenger. McLean Company is the only authorized dealer in central Ohio who can meet the contract requirement that the warranty work be performed in Franklin County or a contiguous county. Therefore, the Purchasing Office
recommended that negotiations with McLean Company be used to procure the sweepers, rather than a bid process where only one company would be eligible to bid. During the negotiations, the City was able to procure additional warranty years. The City negotiated the price based on the price paid by other entities in the last year. The negotiated price for a single unit is $166,900.00.

Therefore, the Division of Planning and Operations respectfully requests that City Council waives the competitive bidding provisions of the Columbus City Codes for the reasons stated above. Searches in the Excluded Party List System (Federal) and the Findings for Recovery list (State) produced no findings against The McLean Company.

2. CONTRACT COMPLIANCE INFORMATION
The McLean Company, contract compliance number is 34-0762688 and expires 07/19/12.

3. EMERGENCY DESIGNATION
Emergency action is requested in order to have this equipment on hand at the earliest possible time to service City Streets.

3. FISCAL IMPACT
Funds are budgeted and available for this expenditure from the Streets and Highways G.O. Bonds Fund, no. 704. The cost of this purchase is $1,335,200.00.

To authorize the Finance and Management Director to enter into a contract for the purchase of eight (8) 4-Wheel Sweepers from The McLean Company; to waive the competitive bidding requirements of the Columbus City Codes, 1959; to authorize the expenditure of $1,335,200.00 from the Streets and Highways G.O. Bonds Fund; and to declare an emergency. ($1,335,200.00)

Background: South Side Settlement, an Ohio non-profit corporation, is the owner of that real property commonly known as 310 Innis Avenue, located at the northwestern corner of Innis Avenue and Washington Avenue in Columbus, Ohio. The site is comprised of eleven (11) Franklin County Tax Parcels totaling approximately .917 acres, and contains a 22,335 square foot commercial building and a 1,120 square foot house. Built in 1979, the main building has served as a settlement house providing numerous social service programs to the neighborhood. Due to current economic conditions and cuts in support funding over the course of several years, South Side Settlement has not been able to support the maintenance of the building. The current building improvements suffer from functional obsolescence and significant deferred maintenance. South Side Settlement desires to donate the property to the City of Columbus to be used to assist the City in providing a variety of social service programs in an effort to revitalize this south side neighborhood.

This legislation authorizes the Director of Finance and Management to negotiate and execute those documents as are necessary and approved by the Department of Law, Division of Real Estate to accept and obtain title to that real property containing eleven parcels and commonly known as 310 Innis Avenue from South Side Settlement.

Fiscal Impact: N/A

That for reasons stated in the preamble, hereto, which is hereby made a part hereof, this ordinance is hereby declared to be an emergency measure and shall take effect and be in force from and after its passage and approval by the Mayor or ten days after its passage if the Mayor neither approves nor vetoes the same.

BACKGROUND: This ordinance authorizes the Finance and Management Director to establish a Universal
Term contract with Sprint Solutions, Inc. for Cellular Voice and Data Services using section 329.14 as the competitive procurement process (SA003945). A Universal Term Contract is required to establish firm, fixed requirements and pricing while providing a simpler method for City agencies to establish funds for these items.

This ordinance also waives Section 329.07(h)(1) of the Columbus City Codes as the competitive bidding process to be used by the Purchasing Office. Given the complexity of the criteria involved and multitude of services being provided and evaluated, Section 329.14 (Awarding Professions Services through requests for proposals) was the process used to obtain and evaluate proposals. As required in Section 329.14, a committee was established to review proposals and rank the offerors. Three offerors were selected to give presentations to the committee and following the presentations the committee submitted rankings the the Finance and Management Director. The Finance and Management Director selected Sprint Solutions, Inc. as the offeror with whom to conduct negotiations. Ninety six (96) (M1A:4, F1:0) bids were solicited; A total of six (6) bid proposals (M1A:0, F1:0) were received.

**Emergency action** is requested to ensure uninterrupted cellular and data communications for all City agencies.

Sprint Solutions, Inc.  CC#47-0882463 (Expires 3/8/12)

Total Estimated Annual Expenditure: $1,000,000.00

This company is not debarred according to the Federal Excluded Parties Listing or the State Auditor's Findings For Recovery Database.

This ordinance is being submitted as an emergency because, without emergency action, there is the possibility of a discontinuation of cellular service, which could negatively affect the public if City employees, including police officers, cannot effectively communicate.

**FISCAL IMPACT:** Funding to establish this option contract is budgeted in the Mail, Print Services and UTC Fund. City agencies will be required to obtain approval to expend from their own appropriations for their estimated annual expenditures.

To authorize the Finance and Management Director to enter into contract for the option to purchase Cellular Voice and Data Services; to authorize the expenditure of one (1) dollar to establish the contract from the Mail, Print Services and UTC Fund; to waive the competitive bidding provisions of Chapter 329.07(h)(1) of the Columbus City Codes, 1959; and to declare an emergency. ($1.00)

**WHEREAS**, the City of Columbus is in need of a Cellular Voice and Date Services contract, and

**WHEREAS**, it is in the best interest of the City of Columbus to waive the requirements of 329.07(h)(1) for the purchase of Cellular Voice and Data Services; and

**WHEREAS**, this ordinance addresses Purchasing objective of 1) maximizing the use of City resources by obtaining optimal products/services at low prices and 2) encouraging economic development by improving access to City bid opportunities and 3) providing effective option contracts for City agencies to efficiently
maintain their supply chain and service to the public; and

WHEREAS, because Cellular Voice and Data Services will be used to provide services in conjunction with various other City projects, this is being submitted for consideration as an emergency measure; and

WHEREAS, an emergency exists in the usual daily operation of the various City departments in that it is immediately necessary to enter into a contract for an option to purchase Cellular Voice and Data Services, thereby preserving the public health, peace, property, safety, and welfare; now, therefore,

Sprint Solutions, Inc., All items, Amount: $1.00

SECTION 2. That the expenditure of $1.00 is hereby authorized from the Mail, Print Services and UTC Fund, Organization Level 1: 45-01, Fund: 05-517, Object Level 3: 2270, OCA: 451130, to pay the cost thereof.

SECTION 3. That in accordance with the Columbus City Codes, City Council has determined it is in the best interest of the City of Columbus that the the requirements of 329.07(h)(1) be and hereby are waived for the action authorized in SECTION 1.

SECTION 4. That for the reason stated in the preamble here to, which is hereby made a part hereof, this ordinance is hereby declared to be an emergency measure and shall take effect and be in force from and after passage and approval by the Mayor, or ten days after passage if the Mayor neither approves nor vetoes the same.

1. BACKGROUND

This legislation authorizes the Director of Public Service to modify and increase the professional engineering services contract for the Arterial Street Rehabilitation - Parsons/Livingston Contract with EMH&T, in an amount up to $15,000.00.

Ordinance 0738-2010 authorized the assignment of a contract previously held by Nationwide Children's Hospital with Evans, Mechwhwart, Hambelton, and Tilton (EMH&T) for the Parsons/Livingston Avenue Improvement project to the City of Columbus. This ordinance authorizes a modification for additional work to be performed by the consultant.

Work performed to date as part of the contract consists of technical engineering, consultant services, and creation of record plan drawings. Work to be performed as part of the modification consists of additional engineering work during construction, consultant services, and additional funding for creation of record plan drawings.
It is necessary to utilize the services of this consultant for this modification because the consultant has provided professional services throughout the design and construction of the project and retains and understanding of the project that another consultant would not have without a substantial additional investment. It would not be cost-efficient to retain another consultant for this purpose at this stage of the project.

As part of this project 1.3 miles of 5 foot to 10 foot wide sidewalk are being added or reconstructed on the North and South side of Livingston Avenue, 0.5 miles of 7 to 8 foot wide sidewalk will be added or reconstructed on the East and West side of Parsons Avenue. 117 ADA ramps are being added or reconstructed also. There are 14 bus stops and transit routes within the limits of this project.

This project complies with the recommendation of the Pedestrian Thoroughfare Plan because bikelanes meet the recommendations of the Bicentennial Bikeway Master Plan. Pedestrian generators and destinations impacting the proposed project include the Ronald McDonald House, Livingston Ave Elementary School, CVS, Columbus Africentric Early College School, and Nationwide Children's Hospital.

Searches in the Excluded Party List System (Federal) and the Findings for Recovery list (State) produced no findings against Evans, Mechwhwart, Hambelton, and Tilton (EMH&T).

The original contract amount was $60,000 authorized by ordinance 0738-2010 (EL 010432)
This is the first modification to the contract.
The total contract including this modification is $75,000.

2. CONTRACT COMPLIANCE
EMH&T’s contract compliance number is 310685594 and expires 9/21/11.

3. EMERGENCY DESIGNATION
Emergency action is requested to provide funds necessary for the technical services during construction and record plans.

4. FISCAL IMPACT
The amount of this modification is $15,000.00. Funding for this modification is available within the Streets and Highways G.O. Bonds fund due to cancellation of encumbrances from completed projects.
To authorize the Director of Public Service to execute a professional service contract modification with Evans, Mechwhwart, Hambelton, and Tilton (EMH&T) for the Arterial Street Rehabilitation - Parsons/Livingston contract; to authorize the expenditure of up to $15,000.00 from the Fed-State Highway Engineering Fund; and to declare an emergency. ($15,000.00)

WHEREAS, ordinance 0738-2010 authorized the assignment of a contract previously held by Nationwide Children's Hospital with Evans, Mechwhwart, Hambelton, and Tilton (EMH&T) for the Arterial Street Rehabilitation - Parsons/Livingston Avenue Improvement project to the City of Columbus; and

WHEREAS, it is necessary to execute a professional engineering services contract modification for this contract to provide for additional services needed for the completion of the project; and

WHEREAS, additional work to be included in the modification consists of additional engineering work during construction, consultant services, and additional funding for creation of record plan drawings; and

WHEREAS, a satisfactory proposal has been received by EMH&T for this modification; and

WHEREAS, an emergency exists in the usual daily operation of the Department of Public Service, Division of Design and Construction, in that the design services contract should be modified immediately in order to
maintain the established project schedule, thereby preserving the public health, peace, prosperity, and welfare; now, therefore

This project involves widening North High Street from Flint Road to the County Line by one lane each direction to match ODOT's interchange reconstruction project at SR23 and I-270. Project improvements include sidewalk, multi-use path, construction and replacement of traffic signals, and utility relocations.

In the course of effecting roadway improvements, it is sometimes necessary to force the relocation of utilities from privately held easements. These relocations are in areas where the City has previously allowed utilities, but due to this project there is a need to relocate them at the City's expense.

This legislation authorizes payment for utility relocation work by Columbia Gas, Delco Water and other utilities up to the amount of $503,669.03

Funding for this project is by the City. The City's current share of the utility relocation expenses is $503,669.03. Future funding may be needed to complete utility relocations.

Searches in the Excluded Party List System (Federal) and the Findings for Recovery list (State) produced no findings against Columbia Gas and Delco Water.

2. **CONTRACT COMPLIANCE**

The contract compliance number for Columbia Gas is 31-0673990 and expires 2/15/13.

This ordinance appropriates and transfers $100,000.00 from Fund 225 Subfund 001 Indigent Drivers Alcohol Treatment Fund to Fund 226 Subfund 004 Municipal Court Special Programs, Specialty Docket. The Specialty Docket consists of two programs, the Solicitation Program and the Addiction Program. The Solicitation Program Specialty Docket, Changing Actions To Change Habits (CATCH Program), is intended to provide a mechanism to promote effective treatment as an alternative to incarceration for a person whose multiple solicitation arrests, summons and charges have negatively impacted the person's quality of life and community safety. Many of these individuals have a history of multiple arrests, criminal behavior, drug addiction, poverty and being victimized as a result of soliciting. The CATCH Program requires limited court involvement in treatment planning and compliance, which should result in more effective utilization of other court and county resources.

The Addiction Program Specialty Docket (APSD) provides a mechanism to promote effective treatment as an alternative to incarceration for a person whose arrests, summons and charges are associated with alcohol and/or chemical dependence (AOD), which negatively impact the person's quality of life and community safety. Many of these individuals have a history of multiple arrests, typically OMVI, criminal behavior, drug addiction, poverty and transient housing. The APSD requires limited court involvement in treatment planning and compliance, which should result in more effective utilization of other county and court resources.

FISCAL IMPACT:

Transfer funds from the Indigent Drivers Alcohol Treatment Fund for continued funding of the Municipal Court's Specialty Docket Program.

EMERGENCY: Emergency action is requested to continue funding for personnel expenditures and operating costs of the program.

That for the reasons stated in the preamble hereto, which is hereby made a part hereof, this ordinance is hereby declared to be an emergency measure and shall take effect and be in force from and after its passage and approval by the Mayor or ten days after passage if the Mayor neither approves nor vetoes the same.

Background: Pursuant to Chapter 349 of the Ohio Revised Code, and in response to petitions by several developers, the Columbus City Council has created the Hayden Run Community Development Authority (CDA) in northwest Columbus. It was established in 2007, pursuant to the City's policy to Pay as We Grow and Grow with a Plan.

Section 349.04 of the Ohio Revised Code deals with the "Method of selecting board of trustees." The CDA is governed by a seven (7) member Board of Trustees. Currently one local government representative and three citizen members are appointed by the City, and three representatives are selected by developers. The state statute provides that over time appointed trustees will be replaced by trustees elected from and by residents of the authority district, and specifies the stages of development at which the number and category of appointed trustees will be replaced by elected successor resident trustees. Community authority elections occur on the first Tuesday after the first Monday in December of those years in which a sufficient population threshold has been reached.

The certified population of the authority District for 2011 is 2,112. Since this is 42.2% of the total projected population of 5,000, state law requires the CDA to conduct its first election on December 6, 2011, in which residents will elect three successor resident members of the Authority's Board of Trustees to replace two appointed citizen trustees and one appointed developer trustee. The procedures established by this ordinance will apply to this election and to future elections of the CDA in the years in which applicable population thresholds are reached.

Fiscal Impact: No funding is required for this legislation.

To establish election procedures for successor resident members of the Board of Trustees of the Hayden Run Community Development Authority; and to declare an emergency.

WHEREAS, the Hayden Run Community Development Authority ("CDA") has heretofore been duly created pursuant to the authority contained in Chapter 349 of the Ohio Revised Code; and

WHEREAS, the CDA is required by Section 349.04 of the Ohio Revised Code to hold elections for successor resident members of its Board of Trustees when the population of the Authority's New Community District ("District") has reached specified proportions of the projected total population of the District; and

WHEREAS, the CDA is expected to hold, and residents of the District are expected to participate in their first election on December 6, 2011, for the purpose of choosing three successor resident members of the Authority's
Board of Trustees this year, and the appropriate number in future years when elections are to be held pursuant to Section 349.04 of the Ohio Revised Code and this Ordinance; and

WHEREAS, this City Council desires to establish election procedures for this first election and for future elections of the CDA; and

WHEREAS, an emergency exists in the usual daily operation of the Department of Development in that it is immediately necessary to establish these election procedures so that the first election of the CDA can proceed properly this December, all for the immediate preservation of the public health, peace, safety and welfare; NOW, THEREFORE,

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:

Section 1. That the Appointed Citizen Members shall be replaced by members elected to the Authority's Board of Trustees pursuant to this Ordinance and Section 349.04 of the Ohio Revised Code (collectively, together with the members elected to replace the Appointed Developer Members and the Appointed Local Government Member, the Elected Members) in accordance with the following schedule:

a. One Elected Member shall be elected to replace an Appointed Citizen Member on the first Election Date (as hereinafter defined) which occurs after the population of the District equals one-sixth (1/6) of the Projected Total Population.

b. A second Elected Member shall be elected to replace an Appointed Citizen Member on the first Election Date which occurs after the population of the District equals one-third (1/3) of the Projected Total Population.

c. A third Elected Member shall be elected to replace an Appointed Citizen Member on the first Election Date which occurs after the population of the District equals one-half (1/2) of the Projected Total Population.

Section 2. That Appointed Developer Members shall be replaced by Elected Members in accordance with the following schedule:

a. One Elected Member shall be elected to replace an Appointed Developer Member on the first Election Date which occurs after the population of the District equals one-third (1/3) of the Projected Total Population.

b. A second Elected Member shall be elected to replace an Appointed Developer Member on the first Election Date which occurs after the population of the District equals two-thirds (2/3) of the Projected Total Population.

c. A third Elected Member shall be elected to replace an Appointed Developer Member on the first Election Date which occurs after the population of the District equals the whole of the Projected Total Population.

d. The order in which Appointed Developer Members will be replaced by Elected Members will be: first, Lifestyle Communities; second, M/I Homes; third, Dominion Homes.
Section 3. That an Elected Member shall be elected to replace the Appointed Local Government Member on the first Election Date which occurs after the population of the District equals three-quarters (3/4) of the Projected Total Population.

Section 4. That the Projected Total Population of the District is 5,000. Until such time as the Projected Total Population is achieved, the Authority's Board of Trustees shall annually determine, not less than seventy-five (75) days prior to the Election Date, the population of the District, and shall certify that population to this Council not less than sixty (60) days prior to that Election Date. In determining the annual population, the CDA shall begin with the most recent United States Census population count for the District. The CDA shall then determine the number of units sold since the last Census and multiply that number by the number of residents per unit as of the last Census. The certified population shall be the total of the most recent Census count and the additional number of residents as calculated in the previous sentence.

Section 5. That the certified population for the District in 2011 is 2,112. Since this exceeds one-third, but is less than one-half of the Projected Total Population of 5,000, state law requires the CDA to conduct its first election on December 6, 2011, in which residents of the District will elect three successor resident trustees to replace two appointed citizen trustees and one appointed developer trustee.

Section 6. That each Elected Member shall be elected to a two (2) year term. No Elected Member and no appointed citizen member shall be an employee of or have a financial interest in a Developer. This Council designates David Gobel as appointed citizen member of the Board of Trustees and David Hull as appointed local government representative member of the Board of Trustees, both for two year terms commencing January 1, 2012. The remaining two appointed citizen members shall be replaced on January 1, 2012 by successor resident members elected at the CDA election to be held pursuant to this Ordinance on December 6, 2011.

Section 7. That the Hayden Run CDA Board of Trustees shall be responsible for conducting all CDA successor elections, including responsibility for all expenses associated with conducting the elections. Elections shall be conducted pursuant to this Ordinance and Section 349.04 of the Ohio Revised Code. To the extent election procedures are not specified in either this Ordinance or Section 349.04, the Board of Trustees shall have the discretion to establish such additional procedures as it deems necessary, utilizing the procedures of the Franklin County Board of Elections as guidance. The Board of Trustees shall determine the voting location and the hours during which voting will be permitted. For each election, the Board of Trustees shall make the voting location and hours reasonably convenient for District residents, and shall take reasonable steps to provide notice of the basic election facts to District residents.

Section 8. That voters in CDA elections must be residents of the District who are 18 years of age or older. Potential voters must provide reasonable evidence of residency in the District, which requirement shall be broadly construed. Reasonable evidence includes, without limitation, any evidence accepted to establish residence or identity for the purposes of elections administered by the Franklin County Board of Elections.

Section 9. That Elected Member candidates must comply with the candidate eligibility requirements of 349.04 of the Ohio Revised Code. Board of Trustee seats shall be awarded to the candidate or candidates with the highest number of votes. Ties will be broken by vote of the full Board of Trustees.

Section 10. That for the reasons stated in the preamble hereeto, which is hereby made a part hereof, this ordinance is hereby declared to be an emergency measure and shall take effect and be in force from and after its passage and approval by the Mayor, or ten days after passage if the Mayor neither approves nor vetoes the
same.

1. Background:
The City of Columbus, Department of Public Service, received a request from Columbus Compact Corporation asking that the City sell a portion of the right-of-way identified as a 3.33 foot wide by 140 foot long portion of the East Main Street right-of-way between Ohio Avenue and Twenty-Second Street, and a 7 foot wide by 56 foot long portion of the Ohio Avenue right-of-way between East Main Street and McAlister Avenue. Transfer of these rights-of-way will allow for the resolution of a number of encroachment issues as well as facilitating enhanced security measures for prospective property owners. Per current practice, comments were solicited from interested parties, including City agencies, private utilities and the applicable area commission, before it was determined that, subject to the retention of a general utility easement for those utilities currently located within these rights-of-way and for any future utilities which may be needed to be installed within these rights-of-way, the City will not be adversely affected by the transfer of these rights-of-way. The Department of Public Service submitted a request to the Department of Law, Real Estate Division, asking that they establish a value for these rights-of-way. A value of $540.00 was established for these rights-of-way. After review of the request, the Land Review Commission voted to recommend the above referenced rights-of-way be transferred to Columbus Compact Corporation for $540.00.

2. FISCAL IMPACT:
The City will receive a total of $540.00 that will be deposited in Fund 748, Project 537650, as consideration for the transfer of the requested rights-of-way.

3. EMERGENCY JUSTIFICATION:
Emergency action is requested to allow this transfer to occur as soon as possible, thereby allowing Columbus Compact Corporation to complete their transfer and allow Columbus Compact Corporation to proceed with construction plans without further delay in order to avoid incurring additional costs that would place a strain on the project budget.

To authorize the Director of the Department of Public Service to execute those documents required to transfer a 3.33 foot wide by 140 foot long portion of the East Main Street right-of-way between Ohio Avenue and Twenty-Second Street, and a 7 foot wide by 56 foot long portion of the Ohio Avenue right-of-way between East Main Street and McAlister Avenue to Columbus Compact Corporation; and to declare an emergency.

WHEREAS, the City of Columbus, Department of Public Service, received a request from Columbus Compact Corporation, asking that the City transfer a 3.33 foot wide by 140 foot long portion of the East Main Street right-of-way between Ohio Avenue and Twenty-Second Street, and a 7 foot wide by 56 foot long portion of the Ohio Avenue right-of-way between East Main Street and McAlister Avenue, to them; and

WHEREAS, acquisition of these rights-of-way will allow Columbus Compact Corporation to redevelop property that is currently owned by Columbus Compact Corporation; and

WHEREAS, per current practice, comments were solicited from interested parties, including City agencies, private utilities and applicable area commissions, before it was determined that, subject to the retention of a general utility easement for those utilities currently located within these rights-of-way, and for any future
utilities which may be needed to be installed within these rights-of-way, the City will not be adversely affected by the transfer of these rights-of-way to Columbus Compact Corporation; and

WHEREAS, the Department of Public Service submitted a request to the Department of Law, Real Estate Division, asking that they establish a value for these rights-of-way; and

WHEREAS, a value of $540.00 was established for these rights-of-way; and

WHEREAS, the Land Review Commission voted to recommend that the above referenced rights-of-way be transferred to Columbus Compact Corporation for the amount of $540.00; and now therefore

WHEREAS, an emergency exists in the usual daily operation of the Department of Public Service in that it is immediately necessary to authorize the Director to execute those documents which will provide for the immediate transfer of a 3.33 foot wide by 140 foot long portion of the East Main Street right-of-way between Ohio Avenue and Twenty-Second Street, and a 7 foot wide by 56 foot long portion of the Ohio Avenue right-of-way between East Main Street and McAlister Avenue to Columbus Compact Corporation, thereby allowing proposed construction to proceed without delay and preserving the public health, peace, property, safety and welfare now, therefore

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:

AN11-009

BACKGROUND: This ordinance is being submitted to set forth the municipal services and zoning conditions the city of Columbus will provide upon annexation of a territory located in Clinton Township. This ordinance is required by the Ohio Revised Code (ORC) as enacted by the General Assembly of the State of Ohio. An annexation petition has been filed with Franklin County for this property. A service ordinance must be passed before the annexation meeting takes place before the Board of County Commissioners of Franklin County. Information regarding municipal services that would be available, should the subject site be annexed, has been compiled and is reflected in this ordinance. If the petition is approved by the County Commissioners, a second City ordinance accepting the annexation will be required to complete the process. The time frames specified in the ORC require that this legislation be filed as emergency.

FISCAL IMPACT: The statement of municipal services and zoning conditions for a proposed annexation area has no fiscal impact. While provision of the stated services does represent cost to the city, annexation of land also has the potential to create revenue to the city.

SA004116 - Multiple Hearth Incinerator Improvements
The City of Columbus, Division of Sewerage and Drainage, operates two large interconnected municipal wastewater treatment plants, a biosolids composting facility, and a Sewer Maintenance Operations Center (SMOC). This work is part of the City’s continuing program to upgrade its wastewater treatment facilities, provide efficient, reliable, cost-effective operations, and enhance personnel safety.

The Department of Public Utilities has instituted an Asset Management policy that requires specific information be provided and analyzed before a project can move forward to Detailed Design. To meet these policy requirements a distinct problem statement, multiple alternative solutions, and a benefit to cost ratio must be developed for this project during the Preliminary Design Report phase of the project. The consultant shall incorporate all of the required elements of a BCE into the Final PDR document. The consultant shall attend the Department’s BCE training class.

New federal sewage sludge incinerator (SSI) rules for Maximum Achievable Control Technology (MACT) became effective on May 20, 2011 and could be applicable to both WWTFs, as early as September 21, 2013 or as late as March 21, 2016. Although the rules are being contested, the City wishes to evaluate current MACT equipment on the market and prepare a plan for execution if necessary.

The project deliverables shall include a preliminary design report, followed by a biddable detailed design package, and then concluded with technical project representation services during construction.

The City is currently performing minor upgrades to the multiple hearth incinerators and will be conducting stress testing, emission stack testing, and making operational changes to the incinerators over the next 6 months. Once the consultant is under contract, full participation in all incinerator matters is expected, as directed by the City.

The scope of work for the JPWWTP incineration process is expected to be significantly less than for the SWWTP incineration process. In general, the preliminary design for both WWTPs includes five tasks: task 1 will include information gathering, analysis, and the refinement of project goals; task 2 will include an assessment of the incineration process; task 3 will provide a technical and Business Case Evaluation (BCE) integral to the Preliminary Design Report (PDR); task 4 will deliver a Draft Preliminary Design Report and Design Drawings; and task 5 will deliver a final PDR. At a minimum, one workshop and two coordination meetings are required for each of the first four tasks to discuss findings and recommendations with City Staff. The Preliminary Scope of Services Section below contains the details of each task as well as requirements for Detailed Design Services and Services during Construction. The consultant shall assemble an I&C programming team capable of designing, programming, and integrating the I&C system to the City’s DOSD I&C standards.
