Council Variance Application: CV11-024

APPLICANT: Yhezkel Levi; c/o David W. Mullen, Agent; EM Engineering Group, LTD.; 16 East Polpar Avenue; Columbus, Ohio 43215.

PROPOSED USE: Mixed-commercial building with apartments above and a four-unit dwelling on one lot.

NEAR EAST AREA COMMISSION RECOMMENDATION: Approval.

CITY DEPARTMENTS' RECOMMENDATION: Approval. The site is developed with a mixed-use commercial structure with two second-story apartments and a four-unit dwelling in the ARLD, Apartment Residential District. The applicant requests a Council variance to allow an eating and drinking establishment with a 750 square-foot outside seating area in a vacant tenant space, while maintaining a bakery in the other commercial tenant space and all of the existing residential units. Variances for setbacks, vision clearance, yard and area standards, and a reduction of 18 required parking spaces are included in the request. The site is located within the planning area of the Near East Plan (2005), which contains a series of criteria that can be used to determine if proposed commercial uses should be supported within residential areas. Key factors include whether the structure has a history of commercial activity and parking considerations. This request can be supported because the proposal includes a renovated commercial building, brings a desirable business to the area, and is located in a dense, pedestrian-oriented neighborhood. Maintaining the site’s mixed commercial and residential uses is consistent with the development patterns of the area.

To grant a Variance from the provisions of Sections 3333.02, AR-12, ARLD, and AR-1, apartment residential district use; 3312.49 Minimum numbers of parking spaces required; 3321.05(B) (2), Vision clearance; 3333.09, Area requirements; 3333.11, ARLD area district requirements; 3333.15, Basis of computing area; 3333.18 (E), Building lines; 3333.19 (a) (1), Building lines on corner lots; 3333.22, Maximum side yard required; 3333.23, Minimum side yard permitted; and 3333.24, Rear yard, of the Columbus City Codes; for the property located at 889-891 OAK STREET (43205), to permit an eating and drinking establishment with outside seating, a bakery, and two second-story residential units in one building, and a four-unit dwelling, all on one lot, with reduced development standards in the ARLD, Apartment Residential District (Council Variance # CV11-024).

WHEREAS, by application #CV11-024, the owner of the property at 889-891 OAK STREET (43205), is requesting a Variance to permit an eating and drinking establishment with outside seating, a bakery, and two second-story residential units in one building, and a four-unit dwelling, all on one lot, with reduced development standards in the ARLD, Apartment Residential District; and

WHEREAS, Section 3333.02, AR-12, ARLD, and AR-1, apartment residential district use, prohibits commercial uses in the ARLD, Apartment Residential District, while the applicant proposes an eating and drinking establishment with outside seating in a vacant tenant space, while maintaining an existing bakery and two second-story residential units in one building, and a four-unit dwelling, all on one lot; and

WHEREAS, Section 3312.49 Minimum numbers of parking spaces required, requires 1 parking space per 75
square feet for an eating and drinking establishment, and 1 parking space per 150 square feet of patio space, for a total requirement of eighteen (18) additional parking spaces, while the applicant proposes to maintain zero (0) parking spaces; and

WHEREAS, Section 3321.05(B) (2), Vision clearance, requires that a clear vision triangle shall be maintained on each residential lot adjacent to a street intersection, while the applicant proposes to maintain encroachment into the clear vision triangle at the intersection of Oak Street and South Eighteenth Street as shown on the Site Plan; and

WHEREAS, Section 3333.09, Area requirements, requires that no building shall be erected or altered on a lot with a width of no less than fifty (50) feet, while the applicant proposes to maintain the existing lot width of 40.8± feet; and

WHEREAS, Section 3333.11, ARLD area district requirements, requires 1,500 square feet per corner lot dwelling unit, allowing a total of 3 dwelling units on the site, while the applicant proposes to maintain 6 dwelling units; and

WHEREAS, Section 3333.15, Basis of computing area, requires a maximum lot coverage of 50%, while the applicant proposes a maximum lot coverage of approximately 80.6% for the existing buildings and outdoor seating area (patio); and

WHEREAS, Section 3333.18 (E), Building lines, requires buildings to have a minimum setback of ten (10) feet, while the applicant proposes to maintain a setback of zero feet (0') along Oak Street; and

WHEREAS, Section 3333.19 (a) (1), Building lines on corner lots, exceptions, allows a building line of 20% of the lot width along the longer side of a corner lot, which equals 8.17 feet, while the applicant proposes to maintain a minimum building line of approximately two feet ten inches (2' 10") along South Eighteenth Avenue; and

WHEREAS, Section 3333.22, Maximum side yard required, requires the sum of the widths of each side yard to equal 20% of the lot width or 8.17 feet, while the applicant proposes to maintain a maximum side yard of approximately two feet ten inches (2' 10") and

WHEREAS, Section 3333.23, Minimum side yard permitted, requires a side yard of no less than five (5) feet, while the applicant proposes to maintain the zero foot (0') side yard along the west property line for the existing buildings; and

WHEREAS, Section 3333.24, Rear yard, requires that each dwelling, apartment house, or other principal building shall be erected so as to provide a rear yard totaling no less than twenty-five percent (25%) of the total lot area, while the applicant proposes to maintain a rear yard of 7.3% for the existing buildings; and

WHEREAS, this variance will permit an eating and drinking establishment with outside seating, a bakery, and two second-story residential units in one building, and a four-unit dwelling, all on one lot, with reduced development standards in the ARLD, Apartment Residential District; and

WHEREAS, the Near East Area Commission recommends approval; and

WHEREAS, City Departments recommend approval because the requested Council variance to allow the new use of an eating and drinking establishment with outside seating in an existing mixed-use building that contains
a bakery and two residential units substantially meets evaluation criteria contained in the *Near East Plan (2005)* for consideration of new non-residential uses in residential areas. Maintaining the site’s mixed commercial and residential uses is consistent with the development patterns of the area; and

**WHEREAS**, said ordinance requires separate submission for all applicable permits and Certificate of Occupancy for the proposed use; and

**WHEREAS**, said variance will not adversely affect the surrounding property or surrounding neighborhood; and

**WHEREAS**, the granting of said variance will not impair an adequate supply of light and air to adjacent properties or unreasonably increase the congestion of public streets, or unreasonably diminish or impair established property values within the surrounding area, or otherwise impair the public health, safety, comfort, morals, or welfare of the inhabitants of the City of Columbus; and

**WHEREAS**, the granting of said variance will alleviate the difficulties encountered by the owners of the property located at **889-891 OAK STREET (43205)**, in using said property as desired; and

**BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:**

Ordinance #1783-2003 (Z02-042), passed July 21, 2003, rezoned 11.9± acres located at 5240 Warner Road from R, Rural District to the CPD, Limited Commercial District. The rezoning established a specific development standard requiring the applicant to install a turn lane in Sub-area B and dedicate right-of-way along Warner Road. DATE OF TEXT:

APPLICATION NUMBER:
Z02-042

INTRODUCTION:

The subject property consists of 11.9± acres generally located at the northeast and northwest quadrants of Warner Road and Hamilton Road. Applicant proposes to rezone the property to create four (4) Sub-Areas. All four (4) sub-areas are proposed to be rezoned to CPD for commercial use. All of the property was commercially zoned in Plain Township. This rezoning application is being submitted to establish comparable commercial zoning in the City of Columbus and to reflect the recommendations of the Rocky Fork-Blacklick Accord for commercial zoning and development of the site.

Hamilton Road is under construction and is being extended north from its current terminus at the Hamilton Road/New Albany Expressway interchange to Central College Road. Hamilton Road is designated as a 4-2D arterial in the City of Columbus Thoroughfare Plan. The Rocky Fork-Blacklick Accord ("Accord") designates the Hamilton Road/New Albany Expressway interchange as a gateway to the planning area and the extension of Hamilton Road is a key component to both the gateway concept of the interchange and to the arterial road system within the Accord. A goal of the Accord is to create and implement an arterial road system that provides for the efficient and effective movement of vehicles through the Accord area while reducing vehicular impact on sub-arterial roads to preserve rural roadways. The Accord implementation strategies, Accord land use plan, general planning principles associated with the location of more intense uses on arterials and at major entrance points and existing and anticipated Plain Township and City of Columbus zoning at the intersection of extended Hamilton Road and Warner Road all support applicant's proposal.

The location of Sub-Areas A, B, C and D is depicted on the plan titled "Warner Road Development: Zoning Subarea Plan" dated January 2, 2003, signed June 6, 2003 by Donald Plank, Attorney for Applicant, and said plan is hereby incorporated by reference. Sub-Area A is 1.25± acres located at the northwest corner of Warner Road and Hamilton Road. Sub-Area A is proposed to be rezoned to CPD to permit a convenience store with motor vehicle fuel sales, a car wash and commercial uses. Sub-Area B is 4.23± acres generally located north and west of Sub-Area A and will have frontage on both Warner Road and Hamilton Road. Sub-Area B is proposed to be rezoned to CPD for office, retail and restaurant commercial uses. Sub-Area C is 1.95± acres located at the northeast corner of Warner Road and Hamilton Road. Sub-Area C is proposed to be rezoned to CPD for office, retail and restaurant commercial uses. Sub-Area D is 4.46± acres generally located north and east of Sub-Area C. Sub-Area D will have frontage on both Warner Road and Hamilton Road and is proposed to be rezoned to CPD for office commercial uses. All sub-area acreage is net of right of way for dedication of Hamilton and Warner Roads. All land use and sub-area plans submitted with this application reflect all required Hamilton Road and Warner Road right of way dedication.

BACKGROUND: On February 28, 2011, City Council passed Ordinance No. 0256-2011 authorizing the Board of Health to enter into a $25,000 contract with Access Health Columbus (AHC) for consulting services to improve the efficiency and effectiveness of affordable, patient-centered, primary care services for the most vulnerable in Columbus by working with local Federally Qualified Health Centers to improve service delivery. The purpose of this ordinance is to authorize a modification of that contract by adding $10,000 for additional consulting services to assist the Board’s efforts to improve clinical operations at its 240 Parsons Avenue facility.

Under the current contract, AHC is coordinating collaborative projects with local Federally Qualified Health Centers that improve the efficiency and effectiveness of affordable patient centered primary care for those most vulnerable. This modification is needed for AHC to coordinate a project with Columbus Public Health that supports the efficiency and effectiveness of clinical public health services for the most vulnerable. This includes integrating certain clinical administrative functions, hiring a Practice Manager, and sharing recommendations with clinical staff.

AHC has demonstrated that it has the expertise to coordinate this project. When the original contract was established, the Board was not certain whether it would be able to initiate the new project at its 240 Parsons Avenue facility. The additional $10,000 needed for this modification is based on an estimate of how many hours AHC will need to dedicate to the successful completion of this new project. Emergency action is requested to avoid delays in the implementation of these services and to complete the project by March 31, 2012.

Access Health Columbus (Contract Compliance No. 510426050) is nonprofit organizations and therefore exempt from certification.

FISCAL IMPACT: The modified contract amount will be for $35,000. The additional $10,000 for this contract modification were made available in the 2011 budget for the Health Special Revenue Fund.

2. Street trees on internal private streets shall be installed at a minimum of 30 feet apart, unless tree groupings of equal quantity are more practical.

3. All landscaping designs will be reviewed and stamped by a registered landscape architect.

4. Section 4. That for the reasons stated in the preamble hereto, which is hereby made a part hereof, this Ordinance is hereby declared to be an emergency measure and shall take effect and be in force from and after its passage and approval by the Mayor, or 10 days after passage if the Mayor neither approves nor vetoes the same.

BACKGROUND: The Division of Fire was awarded a grant from the Department of Homeland Security to purchase a building collapse rescue system. The total cost of this equipment is $138,836.33, the payment of which will be issued by Franklin County, on behalf of the Department of Homeland Security and Ohio Emergency Management Agency. The City of Columbus and Franklin County entered into an Intergovernmental Agreement via Ordinance 1917-2005 to enable this type of purchase.

The Division of Fire currently has no structural rescue support equipment, other than the use of wood shoring, to employ in the event of a structure/building collapse. The equipment being acquired via this ordinance consists of a system of bases, struts, couplings and braces that are designed to shore collapsed structures and allow firefighters to safely access and rescue trapped victims. Compared to shoring a collapsed structure with wood, the use of this equipment is a much stronger, safer and a faster alternative. This rescue system will require little maintenance costs given the few moving parts, and has no fixed date of expiration and a long sustainable period of usage. This equipment will also supplement regional emergency response entities such as FEMA and Ohio Task Force 1, both of which employ the same rescue systems.

This legislation will authorize and direct the Director of Finance and Management to execute those documents necessary for the acquisition of this equipment.

Bid Information: Bid were solicited by the Purchasing Office via solicitation SA004089 and opened on 9/15/11. The following bids were received:

Breathing Air Systems - Majority company - $138,836.33
Finley Fire Equipment - Majority company - $142,021.46

After review of the bids, the Division of Fire recommends the bid submitted by Breathing Air Systems as the lowest, most responsive and best bid. Breathing Air Systems is not debarred according to the Excluded Parties listing of the Federal Government and is not listed in the Auditor of State database for Findings for Recovery.

Contract Compliance: Breathing Air Systems - 09/20/2013

Emergency Designation: The Division of Fire request emergency legislation so that the purchase of the equipment may conclude prior to expiration of the grant period (January 31, 2012).

FISCAL IMPACT: This ordinance authorizes the Director of Finance and Management to execute those documents necessary to procure a building collapse rescue system in the amount of $138,836.33 for the
Division of Fire using Homeland Security grant funds currently held by Franklin County. There is no fiscal impact to the General Fund.

To authorize Director of Finance and Management to execute those documents necessary to enter into a contract with Breathing Air Systems for the acquisition of a building collapse rescue system for the Division of Fire utilizing Homeland Security Grant funds; and to declare an emergency. ($0.00)

WHEREAS, the Division of Fire needs to acquire a building collapse rescue system; and

WHEREAS, the Division of Fire has been awarded a grant from the Department of Homeland Security to purchase said equipment; and

WHEREAS, this acquisition is being made to Breathing Air Systems in accordance with the terms and conditions of solicitation SA004089; and

WHEREAS, an emergency exists in the usual daily operations of the Division of Fire, Department of Public Safety, in that it is immediately necessary to authorize and direct the Director of Finance and Management to execute those documents necessary for the acquisition of said equipment prior to the expiration of the grant period, for the preservation of the public health, peace, property, safety and welfare; Now, therefore

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:

SECTION 1. That the Director of Finance and Management be and is hereby authorized and directed to execute those documents necessary to enter into a contract with Breathing Air Systems for the acquisition of a building collapse rescue system for the Columbus Division of Fire.

SECTION 2. There is no city related expenditure associated with this ordinance; grant funds from the Department of Homeland Security are being administered via Franklin County in the amount of $138,836.33.

SECTION 3. That for reasons stated in the preamble hereto, which is hereby made a part hereof, this ordinance is hereby declared an emergency measure and shall take effect and be in force from and after its passage and approval by the Mayor or ten days after passage if the Mayor neither approves nor vetoes the same.

The Department of Public Service, Division of Planning and Operations requires these products for City roadways.
The Purchasing Office solicited formal competitive bids and established universal term contracts (UTCs) for the purchase of these commodities which the Division of Planning and Operations requires.

**BACKGROUND:** This legislation amends the 2011 Capital Improvement Budget and authorizes a transfer of
$41,050.00 between projects in the Safety Voted Bond Fund. This legislation also authorizes the Public Safety Director to enter into a contract with Premier Safety & Service for the purchase of SCBA face piece fit test machines and supplies for the Division of Fire Mask Repair Bureau. Current fit test machines used by The Fire Division have exceeded their serviceable and thus useful life, and starting in 2012, will not be repaired due to the age of the equipment and the lack of availability of replacement parts. These machines perform an SCBA respirator fit test to check for the proper and safe fitting of the mask as to size and model chosen for each firefighter. The fit test confirms that the mask fits the wearer's face and that there is minimal air leakage between the face and the mask. Mask Repair personnel perform quantitative fit tests with these machines, which provide an accurate and objective measure of the quality of the seal between the wearer's face and the face piece, thus ensuring the safety of each firefighter encountering smoke or other hazardous airborne matter while performing their duties.

**Bidding Information:** All hardware, software, and maintenance, etc., must be provided and maintained by Premier Safety & Service, the sole distributor for these machines in Ohio. Therefore, it would be in the best interest of the City to purchase this system in accordance with sole source provisions of the Columbus City Codes. A quotation for the purchase of this new equipment was provided by Premier Safety & Service as well as a sole source letter from the manufacturer of this equipment, OHD LLC. The quote and letter were reviewed and approved by the Department of Public Safety.

**Emergency action** is requested so this purchase can be made prior to the expiration of the current quotation provided by the vendor, and to replace the current out of date system prior to 2012.

**Fiscal Impact:** This ordinance authorizes the expenditure of $41,050.00 with Premier Safety & Service for the purchase of SCBA face piece fit test machines for the Fire Division. Funding is available in the Department of Public Safety, Division of Fire's G. O. Bond Fund. An amendment to the Capital Improvement Budget

**Contract Compliance:** Premier Safety & Service - a Majority company - exp. 06/02/2012

To amend the 2011 Capital Improvement Budget; to authorize the City Auditor to transfer $41,050.00 between projects within the Safety Voted Bond Fund; to authorize the Public Safety Director to enter into a contract with Premier Safety & Service for the purchase of SCBA face piece fit test machines and supplies for the Division of Fire in accordance to the sole source provisions of the Columbus City Codes, to authorize the expenditure of $41,050.00 from the Public Safety Voted Bond Fund, and to declare an emergency.

WHEREAS, it is in the best interest of the City of Columbus, Public Safety Department, Division of Fire, to acquire this security system pursuant to sole source provisions of the Columbus City Codes, and

BACKGROUND: This legislation authorizes the Finance and Management Director to modify a professional services blanket contract on behalf of the Office of Construction Management with Bird Houk & Associates, Inc. for architectural and engineering services for the Municipal Court Building, 375 South High Street.

Ordinance No. 1115-2007, passed July 11, 2007, authorized the original blanket contract for professional services with Bird Houk & Associates, Inc. for architectural and engineering consulting services for the Municipal Court Building Renovations. Ordinance No. 1011-2010, passed July 14, 2010, authorized a modification to the original contract for the main electrical service and distribution upgrade.

This modification is necessary to increase the retained amount of this contract due to unforeseen architectural and engineering services necessary to complete the project. It is practical and cost effective for coordination and continuity of the project to use Bird Houk & Associates, Inc. for this modification. Selecting another architect at this point would lead to duplicated work and possibly mistakes. Therefore, it would not be in the
best interests of the City to request qualifications for these ongoing professional services. Prices already established in the contract were used to determine the cost of this modification.

**Emergency action** is requested so that the necessary professional services may be accomplished, thereby ensuring that needed renovations at the Municipal Court Building are not delayed.

**Fiscal Impact:** The cost of this contract is $50,000.00. The current unencumbered cash balance in the Construction Management Capital Improvement Fund, Municipal Court Professional Services is $733.00. An additional $49,267.00 will be transferred between projects within the Construction Management Capital Improvement Fund. The original contract amount was $500,000.00. The first modification was in the amount of $48,500.00. This modification is in the amount of $50,000.00. The total contract cost is $598,500.00.

To amend the 2011 Capital Improvements Budget; to authorize the City Auditor to transfer $49,267.00 between projects within the Construction Management Capital Improvement Fund; to authorize the Finance and Management Director to modify a contract on behalf of the Office of Construction Management with Bird Houk & Associates, Inc. for professional services for the Municipal Court Building, 375 South High Street; to authorize the expenditure of $50,000.00 from the Construction Management Capital Improvement Fund; and to declare an emergency. ($50,000.00)

**WHEREAS,** it is necessary to amend the 2011 Capital Improvement Budget and transfer cash between projects within the Construction Management Capital Improvement Fund, to provide sufficient funds in the appropriate areas for this expense; and

**WHEREAS,** an emergency exist in the usual daily operation of the Finance and Management Department, Office of Construction Management, in that it is immediately necessary to authorize the Finance and Management Director to modify a contract with Bird Houk & Associates, Inc. for professional services for the Municipal Court Building, so that the necessary professional services may be accomplished, thereby ensuring that needed renovations at the Municipal Court Building are not delayed, thereby preserving the public health, peace, property, safety, and welfare; now, therefore:

BACKGROUND: This legislation authorizes the Finance and Management Director to modify a contract on behalf of the Office of Construction Management with Lithko Restoration Technologies, LLC for additional floor drains in the 98-102 North Front Street parking garage. Ordinance No. 1602-2010, passed October 23, 2010, authorized the renovation of the 98-102 North Front Street parking garage for $1,959,060.00. Ordinance No. 0715-2011, passed May 18, 2011, in the amount of $160,953.00, authorized a modification of the contract due to more significant deterioration of some of the decking of the parking garage that was not foreseen during the assessment and design phase.

An additional modification of this contract is necessary for the installation of thirty-five (35) additional floor drains in the parking garage. The floor drains are necessary to alleviate ponding that can potentially cause an ice and/or a slipping safety hazard. Due to the fact Lithko Restoration Technologies, LLC was awarded the original contract, a modification is the most logical and expeditious option to bring this phase of the project to completion. Involving another contractor at this point would delay the project and could cause duplication of work previously performed. Prices already established in the contract were used to determine the cost of this modification.
Emergency action is requested so the contractor will be able to complete this project during good weather, thereby eliminating safety hazards to City employees and users of the garage.

Fiscal Impact: The cost of this contract is $54,000.00. A transfer of $54,000.00 is necessary between projects within the Construction Management Capital Improvement Fund.

Council Variance Application: CV11-027

APPLICANT: Star Consultants, Inc.; c/o Ali Alghothani; 1910 Crown Park Court; Columbus, Ohio 43235.

PROPOSED USE: A private playground as a principal use in the AR-1, Apartment Residential District.

CITY DEPARTMENTS' RECOMMENDATION: Approval. The requested variance will allow an outdoor basketball court (private playground) in the AR-1, Apartment Residential District, for members of a church located on the north side of Riverview Drive almost directly across the street from the site. A private playground is not permitted as a principal use in the AR-1 District, but it is permitted as an accessory use for residential and institutional developments. Many of the residents of the adjacent apartment buildings are members of the church, and recreational opportunities are not present within the immediate neighborhood. If the church had space available on their site for the proposed court, they would have been able to construct it without needing the requested variance. Staff is supportive of this proposal which increases health benefits and will improve the quality of life for residents. Approval of this request will not add an incompatible use to the area.

To grant a Variance from the provisions of Section 3333.02, AR-12, ARLD and AR-1, Apartment residential district use, of the Columbus City Codes; for the property located at 567 RIVERVIEW DRIVE (43202), to permit a private playground as a principal use in the AR-1, Apartment Residential District and to declare an emergency (Council Variance #CV11-027).

WHEREAS, by application #CV11-027, the owner of the property at 567 RIVERVIEW DRIVE (43202), is requesting a Variance to permit a private playground as a principal use in the AR-1, Apartment Residential District; and

WHEREAS, Section 3333.02, AR-12, ARLD and AR-1, Apartment residential district use, only allows private playgrounds as accessory uses in residential and institutional developments, while the applicant proposes to construct an outdoor basketball court as a principal use on a vacant lot; and

WHEREAS, City Departments recommend approval because although a private playground is not permitted as a primary use in the AR-1, Apartment Residential District, it is permitted as an accessory use for residential and institutional developments. The church that is almost directly across the street from the site does not have space available on their property to construct the court as an accessory use, so they have acquired this vacant lot to provide recreational opportunities for their members. Staff is supportive of this proposal which increases health benefits and will improve the quality of life for residents. Approval of this request will not add an incompatible use to the area; and

WHEREAS, said variance will not adversely affect the surrounding property or surrounding neighborhood; and
WHEREAS, the granting of said variance will not impair an adequate supply of light and air to adjacent properties or unreasonably increase the congestion of public roads, or unreasonably diminish or impair established property values within the surrounding area, or otherwise impair the public health, safety, comfort, morals, or welfare of the inhabitants of the City of Columbus; and

WHEREAS, the granting of said variance will alleviate the difficulties encountered by the owners of the property located at 567 RIVERVIEW DRIVE (43202), in using said property as desired; and

WHEREAS, an emergency exists in the usual daily operation in the City of Columbus in that it is immediately necessary to pass this ordinance to begin construction as soon as possible for the immediate preservation of the public peace, property, health and safety; now, therefore:

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:

That a variance from the provisions of Section 3333.02, AR-12, ARLD and AR-1, Apartment residential district use, of the Columbus City Codes, is hereby granted for the property located at 567 RIVERVIEW DRIVE (43202), insofar as said section prohibits private playground as a principal use in the AR-1, Apartment Residential District; said property being more particularly described as follows:

AN11-008

BACKGROUND:
This ordinance approves the acceptance of certain territory (AN11-008) by the City. The Ohio Revised Code stipulates that the once an annexation has been approved by the county, it must be accepted by the receiving municipality in order for the annexation process to be completed. City acceptance must take place a minimum of 60 days (but not more than 180) from the receipt by the City Clerk of the approval notice from the county. Should City Council not take such action within this timeframe, the annexation will not take place. This petition was filed with Franklin County on July 22, 2011. City Council approved a service ordinance addressing the site on July 25, 2011. Franklin County approved the annexation on August 23, 2011 and the City Clerk received notice on September 1, 2011. An agreement between the City and petitioner stipulates that the acceptance ordinance be filed as emergency legislation. Emergency action will also maximize revenue to the City.

FISCAL IMPACT:
While provision of municipal services does represent cost, annexation of the site is anticipated to generate substantial income tax revenue to the City.

That for the reasons stated in the preamble hereto, which is hereby made a part hereof, this ordinance is hereby declared to be an emergency measure and shall take effect and be in force from and after its passage and approval by the Mayor or ten days after passage if the Mayor neither approves nor vetoes the same.

In 2002, the City and Franklin County were parties to the "Port Authority Consolidation and Joinder Agreement" ("Agreement") which resulted in the dissolution of the Rickenbacker Port Authority and the creation of the Columbus Regional Airport Authority ("CRAA"). Pursuant to the Agreement, the CRAA assumed responsibility for the management and operations of Port Columbus Airport, Rickenbacker Airport and Bolton Field Airport. Also as part of the Agreement, the County agreed to contribute $4.34 million per year for 10 years to facilitate the Rickenbacker Airport operations. The City has no financial obligations under the Agreement.
The County has made its subsidy payments for 2003 through 2011 inclusive but has requested that the CRAA accept the final subsidy payment to the CRAA of $4,338,300 in two equal payments of $2,169,150 paid in years 2012 and 2013. This necessitates an amendment to the 2002 Agreement. While the proposed amendment would have no fiscal impact on the City, our consent is necessary because the City is a party to the Agreement being amended. This ordinance authorizes the Mayor to execute the amendment on behalf of the City.

FISCAL IMPACT: The proposed amendment will have no fiscal impact on the City.

To authorize the Mayor to execute Amendment Number One to the Port Authority Consolidation and Joinder Agreement; and to declare an emergency.

WHEREAS, in 2002, the City of Columbus ("City") and Franklin County ("County") were parties to a Port Authority Consolidation and Joinder Agreement ("Agreement") which resulted in the dissolution of the Rickenbacker Port Authority and the creation of the Columbus Regional Airport Authority ("CRAA"); and

WHEREAS, pursuant to the Agreement the CRAA assumed responsibility for the management and operations of Port Columbus Airport, Rickenbacker Airport and Bolton Field Airport, and the County agreed to contribute $4.34 million per year for 10 years to facilitate the Rickenbacker Airport operations; and

WHEREAS, the County has made its subsidy payments for 2003 through 2011 inclusive but has requested that the CRAA accept the final subsidy payment to the CRAA of $4,338,300 in two equal payments of $2,169,150 paid in years 2012 and 2013, thereby necessitating an amendment to the Agreement; and

WHEREAS, the proposed amendment is acceptable to the City; and

WHEREAS, an emergency exists in the usual daily operations of the City in that it is immediately necessary to authorize this amendment to be executed by the Mayor in order to facilitate it being approved and executed by all parties to the Agreement before the end of the year in order for the County to budget its payments accordingly; now therefore
