Columbus Recreation and Parks Permit and Rental Services Section

Revised

Administrative Rules for private boat docks and stakes on City Reservoirs (not to include boat club leased properties):

Columbus City Code, section 921.01-8 (O)(1) provides that: **“The Recreation and Parks Commission may adopt administrative rules for floating boat dock construction, maintenance and other privileges pertaining to the use of undeveloped city parkland. Violation of administrative rules shall result in the temporary or permanent revocation of docking privileges and/or impoundment of vessel(s) and removal of associated structures on parkland.”** Pursuant to the above-mentioned authority, the Recreation and Parks Commission does hereby approve and adopt the following administrative rules listed below.

These Administrative Rules shall be effective thirty days after being approved and signed by the Recreation and Parks Commission and the Director of the Recreation and Parks Department and published in the City Bulletin. These Rules may be superseded by an act of City Council.

Existing authorized docks exceeding any applicable design limitations as specified in these rules, may continue to be authorized until such time as the contiguous property owner either (i) fails to **renew the annual permit** or (ii) **transfers title to the property**.

The Recreation and Parks Department reserves the right to require general liability insurance naming the City of Columbus as an addition insured from private dock, stake, or mooring customer with at least a ninety (90) day notice.

As used in these Rules, the following definitions shall apply:

1. Abandoned - means any personal property, including a dock or other structure, that has remained on or attached to City property for at least 48 hours that does not have a valid dock permit, or is extensively damaged, or is considered a navigational hazard, regardless of whether it is being actively used by a contiguous property owner.
2. Header dock - The primary structure of a floating dock. The section of dock in which other dock sections or a ramp is attached to.
3. Finger dock - A secondary dock extension from the header dock.
4. Mooring - buoy or float providing a tie off for a boat, set to an anchor to hold the boat secure.
5. Ramp - The section of the dock that connects the floating portion of the dock to the shore (some docks may be on feet or wheels).
6. “I” Dock - For purposes of these administrative rules, an “I” dock shall mean a dock extending from shore in a straight line, generally perpendicular to the shoreline, with no sections attached to the header dock.
7. “T” Dock - For purposes of these administrative rules, a dock generally consisting of a header dock with a finger dock attached in the shape of a “T”, or can be an inverted “T” shape.
8. “L” Dock - For purposes of these administrative rules, an “L” dock is a dock shaped like an “L”, with one side being the header dock and the other side a finger dock, and can be placed in several positions according to need or preference.

9. “U” Dock - For purposes of these administrative rules, a “U” dock consists of a header dock generally parallel to the shore (but may be perpendicular), with at least two finger docks extending from the header dock into the shape of a “U”, “F”, “E” or similar type shape.
10. Platform Dock - For purposes of these administrative rules, a platform dock is a dock that is attached to shore by a ramp, and generally is described as a square or rectangular shape (although it may take different shapes), and can moor multiple vessels from respective sides.
11. Spuds - For the purpose of these administrative rules, spuds are defined as metal posts, no wider than 4” in diameter, inside a sleeve attached to the dock that stabilize the dock by use of friction against the riverbed and not by being driven, drilled, augured or pushed into the riverbed. The “foot” end of the spud (the portion against the river bottom) must be capped or otherwise closed and not be an open pipe. Spuds should not have chisel shaped or pointed ends.
12. Stake - A metal or wood post, not to exceed four (4) inches in diameter, extending a minimum of four (4) feet and a maximum of six (6) feet above the ground, to secure a watercraft to shore.
13. Rip rap - The placement of rocks or other similar materials as approved by the Division of Power and Water in accordance with United States Army, Corps of Engineers regulations to prevent or reduce shoreline erosion.
14. Director - “Director” shall mean the Director of Recreation and Parks or his or her duly authorized designee.
15. Structure - “Structure” means a combination of materials, other than a building, to form a construction that is safe and stable including, but not limited to, docks, stadium, gospel or circus tent, reviewing stand, platforms, staging, observation tower, shed, coal bin, or fence in excess of six (6) feet in height. The term “structure” shall be construed as if followed by the words “or parts thereof.”
16. Building - “Building” means any structure having a roof supported by columns or walls, or any series of structures separated only by “fire separations” but contained under a common roof or within common walls, and requiring a building permit in accordance with Title 41 of the Building Code that is used for shelter, occupancy, enclosure, or support of persons, animals, or property.
17. Encroachment - “Encroachment” means any building, structure, or personal property that extends beyond the property line of a contiguous property owner and trespasses onto City owned or controlled property.

Administrative Rules:

- 1) Plans for new docks and stakes or for alterations to existing docks and stakes must be submitted to the Columbus Recreation and Parks, Permit and Rental Services Section. All structures must comply with the current City of Columbus Code (CCC 921.01-8), and all specifications authorized by the United States Army Corps of Engineers under federal regulation. When in conflict, whichever code is more restrictive takes precedence. In cases where private property meets the water’s edge, dock permits are still required pursuant to the following rules, as the City of Columbus regulates all City waterways. A valid Land Stewardship Agreement must be on file with the City of Columbus prior to the issuance of any dock or stake permit.
- 2) Plans for new docks and stakes or alterations to existing docks and stakes must include the following:
 - a) Plat plan of the property with the owner’s name and address and the proposed location of the dock or stake plainly marked.
 - b) Detailed plan of the dock illustrating:
 - i) Dimensions
 - ii) Materials
 - iii) Method of attachment to shore
 - iv) Proposed alterations
 - c) Proposed dates for construction and installation (which must be at least 10 business days later than the date of submission) are subject to the approval of the plan.
 - d) Requests for stairs, if necessary, must be included in the application (certain restrictions apply, see items 17 and 18).
- 3) The overall width of any section of any private floating dock may not be less than four (4) feet.
- 4) The overall width of any Finger dock may not exceed six (6) feet.

- 5) The overall width of any header dock may not exceed eight (8) feet.
- 6) The overall width of any platform dock may not exceed twelve (12) feet.
- 7) The overall width of any ramp section may not exceed eight (8) feet.
- 8) Flotation for the floating docks must meet or exceed Federal and Ohio Department of Natural Resources standards. Metal drums and plastic barrels are not permitted. Treated wood materials used for decking and/or walkways shall comply with Federal and State Environmental Protection Agency recommendations and regulations. All wooden materials should be free of any chemicals that are toxic to aquatic life. Lumber pressure-treated with Alkaline Copper Quaternary (AQC) process is very corrosive therefore specialcareshould be used when selecting fasteners and hardware. (US ACOE Rule #3) Galvanized or plated hardware should be used in dock construction.
- 9) The dock (including any ramp, attachment(s) and including any vessel(s)) may not extend greater than forty (40) feet from the on shore platform or twenty five percent (25%) of the width of the channel at that point, whichever is less. The overall area of any dock, including any vessel(s) docked at that location, may not exceed twenty-six (26) feet in width (parallel to shore) The forty (40) feet will be the measurement of the length of the dock and ramp at the point it is attached to the landing platform or otherwise affixed to shore and not the distance it extends into the reservoir due to the angle of attachment.
- 10) The floating dock structure shall not have any walls or enclosed areas. An open sided canopy may be permitted provided that the overall height of the canopy structure does not exceed twelve (12) feet from the surface of the dock. Canopy covers must be metal, canvas, nylon or other fabric and no advertising may be displayed on the canopy.
- 11) As part of the floating dock permit there may be a landing platform area on shore, not to exceed eighty (80) square feet in size. The only purpose of this platform is to provide a secure structure to serve as an attachment point for the floating dock. No concrete, cement or mortar is permitted as part of this platform. This structure may not include any walls, roofs or other improvements except an approved handrail if desired. The landing platform shall be constructed at ground level unless the terrain is not even, then only elevated enough so that the platform may be level as close to the ground as possible. The landing platform may not extend over the water beyond the ordinary high water mark (as defined by the U.S. Army Corps of Engineers).The specific site of the landing platform will be determined by the Director based upon best management practices.
- 12) No part of the floating dock, stake(s), or permitted landing platform may be constructed from any materials or constructed in any manner to be considered a permanent structure. (i.e. there will be no use of concrete and all sections must be removable by use of common hand tools). Tying to trees (either the dock or any watercraft) or attachment to any natural feature (rocks, stumps, etc.) is strictly prohibited.
- 13) Each qualified, contiguous, private property owner will be permitted a maximum of one private floating dock permit. Each private floating dock may be permitted to moor no more than three vessels registered to that private property owner (provided that all three vessels and dock fit into the area described in item 9).
- 14) The proposed location of the private floating dock, stake(s) or mooring shall be determined by the Director and contained within the area of City of Columbus owned shoreline defined by an extension of the contiguous, private property owner's boundary lines. In cases where the angles are not perpendicular, or nearly perpendicular, this area will be determined by drawing a line perpendicular to the shoreline back to the contiguous, private property owner's sideline. In the case of private moorings, the length of the mooring rope/chain/cable shall not allow the vessel to exceed this area. If there is not a suitable site within this area, the request may be denied.
- 15) When permitted, private moorings must be located no farther than fifty (50) feet from the normal pool shoreline, but may not be any further than 25% of the width of the channel at that point. Moorings will only be considered for use on Hoover and O'Shaughnessy Reservoirs. Mooring anchors must be approved before placement and should be properly sized for the boat being moored (items such as used engine blocks are specifically prohibited). Each private mooring must be marked with at least a twelve (12) inch round diameter, orange marine buoy. The owner's address must be clearly marked upon the buoy.

- 16) When an application is approved, a contiguous, private property owner may install a boat stake or stakes. The stake(s) shall be driven or set into the ground by the permit holder at a site designated by the Director. No concrete or cement may be used. The stake(s) shall have a space for the permit decal and owner's address to be displayed, facing the water. The stake(s) shall be maintained in a safe condition by the permit holder and removed by the permit holder in the event that the stake permit is not renewed for any succeeding year. Boat stake(s) may not be relocated (due to low water levels, better access or any other reason) without written permission from the Director.
- 17) If the Director determines that any dock, structure, stairs, or other previously approved improvement (located on or attached to City property has become a detriment to the City, the person who installed such improvement shall remove it at their expense upon receiving written notice of the Director's determination. If the person who installed the improvement is no longer the contiguous property owner, the City may remove and dispose of said encroachment.

If the current contiguous property owner wishes to continue to use the improvement in conjunction with a pre-existing dock or stake, that property owner (referred to herein as the "responsible party") may submit a request to the Director to allow the improvement to remain. If the Director allows the improvement to remain, the responsible party must do all of the following:

- 1.) Submit a new or renewal dock/stake permit application
- 2.) Submit a signed Responsibility Form
- 3.) Keep the dock or stake permit current and valid.

If at any time the responsible party fails to renew their dock or stake permit by the annual March 15 deadline, the improvement shall no longer be approved and must be removed at the expense of the responsible party.

In areas where it is necessary, as determined by the Director, a single set of wood or properly reinforced steps may be approved to access the dock as part of an approved path. Installation of new stairs must be in compliance with City of Columbus building codes. The stairs must not be set in concrete.

18. In cases where there are violations with the land stewardship agreement, contiguous property owners shall have up to one calendar year from the notice of violation to resolve said violations. If the violations are not resolved after one year, the Director may revoke the private dock, stake or mooring permit.
- 19) The five (5) foot wide path to allow access to the private dock or stake (as described in Columbus City Code 921.01-8 (N) may be mown, but must be maintained in as natural a condition as possible and may not include cement, mortar, bricks or boardwalks. The Director must approve the location of this path. The path must follow the most direct line to the shoreline that affects the least amount of vegetation or natural features of the City of Columbus property. Permission to cut down trees or alter the landscape to create a path will not be granted, except that cutting of trees and brush less than 1" in diameter at the ground may be approved on a limited basis with permission.
- a) When necessary due to site conditions, the following improvements may be considered for a permit.
- i) Washed river gravel on top of filter fabric, not to exceed three (3) inches in depth.
 - ii) Pavers or natural stones not to exceed sixteen (16) inches in diameter and not to be set closer than six (6) inches together.
 - iii) Options "i" and "ii" combined provided all conditions of both are met.
- b) Paths may not be approved if the following conditions exist:
- i) If location of the path would threaten rare or endangered species of plants or wildlife. The Ohio Department of Natural Resources shall be considered the naming authority for these species.
- c) Areas of shoreline that are within designated Nature Preserve areas will not be permitted any modifications to accommodate a dock or path, but may be approved if the naturally existing conditions are acceptable (pursuant to City Code (Title 9, Chapter 921.01-8 (A)(2)).
- 20) The installation of facilities conducive to human habitation; including but not limited to household furnishings, water or electrical lines or hook ups, living quarters, sewers, toilets, or fueling facilities are not permitted on any private

floating or permanent dock.

- 21) Electrical service existing as of the effective date of these Administrative Rules on City of Columbus property that was previously authorized by the City of Columbus in writing will be allowed to remain until such time as there is a failure to submit an annual permit application with the applicable rental fee. In the event of a failure to submit an annual permit application the electrical service must be removed by the contiguous property owner at their expense. If the contiguous property owner fails to remove the electrical service the City may do so. Future dock permits will not be considered until the electrical service is removed.

For as long as the electrical service remains, the adjacent property owner must provide and maintain a lath marker where the electric line crosses the private property line onto City property and a like marker near the dock marking the same. The marker should indicate, in writing, "under-ground electric - do not dig". The material for the marker should be the same as markers used for roads and highways that is flexible plastic, which would not pose any threat of impaling a person. Failure to maintain these markers in accordance with this section at all times will be cause for immediate suspension or revocation of the dock permit.

In the event that there is any question as to whether the installation or the device meets all codes, the permit holder will be required to submit a letter from a licensed electrical contractor stating that he/she has personally inspected the device and installation and affirming that the installation and the device meets all City, State and Federal codes.

Solar powered, battery operated or self contained generator operated devices may be approved by the Director. Before any such device is installed the property owner must provide a sketch of the proposed electrical devices to be installed in connection with the dock permit. This sketch must include all lights, outlets, and related accessories. If the permit holder elects to use an extension cord to power a permitted electrical device at a dock then the cord may only be used when the permit holder is at the dock actively using the device. Extension cords must be plugged into a GFCI (ground fault circuit interrupter) outlet on the adjacent, private property. At all other times the extension cord must be removed from the park property.

The quantity of lights must be kept to a minimum, and are limited to the path and dock/stake/mooring. All lights must be directed downward and not toward the water, other residences or parks areas.

- 22) A hand powered or mechanical boatlift will be permitted so long as all other rules pertaining to docks are followed. Lifts that require electricity must comply with the established electric service rules contained within these Administrative Rules (item #21). Application for a boatlift must be **in writing** as part of the proposed dock plan and include specifications of the lift device.
- 23) No pilings may be driven through the water into the riverbed. Guide or support poles attached to the dock (or lift device) must have flat *feet* that rest on the riverbed or use non-driven spuds. Spuds must be removable using common hand tools and the permit holder must be able to demonstrate this upon request of the Recreation and Parks Department. Failure or inability to remove the spuds will be considered grounds for revoking dock privileges.
- 24) All floating docks, stakes and associated structures not previously authorized by the City prior to the effective date of these Administrative Rules must be designed and constructed to have the least impact visually and physically upon the City of Columbus owned property and dock must be maintained in a safe condition. Permittees must make every reasonable effort to construct and operate the authorized dock or stake(s) in a manner so as to minimize any adverse impact on fish, wildlife and natural environmental values including water quality.
- 25) Permitted docks and stakes must properly display the annual permit and property address (address must include at least the house numbers in three (3) inch high letters) on the dock structure or stake(s). The permit and address shall be placed on the dock or stake and face the open navigable water, visible to patrol watercraft.
- 26) The primary purpose of the private floating dock structure shall be as a safe mooring for permitted watercraft. This regulation does not exclude the permit holder, his/her family and guests from legally fishing from the dock. Personal property used in connection with recreational water activities, such as chairs, dock boxes, mooring lines, and so forth, shall be permitted on dock structures so long as such property is not otherwise prohibited by paragraph 18, this Section

or other Sections of these Rules. Private docks may not have any items attached to them or be used for any purpose other than safe mooring of permitted watercraft. Guest watercraft meeting code requirements, may moor to the permit holder's dock, however if the duration exceeds sixteen (16) hours on any date, the permit holder must obtain a temporary permit from the Columbus Recreation and Parks Permit and Rental Services Section, and all related regulations apply.

- 27) Requests for modifications or renovations to an existing dock must be in writing and approved by the Director. No work shall commence until the Director's written approval is received by the property owner. The property owner is hereby authorized to make minor repairs to the dock and associated structure when necessary to ensure the safety of the users. These repairs must use identical replacement materials and may not alter the appearance or dimensions of the permitted structure. No chemical treatments may be applied (paint, waterproofing, etc.) while the dock structure is in the water or sitting on City of Columbus owned property.
- 28) Private boat docks, stakes, associated structures and fixtures, other encroachments or private property discovered on or attached to City of Columbus park land without permission or in violation of Columbus City Code or these Rules will be considered abandoned and may be removed and disposed of by the Recreation and Parks Department; the Columbus Division of Power and Water acting as an agent of the Recreation and Parks Department under the terms of the "Water Supply Reservoir Cooperative Management Agreement", or by any law enforcement officer within their jurisdiction.
- a) Prior to removing abandoned private, personal property from City of Columbus property, the City will send notice to the contiguous property owner to allow them the opportunity to remove the personal property on their own. A letter sent via first class, U.S. mail to the name and address listed on the county auditor's web site for the contiguous property requesting removal within 30 days shall be deemed sufficient notice.

The Recreation and Parks Commission and the Director of the Columbus Recreation and Parks Department hereby adopt and authorize these Administrative Rules.

DEPARTMENT OF PUBLIC SERVICE
CITY OF COLUMBUS, OHIO

SUBJECT: Car-Sharing Rules and Regulations

EFFECTIVE DATE: October 31, 2014

PAGES: 1 of 10 **BY:** Division of Traffic Management

I. PURPOSE

It is a priority of the City to increase mobility options for its residents, businesses and visitors. To further this goal, the City hereby establishes these Rules and Regulations for the conduct of car-sharing services within the City.

II. AUTHORITY

- A. Pursuant to the authority granted under Title 21 of the Columbus City Codes, 1959, as amended, the Director of Public Service hereby adopts, establishes, and publishes these Rules and Regulations to be effective at the earliest time allowed by law.
- B. These Rules and Regulations establish administrative policy for car-sharing parking in the public right-of-way and city-owned and operated parking lots, permits, fees and the recovery of lost revenue from parking meters.

III. APPLICABILITY

These Rules and Regulations shall be applicable to a Car-Sharing Organization and its subscribers, and shall supersede any and all previous Rules and Regulations applicable to car-sharing.

IV. DEFINITIONS

The following words, terms and phrases, when used in these Rules and Regulations, shall have the meanings ascribed to them, except when the context clearly indicates a different meaning:

- A. *Car-Sharing Service* means a fee-based membership service that provides all qualified drivers in the community access to a fleet of vehicles. A qualified driver shall have a valid driver's license. This shared vehicle fleet is available to subscribers 24 hours, 7 days a week, 365 days per year at unattended, self-service locations, and within the public right-of-way. No separate written agreement is required each time a subscriber reserves and uses a vehicle. Car usage is provided without restriction at minute, hourly and/or 'per mile' rates that includes fuel, insurance, parking and maintenance. Permitted car-sharing vehicles shall not operate as a livery service. Charges to subscribers shall be based upon actual usage, metered by time or mileage.
- B. *Car-Sharing Home Area* means an area of the city of Columbus established for car-sharing vehicles that do not have to begin or end a reservation in a reserved on or off-street parking space to be determined in collaboration with a Car-Sharing Organization and the Director of Public Service. Subscribers to a Car-

Sharing Service may travel outside the operating area but cannot begin or end a reservation outside the Car-Sharing Home Area. Public parking areas within a Car-Sharing Home Area not approved by the Director of Public Service for beginning or ending a reservation shall be denoted as Stop Over Only on maps and in subscriber notices.

- C. *Car-Sharing Organization (CSO)* means either a non- or for-profit entity approved by the Director of Public Service, or designee, to operate in the public right-of-way a fleet of vehicles to subscribers on a minute or hourly basis for a fee. No differentiation is made in these Rules and Regulations between non- or for-profit entities offering a Car-Sharing Service.
- D. *Car-Sharing Parking Permit* means a parking permit approved by the Department of Public Service, Division of Traffic Management giving permission for a CSO to operate in the city of Columbus.
- E. *Car-Sharing Parking Permit Sticker* means a parking permit sticker purchased by a CSO from the Department of Public Service, Division of Traffic Management. (refer to Exhibit B as an example)
- F. *Car-Sharing Subscriber* means a customer of a Car-Sharing Organization.
- G. *Car-Sharing Vehicle (CSV)* means a fleet vehicle owned by a Car-Sharing Organization, available for use in a Car-Sharing Service, and displaying an approved, current Car-Sharing Parking Permit Sticker issued by the Department.
- H. *City* means city of Columbus, Ohio.
- I. *Department* means the City of Columbus Department of Public Service, Division of Traffic Management.
- J. *Director* means the Director of the Department of Public Service, or designee.
- K. *Home Area* means a geographical area within the City approved by the Director in which a Car-Sharing Subscriber may begin and/or end a car-sharing reservation at a public parking space that is allowed by the Director for car-sharing parking.

V. GENERAL

- A. Car-Sharing Home Area
 1. The Car-Sharing Home Area shall be approved by the Director, and shall be attached to the Car-Sharing Parking Permit. Refer to Exhibit A as an example. The Car-Sharing Organization shall inform their subscribers of the Home Area and any Stop Over Only areas within the Home Area, in addition to a CSO operating requirements and rules for subscribers.
 2. Any revision to public parking proposed by a Car-Sharing Organization (CSO) shall be submitted to the Director for review and approval prior to implementation. Director shall have no less than fifteen (15) calendar days to review the request and confirm or deny in writing their response to the request. If a denial is issued, Director shall provide a detailed explanation for the denial.
 3. A CSO may, at its choosing, negotiate and secure private parking spaces or expand the Car-Sharing Home Area into another municipality. A CSO shall notify the Director of its intent to add additional parking spaces or expand the Car-Sharing Home Area into another municipality no less than thirty (30) calendar days prior to launching the expansion.

4. The Director may require a CSO to gain input and concurrence from the Area Commission, Historic Commission, or Civic Association affected by a proposed revision to public parking areas within the Car-Sharing Home Area.
 5. At the request of the Director, a CSO will work with the Department to notify neighborhood organizations and adjacent property owners when modifying a Car-Sharing Home Area. Comments made by these organizations should be made available to the Director upon request.
- B. A CSV shall be permitted to park in residential permit parking districts and at parking meters pursuant to this section, except as restricted herein.
 - C. A CSV shall be permitted to park in an authorized metered parking space without payment at the time of parking, except as restricted herein.
 - D. A CSV shall be permitted to park in an authorized metered parking space past the maximum amount of time for that metered zone, except as restricted herein.
 - E. A CSV may park in an authorized residential permit parking district, except as restricted herein.
 - F. The Car-Sharing Parking Permit Sticker issued by the Department shall be affixed to the lower left corner of the rear window of a CSV.
 - G. The Car-Sharing Parking Permit is not transferable and is specific to a CSO.
 - H. A Car-Sharing Parking Permit issued to a CSO is valid through November 1 each year. Issued permits are revocable by the Department. Fees and conditions are subject to change at the time of renewal.
 - I. The Director has the authority to regulate the number of Car-Sharing Vehicles per CSO, and the number of Car-Sharing Parking Permits issued per year, or on a program scale.
 - J. A CSV may not park in a public parking space where the public parking space is:
 1. Located within Permit Area I west of Summit Street; or
 2. Restricted no parking for either morning or afternoon rush hours; or
 3. A 30-minute duration parking meter; or
 4. Metered and reserved for handicapped parking; or
 5. Unmetered and reserved for handicapped parking; or
 6. A taxi, bus, or otherwise designated loading or valet zone; or
 7. A mobile food vending zone.
 - K. Notwithstanding the requirements and prohibitions provided for in these Rules and Regulations, the Car-Sharing Parking Permit relieves the Car-Sharing Subscriber from the following:
 1. Time limit restrictions in excess of, and including, one hour unmetered parking; and
 2. Residential Parking Permit restrictions, except for Permit Area I west of Summit Street; and
 3. Meter payment and meter time restrictions greater than 30 minutes. Multiple CSVs are permitted to safely park within the limits of one metered spot, provided the CSO reimburses the City for lost meter revenue per vehicle.
 - L. All other parking restrictions as stated in Columbus City Code Section 2150 and 2151 will apply to a permitted CSV.
 - M. At no time shall a CSV remain parked in the same public parking space for more than twenty-four (24) hours. Failure to move a vehicle after twenty-four (24) hours may constitute a parking infraction and may be subject to towing and impoundment, as determined by the Department.

- N. Each participating CSV must be identified as such with a clearly visible logo or marking on the vehicle's exterior as belonging to a CSO in contrasting colors with letters two inches higher or larger.
- O. Each CSV must be owned by a CSO or a parent company.
- P. Each CSV shall be registered with the State of Ohio.
- Q. Each CSV shall have a minimum highway fuel efficiency of 35 mpg
- R. A CSO shall conduct routine maintenance and keep each CSV in a clean, presentable and safe condition.
- S. To preserve public parking capacity for all parking users, the Director may, at his or her discretion:
 - 1. Reduce or otherwise limit the number of Car-Sharing Permit Stickers approved for any one or more CSO; or
 - 2. Reduce or otherwise limit the number of public parking spaces available to any one or more CSO; or
 - 3. Reduce or otherwise adjust the Home Area boundary of any one or more CSO.
- T. The Director shall make a reasonable effort to, but shall not be limited to reviewing a request from a CSO for additional Car-sharing Parking Permit Stickers and confirming or denying in writing their response to the request within fifteen (15) calendar days of receiving the request. If the Director denies a request or reduces the number of requested Car-Sharing Parking Permits, the Director shall confirm in writing their response to the request and shall specifically detail why request has been denied or reduced.
- U. A CSO shall either:
 - 1. Pay City parking citations, storage fees and towing fees associated with its fleet, or request an adjudication hearing within 10 days of citation issuance; or
 - 2. Establish a fleet account with the Department to pay parking citations on a semi-monthly basis.
- V. A CSO failing to pay parking citations within thirty (30) calendar days of issuance may result in penalties, revocation, termination or suspension of the Car-Sharing Parking Permit, as determined by the Director.
- W. A CSO shall pay City police impound tow and storage fees upon release of a CSV from the impound lot. A CSO will adhere to all rules and fees as stated in Columbus City Code Section 2150.02.
- X. A CSO failing to pay storage fees and towing fees, or failing to pay or request an adjudication hearing within ten (10) calendar days of citation issuance may result in revocation, termination or suspension of the Car-Sharing Parking Permit, as determined by the Director.
- Y. A CSO shall be responsible for payment either within one-hundred twenty (120) calendar days of citation issuance, or prior to the termination or renewal of the Car-Sharing Parking Permit, whichever occurs first, of all fees in accordance with the parking citations, even when a CSO has requested the City to transfer notification of citations to their subscriber.
- Z. A CSO shall not advertise or publish the City's participation in car-sharing program operations without the Director's prior written authorization.

VI. APPLICATION

The application shall be a form provided by the Department, which shall contain the following minimum information. Applicants may be required to provide additional information as determined by the Department:

- A. The name, address and telephone number of the applicant;
- B. The proposed hours and days of operation of the Car-Sharing Service;
- C. The age, make and model of vehicles proposed for operation by the CSO;
- D. Proof of insurance as required by Section IX herein;
- E. Signed indemnity and release forms that indemnify the City and its officers and employees against all claims of injury or damage to persons or property arising out of the operation of the Car-Sharing Service by a CSO; and
- F. Any other information reasonably required by the Department for the purpose of processing the application under the requirements of this policy.

VII. REPORTING AND OUTREACH

- A. A CSO will coordinate with the City in marketing their services, as well as other complimentary services or programs requested by the City. Examples may include the City's bike share service, COTA transit, or Experience Columbus.
- B. A CSO shall report to the Department on a quarterly basis and in a form approved by the Department, information regarding their fleet and membership. The goal of these reports is for the City to better understand how the entire Car-Sharing Service system is being utilized and to better inform future policy changes. A CSO shall report the following information on their company's operations in the City:
 - 1. Number and age of vehicles in fleet; and
 - 2. Trends in location of parked vehicles (both on and off-street); and
 - 3. The purpose of trips by Subscribers, such as for commuting, shopping, etc.; and
 - 4. Fleet usage, depicted as heat maps or other reporting format acceptable to the Department; and
 - 5. Total number of subscribers; and
 - 6. CSV crash statistics of a CSO; and
 - 7. Miles driven by the CSV fleet; and
 - 8. Ongoing subscriber survey and general demographics, including the following:
 - a. The number of cars owned by the subscriber prior to membership; and
 - b. The number of cars owned by the subscriber at the time of the survey; and
 - c. If a subscriber planned to purchase a vehicle prior to subscription and subsequently abandoned due to subscription; and
 - d. If vehicle miles regularly traveled by the subscriber increased, declined or remained the same after subscription; and
 - e. If vehicular, walking, biking and transit trips by the subscriber increased, decreased or remained the same after subscription.

- C. A CSO shall report to the Department on a monthly basis and in a form approved by the Department, information regarding lost meter revenue. The report will contain, but is not limited to, the following information: license plate number, zone, coin collection route, blockface, beginning parking date and time, ending parking date and time, GPS coordinates, total amount of time parked during previously stated time frame, parking meter rate and total amount owed.
- D. A CSO shall retain and maintain all records and documents relating to these Rules and Regulations and any Car-Sharing Parking Permit for five (5) years after the date in which the Car-Sharing Permit terminates, and shall make said documents available for inspection and audit by the City. A CSO shall make available all requested data and records at reasonable locations within the City at any time during normal business hours, and as often as the City deems necessary. If records are not made available within the City, or if a CSO cannot provide requested records via email or other electronic means acceptable to the Department, a CSO shall pay the Department's travel costs to the location where the records are maintain. Failure to make requested records available for audit by the date requested may result in termination of the Car-Sharing Permit.
- E. Information submitted to the City is subject to the State of Ohio Open Records Act. If a CSO believes that any material it submits constitutes trade secrets, privileged information, or confidential commercial or financial data, a CSO should mark those items as confidential or proprietary. The City is not bound by a CSO's determination as to whether materials are subject to disclosure under the State of Ohio Open Records Act and reserves the right to independently determine whether the materials are required to be made available for inspection or otherwise produced. If the City receives a request for such information marked as confidential, it will notify a CSO. If a suit is filed to compel disclosure of such information, the City will notify a CSO, and a CSO shall be responsible for taking appropriate action to defend against disclosure of its confidential information, and will hold the City harmless from any costs or liability resulting from any State of Ohio Open Records Act litigation.

VIII. INDEMNIFICATION AND INSURANCE

- A. A CSO shall forever indemnify and hold harmless the City and all of its agents, employees and representatives from and against all claims, damages, losses, suits and actions, including attorney's fees, arising or resulting from said operation of a Car-Sharing Service.
- B. A CSO shall obtain general liability insurance in an amount no less than \$1,500,000.00 and shall name the City as an additional insured on said policy. A CSO shall provide to the City a copy of the current certificate of insurance, which shall become a part of the Car-Sharing Parking Permit.

IX. FEES

- A. Car-Sharing Parking Permit: \$150 per year, per vehicle. There shall be no pro-rating of this fee.

- B. Lost Meter Revenue: Actual hourly meter usage per vehicle per month per parking meter, times the hourly rate during enforcement hours, subject to the audit, review and approval of the Department.
- C. A CSO shall provide to the Department an upfront \$75,000 deposit per year for lost meter revenue. Should the deposit be depleted prior to the expiration or renewal of a permit, the City shall invoice a CSO monthly. All outstanding parking citations, storage fees and towing fees, even if notification of said citations has been made to the City by a CSO, and outstanding lost meter revenue must be paid prior to the City renewing a permit. Any remaining funds from the upfront deposit shall be refundable or shall carry-over for the benefit of a CSO should their Car-Sharing Parking Permit be renewed the following year. To the extent, and in the event, that the Car-Sharing Parking Permit is not renewed, the Department will, in good faith, make a reasonable effort to provide a refund to a CSO for any remaining funds from the initial deposit within sixty (60) calendar days.
- D. As determined by the Department, a CSO shall either provide to or demonstrate the ability to operate, manage and maintain to the Department a GIS-based analysis tool that will support the monthly meter usage report. The Department must be satisfied with the accuracy and reliability of the analysis tool before approving a Car-Sharing Parking Permit.
- E. A CSO shall provide monthly meter usage reports in a form approved by the Department. The actual amount of lost meter revenue confirmed by the City shall be charged to the deposit until such time as accrued actual lost meter revenue exceeds the deposit, at which time a CSO shall remit payment on a monthly basis to the Department based on invoiced amount.
- F. Said permit fee, deposit and any payments for lost meter revenue exceeding the deposit shall be deposited into the Parking Meter Program Subfund. A portion of the permit fee may be expended by the City on outreach, awareness-building and education activities promoting alternative transportation in the City.

X. TRADEMARK RESTRICTIONS

- A. The City may agree to restrict the use of trademarks by a CSO, which agreements and terms shall be provided herein.
- B. The City acknowledges and agrees that "Mercedes-Benz," "Mercedes," "Maybach", and "Smart", the Three-Pointed Star Within a Circle, "car2go", the Maybach logo, the Smart logo and the car2go logo are the solely owned and validly registered trademarks and trade names of Daimler AG, the indirect parent company of car2go N.A., LLC.
- C. The City recognizes that it is not authorized to use any of Daimler AG's trademarks and trade names; provided, however, City may use the car2go trademark and logo in City marketing/advertising materials, website and social media under this License Agreement upon the prior written approval of car2go.

XI. TRANSFERS, EXPIRATION AND RENEWAL

- A. A Car-Sharing Parking Permit shall expire annually on November 1.

- B. A Car-Sharing Parking Permit Sticker is specific to the vehicle designated, and shall not be transferred to another vehicle.
- C. Application for renewal and payment of fee and deposits for a Car-Sharing Parking Permit may be made to the Department on or before the expiration date.

XII. ENFORCEMENT, DENIAL, REVOCATION, SUSPENSION AND TERMINATION

- A. Enforcement of these Rules and Regulations may include suspension, revocation, termination or denial of a Car-Sharing Parking Permit.
- B. The Director reserves the right to terminate a Car-Sharing Parking Permit at any time, with thirty (30) calendar days written notice to a CSO. In the notice, the Director shall provide a CSO with an explanation of the reason for termination and allow a CSO the ability to rectify any concerns or issues that led to the decision to terminate the permit within thirty (30) calendar days. If a CSO is able to fully resolve the issues cited for termination, the Director shall revoke the termination letter and allow a CSO to continue to operate until the expiration of the current program.
- C. A CSO may terminate a Car-Sharing Parking Permit at any time, with thirty (30) calendar days written notice with explanation of the reason(s) for said termination to the Director.
- D. The Department and the Columbus Division of Police shall have the authority to enforce the provisions of these Rules and Regulations.
- E. Notwithstanding the terms and conditions of these Rules and Regulations, the use of any parking space is subject to the enforcement of applicable local and state laws governing traffic, parking, general offenses, and right-of-way occupancy codes and regulations. Notwithstanding the suspension of applicable City Codes under Ordinance 2105-2013, all other parking restrictions will apply.
- F. The Department or the Columbus Division of Police may temporarily suspend the use of a parking space if the public right-of-way is needed for an emergency or temporary use, including, but not limited to, the construction, maintenance, or repair of a street or utility or special event.
- G. The Department shall notify the applicant in writing and may deny a Car-Sharing Parking Permit or revoke or suspend a Car-Sharing Parking Permit if:
 - 1. A CSO fails to comply with the requirements of these Rules and Regulations or other applicable law; or
 - 2. A CSO makes a false statement of material fact on an application for a Car-Sharing Parking Permit; or
 - 3. The Department determines that the issuance of a Car-Sharing Parking Permit would endanger the safety of persons or property or otherwise not be in the public interest, or unreasonably interfere with pedestrian or vehicular traffic.

XIII. APPEALS

If the Department disapproves an application for a Car-Sharing Parking Permit, or if the Department approves with modification an application for a Car-Sharing Parking

Permit, or if the Department notifies an applicant of its intent to terminate, revoke, suspend or suspend a Car-Sharing Parking Permit, the applicant has the right to appeal the decision to the Director. The decision of the Director shall be final.

BY ORDER:

TRACIE DAVIES, DIRECTOR
