This legislation authorizes the Director of the Department of Public Utilities (DPU) to modify an existing agreement with Progressive Marketing & Management Agency for special event planning and consulting services including coordination, marketing and execution of the 2015 Mayor’s Small Business Conference (MSBC).

The Department of Public Utilities provides quality water, wastewater, and electricity services to over 1 million people in Central Ohio and is the City’s largest contracting agency. It is in this capacity that DPU serves as the lead agency for the Mayor’s Small Business Conference. Planning partners include the City’s Equal Business Opportunity Commission Office (EBOCO) and seven additional City departments which help guide MSBC programming. The 2015 conference will take place in October.

The Department of Public Utilities advertised Request for Proposals (RFPs) for the subject services in the City Bulletin in accordance with the provisions of Section 329 Columbus City Codes, 1959. Eighteen (18) vendors were solicited, four (4) of which held M1A status, three (3) of which held F1 status. The Director of Public Utilities received a proposal from one (1) vendor on December 20, 2012. After review of the information presented and having evaluated the proposal the Director of Public Utilities recommended the award of the contract be made to Progressive Marketing & Management Agency.

The maximum obligation of the City for services described in this agreement for the period of one (1) year from the date of execution is limited to $65,000.00. The contract is for one (1) year with the option to renew for two (2) additional years, on a year-to-year and available funding basis and approval by Columbus City Council. This is the 3rd of 3 possible years of the contract.

SUPPLIER: Progressive Marketing & Management Agency (31-1643608), expires February 24, 2017. This vendor holds MBE (AFA) certification with the City of Columbus.

The company is not debarred according to the Excluded Party Listing System of the Federal Government or prohibited from being awarded a contract according to the Auditor of State Unresolved Findings for Recovery Certified Search.

3. Reason other procurement processes not used: Work under this modification is a continuation of services included in the scope of the original RFP. No lower pricing/more attractive terms and conditions are anticipated at this time.

4. How was cost determined: The Department of Public Utilities and Progressive Marketing & Management Agency negotiated the cost of the planned contract modification.

FISCAL IMPACT: A total of $65,000.00 is budgeted and needed for this contract modification.

Ordinance No. 0087-2008, passed on February 4, 2008, authorized the Public Safety Director to participate in the state-funded continuing professional training reimbursement program. The Division of Police complied with this mandate and has received consistent reimbursements dating back to 2008. Reimbursement for 2014 mandated hours amounted to a deposit of $154,640.00 in 2015. SECTION 2. That the monies appropriated in the foregoing Section 1 shall be paid upon order of the Public Safety Director and that no order shall be drawn or money paid except by voucher, the form of which shall be approved by the City Auditor.

SECTION 3. That all funds necessary to carry out the purpose of this fund in 2015 are hereby deemed appropriated in an amount not to exceed the available cash balance in the fund.

SECTION 4. That for the reasons stated in the preamble hereto, which is hereby made a part hereof, this ordinance is hereby declared to be an emergency measure and shall take effect and be in force from and after its passage and approval by the Mayor or ten days after passage if the Mayor neither approves nor vetoes the same.

1. BACKGROUND:
This ordinance authorizes the Director of Public Service to modify a purchase contract with IPS Group, Inc. by extending the existing contract and increasing the amount authorized for expenditure for single space parking meter mechanisms, upgrade of meter mechanisms, annual meter management, service and components provided by IPS Group, Inc. for this contract with the Department of Public Service. This contract modification will be done through the sole source procurement provision of Columbus City Code Chapter 329.

Ordinance 1041-2010 authorized the original contract and provided the city with the ability to replace its entire inventory of over 4,000 parking meters, which have exceeded their designed service life, and to allow for expansion of the meter program. The contract terms included fixed costs for the parking meters and related services over the five-year contract period and are subject to the availability of funding and the approval of City Council.

This contract modification will provide a 5-year extension of the existing contract from the date of execution to September 2020. The management, support, parts, supplies and repair of the City's entire parking meter inventory is proprietary to IPS Group, Inc, meeting the sole source procurement provision of City Code Chaper 329. Future contracts and modifications shall be subject to approved appropriations and City Council approval.

In addition, this contract modification will provide funding for the annual meter management system ($650,000.00) and the maintenance and components ($70,000.00) as established under the contract.
The original amount of this contract authorized in ordinance 1041-2010 was $749,965.00 (EL010977).
The amount of the 1st modification was $521,000.00, authorized by ordinance 0360-2011 (EL011657).
The amount of the 2nd modification was $385,000.00, authorized by ordinance 0710-2012 (EL012678).
The amount of the 3rd modification was $500,000.00, authorized by ordinance 0775-2012 (EL012734).
The amount of the 4th modification was $73,500.00, authorized by ordinance 2022-2012 (EL013622).
The amount of the 5th modification was $529,000.00, authorized by ordinance 0934-2013(EL014228).
The amount of the 6th modification was $935,000.00, authorized by ordinance 1738-2013(EL014727).
The amount of the 7th modification was $1,178,200.00, authorized by ordinance 0829-2014 (EA012012/ EL016066).
The amount of the 8th modification was $40,000.00, authorized by ordinance 1270-2014 (EL016067).
The amount of the 9th modification was $50,000.00, authorized by ordinance 2406-2014 (EL016366).
The amount of the 10th modification will be $720,000.00.

The total amount of the contract, including this modification, is $5,681,665.00

Searches in the System for Award Management (Federal) and the Findings for Recovery list (State) produced no findings against IPS Group, Inc.

SECTION 6. That the City Auditor is hereby authorized to transfer the unencumbered balance in a project account to the unallocated balance account within the same fund upon receipt of certification by the Director of the Department administering said project that the project has been completed and the monies are no longer required for said project.

SECTION 7. That this ordinance shall take effect and be in force from and after the earliest period allowed by law.

1. Background: This legislation authorizes the Director of Public Utilities to modify (Mod. #1) the professional engineering services agreement with AECOM, Inc. for the Barthman/Parsons Integrated Solutions Project. This planned modification completes the final design with the funding of the Engineer’s work in the bidding process and engineering during construction services. It is anticipated that some work for the PATC (public and pilot area technical committee meetings) will continue and another public meeting will also take place.

The scope of work for this project is to perform all the requisite investigation, evaluation, formulation and design work to produce construction documents for the re-purposing of Columbus Land Redevelopment Office (Land Bank), abandoned, and vacant parcels for the implementation of Green Infrastructure (GI), with the long term goal to mitigate Designed Sanitary Relief (DSR) activations and water-in-basement occurrences (WIBs). The Engineer will be expected to identify specific parcels or groups of parcels that the City should repurpose for the installing of large-scale GI and low-impact development technologies.

The City wishes to explore viable GI and LID (low impact development) technologies which would be constructed on these vacant or abandoned parcels/ lots within the project area. This project area is made up of three individual drainage basins in the Barthman/Parsons area. Two of these drainage basins are located in separate sanitary areas; while the third is in the combined sanitary area. The two sanitary areas are tributary to the Designed Sanitary Relief points (DSRs) No. 206 and 208. See Exhibit E for a pictorial representation of this.

1.2 Reasons additional goods/services could not be foreseen:

This is a planned modification. Because of the exploratory nature of this project (and all of the Blueprint projects), it was deemed prudent to await design completion to fund this portion to ensure the full extent of the construction scope was known and avoid encumbering more funds.
than necessary.

1.3 **Reason other procurement processes are not used:**
No other entity can perform this work as economically or expeditiously as the expert that was originally chosen for the contract: They know more about the area, work, and design than anyone else at this time.

1.4 **How cost of modification was determined:**
An itemized estimate of all proposed services was provided by the Engineer and subsequently reviewed by various professionals in the Sewer Systems Engineering Section.

2. **Timeline:** It is imperative that the Notice to Proceed (NTP) for the construction contract be awarded by May 1, 2015. To meet this schedule, the NTP for the Final Design contract (this modification) shall occur on or before March 2, 2015; followed by an advertisement for construction by April 1, 2015. The projected construction completion is desired by October 2015. Extensive specialized plant maintenance and inspection services are anticipated and will require the construction and associated engineering contracts be longer: October 2017 is the approximate final completion dates for both.

3. **Contract Compliance No:** 95-2661922 | MAJ | Expires 04/29/2016
This company is not debarred according to the Federal excluded parties listing or prohibited from being awarded a contract according to the Auditor of State unresolved findings for recovery certified search database.

4. **Emergency Designation:** Emergency designation is requested at this time.

5. **ECONOMICAL IMPACT:** The City has embarked upon its approved Wet-Weather Management Plan (WWMP). Currently, that plan is almost entirely comprised of a series of treatment plant capacity upgrades, storage tanks, tunnels, and other piping system augmentations; collectively known as “gray” infrastructure. After approval of the WWMP, the use of more renewable, sustainable, and environmentally friendly systems, commonly referred to as “green” infrastructure, has been recognized and implemented in many communities as a potential solution to many of the elements associated with consent order requirements.

It is anticipated there will be a greater impact to both economic impact and advantages by implementing a group of smaller projects which would be conducive for competition with local suppliers and vendors as opposed to the large scale, previously devised, WWMP projects. Community and Outreach for the project will be conducted by the City, the selected consultant and the Public Outreach Consultant, Brown and Caldwell, which is currently under contract for this work.

6. **FISCAL IMPACT:**

The Department of Public Utilities entered into a contract with Decker Construction Company for the Utility Cut and Restoration Project. Various types of utility excavations are performed within the City of Columbus' right-of-way by the Department of Public Utilities. The restoration work typically involves repair of existing pavement, curbs, and sidewalks in a manner conforming to the City of Columbus, Construction and Material Specifications (CMSC). The Department routinely outsources this restoration work to a contractor that is equipped and trained to make these repairs. Typical types of restoration work that requires outsourcing involve the installation of wheelchair ramps, asphalt repair involving thermalbond heatweld repairs, asphalt milling machines capable of full width milling, and the delivery of flowable controlled density fill using volumetric mixer trucks. This contract was the result of a Director's bid received on March 21, 2012. Decker Construction Company was the only bid received and met all requirements of the specifications. The original contract was for a period of one year with a multi-year renewal option. The Department requests authority to modify the original contract to enter into a third year, for a grand total of $1,435,000.00.

Contract Compliance: 31-0983557, expires December 9, 2015
Decker Construction Company does not hold MBE/FBE status.

1. **Amount of additional funds:** The amount of additional funds needed for this contract is $1,435,000.00. The original contract was established for $1,136,997.50. The total cost of the original contract and all modifications is $5,421,997.50. The modification represents funding added during the contract period for costs related to the services provided. The need for increased funding is to cover anticipated contract billings during fiscal year 2015.

2. **Reason additional needs were not foreseen:** The need for additional funds was foreseen, an extension is provided for in the original contract. This legislation is to encumber funds for fiscal year 2015 for the Department of Public Utilities.

3. **Reason other procurement processes not used:** Work under this modification is a continuation of services included in the scope of the original bid contract.

4. **How cost was determined:** The cost, terms and conditions are in accordance with the original agreement.
FISCAL IMPACT: $1,435,000.00 is budgeted and needed for this purchase.

The following amounts were encumbered in 2013 and 2014 for similar services:
2013: $1,000,000 Water; $400,000 Sewerage; $30,000 Electricity
2014: $1,500,000 Water; $400,000.00 Sewerage; $30,000 Electricity

To authorize the Director of Public Utilities to enter into a modification of the Utility Cut and Restoration Project contract with Decker Construction Company, for the Division of Water, the Division of Power, and the Division of Sewerage and Drainage, to authorize the expenditure of $950,000.00 from Water Operating Fund, $50,000.00 from the Electricity Operating Fund, and $435,000.00 from the Sewer Systems Operating Fund. ($1,435,000.00)

WHEREAS, the Department of Public Utilities has a contract with Decker Construction Company, for the Utility Cut and Restoration Project, and

**BACKGROUND:** The Columbus Department of Development is proposing to enter into a Columbus Downtown Office Incentive with Lextant Corporation.

Founded in 1998 by Chris Rockwell, President, Lextant Corporation is a research and design consulting services firm dedicated to informing and inspiring design through a deep understanding of people, their experiences and their aspirations. Lextant Corporation is a pioneer in its field, utilizing generative, participatory research methods for uncovering latent needs, wants and emotions that bring more meaningful products and services to market. The company services Fortune 500 companies in the U.S. and across the globe. Lextant Corporation was named to the 2012 Fast 50 List of the fastest-growing private companies in Central Ohio by Columbus Business First.

Lextant Corporation is proposing to expand its corporate headquarters by investing approximately $865,000 in leasehold improvements, machinery, equipment, stand-alone computers, furniture and fixtures, into a newly
constructed Class A office space consisting of roughly 13,000 square feet located in the Columbus Downtown Business District. In addition, the company will create 40 new full-time permanent positions with an annual payroll of approximately $2.72 million and retain 45 full-time jobs with an annual payroll of approximately $3.47 million, to meet its increased consumer demands. Lextant Corporation would qualify for the Columbus Downtown Office Incentive in an amount equal to fifty percent (50%) of the payroll taxes paid on the new employees or approximately $170,000 over a term up to five (5) years. The Development Department recommends granting the Columbus Downtown Office Incentive to Lextant Corporation.

**FISCAL IMPACT:** No funding is required for this legislation.

To authorize the Director of the Department of Development to enter into a Columbus Downtown Office Incentive Agreement with Lextant Corporation as provided in Columbus City Council Resolution 0088X-2007, adopted June 4, 2007.

**WHEREAS,** the City desires to increase employment opportunities and encourage establishment of new jobs in the City in order to improve the overall economic climate of the City and its citizens; and

**WHEREAS,** Resolution 0088X-2007, adopted June 4, 2007, authorized the Department of Development to establish the Columbus Downtown Office Incentive program as amended; and

**WHEREAS,** the Department of Development has received a completed application for the Columbus Downtown Office Incentive program from Lextant Corporation; and

**WHEREAS,** Lextant Corporation is proposing to expand and relocated its corporate headquarters into the Downtown Business District by entering into a lease agreement on a newly constructed Class A office space consisting of approximately 13,000 square feet located at 250 S. High Street; and

**WHEREAS,** Lextant Corporation plans to invest approximately $865,000 in leasehold improvements, machinery, equipment, stand-alone computers, furniture and fixtures, retain 45 full-time jobs, and create 40 new full-time permanent positions with an estimated annual payroll of approximately $2.72 million generating approximately $68,000 annually in new City of Columbus income tax revenue; **NOW, THEREFORE,**

**BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:**

**SECTION 1.** That Columbus City Council hereby authorizes the Director of the Department of Development to enter into a Columbus Downtown Office Incentive Agreement with Lextant Corporation, pursuant to Columbus City Council Resolution 0088X-2007, for an annual cash payment equal to fifty percent (50%) of the amount of City withholding tax withheld on new employees for a term up to five (5) years on the estimated job creation of 40 new full-time permanent positions to be located at 250 S. High Street Columbus, Ohio 43215.

**SECTION 2.** Each year of the term of the agreement with Lextant Corporation that a payment is due, the City's obligation to pay the incentive is expressly contingent upon the passing of an ordinance appropriating and authorizing the expenditure of monies sufficient to make such payment and the certification of the City Auditor pursuant to Section 159 of the Columbus City Charter.
SECTION 3. That the City of Columbus Downtown Office Incentive Agreement is signed by Lextant Corporation within 90 days of passage of this ordinance, or this ordinance and the credit herein shall be null and void.

SECTION 4. That the City Council hereby extends authority to the Director of the Department of Development to amend the Lextant Corporation City of Columbus Downtown Office Incentive Agreement for non-substantive modifications to the agreement requested in writing by the company and or the City and deemed appropriate by the Director of Development with these non-substantive modifications being specifically limited to reductions in length of term, methods of calculating the incentive, or adding or deleting business entities associated with the employment commitments related to this incentive. All other requested amendments must be approved by City Council.

SECTION 5. That this ordinance shall take effect and be in force from and after the earliest period allowed by law.

The Department of Public Utilities entered into an agreement with GS&P/OH, Inc. on July 30, 2012, to build upon the previous work that the department conducted in developing and implementing its environmental management system with the goal of obtaining third party certification of the program.

The contract provides the Department of Public Utilities Environmental Management System support assistance by completing various related tasks, providing planning and participation support for its various EMS teams, developing additional procedures and work instructions where necessary, buttressing the various environmental training programs through face to face and on-line training and tracking mechanisms, supporting improvements to the department's emergency preparedness program, improving the department's document control system, increasing the effectiveness of its communication outreach efforts for both internal and external audiences, assisting in conducting regularly scheduled internal EMS and environmental compliance audits, addressing environmental compliance issues where needed, and assisting the department in the third party certification process.

This contract is the result of a Request for Proposal received on May 21, 2012. The proposal was deemed acceptable by a five-member selection committee and was approved by the Director of Public Utilities on May 28, 2012. The original contract EL013291 was established as a three-phase project, with each phase subject to review and approval by the City Council, the Mayor, and the Auditor's certification of funds. The third phase was scheduled to be completed by July 31, 2015; however, it is requested that an additional phase be added to continue to support the EMS program as described above, and, in particular, the required first annual surveillance audit to be conducted in October 2015. This modification will extend the term of the contract by five months through December 31, 2015, and will require no additional monies. The terms and conditions of the original agreement allow for the City to consider for the extension of time of contract to adjust for changed conditions of service.

1. Amount of additional funds: The original contract ("Phase 1") was established for $350,000.00. Modification #1 added an additional amount of $250,000.00 ("Phase 2"). Modification #2 added an additional amount of $150,000.00 for a total contract cost of $750,000.00 ("Phase 3"). Modification #3 ("Phase 4") of
the contract will extend the contract for five months through December 31, 2015. The amount of additional funds needed is $0.00.

2. **Reason additional needs were not foreseen:** The work could not have been anticipated since at the time of the original contract, the department did not have knowledge of the exact timing for receiving EMS certification. Having conducted the EMS certification audit in October 2014 and obtaining the certification in the following month, the Department is scheduling the required annual surveillance audit in October 2015. Given that there are remaining monies under this contract to cover this need for additional services, the department seeks to extend the term of the current contract until December 31, 2015.

3. **Reason other procurement processes not used:** The same exact service is required as originally proposed. No lower pricing/more attractive terms and conditions are anticipated at this time.

4. **How cost was determined:** The cost, terms and conditions are in accordance with the original agreement.

**FISCAL IMPACT:** No additional monies are required to modify the contract.

**SUPPLIER:** GS&P/OH, Inc.: (62-1736493) Expires 1-10-2016 (MAJ).

2013: $15,250.00 Division of Power; $97,000.00 Division of Water; $137,750.00 Division of Sewerage and Drainage

2014: $9,150.00 Division of Power; $58,200.00 Division of Water; $82,650.00 Division of Sewerage and Drainage

To authorize the Director of Public Utilities to enter into a contract modification with GS&P/OH, Inc. to and including December 31, 2015 for support in the Environmental Management System certification process for the Department of Public Utilities.

WHEREAS, the Department of Public Utilities has a continued need to sustain its environmental management system to ensure that its environmental compliance requirements are met and its environmental footprint is reduced; and

WHEREAS, the contract provides the Department of Public Utilities the ability to build upon the previous work on the department's environmental management system with the goal of obtaining third party certification of the program. The consultant will prepare detailed task orders describing specific task activities, estimated levels of effort, and schedules that conform to the following general task descriptions and attached estimated project schedule; and

WHEREAS, the vendor has agreed to modify and increase EL013291 at current prices and conditions to and including December 31, 2015, and it is in the best interest of the City to exercise this option, and

WHEREAS, the City may, at any time during the performance of the services under this Agreement, propose a modification of the Contract by a properly authorized written instrument. With the approval of City Council and execution of such modification by both parties hereto, it shall be fully incorporated into this Contract and shall govern all subsequent performance under the Contract; and **NOW, THEREFORE**

**BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:**
SECTION 1. That the Director of Public Utilities be and is hereby authorized and directed to modify contract EL013291 to and including December 31, 2015 with GS&P/OH, Inc. for environmental management system support and support in the EMS certification process for the Department of Public Utilities.

SECTION 2. That this modification is in accordance with the relevant provisions of City Code Chapter 329.

1.2. Reasons additional goods/services could not be foreseen:
This modification was planned and identified in the original contracting legislation Ordinance No. 1386-2010, in the first contract modification Ordinance No. 0134-2011, the second contract modification Ordinance No. 0975-2011, the third contract modification Ordinance No. 1487-2012, the fourth contract modification Ordinance No. 0384-2013, the fifth contract modification Ordinance No. 0999-2014, as well as the sixth contract modification Ordinance No. 1416-2014.

1.3. Reason other procurement processes are not used:
The original RFP for this project anticipated a multi-year project with annual expenditures. The original authorizing legislation Ordinance No. 1386-2010, the first contract modification Ordinance No. 0134-2011, the second contract modification Ord. 0975-2011, the third contract modification Ordinance No. 1487-2012, the fourth contract modification Ordinance No. 0384-2013, fifth contract modification Ordinance No. 0999-2014, and the sixth contract modification Ordinance No. 1416-2014 identified the planned contract modifications.

1.4. How cost of modification was determined:
The consultant prepared a cost breakdown exhibit including estimated hours and hourly rates for upcoming work. These cost breakdowns were reviewed and approved by the Project Manager for the City Division of Water. Hourly rates and multipliers were submitted during the Request for Proposal phase of the project, with annual increases included for the contract duration.

2. ECONOMIC IMPACT/ADVANTAGES; COMMUNITY OUTREACH; PROJECT DEVELOPMENT; ENVIRONMENTAL FACTORS/ADVANTAGES OF PROJECT:
This is a Professional Construction Management project which will facilitate the Construction Administration and Construction Inspection Services for projects in the Division of Water capital program. These projects are all related to the water supply and treatment. These projects are incorporated in the capital improvement program for various reasons including meeting regulatory requirements, expanded supplies to meet development concerns and maintenance of the water supply, and treatment facilities. All of these functions are
tied to the economic vitality of the service area. Outreach and public informational meetings have been performed under previous modifications of this contract and will be performed on individual projects as they near construction as appropriate. The consultant team has identified a commitment to the Mayor’s Green Initiative in their business practices, including recycling programs in their offices, a commitment to double-sided printing, and utilization of Project Management Information System (PMIS) for submittal reviews which limits the need for printing documents for review.

3. CONTRACT COMPLIANCE INFO: 34-0939859, expires 7/2/15, Majority
Searches in the Excluded Party List System (Federal) and the Findings for Recovery list (State) produced no findings against URS Corporation - Ohio.

4. FUTURE CONTRACT MODIFICATIONS: The next contract modification (number 8) will be submitted for Council approval in summer 2015 (approximately $7.4 million). Additional future modifications will occur in 2016 (approximately $9.5 million) and 2017 (approximately $3 million). The total contract amount for the planned 2010 through 2017 project duration is estimated to be $76 million. The duration of this project is linked to the duration of the construction projects being managed, and may need to be extended beyond 2017 if construction duration is extended.

5. EMERGENCY DESIGNATION: It is requested that this Ordinance be handled in an emergency manner in order to maintain continuity in construction management activities and avoid disruption to construction activities.

6. FISCAL IMPACT: A transfer of funds within the Water Works Enlargement Voted Bonds Fund will be necessary as well as an amendment to the 2015 Capital Improvements Budget.

To authorize the Director of Public Utilities to enter into a planned modification for the Professional Construction Management Services agreement with URS Corporation - Ohio; for the Division of Water; to authorize a transfer and an expenditure up to $6,090,000.00 within the Water Works Enlargement Voted Bonds Fund; to authorize an amendment to the 2015 Capital Improvements Budget; and to declare an emergency. 1. Background:
The City of Columbus, Department of Public Service, received a request from Kenneth A. Turner, asking that the City sell a 0.024 acre portion of the east/west right-of-way south of Bryden Road between Carpenter and Twentieth Streets. Transfer of this right-of-way will allow for the development of property adjacent to the above noted right-of-way, owned by Mr. Turner. Per current practice, comments were solicited from interested parties, including City agencies, private utilities and the applicable area commission, before it was determined that, subject to the retention of a general utility easement for those utilities currently located within this right-of-way, the City will not be adversely affected by the transfer of this right-of-way. The Department of Public Service submitted a request to the Department of Law, Real Estate Division, asking that they establish a value for this right-of-way. A value of $525.00 was established for this right-of-way. After review of the request, the Land Review Commission voted to recommend the above referenced right-of-way be transferred to Mr. Turner for the amount of $525.00.

2. FISCAL IMPACT:
The City will receive a total of $525.00 that will be deposited in Fund 748, Project 537650, as consideration for the transfer of the requested right-of-way.

To authorize the Director of the Department of Public Service to execute those documents required to transfer a 0.024 acre portion of the east/west right-of-way south of Bryden Road between Carpenter and Twentieth Streets, adjacent to property owned by Kenneth A. Turner.

WHEREAS, the City of Columbus, Department of Public Service, received a request from Mr. Kenneth A. Turner asking that the City transfer a 0.024 acre portion of the east/west right-of-way south of Bryden Road between Carpenter and Twentieth Streets, adjacent to property owned by Kenneth A. Turner, to him; and

WHEREAS, acquisition of the right-of-way will facilitate improvements to the adjacent property owned by Mr. Kenneth A. Turner; and

WHEREAS, the City of Columbus, Department of Public Service, Division of Planning and Operations, by this transfer, extinguishes its need for this public right-of-way; and

WHEREAS, per current practice, comments were solicited from interested parties, including City agencies, private utilities and applicable area commissions, before it was determined that, subject to the retention of a general utility easement for those utilities currently located within this right-of-way, the City will not be adversely affected by the transfer of this right-of-way to Mr. Kenneth A. Turner; and

WHEREAS, the Department of Public Service submitted a request to the Department of Law, Real Estate Division, asking that they establish a value for this right-of-way; and

WHEREAS, a value of $525.00 was established for this right-of-way; and

Council Variance Application: CV14-064

APPLICANT: Buckeye Real Estate, c/o Donald Plank, Atty.; Plank Law Firm, 145 East Rich Street, Third Floor; Columbus, OH 43215.

PROPOSED USE: A two-unit dwelling with a total of eight bedrooms.

UNIVERSITY AREA COMMISSION RECOMMENDATION: Approval.

HISTORIC RESOURCES COMMISSION RECOMMENDATION: Approval.

UNIVERSITY AREA REVIEW BOARD RECOMMENDATION: Approval.

CITY DEPARTMENTS’ RECOMMENDATION: Approval. Although originally designed as a dwelling, the property was rezoned to the C-2, Commercial District, in 1956 for office use and was used as a medical office and rooming house until 1997, when a Council variance Ord. No. 877-97 (CV97-008) was granted to permit ground floor residential uses in the C-2, Commercial District. Under that variance, only seven tenants are permitted in a two-unit dwelling, whereas the applicant proposes to build an addition to one of the units in order to accommodate an eighth tenant. The property abuts multi-unit residential uses to the east, across Lane Avenue to the north, and across the alley to the south. Residential use of this property remains compatible with the established residential pattern located east of Pearl Alley, and is consistent with the land use recommendations of the University District Plan (2015), which recommends low-density residential uses at this location. No recommendation is being made regarding the hardship aspects of this request.

To grant a Variance from the provisions of Section 3353.03, Permitted uses, of the Columbus City Codes; for the property located at 31 EAST LANE AVENUE, to permit a two-unit dwelling with a total of eight bedrooms in the C-2, Commercial District, and to repeal Ordinance No. 877-97, passed on April 21, 1997 and to declare an emergency (Council Variance # CV14-064).

WHEREAS, by application No. CV14-064, the owner of property at 31 EAST LANE AVENUE (43201), is requesting a Council variance to allow an eighth bedroom and additional living space in an existing two-unit dwelling containing seven bedrooms, as currently permitted by Ordinance # 877-97 (CV97-008) which allowed ground floor residential uses in the C-2, Commercial District; and

WHEREAS, Section 3353.03, Permitted uses, permits dwelling units only above certain commercial uses, while the applicant proposes to maintain ground floor residential uses for an existing two-unit dwelling as
currently permitted by Ordinance # 877-97 (CV97-008), and allow an addition to the dwelling for an eighth bedroom and more common living space; and

WHEREAS, The University Area Commission recommends approval; and

WHEREAS, The Historic Resources Commission recommends approval; and

WHEREAS, The University Area Review Board recommends approval; and

WHEREAS, City Departments recommend approval because the requested variance will not add a new or incompatible use to this area. The addition of an eighth bedroom and additional living space to an existing two-unit dwelling in the C-2, Commercial District is consistent with the University District Plan land use recommendation for low-density residential uses at this location. The request remains consistent and compatible with the surrounding area; and

WHEREAS, said ordinance requires separate submission for all applicable permits and Certificate of Occupancy for the proposed use; and

WHEREAS, said variance will not adversely affect the surrounding property or surrounding neighborhood; and

WHEREAS, the granting of said variance will not impair an adequate supply of light and air to adjacent properties or unreasonably increase the congestion of public streets, or unreasonably diminish or impair established property values within the surrounding area, or otherwise impair the public health, safety, comfort, morals, or welfare of the inhabitants of the City of Columbus; and

WHEREAS, the granting of said variance will alleviate the difficulties encountered by the owners of the property located at 31 EAST LANE AVENUE (43201), in using said property as desired; and

WHEREAS, an emergency exists in the usual daily operation in the City of Columbus in that it is immediately necessary to pass this ordinance to begin construction as soon as possible for the immediate preservation of the public peace, property, health and safety; now, therefore:

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:

SECTION 1. Variance from the provisions of Section 3353.03, Permitted uses, of the Columbus City Codes is hereby granted for the property located at 31 EAST LANE AVENUE (43201), in that said section prohibits a two-unit dwelling with a total of eight bedrooms, with ground floor residential uses in the C-2, Commercial District; said property being more particularly described as follows:

31 EAST LANE AVENUE (43201), being 0.15± acres located at the southeast corner of East Lane Avenue and North Pearl Street, and being more particularly described as follows:

Being Lot Number Seven (7), in THOMAS R. HEAD’S SUBDIVISION OF LOTS NOS. 9-16 OF T.R. HEAD’S WALDECK AVENUE SUBDIVISION, as the same is numbered and delineated upon the recorded plat thereof, of record in Plat Book 5, page 145, Recorder’s Office, Franklin County, Ohio.

Excepting:

BACKGROUND:
This ordinance authorizes the Franklin County Municipal Court Judges to engage in the second year of a three year contract, which includes an optional fourth year, for foreign language services in the Municipal Court building at 375 S. High St. with Community Refugee and Immigration Services, Inc. (CRIS). Formal bid SA005114 was done and closed on September 30, 2013.

The court is also going to contract with Access 2 Interpreters, LLC, Asist Translation Services, Inc., Columbus Bar Interpreting Services and Ohio Translation Services, LLC. CRIS will be the primary, followed by the vendor that can provide certified or qualified interpreters. This decision was based on hourly rates.

CONTRACT COMPLIANCE NUMBER: CRIS 31-1674893 expires 2/26/16

FISCAL IMPACT: Funds for this contract are budgeted and available within the Municipal Court 2015 general fund appropriations.

To authorize the Administrative and Presiding Judge of the Franklin County Municipal Court to enter into contract with CRIS for language interpreter services for the Franklin County Municipal Court; to authorize the expenditure of an amount not to exceed $75,000.00 from the general fund; and to declare an emergency. ($75,000.00)

WHEREAS, it is necessary that the Franklin County Municipal Court provide foreign language interpreter services for non-English speaking persons that may come before the Court; and

WHEREAS, it is necessary to enter into contract with CRIS to provide interpreter services so that the Court may continue to provide language interpreter services without interruption; and

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:

SECTION 1. That the Administrative and Presiding Judge of the Franklin County Municipal Court be and is hereby authorized to enter into contract with CRIS for foreign language interpreter services to the Franklin County Municipal Court for the period ending October 31, 2015.

SECTION 2. That the expenditure of $75,000.00, or as much thereof as may be necessary is hereby authorized from the Franklin County Municipal Court, department number 2501, general fund, fund number 010, oca 250191 , object level 1 - 03, object level 3 - 3445.
SECTION 3. That for the reasons stated in the preamble hereto, which is hereby made a part hereof, this ordinance is hereby declared to be an emergency measure and shall take effect and be in force from and after its passage and approval by the Mayor, or ten days after passage if the Mayor neither approves nor vetoes the same.

BACKGROUND: This legislation authorizes the Finance and Management Director to modify and extend contracts on behalf of the Facilities Management Division with the following vendors:

Aqua Science, Inc. ($13,000.00)
Capital Plumbing & Mechanical, Inc. ($45,000.00)
Columbus Glass & Mirror, Inc. ($10,000.00)
Decker Construction Company ($40,000.00)
Elite Fire Services LLC ($15,000.00)
General Maintenance & Engineering Co. ($70,000.00)
Lannis Fence Systems ($8,000.00)
Roto Rooter Services ($20,000.00)

The Facilities Management Division contracts for preventive maintenance, repair, and construction-type services to maintain city buildings and facilities. The division has, by necessity, used a construction bid template to procure these services even though they are not construction in the strictest sense.

Recent changes to City Codes pertaining to the procurement of construction services and the requisite subsequent changes to the construction bidding template require bidder pre-qualification. As such, the current code definition of construction and the new bidding template are not appropriate to procure the afore-described hybrid-type services. A new definition of construction and updated, appropriate bidding templates which recognize these types of services are in the works. In the interim, it is necessary to extend these contracts for one year.

None of the vendors listed above have remaining renewal extensions available. Therefore, this legislation seeks City Council authority to modify and extend contracts with these vendors to provide sufficient time for such bidding documents to be prepared and placed into service by the Facilities Management Division.

All of the contract totals are funded, in full, with budgeted General Fund dollars; the only exception being the General Maintenance & Engineering Co. contract. Capital improvement monies are being used to fund $50,000 of the $70,000 total contract cost for this vendor.

Emergency action is requested so that these vendors can be engaged as quickly as possible to provide needed facilities management services for city buildings and locations.
Fiscal Impact:  The combined cost of these modifications is $221,000.00. Funds are budgeted and available within the Construction Management Capital Improvement Fund and the General Fund for these expenditures.

WHEREAS, the Facilities Management Division contracts with certain vendors for the provision of facilities management and construction-related services; and

WHEREAS, certain of these contracts have no further renewal options available and are due to be re-bid; and

WHEREAS, the Facilities Management Division is currently drafting new front-end bidding documents to procure facilities management service contracts with construction related elements; and

WHEREAS, the Facilities Management Division is seeking City Council authority to modify and extend certain vendor contracts until such time as the new bidding documents are completed and new bid solicitations can be generated; and

WHEREAS, it is necessary to waive the competitive bidding provisions of Columbus City Code Chapter 329 to allow for these contract modifications and extensions; and

WHEREAS, an emergency exists in the usual daily operation of the Finance and Management Department, Facilities Management Division, in that it is immediately necessary to modify and extend these vendor contracts so that needed facilities management services can be obtained for the maintenance, repair, and general upkeep of City buildings and facilities, thereby preserving the public health, peace, property, safety and welfare; now, therefore:

Council Variance Application: CV14-065

APPLICANT: Buckeye Real Estate; c/o Donald Plank, Atty.; Plank Law Firm; 145 East Rich Street, 3rd Floor; Columbus, OH 43215.

PROPOSED USE: Mixed-use development with ground-floor residential uses in the C-4 District, and commercial parking in the AR-4 District, with reduced development standards.

UNIVERSITY AREA COMMISSION RECOMMENDATION: Approval.

UNIVERSITY AREA REVIEW BOARD RECOMMENDATION: Approval.

CITY DEPARTMENTS' RECOMMENDATION: Approval. The site is separated into two development subareas. 10 West Ninth Avenue is located within the Urban Commercial Overlay (UCO), and is developed with a three-story apartment building fronting North High Street, and a six-unit apartment building fronting West Ninth Avenue, and is zoned in the C-4 Commercial District. 40 West Ninth Avenue is located within the University Impact District, and is developed with apartment buildings zoned in the AR-4, Apartment Residential District. The requested Council variance proposes to connect the buildings, and provide 5,600 square feet of office space and ground floor residential units on the first floor with a total of eighteen (18) apartment units at 10 West Ninth Avenue, and will allow redevelopment of 40 West Ninth Avenue with a three-story, eighteen-unit apartment building with attached parking garage. The variance also allows parking for the 10 West Ninth Avenue site to be provided on the 40 West Ninth Avenue site. Variances to driveway width, minimum number of parking spaces, AR-4 yard standards, University Planning Overlay standards, and UCO window glass requirements are included in the request. The site is within the planning area of the University District Plan (2015), which recommends regional commercial and higher density residential uses for this location. The eastern part of the site is also within the boundaries of the University/High Street Development & Design Guidelines (2002), which encourages mixed-use redevelopment, with extensive retail and entertainment facing High Street, together with housing and office uses. The proposed development is designed to integrate well with the surrounding neighborhood. Staff supports this request because it is consistent with applicable land use recommendations and guidelines, will not add incompatible uses to the neighborhood, and will help provide additional student housing options within close proximity to the university.

To grant a Variance from the provisions of Sections 3333.035, AR-4 apartment residential district use; 3356.03, C-4, Permitted uses; 3312.13(B), Driveway; 3312.49, Minimum numbers of parking spaces required; 3333.15(C), Basis of computing area; 3333.22, Maximum side yard required; 3333.24, Rear yard; 3372.562(A),(B), Landscaped area and treatment; 3372.563, Maximum lot coverage; 3372.564(A), Parking; 3372.565, Building line; 3372.566(C), Building separation and size; 3372.567, Maximum floor area; 3372.568(B), Height; and 3372.605(D), Building design standards, of the Columbus City Codes; for the property located at 10 AND 40 WEST NINTH AVENUE (43201), to allow a mixed-use development with reduced development standards in the AR-4, Apartment Residential and C-4, Commercial Districts and to declare an emergency (Council Variance # CV14-065).

BACKGROUND:

This ordinance authorizes the transfer of $340,000. The Specialized Docket consists of five programs, which address drug and alcohol addiction, heroin addiction, mental health issues, and the special needs of human trafficking victims and veterans.

The Court operates five specialized dockets, which have been certified or are in the process of receiving certification from the Supreme Court of Ohio Commission on Specialized Dockets. Each docket has received certification after submitting written materials and undergoing a site review to ensure that statewide, minimum standards are met. The Specialized Dockets hold criminal offenders accountable while linking them with comprehensive treatment and services, which leads to a reduction in recidivism and an increase in community safety.

In April 2004, the Mental Health Program was created to better serve criminal defendants who are impacted by severe mental illness and who have pending cases before the Court.

In 2009, the Changing Actions to Change Habits (CATCH) program was created to better serve criminal defendants who have been charged with misdemeanor solicitation, prostitution, and/or loitering to solicit. The docket also serves people convicted of other crimes, which were committed while the participant was a victim of human trafficking. Participants may have severe depression, post-traumatic stress disorder, or other mental illnesses and may be dependent on alcohol and/or drugs. Because many of the participants have been the victims of human trafficking, CATCH focuses on the trauma experienced by participants.

In 2009, the Alcohol and Drug Addiction Program (ADAP) was created to better serve criminal defendants who are dependent on drugs and/or alcohol and who have pending legal issues before the Court. In 2010, the Opiate Extension Program (ADAP-OEP) was developed to accompany ADAP but address the needs of criminal defendants who are dependent on opiates.

In 2012, the Military and Veteran Service specialized docket (MAVS) was created to better serve criminal defendants who have severe mental illness, chemical dependency, and criminogenic factors, all of which impact their ability to access and navigate services afforded to them because of their military involvement after they are charged with a misdemeanor offense.
The overall goal of each program is to decrease the number of jail nights and new summons that participants receive by diverting them to clinically appropriate treatment options and helping them to stabilize other basic factors in their lives, such as housing, employment, and education. The specialized dockets are designed to provide intensive supervision to program participants through a collaborative team process.

Funds are to be used to assist in the support of the Specialty Docket. The intent of these funds is to provide for the purchase personnel, materials and supplies, and services.

**EMERGENCY:** Emergency action is requested to allow the continuation of the program.

BACKGROUND:
This ordinance authorizes the Administrative and Presiding Judge of the Franklin County Municipal Court to enter into contract with Fairfield Information Services DBA American Court Services (ACS) for monitoring services associated with the use of secure continuous remote alcohol monitor (SCRAM) devices. The SCRAM unit is a non-invasive, tamper-resistant, transdermal monitoring device that measures blood alcohol concentration automatically, 24 hours a day, regardless of the individual's location. Alcohol Monitoring Systems holds many patents on the continuous alcohol monitoring device and Fairfield Information Services is the only local vendor authorized to providing monitoring services.

The Franklin County Municipal Court Judges purchased 40 SCRAM devices with monies from its indigent driver alcohol treatment fund for the purpose of monitoring offenders with alcohol dependency issues that are sentenced to use a SCRAM unit as a condition of probation. The continued use of the SCRAM devices necessitates monitoring services, which is provided by ACS. The devices were purchased from Alcohol Monitoring Services and they have named ACS as a sole provider of monitoring service. As a consequence, the Court asks that the competitive bidding provisions of the Columbus City Code be waived so that the Court can enter into contract with ACS for alcohol monitoring services.

Fairfield Information Services DBA American Court Services contract compliance number is 31-1751856 and expires on 02/02/17.

BACKGROUND: The City established the Stelzer-Stygler Community Reinvestment Area (CRA) in 1986 to stimulate private investment and job creation. In 1994, changes in the CRA law placed additional obligations on municipalities to compensate school districts for lost revenues arising from tax abatements. In May 2002, the City entered into a Compensation Agreement with the Gahanna-Jefferson School District to compensate the District for revenues from real property taxes forgone due to abatements on parcels in the Stelzer-Stygler CRA.

The present legislation authorizes the payment of $228,413.73 to the Gahanna-Jefferson City School District as the compensation due in 2015 for tax year 2014. This sum is calculated using the definitions in the Compensation Agreement and is based on one parcel (520-250983) in the Gahanna-Jefferson School District area of the Stelzer-Stygler CRA with building improvements and CRA tax abatements.
The abatement for parcel 520-250983 commenced with tax year 2009 and will terminate in tax year 2018. The portion of this payment attributable to this parcel being made in 2015 will be compensation for tax year 2014.

The total private investment subject to exemption in the new buildings constructed on parcel 520-250983 was approximately $22,450,000 in 2014 and the total estimated number of new jobs created was approximately 620.

Emergency action is requested in order for the City to make the $228,413.73 payment to the Gahanna-Jefferson City School District according to the schedule established in the Compensation Agreement.

**FISCAL IMPACT:** The 2015 General Fund budget (citywide account) includes funding for this payment to the Gahanna-Jefferson School District. A transfer equal to 25 percent (25%) of the payment will be transferred from the Special Income Tax Fund.

WHEREAS, Ordinance 1698-78, approved August 3, 1978, authorized the Development Department to carry out a Community Reinvestment Program (CRA) pursuant to Sections 3735.65 to 3735.70 of the Ohio Revised Code, to stimulate job creation and growth in the area; and

WHEREAS, the Stelzer-Stygler CRA was established by Resolution 140x-86, approved July 14, 1986 and subsequently amended by Resolutions 253x-86, 62x-87, 172x-92 and 97x-96; and

WHEREAS, changes in the CRA law in 1994 placed additional obligations on municipalities to compensate school districts for lost revenues arising from tax abatements; and

WHEREAS, Ordinance 0629-02, passed April 15, 2002, authorized a Compensation Agreement with the Gahanna-Jefferson School District to compensate the District for real property tax revenues forgone due to CRA tax abatements on parcels in the Stelzer-Stygler CRA; and

WHEREAS, one parcel in the Gahanna-Jefferson School District area of the Stelzer-Stygler CRA has a CRA tax abatement that requires compensation for tax year 2014 in accordance with the Compensation Agreement; and

WHEREAS, the amount of compensation for tax year 2014, payable in 2015, is $228,413.73 based on the formulas and procedures defined in the Compensation Agreement; and

BACKGROUND: The need exists to amend the Downtown Office Incentive (DOI) Agreement with Jeni’s Splendid Ice Creams, LLC, that was approved by Columbus City Council by Ordinance 1630-2014 on July 21, 2014, which authorized the Director of the Department of Development to enter into a DOI Agreement of fifty percent (50%) for a period of five (5) consecutive years. The DOI agreement was made and entered into on September 30, 2014. Therefore, an amendment is now required to change the term of the DOI from five (5) years to three (3) years, with the option to increase the term by two (2) years, should Jeni’s exercise its lease renewal option to extend the lease term by a minimum of two (2) years or execute a new lease at another location within the downtown business district, resulting in a total lease term of at least seven (7) years and a total
incentive term of no more than five (5) years.

This legislation is requested to be considered as an emergency in order to allow Jeni’s Splendid Ice Creams, LLC, to receive the remaining benefits of the council-approved Downtown Office Incentive.

**WHEREAS,** the lease that Jeni’s Splendid Ice Creams, LLC, entered into for its relocation to 401 North Front Street is for five years, two years short of the required amount to enter into a five-year Downtown Office Incentive; and

**WHEREAS,** an emergency exists in the usual daily operation of the Columbus Department of Development in that it is immediately necessary to seek an amendment to the Downtown Office Incentive Agreement to allow Jeni’s Splendid Ice Creams, LLC, to receive the remaining benefits of the council-approved Downtown Office Incentive, thereby preserving the public health, peace, prosperity, and safety; **NOW, THEREFORE,**

**BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:**

**SECTION 2.** That the City of Columbus Downtown Office Incentive Agreement is signed by Jeni’s Splendid Ice Creams, LLC, within 90 days of passage of this ordinance, or this ordinance and the credit herein shall be null and void.

A total of One Million, Six Hundred Sixty-Two Thousand, and Five Hundred Dollars ($1,662,500.00) was given in three loans. The three loans required the units be rented as low-income housing for 20 years. The 20 year term has now expired.

The HOME funds included two loans, one for Four Hundred Thirty-Seven Thousand, Five Hundred Dollars ($437,500.00) at 8.05% interest rate, and Two Hundred Twenty-Five Thousand Dollars ($225,000.00) at 1.00% interest rate, both to be paid at maturity. In addition, a One Million Dollar ($1,000,000.00) loan of CDBG funds was made with comparable terms.

Emergency action is requested to allow for renovations of the building to begin as soon as possible.

This constitutes a total reduction of accounts receivable of $2,614,982.93 for the three loans.

WHEREAS, no funding is required by this legislation but there will be a reduction in accounts receivable for the HOME Fund of $1,413,585.34 and Community Development Block Grant Fund of $1,201,397.59; and

F. MISCELLANEOUS PROVISIONS

LOCAL PREFERENCE PROVISIONS
Columbus City Code Section 329.212 requires the contracting agency to follow local preference procedures if the lowest, responsive, responsible, and best bid is not from a local bidder, and one or more responsive, responsible, and best bids submitted by local bidders are within 1% of that non-local bid. Submission of bid constitutes bidder’s acknowledgement and acceptance of these provisions.
The Local Preference provisions are as follows:
(1) The contracting agency shall notify, in writing, any local bidders within 1% of the non-local bid that they may be awarded the contract if they meet the lowest bid price, and shall provide a copy of this notification, in writing, to the non-local bidder who submitted the lowest, responsive, responsible bid.
(2) The notified local bidder(s) shall have two (2) business days from the date of notification to inform the city in writing if they agree to meet the lowest bid price and to provide a revised bid to demonstrate the same.
(3) If one notified local bidder agrees to meet the lowest price and the city is satisfied that the revised bid is the lowest, responsive, responsible, and best, the city shall award the contract to that local bidder.
(4) If two or more notified local bidders agree to meet the lowest bid price and the city is satisfied that one or more of the revised bids is the lowest, responsive, responsible, and best, the city shall award the contract to such local bidder with the lowest original bid.
(5) If no notified local bidder agrees to meet the lowest price or if the city is not satisfied that any notified local bidder’s revised bid is the lowest, responsive, responsible, and best, the city shall award the contract to the bidder with the lowest, responsive, responsible, and best bid.
(6) Submission of a revised bid does not constitute a tie bid for the purposes of Section 329.212.

The provisions of this section shall not apply to joint ventures unless all members of the joint venture are local businesses, as defined in section 329.01 of Columbus City Code.

For construction contracts procured under Columbus City Code Section 329, Article III, and if Section 329.212 applies to the evaluation, the local preference in Section 329.212 shall be applied first and the environmental preference in Section 329.17 shall be applied second.

ENVIRONMENTAL PREFERENCE PROVISIONS
Columbus City Code Section 329.17 allows for the city to give preference to an environmentally preferable bidder. An environmentally preferable bidder, as defined in Columbus City Code Section 329.01(n), is a bidder or offeror whose bid or offer consists of materials, supplies, equipment, construction and/or services which have a lesser or reduced effect on human health and the environment when compared to competing materials, supplies, equipment, construction and services that serve the same purpose. This comparison may
consider any aspect of the procurement cycle, including but not limited to raw materials acquisition, production, manufacturing, packaging, distribution, reuse, operation, maintenance, or disposal of the material, supply, equipment, construction, or service. To be considered an environmentally preferable bidder or offeror, the bidder or offeror must clearly specify in their bid how their materials, supplies, equipment, construction or services qualify their bid or offer as "environmentally preferable."

In evaluating bids for construction services, preference will be given to an environmentally preferable bidder who offers a construction service equal to or superior to that of a non-environmentally preferable bidder where the environmentally preferable bid does not exceed by more than five (5) percent (up to a maximum of twenty thousand dollars ($20,000)) the lowest, responsive, responsible, and best bid from any non-environmentally preferable bid. The environmentally preferable bidder will be required to demonstrate to the city agency procuring the construction service how their bid is equal to or superior to that of a non-environmentally preferable bidder and how the bid meets the agency's specifications as required above.

For construction contracts procured under Columbus City Code Section 329, Article III, and if Section 329.212 applies to the evaluation, the local preference in Section 329.212 shall be applied first and the environmental preference in Section 329.17 shall be applied second.

Examples of practices that would meet the definition of "environmentally preferable" shall include, but are not limited to:

a. Construction Site Waste Management Plan: Has the bidder adopted a construction site Waste Management Plan for its company in conformance with LEED New Construction - Material and Resource Credit 2.1 (Construction Waste Management) that will result in at least 50% (by weight) of the construction debris generated on site being reused or recycled?

b. Fleet Policy: Has the bidder adopted a fleet policy for reducing vehicle emissions from its fleet of on and off-road vehicles? The policy should include, at a minimum, an anti-idling directive for its construction sites, use of ultra-low sulfur diesel and/or alternative fuels (such as biodiesel), and a schedule for replacing or retrofitting current vehicles with emission reduction technologies.

c. Project-Specific Environmental Proposal: Has the bidder proposed the use of materials, supplies, equipment, or construction practices having a lesser or reduced effect on human health and the environment? PLEASE NOTE: Any proposed substitutions for materials or supplies must comply with City's standard specifications and the "or equal? requirements of the bid.

Does the bidder meet the definition of Environmentally Preferable Bidder?

YES? NO?

If yes, please attach a copy of bidder's construction site waste management plan or fleet policy, as well as documentation on the adoption and implementation of said policy by the bidder. If making a project specific environmental proposal, the bidder must submit documentation citing its environmental benefits. All documentation must be received at time of bid submission for receipt of environmental preference. Documentation attached: ?

CONTRACT PERFORMANCE AND PAYMENT BOND

The successful bidder will be required to secure a contract performance and payment bond in the amount of 100 percent of the contract price, including the guarantee period, in accordance with Columbus City Code Section 329.14 and the current edition of the City of Columbus, Ohio Construction and Material
Specifications (CMS), to assure the faithful performance of the work.

The performance and payment bond shall be issued by a guaranty company authorized to do so under the Ohio Revised Code or by a surety who is: (1) a resident of this state; (2) worth, in the aggregate, double the sum to be secured, beyond the amount of their debts; and (3) have property liable to execution in the state equal to the sum to be secured.

All bonds signed by an agent must be accompanied by a surety power of attorney, most recent surety financial statement, and current Ohio Department of Insurance Certificate of Compliance. Failure to execute the contract and file an acceptable performance and payment bond(s) shall be cause for cancellation of the award and the city may file a claim under the bond.

If a contractor has not commenced his work within a reasonable time, or does not carry the same forward with reasonable progress, or is improperly performing his work, or has abandoned, or fails or refuses to complete a contract entered into under Section 329 of the Columbus City Code, the director of the contracting agency shall make a finding to that effect and so notify the contractor in writing, and the rights of the contractor to control and supervise the work shall immediately cease, per the CMS.

The director shall forthwith give written notice to the sureties on the bonds of such contractor of such action. If, within ten days after the receipt of such notice, such sureties on the contract performance and payment bond or any one or more of them notify the director in writing of their intention to enter upon and complete the work covered by such contract, such sureties shall be permitted to do so and the director shall allow them thirty days, after the receipt of such notice in writing, within which to enter upon the work and resume construction, unless such time is extended by the director for good cause shown. If such sureties do not carry the same forward with reasonable progress, or if they improperly perform, abandon, or fail to complete the work covered by any such contract, the director shall complete the same in the manner provided in this section. In the event the sureties on the contract performance and payment bond, or any one or more of them, notify the director in writing of their intention to enter upon and complete the work covered by such contract, and then fail or refuse to so complete, any additional costs reasonably incurred by the director as a result of such failure or refusal shall be computed by the director and become the liability of such surety, which is not limited by the amount of the contract performance and payment bond. If the surety fails to pay such amount, the director shall certify the facts to the Columbus City Attorney, who shall proceed to collect such additional costs from the surety.

If, after receiving notice of the action of the director in terminating the control of the contractor over the work covered by his contract, the sureties on such contract performance and payment bond do not within ten days give the director the written notice provided for in this section, the director shall cause that portion of the work which remains uncompleted to be re-estimated and relet in accordance with the requirements applicable to original bids; or in the event the director determines with the approval of the Mayor an extraordinary emergency exists, he may contract for the completion of the work without advertising the bids if he considers it to be in the best public interest.

Before entering into a contract for the completion of any such improvement, the director shall require a contract performance and payment bond with sufficient sureties each in an amount equal to one hundred percent of the estimated cost of completing the work, and conditions relating to the bonds of original contractors shall apply to such bonds.

If the cost of completing any such improvement exceeds the portion of the contract price remaining unpaid to the original contractor at the time of his default, such excess shall be computed by the director and becomes the liability of such contractor or surety or both. If either the contractor or surety fails to pay such amount, the director shall certify the facts to the Columbus City Attorney, who shall proceed to collect such
excess cost from the contractor and the sureties upon his contract performance and payment bond, and the amount so collected shall be paid into the city treasury to the credit of the fund from which the excess cost was originally paid.

**CONTRACT AFFIDAVIT**
Form C3, "Contract Signature Affidavit" shall be used if the individual signing the contract is NOT an Officer or Member of the Company. As with Form C1, this should only be submitted when necessary by the successful bidder. It should not be submitted with the bid.

**CONTRACT COMPLIANCE REQUIREMENTS**
The City of Columbus encourages the participation of city certified minority and female business enterprises. While participation of and/or partnering with city certified minority and female owned businesses is not a condition of bid award, it is strongly encouraged.

Bidders will be given seven (7) business days after the bid submittal date to update expired contract compliance information for renewal of numbers or to initially apply for a number. If said information has not been updated within 7 business days from the bid submittal date, the bid may be deemed non-responsive and may no longer be considered. All contractors and subcontractors who are party to a contract as defined in Columbus City Codes must hold valid contract compliance certification numbers before the contract is executed. The City is not responsible for notifying bidders of expired contract compliance numbers after bid submission.

(c) Whether the bidder has demonstrated to the city's satisfaction adequate and appropriate resources, including, but not limited to, specialized equipment, human resources and bonding capacity for the project.
(d) Whether the bidder has substantial uncompleted work that would hinder the success of the project.

Complete and submit Forms B7, B8, and B9 (found in Section II, entitled 'Bid Forms') to fulfill the responsibility provision requirement of your bid.

F. MISCELLANEOUS PROVISIONS

LOCAL PREFERENCE PROVISIONS
Columbus City Code Section 329.212 requires the contracting agency to follow local preference procedures if the lowest, responsive, responsible, and best bid is not from a local bidder, and one or more responsive, responsible, and best bids submitted by local bidders are within 1% of that non-local bid. Submission of bid constitutes bidder's acknowledgement and acceptance of these provisions.

The Local Preference provisions are as follows:
(1) The contracting agency shall notify, in writing, any local bidders within 1% of the non-local bid that they may be awarded the contract if they meet the lowest bid price, and shall provide a copy of this notification, in writing, to the non-local bidder who submitted the lowest, responsive, responsible bid.
(2) The notified local bidder(s) shall have two (2) business days from the date of notification to inform the city in writing if they agree to meet the lowest bid price and to provide a revised bid to demonstrate the same.
(3) If one notified local bidder agrees to meet the lowest price and the city is satisfied that the revised bid is the lowest, responsive, responsible, and best, the city shall award the contract to that local bidder.
(4) If two or more notified local bidders agree to meet the lowest bid price and the city is satisfied that one or more of the revised bids is the lowest, responsive, responsible, and best, the city shall award the contract to such local bidder with the lowest original bid.
(5) If no notified local bidder agrees to meet the lowest price or if the city is not satisfied that any notified local bidder's revised bid is the lowest, responsive, responsible, and best, the city shall award the contract to the bidder with the lowest, responsive, responsible, and best bid.
(6) Submission of a revised bid does not constitute a tie bid for the purposes of Section 329.212.

The provisions of this section shall not apply to joint ventures unless all members of the joint venture are local businesses, as defined in section 329.01 of Columbus City Code.

For construction contracts procured under Columbus City Code Section 329, Article III, and if Section 329.212 applies to the evaluation, the local preference in Section 329.212 shall be applied first and the environmental preference in Section 329.17 shall be applied second.

ENVIRONMENTAL PREFERENCE PROVISIONS
Columbus City Code Section 329.17 allows for the city to give preference to an environmentally preferable bidder. An environmentally preferable bidder, as defined in Columbus City Code Section 329.01(n), is a bidder or offeror whose bid or offer consists of materials, supplies, equipment, construction and/or services which have a lesser or reduced effect on human health and the environment when compared to competing materials, supplies, equipment, construction and services that serve the same purpose. This comparison may
consider any aspect of the procurement cycle, including but not limited to raw materials acquisition, production, manufacturing, packaging, distribution, reuse, operation, maintenance, or disposal of the material, supply, equipment, construction, or service. To be considered an environmentally preferable bidder or offeror, the bidder or offeror must clearly specify in their bid how their materials, supplies, equipment, construction or services qualify their bid or offer as "environmentally preferable."

In evaluating bids for construction services, preference will be given to an environmentally preferable bidder who offers a construction service equal to or superior to that of a non-environmentally preferable bidder where the environmentally preferable bid does not exceed by more than five (5) percent (up to a maximum of twenty thousand dollars ($20,000)) the lowest, responsive, responsible, and best bid from any non-environmentally preferable bid. The environmentally preferable bidder will be required to demonstrate to the city agency procuring the construction service how their bid is equal to or superior to that of a non-environmentally preferable bidder and how the bid meets the agency's specifications as required above.

For construction contracts procured under Columbus City Code Section 329, Article III, and if Section 329.212 applies to the evaluation, the local preference in Section 329.212 shall be applied first and the environmental preference in Section 329.17 shall be applied second.

Examples of practices that would meet the definition of "environmentally preferable" shall include, but are not limited to:

a. Construction Site Waste Management Plan: Has the bidder adopted a construction site Waste Management Plan for its company in conformance with LEED New Construction - Material and Resource Credit 2.1 (Construction Waste Management) that will result in at least 50% (by weight) of the construction debris generated on site being reused or recycled?

b. Fleet Policy: Has the bidder adopted a fleet policy for reducing vehicle emissions from its fleet of on and off-road vehicles? The policy should include, at a minimum, an anti-idling directive for its construction sites, use of ultra-low sulfur diesel and/or alternative fuels (such as biodiesel), and a schedule for replacing or retrofitting current vehicles with emission reduction technologies.

c. Project-Specific Environmental Proposal: Has the bidder proposed the use of materials, supplies, equipment, or construction practices having a lesser or reduced effect on human health and the environment? PLEASE NOTE: Any proposed substitutions for materials or supplies must comply with City's standard specifications and the "or equal? requirements of the bid.

Does the bidder meet the definition of Environmentally Preferable Bidder?

YES? NO?

If yes, please attach a copy of bidder's construction site waste management plan or fleet policy, as well as documentation on the adoption and implementation of said policy by the bidder. If making a project specific environmental proposal, the bidder must submit documentation citing its environmental benefits. All documentation must be received at time of bid submission for receipt of environmental preference.

CONTRACT PERFORMANCE AND PAYMENT BOND

The successful bidder will be required to secure a contract performance and payment bond in the amount of 100 percent of the contract price, including the guarantee period, in accordance with Columbus City Code Section 329.14 and the current edition of the City of Columbus, Ohio Construction and Material.
Specifications (CMS), to assure the faithful performance of the work.

The performance and payment bond shall be issued by a guaranty company authorized to do so under the Ohio Revised Code or by a surety who is: (1) a resident of this state; (2) worth, in the aggregate, double the sum to be secured, beyond the amount of their debts; and (3) have property liable to execution in the state equal to the sum to be secured.

All bonds signed by an agent must be accompanied by a surety power of attorney, most recent surety financial statement, and current Ohio Department of Insurance Certificate of Compliance. Failure to execute the contract and file an acceptable performance and payment bond(s) shall be cause for cancellation of the award and the city may file a claim under the bond.

If a contractor has not commenced his work within a reasonable time, or does not carry the same forward with reasonable progress, or is improperly performing his work, or has abandoned, or fails or refuses to complete a contract entered into under Section 329 of the Columbus City Code, the director of the contracting agency shall make a finding to that effect and so notify the contractor in writing, and the rights of the contractor to control and supervise the work shall immediately cease, per the CMS. The director shall forthwith give written notice to the sureties on the bonds of such contractor of such action. If, within ten days after the receipt of such notice, such sureties on the contract performance and payment bond or any one or more of them notify the director in writing of their intention to enter upon and complete the work covered by such contract, such sureties shall be permitted to do so and the director shall allow them thirty days, after the receipt of such notice in writing, within which to enter upon the work and resume construction, unless such time is extended by the director for good cause shown. If such sureties do not carry the same forward with reasonable progress, or if they improperly perform, abandon, or fail to complete the work covered by any such contract, the director shall complete the same in the manner provided in this section. In the event the sureties on the contract performance and payment bond, or any one or more of them, notify the director in writing of their intention to enter upon and complete the work covered by such contract, and then fail or refuse to so complete, any additional costs reasonably incurred by the director as a result of such failure or refusal shall be computed by the director and become the liability of such surety, which is not limited by the amount of the contract performance and payment bond. If the surety fails to pay such amount, the director shall certify the facts to the Columbus City Attorney, who shall proceed to collect such additional costs from the surety.

If, after receiving notice of the action of the director in terminating the control of the contractor over the work covered by his contract, the sureties on such contract performance and payment bond do not within ten days give the director the written notice provided for in this section, the director shall cause that portion of the work which remains uncompleted to be re-estimated and relet in accordance with the requirements applicable to original bids; or in the event the director determines with the approval of the Mayor an extraordinary emergency exists, he may contract for the completion of the work without advertising the bids if he considers it to be in the best public interest.

Before entering into a contract for the completion of any such improvement, the director shall require a contract performance and payment bond with sufficient sureties each in an amount equal to one hundred per cent of the estimated cost of completing the work, and conditions relating to the bonds of original contractors shall apply to such bonds.

If the cost of completing any such improvement exceeds the portion of the contract price remaining unpaid to the original contractor at the time of his default, such excess shall be computed by the director and becomes the liability of such contractor or surety or both. If either the contractor or surety fails to pay such amount, the director shall certify the facts to the Columbus City Attorney, who shall proceed to collect such
excess cost from the contractor and the sureties upon his contract performance and payment bond, and the amount so collected shall be paid into the city treasury to the credit of the fund from which the excess cost was originally paid.

CONTRACT AFFIDAVIT
Form C3, ?Contract Signature Affidavit? shall be used if the individual signing the contract is NOT an Officer or Member of the Company. As with Form C1, this should only be submitted when necessary by the successful bidder. It should not be submitted with the bid.

CONTRACT COMPLIANCE REQUIREMENTS
The City of Columbus encourages the participation of city certified minority and female business enterprises. While participation of and/or partnering with city certified minority and female owned businesses is not a condition of bid award, it is strongly encouraged.

Bidders will be given seven (7) business days after the bid submittal date to update expired contract compliance information for renewal of numbers or to initially apply for a number. If said information has not been updated within 7 business days from the bid submittal date, the bid may be deemed non-responsive and may no longer be considered. All contractors and subcontractors who are party to a contract as defined in Columbus City Codes must hold valid contract compliance certification numbers before the contract is executed. The City is not responsible for notifying bidders of expired contract compliance numbers after bid submission.

ENVIRONMENTAL PREFERENCE PROVISIONS
Columbus City Code Section 329.17 allows for the city to give preference to an environmentally preferable bidder. An environmentally preferable bidder, as defined in Columbus City Code Section 329.01(n), is 'a bidder or offeror whose bid or offer consists of materials, supplies, equipment, construction and/or services which have a lesser or reduced effect on human health and the environment when compared to competing materials, supplies, equipment, construction and services that serve the same purpose. This comparison may
consider any aspect of the procurement cycle, including but not limited to raw materials acquisition, production, manufacturing, packaging, distribution, reuse, operation, maintenance, or disposal of the material, supply, equipment, construction, or service. To be considered an environmentally preferable bidder or offeror, the bidder or offeror must clearly specify in their bid how their materials, supplies, equipment, construction or services qualify their bid or offer as ?environmentally preferable?.

In evaluating bids for construction services, preference will be given to an environmentally preferable bidder who offers a construction service equal to or superior to that of a non-environmentally preferable bidder where the environmentally preferable bid does not exceed by more than five (5) percent (up to a maximum of twenty thousand dollars ($20,000)) the lowest, responsive, responsible, and best bid from any non-environmentally preferable bid. The environmentally preferable bidder will be required to demonstrate to the city agency procuring the construction service how their bid is equal to or superior to that of a non-environmentally preferable bidder and how the bid meets the agency?s specifications as required above.

For construction contracts procured under Columbus City Code Section 329, Article III, and if Section 329.212 applies to the evaluation, the local preference in Section 329.212 shall be applied first and the environmental preference in Section 329.17 shall be applied second.

Examples of practices that would meet the definition of ?environmentally preferable? shall include, but are not limited to:

a. Construction Site Waste Management Plan: Has the bidder adopted a construction site Waste Management Plan for its company in conformance with LEED New Construction ? Material and Resource Credit 2.1 (Construction Waste Management) that will result in at least 50% (by weight) of the construction debris generated on site being reused or recycled?

b. Fleet Policy: Has the bidder adopted a fleet policy for reducing vehicle emissions from its fleet of on and off-road vehicles? The policy should include, at a minimum, an anti-idling directive for its construction sites, use of ultra-low sulfur diesel and/or alternative fuels (such as biodiesel), and a schedule for replacing or retrofitting current vehicles with emission reduction technologies.

c. Project-Specific Environmental Proposal: Has the bidder proposed the use of materials, supplies, equipment, or construction practices having a lesser or reduced effect on human health and the environment? PLEASE NOTE: Any proposed substitutions for materials or supplies must comply with City?s standard specifications and the ?or equal? requirements of the bid.

Does the bidder meet the definition of Environmentally Preferable Bidder?

YES? NO?

If yes, please attach a copy of bidder?s construction site waste management plan or fleet policy, as well as documentation on the adoption and implementation of said policy by the bidder. If making a project specific environmental proposal, the bidder must submit documentation citing its environmental benefits. All documentation must be received at time of bid submission for receipt of environmental preference. Documentation attached: ?

CONTRACT PERFORMANCE AND PAYMENT BOND

The successful bidder will be required to secure a contract performance and payment bond in the amount of 100 percent of the contract price, including the guarantee period, in accordance with Columbus City Code Section 329.14 and the current edition of the City of Columbus, Ohio Construction and Material
Specifications (CMS), to assure the faithful performance of the work.

The performance and payment bond shall be issued by a guaranty company authorized to do so under the Ohio Revised Code or by a surety who is: (1) a resident of this state; (2) worth, in the aggregate, double the sum to be secured, beyond the amount of their debts; and (3) have property liable to execution in the state equal to the sum to be secured.

All bonds signed by an agent must be accompanied by a surety power of attorney, most recent surety financial statement, and current Ohio Department of Insurance Certificate of Compliance. Failure to execute the contract and file an acceptable performance and payment bond(s) shall be cause for cancellation of the award and the city may file a claim under the bond.

If a contractor has not commenced his work within a reasonable time, or does not carry the same forward with reasonable progress, or is improperly performing his work, or has abandoned, or fails or refuses to complete a contract entered into under Section 329 of the Columbus City Code, the director of the contracting agency shall make a finding to that effect and so notify the contractor in writing, and the rights of the contractor to control and supervise the work shall immediately cease, per the CMS.

The director shall forthwith give written notice to the sureties on the bonds of such contractor of such action. If, within ten days after the receipt of such notice, such sureties on the contract performance and payment bond or any one or more of them notify the director in writing of their intention to enter upon and complete the work covered by such contract, such sureties shall be permitted to do so and the director shall allow them thirty days, after the receipt of such notice in writing, within which to enter upon the work and resume construction, unless such time is extended by the director for good cause shown. If such sureties do not carry the same forward with reasonable progress, or if they improperly perform, abandon, or fail to complete the work covered by any such contract, the director shall complete the same in the manner provided in this section. In the event the sureties on the contract performance and payment bond, or any one or more of them, notify the director in writing of their intention to enter upon and complete the work covered by such contract, and then fail or refuse to so complete, any additional costs reasonably incurred by the director as a result of such failure or refusal shall be computed by the director and become the liability of such surety, which is not limited by the amount of the contract performance and payment bond. If the surety fails to pay such amount, the director shall certify the facts to the Columbus City Attorney, who shall proceed to collect such additional costs from the surety.

If, after receiving notice of the action of the director in terminating the control of the contractor over the work covered by his contract, the sureties on such contract performance and payment bond do not within ten days give the director the written notice provided for in this section, the director shall cause that portion of the work which remains uncompleted to be re-estimated and relet in accordance with the requirements applicable to original bids; or in the event the director determines with the approval of the Mayor an extraordinary emergency exists, he may contract for the completion of the work without advertising the bids if he considers it to be in the best public interest.

Before entering into a contract for the completion of any such improvement, the director shall require a contract performance and payment bond with sufficient sureties each in an amount equal to one hundred percent of the estimated cost of completing the work, and conditions relating to the bonds of original contractors shall apply to such bonds.

If the cost of completing any such improvement exceeds the portion of the contract price remaining unpaid to the original contractor at the time of his default, such excess shall be computed by the director and becomes the liability of such contractor or surety or both. If either the contractor or surety fails to pay such amount, the director shall certify the facts to the Columbus City Attorney, who shall proceed to collect such
excess cost from the contractor and the sureties upon his contract performance and payment bond, and the amount so collected shall be paid into the city treasury to the credit of the fund from which the excess cost was originally paid.

CONTRACT AFFIDAVIT
Form C3, "Contract Signature Affidavit" shall be used if the individual signing the contract is NOT an Officer or Member of the Company. As with Form C1, this should only be submitted when necessary by the successful bidder. It should not be submitted with the bid.

CONTRACT COMPLIANCE REQUIREMENTS
The City of Columbus encourages the participation of city certified minority and female business enterprises. While participation of and/or partnering with city certified minority and female owned businesses is not a condition of bid award, it is strongly encouraged.

Bidders will be given seven (7) business days after the bid submittal date to update expired contract compliance information for renewal of numbers or to initially apply for a number. If said information has not been updated within 7 business days from the bid submittal date, the bid may be deemed non-responsive and may no longer be considered. All contractors and subcontractors who are party to a contract as defined in Columbus City Codes must hold valid contract compliance certification numbers before the contract is executed. The City is not responsible for notifying bidders of expired contract compliance numbers after bid submission.

Form B6 shall be used to report the required subcontractor information. Please be sure to submit this form with your bid submission, even if you are not proposing use of subcontractors. Failure to do so shall render your bid non-responsive.

Columbus City Code Section 329.20 also states: "A contractor must obtain written consent from the director or designee of the contracting agency prior to subletting, selling, transferring, assigning, or otherwise relinquishing any rights, title, or interest in the work to any subcontractor not listed in the bid."

This form should be used to request any revisions to the originally submitted subcontractor list or listed in the contract. Note that if the bidder submits a bid bond, the amount of said bond shall be expressed either as a percentage of the total bid or numerically in dollars and cents.

Failure to submit an acceptable bid guarantee shall result in the bid being deemed non-responsive.

F. MISCELLANEOUS PROVISIONS

LOCAL PREFERENCE PROVISIONS
Columbus City Code Section 329.212 requires the contracting agency to follow local preference procedures
if the lowest, responsive, responsible, and best bid is not from a local bidder, and one or more responsive,
responsible, and best bids submitted by local bidders are within 1% of that non-local bid. Submission of bid
constitutes bidder's acknowledgement and acceptance of these provisions.
The Local Preference provisions are as follows:
(1) The contracting agency shall notify, in writing, any local bidders within 1% of the non-local bid that they
may be awarded the contract if they meet the lowest bid price, and shall provide a copy of this notification,
in writing, to the non-local bidder who submitted the lowest, responsive, responsible bid.
(2) The notified local bidder(s) shall have two (2) business days from the date of notification to inform the
city in writing if they agree to meet the lowest bid price and to provide a revised bid to demonstrate the
same.
(3) If one notified local bidder agrees to meet the lowest price and the city is satisfied that the revised bid is
the lowest, responsive, responsible, and best, the city shall award the contract to that local bidder.
(4) If two or more notified local bidders agree to meet the lowest bid price and the city is satisfied that one
or more of the revised bids is the lowest, responsive, responsible, and best, the city shall award the contract
to such local bidder with the lowest original bid.
(5) If no notified local bidder agrees to meet the lowest price or if the city is not satisfied that any notified
local bidder's revised bid is the lowest, responsive, responsible, and best, the city shall award the contract
to the bidder with the lowest, responsive, responsible, and best bid.
(6) Submission of a revised bid does not constitute a tie bid for the purposes of Section 329.212.

The provisions of this section shall not apply to joint ventures unless all members of the joint venture are
local businesses, as defined in section 329.01 of Columbus City Code.

For construction contracts procured under Columbus City Code Section 329, Article III, and if Section
329.212 applies to the evaluation, the local preference in Section 329.212 shall be applied first and the
environmental preference in Section 329.17 shall be applied second.

ENVIRONMENTAL PREFERENCE PROVISIONS
Columbus City Code Section 329.17 allows for the city to give preference to an environmentally preferable
bidder. An environmentally preferable bidder, as defined in Columbus City Code Section 329.01(n), is ?A
bidder or offeror whose bid or offer consists of materials, supplies, equipment, construction and/or services
which have a lesser or reduced effect on human health and the environment when compared to competing
materials, supplies, equipment, construction and services that serve the same purpose. This comparison may
consider any aspect of the procurement cycle, including but not limited to raw materials acquisition, production, manufacturing, packaging, distribution, reuse, operation, maintenance, or disposal of the material, supply, equipment, construction, or service. To be considered an environmentally preferable bidder or offeror, the bidder or offeror must clearly specify in their bid how their materials, supplies, equipment, construction or services qualify their bid or offer as "environmentally preferable."

In evaluating bids for construction services, preference will be given to an environmentally preferable bidder who offers a construction service equal to or superior to that of a non-environmentally preferable bidder where the environmentally preferable bid does not exceed by more than five (5) percent (up to a maximum of twenty thousand dollars ($20,000)) the lowest, responsive, responsible, and best bid from any non-environmentally preferable bid. The environmentally preferable bidder will be required to demonstrate to the city agency procuring the construction service how their bid is equal to or superior to that of a non-environmentally preferable bidder and how the bid meets the agency's specifications as required above.

For construction contracts procured under Columbus City Code Section 329, Article III, and if Section 329.212 applies to the evaluation, the local preference in Section 329.212 shall be applied first and the environmental preference in Section 329.17 shall be applied second.

Examples of practices that would meet the definition of "environmentally preferable" shall include, but are not limited to:

a. Construction Site Waste Management Plan: Has the bidder adopted a construction site Waste Management Plan for its company in conformance with LEED New Construction ? Material and Resource Credit 2.1 (Construction Waste Management) that will result in at least 50% (by weight) of the construction debris generated on site being reused or recycled?

b. Fleet Policy: Has the bidder adopted a fleet policy for reducing vehicle emissions from its fleet of on and off-road vehicles? The policy should include, at a minimum, an anti-idling directive for its construction sites, use of ultra-low sulfur diesel and/or alternative fuels (such as biodiesel), and a schedule for replacing or retrofitting current vehicles with emission reduction technologies.

c. Project-Specific Environmental Proposal: Has the bidder proposed the use of materials, supplies, equipment, or construction practices having a lesser or reduced effect on human health and the environment? PLEASE NOTE: Any proposed substitutions for materials or supplies must comply with City's standard specifications and the "or equal" requirements of the bid.

Does the bidder meet the definition of Environmentally Preferable Bidder?  YES?  NO?

If yes, please attach a copy of bidder's construction site waste management plan or fleet policy, as well as documentation on the adoption and implementation of said policy by the bidder. If making a project specific environmental proposal, the bidder must submit documentation citing its environmental benefits. All documentation must be received at time of bid submission for receipt of environmental preference.

Documentation attached:  ?

CONTRACT PERFORMANCE AND PAYMENT BOND

The successful bidder will be required to secure a contract performance and payment bond in the amount of 100 percent of the contract price, including the guarantee period, in accordance with Columbus City Code Section 329.14 and the current edition of the City of Columbus, Ohio Construction and Material
Specifications (CMS), to assure the faithful performance of the work.

The performance and payment bond shall be issued by a guaranty company authorized to do so under the Ohio Revised Code or by a surety who is: (1) a resident of this state; (2) worth, in the aggregate, double the sum to be secured, beyond the amount of their debts; and (3) have property liable to execution in the state equal to the sum to be secured.

All bonds signed by an agent must be accompanied by a surety power of attorney, most recent surety financial statement, and current Ohio Department of Insurance Certificate of Compliance. Failure to execute the contract and file an acceptable performance and payment bond(s) shall be cause for cancellation of the award and the city may file a claim under the bond.

If a contractor has not commenced his work within a reasonable time, or does not carry the same forward with reasonable progress, or is improperly performing his work, or has abandoned, or fails or refuses to complete a contract entered into under Section 329 of the Columbus City Code, the director of the contracting agency shall make a finding to that effect and so notify the contractor in writing, and the rights of the contractor to control and supervise the work shall immediately cease, per the CMS. The director shall forthwith give written notice to the sureties on the bonds of such contractor of such action. If, within ten days after the receipt of such notice, such sureties on the contract performance and payment bond or any one or more of them notify the director in writing of their intention to enter upon and complete the work covered by such contract, such sureties shall be permitted to do so and the director shall allow them thirty days, after the receipt of such notice in writing, within which to enter upon the work and resume construction, unless such time is extended by the director for good cause shown. If such sureties do not carry the same forward with reasonable progress, or if they improperly perform, abandon, or fail to complete the work covered by any such contract, the director shall complete the same in the manner provided in this section. In the event the sureties on the contract performance and payment bond, or any one or more of them, notify the director in writing of their intention to enter upon and complete the work covered by such contract, and then fail or refuse to so complete, any additional costs reasonably incurred by the director as a result of such failure or refusal shall be computed by the director and become the liability of such surety, which is not limited by the amount of the contract performance and payment bond. If the surety fails to pay such amount, the director shall certify the facts to the Columbus City Attorney, who shall proceed to collect such additional costs from the surety.

If, after receiving notice of the action of the director in terminating the control of the contractor over the work covered by his contract, the sureties on such contract performance and payment bond do not within ten days give the director the written notice provided for in this section, the director shall cause that portion of the work which remains uncompleted to be re-estimated and relet in accordance with the requirements applicable to original bids; or in the event the director determines with the approval of the Mayor an extraordinary emergency exists, he may contract for the completion of the work without advertising the bids if he considers it to be in the best public interest.

Before entering into a contract for the completion of any such improvement, the director shall require a contract performance and payment bond with sufficient sureties each in an amount equal to one hundred percent of the estimated cost of completing the work, and conditions relating to the bonds of original contractors shall apply to such bonds. If the cost of completing any such improvement exceeds the portion of the contract price remaining unpaid to the original contractor at the time of his default, such excess shall be computed by the director and becomes the liability of such contractor or surety or both. If either the contractor or surety fails to pay such amount, the director shall certify the facts to the Columbus City Attorney, who shall proceed to collect such
excess cost from the contractor and the sureties upon his contract performance and payment bond, and the amount so collected shall be paid into the city treasury to the credit of the fund from which the excess cost was originally paid.

Mills, chair of the Development Committee, will hold a public meeting to discuss six proposed changes to the Columbus City Code that will serve to update the Code as it relates to functions of the Department of Building and Zoning Services. The purpose of the hearing is to present and solicit public comment about these changes.

The first three changes affect the Zoning Code, Title 33:

1. Section 3303.13(M) will be amended to correct the definition of “manufactured home” to reflect the definition found in the Ohio Revised Code.
2. Sections 3372.606, 3372.706, and 3372.806 will be amended to create a consistent list of prohibited
graphics for all three commercial overlays and to remove the ambiguous term “monopole signs” so as to clarify that all types of pole signs are prohibited as was intended and as has been administered.

3. Section 3381.19 will be amended to change the renewal process for the Sign Erectors License from a quarterly renewal by last name to a rolling year from the date of license issuance. This will align the license renewal process of the sign erector trade with the renewal process of all other trades licensed and registered by the Department of Building and Zoning Services.

The last three changes affect the Building Code, Title 41:

4. Section 4113.83 will be repealed in order to remove local jurisdictional authority for permitting and inspection of nonflammable medical gas systems, which are functions performed by the State of Ohio.

5. Section 4114.505 will be amended to create a limited scope license for drywall so that contractors that perform minor drywall repair above the scope of maintenance can obtain the required permits.

6. Section 4113.51 regulates building permits for tents and establishes the threshold (by square feet) for when a tent requires a building permit. This section will be amended to increase the threshold from 200ft² to 400ft², below which no building permit is required for tents. This code change will bring the Columbus Building Code in line with the Ohio Building Code.
