Urban Infrastructure Recovery Fund Request For Proposals

Deadline for Submission of Proposals:

Must be received by the front desk at 109 N. Front Street by 12:00 noon on April 3, 2006

Addressed to:

C. Celeste LaCour-Belyn, UIRF Program Coordinator

Department of Development

Economic Development Division

109 N. Front Street, First Floor

Columbus, Ohio 43215

**Program History and Description**

The Urban Infrastructure Recovery Fund (UIRF) was established in 1992 to address capital improvement needs in central city neighborhoods. Since it began, UIRF has funded 374 projects. At present, approximately 296 projects have completed construction. UIRF has provided over \$50 million for the rebuilding of Columbus' older neighborhoods.

The UIRF program improves the infrastructure in an area, which serves as an indicator to the health and vitality of the neighborhood. These are often improvements overlooked within the traditional capital improvements planning process. This fund is unique in that residents themselves can propose projects for their neighborhood.

**UIRF 2005-2007 Allocation**

We are combining three years of funding into one round. The UIRF 2005-2007 total is over \$2 million for Recreation & Parks projects and \$1 million for Electricity projects.

Staff located in the Economic Development Division of the Development Department will coordinate the UIRF 2005-2007 project selection process. This process will combine input from community leaders and City staff representing Recreation and Parks Department, the Division of Electricity, the Development Department and the Mayor's office.
