Legislation Number: 0795-2013
Drafting Date: 3/21/2013
Version: 1

This legislation authorizes the Finance and Management Director to establish a purchase order for the Division.
of Sewerage and Drainage, Sewer Maintenance Operations Center for one (1) Combination Sewer Cleaner from Jack Doheny Supplies Ohio Inc. The purchase of this equipment will be in accordance with the current State of Ohio State Term Schedule Contract (STS 670), Contract Number 800228 which expires on June 30, 2016. The equipment will be utilized at the Sewer Maintenance Operations Center for maintaining and cleaning manholes and sewer lines throughout the City.

In support of the Mayor's Get Green initiative this vector uses compressed natural gas (CNG) as a fuel. CNG is a fossil fuel substitute for gasoline (petrol), diesel fuel or propane/LPG. Although its combustion does produce greenhouse gases, it is a more environmentally clean alternative to those fuels, and it is much safer than other fuels in the event of a spill (natural gas is lighter than air, and disperses quickly when released). The Division of Sewerage and Drainage personnel, in both operations and maintenance have attended training at the manufacturing facility. In addition, due to the specialized use of the equipment the Division requires this unit to be equipped with a fan driven vacuum system in lieu of a positive displacement system. The fan driven vacuum system permits the unit to remove heavy material from the sewer system, for which it was intended. The positive displacement system has been tested and found to be unacceptable for this unique application.

Ordinance 582-87 authorizes the City of Columbus to participate in cooperative purchasing contracts and as a member of the Central Ohio Organization of Public Purchasers (CO-OPP), the City of Columbus is authorized to purchase from this contract.

A copy of the State of Ohio contract and pricing structure is attached to this legislation. The equipment replaces BT21558, and has been approved by Fleet Management. The funding requested on this legislation is based on a quote dated March 25, 2013 and is the State of Ohio contract pricing. The quotation is on file with the Purchasing Office and attached to this legislation.

The company is not debarred according to the Excluded Party Listing System of the Federal Government or prohibited from being awarded a contract according to the Auditor of State Unresolved Findings for Recovery Certified Search.

Section 4. That this Ordinance shall take effect and be in force from and after the earliest period allowed by law.

BACKGROUND: This legislation authorizes the Finance and Management Department to enter into contract
on behalf of the Office of Construction Management with Pizzuti Solutions, LLC for professional owner representation services for the redevelopment of 109 North Front Street.

This building is functionally obsolete suffering from a number of structural and mechanical deficiencies. It is highly energy inefficient, and due to its multi-level design with narrow and uneven floor plates, cannot be renovated in a cost efficient manner to create a modern office environment suitable for the provision of city services. As well, Carolyn/Piedmont Complex is aging and is functionally obsolete. The cost to renovate and/or add on would be extremely costly, and the location not suited for city operations with high traffic volume. The vision for a replacement building at the 109 North Front Street is for a centralized and single location for the Departments of Building and Zoning, Public Service, and Development. Also, location of these functions and agencies will greatly enhance inter-agency coordination and cooperation for programs such as One-Stop and Code Enforcement.

It is necessary for the Department of Finance and Management to augment its staff for the design and construction of a new Front and Long Street building. Pizzuti Solutions, LLC will participate in areas of planning and programming, conceptual design, schematic design, design development, constructability review, bidding and contract negotiations, construction oversight, project closeout and project documentation. By utilizing professional owner representation services City staff can focus on completing day-to-day responsibilities associated with new construction such as leadership direction for the project, developing a final budget, project scope, selection of professional Architectural and Engineering services, design, construction, quality control, building commissioning, and liaison activities with other City agencies that are needed to complete this scope of work.

Pizzuti Solutions will employ a value-added approach that will assist the City in delivering the best quality project outcome; an outcome that can’t be measured by construction or project cost savings alone. Pizzuti Solutions will work as an extension of the staff assigned by the City, will work as directed by City staff and will make recommendations on many project issues requiring decisions by City staff. Pizzuti Solutions will assist and advise the City in managing to meet all City goals, objectives, and requirements. This approach will ensure that all project funds are used wisely to generate the best long-term value for the City of Columbus. In this way, Pizzuti Solutions will help build the City demonstrate the high level of accountability and involvement that public projects require.

The City of Columbus has conveyed to Pizzuti Solutions, LLC the vision and importance of developing a cohesive municipal office campus located in downtown Columbus. Pizzuti Solutions, LLC sees some significant opportunities to not only create a functional and sustainable office building designed for long-term value, but also to create further value by planning facilities that support public activities and contribute to the City vision of a vibrant downtown.

The selection of the vendor for professional services is in accordance with the competitive bidding provisions of the Columbus City Codes, 1959. Requests for Statements of Qualifications were available on October 29, 2012 and responses were to be submitted on or before November 30, 2012. The City received six proposals (0 FBE, 0 MBE): David Neiderhiser and Group, Pizzuti Solutions, LLC, Project Control Systems, Inc., ACM, HR Gray and Associates, and Thomas and Marker Construction Company. We then met with Pizzuti Solutions and negotiated a fee proposal and scope commensurate with the project.

Emergency action is requested so as to engage the services of Pizzuti Solutions, LLC at the earliest practical opportunity. Much of the value of the contractual engagement derives from the role of the owners representative at the front end of the project and while architectural services are being solicited, negotiated, and contracted.
Fiscal Impact: The cost of this contract is $1,990,000.00. Sufficient funding for this project is available in the Construction Management Capital Improvement Fund.

To authorize the Director of Finance and Management to enter into a professional engineering services contract with Pizzuti Solutions, LLC for the owners representation services for the redevelopment of 109 North Front Street; to authorize the expenditure of $1,990,000.00 from the Construction Management Capital Fund; and to declare an emergency. At this time no community outreach or input is anticipated and no environmental factors are involved.

The SOQ's were evaluated and two bidders, SimplexGrinnell L.P. and G4S Technology LLC, were short-listed as qualified to perform the work based on the SOQ's submitted. As part of the second phase, both contractors were sent the Invitation for Bids.

The Director of Public Utilities publicly opened two bids on January 16, 2013 from: SimplexGrinnell L.P. - $2,256,395.90 and G4S Technology LLC - $2,448,111.16.

Additional information regarding both bidders, description of work, contract time frame and detailed amounts can be found on the attached Information form.

5. FISCAL IMPACT: A transfer of funds within the Water Works Enlargement Voted Bonds Fund will be necessary, as well as an amendment to the 2013 Capital Improvements Budget.
To authorize the Director of Public Utilities to enter into a construction contract with SimplexGrinnell L.P. for the Security Enhancements - Hoover Dam Improvements Project for the Division of Water; to authorize a transfer and expenditure up to $2,256,395.90 within the Water Works Enlargement Voted Bonds Fund; to amend the 2013 Capital Improvements Budget; and to waive the provisions of competitive bidding. The purpose of this legislation is to authorize the Director of Public Utilities to enter into a contract with Watershed Organic Lawn Care and Landscape for the purpose of inspecting the performance of and maintain the City’s bioretention basins. The City of Columbus is committed to investing in green infrastructure. As part of this commitment, the City has built a number of bioretention basins in the right-of-way and/or on City owned property.

Bioretention basins are engineered, shallow depressions that treat stormwater runoff using pollutant removal mechanisms that function in natural ecosystems: settling, filtration, absorption, microbial breakdown and nutrient assimilation. Surface runoff is directed into the bioretention area where it temporarily ponds before infiltrating through mulch and a soil media planted with vegetation. The infiltrated water percolates into soils and, if necessary, enters a perforated underdrain that discharges into a water body or storm drain system.

The contractor will be responsible for inspection of the bioretention basins to ensure proper performance during heavy rainfall, soil, and clean and replace soil media to meet original design standards at each location. Each bioretention basin is designed specifically for its location. Contractor will also be required to document and report on the performance of the basins.

The City is currently responsible for the maintenance of 50 basins located in the River South area of downtown and 38 basins located at Griggs, O’Shaughnessy and Hoover reservoirs. The contractor will work with Watershed Maintenance staff when performing maintenance at the basins located at the reservoirs.

The Department of Public Utilities advertised Request for Proposals (RFP’s) for the subject services in the City Bulletin in accordance with the provisions of Sections 329.25, Columbus City Codes, 1959. Two hundred twenty-six (226) vendors (19 MBE, 3 FBE, 204 MAJ) were solicited (SA004768), and five (5) proposals (1 MBE, 4 MAJ) were received and opened on February 13, 2013. The evaluation and final ranking of the firm
was based upon the criteria specified in the RFP and Watershed Organic Lawn Care and Landscape was determined to be the most qualified responder to provide the services for the Bioretention Basin and Maintenance Services project. This contract will be for a period of one (1) year from the date of execution.

Council Variance Application # CV13-018

APPLICANT: Dominion Homes, Inc.; c/o Robert A. Meyer, Jr., Atty.; Porter, Wright, Morris & Arthur LLP; 41 South High Street; Columbus, Ohio 43215.

PROPOSED USE: Single-unit residential development.

CITY DEPARTMENTS’ RECOMMENDATION: Approval. The applicant has received a recommendation of approval from Staff and the Development Commission for a concurrent rezoning (Ord. No. 1037-2013; Z13-026) from the NG, Neighborhood General District to the NE, Neighborhood Edge District for the development of twenty-four (24) single-unit dwellings. The applicant is requesting variances to eliminate the garage setback requirements and to vary the tree planting pattern requirements in the NE District. The request is substantially consistent with variances approved by City Council (CV09-032) and the Columbus Board of Zoning Adjustment for developed areas within this Traditional Neighborhood Development (TND). Although Staff recommended disapproval on the original 2004 BZA variance, this request is to continue the same development pattern on a newly zoned section of the original TND site; therefore Staff has no objections to the proposed variances. The applicant has committed to similar conditions that were included in the previously approved Council and BZA variances, and this request is supported by the Rocky Fork/Blacklick Accord Panel.

To grant a variance from the provisions of Sections 3320.15, Thoroughfare standards; and 3320.19 (B) 19 and 20, Private buildings, of the City codes, for the property located at 5103 CENTRAL COLLEGE ROAD (43081), to eliminate the garage setback requirements and vary the tree planting pattern requirements for a single-unit residential development in the NE, Neighborhood Edge District and to declare an emergency (Council Variance # CV13-018).

WHEREAS, by application No. CV13-018, the owner of property at 5103 CENTRAL COLLEGE ROAD (43081) is requesting a Council Variance to eliminate the garage setback requirements and vary the tree planting pattern requirements in the NE, Neighborhood Edge District; and

WHEREAS, Section 3320.15, Thoroughfare standards, requires trees to be planted on both sides of residential streets at thirty (30) feet on center, while the applicant proposes a random tree-planting pattern with a maximum spacing between trees of sixty (60) feet and a minimum equivalent of one street tree per forty (40) lineal feet of street frontage for both sides of the street; and

WHEREAS, Section 3320.19 (B) 19 and 20, Private buildings, requires attached garages to be recessed two (2) feet from the front façade of the main building for double-width driveways, and twenty (20) feet for single-width driveways, while the applicant proposes garages to project a maximum of eight (8) feet forward of the building façade on a maximum of forty percent (40%) of the units built within the site; and

WHEREAS, the City Departments recommend approval because the request is substantially consistent with variances approved by City Council and the Columbus Board of Zoning Adjustment for developed areas within this Traditional Neighborhood Development (TND). Although Staff recommended disapproval on the original
2004 BZA variance, this request is to continue the same development pattern on a newly zoned section of the original TND site; therefore Staff has no objections to the proposed variances. The applicant has committed to similar conditions that were included in the previously approved variances, and this request is supported by the Rocky Fork/Blacklick Accord Panel; and

WHEREAS, said ordinance requires separate submission for all applicable permits and Certificate of Occupancy for the proposed use; and

WHEREAS, said variance will not adversely affect the surrounding property or surrounding neighborhood; and

WHEREAS, the granting of said variance will not impair an adequate supply of light and air to adjacent properties or unreasonably increase the congestion of public streets, or unreasonably diminish or impair established property values within the surrounding area, or otherwise impair the public health, safety, comfort, morals, or welfare of the inhabitants of the City of Columbus; and

WHEREAS, the granting of said variance will alleviate the difficulties encountered by the owners of the property located at 5103 CENTRAL COLLEGE ROAD (43081), in using said property as desired; and

WHEREAS, an emergency exists in the usual daily operation of the City of Columbus in that it is immediately necessary to pass this ordinance as the Applicant requires the ability to seek and secure prompt City approval of development plans, including an amended regulating plan, to proceed with an orderly schedule for development and ensure compliance with the Zoning Code; now, therefore:

**BACKGROUND**

This ordinance authorizes the Franklin County Municipal Court Administrative and Presiding Judge to enter into contract with Richland County Community Alternative Center (RCCAC), a government agency, and authorizes the expenditure of up to $200,000 from the Municipal Court indigent driver alcohol treatment fund for in-patient chemical dependency treatment for indigent OVI and NON-OVI offenders.

RCCAC is a government program and is licensed by the Ohio Department of Alcohol and Drug Addiction Services (ODADAS), and possesses the necessary level of expertise to provide the treatment services and the Court has a need for an ODADAS certified treatment program. RCCAC has no post control felons at their...
location which increase the safety of the Municipal Court probationers. The facility is a renovated hospital and the sheriff’s office therefore providing better security. This program can accommodate women probationers and they will transport all probationers to and from the program and the court.

Richland County CAC contract compliance is 34-6002296

**FISCAL IMPACT:** The 2013 budget for the indigent driver alcohol treatment fund appropriated funds for the purpose of in and out patient chemical dependency treatment for OVI and NON-OVI offenders.

This legislation is considered an emergency measure to ensure the proper and timely treatment of probationers.

To authorize and direct the Administrative and Presiding Judge of the Franklin County Municipal Court to enter into contract with Richland County Community Alternative Center; to authorize the expenditure of up to $200,000 with RCCAC for in-patient chemical dependency treatment for OVI and NON-OVI offenders; and to declare an emergency. ($200,000.00)

**WHEREAS,** the Court has determined that it is in its best interest to enter into contract with RCCAC; and

**WHEREAS,** $200,000 is needed to provide for services during the period through March 31, 2014; and

**WHEREAS,** this ordinance is requested as an emergency to permit the timely procurement of needed services; and

**WHEREAS,** an emergency exists in the usual daily operation of the city, in that it is immediately necessary to enter into contract and authorize the expenditure for in-patient chemical dependency treatment with RCCAC thereby preserving the public health, peace, property, safety and welfare; Now, Therefore,

**BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:**

**SECTION 1.** That the Administrative and Presiding Judge of the Franklin County Municipal Court be and is hereby authorized to enter into contract with Richland County Community Alternative Center for long-term, in-patient residential chemical dependency treatment for the period ending March 31, 2014.

**SECTION 2.** That to pay the cost of the aforesaid contract, the expenditure of $200,000 or as much thereof as may be necessary, is hereby authorized from the Franklin County Municipal Court, department number 2501, indigent driver alcohol treatment fund, fund number 225, sub fund 001, $60,000 from oca 250266, object level 1 - 03, object level 3 - 3336; $140,000 from oca 250213, object level 1 -03, object level 3 - 3336.

**SECTION 3.** That for the reasons stated in the preamble hereto, which is hereby made a part hereof, this ordinance is declared to be an emergency measure and shall take effect and be in force from and after its passage and approval by the Mayor, or ten days after passage if the Mayor neither approves nor vetoes the same.
BACKGROUND

This ordinance authorizes the Franklin County Municipal Court Administrative and Presiding Judge to enter into contract with House of Hope (HOH), and authorizes the expenditure of up to $35,000 from the Municipal Court indigent driver alcohol treatment fund for in-patient and out-patient chemical dependency treatment for indigent OVI and NON-OVI offenders.

House of Hope is licensed by the Ohio Department of Alcohol and Drug Addiction Services (ODADAS), and possesses the necessary level of expertise to provide the treatment services and the Court has a need for an ODADAS certified treatment program. HOH can provide in and out patient care.

The Franklin County Municipal Court Administrative and Presiding Judge respectfully asks for a waiver of the competitive bidding requirements of Section 329 because the Court has determined, for continuity of service that it is in its best interest to enter into contract with HOH for in and out patient chemical dependency treatment. Also, ODADAS states who the court can contract with as the facility must be certified. The court will have more than one contract with ODADAS certified vendors as no one vendor can provide for all of our needs.

House of Hope contract compliance is 31-4443449 and expires on 4/13/14.

The Rich St - Town St project has been under development with this consultant from conception. Due to the complexity of the multiple disciplines required and the knowledge gained through the project development process, this consultant team is uniquely qualified to complete this project. The W. Broad St project was an “if authorized” project in this contract’s RFP.

BACKGROUND:
This ordinance authorizes the Administrating and Presiding Judge of the Franklin County Municipal Court to enter into contract with Fairfield Information Services DBA American Court Services (ACS) for monitoring services associated with the use of secure continuous remote alcohol monitor (SCRAM) devices. The SCRAM unit is a non-invasive, tamper-resistant, transdermal monitoring device that measures blood alcohol concentration automatically, 24 hours a day, regardless of the individual's location. Alcohol Monitoring Systems holds many patents on the continuous alcohol monitoring device and Fairfield Information Services is the only local vendor authorized to providing monitoring services.

The Franklin County Municipal Court Judges purchased 40 SCRAM devices with monies from its indigent driver alcohol treatment fund for the purpose of monitoring offenders with alcohol dependency issues that are sentenced to use a SCRAM unit as a condition of probation. The continued use of the SCRAM devices necessitates monitoring services, which is provided by ACS. The devices were purchased from Alcohol Monitoring Services and they have named ACS as a sole provider of monitoring service. As a consequence, the Court asks that the competitive bidding provisions of the Columbus City Code be waived so that the Court can enter into contract with ACS for alcohol monitoring services.

Fairfield Information Services DBA American Court Services contract compliance number is 31-1751856 and expires on 8/03/14.

FISCAL IMPACT: Funds are available within the 2013 indigent driver interlock fund for this purpose.

Emergency legislation is requested to authorize the court to enter into contract and the expenditure to continue monitoring services.

To authorize and direct the Administrating and Presiding Judge of the Franklin County Municipal Court to enter into contract with ACS for monitoring services associated with the continuous alcohol monitoring devices to authorize the expenditure of up to $200,000.00 for monitoring services; to waive the competitive bidding provisions of the Columbus City Code; and to declare an emergency. ($200,000.00)

WHEREAS, ordinance # 1568-2007 was passed by Columbus City Council on November 5, 2007 authorizing the contract and expenditure for acquisition of continuous alcohol monitoring devices and related monitoring
services for the Franklin County Municipal Court, Department of Probation Services; and

WHEREAS, the Franklin County Municipal Court is in need of additional monitoring services from ACS.; and

WHEREAS, this ordinance is requested as an emergency to permit the timely procurement of needed services; and

WHEREAS, an emergency exists in the usual daily operation of the city, in that it is immediately necessary to waive competitive bidding, authorize contract and expenditure for continuous alcohol monitoring services with ACS thereby preserving the public health, peace, property, safety and welfare; Now, Therefore,

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:

SECTION 1. That the Administrating and Presiding Judge of the Franklin County Municipal Court be and is hereby authorized to enter into contract with ACS for monitoring services associated with the Court's continuous alcohol monitoring equipment through the period ending June 30, 2014.

SECTION 2. That the expenditure of $200,000 or as much thereof as may be necessary is hereby authorized from the Franklin County Municipal Court Judges, department number 2501, indigent driver alcohol treatment fund, fund number 227, subfund 004 as follows: $200,000 from oca 252714, object level 1 - 03, object level 3 - 3336.

SECTION 3. That for the reasons stated, the Columbus City Council finds it is in the best interest of the Franklin County Municipal Court Judges to waive all provisions of the Columbus City Codes related to competitive bidding.

SECTION 4. That for the reasons stated in the preamble hereto, which is hereby made a part hereof, this ordinance is declared to be an emergency measure and shall take effect and be in force from and after its passage and approval by the Mayor, or ten days after passage if the Mayor neither approves nor vetoes the same.

1. BACKGROUND
This ordinance authorizes the Director of the Department of Public Service to enter into a Guaranteed Maximum Reimbursement and Construction Contribution Agreement, along with future amendments for contribution agreements if needed, with Nationwide Realty Investors, Ltd. (NRI) for purposes of NRI contributing construction funds for the Roadway Improvements - Neil Avenue project, to reimburse NRI for design costs for said project, and to refund any unused deposit to NRI.
Reimbursement to NRI for design costs shall be from 2011 CIB funds and paid via warrant from a purchase order. Reimbursement to NRI for construction costs shall be paid via a previously executed Tax Increment Financing agreement. Refunds of deposited funds shall be from funds deposited.

The City entered into a Tax Increment Financing Agreement (the “TIF Agreement”) with NRI pursuant to Ordinance No. 2356-98 and Ordinance No. 2357-98 passed by its City Council on September 14, 1998, Ordinance No. 2092-01 and Ordinance No. 2093-01 passed on December 17, 2001 (the “Original TIF Ordinances”) as amended by Ordinance No. 1534-2011 and Ordinance No. 1535-2011 passed by its City Council on September 26, 2011.

On September 17, 2009, the City and NRI entered into a TIF Agreement amendment under the authority of Ordinance No. 1554-2008 passed by its City Council on October 20, 2008, to pay costs of additional public infrastructure improvements in the Nationwide Arena District TIF, Pen Site TIF, Pen West East TIF and Pen West West TIF agreement areas.

As part of the City and NRI’s commitment to the ongoing development of the Arena District, the parties continue to collaborate through the Public-Private Partnership Process (3P), on the design and construction of TIF-eligible public infrastructure improvement projects that support private development activities.

The Roadway Improvements - Neil Avenue, Project No. 440104-100009 consists of the next phase of roadway improvements in the area known as Arena West. The project will make improvements to Neil Avenue between Nationwide Boulevard to the south and Vine Street to the north and will include: restriping south of Nationwide Boulevard to add a third northbound thru lane and to realign the northbound left turn lane with below-mentioned lane improvements north of Nationwide Boulevard; replacing the treed median with full depth pavement and restriping between Nationwide Boulevard and Brodbelt Lane to add a second southbound left turn lane at Nationwide Boulevard and a third northbound thru lane; widening and restriping between Brodbelt Lane and Vine Street to add a third southbound thru lane; widening and restriping between Vine Street and Spruce Street to add a southbound right turn lane at Vine Street and a third southbound thru lane; and resurfacing from the start point of lane improvements south of Nationwide Boulevard to Spruce Street.

Improvements to Vine Street will include: widening to add a second eastbound right-turn lane; restriping to add a second eastbound thru lane via conversion of the previous westernmost eastbound right turn lane; resurfacing (all eastbound lanes only) from the start point of lane improvements west of Neil Avenue to Neil Avenue; widening to add a westbound right turn lane at Neil Avenue; and resurfacing (northernmost westbound thru lane only) from Neil Avenue to end point of lane improvements. The project also includes all sidewalk, traffic signal, striping, signage, landscaping, and stormwater improvements necessary to perform the above-described improvements.

In support of the Roadway Improvements - Neil Avenue project, the City allocated $2,400,000.00 from its Capital Improvement Program (“CIP”) for design, acquisition of right-of-way, and construction costs. From this $2,400,000.00 CIP allocation, the City encumbered a total of $100,000.00 for the City to pursue the acquisition of right-of-way: first for the expenditure of $60,000.00 under Ordinance 1683-2011 passed by its Council on October 17, 2011, and second for the expenditure of $40,000.00 under Ordinance No. 0035-2012 passed by its Council on January 23, 2012. Of the total $100,000.00 encumbered by the City, only $70,650.00 was used, resulting in an unspent amount of $29,350.00 to be re-allocated toward design and construction costs.

On June 19, 2012, the City received bids for the construction of the Roadway Improvements - Neil Avenue project and the lowest responsive, responsible and best bidder was $715,887.82 more than the City’s CIP
allocation. Subsequently, the City and NRI agreed to reject all construction bids for the Project and redevelop the project in a manner that maximized cost-effectiveness.

The City and NRI subsequently entered into a Memorandum of Understanding (MOU) in October 2012, through which the City stated it would not allocate more than $2,400,000.00 for the design, right-of-way acquisition, construction, or any other related project costs and NRI agreed that if the total cost of the Roadway Improvements - Neil Avenue project, including but not limited to design, right-of-way acquisition, and/or construction exceeded the City’s $2,400,000.00 CIP funding allocation, NRI could elect to provide funding for the remaining amount needed to complete the construction of the project.

In March 2013, the City re-advertised the Roadway Improvements - Neil Avenue project and intends to award it to Danbert, Inc., as the lowest responsive, responsible and best bidder for their bid of $2,139,174.03 and an inspection amount of $213,917.40, for a total legislated amount of $2,353,091.43, pending Columbus City Council approval.

The total cost for design, right-of-way acquisition, construction, and other related project costs exceeds the City’s CIP Funding allocation by $198,026.43 and NRI agrees to contribute funds to the City for those project costs that exceed the City’s CIP Funding.

The Department of Public Service has determined that it is in the City’s best interest to enter into a Guaranteed Maximum Reimbursement and Construction Contribution Agreement with NRI for purposes of NRI contributing funds for the Roadway Improvements - Neil Avenue project per the MOU, the City reimbursing NRI for design costs from CIP funds and construction costs per the TIF agreements for the project under the authority of Ordinance No. 1554-2008, to accept a contribution for construction of the project, and to refund any unused deposit.

CCAD has been working diligently to build its presence in the business and arts community. The MindMarket Incubator Program was envisioned as a result of a need and desire to integrate the CCAD curriculum with the formation of a “business hub” to better prepare students for successful business and entrepreneurial lives after graduation. It will serve as the institutional supporter of small and start-up creative businesses. Its mission is to support and foster the creation of new businesses in art & design industries, as well as to deliver entrepreneurship education to current students, alumni, and the Columbus creative community. The Incubator Mentoring Council will be comprised of seasoned professionals from the business, creative, legal and financial communities. BACKGROUND: This ordinance authorizes the Director of the Department of Development to execute
documents on behalf of the City to accept title to the undeveloped property within the former Jeffrey Mining
site and to transfer the property back to the original owner, Jeffrey New Day, LLC, for the purpose of creating
a Tax Increment Finance (TIF) area under Ohio Revised Code (ORC) Section 5709.41, to replace the existing .41 TIF area, thereby allowing a full 30 year tax increment financing program on the undeveloped portion of
the site.

Jeffrey New Day, LLC has recently acquired and intends to redevelop the former Jeffrey Mining site, located
at the southeast corner of Fourth Street and First Avenue, into residential apartments and single family homes. The City and Jeffrey New Day, LLC desire to create a replacement .41 TIF area to pay for certain infrastructure improvements and to otherwise support the former Jeffrey Mining site redevelopment while protecting the Columbus City Schools from any loss of tax revenues.

ORC Section 5709.41 requires that the City own the property prior to passing an ordinance to establish the replacement TIF. Therefore, emergency action is necessary to authorize the City to accept title to the undeveloped land comprising the former Jeffrey Mining site and then to transfer the property back to Jeffrey New Day, LLC. The ordinance replacing the existing .41 TIF with the new .41 TIF will then be submitted for consideration by the City Council within the next 30 days.

FISCAL IMPACT: No funding is required for this legislation.

To authorize the Director of the Department of Development to execute and deliver documents on behalf of the City to accept title to certain undeveloped property generally known as the former Jeffrey Mining site and to transfer the property back to the original owner; and to declare an emergency.

WHEREAS, the City of Columbus (the “City”) is committed to improving existing neighborhoods and providing new neighborhood housing; and

WHEREAS, Jeffrey New Day, LLC (“Jeffrey New Day”) has recently acquired the undeveloped portions of the former Jeffrey Mining site (the “Site”) from the previous Site developer and proposes to provide neighborhood residential uses through the urban redevelopment of the Site (the “Project”); and

WHEREAS, this Council, by its Ordinance 0546-02 adopted April 8, 2002, approved a tax increment financing area for the Site under Ohio Revised Code Section 5709.41 (the “Existing .41 TIF”) to encourage the redevelopment of the Site; and

WHEREAS, the Site remains undeveloped, and Jeffrey New Day and the City desire to replace the Existing .41 TIF on the Site with a new tax increment financing area under Ohio Revised Code Section 5709.41 (the
“New .41 TIF”), thereby allowing a full 30-year tax increment financing program for the Site and further encouraging the redevelopment of the Site; and

WHEREAS, the City of Columbus must hold fee title to the Site prior to enacting an ordinance establishing the New .41 TIF (the “New TIF Ordinance”); and

WHEREAS, it is necessary for the City to execute certain documents to accomplish the acceptance and subsequent transfer back to Jeffrey New Day of title to the Site, all prior to City Council’s enactment of the New TIF Ordinance; and

WHEREAS, an emergency exists in the usual daily operation of the Department of Development in that it is necessary to pass this ordinance as an emergency measure because of the need to expedite the transfer of the Site in order to allow for the timely passage of the New TIF Ordinance and the development of the Project, all for the preservation of the public health, peace, property, safety and welfare; NOW THEREFORE,

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:

Section 1. That the Director of the Department of Development (the “Director”) is hereby authorized to accept on behalf of the City title to the Site and to cause such title to be transferred according to State of Ohio law; provided, however, that no title to the Site may be accepted without execution of an agreement providing indemnification on terms acceptable to the City for any liability that may arise from the City holding title to the Site, with the City’s approval of such indemnification evidenced conclusively by the Director’s execution of an indemnification agreement for such purpose.

Section 2. That the Director is hereby authorized and directed to execute and deliver, in accordance with this Ordinance, all documents necessary, and to take any other required measures, to cause the transfer of the City’s title to the Site acquired pursuant to this Ordinance to Jeffrey New Day, which transfer must occur within one business day following the City’s acceptance of title to the Site.

Section 3. That for the reasons stated in the preamble hereto, which is hereby made a part hereof, this Ordinance is declared to be an emergency measure and shall take effect and be in force from and after its passage and approval by the Mayor, or ten days after passage if the Mayor neither approves or vetoes this Ordinance.

BACKGROUND: This legislation authorizes the Director of the Department of Development to amend the Mile on High contract with The Neighborhood Design Center by extending the time of the contract to May 31, 2013 from January 31, 2013. The additional time will allow the Neighborhood Design Center to continue to provide services to businesses within the “Mile On High” Program and utilize the remaining $4,722.44 on the contract. Ordinance 1529-2009, passed on November 16, 2009, authorized the Director of Development to enter into agreement with the Neighborhood Design Center to provide services including, design, inventory and visioning services to the “Mile on High” Program. These services would result in increased retail opportunities in Downtown Columbus. Ordinance 1768-2010, passed on December 13, 2010, authorized the
Development Director to enter into contract with the Neighborhood Design Center to provide services to the “Mile on High” Program. Columbus City Council also passed Ordinance 1870-2011 on November 14, 2011, authorizing the Director of Development to extend the contract period for services provided to the “Mile on High” Program.
