Ordinances and Resolutions
BACKGROUND: Columbus Public Health has been awarded a grant from the U.S. Department of Health and Human Services, in the amount of $4,010,911.00. Ordinance No. 0238-2013 authorized the acceptance and appropriation of $3,500,000.00 in grant money. This ordinance is needed to transfer appropriation between object levels and accept and appropriate an additional $510,911.00 in grant monies to fund the HIV Care Part A grant program.

The HIV Care Part A grant’s purpose is to improve access to medical care for persons living with HIV or AIDS in Central Ohio. The goal is that each client will achieve viral suppression, which improves their quality of life and reduces the risk of spreading the infection. This grant will enhance medical services both somatic and behavioral health. It will pay for HIV related doctor’s visits, mental health services, substance abuse services, and some oral health care. It also will strengthen the case management and linkage to care (or patient navigation) elements. Columbus is eligible for HIV Care Part A, because it has been severely affected by the HIV epidemic. This means that there were at least 1,000, but fewer than 2,000 cases of AIDS reported and confirmed during the most recent period of 5 calendar years.

This grant is for the period March 1, 2013 through February 28, 2014.

Emergency action is requested to allow the financial transaction to be posted in the City's accounting system as soon as possible. Up to date financial posting promotes accurate accounting and financial management.

FISCAL IMPACT: The HIV Care Part A Grant Program is entirely funded by the U. S. Department of Health and Human Services and does not generate revenue or require a City match.

**BACKGROUND:**
This legislation authorizes the Director of the Department of Technology (DoT), on behalf of the Columbus
Police Division, to modify a contract with Core Technology Corporation for upgrading the Bridge software
applications, providing connectivity to the Ohio LEADS system. The original agreement (FL001003) was
entered into January 22, 2002, authorized by ordinance 2299-01, passed December 17, 2001. The agreement
was modified by authority of ordinance 1299-2012, passed October 29, 2012, through purchase order
EL013697. This modification will provide for additional professional services in support of the upgrade
project, to be completed by December 31, 2013.

The cost of this modification is $20,000, and will provide service to develop additional Talon query functions.
The need for these functions was not known when the contract was modified last year. These functions are
critical for Police Division use of the Ohio LEADS system. Core Technology is the sole source provider of the
Multibridge/Talon software products, and is the only supplier of services for these products; consequently, the
City is unable to use alternate procurement methods to obtain the needed services. The cost of these services
was negotiated with the vendor.

Core Technology Corporation is the sole proprietor and copyright holder of the MultiBridge and Talon
software applications. Accordingly, Core Technology Corporation is also the sole source of supply for
professional services. For this reason, this ordinance is being submitted in accordance with the provisions of
Sole Source procurement of the City of Columbus Section 329.07.

**FISCAL IMPACT:**
In 2012, the Department of Technology entered into a contract (under the authority of ordinance 1299-2012)
with Core Technology Corporation, for software licenses, implementation services, and maintenance and
support services, in the amount of $80,000.00. The cost for this modification for additional software upgrades
and implementation services is for $20,000.00, bringing the aggregate contract total amount to $100,000.00.
Earlier this year a funds transfer was approved and made to transfer funds from Object level one - 01
(personnel) to services object level one - 03 to cover the cost of this modification. The funds have been
identified and are available in the Department of Technology, internal service fund.

**EMERGENCY DESIGNATION:**
Emergency designation is requested to immediately facilitate prompt payment and to avoid interruption in the
performance of services necessary in the usual daily operation.

**CONTRACT COMPLIANCE NUMBER:**

WHEREAS, the original contractual agreement EL013697 was authorized by ord. no. 1299-2012, with Core Technology Corporation to provide software upgrades and implementation services to the existing Multibridge/Talon software. This modification for additional custom queries for their LEADS software product, Talon will continue to provide secure encryption to meet State of Ohio LEADS security requirements, since Police LEADS data traverses a public network; and

WHEREAS, Core Technology Corporation is the sole source provider of the software license and support for the Talon products and provided a price quote for the software upgrades and implementation services, therefore this procurement is in accordance with the provisions of the sole source procurement of the Columbus City Code, Section 329.07; and

WHEREAS, an emergency exists in the usual daily operation of the Department of Technology, in that it is immediately necessary for the Director of the Department of Technology to modify a software upgrade contract that includes software upgrades and implementation services with Core Technology Corporation for the Police LEADS software application, on behalf of the Columbus Police Division to maintain on-going services and support; to allow for uninterrupted daily operations and for the immediate preservation of the public health, peace, property, safety and welfare; now, therefore:

Legislation Number: 2344-2013
Drafting Date: 9/27/2013
Current Status: Passed
Version: 1
Matter Type: Ordinance

1. BACKGROUND:
This ordinance authorizes the Director of the Finance and Management Department, on behalf of the Department of Public Service, Division of Planning and Operations, to establish a purchase order in the amount of $39,752.40 with McDaniel's Construction Corporation, Incorporated, for the repair of Reznor heaters at 1850 E. 25th Avenue. A quotation was received by the Department of Public Service from McDaniel's Construction Corporation, Incorporated, in the amount of $39,752.40. The purchase order will be established pursuant to the State Requirements contract with McDaniel's. Ordinance #582-87 authorizes City agencies to participate in the Ohio Department of Administrative Services (DAS) cooperative contracts when deemed to be "cost effective" to the City of Columbus.

This ordinance will allow for a pilot program for the repair of the Reznor heaters utilizing an established State Term contract, based on the concept of Job Order Contracting (JOC). The JOC allows the City to get commonly encountered construction projects done using a different contracting method. By using JOC, the City hopes to reduce costs, time and errors for certain renovation, repair and construction projects. The State of Ohio bid JOC through the use of a unit price book, which provides for preset costs for specific construction tasks. Winning bidders were selected based on their mark-up or discount from these preset costs. The Finance and Management Department, Office of Purchasing, wishes to use this contract to measure its effectiveness in comparison to the traditional construction procurement method. If deemed effective, the Office of Purchasing will consider conducting its own procurement for a JOC program specifically for the City of Columbus.

Searches in the System for Award Management (Federal) and the Findings for Recovery list (State) produced no findings against McDaniel's Construction Corporation, Incorporated.

2. CONTRACT COMPLIANCE
The contract compliance number for McDaniel's Construction Corp., Inc., is 31-1145406 and expires 4/19/14.

3. FISCAL IMPACT
Funding is available within the Street Construction Maintenance and Repair Fund for building maintenance repairs.

4. Emergency Justification
Emergency action is requested to allow repair of the heaters before cold weather begins.

To authorize the Director of the Department of Finance and Management to establish a purchase order with McDaniel's Construction Company for the repair of Reznor heaters at 1850 E. 25th Avenue per the terms of the State of Ohio Requirements Contract; to authorize the expenditure of $39,752.40 from the Street Construction Maintenance and Repair Fund; and to declare an emergency. ($39,752.40)

WHEREAS, the Reznor heaters at 1850 E. 25th Avenue are in need of repair; and

WHEREAS, there is an existing State Requirements contract with McDaniel's Construction Corporation, Incorporated; and

WHEREAS, Ordinance #582-87 authorizes City agencies to participate in the Ohio Department of Administrative Services (DAS) cooperative contracts when deemed to be "cost effective" to the City of Columbus; and

WHEREAS, the Finance and Management Department, Office of Construction Management, wishes to use this contract to measure its effectiveness in comparison to the traditional construction procurement method; and
WHEREAS, an emergency exists in the usual daily operation of the Department of Public Service in that repair of the heaters must be made before cold weather begins, thereby preserving the public health, peace, prosperity, and welfare; now, therefore:

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:

SECTION 1. That the Director of Finance and Management is hereby authorized and directed to issue a purchase order to McDaniel's Construction Corporation, Incorporated, 1069 Woodland Ave., Columbus, Ohio, 43219, for the repair of Reznor heaters in the amount of up to $39,752.40.

SECTION 4. That the City Auditor is authorized to make any accounting changes to revise the funding source for all contracts or contract modifications associated with this ordinance.

That for the reasons stated in the preamble hereto, which is hereby made a part hereof, this ordinance is hereby declared to be an emergency measure and shall take effect and be in force from and after its passage and approval by the Mayor or ten days after passage if the Mayor neither approves nor vetoes the same.

This ordinance is submitted to settle the claim involving the Department of Public Utilities, Division of Electricity and The Wood Companies, in the amount of Twenty-Eight Thousand Seventy-One Dollars and Forty-Eight Cents ($28,071.48). In March of 1990, a City crew for the Division of Electricity planted an electrical pole in the alley behind 772 North High Street, a property owned by The Wood Companies. This building sits at the corner of High Street and Hubbard Avenue. At the time of installation, the City crew sunk a guy wire anchor into the sewer lateral leading to 772 North High Street. Over the years, the sediment and rocks accumulated in the line until the line was completely blocked. This amount represents the work items, materials, labor and procedures associated with repairing the sanitary sewer line.

FISCAL IMPACT: Funds have not been specifically budgeted for this settlement but are available in the appropriate account.

To authorize and direct the City Attorney to settle the claim brought by The Wood Companies against the City of Columbus, Department of Public Utilities, Division of Electricity; to authorize the expenditure of Twenty-Eight Thousand Seventy-One Dollars and Forty-Eight Cents ($28,071.48) in settlement of this claim; and to declare an emergency.

WHEREAS, following an investigation and review of the Claimant's claim, the parties reached an agreement to settle this matter for the total amount of Twenty-Eight Thousand Seventy-One Dollars and Forty-Eight Cents...
($28,071.48). The settlement was deemed acceptable by the City of Columbus, Department of Public Utilities, Division of Electricity, along with a release of the City of Columbus and its employees from any further liability; and

WHEREAS, an emergency exists in the usual daily operation of the City in that it is immediately necessary to pay this settlement at the earliest possible date to avoid the possibility of litigation and for the preservation of the public peace, health, safety and welfare; now, therefore,

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:

SECTION 1. That the City Attorney be and hereby is authorized and directed to settle the claim filed by The Wood Company against the City of Columbus, Department of Public Utilities, Division of Electricity by payment of Twenty-Eight Thousand Seventy-One Dollars and Forty-Eight Cents ($28,071.48) as a reasonable and fair amount and in the best interest of the City of Columbus.

SECTION 2. That for the purpose of paying this settlement, the sum of Twenty-Eight Thousand Seventy-One Dollars and Forty-Eight Cents ($28,071.48) is authorized to be expended from electricity fund 550, object level (3) 5573, OCA 600700,

SECTION 3. That the City Auditor be and is hereby authorized to draw a warrant upon the City Treasurer upon receipt of a voucher and a release approved by the City Attorney, in the amount of Twenty-Eight Thousand Seventy-One Dollars and Forty-Eight Cents ($28,071.48) payable to The Wood Companies.

SECTION 4. That for the reasons stated in the preamble hereto, which is hereby made a part hereof, this ordinance is hereby declared to be an emergency measure and shall take effect and be in force from and after its passage and approval by the Mayor, or ten days after passage if the Mayor neither approves nor vetoes the same.

LEGISLATION NUMBER: 2352-2013

1. Background:
The City of Columbus, Department of Public Service, received a request from Brick Investment Corporation, asking that the City sell them the rights-of-way identified as a portion of the Lucas Street right-of-way between Rich and Town Streets, a portion of the first north/south alley west of Lucas Street between Walnut and Rich Streets, and a portion of the Walnut Street right-of-way between the westerly line of the CSX Transportation, Inc. property and the first alley west of Lucas Street, totaling 0.876 acres. Transfer of these rights-of-way will facilitate the development of property adjacent to the above noted right-of-way, owned by Brick Investment Corporation. Per current practice, comments were solicited from interested parties, including City agencies, private utilities and the applicable area commission, before it was determined that, subject to the retention of a general utility easement for those utility currently located within these rights-of-way, the City will not be adversely affected by the transfer of these rights-of-way. The Department of Public Service submitted a request to the Department of Law, Real Estate Division, asking that they establish a value for these rights-of-way. A value of $41,514.00 was established for these rights-of-way. In order to satisfy a requirement of the Division of Mobility Options regarding continued pedestrian access, Brick Investment Corporation has agreed to grant an eight (8) foot Sidewalk Easement in the above noted rights-of-way, and Brick Investment Corporation submitted a request for mitigation of the established value of the aforementioned right-of-way.
The value of the Sidewalk Easement was determined to be $4,178.00. After review of the request, the Land Review Commission voted to recommend the cost of the above referenced rights-of-way be reduced by the value of the easement and transferred to Brick Investment Corporation for the amount of $37,336.00.

It was determined by the Department of Public Service that a significant amount of valuable brick pavers are located under the pavement within the above noted rights-of-way, as it exists. It is therefore agreed that in the event the present roadway is disturbed or altered, the underlying brick pavers may be recovered by the Department of Public Service.

2. FISCAL IMPACT:
The City will receive a total of $37,336.00 that will be deposited in Fund 748, Project 537650, as consideration for the transfer of the requested rights-of-way.

To authorize the Director of the Department of Public Service to execute those documents required to transfer a 0.876 acre portion of the Lucas Street right-of-way between Rich and Town Streets, a portion of the first north/south alley west of Lucas Street between Walnut and Rich Streets, and a portion of the Walnut Street right-of-way between Lucas Street and the first alley west of Lucas Street, adjacent to property owned by Brick Investment Corporation.

WHEREAS, the City of Columbus, Department of Public Service, received a request from Brick Investment Corporation asking that the City transfer a 0.876 acre portion of the Lucas Street right-of-way between Rich and Town Streets, a portion of the first north/south alley west of Lucas Street between Walnut and Rich Streets, and a portion of the Walnut Street right-of-way between Lucas Street and the first alley west of Lucas Street, adjacent to property owned by Brick Investment Corporation located adjacent to the above noted rights-of-way, to them; and

WHEREAS, acquisition of these rights-of-way will facilitate the development of property owned by Brick Investment Corporation located adjacent to the above noted rights-of-way; and

WHEREAS, the City of Columbus, Department of Public Service, Division of Planning and Operations, by this transfer, extinguishes its need for these public rights-of-way; and

WHEREAS, per current practice, comments were solicited from interested parties, including City agencies, private utilities and applicable area commissions, before it was determined that, subject to the retention of a general utility easement for those utilities currently located within these rights-of-way, the City will not be adversely affected by the transfer of these rights-of-way to Brick Investment Corporation; and

WHEREAS, the Department of Public Service submitted a request to the Department of Law, Real Estate Division, asking that they establish a value for these rights-of-way; and

WHEREAS, a value of $41,514.00 was established for these rights-of-way; and

WHEREAS, Brick Investment Corporation has agreed to grant an eight (8) foot Sidewalk Easement in the aforementioned rights-of-way to satisfy a requirement of the Division of Mobility Options with regards to continued pedestrian access; and
WHEREAS, Brick Investment Corporation has submitted a request for mitigation of the cost of the rights-of-way; and

WHEREAS, the value of the eight (8) foot sidewalk easement was determined to be $4,178.00; and

WHEREAS, the Land Review Commission recommended that the cost of the aforementioned rights-of-way be reduced by the value of the eight (8) foot Sidewalk Easement; and

WHEREAS, it has been determined by the Department of Public Service that a significant amount of valuable brick pavers are located under the pavement within the above noted rights-of-way, as it exists; and

WHEREAS, in the event the current roadway is altered or disturbed, the Department of Public Service may recover the underlying brick pavers; and

WHEREAS, the Land Review Commission voted to recommend that the above referenced rights-of-way be transferred to Brick Investment Corporation for the amount of $37,336.00; and now therefore

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:

Need: The Civil Service Commission needs to modify the contract and increase the maximum authorized expenditure in the contract with the Ohio State University for pre-employment physicals and cardiovascular stress testing of public safety recruits in preparation for Police and Fire Academy classes.

Bid Information: In 2010, the City of Columbus Civil Service Commission published a Request for Proposals (SA003768) for these services and accepted proposals through December 16, 2010. Three proposals were submitted; an evaluation committee reviewed these proposals and selected The Ohio State University (Ordinance 0272-2011). This contract has been renewed through February 28, 2014 in accordance with the requirements in the initial contract.

Emergency Designation: Emergency legislation is requested in order to allow sufficient time for the Department of Public Safety to continue to schedule police and fire applicants during the winter in preparation for upcoming recruit classes.

Contract Compliance Number: 31-6025986, governmental agency, no expiration date.

FISCAL IMPACT: Funding for this service was budgeted in the Civil Service Commission’s 2013 general fund budget.

($33,750.00)

WHEREAS, the City of Columbus Civil Service Commission accepted proposals from qualified companies for medical services; and

WHEREAS, the Civil Service Commission awarded the new contract to The Ohio State University; and

WHEREAS an emergency exists in the usual daily operation of the Civil Service Commission, in that it is immediately necessary to modify and increase the contract with Ohio State University in order to continue scheduling public safety recruits in the fall and winter in preparation for upcoming academy classes, and thereby preserving the public peace, property, health, safety and welfare; now therefore

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:

That for the reasons stated in the preamble hereto, which is hereby made a part hereof, this ordinance is hereby declared to be an emergency measure and shall take effect and be in force from and after its passage and approval by the Mayor or ten days after passage if the Mayor neither approves nor vetoes the same.

Ordinance No. 1817-2011, passed by City Council on November 23, 2011 authorized the Director of Finance and Management to enter into a Service Agreement with Lease Harbor LLC for the provision of hosted real estate and lease management software services, support, and related services for an initial one (1) year term and four (4) additional automatic one (1) year renewal terms each subject to the appropriation of funds by Columbus City Council and certification of funds availability by the City Auditor for the administration of the City’s real property and lease portfolios.

This legislation authorizes the Finance and Management director to expend funds for the second of four (4) one (1) year automatic renewal term from December 15, 2013 to December 14, 2014. The amount of this second one (1) year renewal of the Service Agreement is $23,000.00 which is at the same rate as the initial term.

1. BACKGROUND
The Department of Public Service, Division of Refuse Collection, utilizes Toter 96-gallon containers in its mechanized collection system for residential trash collection. The Division requires replacement parts for containers that are not covered by warranties. This legislation authorizes the Director of Finance and Management to establish a purchase order for the Division of Refuse Collection with Toter, Incorporated, for 96-gallon container replacement parts.

Toter was the contracted supplier of these containers and parts through a Universal Term Contract (UTC) established by the City's Purchasing Office. That contract expired and a bid for 96-gallon containers and replacement parts was conducted through the City's Purchasing Office. The new contract was awarded to another supplier. The Division of Refuse Collection has over 190,000 Toter 96-gallon containers which will require replacement parts and Toter parts are not interchangeable with the new supplier's parts. This Ordinance is contingent upon the passage of Department of Finance and Management Ordinance #2405-2013 to establish a Universal Term Contract for Toter 96-gallon replacement parts. The total expenditure authorized with this ordinance is $100,000.00.

2. CONTRACT COMPLIANCE
The Toter, Incorporated, contract compliance number is 561362422 and expires 7-1-15.

3. FISCAL IMPACT
Funding is available within the Refuse G.O. Bonds Fund, #703, for project 520001-100001 (96 Gallon Containers) in an amount sufficient to fund this purchase. This purchase is contingent upon the passage of Ordinance #2405-2013 to establish a UTC contract with Toter for the purchase of replacement parts.

4. EMERGENCY
Emergency action is requested to prevent an uninterrupted supply of 96-gallon container parts to ensure the continued delivery of trash collection services to all residents and to maintain the efficient delivery of a valuable public service.

To authorize the Director of Finance and Management to establish a purchase order with Toter, Incorporated, for the purchase of 96-gallon mechanized collection container parts for the Division of Refuse Collection per the terms and conditions of a citywide contract; to authorize the expenditure of $100,000.00 or so much
thereof as may be needed from the Division of Refuse Collection's General Obligations Bonds Fund; and to declare an emergency. ($100,000.00)

WHEREAS, the Department of Finance and Management is establishing a new citywide UTC contract for the purchase of 96-gallon containers and replacement parts; and

WHEREAS, the Division of Refuse Collection has an ongoing need for replacement parts for the over 190,000 Toter 96-gallon containers deployed for residential collection; and

Whereas, Toter is the only source for these parts; and

WHEREAS, the purchase of these parts constitute a portion of the container replacement program and is a budgeted expense within the Division of Refuse Collection’s Capital Improvement Budget; and

WHEREAS, an emergency exists in the usual daily operation of the Division of Refuse Collection in that an uninterrupted supply of Toter 96-gallon replacement parts is necessary to ensure the continued delivery of trash collection service to all residents, thereby preserving the public health, peace, property, safety and welfare; now, therefore:

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:

Section 1. Section 3. That the funds necessary to carry out the purpose of this ordinance are hereby deemed appropriated and the City Auditor shall establish such accounting codes as necessary.

SECTION 1. That the Finance and Management Director be and is hereby authorized to enter into the following contract for the option to Purchase 95 Gallon Automated Refuse Containers and replacement parts on an as needed basis for the term ending June 30, 2016 with the option to extend subject to mutual agreement for One (1) year in accordance with Solicitation No. SA004990 as follows:

SECTION 2. That the expenditure of $1.00 is hereby authorized from the Mail, Print Services and UTC Fund, Organization Level 1: 45-01, Fund: 05-517, Object Level 3: 2270, OCA: 451130, to pay the cost thereof.

SECTION 3. That the funds necessary to carry out the purpose of this ordinance are hereby deemed appropriated, and the City Auditor shall establish such accounting codes as necessary.

SECTION 4. That for the reason stated in the preamble here to, which is hereby made a part hereof, this ordinance is hereby declared to be an emergency measure and shall take effect and be in force from and after its passage and approval by the Mayor, or ten days after passage if the Mayor neither approves nor vetoes the same.

BACKGROUND: This ordinance is for the creation a Universal Term Contract for the option to purchase replacement parts for existing Toter 96 Gallon Automated Refuse Containers on an as needed basis by the Finance and Management Department for use by the Department of Public Service Division of Refuse Collection. These Toter Brand automated refuse containers are installed throughout the City of Columbus and utilized in residential refuse collections by fully automated and semi-automated collection. These items are being awarded in accordance with vendors’ responses to this bid. This award for parts for existing containers will be needed to extend the useful life of the already deployed Toter brand containers as the contract for new containers is being awarded to a different manufacturer from the existing units and the parts are not interchangeable. Therefore, despite a change in container brands, it will still be necessary to contract with Toter in order to maintain current stock. The term of the proposed option contracts would be through June 30, 2016 with the option to renew for one (1) additional year subject to mutual agreement of both parties. The Purchasing Office opened formal bids on June 27, 2013.
The Purchasing Office advertised and solicited competitive bids in accordance with Section 329.06 (Solicitation No. SA004990). Ninety One (91) Bids were solicited: (M1A-2, F1-1) Four (4) Bids were received.

This bidder is considered non-responsive to the requirements/specifications in that they cannot mold 2 inch high serial numbering, instead offering smaller numbering. Toter LLC met all other requirements of the bid.

The Purchasing Office recommends consideration of this bid on an informal basis and award of a contract to Toter LLC based on a negotiated contract and waive bidding requirements as per 329.27 as being in the City’s best interest as there is insufficient time to conduct a new bid process and no indication that a new bid process would provide better results.

Toter, LLC CC#561362422 (expires 7-1-2015)

Total Estimated Annual Expenditure: $100,000.00

This company is not debarred according to the Federal Excluded Parties Listing or the State Auditor’s Findings For Recovery Database.

This ordinance is being submitted as an emergency because, without emergency action, an uninterrupted supply of parts for existing 96 Gallon Automated Refuse Containers will not be maintained and the efficient delivery of valuable public services will be slowed. The previous contract for parts for 96 Gallon Automated Containers has expired and the current supply will be exhausted shortly.

FISCAL IMPACT: Funding to establish this option contract is budgeted in the Mail, Print Services and UTC Fund. The Department of Public Service Division of Refuse Collection will be required to obtain approval to expend from their own appropriations for their estimated annual expenditures.

To authorize the Finance & Management Director to enter into contracts for the option to purchase parts for existing 96 Gallon Automated Refuse Containers on an as needed basis with Toter LLC; to authorize the expenditure of One (1) dollar from the Mail, Print Services and UTC Fund, to waive competitive bidding provisions of the Columbus City Codes, 1959; and to declare an emergency. ($1.00)

WHEREAS, the Purchasing Office advertised and solicited formal bids on June 29, 2013 for 96 Gallon Automated Containers; and

WHEREAS, bids for parts to fit the containers currently in use were deemed non-responsive to the solicitation; and

WHEREAS, the Purchasing Office recommends consideration of the bids on an informal basis; waiving competitive bidding requirements as allowed under 329.27 and negotiating an agreement with the lowest bidder for these replacement parts (Toter LLC); and

WHEREAS, this ordinance addresses Purchasing objective of 1) maximizing the use of City resources by obtaining optimal products/services at low prices and 2) encouraging economic development by improving access to City bid opportunities and 3) providing effective option contracts for the purchase of parts for existing 96 Gallon Automated Refuse Containers; and

WHEREAS, these parts for existing 96 Gallon Automated Refuse Containers and associated parts are
necessary to extend the life of the existing units and to allow the Department of Public Service Division of Refuse Collection to maintain their operations in the most efficient manner, this is being submitted for consideration as an emergency measure; and

WHEREAS, the contract will be in effect for three (3) years to and including June 30, 2016 with an option to extend for one (1) additional year subject to mutual agreement of both parties; and

WHEREAS, an emergency exists in the usual daily operation of the Department of Public Service Division of Refuse Collection, in that it is immediately necessary to enter into contracts for an option to purchase parts for existing 96 Gallon Automated Refuse Container, thereby preserving the public health, peace, property, safety, and welfare; now, therefore,

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:

SECTION 1. That the Finance and Management Director be and is hereby authorized to enter into the following contract for an option to purchase parts for existing 96 Gallon Automated Refuse Containers for the term ending June 30, 2016 with the option to extend, subject to mutual agreement for One (1) year in accordance with a negotiated contract based on solicitation No. SA004990 as follows:

The Recreation and Parks Department has had problems when non-park users occupy parking spaces and perform illegal activities within their vehicles. Further, many of the vehicles are parked after hours and are trespassing within the park. The director has issued a policy prohibiting parking in park or other Recreation and Parks facility parking lots when the parks are closed. This ordinance authorizes the director to enter into an agreement with ProTow to allow ProTow to patrol and remove vehicles left within specified parks after the parks are closed or when a vehicle is not parked in a designated parking spot per park signage. ProTow will provide and install signage regarding towing.

Proposals were solicited from towing companies in the Columbus, Ohio area. ProTow was selected for this project for various reasons including experience, location, availability, and familiarity and expertise with towing vehicles in the City of Columbus. There will be no cost to the City associated with this contract.

Columbus City Council appropriated $250,000 in April of 2013 to help the Columbus Recreation and Parks Department create more public awareness and expand our summer and afterschool food programs to include additional sites to reach underserved members of our community. With these monies, we were able to increase sites as well as purchase radio, television and social media advertising to inform the community about safe locations where their children could go to receive nutritious meals, and participate in learning opportunities and physical activities. The Recreation and Parks Department also piloted the summer feeding program at two mobile sites on the east side for the first time in which we provided staffing and refrigerated trucks to serve the children in those two communities with this additional funding support from Council. We are now asking Columbus City Council to approve the expenditure of $30,000 with the Dispatch Media Group to continue our outreach efforts relative to the afterschool food program. This ordinance waives the competitive bidding provisions of the City Code, Sections 329.12, 329.13 & 329.14.

The Division has determined that these design services cannot be performed by City personnel at this time and has planned for the procurement of these services on a routine basis.

The Consultant's emphasis throughout will be on the development of an asset management system, procedures, and a structured plan for future program development. The Consultant will be expected to concentrate on systems design and technology transfer, provide subject matter expertise, and possibly supplement staff in some cases.

Items completed in Phase 1 were a department-wide asset management needs assessment, preparation of 10 business case evaluations (BCEs) and BCE Guidelines, development of explicit levels of service (LOS), enhancement of DPU's computerized maintenance management system (CMMS), and preparation of an Enterprise Asset Management (EAM) Philosophy and Framework, and EAM Roadmap.

At the conclusion of Phase 4, the Consultant will recommend further activities for subsequent phases/years and will estimate the resources required by both the Consultant and Department staff.
Based on progress and decisions made, and at the discretion of the Department, the Consultant may be retained on an annual basis to assist the Department with the implementation of the recommended future activities.

   Asset Management is the collection of business practices designed to meet customer expectations at the lowest possible cost, taking into account social and environmental concerns, while accounting for and mitigating risks.
