THE CITY BULLETIN  
BIDS WANTED - PURCHASING OFFICE AND OTHER DIVISIONS

Notice of Request for Letter of Interest  
Cassady Avenue Traffic Study

The Department of Public Service of the City of Columbus, Ohio is seeking Letters of Interest (LOI) for professional engineering services for a Cassady Avenue Traffic Study

The Transportation Division requests engineering services for preparation of an Engineering Source Document (ESD) for Cassady Avenue from the City of Bexley to Agler Road. The ESD shall include traffic data and signalization, proposed land use, access management, projected need for automobile, truck, pedestrian and bicycle traffic with alternates considered, typical sections, plan and profile, maintenance of traffic, design criteria, subsurface investigation, drainage design criteria, right of way and construction cost estimate. Options to be considered: grass median with trees or pavement section without a median with trees in a tree lawn between the curb and sidewalk. All design alternatives shall identify opportunities to enhance corridor appearance through urban design features. Meetings with local community and municipalities will be required to help develop the typical sections.

Project Deliverables: Engineering Source Document, Preliminary Plan and Construction Cost Estimate

The Letter of Interest shall describe the firm's a) location, b) the number of registered professional civil engineers and surveyors registered in the state of Ohio in the office of the lead firm in which a majority of the work is to be performed, c) understanding of the Project (description of previous experience with similar projects, site photos, site inspections/observations. To maximize points, the consultant should provide a listing of completed projects similar in nature to this project), and d) competence to perform work based on training, education, experience of personnel, and ability to perform competently and expeditiously, based on workload, personnel, and equipment availability.

A minimum of three firms will be selected to submit a detailed technical proposal, from which one firm will be selected for the design contract.

The Letter of Interest shall be limited to ten (10) single-sided sheets stapled in the upper left-hand corner, with page numbers at the bottom center of each page. Tabbed inserts are prohibited. A one-page cover letter on company letterhead is allowable and will not be counted toward the number of sheets in the LOI. Failure to meet these requirements will result in rejection of the LOI. Interested firms shall submit ten (10) copies to: Transportation Division, City of Columbus, 109 North Front Street, 3rd Floor, Columbus, Ohio 43215, ATTN: David Bush, Interim Contract Administrator

Letters of Interest will be accepted at the above address until 12:00 pm local time on August 30, 2004.

THE CITY BULLETIN  
BIDS WANTED - PURCHASING OFFICE AND OTHER DIVISIONS

A COMPREHENSIVE MUNICIPAL CAPITAL PLANNING AND ASSET MANAGEMENT SYSTEM

DEPARTMENT OF PUBLIC SERVICE  
CITY OF COLUMBUS

Proposals will be received by the Public Service Department, 90 West Broad Street, Room 301, Columbus, Ohio 43215, until Monday, August 30, 2004 by 4:00 p.m. local time.

The City of Columbus is seeking proposals for a Commercial " off the shelf" software application for a Capital Planning Management System to be delivered and installed; along with related training and software support, and architectural, electrical, mechanical, and civil building evaluation services.

The make up of the physical plants in the City Of Columbus is comprised of approximately 5 million square feet under roof. The square footage is comprised of 30+ plus Fire Houses, 20 Police facilities and 34 Recreation & Park facilities, 3 Refuse transfer stations an administrative building and a warehouse, seven Transportation facilities, and six Administrative facilities. These facilities were constructed beginning in the early part of the twentieth century, and include several facilities currently under construction. Several facilities have received substantial renovations including the current Health Building, and are covered under a local historical registry. In 2005 the City will open a new 166,000 square foot Police Training facilities and the Division of fire will open a new 22,000 square foot Fire House.

Support to Capital Planning: As part of its realty management function, the City of Columbus conducts property reviews and capital planning analysis, and develops detailed capital investment plans, through its asset management planning function.

The system is intended to support this business by providing an integrated management approach for buildings, land infrastructure and other assets, leading to an improvement of the consistency and efficiency of the capital asset management, planning, and supporting various decision making processes.

The solution must be compatible with the existing Windows environment and allow Users access through an Internet browser-based interface.

The successful solution provider must be a firm that has a minimum of five (5) years in evaluation of buildings and associated systems for tracking capital planning costs and performing Facilities Condition Index calculations.

The provider must also demonstrate experience in applying the software to other classes of assets including underground infrastructure.

The system supplied must be supported by an Oracle, Interbase or Access database and allow the user to address day to day configuration and support issues through the use of an administration module that is included with the system. Consideration to those systems, which are supported by other database packages, will be considered; report writing using Crystal Reports is a requirement. Full training on the use of this module shall be an inherent part of this contract..

A pre-proposal meeting is NOT scheduled for this project. Any interested firms may request the Request for Proposals beginning Friday, July 30, 2004 in the Public Service Director's Office, 90 West Broad Street, Room 301, Columbus, Ohio 43215, or by e-mail request to: [djbush@columbus.gov](mailto:djbush@columbus.gov).

DESCRIPTION OF WORK:

The project consists in general of the following:

1. Provide a double-ended substation (14.4 kV - 2400V) and switchgear for Center (CAC) and West (WAC) Aeration facilities. The new substations shall be installed in new conditioned rooms to be constructed in Center (CAC) and West (WAC) Aeration facilities.
2. Replace existing MCCs in Center Preaeration (CPA). These MCCs include K and D.
3. Replace the existing MCCs in the primary clarifier area. These MCCs include E and F in the Center Primary (CPC) and L and M in the West Primary (WPC).
4. Provide a double-ended substation located in the Sludge Control Building (SCB) to replace the function of the SST-12, SST-13 in SCB and the SST-05 in Sludge Concentration Building (SCC). The new substation shall be sized to accommodate the future expansion of the Southerly Digester system (CIP-353). The new substation will feed the existing switchgear in Sludge Control and the Sludge Concentration Building.
5. Four (4) transformers SST-07 (CAC), SST-08 (WAC), SST-12 (SCB), and SST-05 (SCC) containing

BIDS WANTED - PURCHASING OFFICE AND OTHER DIVISIONS

**CONTRACT COMPLIANCE REQUIREMENTS:**

Each responsive Bidder shall submit, with its Bid, a City of Columbus Contract Compliance Certification Number (CCCN) or a completed application for certification.

**LOCAL BUSINESS CREDIT:**

In determining the lowest Bid for purposes of awarding a contract in excess of \$20,000, a local Bidder shall receive a credit equal to 1 percent or \$20,000, whichever is less, of the lowest Bid submitted by a non-local Bidder. The local business credit does not reduce the amount of the Contract. A local Bidder is an individual or business entity: (1) whose principal place of business is located within the corporation limits of the City of Columbus or the County of Franklin as registered in official documents filed with Secretary of State, State of Ohio, or Franklin County Recorder's Office; or (2) who holds a valid vendor's license which indicates its principal place of business is located within the corporation limits of the City of Columbus or County of Franklin.

**LOCAL WORKFORCE CREDIT:**

In determining the lowest Bid for purposes of awarding a contract in excess of \$20,000, a bidder with a local workforce shall receive credit equal to 1 percent of the lowest bid submitted not to exceed a maximum credit of \$20,000. The local workforce credit does not reduce the amount of the Contract. A local workforce is when the bidder draws its (proposed for this Project) employees mainly (51 percent) from Columbus, Franklin County or counties contiguous to Franklin County.

**QUALITY TRAINING CONTRACTOR CREDIT:**

In determining the lowest Bid for purposes of awarding a contract in excess of \$20,000, a Bidder who provides for quality training shall receive credit equal to 1 percent of the lowest bid submitted not to exceed a maximum credit of \$20,000. The quality training contractor credit does not reduce the amount of the Contract. A quality training Bidder is a Bidder whose employees graduated from or participate in a bona fide apprenticeship program that is approved by the Ohio State Apprenticeship Council and the United States Department of Labor is such apprenticeship programs are available.

**HEALTH INSURANCE PROVIDED CREDIT:**

In determining the lowest Bid for purposes of awarding a contract in excess of \$20,000, a Bid proposed a Bidder and all subcontractor(s) who provide health insurance shall receive credit equal to 1 percent of the lowest bid submitted not to exceed a maximum credit of \$20,000. The health insurance provided credit does not reduce the amount of the Contract. Providing health insurance means that the employer pays directly, or through an agent, a portion of premium on behalf of their employees (proposed to work on this Project) into a health insurance program with a bona fide plan administrator. Note that simply providing additional wages directly to the employee such that the employee then must obtain their own health insurance on the open market, specifically does not meet the acceptable definition.

**RETIREMENT OR PENSION PLAN PROVIDED CREDIT:**

In determining the lowest Bid for purposes of awarding a contract in excess of \$20,000, a Bidder who provides a retirement or pension plan shall receive credit equal to 1 percent of the lowest bid submitted not to exceed a maximum credit of \$20,000. The retirement or pension plan provided credit does not reduce the amount of the Contract. Providing a retirement or pension plan means that the employer pays directly, or through an agent, a portion of the premium for their employees (proposed to work on this Project) into a retirement or pension plan with a bona fide plan administrator. Note that simply providing additional wages directly to the employee such that the employee then must obtain their own retirement or pension plan on

City of Columbus  
REQUEST FOR PROPOSALS (RFP)

Sealed Requests for Proposals (RFP's) will be received by the Director of Public Utilities of the City of Columbus at the office of the Director of Public Utilities, 910 Dublin Road, Room 4105, until 3:00 p.m., Local Time on WEDNESDAY SEPTEMBER 29, 2004, and publicly read at that hour and place for the following project:

**YARD WASTE AND LOG GRINDING SERVICE**

PRE-BID CONFERENCE: A Pre-bid Conference will be held on THURSDAY SEPTEMBER 2, 2004 1:00 p.m. (EST) at the City of Columbus, Compost Facility, 7000 Jackson Pike Lockbourne OH 43137. This Pre-bid is NOT MANDATORY; however suppliers who do not attend are responsible for the information gathered at the meeting. The lead project manager is Mr. John Hoff, (614) 645-3152.

The work for which proposals are invited consists of:

**GENERAL DESCRIPTION**

The City of Columbus operates a composting facility that processes sewage sludge from two interconnected wastewater treatment plants into soil conditioner / mulch for wholesale and retail sale. Maintaining continuous operations is necessary to comply with wastewater permit standards and to protect public health. The facility processes sewage sludge seven days / week, 10 hours / day. The City utilizes ground yard waste, whole tree woodchips, sawdust, straw, and ground wood waste as bulking agents to process sewage sludge. Current bulking agent on-site is available for inspection by the Offerors.

As part of its continuing program to optimize the beneficial use of community residuals and economy of operations, the City wishes to acquire services for the following:

- Item 1: Grinding green yard waste and brush.
- Item 2: Grinding logs and wood waste.
- Item 3: Sizing logs for grinding.

The City reserves the right to award multiple contracts, any / all / or none of the items, whichever is in the interest of the City.

**SCOPE OF WORK**

The City Of Columbus DOSD expects to provide one wheel loader and operator to move wood chips away from the vicinity of the grinder to a storage area for measurement of quantities. Offeror will specify in his proposal whether he will have his loader / operator push the wood chips away from the stacking conveyor. The City can require that one City operator push logs to a grinder and remove material away if necessary, however this must be specified in the Offeror's proposal. The City will not take responsibility for damage to a grinder from improper loading of material into a grinder. The contractor is responsible for all support equipment, tools, materials, maintenance, and personnel to complete the subject work. The City role is to process sewage sludge cost effectively, therefore it is in the interest of the City to receive wood chips that are sized larger than 1" in more than two dimensions and larger than 1/4 inch in all three dimensions to facilitate recovery with a 3/8" wire mess trommel screen; yet the chips should be less than 4" in all dimensions to optimize surface area for biological composting processes.

THE CITY BULLETIN  
BIDS WANTED - PURCHASING OFFICE AND OTHER DIVISIONS

ITEM 1: GRINDING GREEN YARD WASTE AND BRUSH.

The Contractor will provide the necessary personnel and support equipment to properly grind yard waste and wood under 8" diameter or 24" in length into useable bulking agent for City operations. The majority of green yard waste will grind down to dimensions below 1/2 inch and therefore performance will not be evaluated on the basis of final bulking material dimensions.

ITEM 2: GRINDING LOGS AND WOOD WASTE.

Logs will be ground into wood chips that exceed 1" in more than two dimensions and 1/4 inch in three dimensions. Table 1 provides dimensions expected for various materials. Logs too large to process through the grinder will need to be sized properly to be ground by the Contractors equipment. The City splits logs to dimensions under 20" diameter, however most logs are 10' - 15' long. Logs are delivered to the City Southwesterly Compost Facility ranging in diameters up to 60". Only about 10% of the logs exceed 24" in diameter. Currently the volume of logs and yard waste deliveries to the City are roughly equivalent at about 4,000 tons annually for both combined. The grinder will have provisions for tramp metal removal from pallets. Tramp metal will be collected in a container for the contractors' disposal.

ITEM 3: SIZING OF LOGS FOR GRINDING.

Contractor will provide all tools, labor, and equipment to make the necessary size reductions in logs and waste wood to allow for proper operation and performance of his grinder. Logs may be split lengthwise, cut into shorter lengths, or both. The pricing for this item is in dollars / cubic yard of wood chip bulking agent produced after grinding. The City Of Columbus DOSD will generally size logs for grinding. The availability of equipment, staff, the cost of sizing, and requirements for grinding will determine whether the City Of Columbus DOSD sizes logs. Over-sized logs will be isolated, sized, then ground in an isolated pile for measurement. Records are available at the facility recording tonnage of logs delivered on-site. Approximately one ton of wood chips equals 3.5 cubic yards.

The contractor will take affirmative action to ensure that applicants are employed and that employees are treated during employment without regard to their race, color, religion, sex or national origin. Such action shall include, but not limited to the following: employment upgrading, demotion, or termination; rates of pay or other forms of compensation; and selection for training. The contractor agrees to post in conspicuous places, available to employees and applicants for employments, notices summarizing the provisions of this Equal Opportunity Clause.

(2) The contract will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that the contractor is an equal opportunity employer.

(3) It is the policy of the City of Columbus that business concerns owned and operated by minority and female persons shall have the maximum practical opportunity to participate in the performance of contracts awarded by the City.

(4) The contractor shall permit access to any relevant and pertinent reports and documents by the Executive Director of the sole purpose of verifying compliance with this article and with the regulations of the Equal Business Opportunity Commission Office. All such materials provided to the Executive Director by the contractor shall be considered confidential.

(5) The contractor will not obstruct or hinder the Executive Director or his/her deputies, staff and assistants in the fulfillment of their duties and responsibilities imposed by Article I, Title 39.

(6) The contractor and each subcontractor will include a summary of this Equal Opportunity Clause in every subcontractor. The contractor will take such action with respect to any subcontractor as is necessary as a means of enforcing the provisions of the Equal Opportunity Clause.

(7) The contractor agrees to refrain from subcontracting any part of this contract or contract modification thereto to a contractor not holding a valid contract compliance number as provided for in Article 1, Title 39.

(8) Failure or refusal of a contractor or subcontractor to comply with the provisions of Article I, Title 39, may result in the cancellation of this contract,

REQUEST FOR PROPOSALS (RFP)

Sealed Requests for Proposals (RFP's) will be received by the Director of Public Utilities of the City of Columbus at the office of the Director of Public Utilities, 910 Dublin Road, Room 4105, until 3:00 p.m., Local Time on WEDNESDAY OCTOBER 6, 2004, and publicly read at that hour and place for the following project:

STORM WATER LAGOON UPGRADE PROJECT PIP 807

PRE-BID CONFERENCE: A Pre-bid Conference will be held on WEDNESDAY SEPTEMBER 8, 2004 11:00 a.m. (EST) at the City of Columbus, Compost Facility, 7000 Jackson Pike Lockbourne OH 43137. This Pre-bid is NOT MANDATORY; however suppliers who do not attend are responsible for the information gathered at the meeting. The lead project manager is Mr. Rob VanEvra at (614) 645-3248.

The work for which proposals are invited consists of:

GENERAL DESCRIPTION

The City of Columbus operates a composting facility that processes sewage sludge from two interconnected wastewater treatment plants into soil conditioner / mulch for wholesale and retail sale. Maintaining continuous operations is necessary to comply with wastewater permit standards and to protect public health. The facility processes sewage sludge seven days / week, 10 hours / day. The City reserves the right to award multiple contracts, any / all / or none of the items, whichever is in the interest of the City.

As part of its continuing program to upgrade wastewater treatment facilities, to provide efficient, reliable, cost-effective operations, and to enhance personnel safety, the City wishes to complete these four tasks:

Construct a push-wall, ramp, and concrete pavement apron at the east end of the storm water / leachate lagoon. These structures are intended for the collection, loading, and removal of sediment from the lagoon.

Mass excavation of an earthen peninsula, consisting of approximately 5000 cubic yards of soil, from the east side of the lagoon; preparation of compacted stone base and placement of asphalt pavement matching existing asphalt pavement.

Permanently fill concrete drainage troughs in the floor of the existing lagoon to facilitate lagoon access for heavy equipment and cleaning.

Influent channel flow diversion wall or pipe to direct inflow to the northern side of the lagoon, creating a channel carrying flow to the east end of the lagoon. (The City may or may not award this item if it isn't within the budget).

I. SCOPE OF WORK

- a. Preparation of a detailed design, drawings, materials lists, cut sheets, implementation plan and scheduling.
- b. All design components must adhere to the current Construction and Materials Specifications for the City of Columbus, Ohio.
- c. Construction of these structures without interrupting the operation of the lagoon or the composting

THE CITY BULLETIN  
BIDS WANTED - PURCHASING OFFICE AND OTHER DIVISIONS

facility processes:

Item 1:

- i. **PUSH-WALL:** Provide all design, materials, and labor to construct a reinforced concrete wall not less than 15 feet wide and 12" thick (excluding length for wings), extending vertically six (6) feet above the lagoon floor (apron) elevation. The wall and footer will extend below the frost line and not less than 36" below the lagoon floor elevation. A "bell" type vinyl water-stop seal will be constructed into the footer and wall to prevent seepage. The push-wall will be designed primarily to retain the soil embankment behind the push-wall without failure or displacement. The push-wall will be designed with tapered "wings" approximately matching the 3:1 slope of the lagoon embankment. The wings extend out from the wall at a height of six (6) feet for a horizontal distance of 8 feet before tapering to the floor of the lagoon. The wings serve to create a "pocket" to trap sludge and to protect the paved asphalt embankment from wheel loader excavation activity when cleaning. Fence or hand rails not less than 42" in height will be placed around the "pocket" in all areas where the wall height above the floor exceeds 4 feet.
- ii. **VEHICLE RAMP:** Provide all design, materials, and labor to construct a concrete ramp for wheel loader entrance and exit from the lagoon during cleaning. The wheel loaders are twelve feet wide, 44,000 pound empty weight with eight cubic yard buckets carrying waste materials with a bulk density of up to 1600#/ cubic yard. An estimated 500 cubic yards of material are removed annually (usually mid-summer) from the lagoon. The ramp will have at a minimum 12" compacted stone base and 8" concrete paved surface with finished surface coarse textured for traction with heavy equipment. The ramp will not exceed (not steeper than) 6:1 (horizontal to vertical rise) slope, it shall have reinforced concrete retaining walls that extend at least 6" above the concrete pavement creating a curb, and will be not less than 16 feet wide.
- iii. **CONCRETE APRON AT PUSH-WALL:** Provide all design, materials, and labor to construct a concrete apron nominally 15 feet wide, 8" thick and extending 30 feet out from the push-wall. This apron and push-wall will be used to collect the sediment between the wings for excavation and removal from the lagoon with a wheel loader. The north influent channel will discharge just north of the apron allowing flow velocity to dissipate and solids to settle onto the apron and vicinity. The push-wall will be on the east side of the lagoon opposite the pump structures to avoid plugging pumps.

Item 2: **PENINSULA REMOVAL**

Removal of the earthen peninsula from the lagoon and construction of paved floor matching up to the existing lagoon floor.

i. **EXCAVATION OF PENINSULA**

Provide all design, materials, and labor to excavate approximately 5,000 cubic yards of soil for disposal. It is the responsibility of the contractor to make the necessary investigation and measurements to determine actual quantities of soil and other materials for all work. These documents make estimates only for the purpose of approximating a general scope of services. The Southwesterly Compost Facility (SWCF) manager will designate a location within 800 feet of the lagoon for stockpiling clean soil (soil separated from asphalt, concrete, lumber and other construction debris) in lieu of disposal if the contractor chooses to separate construction debris from the soil. All asphalt will be saw-cut prior to excavation to create a clean edge to match pavement and form a water-tight seal.

ii. **LAGOON FLOOR PAVEMENT:** Provide all design, materials, and labor to construct the compacted stone base and paved floor of the lagoon. A compacted crushed stone base will be installed to a depth of 12" thick. Asphalt will be placed over the base in two lifts of 1.5" each with each lift overlapping the concrete apron 3" in a "lap joint" to form a water tight seal in the floor of the lagoon.

Item 3: **CONCRETE DRAINAGE TROUGH CLOSURE**

Provide all design, materials, and labor to clean debris out of existing troughs, backfill drainage troughs

THE CITY BULLETIN  
BIDS WANTED - PURCHASING OFFICE AND OTHER DIVISIONS

with compacted stone in areas deeper than 12", then filled with concrete flush with the existing surface. Asphalt pavement will be a minimum of 3" placed in compacted lifts.

Item 4: INFLUENT DIVERSION

Provide all design, materials, and labor to construct a wall or piping to divert the inflow coming from northwest direction so that it is re-directed east-northeast. The objective is to divert influent with entrained sediment away from the pump outlet discharge structure. The new flow pattern should maintain flow velocity to suspend entrained solids as it flows along the north lagoon slope until it is discharged at the end of the channel at the northeast corner of the lagoon. Existing portable concrete barriers shall be realigned by the contractor to form a channel from the flow diversion wall to the northeast corner of the lagoon. The Offeror shall indicate in his proposal how he intends to modify the influent channel to re-direct the flow into a narrow channel along the north slope of the lagoon.

Lagoon cleaning is not included in the Contractor's scope of work. The City Of Columbus DOSD is responsible for removal of sediment in the lagoon ONE TIME prior to construction in the lagoon. The cleaning will be done during dry weather, generally during the months of July - October. The schedule will be coordinated with the contractor. Cleaning the lagoon requires pumping all water out of the lagoon, dewatering sediment, bulking sediment, and removal of sediment out of the lagoon to a dewatering area. This has normally been a two week process. The City Of Columbus DOSD will maintain operation of the dewatering pumps, however the removal of sediment will be performed one time only. Thereafter it will be the contractor's responsibility to clean the lagoon floor as necessary for construction. The City will not wash the floor. The City will not remove sediment / gravel from the concrete troughs in Item 3, this is the responsibility of the Contractor.

FURTHER INFORMATION

For information and questions concerning the detailed aspects of the project, contact John Hoff at (614) 645-3152 or Rob VanEvra at (614) 645-3248.

CONTRACT DOCUMENTS: Copies of the Contract Documents are on file and can be picked up at no cost at the Division of Sewerage and Drainage, Fiscal Office, 910 Dublin Road, Room 4164 Columbus OH 43215 from 7:30 a.m. to 4:30 p.m. or by calling (614) 645-6031 or (614) 645-6041. Proposals must be submitted on the proper forms contained in the Bid Submittal Document and the Bid Submittal Documents containing the Proposal must be submitted IN THEIR ENTIRETY in a sealed envelope marked:

SPECIAL REQUIREMENTS

Particular attention is called to the statutory requirements of the State of Ohio relative to licensing of corporations organized under the laws of any other state.

Pursuant to the City of Columbus' Code Section 3907.05, all contractors, including subcontractors, who are a party to a contract as defined in C.C. ? 3901.01, must hold a valid Contract Compliance Certification Number. For information regarding contract compliance, please contact the Equal Business Opportunity Commission Office at (614) 645-4764.

Equal Opportunity Clause

(1) The contractor will not discriminate against any employee or applicant because of race, color, religion, sex or national origin. The contractor will take affirmative action to ensure that applicants are employed and that employees are treated during employment without regard to their race, color, religion, sex or national origin. Such action shall include, but not limited to the following: employment upgrading, demotion, or termination; rates of pay or other forms of compensation; and selection for training. The contractor agrees to post in conspicuous places, available to employees and applicants for employments, notices summarizing the provisions of this Equal Opportunity Clause.

(2) The contract will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that the contractor is an equal opportunity employer.

(3) It is the policy of the City of Columbus that business concerns owned and operated by minority and female persons shall have the maximum practical opportunity to participate in the performance of contracts awarded by the City.

(4) The contractor shall permit access to any relevant and pertinent reports and documents by the Executive Director of the sole purpose of verifying compliance with this article and with the regulations of the Equal Business Opportunity Commission Office. All such materials provided to the Executive Director by the contractor shall be considered confidential.

(5) The contractor will not obstruct or hinder the Executive Director or his/her deputies, staff and assistants in the fulfillment of their duties and responsibilities imposed by Article I, Title 39.

(6) The contractor and each subcontractor will include a summary of this Equal Opportunity Clause in every subcontractor. The contractor will take such action with respect to any subcontractor as is necessary as a means of enforcing the provisions of the Equal Opportunity Clause.

(7) The contractor agrees to refrain from subcontracting any part of this contract or contract modification thereto to a contractor not holding a valid contract compliance number as provided for in Article 1, Title 39.

(8) Failure or refusal of a contractor or subcontractor to comply with the provisions of Article I, Title 39, may result in the cancellation of this contract,

Regional Neighborhood Network Conference is coming to Columbus - Register Today

The RNNC is an organization of 18 cities in 5 states (Ohio, Illinois, Indiana, Kentucky, and Tennessee) that has sponsored a conference for and about neighborhoods since 1987. Columbus last hosted the conference in 1989 and the city has certainly changed in the last 15 years.

The conference will be September 23 - 25, 2004 at the Hyatt Regency in downtown Columbus. This year's theme is "Doing Good in the Neighborhood". The conference registration fee of \$100.00 covers two breakfasts, an opening reception, lunch, and dinner plus workshops on neighborhood issues and concerns on Friday and a bus tour on Friday afternoon of significant developments, rehabilitations in the four quadrants of Columbus, plus our Downtown, the Short North, and the Arena District.

The keynote speaker is Henry Cisneros, former Mayor of San Antonio, and HUD Director in the Clinton Administration. He now heads a foundation working with neighborhoods of color and is on the Board of the Enterprise Foundation which works to rejuvenate housing and neighborhoods in the inner-city. You don't want to miss this!

If you'd like more information about the conference visit [www.columbusdevelopment.org/RNNC](http://www.columbusdevelopment.org/RNNC) or e-mail [ColumbusRNNC@columbus.gov](mailto:ColumbusRNNC@columbus.gov). Registration closes August 31, 2004.
