

## **Rich Langdale**

Managing Partner  
NCT Ventures

Rich is a seasoned entrepreneur and investor. In 1986, while attending The Ohio State University, Mr. Langdale founded Digital Storage, Inc. ("DSI"). Since that time he has founded a total of eight companies and has co-founded, acquired or invested in several more under the umbrella of NCT Ventures. Mr. Langdale, through his capacity as a Managing Partner of NCT Ventures, is still actively involved with several of these portfolio companies.

### About NCT Ventures

NCT Ventures is a group of entrepreneurs turned venture capitalist that have over 15 years multidisciplinary investment experience, building great businesses in Ohio. NCT specifically invests in early stage, early growth technology companies, and the team has raised hundreds of millions of dollars of follow on capital into previous investments. NCT's investment focus areas include Adtech, Big Data, Communications, Edtech, Energy, Health IT, and Retail Technologies.
