Body**NOTICE OF PROPOSED IMPROVEMENT AND ESTIMATED ASSESSMENTS TO LEVIED THEREFORE**

The Council of the City of Columbus, Ohio, by Resolution No. 0039X-2008, duly adopted at its meeting on March 3, 2008, declared it necessary to authorize the Director of Public Utilities to cause the preparation of plans, profiles, specifications and estimates of cost for sanitary sewer service improvements to be constructed under a special assessment improvement known as the Lockbourne Road Sewer Assessment Project. The design of the improvements has now been completed and the necessary temporary and permanent easements have been acquired.

Project Information: The aforesaid resolution also provided that the sanitary sewer shall be installed as shown on the plans designated as construction drawing CC-12757, titled Lockbourne Road Area Assessment Sewer, that are on file within the Division of Sewerage and Drainage's Sewer System Engineering Section Map Room, 910 Dublin Road, Columbus, Ohio 43215. Further information regarding this project or questions about the assessment process should be directed to Mike Griffith, the Division's Project Engineer, at (614) 645-2416.

Assessment Report: Under Section 168 of the Columbus City Charter, the Division of Sewerage and Drainage is required to prepare an Assessment Report. The report establishes the estimated amount of the assessment proposed to be levied against each lot or parcel of land utilizing a cost per assessable front footage basis; applicable deductions or credits; and the estimated amount of the city's portion including the portion assumed within the preliminary resolution. Historically, the Division of Sewerage and Drainage has found that the final assessment amount is less than the estimated amount. This Assessment Report is on file in the offices of the City Clerk located within City Hall, 90 W. Broad Street, Columbus, Ohio 43215.

Your Assessment: The amount proposed to be levied against the lots or parcels of land standing in your name are as follows:

William and Howard Fitzpatrick, 2578 Lockbourne Road, Parcel #010-132266, 110 feet of Assessable Footage at \$61.8/foot, in the amount of \$6,798.00;

Objection of Assessment: The owner of any lot or parcel who objects to their estimated assessment of the apportionment calculation of the assessment shall file an objection, in writing, with the City Clerk within two (2) weeks from the date of service of this notice and any owner who fails to do so shall be deemed to have waived any objections to such assessment to the extent of the amount estimated. If and when objections to such assessments have been filed within the required two week notice period, the Columbus City Council shall appoint a Board of Revision, consisting of three disinterested free holders of the city, residents of the city, and shall fix the time and place for the hearing by such board of such objections, of which at least one week's notice shall be given in the City Bulletin which is available for inspection and/or purchase from the offices of the City Clerk.

PLEASE NOTE: The Board of Revision has very limited authority to recommend that an estimated assessment be changed. The Board IS authorized to consider issues such as a calculation error (for example, the front footage of the property to be assessed is inaccurate). However, the Board IS NOT authorized to consider issues such as the property owner's ability to afford the estimated assessment or the property owner's desire not to take part in the planned improvement.

Proceeding with the Improvements: If a Board of Revision is convened and a revision or amendment to the Assessment Report is required, all property owners will be issued notices of revised estimated assessments. In the event that no objections were filed with the City Clerk, Columbus City Council shall declare its determination to proceed with the improvements by passage of an ordinance. This ordinance shall require the vote of at least five members of council in accordance with the provisions of Section 173 of the Columbus City Charter.
