

## **IRS Free File**

IRS Free File is a unique public-private partnership that makes free federal tax filing available to almost all taxpayers. Fourteen commercial companies make available, for free, their brand-name software for individuals or families who made \$58,000 or less last year. That's 70 percent of taxpayers. For people who made more, there's Free File Fillable Forms. Free File is available only at [IRS.gov/freefile](https://www.irs.gov/freefile).

Free File is available January 17 through October 15.
