

## RIGHT-OF-WAY AND UTILITIES PLAN REVIEW CHECKLIST

This checklist is intended to supplement the formal plan review process for items specific to R/W and utility issues and is to be completed for all CIP projects.

### LG&T

- Utilities shown accurately on plan sheets
- Existing R/W indicated on plan sheets
- Topo complete and accurate from field review
  
- Utility list provided by consultant
- Plans submitted to utilities

### F&OC

- Utilities shown accurately on X-sections/pipe profiles
- Proposed R/W indicated on plan sheets
- Topo complete and accurate from field review
- Utilities notes correct
  
- Plans submitted to utilities

### Signed Plans

- Changes from F&OC evident
- Plans provided to City for submission to utilities
