STATEMENT OF HARDSHIP

APPLICATION # ________________

11310-00000-00292
1329 N. 6TH STREET

3307.09 Variances by Board.
A. The Board of Zoning Adjustment shall have the power, upon application, to grant variances from the provisions and requirements of this Zoning Code (except for those under the jurisdiction of the Graphics Commission and except for use variances under the jurisdiction of the Council). No variance shall be granted unless the Board finds that all of the following facts and conditions exist:
1. That special circumstances or conditions apply to the subject property that does not apply generally to other properties in the same zoning district.
2. That the special circumstances or conditions are not the result of the actions of the property owner or applicant.
3. That the special circumstances or conditions make it necessary that a variance be granted to preserve a substantial property right of the applicant which is possessed by owners of other property in the same zoning district.
4. That the grant of a variance will not be injurious to neighboring properties and will not be contrary to the public interest or the intent and purpose of this Zoning Code.

B. In granting a variance, the Board may impose such requirements and conditions regarding the location, character, and other features of the proposed uses or structures as the Board deems necessary to carry out the intent and purpose of this Zoning Code and to otherwise safeguard the public safety and welfare.

C. Nothing in this section shall be construed as authorizing the Board to affect changes in the Zoning Map or to add to the uses permitted in any district.

I have read Section 3307.09, Variances by Board, and believe my application for relief from the requirements of the Zoning Code satisfies the four criteria for a variance in the following ways:

See Exhibit B

Revised 02/01/11
The site is a 35.50’ x 125’ platted lot zoned R-4, Residential. The lot meets the record requirements of 3333.16, Exception for Single or Two family dwelling. Construction of a single family dwelling, subject to applicable development standards, is permitted. The site is also subject to applicable regulations of the University Planning Overlay (UPO). The UPO, established in 1992, was intended, in part, to establish development standards that removed what was seen as an economic incentive to demolish structures and build new structures that were compliant with the underlying zoning code standards, but, in many cases, out of character either in scale or design with the established housing stock. Demolition of structures in the higher density campus area zoned AR-4, Apartment Residential was of particular concern. To the extent that variances from design standards (UPO) are needed, greater community review is achieved.

Applicant proposes to build a two-story single family dwelling. The site was formerly developed with a two-story, two-family dwelling. There are numerous single-family and two-family dwellings in the area, as well as other forms of residential land use, almost all of which are two-story. Applicant’s proposed construction is part of a larger effort by private developers, the City of Columbus, University Area Commission and other organizations to invest in the Weinland Park neighborhood. Many existing dwellings in the area exceed the permitted 0.40 Floor Area Ratio. Applicant has a practical difficulty with complying with the standard to build a new, modern single family home, while many of the existing dwellings exceed the standard.

Applicant requests the following variances:

1) Section 3372.544, Maximum Floor Area, to permit an increase in maximum total calculated floor area as a ratio to lot area from 0.40 to 0.52.
