SECTION 10. That this ordinance shall take effect and be in force from and after the earliest period allowed by law.

Background: The NDC has contracted with the City to provide enhanced services to five of the six NCR areas. Since entering into the contract, additional services have been proposed for the Hilltop NCR area. It is necessary to amend the NDC contract to include these additional services and to extend the contract term to allow time to complete the services.

The street trees planted as part of the Hilltop NCR streetscape improvements in 1987 are Ash trees and most have been infected by the Emerald Ash Borer. All being in a state of decline, the City Forester determined that the trees must be removed to avoid limbs falling on pedestrians or parked cars. All infected trees were removed (cut down and root ball ground down) in the fall of 2014. New trees cannot be planted in existing tree pits due to the existence of a 25-year-old root system that stretches under the sidewalk and the street. To eliminate any trip hazards, new concrete pads will be poured this summer where trees were removed until it can be determined what improvements can enhance this commercial strip outside of complete reconstruction.
A nearby improvement project on West Broad Street between Highland and Terrace (the eastern half of the NCR district known as Highland West) will construct new streetscape elements in that 5 block area. This will include new street trees because the root network will be destroyed during sidewalk demolition. The same treatment can be considered for the western half of the NCR district but the cost of $3 million+ may be prohibitive. The NDC has agreed to gather consensus from Hilltop stakeholders on other options for streetscape improvements for the western half of the NCR district.

**Fiscal Impact:** No funding is necessary for this modification.

**Emergency Justification:** Emergency action is requested so that planning can start now in order to have a streetscape design solution in place by summer 2016 when capital funds will become available for design and construction.

To authorize the Director of Development to modify the scope and term of a contract with the Neighborhood Design Center to allow for the provision of additional services to the Hilltop Neighborhood Commercial Revitalization district; and to declare an emergency. ($0)

**WHEREAS,** the Neighborhood Design Center (NDC) has contracted with the City to provide enhanced services to five of the six NCR areas; and

**WHEREAS,** additional services have been proposed for the Hilltop NCR area; and

**WHEREAS,** it is necessary to amend the NDC contract to include these additional services and to extend the contract term to allow time to complete the services; and

**WHEREAS,** an emergency exists in the usual daily operation of the Development Department in that it is immediately necessary to modify this contract all for the immediate preservation of the public health, property, safety and welfare, now, therefore,

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:

**SECTION 1.** That the Director of the Department of Development is hereby authorized to modify Contract #EL015928 with the Neighborhood Design Center by increasing the scope of services to be provided and by extending the term of the contract to August 31, 2016 to allow ample time to provide such services.

**SECTION 2.** That this contract modification is made pursuant to the relevant provisions of Chapter 329 of City Code.

**SECTION 3.** That it is further agreed that in all other aspects, this contract remains unchanged.

**SECTION 4.** That for reasons stated in the preamble hereto, which is hereby made a part hereof, this ordinance is hereby declared to be an emergency measure and shall take effect and be in force from and after its passage and approval by the Mayor or ten days after passage if the Mayor neither approves nor vetoes the same.

1.2 **Reasons additional goods/services could not be foreseen:**

Contract Modification No. 3 was planned and anticipated, and so stated in the original contract’s legislation. It is a planned continuation of the services originally included within the existing contract’s scope of service.
1.3 **Reason other procurement processes are not used:**

The funding provided by this contract modification is for continuation of the existing work of the contract. It is not reasonable or cost effective to undertake a new procurement to acquire these services.

1.4 **How cost of modification was determined:**

A cost proposal was provided by H.R. Gray-A Haskell Co. and reviewed by the Division of Sewerage and Drainage and was deemed acceptable. The cost of this contract modification is consistent with the direct labor, overhead, and profit rates established within the original proposal.

2. **Project Timeline:**

This is a five year contract which started in 2012 and will end with the close-out of the final project modification currently scheduled for 2016. This contract modification is for 2015 services. The duration of the contract may extend into subsequent years based on the complexity and progress of the assigned work. The professional services are funded by incremental appropriation, through the use of approximate annual modifications. Adjustments to fees and scope to this contract will be made by contract modification based on annual (or semiannual) proposals as requested by the City.

3. **Contract Compliance No.:** 31-1050479 | MAJ | Exp. 10/09/2015

4. **Emergency Designation:** Emergency designation is not requested at this time.

5. **Economic or Environmental Impact:** The performance of professional contract management services for the subject construction contracts will help to prevent or reduce the number of construction claims, and minimize charge amount of any unavoidable claims. No community outreach or environmental factors are considered for this project.

6. **Fiscal Impact:**

BACKGROUND: This ordinance authorizes the Director of the Department of Public Safety, on behalf of the Division of Support Services, to enter into a contract with Medical Priority Consultants Inc. DBA Priority Dispatch for a maintenance and support agreement for ProQa software application for license renewal, service and support for existing licenses and service and support for new licenses. Additional new ProQa licenses were purchased earlier this year because the Communication Center is increasing the number of civilian employees who will be 911 call takers, requiring additional certifications.

ProQa is based on the Medical Priority Dispatch System and provides a standardized format for carrying out the practice of priority dispatching. It is an automated system which operates by evaluating incoming information according to logical rules built on expert medical knowledge. The Emergency Medical Dispatcher then uses the information provided to send the appropriate response configuration. ProQa allows the City's Emergency Medical Dispatchers to carry out the following four important activities; structured and rapid caller interrogation and patient evaluation; accurate selection of the appropriate EMS unit response; relay of important patient and scene information to field responders; and the provision of essential Dispatch Life Support. ProQa is currently used in the main dispatch center for all EMS and Fire incidents. Medical Priority Consultants is the sole source supplier of this software and maintenance.

DBA Priority Dispatch for maintenance services required for the City's 911 Emergency Dispatching system in accordance with the sole source provisions of Chapter 329 of the Columbus City Codes; to authorize the expenditure of $63,683.00 from the General Fund;

WHEREAS, the Division of Support Services has a need to provide ProQa software support to the City's 911 Emergency and back-up Dispatching Center(s); and

Legislation Number: 1117-2015
Drafting Date: 4/17/2015  | Current Status: Passed
Version: 1  | Matter Type: Ordinance

BACKGROUND: This legislation is for the option to establish two (2) UTC contracts for Scientific Laboratory Supplies to be used by various City agencies. The term of the proposed option contracts is through May 30, 2018. The contracts may be extended for one (1) additional year, subject to mutual agreement by both parties. The Purchasing Office opened formal bids on March 19, 2015.
The Purchasing Office advertised and solicited competitive bids in accordance with the competitive bid section of the City code (Solicitation No. SA005769). Eighty-one (81) bids were solicited: (M1A-2, F1-2). Four (4) bids were received (MAJ).

Two contracts are recommended for award for Scientific Laboratory Supplies. The specification stated that multiple contracts could be awarded to the lowest, responsive, responsible and best bidders per category and catalog.

At this time, the City of Columbus has embarked on implementing a new e-catalog, as approved by Ordinance 1078-2013. The catalog system purchased from Vinimaya, Inc. will allow City agencies to shop City contracts. The requesting agency will log into the e-catalog, search for the item needed and the e-catalog will search the City catalogs, including these two (2) suppliers, bringing back the results that meet the searched term and providing the user with the contracted price. The City will upload into the e-catalog most catalog type and price list type UTC contracts. By uploading these two (2) catalogs to the e-catalog, the agencies will be able to search, review and order the needed items at discounted and best value prices. This change will enable the City agencies to more efficiently purchase Laboratory Supplies with cost savings.

A waiver of regulations is being submitted to award to multiple suppliers and to award two (2) contracts as the Code does not envision multiple awards for the same category.

The Purchasing Office is recommending award to the overall lowest, responsive, responsible and best bidders as follows:

VWR International, LLC; CC# 911319190, Expires 4/10/2017, Categories 1-10, $1.00.
Thomas Scientific, CC# 223336902, Expires 4/9/2015, Categories 1-10, $1.00

Total Estimated Annual Expenditure: $250,000.00

These companies are not debarred according to the Excluded Party Listing System of the Federal Government or prohibited from being awarded a contract according to the Auditor of State Unresolved Findings for Recovery Certified Search.

This ordinance is being submitted as an emergency because without emergency action, no less than 37 days will be added to this procurement cycle and the efficient delivery of valuable public services will be slowed.

**FISCAL IMPACT**: Funding to establish these option contracts is from the General Fund. City Agencies will be required to obtain approval to expend from their own appropriations for their estimated annual expenditures.

To authorize the Finance and Management Director to enter into two (2) contracts for the option to purchase Laboratory Supplies with VWR International, LLC and Thomas Scientific; to waive the competitive bidding requirements City Code Chapter 329; to authorize the expenditure of $2.00 to establish the contracts from the General Fund; and to declare an emergency. ($2.00)

**WHEREAS**, Scientific Laboratory Supplies are used by various City agencies; and

**WHEREAS**, the Purchasing Office advertised and solicited formal bids on March 19, 2015 and selected the overall lowest, responsive, responsible and best bidders; and

**WHEREAS**, this ordinance requests a waiver of competitive bidding requirements of Chapter 329 of the City
WHEREAS, this ordinance addresses Purchasing objective of 1) maximizing the use of City resources by obtaining optimal products/services at low prices and 2) encouraging economic development by improving access to City bid opportunities and 3) providing effective option contracts for City agencies to efficiently maintain their supply chain and service to the public; and

WHEREAS, in order to maintain services by supplying Scientific Laboratory Supplies for laboratory testing, this is being submitted for consideration as an emergency measure; and

WHEREAS, an emergency exists in the usual daily operation of the Department of Finance and Management in that it is immediately necessary to enter into contracts for the option to purchase Laboratory Supplies so various city agency services are not interrupted; now, therefore,

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:

SECTION 1. That the Finance and Management Director be and is hereby authorized to enter into the following contracts for the option to purchase Scientific Laboratory Supplies in accordance with Solicitation No. SA005769 for the term expiring May 30, 2018, with the option to renew for one (1) additional year.

VWR International, LLC, Categories 1-10, $1.00.
Thomas Scientific, Categories 1-10, $1.00

SECTION 2. That this Council finds it in the City's best interest to waive the competitive bidding requirements of Chapter 329 of City Code.

SECTION 3. That the expenditure of $2.00 is hereby authorized from the General Fund, Organization Level 1: 45-01, Fund 10, OCA: 450047, Object Level 3: 2270 to pay the cost thereof.

SECTION 3. That for the reason stated in the preamble hereto, which is hereby made a part hereof, this ordinance is hereby declared to be an emergency measure and shall take effect and be in force from and after its passage and approval by the Mayor or ten days after passage if the Mayor neither approves nor vetoes the same.

Legislation Number: 1120-2015
Drafting Date: 4/17/2015
Current Status: Passed
Version: 1
Matter Type: Ordinance

Background: The Fleet Management Division has been asked to participate in a Propane Golf Equipment Research Program during the 2015 mowing season with R & R Products (R&R Products, Inc. Tucson, AZ), the leading manufacturer of propane mowing equipment and the Propane Education Research Council (PERC). The city started purchasing and using propane mowers in 2013 and currently has 21 active mowers at Recreation and Parks locations throughout Columbus. Propane is a clean-burning fossil fuel that results in producing significantly lower amounts of some harmful emissions and the greenhouse gas carbon dioxide. The research program scope consists of R & R providing, at no cost to the city, the exclusive use of four (4)
pieces of new golf course mowing equipment. This equipment is to be used at the Airport Golf Course during the research testing. PERC is providing the funding to R&R for the equipment to be furnished to the city. PERC will manage all promotional activities for this research program. During the research testing period the city will record equipment data and track propane fuel consumption. The city will furnish propane fuel through a contract set up by Fleet Management with a propane fuel provider for the equipment during this research program. There are no other costs to the city for participating in this program. In exchange for the city participating in the research program, at the end of the program, the city has the option to purchase the equipment at a depreciated 55% discount rate. If the city chooses to proceed with the purchase of the mowing equipment another ordinance will be necessary to authorize the expenditure of funds and to waive the competitive bidding provisions of the Columbus City Codes.

The city is one of eight golf courses nationwide (Airport being the only municipal golf course) participating in the research program. Other participants are: Stone Mountain Golf Club (Marriott) Stone Mountain, GA., Fernandina Beach Golf Club Fernandina Beach, FL., Marriott Desert Springs (Marriott) Palm Desert, CA., Renaissance Vinoy (Marriott) St. Petersburg, FL., Eagles Pride Golf Course (Military) Joint Base Lewis-McChord, WA., Reston National Golf Course Reston, VA., and George W. Dunne National (Billy Casper) 16310 Central Ave, Oak Forest IL.

Fiscal Impact: The ordinance will require no expenses on the part of the City.

Emergency action is requested so that the agreement can be entered into prior to mowing season.

WHEREAS, at the end of the program the city has the option to purchase the equipment at a depreciated 55 percent discount rate; and

WHEREAS, an emergency exists in the usual daily operation of the Department of Finance and Management in that it is immediately necessary to enter into this program prior to the 2015 mowing season to take full advantage of the program’s benefits, thereby preserving the public health, peace, property, safety and welfare; NOW, THEREFORE

1. BACKGROUND
This legislation authorizes the Director of Public Service to enter into contracts and issue purchase orders in the amount of up to $39,393.00 to replace the security system at the Department of Public Service’s facility at 1820 E. 17th Avenue.

The existing security system is not functioning and needs replaced. The new security system will use Matrix Systems security equipment (the existing city standard security equipment). The new system will allow for better control of access to the premises and help reduce asset loss. In addition, the new system will allow city security staff to remotely monitor the 1820 E. 17th Avenue facility.

The department requests that bidding be waived for the purchase of hardware and the installation/repair costs associated with this project. The 1820 E. 17th Avenue facility does not receive any funding from the general fund and the Department of Public Service pays the costs of these systems instead of the Department of Finance and Management. For city security service to monitor the new system, the equipment must be compatible with current established security system standards. To ensure the needed compatibility, the Department of Public Service must procure the equipment and installation work from the same companies used by the Department of Finance and Management.

The following companies will be used for this project:

**BACKGROUND:** This ordinance authorizes the Board of Health to enter into a contract with K.N.S. Services, Inc., for the provision of security equipment upgrades at Columbus Public Health (CPH), 240 Parsons Avenue. This equipment is necessary to update CPH’s current system, which is outdated. The new equipment will be compatible with the city’s established standards for security systems, and will be linked to the current security system at City Hall. The contract with K.N.S. Services, Inc., is in the amount of $113,577.36, which includes labor and materials.

K.N.S. Services, Inc., installed the original wiring at Columbus Public Health. They also installed the new main security office wiring at City Hall. Contracting with K.N.S. Services, Inc., is the logical and most expeditious option for this upgrade. Contracting with another vendor could lead to logistical problems and errors due to lack of system consistency, so it is not in the city’s best interest to bid this system enhancement. Therefore, Columbus Public Health requests approval to waive relevant competitive bidding provisions in the columbus City Code for this contract.

This ordinance is submitted as an emergency to ensure compliance with the city’s safety regulations.

**FISCAL IMPACT:** Monies for this capital improvement project expenditure are available within the Health G.O. Bonds Fund. This ordinance authorizes the transfer of cash and appropriation of $289,504.47 and
expenditure of $113,577.36 from the Health G.O. Bonds Fund.

Bonds Fund; to amend the 2015 Capital Improvement Budget; to authorize and direct the Board of Health to enter into a contract with K.N.S. Services, Inc., to upgrade the current security system at Columbus Public Health, 240 Parsons Avenue; to waive relevant competitive bidding provisions of the City Code; to authorize the expenditure of $113,577.36 from the Health G.O. Bonds Fund; and to declare an emergency. ($113,577.36)

WHEREAS, it is necessary to authorize the transfer and expenditure of funds within the Health G.O. Bonds fund; and

In July of 2011, the department issued a bid for collection services of yard waste and recyclables. Ordinance 0088-2012 authorized the Director of Public Service to execute a 5-year contract for yard waste and recyclables collection services. The contract started April 2, 2012, and ends March 31, 2017. Costs for these services over the course of the 5-year contract are as follows:

Changes to the program as a result of these meetings include the deployment and collection of recycling containers along High and Broad Streets, collection of glass bottles from businesses along High Street, the addition of multi-dwelling units to the program, changing collection zones from five to ten, and collecting recyclables and yard waste on the same day instead of every other week. These meetings will continue throughout the contract term and from time to time will result in changes to the program or the need to clarify contract terms and conditions.

Ohio Revised Code establishes landfill diversion requirements. This program is necessary to segregate collection of yard waste and recyclables from the regular waste stream, extending the life of the landfill operated by the Solid Waste Authority of Central Ohio (SWACO).

**WHEREAS,** an emergency exists in the usual daily operations of the Department of Development in that it is immediately necessary to amend contract EL016797 with TechColumbus to change the name of the Contractor to Rev 1 Ventures, all for the preservation of the public health, peace, property, safety and welfare; **NOW THEREFORE,**
BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:

SECTION 1. That the Director of the Department of Development is hereby authorized to amend contract EL016797 with TechColumbus for the purpose of changing the name of the Contractor from TechColumbus to Rev 1 Ventures effective March 10, 2015.

SECTION 2. That for reasons stated in the preamble hereto, which is hereby made a part hereof, this ordinance is hereby declared to be an emergency measure and shall take effect and be in force from and after passage and approval by the Mayor, or ten days after passage if the Mayor neither approves nor vetoes the same.

BACKGROUND: This legislation authorizes the appropriation and expenditure of $500,000 of Neighborhood Stabilization Program (NSP3) program income funds from the General Government Grant Fund. Funds are needed to obligate and expend for eligible projects and activities associated with the Neighborhood Stabilization Program (NSP). The City of Columbus receives program income from prior investments of NSP3 funds and has NSP3 funds from various homeownership housing development projects.

This modification to the City's NSP3 budget results in a greater than 20% increase in one activity's original budget (Neighborhood Stabilization Fund). Therefore, since the City considers an increase greater than 20% a substantial change it has submitted to the U.S Department of Housing and Urban Development (HUD) a substantial amendment to the NSP3 plan. A public comment period was conducted per NSP3 guidelines for 15 calendar days.

This ordinance is submitted as an emergency so as to allow the expenditure of funds to be made by the City for projects that continue the efforts under the NSP3 Grant Agreement with HUD.

FISCAL IMPACT: This ordinance authorizes the appropriation and expenditure of $500,000. The $500,000 of NSP funds must be expended in the Neighborhood Stabilization Program eligible projects and activities.

To authorize and direct the City Auditor to appropriate $500,000.00 from General Government Grant Fund (Neighborhood Stabilization Program 3 grant) to the Department of Development; to authorize the Director of the Department of Development to provide loans and grants to eligible projects and activities associated with the Neighborhood Stabilization Program; to authorize the expenditure of $500,000.00 from the General Government Grant Fund; and to declare an emergency. ($500,000.00)

WHEREAS, this legislation authorizes the appropriation of $500,000 of NSP3 Program Income and expenditure of $500,000.00 from the General Government Grant Fund to provide funding for the Department of Development obligations and expenses relating to the Neighborhood Stabilization Program; and

WHEREAS, the City of Columbus receives program income from prior investments of NSP3 funds and has NSP3 Funds from various homeownership housing development projects. The $500,000.00 of program income
funds must be expended in Neighborhood Stabilization Program eligible projects and activities; and

WHEREAS, an emergency exists in the usual daily operation of the Department of Development in that it is immediately necessary to appropriate and expend said funds so expenditures can be made, thereby preserving the public health, peace, property, safety and welfare; Now, Therefore,

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:

SECTION 1. That the sum of $500,000.00 is hereby appropriated from the unappropriated balance of the General Government Grant Fund, Fund 220, Grant 441103 and from all monies estimated to come into said fund from any and all sources and unappropriated for any other purpose during the fiscal year ending December 31, 2015 to the Department of Development, Division 44-10, Object Level One 05, Object Level Three 5528, OCA Code 441110. That funds are hereby deemed appropriated in an amount not to exceed $500,000.00 as cash is available in the grant.

SECTION 2. That the Director of the Department of Development is hereby authorized to provide loans and grants to eligible projects and activities associated with the Neighborhood Stabilization Program.

SECTION 3. That for the purpose as stated in Section 2, the expenditure of $500,000.00 or so much thereof as may be necessary, is hereby authorized from the Department of Development, Division 44-10, Fund 220, Grant 441103, Object Level One 05, Object Level Three 5528, OCA Code 441110, as cash becomes available in the grant.

SECTION 4. That the funds necessary to carry out the purpose of this ordinance are hereby deemed appropriated, and the City Auditor shall establish such accounting codes as necessary.

SECTION 5. That for the reasons stated in the preamble hereto, which is hereby made a part hereof, this ordinance is declared to be an emergency measure and shall take effect and be in force from and after its passage and approval by the Mayor, or ten days after passage if the Mayor neither approves nor vetoes the same.

1. BACKGROUND
The City of Columbus, Department of Public Service is currently engaged in a project identified as Operation Safewalks - Joyce Avenue Phase 3 project (2906 DR. E). During design of the Operation Safewalks - Joyce Avenue Phase 3 project, it was determined a portion of real property owned by the City of Columbus known as 1765 Joyce Avenue, Franklin County Parcel Numbers, 010-098841, 010-098842, 010-098843, 010-098845 and 010-007746 would need to be dedicated for roadway purposes to accommodate the improvements contemplated by this project. Current plans for the improvements indicate Parcel 139-WD, 139A-WD and 142-WD, totaling 0.043 acre, will need to be dedicated as right of way.
for this purpose. After review of the preliminary plan sheets, the Department of Public Service has determined the dedication of this property to right of way will not adversely affect the City and should be allowed to proceed.

The following legislation permits the City to dedicate the property as road right-of-way and name the road right-of-way as Joyce Avenue.

2. FISCAL IMPACT
Not applicable.

3. EMERGENCY DESIGNATION
Emergency action is requested so that construction of the proposed improvements for Operation Safewalks - Joyce Avenue Phase 3 can proceed without delay.

To dedicate a 0.043 acre tract of land as public right-of-way; to name said public right-of-way as Joyce Avenue and to declare an emergency. ($0.00)

WHEREAS, Ohio Revised Code Chapter 723.03 requires that property to be used as a public street or alley must be accepted and dedicated as public right-of-way by an ordinance specially passed for such purpose; and

WHEREAS, the City desires to dedicate a 0.043 acre tract, as public right-of-way; and

WHEREAS, an emergency exists in the usual daily operation of the City in that it is immediately necessary to dedicate a 0.043 acre tract, as public right-of-way and to name the 0.043 acre tract as Joyce Avenue and proceed without delay, thereby preserving the public health, peace, property, safety and welfare now, therefore

**BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:**

**SECTION 1.** That the Director of the Department of Development is hereby authorized to execute any and all necessary agreements and deeds to convey title to the following parcel of real estate to Hilton Coates:
PARCEL NUMBER: 010-060765
ADDRESS: 2246 North Cleveland Avenue, Columbus, Ohio 43211

SECTION 2. For the property stated in Section 1, that the Director of Development is hereby authorized to execute any agreement, deed restriction, or mortgage to ensure compliance with Land Bank Program rules and the submitted application and to release such restriction or mortgage upon compliance.

SECTION 3. That for good cause shown, the provisions of City Code Chapter 329 relating to the sale of city-owned realty are hereby waived.

SECTION 4. That Council hereby finds that the selection process utilized in this matter is in accordance with the Land Bank Disposition Process created pursuant to the City’s Land Reutilization Program and hereby approves the same.

SECTION 5. The Franklin County Public Defender Commission performs all the duties and responsibilities under Section 12 of the City Charter, Chapter 173 of the Columbus City Codes, 1959, and Sections 120.13 and 120.14(e) of the Ohio Revised Code in providing legal counsel to indigent persons charged with criminal offenses. Since 1976, the city has contracted with the Commission to represent in the Franklin County Municipal Court all indigent persons (based on poverty guidelines as determined by the United States Department of Health and Human Services) charged with violations of an ordinance of the City of Columbus. Except for State-charged misdemeanors, the city funds the Municipal Unit while the Franklin County Commissioners fund the balance.

This contract is presented on an understanding that the total cost of the 2015 program is $5,121,083, of which the Franklin County Commissioners’ portion is 60 percent and the city's portion is 40 percent. After 40 percent reimbursement from the State Public Defender Commission, it is expected that the cost to the city will be $1,229,060. This amount is increased by $153,145.59 from the 2014 expenditure reconciliation, resulting in a net 2015 contract amount of $1,382,205.59. In the event the actual State-charged misdemeanors differ from the estimate, and/or the State reimburses at a different rate, the city may owe the County or be due reimbursement. A reconciliation will be conducted at year-end to determine the final charges.

The $153,145.59 expenditure reconciliation stated above is primarily due to a salary survey conducted by
Franklin County in response to concerns regarding employee compensation rates. The results of the survey affected all positions in the Public Defender office and determined that the majority of its employees were underpaid relative to market averages. As a result, the county judicial system expressed concern as to their ability, under their current classification and pay structure, to compete effectively within the market to attract and retain qualified employees. As such, the salary survey wage adjustments were approved (with retroactive pay adjustments back to January, 2014) by the County Commissioners on November 4, 2014, via Resolution No. 788-14. While this contract is a budgeted expense within the Financial Management Division’s 2015 general fund operating budget, the above mentioned salary adjustment was unanticipated and therefore is an unbudgeted item. As such, this ordinance authorizes the transfer of funds between divisions within the Finance and Management Department general fund so payment to the County can be made.

Award of this contract meets relevant procurement provisions of Chapter 329 of the Columbus City Codes, 1959.

Franklin County Public Defender Commission, Contract Compliance #31-0890833

**Emergency action** is requested since the start of this contract was January 1, 2015. Action prior to this date was not possible until the 2014 contract expenses had been reconciled.

**FISCAL IMPACT:** This contract is a budgeted expense within the Financial Management Division’s 2015 general fund operating budget. However, the above mentioned salary adjustment was unanticipated and therefore is an unbudgeted item. As such, this ordinance authorizes the transfer of funds between divisions within the Finance and Management Department's general fund budget to provide sufficient budgetary authority to execute this contract.

To authorize and direct the City Auditor to transfer $153,145.59 within the general fund; to authorize the Director of the Department of Finance and Management to enter into contract with the Franklin County Public Defender Commission to provide legal counsel to indigent persons charged with criminal offenses; to authorize the expenditure of $1,382,205.59 from the general fund; and to declare an emergency. 1. Background:
The City of Columbus, Department of Public Service, Division of Infrastructure Management received a request from Todd Collis, on behalf of CGL Holdings, LLC, asking that the City sell a 0.019 acre portion of the north/south right-of-way north of Shoemaker Avenue and east of Cleveland Avenue, and an 0.065 acre portion of the unnamed east/west alley north of Shoemaker Avenue between Cleveland Avenue and the first alley east of Cleveland Avenue. Transfer of these rights-of-way will facilitate the redevelopment of property adjacent to the above noted rights-of-way, owned by CGL Holdings, LLC into a video and film production facility. Per current practice, comments were solicited from interested parties, including City agencies, private utilities and the applicable area commission, before it was determined that, subject to the retention of a general utility easement for those utilities currently located within the 0.019 acre portion of the above noted rights-of-way, the City will not be adversely affected by the transfer of these rights-of-ways. The Department of Public Service submitted a request to the Department of Law, Real Estate Division, asking that they establish a value for this right-of-way. A value of $14,565.00 was established for these rights-of-way. Collis, Smith and Collis, LLC had submitted a request for the mitigation of the cost of the aforementioned rights-of-way. After review of the request, the Land Review Commission voted to recommend that the 0.019 acre parcel be transferred for a cost of $508.00, and the 0.065 acre parcel, identified as Franklin County Tax Parcel 010-015239, be transferred for a cost of $3,454.00 to CGL Holdings, LLC for a total cost of $3,962.00.

Emergency Justification: Emergency action is requested to allow development of this project to proceed as currently scheduled.

2. FISCAL IMPACT:
The City will receive a total of $3,962.00 that will be deposited in Fund 748, Project 537650, as consideration for the transfer of the requested rights-of-way.

To authorize the Directors of the Department of Public Service and the Director of Finance and Management to execute those documents required to transfer to CGL Holdings, LLC a 0.019 acre portion of the unnamed north/south alley north of Shoemaker Avenue and east of Cleveland Avenue, and a parcel identified as Franklin County Tax Parcel 010-015239, containing an 0.065 acre portion of the east/west right-of-way north of Shoemaker Avenue between Cleveland Avenue and the first alley east of Cleveland Avenue, referenced in D.V 3017, PGS. 129 through 131, adjacent to property owned by CGL Holdings, LLC; and to declare an emergency.

WHEREAS, the City of Columbus, Department of Public Service, received a request from Collis, Smith and Collis, LLC asking that the City transfer a 0.019 acre portion of the unnamed north/south alley north of Shoemaker Avenue and east of Cleveland Avenue, and a parcel identified as Franklin County Tax Parcel 010-015239, containing an 0.065 acre portion of the east/west right-of-way north of Shoemaker Avenue between Cleveland Avenue and the first alley east of Cleveland Avenue, referenced in D.V 3017, PGS. 129 through 131, adjacent to property owned by CGL Holdings, LLC; to them; and

WHEREAS, acquisition of these rights-of-way will facilitate the redevelopment of property owned by CGL Holdings, LLC, adjacent to the aforementioned rights-of-way, into a video and film production facility; and
WHEREAS, the City of Columbus, Department of Public Service, Division of Infrastructure Management, by this transfer, extinguishes its need for these public rights-of-way; and

WHEREAS, per current practice, comments were solicited from interested parties, including City agencies, private utilities and applicable area commissions, before it was determined that, subject to the retention of a general utility easement for those utilities currently located within this right-of-way, the City will not be adversely affected by the transfer of these rights-of-way to CGL Holdings, LLC; and

WHEREAS, the Department of Public Service submitted a request to the Department of Law, Real Estate Division, asking that they establish a value for these rights-of-way; and

WHEREAS, a value of $14,565.00 was established for this right-of-way; and

WHEREAS, Collis, Smith and Collis, LLC had submitted a request for the mitigation of the cost of these rights-of-way; and

WHEREAS, after review of the request, the Land Review Commission voted to recommend that the above referenced rights-of-way be transferred to CGL Holdings, LLC for the total cost of $3,962.00; and now therefore

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:

F. MISCELLANEOUS PROVISIONS

LOCAL PREFERENCE PROVISIONS
Columbus City Code Section 329.212 requires the contracting agency to follow local preference procedures if the lowest, responsive, responsible, and best bid is not from a local bidder, and one or more responsive, responsible, and best bids submitted by local bidders are within 1% of that non-local bid. Submission of bid constitutes bidder?s acknowledgement and acceptance of these provisions.

The Local Preference provisions are as follows:
(1) The contracting agency shall notify, in writing, any local bidders within 1% of the non-local bid that they may be awarded the contract if they meet the lowest bid price, and shall provide a copy of this notification, in writing, to the non-local bidder who submitted the lowest, responsive, responsible bid.
(2) The notified local bidder(s) shall have two (2) business days from the date of notification to inform the city in writing if they agree to meet the lowest bid price and to provide a revised bid to demonstrate the same.
(3) If one notified local bidder agrees to meet the lowest price and the city is satisfied that the revised bid is the lowest, responsive, responsible, and best, the city shall award the contract to that local bidder.
(4) If two or more notified local bidders agree to meet the lowest bid price and the city is satisfied that one or more of the revised bids is the lowest, responsive, responsible, and best, the city shall award the contract to such local bidder with the lowest original bid.
(5) If no notified local bidder agrees to meet the lowest price or if the city is not satisfied that any notified local bidder? s revised bid is the lowest, responsive, responsible, and best, the city shall award the contract to the bidder with the lowest, responsive, responsible, and best bid.
(6) Submission of a revised bid does not constitute a tie bid for the purposes of Section 329.212.

The provisions of this section shall not apply to joint ventures unless all members of the joint venture are local businesses, as defined in section 329.01 of Columbus City Code.

For construction contracts procured under Columbus City Code Section 329, Article III, and if Section 329.212 applies to the evaluation, the local preference in Section 329.212 shall be applied first and the environmental preference in Section 329.17 shall be applied second.

ENVIRONMENTAL PREFERENCE PROVISIONS
Columbus City Code Section 329.17 allows for the city to give preference to an environmentally preferable bidder. An environmentally preferable bidder, as defined in Columbus City Code Section 329.01(n), is “A bidder or offeror whose bid or offer consists of materials, supplies, equipment, construction and/or services which have a lesser or reduced effect on human health and the environment when compared to competing materials, supplies, equipment, construction and services that serve the same purpose. This comparison may consider any aspect of the procurement cycle, including but not limited to raw materials acquisition, production, manufacturing, packaging, distribution, reuse, operation, maintenance, or disposal of the material, supply, equipment, construction, or service. To be considered an environmentally preferable bidder or offeror, the bidder or offeror must clearly specify in their bid how their materials, supplies, equipment, construction or services qualify their bid or offer as ‘environmentally preferable.’”

In evaluating bids for construction services, preference will be given to an environmentally preferable bidder who offers a construction service equal to or superior to that of a non-environmentally preferable bidder where the environmentally preferable bid does not exceed by more than five (5) percent (up to a maximum of twenty thousand dollars ($20,000)) the lowest, responsive, responsible, and best bid from any non-environmentally preferable bid. The environmentally preferable bidder will be required to demonstrate to the city agency procuring the construction service how their bid is equal to or superior to that of a non-environmentally preferable bidder and how the bid meets the agency’s specifications as required above.

For construction contracts procured under Columbus City Code Section 329, Article III, and if Section 329.212 applies to the evaluation, the local preference in Section 329.212 shall be applied first and the environmental preference in Section 329.17 shall be applied second.

Examples of practices that would meet the definition of ‘environmentally preferable’ shall include, but are not limited to:

a. Construction Site Waste Management Plan: Has the bidder adopted a construction site Waste Management Plan for its company in conformance with LEED New Construction Material and Resource Credit 2.1 (Construction Waste Management) that will result in at least 50% (by weight) of the construction debris generated on site being reused or recycled?

b. Fleet Policy: Has the bidder adopted a fleet policy for reducing vehicle emissions from its fleet of on and off-road vehicles? The policy should include, at a minimum, an anti-idling directive for its construction sites, use of ultra-low sulfur diesel and/or alternative fuels (such as biodiesel), and a schedule for replacing or retrofitting current vehicles with emission reduction technologies.

c. Project-Specific Environmental Proposal: Has the bidder proposed the use of materials, supplies, equipment, or construction practices having a lesser or reduced effect on human health and the environment? PLEASE NOTE: Any proposed substitutions for materials or supplies must comply with City’s standard specifications and the ‘or equal’ requirements of the bid.

If yes, please attach a copy of bidder’s construction site waste management plan or fleet policy, as well as documentation on the adoption and implementation of said policy by the bidder. If making a project specific environmental proposal, the bidder must submit documentation citing its environmental benefits. All documentation must be received at time of bid submission for receipt of environmental preference.
CONTRACT PERFORMANCE AND PAYMENT BOND

The successful bidder will be required to secure a contract performance and payment bond in the amount of
100 percent of the contract price, including the guarantee period, in accordance with Columbus City Code
Section 329.14 and the current edition of the City of Columbus, Ohio Construction and Material
Specifications (CMS), to assure the faithful performance of the work.

The performance and payment bond shall be issued by a guaranty company authorized to do so under the
Ohio Revised Code or by a surety who is: (1) a resident of this state; (2) worth, in the aggregate, double the
sum to be secured, beyond the amount of their debts; and (3) have property liable to execution in the state
equal to the sum to be secured.

All bonds signed by an agent must be accompanied by a surety power of attorney, most recent surety
financial statement, and current Ohio Department of Insurance Certificate of Compliance. Failure to
execute the contract and file an acceptable performance and payment bond(s) shall be cause for cancellation
of the award and the city may file a claim under the bond.

If a contractor has not commenced his work within a reasonable time, or does not carry the same forward
with reasonable progress, or is improperly performing his work, or has abandoned, or fails or refuses to
complete a contract entered into under Section 329 of the Columbus City Code, the director of the
contracting agency shall make a finding to that effect and so notify the contractor in writing, and the rights
of the contractor to control and supervise the work shall immediately cease, per the CMS.

The director shall forthwith give written notice to the sureties on the bonds of such contractor of such
action. If, within ten days after the receipt of such notice, such sureties on the contract performance and
payment bond or any one or more of them notify the director in writing of their intention to enter upon and
complete the work covered by such contract, such sureties shall be permitted to do so and the director shall
allow them thirty days, after the receipt of such notice in writing, within which to enter upon the work and
resume construction, unless such time is extended by the director for good cause shown. If such sureties do
not carry the same forward with reasonable progress, or if they improperly perform, abandon, or fail to
complete the work covered by any such contract, the director shall complete the same in the manner
provided in this section. In the event the sureties on the contract performance and payment bond, or any one
or more of them, notify the director in writing of their intention to enter upon and complete the work
covered by such contract, and then fail or refuse to so complete, any additional costs reasonably incurred by
the director as a result of such failure or refusal shall be computed by the director and become the liability
of such surety, which is not limited by the amount of the contract performance and payment bond. If the
surety fails to pay such amount, the director shall certify the facts to the Columbus City Attorney, who shall
proceed to collect such additional costs from the surety.

If, after receiving notice of the action of the director in terminating the control of the contractor over the
work covered by his contract, the sureties on such contract performance and payment bond do not within ten
days give the director the written notice provided for in this section, the director shall cause that portion of
the work which remains uncompleted to be re-estimated and relet in accordance with the requirements
applicable to original bids; or in the event the director determines with the approval of the Mayor an
extraordinary emergency exists, he may contract for the completion of the work without advertising the bids
if he considers it to be in the best public interest.

Before entering into a contract for the completion of any such improvement, the director shall require a
contract performance and payment bond with sufficient sureties each in an amount equal to one hundred per
cent of the estimated cost of completing the work, and conditions relating to the bonds of original
contractors shall apply to such bonds. If the cost of completing any such improvement exceeds the portion of the contract price remaining unpaid to the original contractor at the time of his default, such excess shall be computed by the director and becomes the liability of such contractor or surety or both. If either the contractor or surety fails to pay such amount, the director shall certify the facts to the Columbus City Attorney, who shall proceed to collect such excess cost from the contractor and the sureties upon his contract performance and payment bond, and the amount so collected shall be paid into the city treasury to the credit of the fund from which the excess cost was originally paid.

CONTRACT SIGNATURE AFFIDAVIT
Form C3, ¿Contract Signature Affidavit? shall be used if the individual signing the contract is NOT an Officer or Member of the Company. As with Form C1, this should only be completed when necessary by the successful bidder.
